PROXY STATEMENT

MEETING INFORMATION

The Board of Directors of Cree, Inc. (the "Company") is asking for your proxy for use at the 2004 Annual Meeting of Shareholders and any adjournments of the meeting. The meeting will be held at the Company's offices at 4425 Silicon Drive, Durham, North Carolina 27703, on Thursday, November 4, 2004, at 10:00 a.m. local time, to conduct the following business and such other business as may be properly brought before the meeting: (1) election of seven directors; (2) approval of the 2004 Long-Term Incentive Compensation Plan; and (3) ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending June 26, 2005.

The Board of Directors recommends that you vote FOR the election of the director nominees listed in this proxy statement, FOR approval of the 2004 Long-Term Incentive Compensation Plan and FOR ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending June 26, 2005.

The Company intends to mail its 2004 Annual Report, this proxy statement and the accompanying proxy card to shareholders beginning on or about September 23, 2004. The annual report and proxy statement will also be available on the Internet at www.cree.com/annualmeeting. The annual report is not part of the Company's proxy soliciting materials.

VOTING PROCEDURES

Who Can Vote

Only shareholders of record at the close of business on September 7, 2004 are entitled to vote at the meeting and any adjournments of the meeting. At that time there were 73,829,873 shares of the Company's common stock outstanding, each of which is entitled to one vote on each matter submitted to a vote at the meeting. The common stock is the only class of securities of the Company having the right to vote at the meeting.

How You Can Vote

You may vote shares by proxy or in person using one of the following methods:

- *Voting by Telephone.* You can vote using the directions on your proxy card by calling the toll-free telephone number printed on the card. The deadline for voting by telephone is Wednesday, November 3, 2004, at 11:59 p.m. Eastern time. If you vote by telephone you need not return your proxy card.
- *Voting by Internet.* You can vote over the Internet using the directions on your proxy card by accessing the website address printed on the card. The deadline for voting over the Internet is Wednesday, November 3, 2004 at 11:59 p.m. Eastern time. If you vote over the Internet you need not return your proxy card.
- *Voting by Proxy Card.* You can vote by completing and returning your signed proxy card. To vote using your proxy card, please mark, date and sign the card and return it by mail in the accompanying postage-paid envelope. You should mail your signed proxy card sufficiently in advance for it to be received by Wednesday, November 3, 2004.

Table of Contents

- *Voting in Person.* You can vote in person at the meeting if you are the record owner of the shares to be voted. You can also vote in person at the meeting if you present a properly signed proxy that authorizes you to vote shares on behalf of the record owner. If your shares are held by a broker, bank, custodian or other nominee, to vote in person at the meeting you must present a letter or other proxy appointment, signed on behalf of the broker or nominee, granting you authority to vote the shares.

How You Can Revoke Your Proxy and Change Your Vote

You can revoke your proxy and change your vote by: (1) attending the meeting and voting in person; (2) delivering written notice of revocation of your proxy to the Secretary at any time before voting is closed; (3) timely submitting another signed proxy card bearing a later date; or (4) timely submitting new voting instructions by telephone or over the Internet as described above.

How Your Proxy Will Be Voted

If you timely submit your proxy by telephone, over the Internet or by proxy card as described above and have not revoked it, your shares will be voted or withheld from voting in accordance with the voting instructions you gave. If you timely submit your proxy without giving contrary voting instructions, your shares will be voted "FOR" election of the director nominees listed in this proxy statement, "FOR" approval of the 2004 Long-Term Incentive Compensation Plan and "FOR" ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending June 26, 2005.

How You Can Vote Shares Held by a Broker or Other Nominee

If your shares are held by a broker, bank, custodian or other nominee, you may have received a voting instruction form with this proxy statement instead of a proxy card. The voting instruction form is provided on behalf of the broker or other nominee to permit you to give directions to the broker or nominee on how to vote your shares. Please refer to the voting instruction form or contact the broker or nominee to determine the voting methods available to you.

Quorum Required

A quorum must be present at the meeting before business can be conducted. A quorum will be present if a majority of the shares entitled to vote are represented in person or by proxy at the meeting. Shares represented by a proxy with instructions to withhold authority to vote or to abstain from voting on any matter will be considered present for purposes of determining the existence of a quorum. Shares represented by a proxy as to which a broker, bank, custodian or other nominee has indicated that it does not have discretionary authority to vote on any matter (sometimes referred to as a "broker non-vote") will also be considered present for purposes of determining the existence of a quorum.

Vote Required

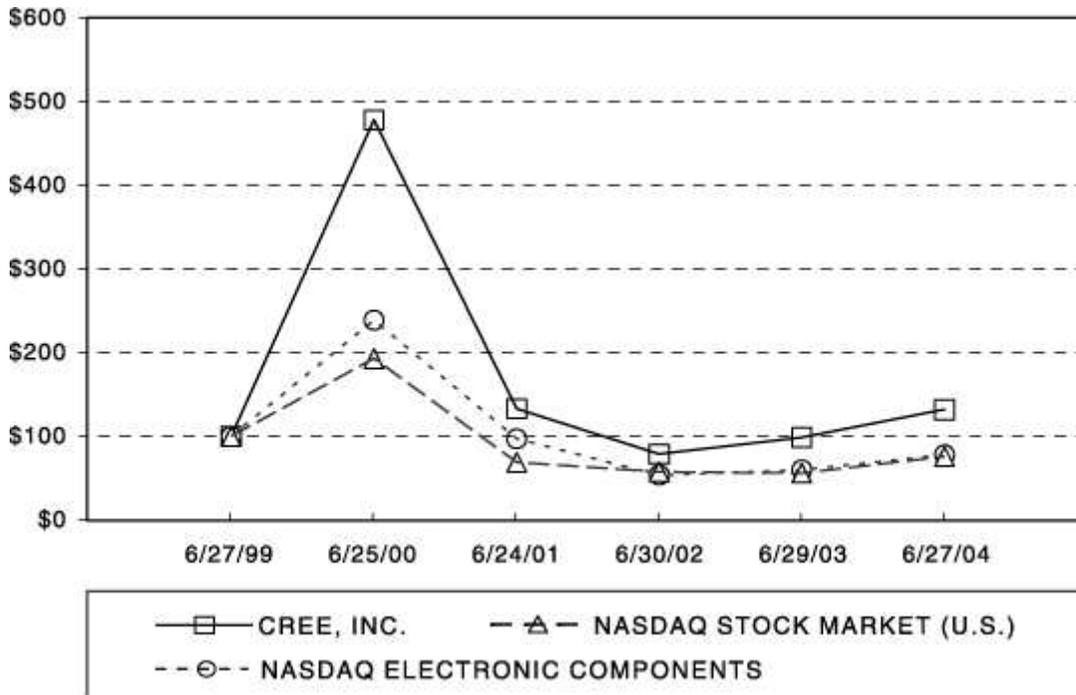

Directors will be elected by a plurality of the votes cast. Thus the seven nominees who receive the most votes will be elected to fill the available positions. Shareholders do not have the right to vote cumulatively in electing directors. Withholding authority in your proxy to vote for a nominee will result in the nominee receiving fewer votes.

The proposed 2004 Long-Term Incentive Compensation Plan and ratification of the appointment of Ernst & Young LLP as independent auditors for fiscal 2005 will be approved if the votes cast for approval exceed the votes cast against approval. Abstentions and broker non-votes will not be counted for purposes of determining whether these proposals received sufficient votes for approval.

Table of Contents

Executive Officers

Mr. Hunter, Mr. Swoboda and Dr. Palmour serve as both executive officers of the Company and members of the Board of Directors. The executive officers of the Company also include Cynthia B. Merrell (age 43), who has served as Chief Financial Officer and Treasurer of the Company since 1998 and previously served as the Company's Controller from 1996 to 1998 after joining the Company in 1996. Her prior financial experience includes service in various capacities with The Times Mirror Company, Tropicana Products, Inc. and an international public accounting firm. She is licensed as a certified public accountant in the state of Florida.

Board Composition and Independence of Directors

The size of the Board of Directors was fixed at nine members in 1988 by shareholder action pursuant to the Company's Bylaws. Generally only seven or eight persons have served on the Board at any one time. Mr. O'Meara is not standing for re-election and only seven persons have been nominated for election at the annual meeting. Under the rules of the Securities and Exchange Commission, the accompanying proxy cannot be voted for more than seven nominees.

A majority of the Board of Directors must be comprised of independent directors for the Company to comply with the listing requirements of The Nasdaq Stock Market, Inc. ("Nasdaq"). The Board has determined that five of the present directors—Messrs. Dykes, von Arx, O'Meara, Potter and Wagner—are each an "independent director" within the meaning of the applicable Marketplace Rules of Nasdaq. Of the seven nominees proposed for election at the annual meeting, four of the nominees—Messrs. Dykes, von Arx, Potter and Wagner—are independent directors.

Attendance at Meetings

The Board of Directors held eight meetings during the fiscal year ended June 27, 2004. Each director attended or participated in 75% or more of all meetings of the Board of Directors held in fiscal 2004 during the period he served as a director. Each director also attended or participated during the year in 75% or more of all meetings of committees on which he served that were held during the period of his service.

The Company expects all directors to attend each annual meeting of shareholders absent good reason. All directors then holding office attended the 2003 Annual Meeting of Shareholders.

Standing Committees

The Board has three standing committees: the Audit Committee, the Governance and Nominations Committee and the Compensation Committee. Each of these committees operates under a written charter adopted by the Board and is composed solely of independent directors. Copies of the committee charters are reproduced in the appendices to this proxy statement. The Executive Committee, which was previously a standing committee of the Board, was dissolved in August 2004. The following is a brief description of the responsibilities of each of the existing standing committees and their composition.

Audit Committee

The Audit Committee is appointed by the Board to oversee the accounting and financial reporting processes of the Company and audits of the Company's financial statements. The responsibilities of the Audit Committee include acting on the Board's behalf in providing oversight with respect to: (i) the quality and integrity of the Company's financial statements and internal accounting and financial controls; (ii) all audit, review and attest services relating to the Company's financial statements and internal controls, including the appointment, compensation, retention and oversight of the work of the auditors engaged to provide audit services to the Company; and (iii) the Company's compliance with legal and regulatory requirements.

The members of the Audit Committee are Messrs. Wagner, Dykes, von Arx, O'Meara and Potter. The Board has determined that all members of the Committee are "independent directors" within the meaning of the

Table of Contents

applicable Nasdaq Marketplace Rules, including the special independence requirements applicable to Audit Committee members. Mr. Wagner is Chairman of the Audit Committee and has served in that capacity since August 2004, when he succeeded Mr. von Arx, who had served as Chairman since fiscal 2001. The Board has determined that Mr. Wagner is an “audit committee financial expert” as defined in Item 401 of Regulation S-K of the Securities and Exchange Commission. During fiscal 2004, the Audit Committee held nine meetings.

Governance and Nominations Committee

The Governance and Nominations Committee is appointed by the Board to assist the Board in fulfilling its responsibilities to shareholders by: (i) identifying individuals qualified to become directors and selecting, or recommending that the Board select, the candidates for all directorships to be filled by the Board or by the shareholders; (ii) developing and recommending to the Board corporate governance principles for the Company; and (iii) otherwise taking a leadership role in shaping the corporate governance of the Company.

The members of the Governance and Nominations Committee are Messrs. von Arx, Dykes, O’Meara, Wagner and Potter. The Board has determined that all members of the Committee are “independent directors” within the meaning of the applicable Nasdaq Marketplace Rules. Mr. von Arx is Chairman of the Governance and Nominations Committee and has served in that capacity since August 2004. The Governance and Nominations Committee charter establishes a policy with regard to the consideration of director candidates recommended by shareholders and in accordance with that policy the Committee will consider written nominations properly submitted by shareholders. For a description of the policy regarding nominations submitted by shareholders see “Procedures for Director Nominations” and “2005 Annual Meeting of Shareholders” below. The Governance and Nominations Committee was established in May 2004 and held no meetings during fiscal 2004. The Compensation Committee served as the nominating committee for evaluating and nominating candidates for election as directors before the Governance and Nominations Committee was established.

Compensation Committee

The Compensation Committee is appointed by the Board to assist the Board in discharging its overall responsibility relating to executive and director compensation and to oversee and report to the Board as appropriate on the Company’s compensation policies, programs and plans, including its stock-based compensation programs. The Compensation Committee determines the compensation of the chief executive officer, approves compensation of all other executive officers, oversees compensation of other senior members of the management team, administers the Company’s stock-based compensation programs and recommends compensation for non-employee directors to the Board for approval.

The members of the Compensation Committee are Messrs. Dykes, von Arx, O’Meara, Wagner and Potter. The Board has determined that all members of the Committee are “independent directors” within the meaning of the applicable Nasdaq Marketplace Rules. Mr. Dykes is Chairman of the Compensation Committee and has served in that capacity since 1992. During fiscal 2004, the Compensation Committee held four meetings. The Compensation Committee also often takes action by unanimous written consent in lieu of holding a meeting.

Compensation of Directors

Directors who are also employed by the Company are not separately compensated for their service on the Board. Non-employee directors are compensated for Board service through a combination of cash meeting fees and grants of non-qualified stock options to purchase shares of the Company’s common stock. The Company also reimburses directors for expenses incurred in serving as a director.

The Company grants each continuing non-employee director annually an option corresponding to the term of service following election as a director at the annual meeting of shareholders. Non-employee directors appointed to fill a vacancy between annual meetings of shareholders are generally granted an option that corresponds to the remaining term of service before the next annual meeting. The exercise price of all grants is

Table of Contents

equal to the fair market value on the grant date, vesting of the option is subject to continued service to the Company and the maximum term of the option is seven years. The options generally vest during the term of service as a director following election, vesting in equal increments on the last day of each calendar quarter following election or, if earlier, upon the election of directors at the next annual meeting. With the exception of Mr. Wagner, each non-employee director presently serving on the Board was granted, in October 2003, an option to purchase 16,000 shares of common stock at an exercise price of \$19.88 per share, the closing market price on the grant date. The option terms provided for vesting in equal increments on the last day of each calendar quarter following election as a director at the 2003 Annual Meeting or, if earlier, upon the election of directors at the 2004 Annual Meeting. Upon election to the Board in February 2004, Mr. Wagner was granted an option to purchase 12,000 shares of common stock at an exercise price of \$24.33 per share, the closing market price on the grant date. The option terms provided for vesting in equal increments on the last day of each calendar quarter following election as a director or, if earlier, upon the election of directors at the 2004 Annual Meeting.

For Board meetings, non-employee directors are paid \$2,500 for each meeting attended in person and \$1,000 for each meeting attended by telephone or other means. For committee meetings, including ad hoc or special committees, non-employee directors serving on the committee are paid \$1,000 for each meeting attended (whether in person or by telephone) except that the person serving as the committee chair, if any, is paid \$2,000 per meeting. The aggregate meeting fees paid to any director for meetings of the Board and standing Board committees during any fiscal year cannot exceed \$40,000 unless the excess is approved by the Board. During fiscal year 2004, the following amounts were earned by non-employee directors as cash meeting fees: Mr. Dykes, \$45,500; Mr. von Arx, \$54,000; Mr. O'Meara, \$43,000; Dr. Potter, \$51,500; and Mr. Wagner \$11,000.

Certain Transactions and Legal Proceedings

In June 2004 the Company paid \$326,351 to Mr. Hunter as reimbursement of expenses incurred in connection with the defense of claims asserted against him as an officer and director of the Company in a lawsuit filed in June 2003 in the U.S. District Court for the Middle District of North Carolina. The plaintiffs dismissed the claims against Mr. Hunter in his corporate capacities with prejudice in November 2003. The reimbursement to Mr. Hunter was approved by the Audit Committee.

Mr. Wagner served as Executive Vice President and Chief Financial Officer of Mirant Corporation, an international energy company based in Atlanta, Georgia ("Mirant"), from January 2003 through April 2004. In July 2003, Mirant and certain of its wholly-owned subsidiaries in the United States filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code. Additionally, certain of Mirant's Canadian subsidiaries filed an application for creditor protection under the Companies Creditors' Arrangement Act in Canada. The Canadian subsidiaries emerged from creditor protection in May 2004. The proceedings in the United States are still pending.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Directors, officers and greater-than-ten-percent (10%) beneficial owners are required by Commission rules to furnish the Company with copies of all reports they file under Section 16(a). To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company and written representations that no other reports were required, all Section 16(a) filing requirements applicable to its directors, officers and beneficial owners were complied with on a timely basis during the fiscal year ended June 27, 2004, except that Mr. von Arx reported gifts of the Company's common stock made in calendar 2000 and 2001 on a Form 4 filed October 15, 2003 and Mr. O'Meara reported an open market purchase of the Company's common stock on April 29, 2004 one day late.

**PROPOSAL NO. 2—APPROVAL OF 2004 LONG-TERM
INCENTIVE COMPENSATION PLAN**

Overview and Reasons for Approval

We are requesting that shareholders approve adoption of the Company's proposed 2004 Long-Term Incentive Compensation Plan (the "Proposed Plan"), which was unanimously approved by the Board of Directors on August 19, 2004. If adopted, the Proposed Plan will replace the Company's Amended and Restated Equity Compensation Plan (the "Equity Compensation Plan") and will be the sole plan for providing stock-based incentive compensation to eligible employees and non-employee directors.

Adoption of the Proposed Plan would increase the pool of common stock authorized for future option grants and other stock-based awards by 1,200,000 shares or approximately 1.6% of the shares outstanding on September 7, 2004. The Proposed Plan would also enable the Company to utilize various types of stock-based awards, including restricted stock, stock units and stock appreciation rights. The existing Equity Compensation Plan authorizes only incentive (statutory) and non-qualified (non-statutory) stock option awards. Historically we have granted only non-qualified stock options. Although we presently have no plans to utilize other types of awards, the Proposed Plan will give us more flexibility to make future awards designed to best serve the Company's needs.

We believe that a broad-based stock option program is an essential employee incentive and retention tool that benefits all of our shareholders. Stock-based compensation has been a key element of our incentive compensation programs since the Company's inception and we believe has contributed to the Company's success. In our view, long-term incentive compensation should be closely aligned with shareholders' interests. We seek to achieve that goal through grants of fixed-price stock options. Our option grants align employees' interests directly with those of other shareholders because the employee has the opportunity to realize value only if the stock price increases after the option is awarded.

We have granted stock options to all regular, full-time employees in connection with their initial hiring and annually, depending on performance and other factors. At September 7, 2004, employees other than executive officers and directors held options to purchase 9,920,371 shares, which represented approximately 77% of all shares subject to options then outstanding. We believe that our option program helps motivate employees throughout the organization to act with the shareholders' perspective in mind and complements our cash-based incentives that are directed to achieving revenue, earnings and other financial goals. We also believe that our option program over the years has enabled us to recruit and retain the talent needed to develop new technologies and to grow our business with lower base pay and cash incentive compensation than otherwise would have been required. Without stock options, we would find it necessary to consider offering higher levels of cash compensation to provide competitive compensation packages necessary to recruit and retain essential personnel.

We recognize that options and other stock-based awards must be judiciously managed with consideration given to the potential dilution such awards represent. One measure of this potential dilution or "overhang" is the proportion, expressed as a percentage, that the pool of shares which may be issued under outstanding and future awards bears to the sum of the pool plus shares presently outstanding. We have worked to reduce the potential dilution or overhang of our stock option program from 19.6% at the end of fiscal 2001 to 17.5% at the end of fiscal 2004. As of September 7, 2004, the overhang stood at 16.8%. We achieved these reductions in large part by reducing the size of option grants. Beginning in 2001 we also reduced the maximum term of our option awards from ten to seven years in part to reduce the adverse impact of the longer option term on overhang. In addition, a portion of the existing overhang is attributable to options with exercise prices significantly higher than the current market price. These options may have no actual dilutive effect unless the market price rises above the exercise price before the option expires and the option is exercised. Of the shares subject to options outstanding at September 7, 2004, approximately 20% had exercise prices in the range of \$34 to \$72 per share, as compared to the closing market price of \$24.29 reported by Nasdaq for that day. The potential dilution from our option program has also been offset through the Company's stock repurchases. During the three fiscal years that ended in June 2004, we repurchased

Table of Contents

approximately 3.2 million shares of common stock. By comparison, during the same period there were approximately 2.8 million in net option grants (*i.e.*, shares subject to options awarded net of options forfeited).

In requesting approval for additional shares in the Proposed Plan, we have proposed the minimum amount we believe necessary to allow us to continue to make stock-based awards, at levels consistent with our current practices, through at least calendar 2005. We expect to seek shareholder approval again at the 2005 Annual Meeting, and annually thereafter, for additional shares to replenish the reserves to the levels we consider prudent. This approach will enable shareholders to consider each year, and to approve or disapprove, our proposed plans for use of stock-based incentive compensation.

As of September 7, 2004, there were outstanding options to purchase 12,880,571 shares and there remained 2,041,590 shares authorized for future awards under the Equity Compensation Plan. The outstanding options had a weighted average exercise price of \$22.60 per share and a weighted average remaining term of approximately 4.9 years. If the Proposed Plan is approved, no further awards may be made under the Equity Compensation Plan but shares authorized for future awards under the Equity Compensation Plan, including shares subject to outstanding options that are later forfeited, may thereafter be used for awards under the Proposed Plan. The Proposed Plan would also authorize an additional 1,200,000 shares for future awards, of which no more than 600,000 shares could be subject to awards granted as restricted stock, stock units or performance units. We have included this sublimit of 600,000 shares to limit the potential dilutive effect of such awards, which can be greater than that of non-discounted options that require participants upon exercise to pay at least the fair market value established at the grant date.

Our overhang would increase from 16.8% to 17.9% if the Proposed Plan were approved as of September 7, 2004. We believe this increase is reasonable and compares favorably to other companies of a similar size in the semiconductor field. We reviewed the overhang from option programs at 18 other publicly-traded companies engaged in semiconductor manufacturing or related businesses, with reported revenues for the most recent twelve months as of September 7, 2004 ranging from \$212 million to \$468 million and median revenues of \$322 million. Overhang at these companies, as of the end of the most recent fiscal year for which financial statements were published, ranged from 9.9% to 24.9% with a median overhang of 19.3%, which is above both our current overhang level and that which would result from approval of the Proposed Plan.

The Proposed Plan would also implement features designed to address concerns expressed by investors in recent years about options and other stock-based incentive compensation. It prohibits granting stock options and stock appreciation rights with an exercise price less than the fair market value on the date of grant. Subject to exceptions for death, disability, retirement and certain other events, the Proposed Plan requires a minimum vesting or restriction period of at least three years for awards of restricted stock or stock units, except that awards with restrictions based on achievement of performance goals or to non-employee directors must have a restriction period of at least one year. The Proposed Plan also prohibits repricing of stock options and stock appreciation rights, including granting an award in replacement of a canceled award with a lower exercise price. In addition, the Proposed Plan requires shareholder approval of any material amendments to the plan independently of whether such approval is required under applicable law or listing standards applicable to the Company.

We consider adoption of the Proposed Plan essential to the Company's future success and encourage all shareholders to vote in favor of its approval.

Description of Proposed Plan

Nature and Purpose. The Proposed Plan provides for grants to eligible participants in the form of non-qualified stock options, incentive stock options, stock appreciation rights (“SARs”), restricted stock, stock units and performance units. The objectives of the plan are to (i) attract and retain employees for the Company and its affiliates and directors of the Company by providing competitive compensation opportunities; (ii) provide incentives to those individuals who contribute significantly to the long-term performance and growth of the Company and its affiliates; and (iii) align the long-term financial interests of employees and directors with those of the Company’s shareholders.

The Proposed Plan is not generally subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Proposed Plan is not a qualified plan under Section 401 of the Internal Revenue Code of 1986, as amended (the “Code”).

Eligible Participants. Only employees of the Company and its subsidiaries, and non-employee directors of the Company, are eligible to receive awards under the Proposed Plan. As of September 15, 2004, there were approximately 1,381 employees (including 27 part-time and 167 temporary employees) and five non-employee directors who would be eligible to participate in the Proposed Plan. The Company in the past generally has not made stock-based awards to part-time or temporary employees and does not currently have plans to do so in the future.

Administration. The Proposed Plan will be administered by a committee (the “Committee”) consisting of two or more non-employee directors appointed by the Board. The Committee has the exclusive right to interpret, construe and administer the Proposed Plan, to select the persons eligible to receive awards, and to act in all matters pertaining to the granting of awards and the contents of agreements evidencing awards, except that awards to non-employee directors must also be approved by the Board. The Committee’s decisions are conclusive, final and binding upon all parties.

Unless the Board directs otherwise, the Compensation Committee of the Board shall serve as the Committee. The charter adopted by the Board for the Compensation Committee provides that all members of the Compensation Committee must be (i) independent directors who meet the independence requirements of Nasdaq’s Marketplace Rules, (ii) “non-employee directors” as defined by Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and (iii) “outside directors” as defined by Section 162(m) of the Code. The Board, in its sole discretion, may exercise any authority of the Committee under the plan. To the extent permitted by law and the Company’s Bylaws, and subject to the applicable rules of any securities exchange or quotation or trading system on which the Company’s shares are traded, the Committee may delegate authority under the plan to one or more Committee members or executive officers of the Company, except that the Committee may not delegate such authority with respect to awards to directors or executive officers. The Committee may also delegate authority for certain administrative functions under the Proposed Plan to an officer or officers of the Company.

Securities to be Offered. The Company would be authorized to issue shares of the Company’s common stock, with a par value \$0.00125 per share (the “Shares”), pursuant to awards under the Proposed Plan. Shares subject to awards under the plan will be made available from the authorized and unissued Shares of the Company’s common stock. The last sale price of the common stock on September 17, 2004 was \$28.37 per share, as reported by The Nasdaq Stock Market, Inc.

The aggregate number of Shares which may be issued pursuant to awards under the plan is: (i) 1,200,000 plus (ii) the number of Shares which, immediately prior to the date of shareholder approval of the Proposed Plan (the “Effective Date”), were authorized for issuance under the Equity Compensation Plan and are not thereafter used for awards under the Equity Compensation Plan. The number of authorized Shares include Shares which, immediately prior to the Effective Date, were authorized for issuance under the Equity Compensation Plan and

Table of Contents

either were not subject to then outstanding awards or were subject to then outstanding awards that subsequently expire, are canceled or otherwise terminate unexercised for any reason. No more than an aggregate of 600,000 Shares may be issued pursuant to awards of restricted stock, stock units or performance units under the Proposed Plan. If for any reason any Shares awarded or subject to purchase under the Proposed Plan are not delivered or purchased, or are reacquired by the Company, such Shares will again be available for issuance pursuant to an award under the Proposed Plan. The determination of the number of Shares that may again become available for issuance with respect to grants of incentive stock options will be made in accordance with the requirements of applicable regulations under the Code.

The Committee will determine the individuals to whom awards will be granted, the number of Shares subject to an award, and the other terms and conditions of an award. Except to the extent the Committee determines that an award shall not comply with the performance-based compensation provisions of Section 162(m) of the Code, (i) the aggregate number of Shares subject to options or SARs granted in any one fiscal year to any one participant shall not exceed 300,000; (ii) the aggregate number of Shares subject to restricted stock or stock unit awards granted in any one fiscal year to any one participant shall not exceed 100,000; and (iii) the aggregate value of performance unit awards (valued as of the grant date) that may be granted in any one fiscal year to any one participant shall not exceed the fair market value of 100,000 Shares.

The Committee will make equitable adjustments upon the occurrence of certain events that result in changes in the outstanding shares of the Company's common stock or that result in exchanges of shares of common stock for a different number or class of common stock or other securities of the Company or another corporation. These events include changes in corporate capitalization, such as a stock split, reverse stock split, or stock dividend, or any corporate transaction such as a reorganization, reclassification, merger or consolidation or separation, including a spin-off, of the Company or sale or other disposition by the Company of all or a portion of its assets, any other change in the Company's corporate structure, or any distribution to shareholders (other than a cash dividend). Under such circumstances, adjustments may be made by the Committee in the number of Shares that may be awarded under the Proposed Plan, the limitations on the aggregate number of Shares that may be awarded to any one participant, the number and class of Shares that may be subject to an award and which have not been issued or transferred under an outstanding award, the exercise price under outstanding options and the number of Shares to be transferred in settlement of outstanding SARs, and the terms, conditions or restrictions of any award and award agreement, including the price payable for the acquisition of Shares.

Amendments. The Committee or the Board may at any time terminate or from time to time amend the Proposed Plan but no such action may adversely affect any rights or obligations with respect to any awards previously granted under the plan unless the affected participants consent in writing. However, neither the Committee nor the Board may, without approval of the shareholders, amend the Proposed Plan to materially (i) increase benefits accruing to participants, (ii) increase the number of Shares which may be issued under the plan or (iii) modify the requirements for participation in the plan. The Company must also obtain the approval of the shareholders before amending the plan to the extent required by Section 162(m) or Section 422 of the Code or the rules of any securities exchange or quotation or trading system on which Shares are traded or other applicable law.

The Committee may amend outstanding awards in a manner not inconsistent with the terms of the plan; provided, however, that: (i) if the amendment is adverse to the participant, as determined by the Committee, the amendment will not be effective unless and until the participant consents, except as otherwise permitted by the plan or the award agreement; and (ii) the Committee shall not have the authority to decrease the exercise price of any outstanding option or SAR, nor award any option or SAR in replacement of a canceled option or SAR with a higher exercise price, except for adjustments in connection with changes in corporate capitalization and other events as described above, unless such an amendment is approved by the shareholders.

Stock Options. The number of Shares subject to a stock option, the type of stock option (*i.e.* , incentive stock option or non-qualified stock option), the exercise price of the option and the period of exercise will be

Table of Contents

determined by the Committee and set forth in an award agreement. The exercise price may not be less than the fair market value of a Share on the date of grant. No option granted under the Proposed Plan shall be exercisable after the seventh anniversary of the date of grant.

Options granted under the Proposed Plan shall be exercised by the delivery of written or electronic notice of exercise to the Company or its designated representative, setting forth the number of Shares with respect to which the Option is to be exercised and satisfying any requirements that the Committee may establish in or pursuant to the award agreement. Unless otherwise authorized by the Committee, no Shares shall be delivered, whether in certificated or uncertificated form, until the full exercise price has been paid. The option price upon exercise shall be payable to the Company either: (a) in cash, (b) cash equivalent approved by the Committee, (c) if approved by the Committee, by tendering previously acquired Shares (or delivering a certification or attestation of ownership of such Shares) having an aggregate fair market value at the time of exercise equal to the total option price (provided that the tendered Shares must have been held by the participant for any period required by the Committee), or (d) by a combination of (a), (b) or (c). The Committee also may allow cashless exercises as permitted under Regulation T of the Federal Reserve Board, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

SARs. SARs granted under the Proposed Plan would entitle the participant to receive an amount payable in Shares and/or cash, as determined by the Committee, equal to the excess of the fair market value of a Share on the day the SAR is exercised over the specified purchase price. SARs may be granted in tandem with a related stock option or independently. If a SAR is granted in tandem with a stock option, the participant may exercise the stock option or the SAR, but not both. The Committee shall determine and set forth in the award agreement the extent to which SARs are exercisable after termination of employment.

Restricted Stock and Stock Units. A restricted stock award under the Proposed Plan is an award of Shares issued to a participant with such restrictions as the Committee may impose, including restrictions on the right to retain the Shares, to sell, transfer, pledge or assign the Shares, to vote the Shares and/or to receive any cash dividends with respect to the Shares. A stock unit award under the Proposed Plan is an award, valued by reference to a Share, in which the Company promises to pay the value of the award to the participant by delivery of such property as the Committee shall determine, including cash or Shares or any combination thereof, and that has such restrictions as the Committee may impose, including restrictions on the right to retain the awards, to sell, transfer, pledge or assign the award, and/or to receive any cash dividend equivalents with respect to the award.

The restrictions on restricted stock and stock unit awards may lapse separately or in combination at such time or times, in installments or otherwise, as the Committee may deem appropriate, subject to certain minimum restriction periods described below. Restricted stock and stock unit awards may be made either alone, in addition to or in tandem with other types of awards permitted under the Proposed Plan and may be current grants of restricted stock or stock units or deferred grants, except that a non-employee director may not be granted restricted stock or stock units in any fiscal year in which the director is granted an option or SAR.

The terms of restricted stock and stock unit awards, including the purchase price, if any, to be paid for the restricted stock or stock unit, any restrictions applicable to the restricted stock or stock unit such as continued service or achievement of performance goals, the length of the restriction period and whether any circumstances will shorten or terminate the restriction period, and rights of the participant during the restriction period to vote and receive dividends in the case of restricted stock, or to receive dividend equivalents in the case of stock units that accrue dividend equivalents, will be determined by the Committee and set forth in the agreement relating to such award. All grants of restricted stock or stock units shall have a restriction period of at least three (3) years, except that: (i) the restriction period for any award may be shortened pursuant to the award agreement in connection with death, disability or retirement of the participant or certain corporate transactions to which the Company is a party (such as a merger in which the successor does not assume or provide replacements for the award); (ii) awards with restrictions based upon achievement of performance goals shall have a restriction period of at least one (1) year; and (iii) awards to non-employee directors shall have a restriction period of at least one (1) year.

Table of Contents

Unless otherwise set forth in an agreement relating to a restricted stock award, a participant awarded Shares as restricted stock shall have all of the rights of a shareholder of the Company, including the right to vote the Shares and the right to receive dividends, provided however that the Committee may require that any dividends on such Shares of restricted stock be automatically deferred and reinvested in additional restricted stock or may require that dividends on such shares be paid to the Company for the account of the participant. A participant to whom stock units are awarded has no rights as a shareholder with respect to the Shares represented by the stock units unless and until Shares are actually delivered to the participant in settlement of the award. However, the Committee may specify in the award agreement that stock units have dividend equivalent rights.

Performance Units. Performance units are awards granted in terms of a value set by the Committee (or that is determined by reference to a valuation formula specified by the Committee), in which the Company promises to pay the value of the award by delivery of such property as the Committee shall determine, including without limitation, cash or Shares, or any combination thereof, upon achievement of such performance objectives during the relevant performance period as the Committee shall establish. Such awards may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form and timing of payout of such awards shall be set forth in the award agreement. Except as otherwise provided in the award agreement, a participant shall be entitled to receive any dividends declared with respect to earned grants of performance units that are being settled in Shares and that have not yet been distributed to the participant (such dividends may be subject to the same accrual, forfeiture, and payout restrictions as apply to dividends earned with respect to stock units under the Proposed Plan). In addition, unless otherwise provided in the award agreement, a participant shall be entitled to exercise full voting rights with respect to such Shares.

Performance Measures. For awards under the Proposed Plan that are intended to qualify under the performance-based compensation provisions of Section 162(m) of the Code, the performance measure or measures to be used for purposes of such awards shall be chosen from among the following: earnings, earnings per share, consolidated pre-tax earnings, net earnings, operating income, EBIT (earnings before interest and taxes), EBITDA (earnings before interest, taxes, depreciation and amortization), gross margin, revenues, revenue growth, market value added, economic value added, return on equity, return on investment, return on assets, return on net assets, return on capital employed, total shareholder return, profit, economic profit, after-tax profit, pre-tax profit, cash flow measures, cash flow return, sales, sales volume, stock price, cost, and/or unit cost. The Committee can establish other performance measures for awards granted to participants that are not intended to qualify under the performance-based compensation provisions of Section 162(m) of the Code.

Awards to Outside Directors. A non-employee director may be granted awards (i) in the form of non-qualified stock options, SARs or a combination thereof or (ii) in lieu of any award of non-qualified stock options or SARs in any fiscal year, in the form of restricted stock or stock units or a combination thereof. The aggregate number of Shares subject to non-qualified stock options or SARs granted under the plan in any one fiscal year to any non-employee director shall not exceed 16,000. The aggregate number of Shares subject to restricted stock or stock units granted under the Plan in any one fiscal year to any non-employee director shall not exceed 5,000. The number of Shares subject to such awards, any formula pursuant to which such number shall be determined, the date of grant and the vesting, expiration and other terms applicable to such awards shall be recommended from time to time by the Committee and approved by the Board and shall be subject to the terms of the Proposed Plan applicable to awards in general.

Federal Income Tax Consequences

The following is a brief summary of the U.S. federal income tax consequences of awards made under the Proposed Plan.

Stock Options. A participant will not recognize any income upon the grant of a stock option. A participant will recognize income taxable as ordinary income upon exercise of a non-qualified stock option equal to the excess of the fair market value of the Shares purchased over the sum of the exercise price and the amount, if any, paid for the option on an after-tax basis, and the Company will be entitled to a corresponding deduction. A participant who is an employee of the Company or a consolidated subsidiary (which are collectively referred to

Table of Contents

as the “Company” in this section entitled “Federal Income Tax Consequences”) will be subject to income tax withholding on the ordinary income recognized upon exercise of a non-qualified stock option. A participant will not recognize income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option provided that the incentive stock option is exercised either while the participant is an employee of the Company or within three months (one year if the participant is disabled within the meaning of Section 22(c) (3) of the Code) following the participant’s termination of employment. If Shares acquired by such exercise of an incentive stock option are held for the longer of two years from the date the option was granted or one year from the date it was exercised, any gain or loss arising from a subsequent disposition of such Shares will be taxed as long-term capital gain or loss, and the Company will not be entitled to any deduction. If, however, such Shares are disposed of within the above-described period, then in the year of such disposition the participant will recognize income taxable as ordinary income equal to the excess of (i) the lesser of the amount realized upon such disposition and the fair market value of such Shares on the date of exercise over (ii) the exercise price, and the Company will be entitled to a corresponding deduction.

SARs. A participant will not recognize any income upon the grant of a SAR. A participant will recognize income taxable as ordinary income (and with respect to a Company employee, be subject to income tax withholding) upon exercise of a SAR equal to the fair market value of any Shares delivered and the amount of cash paid by the Company upon such exercise, and the Company will be entitled to a corresponding deduction.

Restricted Stock Awards. A participant will not recognize taxable income upon the grant of a restricted stock award, and the Company will not be entitled to a tax deduction at such time, unless the participant makes an election to be taxed at the time such restricted stock award is granted. If such election is made, the participant will recognize income taxable as ordinary income (and with respect to a Company employee, be subject to income tax withholding) at the time of grant in an amount equal to the excess of the fair market value of the Shares at such time over the amount, if any, paid for such Shares. If such election is not made, the participant will recognize income taxable as ordinary income (and with respect to a Company employee, be subject to income tax withholding) at the time the restrictions lapse in an amount equal to the excess of the fair market value of the Shares at such time over the amount, if any, paid for such Shares. The amount of ordinary income recognized by a participant by making the above-described election or upon the lapse of the restrictions will be deductible by the Company, as compensation expense, except to the extent the limit of Section 162(m) of the Code applies. In addition, a participant receiving dividends with respect to Shares subject to a restricted stock award for which the above-described election has not been made and prior to the time the restrictions lapse will recognize income taxable as ordinary income (and with respect to a Company employee, be subject to income tax withholding), rather than dividend income, in an amount equal to the dividends paid, and the Company will be entitled to a corresponding deduction, except to the extent the limit of Section 162(m) of the Code applies.

Stock Units. A participant will not recognize taxable income upon the grant of a stock unit and the Company will not be entitled to a tax deduction at that time. When the participant receives Shares pursuant to a stock unit that is settled in Shares, the federal income tax laws applicable to restricted stock awards, described above, will apply if the Shares are restricted at that time. If the shares are unrestricted at that time, the participant will recognize income taxable as ordinary income (and with respect to a Company employee, be subject to income tax withholding) in an amount equal to the excess of the fair market value of the Shares at such time over the amount, if any, paid for such Shares. The amount of ordinary income recognized by the participant is deductible by the Company, as compensation expense, except to the extent the limit of Section 162(m) of the Code applies.

Performance Units. A participant will not recognize taxable income upon the grant of a performance unit and the Company will not be entitled to a tax deduction at that time. Upon the settlement of a performance unit, the participant will recognize income taxable as ordinary income (and with respect to a Company employee, be subject to income tax withholding) in an amount equal to the cash paid and the fair market value of the Shares or other property delivered to the participant, and the Company will be entitled to a corresponding deduction, except to the extent the limit of Section 162(m) of the Code applies and except in the case of performance units settled in Shares of restricted stock (in which case the federal income tax laws applicable to restricted stock described above will apply).

Table of Contents

Compliance with Section 162(m). Section 162(m) of the Code denies an income tax deduction by an employer for certain compensation in excess of \$1 million per year paid by a publicly traded corporation to the chief executive officer or any of the four most highly compensated executive officers other than the chief executive officer. Compensation realized with respect to stock options awarded under the Proposed Plan, including upon exercise of a non-qualified stock option or upon a disqualifying disposition of an incentive stock option, as described above, and compensation realized with respect to SARs awarded under the Proposed Plan, will be excluded from this deductibility limit if it satisfies certain requirements, including a requirement that the Proposed Plan be approved by the Company's current shareholders. In addition, other types of awards under the Proposed Plan may be excluded from this deduction limit if they are conditioned on the achievement of one or more of the performance measures described above, as required by Section 162(m). To satisfy the requirements that apply to "performance-based" compensation, those performance measures must be approved by our current shareholders, and approval of the Proposed Plan will also constitute approval of those measures.

Proposed Plan Awards

No awards have been granted yet under the Proposed Plan. The Committee will make future awards at its discretion.

Directors; and (6) options assumed under the Nitres, Inc. 1999 Stock Option/Issuance Plan in connection with the Company's acquisition of Nitres, Inc. in May 2000. The only Option Plan under which the Company remains authorized to make future awards is the Equity Compensation Plan.

The 1999 Employee Stock Purchase Plan and all of the Option Plans, have been previously approved by the shareholders with the exception of the 2001 Nonqualified Stock Option Plan, the two Stock Option Bonus Plans, and the options assumed under the Nitres, Inc. 1999 Stock Option/Issuance Plan. The Equity Compensation Plan was originally adopted by the Board of Directors in 1989 and approved by the shareholders in 1995. As permitted by its terms, the Equity Compensation Plan was amended by the Board of Directors in 1999 and 2000, without a shareholder vote, to authorize an additional 859,800 shares for non-qualified stock option grants to newly hired employees where the grants were deemed essential to induce such individuals to accept employment with the Company. A further amendment of the Equity Compensation Plan, increasing the shares authorized for issuance under the plan since its adoption to a total of 19,819,800 shares (including the 859,800 shares previously authorized by the Board of Directors) was approved by the shareholders in October 2000.

The following description of the Company's Option Plans is merely a summary of some of their respective terms and provisions, is not intended to be a complete description and is qualified in its entirety by reference to the full text of the applicable plan.

Option Plans—General. The Option Plans are administered under the direction of the Compensation Committee of the Board of Directors, which is comprised entirely of directors not employed by the Company. The Committee has broad discretion to determine the terms and conditions of options granted under the Option Plans and must approve, among other things, recommendations regarding grants and grant guidelines with respect to: (1) the individuals to whom option grants are to be made; (2) the time or times at which options are granted; (3) the number of shares subject to each option; (4) the vesting terms of each option; and (5) the term of each option. The Option Plans prohibit the grant of options with an exercise price less than the fair market value of the Company's common stock on the date of grant.

Each of the Option Plans provides that the option price, as well as the number of shares subject to options granted or to be granted under the plan, shall be appropriately adjusted in the event of any stock split, stock dividend, recapitalization or other specified events involving a change in the capitalization of the Company. The terms of the Option Plans generally permit the Board of Directors to amend or terminate the plans, provided that no modification or termination may adversely affect prior awards without the participant's approval and subject, in the case of the Equity Compensation Plan, to obtaining shareholder approval to the extent required for incentive stock option grants under Section 422 of the Internal Revenue Code (the "Code").

Equity Compensation Plan. The Equity Compensation Plan provides for grants to participants in the form of both incentive stock options and nonqualified stock options. Incentive stock options are awards intended to qualify for certain favorable tax treatment under Section 422 of the Code. To date no incentive stock options have been granted under the plan and none are presently contemplated. The Compensation Committee has the exclusive right to determine those persons eligible to participate in the Equity Compensation Plan. Subject to the foregoing, any of the Company's employees (including employees of our controlled subsidiaries) or any other person, including directors, may participate in the Equity Compensation Plan if the Committee determines such participation is in the best interest of the Company. As of June 27, 2004, there were outstanding nonqualified stock options to purchase 10,342,961 shares, and 2,006,773 shares remained available for future awards under the plan. During fiscal 2004, options to purchase a total of 2,128,248 shares were granted under the Equity Compensation Plan at an average exercise price of \$20.00 per share.

Non-Employee Director Stock Option Plan. The Stock Option Plan for Non-Employee Directors (the "Director Plan") was adopted by the Board of Directors and approved by the shareholders in 1995. The Director Plan provided for fixed annual grants to the Company's non-employee directors of nonqualified stock options to purchase shares of the Company's common stock. The Director Plan was terminated as to future grants in 1997. As of June 27, 2004, there were options to purchase 180,000 shares outstanding under the Director Plan.

2001 Nonqualified Stock Option Plan. The 2001 Nonqualified Stock Plan (the “Nonqualified Plan”) was adopted by the Board of Directors in April 2001. The Nonqualified Plan provided for grants to eligible participants of nonqualified stock options to purchase shares of the Company’s common stock. None of the Company’s directors or officers were eligible to receive awards under the Nonqualified Plan. The Nonqualified Plan terminated as to additional grants in January 2003. As of June 27, 2004, there were options to purchase 2,622,283 shares outstanding under the Nonqualified Plan.

Fiscal 2001 and Fiscal 2002 Stock Option Bonus Plans. The Board of Directors adopted the Fiscal 2001 Stock Option Bonus Plan (“Fiscal 2001 Bonus Plan”) in October 1999 in order to provide for grants of nonqualified stock options to the Company’s eligible employees (including employees of its controlled subsidiaries) for each quarter of fiscal 2001 if the Company achieved pre-established financial targets for the quarter. None of the Company’s directors or officers were eligible to receive awards under the plan, and employees participating in the Company’s cash incentive compensation programs did not participate in the plan. Participants in the Fiscal 2001 Bonus Plan received stock option grants for all four quarters of fiscal 2001 representing rights to purchase a total of 372,400 shares at an average exercise price of \$27.85 per share. The Fiscal 2001 Bonus Plan terminated as to additional grants in September 2001. As of June 27, 2004, there were options to purchase 220,075 shares outstanding under the Fiscal 2001 Bonus Plan.

The Fiscal 2002 Stock Option Bonus Plan (“Fiscal 2002 Bonus Plan”) was adopted by the Company’s Board of Directors in July 2001 with substantially the same terms as the Fiscal 2001 Bonus Plan. Under the Fiscal 2002 Bonus Plan, participants received only the first of the four potential option grants for fiscal 2002, with the options awarded representing rights to purchase a total of 84,306 shares at an average exercise price of \$18.75 per share. The Fiscal 2002 Bonus Plan terminated as to additional grants in September 2002. As of June 27, 2004, there were options to purchase 48,237 shares outstanding under the Fiscal 2002 Bonus Plan.

Nitres, Inc. 1999 Stock Option/Issuance Plan. In connection with the acquisition of Nitres, Inc. in May 2000, pursuant to which Nitres became a wholly-owned subsidiary of the Company and changed its name to Cree Lighting Company, the Company assumed certain outstanding stock options granted under the Nitres, Inc. 1999 Stock Option/Issuance Plan (the “Nitres Plan”). Since the closing of the acquisition, no additional stock options have been awarded, nor are any authorized to be awarded, under the Nitres Plan. As of June 27, 2004, there were 104,314 nonqualified stock options outstanding under the Nitres Plan.

Report of the Compensation Committee

The Compensation Committee determines the compensation of the Company's chief executive officer. It also reviews and approves compensation recommendations submitted by the chief executive officer for all other executive and non-executive officers. In addition, the Committee administers the Company's equity compensation plans and, in that capacity, is responsible for reviewing and approving stock options awarded under the plans. This report describes the policies followed by the Committee with respect to compensation of executive officers during fiscal 2004, and the bases for the compensation of Mr. Swoboda, who served as the chief executive officer during the year.

Executive Compensation Policies. The Committee believes the Company's overall compensation program should relate to creating shareholder value. Accordingly, the Committee seeks to adhere to executive compensation practices that will enable the Company to attract and retain talented executives, align the interests of executives with shareholder interests through equity-based plans and motivate executives to achieve targeted Company objectives. In furtherance of these goals, cash compensation is generally set annually at levels which take into account both competitive and performance factors. The Company also relies to a substantial degree on stock options to attract and motivate its executives.

For fiscal 2004 executive officer compensation consisted of base salary, participation in an annual management incentive compensation program and stock option grants, in addition to other benefits available to Company employees generally. The Committee sought to establish each overall package at competitive market levels based on executive compensation surveys and other relevant information.

Cash Compensation. The Committee examined both qualitative and quantitative factors relating to corporate and individual performance in approving salary adjustments. The qualitative factors in many instances necessarily involved a subjective assessment by the Committee. The Committee did not base its considerations on any single factor nor specifically assign relative weights to factors. It instead considered a variety of factors and evaluated individual performance against those factors both in absolute terms and in relation to the executive's peers at similar companies. With respect to executive officers other than Mr. Swoboda and Mr. Hunter, who served as Chairman during the year, the Committee also relied substantially on Mr. Swoboda's evaluations and recommendations. Based on its review, the Committee authorized that the base salaries of Mr. Swoboda and the other named executive officers for fiscal 2004 be increased. The Committee also approved a management incentive compensation program for fiscal 2004 with substantially the same terms as the management incentive compensation program adopted for fiscal 2003. Under the fiscal 2004 program, each participant was assigned a target award for the fiscal year, expressed as a percentage of base salary, to be paid if certain pre-established goals were achieved. Mr. Hunter did not participate in the management incentive compensation program during fiscal 2004. For Mr. Swoboda, all of the target incentive payment was conditioned upon achieving, as a corporate goal, specified revenue and net income targets for fiscal year 2004. For other executive officers, 60% of the target incentive payment was conditioned upon achieving the same corporate goals for the year, and the remaining 40% of the target was payable quarterly if individual quarterly goals established by Mr. Swoboda were met. For fiscal 2004 the corporate revenue and net income targets were achieved and the corresponding incentive payments were paid under the plan.

Equity Compensation. The Company utilizes stock options granted under the Company's Equity Compensation Plan to executive officers, as well as other regular full-time employees, to align shareholder and management interests by giving executive officers a substantial economic stake in long-term appreciation of the Company's stock. Only non-qualified stock options have been awarded under this Plan, and all awards have been made at exercise prices not less than the market value of the underlying stock at the time of the grant.

In reviewing proposed grants to executive officers, the Compensation Committee takes into account all factors it deems appropriate, including the officer's position and level of responsibility, the officer's existing unvested option holdings, the potential reward to the officer if the stock price appreciates and the competitiveness of the officer's overall compensation arrangements. Outstanding performance by an individual

Table of Contents

may also be taken into consideration. Option grants are often made to new executives upon commencement of employment and, on occasion, to executives in connection with a significant change in job responsibility. The Committee also relies on the chief executive officer's recommendations in approving option grants to other executive officers. The Committee approved stock option grants to executive officers during fiscal 2004 based on the policies described above and Mr. Swoboda's recommendations.

Bases for Chief Executive Officer Compensation. The Compensation Committee followed the general policies described above in approving Mr. Swoboda's cash compensation for fiscal 2004 and the stock options awarded him during the year, taking into consideration a number of factors relating to corporate and individual performance.

Based on these factors the Committee approved an annual salary of \$450,000 for Mr. Swoboda, effective as of September 2003, with a target incentive award equal to 50% of his base salary, which was paid based upon achievement of the targets established at the beginning of the fiscal year. Mr. Swoboda also received one option grant during the fiscal year, representing the right to purchase 50,000 shares of common stock at \$19.88 per share, with the exercise price equal to the closing market price on the grant date. This option vests as to 25,000 shares in October 2004 and 25,000 shares in October 2005, subject to continued employment at the applicable vesting date.

PROPOSAL NO. 3—RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has reappointed Ernst & Young LLP to audit the consolidated financial statements of the Company for fiscal 2005. Ernst & Young was first engaged as the Company's independent auditors for fiscal 1999 and has served as the Company's independent auditors for each subsequent fiscal year. A representative from Ernst & Young is expected to be present at the 2004 Annual Meeting, will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

Although shareholder ratification of the appointment is not required by law or the Company's Bylaws, the Audit Committee determined that, as a matter of corporate governance, the selection of independent auditors should be submitted to the shareholders for approval. If the appointment of Ernst & Young is not ratified by a majority of the shares cast at the 2004 Annual Meeting, the Audit Committee will consider the appointment of other independent auditors for subsequent fiscal years.

Report of the Audit Committee

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee in carrying out their duties are not engaged in the practice of accounting and do not act as auditors. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Based upon the review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter (a copy of which is included as an appendix to this proxy statement), the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 27, 2004 filed with the Securities and Exchange Commission.

Procedures for Director Nominations

Under the charter of the Governance and Nominations Committee, the Committee is responsible for identifying and selecting, or recommending that the Board select, qualified candidates for membership on the Board of Directors. In identifying candidates, the Committee takes into account such factors as it considers appropriate, which may include: (a) ensuring that the Board, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise and local or community ties; (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially; (c) questions of independence, possible conflicts of interest and whether a candidate has special interests or a specific agenda that would impair his or her ability to effectively represent the interests of all shareholders; and (d) the extent to which the candidate would fill a present need on the Board. The Committee is also authorized to develop additional policies regarding Board size, composition and member qualification.

The Governance and Nominations Committee is responsible for evaluating suggestions concerning possible candidates for election to the Board submitted to the Company, including those submitted by Board members (including self-nominations), shareholders and third parties. All candidates, including those submitted by shareholders, will be evaluated by the Committee on the same basis as other candidates using the Board membership criteria described above and in accordance with applicable procedures. Once candidates have been identified, the Committee will determine whether such candidates meet the minimum qualifications for director nominees.

No candidates for director nominations were submitted to the Board of Directors or the Governance and Nominations Committee by any shareholder in connection with the 2004 Annual Meeting. All candidates were recommended by non-management directors. Any shareholder desiring to present a nomination for consideration by the Governance and Nominations Committee prior to the 2005 annual meeting must do so in accordance with the Company's Bylaws. Unless the Board directs otherwise, the Compensation Committee of the Board shall serve as the Committee.

3.2 *Authority of the Committee.*

(a) The Committee shall have the exclusive right to interpret, construe and administer the Plan, to select the persons who are eligible to receive an Award, and to act in all matters pertaining to the granting of an Award and the contents of the Award Agreement evidencing the Award, including without limitation, the determination of the number of Options, Stock Appreciation Rights, Restricted Stock, Stock Units or Performance Units subject to an Award and the form, terms, conditions and duration of each Award, and any amendment thereof consistent with the provisions of the Plan, except that Awards to Outside Directors must also be approved by the Board. The Committee may adopt such rules, regulations and procedures of general application for the administration of this Plan as it deems appropriate. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement in the manner and to the extent it shall deem desirable to carry it into effect.

(b) The Committee shall have the discretion to determine the effect upon an Award and upon an individual’s status as an employee under the Plan (including whether a Participant shall be deemed to have experienced a Termination of Employment or other change in status) and upon the vesting, expiration or forfeiture of an Award in the case of (i) any individual who is employed by an entity that ceases to qualify as an Employer, (ii) any leave of absence approved by the Employer, (iii) any transfer between locations of employment with the Employer or between Employers, (iv) any change in the Participant’s status from an employee to a consultant or member of the Board of Directors, or vice versa, and (v) any employee who, at the request of the Employer or the Company, becomes employed by any partnership, joint venture, corporation or other entity not meeting the requirements of an Employer.

3.3 Rules for Foreign Jurisdictions . Notwithstanding anything in the Plan to the contrary, the Committee may, in its sole discretion, amend or vary the terms of the Plan in order to conform such terms with the requirements of each non-U.S. jurisdiction where an Eligible Participant is located or to meet the goals and objectives of the Plan; establish one or more sub-plans for these purposes; and establish administrative rules and procedures to facilitate the operation of the Plan in such non-U.S. jurisdictions. For purposes of clarity, the terms and conditions contained herein which are subject to variation in a non-U.S. jurisdiction shall be reflected in a written addendum to the Plan for each Employer of a Participant located in such non-U.S. jurisdiction.

3.4 Delegation of Authority . The Committee may, at any time and from time to time, to the extent permitted by law and the Company's Bylaws and subject to the applicable rules of any securities exchange or quotation or trading system on which Shares are traded, delegate to one or more members of the Committee or executive officers of the Company any or all of its authority under Section 3.2 and 3.3, except that the Committee may not delegate such authority with respect to Awards to members of the Board or to executive officers of the Company. The Committee may delegate the administration of the Plan to an officer or officers of the Company, and such administrator(s) may have the authority to execute and distribute Award Agreements or other documents relating to Awards granted by the Committee under the Plan, to maintain records relating to the grant, vesting, exercise, forfeiture or expiration of Awards, to process or oversee the issuance of Shares upon the exercise, vesting and/or settlement of an Award, to interpret the terms of Awards and to take such other actions as the Committee may specify, provided that the actions and interpretations of any such administrator shall be subject to review and approval, disapproval or modification by the Committee.

3.5 Award Agreements . Each Award granted under the Plan shall be evidenced by an Award Agreement. Each Award Agreement shall be subject to and incorporate, by reference or otherwise, the applicable terms and conditions of the Plan, and any other terms and conditions, not inconsistent with the Plan, as may be directed by the Committee, including without limitation, provisions related to the consequences of Termination of Employment. A copy of such document shall be provided to the Participant, and the Committee may, but need not, require that the Participant sign a copy of the Award Agreement or otherwise confirm the Participant's acceptance of the provisions of the Award Agreement. The Participant shall in any event be deemed to have accepted the provisions of an Award Agreement delivered to the Participant with respect to an Award by exercising the Award or receiving any benefits thereunder.

3.6 Indemnification . In addition to such other rights of indemnification as they may have as directors or as members of the Committee, the members of the Committee and any persons acting on its behalf pursuant to authority delegated by the Committee shall be indemnified by the Company against reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Award granted thereunder, and against all amounts paid by them in settlement thereof, provided such settlement is approved by independent legal counsel selected by the Company, or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except as to matters as to which the person seeking indemnification has been negligent or engaged in misconduct in the performance of his or her duties; provided, that within sixty (60) days after institution of any such action, suit or proceeding, the person seeking indemnification shall in writing offer the Company the opportunity, at its own expense, to handle and defend the same.

ARTICLE 4—SHARES SUBJECT TO THE PLAN

4.1 Aggregate Limits.

(a) Subject to adjustment as provided in Section 4.3, the aggregate number of Shares which may be issued pursuant to Awards under this Plan is (i) 1,200,000 plus (ii) the number of Shares which, immediately prior to the Effective Date, were authorized for issuance under the Predecessor Plan and are not thereafter used for awards under the Predecessor Plan. Shares described in clause (ii) above include Shares

Table of Contents

which, immediately prior to the Effective Date, were authorized for issuance under the Predecessor Plan and either (x) were not subject to then outstanding awards or (y) were subject to then outstanding awards that subsequently expire, are canceled or otherwise terminate unexercised for any reason.

(b) Subject to adjustment as provided in Section 4.3, no more than an aggregate of 600,000 Shares authorized by subsection (a) may be issued pursuant to Awards of Restricted Stock, Stock Units or Performance Units.

(c) If for any reason any Shares awarded or subject to purchase under this Plan are not delivered or purchased, or are reacquired by the Company, for reasons including, but not limited to, a forfeiture of Restricted Stock or a Stock Unit or the termination, expiration or cancellation of an Option, Stock Appreciation Right or Performance Unit, such Shares (“Returned Shares”) shall again be available for issuance pursuant to an Award under the Plan. The determination of the number of issued Shares that again become available for issuance with respect to grants of Incentive Stock Options pursuant to this Section 4.1 shall be made in accordance with the requirements of Treas. Reg. section 1.422-2(b)(3).

4.2 Individual Limits.

(a) *Tax Code Limits.* Except to the extent the Committee determines that an Award shall not comply with the performance-based compensation provisions of Section 162(m) of the Code: (i) the aggregate number of Shares subject to Options or Stock Appreciation Rights granted under this Plan in any one fiscal year to any one Participant shall not exceed 300,000; (ii) the aggregate number of Shares subject to Restricted Stock or Stock Unit Awards granted under this Plan in any one fiscal year to any one Participant shall not exceed 100,000; and (iii) the aggregate value of Performance Unit Awards (valued as of the grant date) that may be granted in any one fiscal year to any one Participant shall not exceed the Fair Market Value of 100,000 Shares.

(b) *Awards to Outside Directors.* Awards to an Outside Director during any fiscal year may be (i) in the form of Nonqualified Stock Options, Stock Appreciation Rights or a combination thereof or (ii) in lieu of any Award of Nonqualified Stock Options or Stock Appreciation Rights in any fiscal year, in the form of Restricted Stock, Stock Units or a combination thereof. The aggregate number of Shares subject to Nonqualified Stock Options or Stock Appreciation Rights granted under this Plan in any one fiscal year to any Outside Director shall not exceed 16,000. The aggregate number of Shares subject to Restricted Stock or Stock Units granted under this Plan in any one fiscal year to any Outside Director shall not exceed 5,000.

4.3 *Adjustment of Shares.* If any change in corporate capitalization, such as a stock split, reverse stock split, or stock dividend; or any corporate transaction such as a reorganization, reclassification, merger or consolidation or separation, including a spin-off, of the Company or sale or other disposition by the Company of all or a portion of its assets, any other change in the Company’s corporate structure, or any distribution to shareholders (other than a cash dividend) results in the outstanding Shares, or any securities exchanged therefor or received in their place, being exchanged for a different number or class of shares or other securities of the Company, or for shares of stock or other securities of any other corporation (including unpaired shares replacing paired Shares); or new, different or additional shares or other securities of the Company or of any other corporation being received by the holders of outstanding Shares; then equitable adjustments shall be made by the Committee, as it determines are necessary and appropriate, in:

(a) the number of Shares that may be awarded as set forth in Section 4.1;

(b) the limitations on the aggregate number of Shares that may be awarded to any one single Participant as set forth in Section 4.2;

(c) the number and class of Shares that may be subject to an Award, and which have not been issued or transferred under an outstanding Award;

(d) the Option Price under outstanding Options and the number of Shares to be transferred in settlement of outstanding Stock Appreciation Rights; and

Table of Contents

(e) the terms, conditions or restrictions of any Award and Award Agreement, including the price payable for the acquisition of Shares; provided, however, that all such adjustments made in respect of each ISO shall be accomplished so that such Option shall continue to be an incentive stock option within the meaning of Section 422 of the Code.

ARTICLE 5—STOCK OPTIONS

5.1 *Grant of Options*. Subject to the provisions of the Plan, Options may be granted to Eligible Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have sole discretion in determining the number of Shares subject to Options granted to each Participant. The Committee may grant a Participant ISOs, NQSOs or a combination thereof, and may vary such Awards among Participants; provided that only an employee may be granted ISOs.

5.2 *Award Agreement*. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains and such other provisions as the Committee shall determine. The Award Agreement shall further specify whether the Award is intended to be an ISO or an NQSO. Any portion of an Option that is not designated as an ISO or otherwise fails or is not qualified as an ISO (even if designated as an ISO) shall be an NQSO.

5.3 *Option Price*. The Option Price for each grant of an Option shall not be less than the Fair Market Value of a Share on the date the Option is granted.

5.4 *Duration of Options*. Each Option shall expire at such time as the Committee shall determine at the time of grant; provided, however, that no Option shall be exercisable later than the seventh (7th) anniversary of its grant date.

5.5 *Exercise of Options*. Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, including conditions related to the employment of or provision of services by the Participant with the Company or any Employer, which need not be the same for each grant or for each Participant. The Committee may provide in the Award Agreement for automatic accelerated vesting and other rights upon the occurrence of such events as are specified in the Award Agreement. In addition, the Committee may provide in the Award Agreement for the deferral of gains related to an exercise or may establish a cap on the maximum earnings a Participant can realize from exercise.

5.6 *Payment*. Options shall be exercised by the delivery of written or electronic notice of exercise to the Company or its designated representative, setting forth the number of Shares with respect to which the Option is to be exercised and satisfying any requirements that the Committee may establish in or pursuant to the Award Agreement from time to time. Unless otherwise authorized by the Committee, no Shares shall be delivered, whether in certificated or uncertificated form, until the full Option Price has been paid. Full payment of the Option Price (less any amount previously received from the Participant to acquire the Option) must be made on or prior to the Payment Date, as defined below. The Option Price shall be payable to the Company either: (a) in cash, (b) cash equivalent approved by the Committee, (c) if approved by the Committee, by tendering previously acquired Shares (or delivering a certification or attestation of ownership of such Shares) having an aggregate Fair Market Value at the time of exercise equal to the total Option Price (provided that the tendered Shares must have been held by the Participant for any period required by the Committee), or (d) by a combination of (a), (b) or (c). The Committee also may allow cashless exercises as permitted under Regulation T of the Federal Reserve Board, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law. "Payment Date" shall mean the date on which a sale transaction in a cashless exercise (whether or not payment is actually made pursuant to a cashless exercise) would have settled in connection with the subject option exercise.

Table of Contents

5.7 Nontransferability of Options.

(a) *Incentive Stock Options.* No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under the Plan shall be exercisable during his or her lifetime only by such Participant.

(b) *Nonqualified Stock Options.* Except as otherwise provided in a Participant's Award Agreement consistent with securities and other applicable laws, rules and regulations, no NQSO granted under this Article 5 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, all NQSOs granted to a Participant under this Article 5 shall be exercisable during his or her lifetime only by such Participant.

5.8 *Special Rules for ISOs.* Notwithstanding the above, in no event shall any Participant who owns (within the meaning of Section 424(d) of the Code) stock of the Company possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company be eligible to receive an ISO at an Option Price less than one hundred ten percent (110%) of the Fair Market Value of a share on the date the ISO is granted or be eligible to receive an ISO that is exercisable later than the fifth (5th) anniversary date of its grant. No Participant may be granted ISOs (under the Plan and all other incentive stock option plans of the Employer) which are first exercisable in any calendar year for Shares having an aggregate Fair Market Value (determined as of the date an Option is granted) that exceeds \$100,000.

ARTICLE 6—STOCK APPRECIATION RIGHTS

6.1 *Grant of SARs.* A Stock Appreciation Right may be granted to an Eligible Participant in connection with an Option granted under Article 5 of this Plan or may be granted independently of any Option. A Stock Appreciation Right shall entitle the holder, within the specified period, to exercise the SAR and receive in exchange a payment having an aggregate value equal to the amount by which the Fair Market Value of a Share exceeds the exercise price, times the number of Shares with respect to which the SAR is exercised. A SAR granted in connection with an Option (a "Tandem SAR") shall entitle the holder of the related Option, within the period specified for the exercise of the Option, to surrender the unexercised Option, or a portion thereof, and to receive in exchange therefore a payment having an aggregate value equal to the amount by which the Fair Market Value of a Share exceeds the Option price per Share, times the number of Shares under the Option, or portion thereof, which is surrendered.

6.2 *Tandem SARs.* Each Tandem SAR shall be subject to the same terms and conditions as the related Option, including limitations on transferability, shall be exercisable only to the extent such Option is exercisable and shall terminate or lapse and cease to be exercisable when the related Option terminates or lapses. The grant of Stock Appreciation Rights related to ISOs must be concurrent with the grant of the ISOs. With respect to NQSOs, the grant either may be concurrent with the grant of the NQSOs, or in connection with NQSOs previously granted under Article 5, which are unexercised and have not terminated or lapsed.

6.3 *Payment.* The Committee shall have sole discretion to determine in each Award Agreement whether the payment with respect to the exercise of an SAR will be in the form of cash, Shares, or any combination thereof. If payment is to be made in Shares, the number of Shares shall be determined based on the Fair Market Value of a Share on the date of exercise. If the Committee elects to make full payment in Shares, no fractional Shares shall be issued and cash payments shall be made in lieu of fractional shares. The Committee shall have sole discretion to determine in each Award Agreement the timing of any payment made in cash or Shares, or a combination thereof, upon exercise of SARs. Payment may be made in a lump sum, in annual installments or may be otherwise deferred; and the Committee shall have sole discretion to determine in each Award Agreement whether any deferred payments may bear amounts equivalent to interest or cash dividends.

Table of Contents

6.4 *Exercise Price and Exercise of SARs.* The exercise price for each grant of an SAR shall not be less than the Fair Market Value of a Share on the date the SAR is granted. Upon exercise of an SAR, the number of Shares subject to exercise under any related Option shall automatically be reduced by the number of Shares represented by the Option or portion thereof which is surrendered.

ARTICLE 7—RESTRICTED STOCK AND STOCK UNITS

7.1 *Grants of Restricted Stock and Stock Units.* Restricted Stock Awards and Stock Unit Awards may be made to Eligible Participants as an incentive for the performance of future services that the Committee in its sole discretion determines will contribute materially to the successful operation of the Employer. Subject to Section 4.2 with respect to grants to Outside Directors, Awards of Restricted Stock or Stock Units may be made either alone or in addition to or in tandem with other Awards granted under the Plan and may be current grants of Restricted Stock or Stock Units or deferred grants of Restricted Stock or Stock Units.

7.2 *Restricted Stock/Stock Unit Award Agreement.*

(a) *In General.* The Restricted Stock/Stock Unit Award Agreement shall set forth the terms of the Award, as determined by the Committee, including, without limitation, the purchase price, if any, to be paid for such Restricted Stock or Stock Unit, which may be more than, equal to, or less than Fair Market Value of a Share and may be zero, subject to such minimum consideration as may be required by applicable law; any restrictions applicable to the Restricted Stock or Stock Unit such as continued service or achievement of performance goals; the length of the Restriction Period and whether any circumstances will shorten or terminate the Restriction Period; and rights of the Participant during the Restriction Period to vote and receive dividends in the case of Restricted Stock, or to receive dividend equivalents in the case of Stock Units that accrue dividend equivalents.

(b) *Minimum Restriction Periods.* All grants of Restricted Stock or Stock Units shall have a Restriction Period of at least three (3) years, except that (i) the Restriction Period for any Award may be shortened pursuant to the Award Agreement in connection with death, Disability or Retirement or pursuant to Section 14.5, (ii) Awards with restrictions based upon achievement of performance goals shall have a Restriction Period of at least one (1) year, and (iii) Awards to Outside Directors shall have a Restriction Period of at least one (1) year.

(c) *Execution of Award Agreements.* Notwithstanding Section 3.5, a Restricted Stock or Stock Unit Award must be accepted within a period of sixty (60) days, or such other period as the Committee may specify, by executing a Restricted Stock/Stock Unit Award Agreement and paying whatever price, if any, is required. The prospective recipient of a Restricted Stock or Stock Unit Award shall not have any rights with respect to such Award, unless and until such recipient has executed a Restricted Stock/Stock Unit Award Agreement and has delivered a fully executed copy thereof to the Company, and has otherwise complied with the applicable terms and conditions of such Award.

7.3 *Nontransferability.* Except as otherwise provided in this Article 7 or in a Participant's Award Agreement, no shares of Restricted Stock or Stock Units received by a Participant shall be sold, exchanged, transferred, pledged, assigned, hypothecated or otherwise disposed of during the Restriction Period or, in the case of Stock Units, either during or after the Restriction Period, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, a Participant's rights under an Award of Restricted Stock or Stock Units shall be exercisable during the Participant's lifetime only by the Participant or the Participant's legal representative.

7.4 *Certificates.* Upon an Award of Restricted Stock to a Participant, Shares of Restricted Stock shall be registered in the Participant's name. Certificates, if issued, may either be held in custody by the Company until the Restriction Period expires or until restrictions thereon otherwise lapse and/or be issued to the Participant and registered in the name of the Participant, bearing an appropriate restrictive legend and remaining subject to appropriate stop-transfer orders. If required by the Committee, the Participant shall deliver to the Company one

or more stock powers endorsed in blank relating to the Restricted Stock. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock subject to such Restriction Period, unrestricted certificates for such shares shall be delivered to the Participant; provided, however, that the Committee may cause such legend or legends to be placed on any such certificates as it may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission and any applicable federal or state law.

7.5 Dividends and Other Distributions. Except as provided in this Article 7 or in the Award Agreement, a Participant receiving a Restricted Stock Award shall have, with respect to such Restricted Stock Award, all of the rights of a shareholder of the Company, including the right to vote the Shares to the extent, if any, such Shares possess voting rights and the right to receive any dividends; provided, however, the Committee may require that any dividends on such Shares of Restricted Stock shall be automatically deferred and reinvested in additional Restricted Stock subject to the same restrictions as the underlying Award, or may require that dividends and other distributions on Restricted Stock shall be paid to the Company for the account of the Participant and held pending and subject to the vesting of the applicable Shares. The Committee shall determine whether interest shall be paid on such amounts, the rate of any such interest, and the other terms applicable to such amounts. A Participant receiving a Stock Unit Award shall not possess voting rights and shall accrue dividend equivalents on such Units to the extent provided in the Award Agreement relating to the Award. The Committee may require that such dividend equivalents shall be subject to the same restrictions on vesting and payment as the underlying Award. In addition, with respect to Awards intended to qualify for the performance-based compensation provisions of Section 162(m) of the Code, the Committee may apply any restrictions it deems appropriate to the payment of dividends declared with respect to Restricted Stock such that the dividends and/or Restricted Stock maintain eligibility for such provisions.

ARTICLE 8—PERFORMANCE UNITS

8.1 Grant of Performance Units. Performance Units may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

8.2 Value of Performance Units. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the number and/or value of Performance Units that will be paid out to the Participant. For purposes of this Article 8, the time period during which the performance goals must be met shall be called a “Performance Period.”

8.3 Earning of Performance Units. Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive a payout of the number and value of Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals have been achieved.

8.4 Form and Timing of Payment of Performance Units. Subject to the terms of this Plan, the Committee, in its sole discretion, may pay earned Performance Units in the form of cash or in Shares (or in a combination thereof) that has an aggregate Fair Market Value equal to the value of the earned Performance Units at the close of the applicable Performance Period. Such Shares may be granted subject to any restrictions in the Award Agreement deemed appropriate by the Committee. The determination of the Committee with respect to the form and timing of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award. Except as otherwise provided in the Participant’s Award Agreement, a Participant shall be entitled to receive any dividends declared with respect to earned grants of Performance Units that are being settled in Shares and that have not yet been distributed to the Participant (such dividends may be subject to the same accrual, forfeiture, and payout restrictions as apply to dividends earned with respect to Stock Units, as set forth in Section 7.5 herein). In addition, unless otherwise provided in the Participant’s Award Agreement, a Participant shall be entitled to exercise full voting rights with respect to such Shares.

8.5 *Nontransferability*. Except as otherwise provided in a Participant's Award Agreement, Performance Units may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

ARTICLE 9—PERFORMANCE MEASURES

9.1 *Approved Measures*. Until the Committee proposes for shareholder vote and shareholders approve a change in the general performance measures set forth in this Article 9, the attainment of which may determine the degree of payout and/or vesting with respect to Awards that are intended to qualify under the performance-based compensation provisions of Section 162(m) of the Code, the performance measure(s) to be used for purposes of such Awards shall be chosen from among the following: earnings, earnings per share, consolidated pre-tax earnings, net earnings, operating income, EBIT (earnings before interest and taxes), EBITDA (earnings before interest, taxes, depreciation and amortization), gross margin, revenues, revenue growth, market value added, economic value added, return on equity, return on investment, return on assets, return on net assets, return on capital employed, total shareholder return, profit, economic profit, after-tax profit, pre-tax profit, cash flow measures, cash flow return, sales, sales volume, stock price, cost, and/or unit cost. The Committee can establish other performance measures for Awards granted to Eligible Participants that are not intended to qualify under the performance-based compensation provisions of Section 162(m) of the Code.

9.2 *Adjustments to Measures*. The Committee shall be authorized to make adjustments in performance-based criteria or in the terms and conditions of other Awards in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in applicable laws, regulations or accounting principles. In the case of Awards that are intended to qualify under the performance-based compensation provisions of Section 162(m) of the Code, such adjustments shall be made in accordance with guidelines established by the Committee at the time the performance-based Award is granted (or within such period thereafter as may be permissible under Section 162(m) of the Code). The Committee shall also have the discretion to adjust the determinations of the degree of attainment of the pre-established performance goals; provided, however, that Awards which are designed to qualify for the performance-based compensation exception from the deductibility limitations of Section 162(m) of the Code, and which are held by executive officers, may not be adjusted upward (the Committee shall retain the discretion to adjust such Awards downward).

9.3 *Use of Other Measures*. If changes in applicable laws or regulations permit the Committee, in the case of Awards intended to qualify under the performance-based compensation provisions of Section 162(m) of the Code, discretion to use performance measures other than those listed in Section 9.1 without obtaining shareholder approval of such changes, the Committee may make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards which shall not qualify for the performance-based compensation exception from the deductibility limitations of Section 162(m) of the Code, the Committee may make such grants without satisfying the requirements of Section 162(m) of the Code.

ARTICLE 10—AWARDS TO NON-EMPLOYEE DIRECTORS

An Outside Director may be granted one or more Awards of Nonqualified Stock Options, Stock Appreciation Rights or a combination thereof in any fiscal year, subject to the limitations of Section 4.2. In lieu of any Award of Nonqualified Stock Options or Stock Appreciation Rights during any fiscal year, an Outside Director may be granted one or more Awards of Restricted Stock, Stock Units or a combination thereof in such fiscal year, subject to the limitations of Section 4.2. The number of Shares subject to such Awards, any formula pursuant to which such number shall be determined, the date of grant and the vesting, expiration and other terms applicable to such Awards shall be recommended from time to time by the Committee and approved by the Board and shall be subject to the terms of this Plan applicable to Awards in general. Outside Directors may receive Awards under the Plan only as provided in this Article 10.

ARTICLE 11—BENEFICIARY DESIGNATION

If and to the extent permitted by the Committee, each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives any or all of such benefit. If any such designation is permitted, the Committee shall, in its sole discretion, establish rules and procedures for such designations. Unless different rules and procedures are established by the Committee, each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Company, and will be effective only when filed by the Participant in writing with a designated representative of the Committee during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

ARTICLE 12—DEFERRALS

The Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, the lapse or waiver of restrictions with respect to Restricted Stock, or the satisfaction of any requirements or goals with respect to Stock Units. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such deferrals, and the Committee may provide for such arrangements, including conversion to another form of Award that is available under the Plan and has equivalent value, as it deems necessary in order to permit the deferral of taxes in connection with such deferral by the Participant.

ARTICLE 13—WITHHOLDING

13.1 *Tax Withholding.* The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan. The Company shall not be required to issue Shares or to recognize the disposition of such Shares until such obligations are satisfied.

13.2 *Share Withholding.* With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock, or upon any other taxable event arising as a result of Awards granted hereunder, to the extent permitted or required by the Committee, these obligations may or shall be satisfied by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to not more than the minimum amount of tax required to be withheld with respect to the transaction. All such elections shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

ARTICLE 14—AMENDMENT AND TERMINATION

14.1 *Amendment of Plan.* Except as otherwise provided in this Section 14.1, the Committee or the Board may at any time terminate or from time to time amend the Plan in whole or in part, but no such action shall adversely affect any rights or obligations with respect to any Awards previously granted under the Plan, unless the affected Participants consent in writing. Neither the Committee nor the Board may, without approval of the shareholders of the Company, amend the Plan to (i) materially increase benefits accruing to Participants under the Plan, (ii) materially increase the number of Shares which may be issued under the Plan or (iii) materially modify the requirements for participation in the Plan. The Company will also obtain the approval of the shareholders before amending the Plan to the extent required by Section 162(m) or Section 422 of the Code or the rules of any securities exchange or quotation or trading system on which Shares are traded or other applicable law.

Table of Contents

14.2 *Amendment of Award; Repricing.* The Committee may, at any time, amend outstanding Awards in a manner not inconsistent with the terms of the Plan; provided, however, that: (i) if such amendment is adverse to the Participant, as determined by the Committee, the amendment shall not be effective unless and until the Participant consents, in writing, to such amendment, except as provided in Section 14.4 or in the Award Agreement; and (ii) the Committee shall not have the authority to decrease the exercise price of any outstanding Option or SAR, nor award any Option or SAR in replacement of a canceled Option or SAR with a higher exercise price, except in accordance with Section 4.3 or unless such an amendment is approved by the shareholders of the Company. To the extent not inconsistent with the terms of the Plan and the foregoing, the Committee may, at any time, amend an outstanding Award Agreement in a manner that is not unfavorable to the Participant without the consent of such Participant.

14.3 *Termination of Plan.* No Awards shall be granted under the Plan after June 28, 2009, but Awards theretofore granted may extend beyond that date.

14.4 *Cancellation of Awards.*

(a) The Committee may, in its sole discretion, provide in the Award Agreement that if a Participant engages in any “Detrimental Activity” (as defined below), the Committee may, notwithstanding any other provision in this Plan to the contrary, cancel, rescind, suspend, withhold or otherwise restrict or limit any unexpired, unexercised, unpaid or deferred Award as of the first date the Participant engages in the Detrimental Activity, unless sooner terminated by operation of another term of this Plan or any other agreement. Without limiting the generality of the foregoing, the Award Agreement may also provide that if the Participant exercises an Option or SAR, receives a Performance Unit payout, receives or vests in Shares under an Award or vests in or receives a payout under a Stock Unit at any time during the period beginning six months prior to the date the Participant first engages in Detrimental Activity and ending six months after the date the Participant ceases to engage in any Detrimental Activity, the Participant shall be required to pay to the Company the excess of the then fair market value of the Shares subject to the Award over the total price paid by the Participant for such Shares.

(b) For purposes of this Section, except to the extent provided otherwise in the Award Agreement, “Detrimental Activity” means any of the following, as determined by the Committee in good faith: (i) the violation of any agreement between the Company or any Employer and the Participant relating to the disclosure of confidential information or trade secrets, the solicitation of employees, customers, suppliers, licensees, licensors or contractors, or the performance of competitive services; (ii) conduct that constitutes Cause (as defined in Section 2.4 above), whether or not the Participant’s employment is terminated for Cause; (iii) making, or causing or attempting to cause any other person to make, any statement, either written or oral, or conveying any information about the Company or any other Employer which is disparaging or which in any way reflects negatively upon the Company or the Employer; (iv) improperly disclosing or otherwise misusing any confidential information regarding the Company or any Employer; or (v) the refusal or failure of a Participant to provide, upon the request of the Company, a certification, in a form satisfactory to the Company, that he or she has not engaged in any activity described in clauses (i)-(iv).

14.5 *Assumption or Acceleration of Awards.* In the event of a proposed sale of all or substantially all of the assets or stock of the Company, the merger of the Company with or into another corporation such that shareholders of the Company immediately prior to the merger exchange their shares of stock in the Company for cash and/or shares of another entity or any other corporate transaction to which the Committee deems this provision applicable, each Award shall be assumed or an equivalent Award shall be substituted by the successor corporation or a parent or subsidiary of such successor corporation (and adjusted as appropriate), unless such successor corporation does not agree to assume the Award or to substitute an equivalent award, in which case the Committee may, in lieu of such assumption or substitution, provide for the Participant to have the right to exercise the Option or other Award as to all Shares, including Shares as to which the Option or other Award would not otherwise be exercisable (or with respect to Restricted Stock or Stock Units, provide that all restrictions shall lapse). If the Committee makes an Option or other Award fully exercisable in lieu of assumption

or substitution in the event of a merger or sale of assets or stock or other corporate transaction, the Committee shall notify the Participant that, subject to rescission if the merger, sale of assets or stock or other corporate transaction is not successfully completed within a certain period, the Option or other Award shall be fully exercisable for a period of fifteen (15) days from the date of such notice (or such other period as provided by the Committee), and, to the extent not exercised, the Option or other Award will terminate upon the expiration of such period.

ARTICLE 15—MISCELLANEOUS PROVISIONS

15.1 *Restrictions on Shares.* All certificates for Shares delivered under the Plan shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules and regulations of the Securities and Exchange Commission, any securities exchange or quotation or trading system on which Shares are traded and any applicable federal, state, local or foreign laws, and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions. In making such determination, the Committee may rely upon an opinion of counsel for the Company. Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any Shares under the Plan or make any other distribution of the benefits under the Plan unless such delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act of 1933), and the applicable requirements of any securities exchange or quotation or trading system on which Shares are traded.

15.2 *Rights of a Shareholder.* Except as otherwise provided in Article 7 of the Plan and in the Restricted Stock Award Agreement, each Participant who receives an Award of Restricted Stock shall have all of the rights of a shareholder with respect to such Shares, including the right to vote the Shares to the extent, if any, such Shares possess voting rights and receive dividends and other distributions. Except as provided otherwise in the Plan or in an Award Agreement, no Participant shall have any rights as a shareholder with respect to any Shares covered by an Award prior to the date of issuance to him or her of a certificate or certificates for such Shares.

15.3 *No Implied Rights.* Nothing in the Plan or any Award granted under the Plan shall confer upon any Participant any right to continue in the service of the Employer, or to serve as a member of the Board, or interfere in any way with the right of the Employer to terminate his or her employment or other service relationship at any time. Except to the extent approved by the Board, no Award granted under the Plan shall be deemed salary or compensation for the purpose of computing benefits under any employee benefit plan, severance program, or other arrangement of the Employer for the benefit of its employees. No Participant shall have any claim to an Award until it is actually granted under the Plan. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall, except as otherwise provided by the Committee, be no greater than the right of an unsecured general creditor of the Company.

15.4 *Compliance with Laws.* At all times when the Committee determines that compliance with Section 162(m) of the Code is required or desirable, all Awards granted under this Plan shall comply with the requirements of Section 162(m) of the Code. In addition, in the event that changes are made to Section 162(m) of the Code to permit greater flexibility with respect to any Awards under the Plan, the Committee may, subject to the requirements of Article 14, make any adjustments it deems appropriate. The Plan and the grant of Awards shall be subject to all applicable federal, state local and foreign laws, rules, and regulations and to such approvals by any government or regulatory agency as may be required.

15.5 *Successors.* The terms of the Plan shall be binding upon the Company, and its successors and assigns.

15.6 *Tax Elections.* Each Participant shall give the Committee prompt written notice of any election made by such Participant under Section 83(b) of the Code or any similar provision thereof. Notwithstanding the preceding sentence, the Committee may condition any award on the Participant's not making an election under Section 83(b) of the Code.

15.7 *Legal Construction.*

(a) *Severability.* If any provision of this Plan or an Award Agreement is or becomes or is deemed invalid, illegal or unenforceable in any jurisdiction, or would result in the Plan or any Award Agreement not complying with any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award Agreement, it shall be stricken and the remainder of the Plan or the Award Agreement shall remain in full force and effect.

(b) *Gender and Number.* Where the context permits, words in any gender shall include the other gender, words in the singular shall include the plural and words in the plural shall include the singular.

(c) *Governing Law.* To the extent not preempted by federal law, the Plan and all Award Agreements hereunder, shall be construed in accordance with and governed by the substantive laws of the State of North Carolina.
