**PROXY STATEMENT**

**MEETING INFORMATION**

The Board of Directors of Cree, Inc. (the "Company") is asking for your proxy for use at the 2003 Annual Meeting of Shareholders and any adjournments of the meeting. The meeting will be held at the Company's offices at 4425 Silicon Drive, Durham, North Carolina 27703, on Tuesday, October 28, 2003, at 10:00 a.m. local time. The business to be conducted at the meeting is the election of seven directors and such other business as may be properly brought before the meeting.

**The Board of Directors recommends that you vote FOR the election of the director nominees listed in this proxy statement.**

**VOTING PROCEDURES**

**Who Can Vote**

Only shareholders of record at the close of business on September 4, 2003 are entitled to vote at the meeting and any adjournments of the meeting. At that time there were 74,201,219 shares of the Company's common stock outstanding, each of which is entitled to one vote on each matter submitted to a vote at the meeting. The common stock is the only class of securities of the Company having the right to vote at the meeting.

**How You Can Vote**

You may vote shares by proxy or in person using one of the following methods:

- *Voting by Telephone.* You can vote by proxy using the directions on your proxy card by calling the toll-free telephone number printed on the card. The deadline for voting by telephone is Monday, October 27, 2003, at 11:59 p.m. Eastern time. If you vote by telephone you need not return your proxy card.
- *Voting by Internet.* You can vote over the Internet using the directions on your proxy card by accessing the website address printed on the card. The deadline for voting over the Internet is Monday, October 27, 2003 at 11:59 p.m. Eastern time. If you vote over the Internet you need not return your proxy card.
- *Voting by Proxy Card.* You can vote by completing and returning your signed proxy card. To vote using your proxy card, please mark, date and sign the card and return it by mail in the accompanying postage-paid envelope. You should mail your signed proxy card sufficiently in advance for it to be received by Monday, October 27, 2003.
- *Voting in Person.* You can vote in person at the meeting if you are the record owner of the shares to be voted. You can also vote in person at the meeting if you present a properly signed proxy that authorizes you to vote shares on behalf of the record owner. ---

## **Table of Contents**

### **How You Can Revoke Your Proxy and Change Your Vote**

You can revoke your proxy and change your vote by: (1) attending the meeting and voting in person; (2) delivering written notice of revocation of your proxy to the Secretary at any time before voting is closed; or (3) timely submitting another signed proxy card bearing a later date; or (4) timely submitting new voting instructions by telephone or over the Internet as described above.

### **How Your Proxy Will Be Voted**

If you timely submit your proxy by telephone, over the Internet or by proxy card as described above and have not revoked it, your shares will be voted or withheld from voting in accordance with the voting instructions you gave. If you timely submit your proxy without giving contrary voting instructions, your shares will be voted “FOR” election of the director nominees listed in this proxy statement.

### **How You Can Vote Shares Held by a Broker or Other Nominee**

If your shares are held by a broker, bank, custodian or other nominee, you may have received a voting instruction form with this proxy statement instead of a proxy card. The voting instruction form is provided on behalf of the broker or other nominee to permit you to give directions to the broker or nominee on how to vote your shares. Please refer to the voting instruction form or contact the broker or nominee to determine the voting methods available to you.

### **Quorum Required**

A quorum must be present at the meeting before business can be conducted. A quorum will be present if a majority of the shares entitled to vote are represented in person or by proxy at the meeting. Shares represented by a proxy with instructions to withhold authority to vote or to abstain from voting on any matter will be considered present for purposes of determining the existence of a quorum. Shares represented by a proxy as to which a broker, bank, custodian or other nominee has indicated that it does not have discretionary authority to vote on any matter (sometimes referred to as a “broker non-vote”) will also be considered present for purposes of determining the existence of a quorum.

### **Required Vote to Elect Directors**

Directors will be elected by a plurality of the votes cast, meaning that the nominees who receive the most votes will be elected to fill the available positions. Only votes cast for a nominee will be counted. Shareholders do not have the right to vote cumulatively in electing directors. Withholding authority in your proxy to vote for a nominee will result in the nominee receiving fewer votes.

Committee serves as the nominating committee for evaluating and nominating candidates for election as directors. Directors presently serving on Board committees are as follows:

<u>Audit Committee</u>	<u>Compensation Committee</u>	<u>Executive Committee</u>
Mr. von Arx (Chairman)	Mr. Dykes (Chairman)	Mr. Hunter (Chairman)
Mr. Dykes	Mr. Von Arx	Mr. Dykes

Dr. Potter	Dr. Potter	

The Audit Committee is authorized by the Board of Directors to review with the Company's independent auditors the annual financial statements of the Company prior to publication, to review the work of and approve non-audit services performed by the independent auditors, and to approve the appointment of independent auditors for the ensuing year. The Committee also reviews the effectiveness of the financial and accounting functions, organization, operations and management of the Company. The Board of Directors has adopted a written charter for the functioning of the Audit Committee. All directors serving as members of the Audit Committee are independent within the meaning of Rule 4200(a)(14) of the Nasdaq Stock Market Marketplace Rules.

The Compensation Committee determines the compensation of the Company's chief executive officer and reviews and approves the compensation of all other officers of the Company. In addition, the Committee is responsible for administration of the Company's stock option plans and, in that capacity, reviews and approves proposed grants of stock options. The Compensation Committee also serves as the nominating committee for evaluating and nominating candidates for election as directors. Shareholders may recommend nominees to be considered by the Committee by submitting the recommendations in writing to the attention of the Corporate Secretary at the Company's principal executive offices.

The Executive Committee was established to render advice and recommendations to the Board of Directors with regard to policies of the Company and the conduct of its affairs, to consider matters submitted to the Committee during intervals between meetings of the Board of Directors and, subject to ratification by the full Board, to approve contracts, agreements and other material corporate matters. The Executive Committee held no meetings during fiscal 2003.

### Compensation of Directors

Directors who are also employed by the Company are not separately compensated for their service on the Board or any Board committee. Prior to the 2002 Annual Meeting, non-employee directors were compensated solely through stock option grants for service on the Board. Each non-employee director presently serving on the Board was granted, in September 2002, an option to purchase 16,000 shares of common stock at an exercise price of \$12.51 per share, the closing market price on the grant date. The option terms provided for vesting in equal increments on the last day of each calendar quarter following election as a director at the 2002 Annual Meeting or, if earlier, upon the election of directors at the 2003 Annual Meeting.

Commencing with the 2002 Annual Meeting, non-employee directors are compensated for Board service through a combination of cash meeting fees and option grants. For Board meetings, non-employee directors are paid \$2,500 for each meeting attended in person and \$1,000 for each meeting attended by telephone or other means. For committee meetings, non-employee directors serving on the committee are paid \$1,000 for each meeting attended (whether in person or by telephone) except that the person serving as the committee chair is paid \$2,000 per meeting. Total cash compensation earned by a director for attendance at meetings during any fiscal year may not exceed \$40,000 unless otherwise approved by the Board. During fiscal year 2003, the following amounts were earned by non-employee directors as cash meeting fees: Mr. Dykes, \$16,000; Mr. von Arx, \$18,000; Mr. O'Meara, \$19,000 and Dr. Potter, \$19,000. It is anticipated that each non-employee director nominated for election at the 2003 Annual Meeting will be granted an option to purchase 16,000 shares of common stock on or about October 13, 2003, at an exercise price equal to the closing market price on that date. These options will vest, subject to continued service as a director or as an employee of the Company, in equal increments on the last day of each calendar quarter following election as a director at the 2003 Annual Meeting or, if earlier, upon the election of directors at the annual meeting of shareholders to be held in 2004.

The Company also reimburses directors for expenses incurred in serving as a director.

### Report of the Compensation Committee

The Compensation Committee determines the compensation of the Company's chief executive officer. It also reviews and approves compensation recommendations submitted by the chief executive officer for all other executive and non-executive officers. In addition, the Committee administers the Company's Equity Compensation Plan and other employee stock option plans and, in that capacity, is responsible for reviewing and approving stock options awarded under the plans. This report describes the policies followed by the Committee with respect to compensation of executive officers during fiscal 2003, and the bases for the compensation of Mr. Swoboda, who served as the chief executive officer during the year.

*Executive Compensation Policies*. The Committee believes the Company's overall compensation program should relate to creating shareholder value. Accordingly, the Committee seeks to adhere to executive compensation practices that will enable the Company to attract and retain talented executives, align the interests of executives with shareholder interests through equity-based plans and motivate executives to achieve targeted Company objectives. In furtherance of these goals, cash compensation is generally set annually at levels which take into account both competitive and performance factors. The Company also relies to a substantial degree on stock options to attract and motivate its executives.

For fiscal 2003 executive officer compensation consisted of base salary, participation in an annual management incentive compensation program and stock option grants, in addition to other benefits available to Company employees generally. The Committee sought to establish each overall package at competitive market levels based on executive compensation surveys and other relevant information.

*Cash Compensation*. The Committee examined both qualitative and quantitative factors relating to corporate and individual performance in approving salary adjustments. The qualitative factors in many instances necessarily involved a subjective assessment by the Committee. The Committee did not base its considerations on any single factor nor specifically assign relative weights to factors. It instead considered a variety of factors and evaluated individual performance against those factors both in absolute terms and in relation to the executive's peers at similar companies. With respect to executive officers other than Mr. Swoboda and Mr. Hunter, who served as Chairman during the year, the Committee also relied substantially on Mr. Swoboda's evaluations and recommendations. Based on its review, the Committee authorized that the base

salaries of Mr. Swoboda and the other named executive officers for fiscal 2003 be increased. The Committee also approved a management incentive compensation program for fiscal 2003 with substantially the same terms as the management incentive compensation program adopted for fiscal 2002. Under the fiscal 2003 program, each participant was assigned a target award for the fiscal year, expressed as a percentage of base salary, to be paid if certain pre-established goals were achieved. Mr. Hunter did not participate in the management incentive compensation program during fiscal 2003. For Mr. Swoboda, all of the target incentive payment was conditioned upon achieving, as a corporate goal, specified revenue and net income targets for fiscal year 2003. For other executive officers, 60% of the target incentive payment was conditioned upon achieving the same corporate goals for the year, and the remaining 40% of the target was payable quarterly if individual quarterly goals established by Mr. Swoboda were met. For fiscal 2003 the corporate revenue and net income targets were achieved and the corresponding incentive payments were paid under the plan.

*Equity Compensation* . The Company utilizes stock options granted to executive officers under the Company's Equity Compensation Plan to align shareholder and management interests by giving executive officers a substantial economic stake in long-term appreciation of the Company's stock. Only nonqualified stock options have been awarded under this Plan, and all awards have been made at exercise prices not less than the market value of the underlying stock at the time of the grant.

In reviewing proposed grants to executive officers, the Compensation Committee takes into account all factors it deems appropriate, including the officer's position and level of responsibility, the officer's existing unvested option holdings, the potential reward to the officer if the stock price appreciates and the competitiveness of the officer's overall compensation arrangements. Outstanding performance by an individual may also be taken into consideration. Option grants are often made to new executives upon commencement of employment and, on occasion, to executives in connection with a significant change in job responsibility. The Committee also relies on the chief executive officer's recommendations in approving option grants to other executive officers. The Committee approved stock option grants to executive officers during fiscal 2003 based on the policies described above and Mr. Swoboda's recommendations.

*Bases for Chief Executive Officer Compensation* . The Compensation Committee followed the general policies described above in approving Mr. Swoboda's cash compensation for fiscal 2003 and the stock options awarded him during the year, taking into consideration a number of factors relating to corporate and individual performance and the added responsibilities of chief executive officers under the Sarbanes-Oxley Act of 2002.

Based on these factors the Committee approved an annual salary of \$400,000 for Mr. Swoboda commencing in fiscal 2003, with a target incentive award equal to 50% of his base salary, which was paid based upon the achievement of the targets established at the beginning of the fiscal year. Mr. Swoboda also received one option grant during the fiscal year, representing the right to purchase 50,000 shares of common stock at \$13.11 per share, with the exercise price equal to the closing market price on the grant date. This option vests as to 25,000 shares in September 2003 and 25,000 shares in September 2004, subject to continued employment at the applicable vesting date.

Report of the Audit Committee

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact independent.

Based upon the review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter (a copy of which was included as an appendix to the 2002 proxy statement), the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 29, 2003 to be filed with the Securities and Exchange Commission.
