Cautionary Statement on Forward Looking Statements and Disclosure of Non-GAAP Performance Measures

Certain statements made herein or elsewhere by, or on behalf of, the Company that are not historical facts are intended to be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements are based on assumptions that the Company believes are reasonable; however, many important factors, as discussed under “Forward-Looking Statements” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2015, could cause the Company’s results in the future to differ materially from the forward-looking statements made herein and in any other documents or oral presentations made by, or on behalf of, the Company. Forward-looking statements contained herein regarding acquisitions include assumptions about the pricing, timing, and terms and conditions of such acquisitions. We can provide no assurances that our growth strategy will be successfully implemented. In particular, we can provide no assurances that we will find attractive acquisition targets, that we will succeed in negotiating the terms and conditions reflected in the model, or that we will execute any acquisitions during the next five years. Forward-looking statements contained herein regarding the performance of our acquisition and same store businesses include assumptions related to future revenue growth. We can provide no assurances that our acquisition and same store businesses will generate the revenue growth set forth herein, or any revenue growth at all. The Company assumes no obligation to update or publicly release any revisions to forward-looking statements made herein or any other forward-looking statements made by, or on behalf of, the Company.

This presentation uses Non-GAAP financial measures to present the financial performance of the Company. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company’s reported operating results or cash flow from operations or any other measure of performance as determined in accordance with GAAP. We believe the Non-GAAP results are useful to investors because such results help investors compare our results to previous periods and provide insights into underlying trends in our business. In addition, the Company’s presentation of these measures may not be comparable to similarly titled measures of other companies. Pursuant to the requirements of Regulation G, the Company has provided quantitative reconciliations within the most current press release and on our Investor Relations page of the website of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

A copy of the Company’s Form 10-K, and other Carriage Services information and news releases, are available at www.carriageservices.com.

Standards Operating Model

Disciplined Execution of Standards Operating Model has led to **consistent** and **repeatable** High Performance operating and financial results:

Long Term Improvement in Same Store EBITDA Margin (2011-2016)

Strategic Acquisition Model

Growth by Buying and Building a Portfolio

Carriage is an attractive succession planning option for owners of funeral homes and cemeteries due to:

- Our Decentralized Standards Operating Model
- Our Operational Support Center (Legal, HR, IT, Business Analysis and Planning, Regulatory, etc.)

The Model is used to assess strategic acquisition candidates based on a number of specific criteria including: market size and demographic trends, client family revenue profile, institutional brand strength, long term (10 years) contract volume and revenue per contract (3 years) trends.

Strategic Ranking Criteria are highly predictive of future long term revenue growth leading to shareholder value creation.

Final valuation and purchase price of acquired businesses ensure Return on Invested Capital is greater than our Cost of Capital in early years and increases over time.

* Industry Leading

Carriage Services, Inc.

A Value Creation Investment Platform

Growing Adjusted Free Cash flow allows Carriage to fund the majority of acquisition activity or allocate to other investment options to generate returns for shareholders (internal growth capital expenditures, share repurchases, dividends).

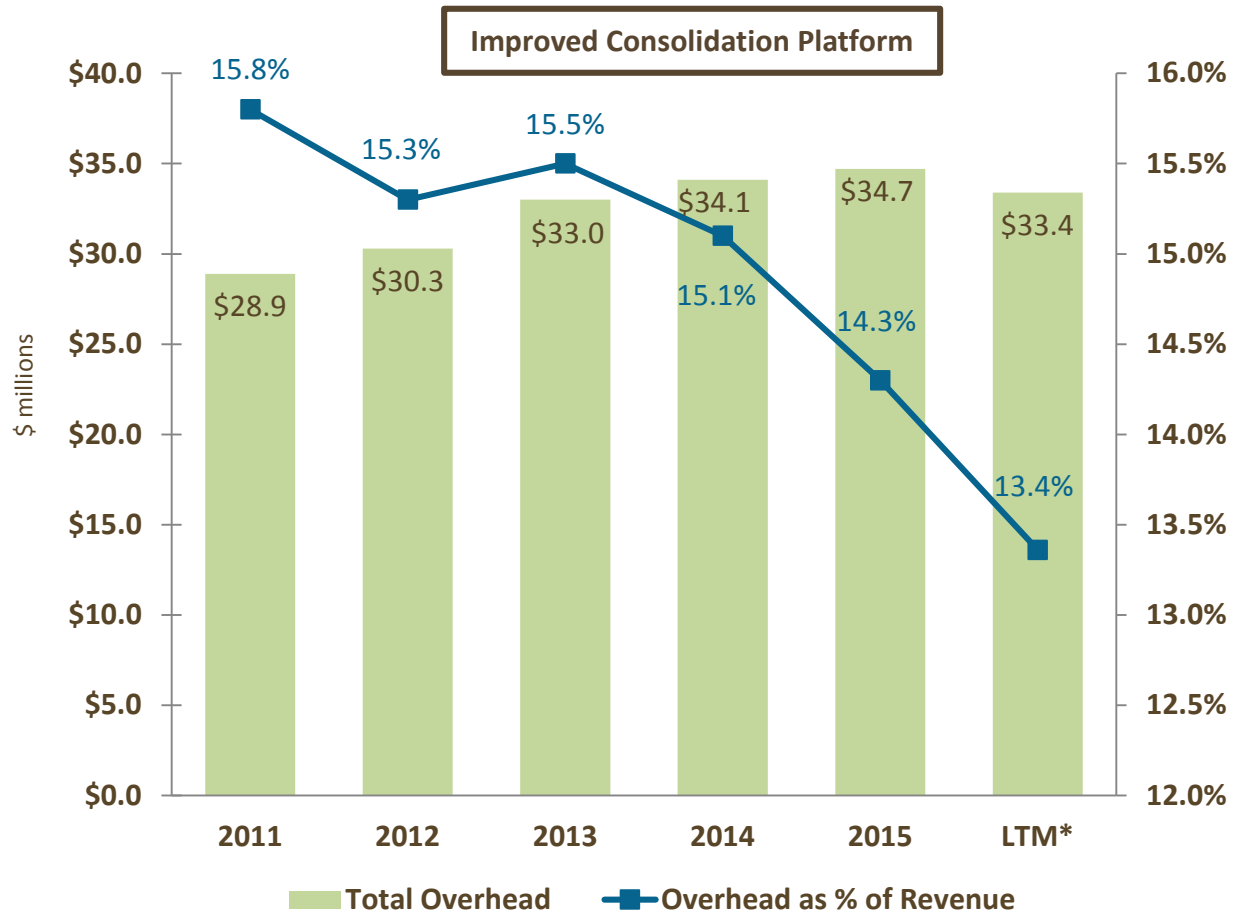

Carriage Services, Inc.

A Value Creation Investment Platform

Relatively Fixed Overhead structure ensures Total Overhead grows at a slower rate versus Total Revenue so that the majority of acquired and incremental Same Store Field EBITDA falls to Adjusted Consolidated EBITDA.

*LTM Q3 2016 adjusted for \$4.1 million one-time retirement charges.

Carriage Services, Inc.

A Value Creation Investment Platform

- Capital structure and lower cost of capital support Carriage's Ten Year Vision and strategy
- Extended maturity of our Credit Facility to January 2021
- Expect to reduce net leverage to 4x Adjusted Consolidated EBITDA over time

Five Year Growth Scenario

- Intention is to provide investors with a “roughly right” range of future results as we execute our Strategic Acquisition and Standards Operating Models.
- **Not intended** to be a management forecast or a prediction of future results.
- “Roughly Right” range includes:
 - Incremental improvement of our current portfolio of funeral homes and cemeteries.
 - A scenario of future acquisition activity based on Carriage’s view of the current favorable acquisition landscape.
 - Approximately 60–70% growth in Field EBITDA driven by acquisition activity.
- We are committed to achieving our 5 year goals for long-term value creation.
 - We firmly believe that long-term shareholder value is created by a disciplined and consistent approach to allocating capital among various investment options to maximize intrinsic per share value of Carriage.
