Citi Trends Announces Fourth Quarter and Fiscal 2016 Sales and Declares Quarterly Dividend

Fourth quarter comparable store sales increased 3.4%

SAVANNAH, Ga.--(BUSINESS WIRE)-- Citi Trends, Inc. (NASDAQ:CTRN) today reported unaudited sales for the fourth quarter and fiscal year ended January 28, 2017.

Total sales in the 13-week period ended January 28, 2017, increased 5.4% to \$185.5 million compared with \$176.1 million in the 13-week period ended January 30, 2016. Comparable store sales in this year's fourth quarter increased 3.4% from the fourth quarter of fiscal 2015. By month, comparable store sales were up 5% in November, up 2% in December and up 6% in January.

For the year, total sales increased 1.7% to \$695.2 million compared with \$683.8 million in fiscal 2015. Comparable store sales decreased 0.4% for the full year.

In looking forward, the Company expects that tax refund driven sales are likely to shift largely from February to March of 2017 due to later disbursement by the Internal Revenue Service than in 2016. Historically, a shift in sales related to later tax refunds has had a negative impact on first quarter sales.

In addition, the Company announced that its Board of Directors has declared a quarterly dividend of \$0.06 per common share, payable on March 14, 2017, to shareholders of record as of the close of business on February 28, 2017.
