PROXY STATEMENT FOR 2005 ANNUAL MEETING OF SHAREHOLDERS

PROCEDURAL MATTERS

General

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Daktronics, Inc. (the “Company”) for use at our Annual Meeting of Shareholders to be held on Wednesday, August 17, 2005, at Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota at 7:00 p.m. Central Daylight Time, and at any adjournment thereof (the “Annual Meeting”), for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders.

These proxy solicitation materials, together with our fiscal year 2005 Annual Report to Shareholders, were mailed on or about July 15, 2005, to all shareholders entitled to vote at the Annual Meeting.

In this Proxy Statement, “Daktronics”, “Company”, “we”, “us”, and “our” refer to Daktronics, Inc.

Record Date

Shareholders of record at the close of business on June 20, 2005 (the “Record Date”) are entitled to notice of and to vote at the meeting. As of the Record Date, 19,187,527 shares of our common stock were issued and outstanding.

Voting at the Annual Meeting

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the 2005 Annual Meeting, present in person or represented by proxy, will constitute a quorum for the transaction of business. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is present. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Each share is entitled to one vote on all matters submitted to a vote. However, with respect to the election of Directors, every shareholder shall have the right to vote, in person or by proxy, the number of shares owned by the holder for each Director to be elected, or to cumulate the holder’s votes by giving one candidate the number of votes which is equal to the number of Directors to be elected multiplied by the number of the holder’s shares, or by distributing such cumulated votes among any number of nominees. Shares abstaining will be treated as not voted. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

How Votes are Submitted

If the shares of our common stock are held directly in the name of the shareholder, he or she can vote on matters to come before the meeting in two ways:

- By completing, dating and signing the enclosed proxy and returning it to us in the enclosed postage-paid envelope; or
- By written ballot at the meeting.

Shareholders whose shares of our common stock are held in “street name” must either direct the record holder of their shares as to how to vote their shares of common stock or obtain a proxy from the record holder to vote at the meeting. “Street name” shareholders should check the voting instruction cards used by their brokers or nominees for specific instructions on methods of voting, including by telephone or using the Internet.

Participants in the Company’s 401(k) Plan (the “Plan”) who hold common stock of the Company in the Plan are entitled to instruct the trustee of the Plan how to vote their shares. Each participant will receive a voting instruction card to direct the trustee to vote his or her shares. If a participant does not timely return a completed voting instruction card, the trustee will vote the shares allocated to that participant in the

same proportion as the shares which are voted by all other participants under the Plan.

Proxies

All shares entitled to vote and represented by properly executed proxies received before the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies, if they are not revoked before the vote as described below. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, the proxy holders will have discretion to vote on those matters in accordance with their best judgment.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy may be revoked by either (i) delivery of a written notice of revocation or a duly executed proxy to the Corporate Secretary of the Company bearing a date later than the prior proxy relating to the same shares, or (ii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not itself revoke a proxy). To be effective, any written notice of revocation or subsequent proxy must be received by our Corporate Secretary before the taking of the vote at the Annual Meeting.

Expenses of Solicitation

All expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be borne by us. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, e-mail, letter or facsimile. Such Directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Procedure for Submitting Shareholder Proposals

Shareholders may present proper proposals for inclusion in our proxy materials for consideration at the next annual meeting of our shareholders by submitting their proposals to us in a timely manner. In order to be included in our proxy materials for the next annual meeting, shareholder proposals must be received by us no later than March 28, 2006, and must otherwise comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

For any proposal that is not submitted for inclusion in next year's Proxy Statement but is instead sought to be presented directly at the 2006 Annual Meeting of Shareholders, management may vote proxies in its discretion if we: (a) receive notice of the proposal before the close of business on May 23, 2006 and advise shareholders in the 2006 Proxy Statement about the nature of the matter and how management intends to vote on such matter; or (b) do not receive notice of the proposal before the close of business on May 23, 2006. Notices of intention to present proposals at the 2006 Annual Meeting of Shareholders should be addressed to Corporate Secretary, Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006.

CORPORATE GOVERNANCE

Board of Directors Meetings

Members of the Board of Directors are kept informed regarding our business through discussions with the Chairman, the Chief Executive Officer, the Chief Financial Officer, and key members of management, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

During fiscal 2005, the Board of Directors held four meetings (including regularly scheduled and special meetings), and all of the incumbent Directors attended 75% or more of the meetings of the Board of Directors and committees, if any, upon which such Directors served.

Annual Meeting Attendance Policy

We do not have a policy with regard to Directors' attendance at annual meetings of shareholders. All Directors attended our 2004 Annual Meeting of Shareholders.

Code of Conduct

The Board of Directors has formally adopted our Code of Conduct, which applies to all of our employees, officers and Directors as provided in our company annual report to Shareholders. Included in the Code of Conduct are ethics provisions that apply to our Chief Executive Officer, Chief Financial Officer, and all other financial and accounting management employees. Copies of the Code of Conduct are available free of charge by contacting the Corporate Secretary, Daktronics, Inc., 331 32nd Avenue, Brookings, SD 57006.

Committees of the Board of Directors

The Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee. During fiscal year 2005, our Audit Committee consisted of Mr. Mulligan (Chairperson), Ms. Frame, and Mr. Vellenga. Each Audit Committee member satisfies the audit committee independence standards of the NASDAQ Stock Market. The Board of Directors has determined that Mr. Mulligan is qualified as an "audit committee financial expert," as that term is defined in the applicable regulations of the Securities and Exchange Commission (the "SEC"). The Audit Committee appoints and provides for the compensation of the independent registered public accounting firm, reviews the scope and findings of the completed audit, and reviews the adequacy and effectiveness of our accounting policies and system of internal accounting controls. A copy of the Audit Committee's Charter was included in our fiscal year 2003 Proxy Statement. The Audit Committee met seven times during fiscal year 2005.

Compensation Committee. During fiscal year 2005, our Compensation Committee consisted of Mr. Jensen (Chairperson), Dr. Sander and Mr. Dutcher. All of the Compensation Committee members satisfy the independence requirements of the NASDAQ Stock Market. The Compensation Committee annually reviews and acts upon the Chief Executive Officer's compensation package, reviews compensation policy for the other employees, and acts upon management recommendations concerning employee stock options, bonuses and other compensation and benefit plans. The Compensation Committee met three times during fiscal year 2005.

Nominating and Corporate Governance Committee. During fiscal year 2005, our Nominating and Corporate Governance Committee (the "Nominating Committee") consisted of Ms. Frame (Chairperson), Mr. Jensen and Dr. Sander. All of the Nominating Committee members satisfy the independence requirements of the NASDAQ Stock Market. Our Nominating Committee advises and makes recommendations to the Board of Directors on all matters concerning the selection of candidates as nominees for election as Directors, develops and recommends to the Board of Directors corporate governance guidelines, and provides oversight with respect to corporate governance and ethical conduct. The responsibilities of the Nominating Committee are set forth in the Nominating and Corporate Governance Committee Charter. A copy of the Nominating Committee's Charter was included in our fiscal year 2004 Proxy Statement. The Nominating Committee met four times during fiscal year 2005.

The information below describes the criteria and process that the Nominating Committee uses to evaluate future candidates to the Board of Directors:

Criteria for Nomination to the Board of Directors

The Nominating Committee will consider the appropriate balance of experience, skills and characteristics required of members of the Board of Directors. Nominees will be selected on the basis of their depth and breadth of experience, wisdom, integrity, ability to make independent analytic inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties. The Nominating Committee will seek to insure that at least a majority of the Directors are independent under the rules of the NASDAQ Stock Market, that members of the Audit Committee meet the financial literacy requirements under the rules of the NASDAQ Stock Market, and that at least one member of the Audit Committee qualifies as an "audit committee financial expert" under the rules of the SEC.

Shareholder Proposals for Nominees

The Nominating Committee will consider written proposals from shareholders for nominees for Director. Any such nominations should be submitted to the Nominating Committee in the care of our Corporate Secretary and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed in Schedule 14A under the Securities Exchange Act of 1934 (including appropriate biographical information); (b) such person's written consent to being named in the Proxy Statement as a nominee and to serving as a Director, if elected; (c) the name(s) and address(es) of the shareholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such shareholder(s); and (d) a statement as to the qualifications of the nominee. Shareholder proposals should be submitted by the March 28, 2006 deadline described under the caption, "Procedural Matters – Procedure for Submitting Shareholder Proposals" above.

The Nominating Committee will not change the manner in which it evaluates candidates for Board nominees, including the applicable criteria set forth above, based on whether the candidate was recommended by a shareholder.

Process for Identifying and Evaluating Nominees

The process for identifying and evaluating nominees to the Board of Directors will be initiated by identifying candidate(s) who meet the criteria for selection as a nominee and have the specific qualities or skills being sought based on input from members of the Board and others to the extent determined by the Nominating Committee. These candidate(s) will be evaluated by the Nominating Committee by reviewing the candidates' biographical information and qualifications and, if necessary, by checking references. Qualified nominees shall meet with at least one member of the Nominating Committee and with at least one other member of the Board. The Nominating Committee will decide which of the prospective candidates to recommend to the Board for selection as nominees to be presented for the approval of the shareholders or for appointment to fill a vacancy.

A similar process will be used to evaluate nominees recommended by shareholders. However, to date, the Company has not received any shareholder proposals to nominate a Director.

Board Nominees for the 2005 Annual Meeting

The nominees for this Annual Meeting, Aelred J. Kurtenbach, Robert G. Dutcher and Nancy D. Frame, were selected by the Board of Directors as a whole in May 2005.

Board of Directors' Evaluation

On an ongoing basis, the Nominating Committee facilitates a process to determine whether the Board of Directors and its committees are functioning effectively. The results of this process are reported to the Board for discussion.

How to Contact the Board of Directors

We have a process for shareholders to send communications to our Board of Directors. Shareholders wishing to contact our Directors may do so by writing to them at the following address: Corporate Secretary, Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006. All letters received will be categorized and processed by the Company's Corporate Secretary and then forwarded to the Directors.

Director Compensation

Through the first quarter of fiscal year 2005, each non-employee Director received, for his or her services as a Director, \$1,500 for each meeting attended in person, \$500 for each committee meeting attended in person with (telephonic participation in all meetings counted at one-half rate), and reimbursement of all out-of-pocket expenses incurred in attending meetings. Beginning on August 1, 2004, and throughout the remainder of fiscal year 2005, each non-employee Director received, for his or her services as a Director, an annual \$4,000 retainer and \$2,500 for each meeting attended in person. During this same period, the Chairman of the Audit Committee received a \$4,000 retainer while the other members of the Audit Committee received a retainer of \$2,000. The Chairpersons of the Compensation Committee and the Nominating Committee received a retainer of \$2,000, while the other members of these committees each received a retainer of \$1,000. All non-employee Directors also received reimbursement of all out-of-pocket expenses incurred in attending meetings.

Non-employee Directors also receive stock options under the Company's 2001 Outside Directors Stock Option Plan upon their election to the Board of Directors. In August 2004, Mr. Mulligan and Dr. Sander each received under the 2001 Outside Directors Stock Option Plan options to purchase 4,000 shares for each of the three years of their term, for a total of 12,000 shares. The options are subject to vesting restrictions and have an exercise price of \$22.458 per share, which was equal to the per share fair market value of the Company's common stock on the date of grant as determined by the Board of Directors.

PROPOSAL TWO APPROVE THE COMPANY'S AMENDED AND RESTATED ARTICLES OF INCORPORATION

Background of Proposal

The Board of directors approved and proposed for adoption by the shareholders the Amended and Restated Articles of Incorporation attached to this proxy statement as Appendix A. The Amended and Restated Articles of Incorporation, if approved by our shareholders, will replace our current Articles of Incorporation. The two purposes of the Amended and Restated Articles are to (1) conform our Articles with the new South Dakota Business Corporations Act (the "Act") as enacted by the South Dakota Legislature earlier in 2005 and which became effective on July 1, 2005 and (2) reflect changes to our Articles adopted by the shareholders in previous years. The significant changes proposed consist of the following:

- Adding an introductory statement clarifying the purpose of the Amended and Restated Articles of Incorporation;
- Deleting references to the former South Dakota Codified Law applicable to corporations, which are no longer accurate as a result of the new Act;
- Incorporating the changes to our Articles of Incorporation approved by shareholders on August 15, 2001, which resulted in increases in the number of our authorized shares;
- Revising the provisions related to elimination of the liability of our directors, to conform to the new Act;
- Adding Article 8 allowing the company to indemnify its officers and directors to the fullest extent permitted under the Act and others from time to time as determined by the Board of Directors;
- Updating the registered agent and principal office of the company;

- Increasing the requirement for a quorum of shareholders at a meeting to a majority of the shares entitled to vote, as required by the Act; and
- Eliminating current Articles 11 and 12 relating to control share acquisitions and business combinations, which are not included in the new Act.

If this proposal is adopted, the Amended and Restated Articles of Incorporation will not significantly expand or contract the rights of shareholders as they currently exist under the former South Dakota Codified Law and our current Articles of Incorporation.

Purpose and Effect of the Amendments

As part of our overall review of our corporate governance practices, the Board has reviewed and evaluated its corporate governance documents, including the Amended and Restated Articles of Incorporation. The substance of the Company's Amended and Restated Articles of Incorporation has largely been left unchanged since 1994. In February 2005, the South Dakota Legislature passed and the Governor subsequently signed into law the new South Dakota Business Corporations Act, which became effective on July 1, 2005. In general, the Act applies to all South Dakota corporations, including Daktronics. Under the Act, many provisions remained essentially unaltered from previous statutes, while others were changed. The Board now seeks shareholder approval for its Amended and Restated Articles of Incorporation to remove unnecessary and outdated references and to conform our Articles to certain provisions of the Act.

If this proposal is adopted, the Amended and Restated Articles of Incorporation will be as set forth in Appendix A to this proxy statement. If adopted, the Amended and Restated Articles of Incorporation will become effective upon filing with the South Dakota Office of the Secretary of State, which we would do promptly after the Annual Meeting. Previously, the Board amended and restated its Bylaws to also conform with the Act. We filed these Bylaws as an exhibit to a Current Report on Form 8-K with the Securities and Exchange Commission on the effective date of the Act.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the votes entitled to vote at the Annual Meeting.

The Board of Directors recommends a vote "FOR" the approval of the Amended and Restated Articles of Incorporation.

PROPOSAL THREE RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as our independent registered public accounting firm the shareholders vote for ratification of such appointment.

Ernst & Young LLP has audited our financial statements since fiscal year 2003. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement, and is expected to be available to respond to appropriate questions.

Vote Required

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the votes entitled to vote at the Annual Meeting. If the shareholders do not approve the selection of Ernst & Young LLP, the Audit Committee will reconsider its selection.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of Ernst & Young LLP as independent registered public accounting firm for the fiscal year ending April 29, 2006.

Assumed stock price appreciation of 5% and 10% is mandated by rules of the SEC and is not intended to forecast actual future financial performance or possible future appreciation. The potential realizable value is calculated by assuming that the deemed fair value of the Company's common stock for financial statement presentation purposes on the date of the grant appreciates at the indicated rate for the entire term of the option and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price.
(2) Represents options granted pursuant to the 2001 Stock Option Plan at an exercise price equal to the fair market value on the date of grant. Each option has a maximum term of 10 years, subject to earlier termination in the event of the optionee's cessation of service with the Company and vests over a five-year period; 20% of grant vests one year from date of grant, remaining 80% vests pro rata annually over the following four years.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is responsible for establishing compensation policy and administering the compensation program of our Chief Executive Officer and other executive officers. The Compensation Committee is comprised of three non-employee Directors, as appointed by the Board, and each satisfies the independence requirements of the NASDAQ Stock Market. The Compensation Committee meets periodically to review executive compensation, the design of compensation programs, stock option programs, and the individual salary and awards for the Chief Executive Officer and other executive officers. The purpose of this report is to inform our shareholders of our compensation policies and the rationale for the compensation paid to our Chief Executive Officer and other executive officers in fiscal year 2005.

Compensation Philosophy

Our compensation program is designed to motivate and reward executives responsible for attaining the financial and strategic objectives essential to our long-term success and continued growth. The compensation program has been designed to provide a competitive level of total compensation and offers incentive opportunities directly linked to our performance. The Compensation Committee believes it is in the best interests of the shareholders to reward executives when our performance objectives are achieved and to provide less compensation when these objectives are not met. Therefore, a portion of executive compensation is comprised of "at risk" incentives.

Cash Compensation

The Company's compensation philosophy is to target executive salaries at a competitive rate as compared to comparable positions within the region for similar sized companies. The Company's performance as a whole for the fiscal year is also considered. Compensation plans are reviewed annually.

The Compensation Committee reviewed base salaries for executive officers in November 2003. Based on the Committee's recommendation, the board established the salary for Aelred J. Kurtenbach, who is employed one-half time, at \$12,500 per month; James B. Morgan, Chief Executive Officer, at \$21,450 per month; and William R. Retterath, Chief Financial Officer, at \$12,500 per month and other executive officers.

For the fiscal year ended April 30, 2005, the Committee approved a formula-based performance bonus plan for certain executive officers,

consisting of one month's salary if after tax earnings exceed 13% of shareholders' equity at the beginning of the fiscal year, and increasing linearly with performance to a maximum bonus if after tax earnings exceed 19% of beginning shareholders' equity. This amount is decreased to the extent of certain profit sharing contributions made under the Daktronics, Inc. 401(k) Plan. The maximum amount for Dr. Kurtenbach and Mr. Kurtenbach was three months' salary, for Mr. Morgan was four months' salary and Mr. Retterath was 3.5 months' salary. Other executive officers are eligible for the same bonus noted above at a maximum rate of 1.5 months' salary plus a discretionary bonus as determined by our Chief Executive Officer, which, in total, shall not exceed three months' salary. For the year ended April 30, 2005, the executive officers earned approximately 90% of the maximum amount payable under the bonus plan.

Equity Based Compensation

In August 2001, the shareholders approved the Daktronics 2001 Incentive Stock Option Plan (the "Option Plan"). The Compensation Committee determines awards under the Option Plan for executive officers and approves awards for other employees based upon the recommendation of our Chief Executive Officer.

In November 2004, the Committee approved the allotment of 179,900 shares for the granting of stock options to Daktronics employees, with the shares to be allotted as follows: 8,000 shares to Mr. Morgan; 7,000 shares to Mr. Retterath; 5,000 shares each to Mr. R. Kurtenbach and Mr. Wiemann; and 154,900 shares to selected employees as determined by James Morgan. No options were awarded to Aelred Kurtenbach or Frank Kurtenbach.

The Committee's basis for these awards was our financial performance, as measured in increased net sales and results of operations over the last three fiscal years, the Committee's review of awards by comparable companies and by us in previous years and individuals' performances. The terms of these options, including duration and vesting, were similar to that of comparable companies.

The exercise price per share of these options was established as the average between the high and low reported sale prices for our common stock on the grant date of November 23, 2004, which was \$25.67. Subject to accelerated vesting upon a change in control of the Company as defined in the Option Plan, the outstanding options generally vest 20% each year commencing November 23, 2005.

Compensation of Chairman and the Chief Executive Officer

Aelred Kurtenbach has been employed one-half time and served as Chairman of the Board since stepping down as Chief Executive Officer in November 2001. James Morgan has served as our President and Chief Executive Officer since November 2001. Their respective compensation for the past three years is shown in the Summary Compensation Table. The factors discussed below in "Base Salary," "Annual Incentive Bonus," "Stock Options" and "Deferred Compensation Arrangements" were considered in establishing the amount of Dr. Kurtenbach's and Mr. Morgan's base salary, cash bonus and stock option grant during the past fiscal year.

Executive Officer Compensation Program

The key components of our executive officer compensation program are base salary, annual incentive bonus and long-term incentives, including stock options and in some cases deferred compensation arrangements. These elements are described below. In determining compensation, the Compensation Committee considers all elements of an executive's compensation package.

Base Salary. The Compensation Committee annually reviews the base salary of the Chief Executive Officer and other executive officers. In determining appropriate salary levels, the Compensation Committee considers individual performance, level of responsibility, scope and complexity of the position, and internal equity and salary levels for comparable positions within the region for similar sized companies. In determining any base salary increase for the Chief Executive Officer, the Compensation Committee also considers strategic planning, team building and operating results. The Compensation Committee, in consultation with the Chief Executive Officer, annually reviews the base salary of the other executive officers based on the same criteria.

Annual Incentive Bonus. The purpose of our annual incentive bonus is to provide a direct financial incentive in the form of an annual cash bonus to the executive officers and key managers who achieve performance goals established by the Compensation Committee. The Compensation Committee recommends to the Board and the independent directors of the Board determines the annual incentive bonus of the Chief Executive Officer. The Compensation Committee, in consultation with the Chief Executive Officer, determines the annual incentive bonus of the other executive officers. The annual incentive bonus is described above as part of Cash Compensation.

Stock Options. Long-term performance incentives are provided to our employees and non-employee Directors through our Option Plan and our 2001 Outside Directors Stock Option Plan. These plans are administered by the Compensation Committee, which is authorized to award stock options to our employees, our non-employee Directors, and certain advisors and consultants. At least annually, the Compensation Committee considers whether awards will be made to executive officers. Such awards are based on the scope and complexity of the position, competitive compensation data, the maintenance of our stock at target share prices, our performance over the past three fiscal years and total options granted to an employee in the past. The Compensation Committee has broad discretion to select the optionees and to establish the terms and conditions for the grant, vesting and exercise of each option. Options granted to executive officers vest immediately upon the occurrence of a change in control as defined in the Option Plan.

Deferred Compensation Arrangements. The purpose of our deferred compensation arrangement is to reward certain executive officers who were employed by the Company as of August 1990 with a deferred compensation plan. The plan is designed to fund annual payments

upon retirement based on the value of amounts credited to such person's account. The Compensation Committee administers these plans and approves on an annual basis the amounts credited to each participant's account. The amount credited is equal to the interest earned on the account at a rate equal to the five-year United States Treasury Note rate as of the first day of the plan year.

401(k) Plan. Our Daktronics, Inc. 401(k) Plan (the "Plan") was effective in 1992. The Plan is intended to be a qualified retirement plan under Section 401 of the Internal Revenue Code so that contributions by employees or by us to the Plan, and income earned thereon, are not taxable to employees until they are withdrawn from the Plan (except for contributions under the 401(k) component, which are subject to Social Security withholding); and so that contributions by us, if any, will be deductible when made. The purpose of the Plan is to enable eligible employees of the Company, including executive officers, to save for retirement and to provide incentives to increase corporate financial performance by establishing a direct link between profit sharing contributions to employees and corporate financial performance. It may also provide certain benefits in the event of death, disability or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. There are two components to the Plan, a 401(k)-type component and a profit sharing component.

Under the 401(k) component, employees may contribute up to maximum amount as set by the Internal Revenue Service, subject to a federally imposed annual maximum, which is currently \$13,000. We may provide additional matching contributions as a percent of compensation or as a match of employee contributions and other discretionary contributions. The Plan trustee, at the direction of each participant, invests funds in any of the available investment options. For the fiscal year ended April 30, 2005, we contributed approximately \$1.1 million on behalf of employees under this component of the Plan, including amounts accrued at the end of the fiscal year.

Employee Stock Purchase Plan. Our Employee Stock Purchase Plan (the "Purchase Plan") was approved by the shareholders at the 2002 Annual Meeting and became effective on November 1, 2002. The purpose of the Purchase Plan is to provide eligible employees with an opportunity to acquire an interest in our company through the purchase of its common stock and, thus, to develop a stronger incentive to work for our continued success. The Purchase Plan is an employee stock purchase plan under Section 423 of the Internal Revenue Code. The Purchase Plan is administered by the Compensation Committee.

Any of our employees or, subject to approval by the Board of Directors, any employees of our subsidiaries are eligible to participate in the Purchase Plan for any Purchase Period (as defined below) so long as on the first day of such Purchase Period, the employee is customarily employed at least 20 hours per week and has been continuously employed for the six months prior to the beginning of the Purchase Period. "Purchase Period" means each of the six-month periods beginning May 1 and November 1 of each year.

Any eligible employee may elect to become a participant in the Purchase Plan by authorizing payroll deductions of a specified percentage ranging from 0% to 15% of the employee's gross cash compensation. We currently have approximately 1,365 employees who are eligible to participate in the Purchase Plan. Amounts withheld under the Purchase Plan will be held by us as part of our general assets until the end of the Purchase Period and will be used to purchase our common stock as of the last day of the Purchase Period at a price equal to 85% of the lesser of the fair market value of a share of common stock on either the first or last day of the Purchase Period. All amounts so withheld will be used to purchase the number of shares of common stock (including fractional shares) that can be purchased with such amount. If purchases by all participants would exceed the number of shares of common stock available for purchase under the Purchase Plan, each participant will be allocated a ratable portion of such available shares of common stock. Any amount not used to purchase shares of common stock will be refunded to the participant in cash.

Shares of common stock acquired by each participant will be held in a general account maintained for the benefit of all participants. Certificates for the shares of common stock purchased by a participant will be issued and delivered to him or her only upon the request of such participant or his or her representative.

No more than \$25,000 in fair market value (determined on the first day of the respective Purchase Periods) of shares of common stock may be purchased under the Purchase Plan of the Company by any participant in each calendar year.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2005, none of our executive officers served on the board of directors or compensation committee of another company that had an executive officer serve on our Board of Directors or our Compensation Committee. Dr. Sander was a part-time employee during the company's early years. Through fiscal year 2001, he served as Corporate Secretary of the company but was not an employee or executive officer of the company.

Section 16(a) of the Exchange Act requires that our Directors, executive officers, and persons who own more than 10% of a registered class of our equity securities ("10% Shareholders") file with the SEC and the National Association of Securities Dealers, Inc. reports of ownership on Form 3 and reports of change in ownership on Form 4 or Form 5. Such Directors, executive officers, and 10% shareholders are also required by rules of the SEC to furnish us with copies of all Section 16(a) forms that they file. To our knowledge, based solely on a review of copies of such forms submitted to us or written representations from certain reporting persons, we believe all required reports were filed on a timely basis during 2004, except for the following transaction where the Form 4 report was inadvertently filed late:

- Five reports reflecting the sale of 10,994 shares by Duane Sander.

HOUSEHOLDING OF ANNUAL DISCLOSURE DOCUMENTS

The SEC has approved a rule governing the delivery of annual disclosure documents. This rule allows us to send a single set of our Annual Report and this Proxy Statement to any household at which two or more shareholders of the company reside if we believe that the shareholders are members of the same family. Some banks, brokers and other intermediaries may be participating in this practice of "householding" proxy statements and annual reports. This rule benefits both the company and its shareholders because it reduces the volume of duplicate information received at a shareholder's house and helps reduce the company's expenses. Each shareholder, however, will continue to receive individual proxy cards or voting instruction cards.

Shareholders that have previously received a single set of disclosure documents may request their own copy this fiscal year or in future years by contacting their bank, broker or other nominee record holder. We will also deliver a separate copy of the Annual Report and the Proxy Statement to any shareholder upon written request sent to Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006, Attention: Investor Relations, or upon verbal request by calling (605) 697-4000.

AVAILABLE INFORMATION

The Annual Report to Shareholders for the year ended April 30, 2005, including financial statements, is being mailed with this Proxy Statement.

The Annual Report to Shareholders is not incorporated in this Proxy Statement and is not deemed to be a part of this Proxy Statement.
