AMC reigns as the only network in television history to ever win three consecutive Golden Globe awards for best dramatic series and the only basic cable network to win back-to-back Primetime Emmy awards for outstanding drama series. In addition to a diverse blend of critically-acclaimed original programming, AMC offers the most comprehensive library of popular films from every genre and decade.

"DISH Network continues to lead the way in offering the best collection of HD channels in the nation, and we are excited to now bring our customers the award-winning drama *Mad Men* in high definition on AMC HD," said Dave Shull, senior vice president of Programming for DISH Network.

"We're delighted that DISH subscribers can now watch their favorite films as well as AMC's critically-acclaimed original series, including *Mad Men*, *Breaking Bad* and *Rubicon*, all in HD," said AMC's President Charlie Collier. "DISH Network has a strong HD offering and we're excited to be joining their lineup."

AMC HD is located on DISH Network Ch. 130 and is available free to customers who subscribe to America's Top 200 and above, as well as DishLATINO DOS with HD and higher.

The leader in high definition programming, DISH Network offers the most national HD channels as well as local channels in high definition in 170 markets - more than any other TV company in America.
