

Dover Saddlery Announces First Quarter 2008 Financial Results

LITTLETON, MA - May 7th 2008 - Dover Saddlery, Inc. (NasdaqGM:DOVR - News), the leading multi-channel retailer of equestrian products, today reported financial results for the first quarter ended March 31, 2008.

Retail store revenues increased 12.8% to \$4.2 million compared to the same period in 2007. Same stores sales decreased 0.9% and total revenues decreased 4.9% to \$17.7 million, from \$18.6 million in the prior year. Net loss decreased 61% or \$556,000 to \$359,000, compared to a net loss of \$915,000 in the first quarter of 2007.

This improvement in profitability was primarily attributable to a decrease in litigation settlement expense. The remaining decrease was attributable to reduced selling, general and administration expenses, partially offset by reduced revenues due to soft consumer demand. The resulting loss per share, improved to \$(0.07) per share from \$(0.18) in the first quarter of 2007.

"Sales in the first quarter of 2008 were lower than expected, however, we are pleased with the performance of our retail stores, particularly in light of the general retailing environment," said Stephen L. Day, president and CEO of Dover Saddlery. "I am also pleased to report that we successfully reduced selling, general and administration expenses in the first quarter, and will continue to focus on profitability in the present difficult retail market."

Business Outlook 2008

Dover Saddlery also announced today its updated business outlook for the current year. The company expects revenues in 2008 will range from \$87 million to \$92 million. Increased revenues are expected to come mainly from the retail channel. The company is currently reviewing its plan to open four to six new retail stores in 2008 with careful consideration to the present retailing environment. Two new locations have previously been announced, namely in Branchburg, New Jersey and Alpharetta, Georgia, both areas of high equestrian activity.
