Amended as of February 11, 2011

I. Establishment of Committee

The Board of Directors of the Company (“Board”) has established an Audit Committee (the “Committee”) with the authority, purposes and responsibilities described in this Charter.

The Committee shall have the power to (i) engage legal counsel and other advisors at the reasonable expense of the Company to assist in its review and decision regarding any matter including any Related Party Transaction (as defined in this Charter), (ii) utilize internal resources of the Company and its subsidiaries and controlled affiliates, including requiring the assistance of any executive employee of the Company, and (iii) review contracts, books and records of the Company and its subsidiaries and controlled affiliates.

II. Composition and Meetings

The Committee shall consist of three or more members of the Board, each of whom has been determined by the Board to be an “independent director” as defined in the Company’s By-Laws (the “By-Laws”) and the applicable listing standards of the NASDAQ Stock Market (“NASDAQ”) and the rules of the Securities and Exchange Commission (the “SEC”). In addition, each member of the Committee shall meet the financial literacy and experience requirements of the NASDAQ and at least one member of the Committee shall satisfy the definition of “audit committee financial expert” as set out in Item 407(d)(5) of Regulation S-K, issued by the SEC.

The Board may appoint a Chairman to convene and chair all sessions of the Committee and determine the information needs of the Committee. If the Board fails to appoint a Chairman, the members of the Committee shall elect a Chairman by majority vote to serve at the pleasure of the majority. The Committee may delegate its authority to subcommittees or the Chairman of the Committee when it deems appropriate and in the best interests of the Company.

The Committee shall meet as often as it deems is appropriate to carry out its responsibilities, but at least quarterly. The Committee shall meet privately with both the General Auditor and the External Auditor at least quarterly. The Committee may hold meetings by conference telephone or other communications equipment so long as all participating in the meeting can hear each other. A majority of the members of the Committee shall constitute a quorum. The Chairman of the Committee, in consultation with the other Committee members, shall set meeting agendas. The Committee shall report its actions and recommendations to the Board.

III. Purposes and Responsibilities

A. General Oversight Responsibility

The Committee recognizes that the Company's management is responsible for preparing the Company's financial statements. Additionally, the Committee recognizes that the Company's management (including the internal audit staff), as well as the outside auditors, have more knowledge and more detailed information about the Company and its subsidiaries than do the members of the Committee. Consequently, while the Committee has the authority, purposes and responsibilities set forth in this Charter, it is not the duty of the Committee to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This determination is the responsibility of management and the outside auditors. Nor is it the duty of the Committee to assure compliance with the Company's Code of Ethics and Business Conduct. Furthermore, while the Committee is responsible for reviewing the Company's policies and practices with respect to risk assessment and management, it is the responsibility of the Chief Executive Officer and other members of senior management to determine the appropriate level of the Company's exposure to risk.

Without limiting any other provision of this Charter, the Committee's purposes include assisting the Board in its oversight of (a) management's conduct of and the integrity of the Company's financial reporting to any governmental or regulatory body, shareholders, other users of Company financial reports and the public, (b) the effectiveness of the Company's system of internal control over financial reporting and disclosure controls and procedures, (c) the Company's compliance with legal and regulatory requirements, (d) the outside auditor's qualifications and independence, and (e) the performance of the Company's internal audit function and outside auditors.

The Committee shall have the following duties and responsibilities related to its general oversight responsibility:

1. At least annually, obtain and review a report by the outside auditors describing: the firm's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, regarding one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (to assess the outside auditors' independence) all relationships between the outside auditor and the Company.
2. Review and evaluate the lead partner (and senior members) of the outside auditors annually.
3. Discuss the Company's annual audited financial statements and quarterly financial statements with the Company's management and the outside auditors, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations"; review disclosures made to the Committee by the Company's Chief Executive Officer and Chief Financial Officer during the certification process for the Annual Report on Form 10-K and Quarterly Report on

Form 10-Q about any significant deficiencies in the design or operation of the Company's system of internal control over financial reporting or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's system of internal control over financial reporting; review with management and the Company's outside auditors the interim financial information and the results of the outside auditors review of interim financial information prior to the filing of each Quarterly Report on Form 10-Q of the Company. For purposes of this review, the Chairman may represent the entire Committee, either in person or by telephonic conference call.

4. Discuss with the Company's management the Company's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.
5. Discuss with the Company's management and the outside auditor any material off-balance sheet financing and any other material financial arrangements that do not appear in the financial statements of the Company.
6. Discuss with the Company's management policies with respect to risk assessment and risk management.

9. As part of the Committee's oversight responsibility, resolve disagreements between Company management and the outside auditors regarding financial reporting.
10. Annually review, with the outside auditors, the outside auditors' written statement on independence delineating all relationships between the outside auditor and the Company and recommend the Board take appropriate action, as necessary, to satisfy the Committee of the outside auditors' independence, including compliance with Sections 201-206 of the Sarbanes Oxley Act of 2002 dealing with scope of services, pre-approval of services, audit partner rotation, reports to the Committee and conflicts of interest.
11. Be directly responsible for reviewing and approving, prior to commencement of work, the proposed scope of work and the proposed fee for any and all future engagements of the outside auditors, including the annual audit of each fiscal year. The Committee may delegate pre-approval authority to one or more of its members, subject to later review by the Committee.

12. Review and approve hiring policies for employment by the Company of employees or former employees of the Company's outside auditors.
13. Review, with the outside auditors and the Company's management, the audited financial statements and related opinion of the independent auditing firm included in the Annual Report on Form 10-K prior to its filing.  3. other material written communications between the outside auditors and Company management; and
 4. all Related Party Transactions as defined by the Policy and Procedures Regarding Related Party Transactions.
14. Recommend to the Board whether the Company's consolidated financial statements shall be accepted for inclusion in the Annual Report on Form 10-K filed with the SEC.
15. Review, evaluate and, if necessary, report upon any significant complaints regarding accounting, internal accounting controls or auditing matters received pursuant to the Company's procedures for: (a) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal controls, or auditing matters; and (b) the confidential anonymous submission by Company employees or outside parties of concerns regarding questionable accounting or auditing matters.
16. Review and, as appropriate, discuss with the Company's management, the outside auditor and/or a member of the internal audit department: (i) any significant difficulties encountered in the course of audit work, including any restrictions on the scope of audit activities or on access to requested information; (ii) any special audit steps adopted by
