FOR IMMEDIATE RELEASE

DEXCOM INC. TO PARTICIPATE IN THE US BANCORP PIPER JAFFRAY 16TH ANNUAL HEALTHCARE CONFERENCE

San Diego, CA --- (BUSINESS WIRE) --- January 21, 2004 -- DexCom Inc. announced today that it would participate in the US Bancorp Piper Jaffray 16th Annual Healthcare Conference on Tuesday, January 27th, in New York City. Andrew Rasdal, President and CEO of DexCom Inc., will present the company's first public briefing on its business at 9:10 am Eastern Time on Tuesday, January 27th, at the conference.

DexCom Inc., a privately held company headquartered in San Diego, California, is working to commercialize the first long-term implantable sensor for the continuous monitoring of glucose in people with diabetes. Clinical study results demonstrating improved control of glucose levels were presented during the Scientific Sessions of 2003 Annual Meeting of the American Diabetes Association.
