PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the board of directors of Netergy Networks, Inc. (the "Company") for use at the 2001 annual meeting of stockholders to be held July 17, 2001 at 2:00 p.m., local time, or at any adjournment thereof, for the purposes set forth herein. The annual meeting of stockholders will be held at the offices of the Company at 2445 Mission College Boulevard, Santa Clara, California 95054. The telephone number of the Company's offices is (408) 727-1885.

These proxy solicitation materials and the Company's Annual Report on Form 10-K for the year ended March 31, 2001 (the Company's fiscal 2001), including financial statements, were, or shall be, mailed on or about June 15, 2001, to all stockholders entitled to vote at the annual meeting.

RECORD DATE AND VOTING SECURITIES

Stockholders of record at the close of business on May 30, 2001 (the "Record Date"), are entitled to notice of and to vote at the annual meeting. At the Record Date, 26,540,767 shares of the Company's common stock were issued and outstanding having a total of 26,540,767 votes, and one share of preferred stock, designated as Special Voting Stock, was issued and outstanding, having a total of 233,759 votes.

REVOCABILITY OF PROXIES

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company at or before the taking of the vote at the annual meeting a written notice of revocation or a duly executed proxy bearing a later date or by attending the annual meeting and voting in person.

VOTING AND SOLICITATION

Each stockholder holding common stock is entitled to one vote for each share of the Company's common stock they hold on all matters presented at the annual meeting. Stockholders holding a fractional interest in the Special Voting Stock shall be entitled to the number of votes that their fractional interest represents on all matters presented at the meeting. Stockholders do not have the right to cumulate their votes in the election of directors.

Shares of the Company's common stock and fractional interests in the Special Voting Share represented by properly executed proxies will, unless such proxies have been previously revoked, be voted in accordance with the instructions indicated thereon. In the absence of specific instructions to the contrary, properly executed proxies will be voted: (i) FOR the election of each of the Company's nominees for director; (ii) FOR ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors for the Company for the period ending March 31, 2002; and (iii) FOR the amendment of the Company's Restated Certificate of Incorporation to change the Company's name to "8x8, Inc." No business other than that set forth in the accompanying Notice of Annual Meeting of Stockholders is expected to come before the annual meeting. Should any other matter requiring a vote of stockholders properly arise, the persons named in the enclosed form of proxy will vote such proxy in accordance with the recommendation of the board of directors.

The Company will bear the cost of soliciting proxies. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by directors, officers or regular employees of the Company. No additional compensation will be paid to such persons for such services.

QUORUM; ABSTENTIONS; BROKER NON-VOTES

The required quorum for the transaction of business at the annual meeting is a majority of the votes eligible to be cast by holders of the Company's voting securities issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST," "WITHHELD" or "ABSTAIN" are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the annual meeting with respect to such matter.

Abstentions shall be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares entitled to vote with respect to a proposal (other than the election of directors). Accordingly, abstentions will have the same effect as a vote against the proposal.

In instances where brokers are prohibited from exercising discretionary authority for beneficial holders who have not returned a proxy (so-called "broker non-votes"), those shares will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of shares entitled to vote. Thus, a broker non-vote will not affect the outcome of the voting on a proposal other than the proposed amendment to the Company's Restated Certificate of Incorporation which requires the approval of a majority of the Company's outstanding voting securities. Accordingly, a broker non-vote on proposal 3 will have the same effect as a vote against the proposal.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the Company's 2002 annual meeting (the "2002 Meeting") of stockholders must be received by the Company no later than February 14, 2002 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

Alternatively, under the Company's Bylaws, a proposal or a nomination that the stockholder does not seek to include in our 2002 Proxy Statement may be submitted in writing to the Company's Secretary not less than 90 days prior to the 2002 Meeting. Note, however, that in the event we provide less than 100 days notice or prior public disclosure to stockholders of the date of the 2002 Meeting, any stockholder proposal or nomination not submitted for inclusion in the proxy statement must be submitted to the Company's Secretary not later than the close of business on the tenth day following the day on which notice of the date of the 2002 Meeting was mailed or public disclosure was made. For purposes of the above, "public disclosure" means disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service, or in a document publicly filed by us with the Securities and Exchange Commission (the "SEC"). As described in our Bylaws, the stockholder submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the stockholder's ownership of our common stock. If a stockholder gives notice of such proposal after the deadline computed in accordance with our Bylaws (the "Bylaw Deadline"), the stockholder will not be permitted to present the proposal to the stockholders for a vote at the 2002 Meeting.

The rules of the SEC also establish a different deadline for submission of stockholder proposals that are not intended to be included in our proxy statement with respect to discretionary voting (the "Discretionary Vote Deadline"). The Discretionary Vote Deadline for the 2002 Meeting is April 30, 2002, or the date which is 45 calendar days prior to the anniversary of the mailing date of this Proxy Statement. If a stockholder gives notice of such a proposal after the Discretionary Vote Deadline, our Proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the 2002 Meeting.

Because the Bylaw Deadline is not capable of being determined until we publicly announce the date for our 2002 Meeting, it is possible that the Bylaw Deadline may occur after the Discretionary Vote Deadline. In such a case, a proposal received after the Discretionary Vote Deadline but before the Bylaw Deadline would be eligible to be presented at the 2002 Meeting and we believe that our Proxy holders at such meeting would

be allowed to use the discretionary authority granted by the Proxy to vote against the proposal at such meeting without including any disclosure of the proposal in the Proxy Statement relating to such meeting.

We have not been notified by any stockholder of his, her or its intent to present a stockholder proposal from the floor at the 2001 annual meeting. The enclosed proxy grants the proxy holders discretionary authority to vote on any matter properly brought before the 2001 annual meeting, including any stockholder proposals received between the date of this proxy statement and the Bylaw Deadline for the 2001 annual meeting, which is the date 10 days after the date of notice of the 2001 annual meeting.

privately held companies. Mr. Tai received a B.S. in Electrical Engineering from the University of Illinois and an M.B.A. from Harvard Business School.

VOTE REQUIRED AND RECOMMENDATION

The six nominees receiving the highest number of affirmative votes of the shares entitled to vote on this matter shall be elected as directors. Votes withheld from any director will be counted for purposes of determining the presence or absence of a quorum but are not counted as affirmative votes. A broker non-vote will be counted for purposes of determining the presence or absence of a quorum, but, under Delaware law, it will have no other legal effect upon the election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING "FOR" THE NOMINEES SET

FORTH ABOVE.

BOARD MEETINGS AND COMMITTEES

The board of directors of the Company held a total of thirteen meetings during the fiscal year ended March 31, 2001 and acted by unanimous written consent six times. No incumbent director attended fewer than 75% of the total number of meetings of the board of directors and committees of the board of directors upon which such director served during fiscal 2001. The board of directors has an audit committee and a compensation committee. The board of directors does not have a nominating committee or any committee performing similar functions.

The audit committee currently consists of Dr. Girod, Mr. Hecker and Mr. Tai. The audit committee reviews the Company's financial controls, evaluates the scope of the annual audit, reviews audit results, consults with management and the Company's independent auditors prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of the Company's financial affairs. This committee held three meetings during fiscal 2001.

The compensation committee currently consists of Dr. Girod and Mr. Tai. The compensation committee makes recommendations to the board of directors concerning the compensation for the Company's officers and directors and the administration of the Company's stock option and employee stock purchase plans. This committee held three meetings during fiscal 2001.

COMPENSATION OF DIRECTORS

Through February 2001 board compensation consisted of reimbursement for reasonable expenses incurred by directors in attending board and committee meetings, upon approval of such reimbursement by the board of directors, and the receipt of discretionary and non-discretionary grants of stock options under the 1996 Director Plan (Director Plan) and the 1996 Stock Option Plan (1996 Plan). Pursuant to an amendment to the Director Plan approved by the Company's stockholders in August 2000, non-employee directors receive a non-discretionary option grant of 40,000 shares upon their initial election to the board of directors and receive additional smaller grants of 15,000 shares upon their re-election to the board. The initial non-discretionary grant vests annually over a period of four years and subsequent non-discretionary grants vest monthly over a period of forty-eight months. Grants are not made upon re-election in cases where the initial term is shorter than six months.

On February 28, 2001, the board of directors approved certain changes to director compensation. Non-employee directors now receive a \$1,000 fee for attendance of a meeting of the Company's board of directors. In addition, upon termination of service as a director of the Company or upon a Change in Control of the Company, each of the non-employee directors and their immediate families will be eligible for medical insurance coverage for life, subject to the director reimbursing the cost of such coverage to the Company. However, if an individual commences coverage under another plan, coverage under the Company's medical insurance will be discontinued. In addition, the board of directors approved a change in vesting terms for non-employee director options whereby upon a Change in Control of the Company any unvested options shall become fully vested. For these purposes, a Change in Control is defined as a transaction or series of transactions, including by merger or consolidation of the Company into or with any other entity or corporation

or the merger or consolidation of any other corporation into or with the Company, in which any person, entity or group of persons and/or entities acting in concert acquire(s) shares of the Company's stock representing fifty percent (50%) or more of the outstanding voting power of the Company, including voting shares issued or issuable upon conversion of any convertible security outstanding on the date of such transaction including, without limitation, stock options.

Under the foregoing policies, each of Lee Camp, Dr. Girod, Mr. Hecker, Joe Markee and Mr. Tai received an option to purchase 15,000 shares of the Company's common stock upon their re-election to the Company's board of directors on August 14, 2000 at an exercise price of \$7.00. On February 28, 2001, each of Messrs. Camp, Girod, Hecker, Markee and Tai also received a discretionary option grant to purchase 60,000 shares of the Company's common stock under the 1996 Plan and 40,000 shares of the Company's common stock under the Director Plan at an exercise price of \$1.875. In addition, Mr. Hecker and Dr. Girod each received a discretionary option grant to purchase 25,000 shares of Netergy Microelectronics common stock under the Netergy Microelectronics 2000 Stock Option Plan at an exercise price of \$0.50 per share in February 2001. The above noted exercise prices represented the fair market value of the respective company's stock on the date of grant. These grants will vest monthly for forty-eight months.

Under a policy of his employer, which holds shares in the Company, Mr. Lagomichos does not receive option grants in connection with his service on the board, nor does he receive the \$1,000 per meeting payment for attending meetings of the Company's board of directors.

PROPOSAL TWO:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The board of directors at the recommendation of the audit committee (the "Audit Committee") has selected PricewaterhouseCoopers LLP, independent auditors, to audit the financial statements of the Company for the fiscal year ending March 31, 2002. PricewaterhouseCoopers LLP has served as the Company's independent auditors since 1987. In the event of a negative vote on the ratification of PricewaterhouseCoopers LLP, the board of directors will reconsider its selection. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting and will have the opportunity to make a statement if they so desire. The representatives also are expected to be available to respond to appropriate questions from stockholders.

Audit Fees. During the fiscal year ended March 31, 2001, the aggregate fees billed, or to be billed, by PricewaterhouseCoopers LLP for the audit of the Company's consolidated financial statements for such fiscal year and for the reviews of the Company's interim financial statements included in the Company's Forms 10-Q for the fiscal year ended March 31, 2001 were \$162,000.

Financial Information Systems Design and Implementation Fees. During the fiscal year ended March 31, 2001, PricewaterhouseCoopers LLP billed no fees for information technology consulting services.

All Other Fees. During the fiscal year ended March 31, 2001, the aggregate fees billed by PricewaterhouseCoopers LLP for professional services other than audit and information technology consulting fees were \$102,202, \$42,000 of which were billed in connection with tax related services and \$60,202 of which were billed for services such as performance of statutory audits for international subsidiaries, consulting on accounting standards, review of registration statements and acquisition related services.

The Audit Committee has determined that the rendering of the information technology consulting services and all other non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the auditor's independence.

VOTE REQUIRED AND RECOMMENDATION

Ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditors will require the affirmative vote of a majority of the votes entitled to vote on this proposal that are present at the meeting in person or by proxy. Broker non-votes will not be counted as having been represented.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING "FOR" THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2002.

PROPOSAL THREE:

AMENDMENT TO THE RESTATED CERTIFICATE OF INCORPORATION

The board of directors has unanimously adopted, subject to stockholder approval, an amendment to the Company's Restated Certificate of Incorporation (the "Restated Certificate"), to change the name of the Company to "8x8, Inc."

PURPOSE AND EFFECT OF THE AMENDMENT

The Company desires to change its name from Netergy Networks, Inc. to 8x8, Inc. Management believes that the 8x8, Inc. corporate identity is more recognized in the marketplace than the Company's current name. In addition, the Company has been unable to obtain certain rights to its current name because they are held by another entity.

Upon consummation of the proposed name change it will not be necessary to surrender stock certificates. Instead, when certificates are presented for transfer, new certificates bearing the name, 8x8, Inc., will be issued. If there exists any circumstance which would make consummation of the name change inadvisable in the judgment of the board of directors, the proposal to amend the Restated Certificate may be terminated by the board of directors either before or after approval of the name change by the stockholders.

VOTE REQUIRED AND RECOMMENDATION

The affirmative vote of a majority of the Company's outstanding voting shares is required for approval of the amendments to the Company's Restated Certificate authorizing the change in the name of the Company. Accordingly, broker non-votes and abstentions will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" APPROVAL OF THE AMENDMENT TO THE COMPANY'S RESTATED CERTIFICATE TO CHANGE THE COMPANY'S NAME TO 8X8, INC.

(1) The Company granted options representing 7,539,100 shares to employees during fiscal 2001.

(2) Potential gains are net of the exercise price, but before taxes associated with the exercise. The 5% and 10% assumed annual rates of compounded stock appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the future Company common stock price. Actual gains, if any, on stock option exercises are dependent on the future financial performance of the Company, overall market conditions and the option holders' continued employment through the vesting period.

(3) The options vest at a rate of 1/24 of the shares at the end of each month, subject to continued service as an employee, consultant or director. The term of the option is ten years. The exercise price of the option granted equals the fair market value of the common stock of the Company on the date of grant.

(4) The options vest at a rate of 1/48 of the shares at the end of each month, subject to continued service as an employee, consultant or director. The term of each option is ten years. The exercise price of each option granted equals the fair market value of the common stock of the Company on the date of grant.

(5) One-fourth of the shares vest one year after the grant date, and 1/36 of the remaining shares vest on the last day of each full month thereafter, subject to continued service as an employee, consultant or director. The term of each option is ten years. The exercise price of each option granted equals the fair market value of the common stock of the Company on the date of grant.

(6) Dr. Voois resigned as an officer and director of the Company and Mr. Foster resigned as an officer of the Company effective as of April 30, 2001. Pursuant to their employment agreements, each of Dr. Voois and Mr. Foster options will continue to vest through October 31, 2001, subject to certain conditions.

(7) In March 2001, Mr. Rees was granted an option to purchase 300,000 shares of Centile common stock at an exercise price of \$0.43 per share, representing approximately 7% of total options issued to employees of Centile during fiscal 2001. One-fourth of the shares vest one year after the grant date, and 1/36 of the remaining shares vest on the last day of each full month thereafter, subject to continued service as an employee, consultant or director. The term of each option is ten years. The exercise price of the option grant equaled the fair market value of the common stock of Centile, as determined by the Centile board of directors, on the date of grant.

The following table provides information with respect to option exercises during the year ended March 31, 2001 and the value of stock options held as of March 31, 2001 by each of the Named Executive Officers:

(2) Dr. Voois resigned as an officer and director of the Company and Mr. Foster resigned as an officer of the Company effective as of April 30, 2001.

(3) At March 31, 2001, Mr. Rees had an unexercisable stock option to purchase 300,000 shares of Centile common stock at \$0.43 per share.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

The Company has entered into indemnity agreements with certain officers and directors which provide, among other things, that the Company will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he may be required to pay in actions or proceedings which he is or may be made a party by reason of his position as a director, officer or other agent of the Company, and otherwise to the full extent permitted under Delaware law and the Company's bylaws.

In February 2001, the board of directors authorized a severance arrangement for Joe Parkinson which provides for a one-year severance and one-year option vesting (hereafter referred to as the "Severance Provisions") in the event of termination of either employment or service as a director (whichever is later) or a Change in Control. The Severance Provisions are subject to a forty-eight month vesting period, which commenced on November 17, 2000, the initial date of Mr. Parkinson's employment. If Mr. Parkinson's immediate family moves to California with the intent that the children will attend school in California, Mr. Parkinson will be considered fully vested in the Severance Provisions. The severance is payable, and options shall vest, month by month, commencing upon the voluntary or involuntary termination of employment or service as a director (whichever is later), conditioned on Mr. Parkinson not competing with the Company and being available for consulting (to the extent it does not interfere with his job responsibilities at a new company, in the discretion of the Chairman of the board of directors of the Company). Notwithstanding the above, in the event of a Change in Control before the expiration of the applicable severance period, all remaining severance would be paid, and all options would vest.

In January and February 2001, the Board of Directors authorized severance arrangements with Dr. Beck, Dr. Bednarz, Mr. Martin, Mr. Stoll and certain other executives of the Company and its subsidiaries which provide for one year of severance benefits and option vesting if the individuals are employed as of July 31, 2001. The severance is payable month by month, commencing upon the voluntary or involuntary termination subsequent to July 31, 2001, conditioned on the individual not competing with the Company and being available for consulting to the extent it does not interfere with his job responsibilities at a new company, in the

discretion of the Chairman of the board of directors of the Company. If the Company is sold before the expiration of the twelve month severance period, or if the Company is sold prior to July 31, 2001, all remaining severance would be paid, and all remaining options would vest, as of the closing of the sale of the Company. The executives will also be entitled to continued coverage under the Company's medical plan for the severance period.

In April 2001, the Company entered into employment agreements with Mr. Foster and Dr. Voois in connection with the resignations of Mr. Foster as an officer of the Company and Dr. Voois as an officer and director of the Company. These agreements provide that these individuals will remain employees of the Company for six months at an annual salary of \$190,000 and outstanding options will continue to vest. The employment agreements do not limit the individuals' ability to accept employment with an entity that is not competing with the Company.

Notwithstanding the arrangements discussed above, in the event an individual or corporate entity and any related parties cumulatively acquire at least 35% of the Company's fully diluted stock, all stock options or stock subject to repurchase by the Company held by officers under any stock option plan shall vest immediately without regard to the term of the option. In addition, in such an event, each officer shall be entitled to one year severance pay and continuing medical benefits for life after leaving the Company, provided that such medical benefits shall cease should such officer accept employment with a competing company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The compensation committee of the board of directors currently consists of Dr. Girod and Mr. Tai. Neither individual was at any time since the formation of the Company an officer or employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's board of directors or compensation committee. The following employee directors of the Company, Messrs. Martin, Parkinson, and Voois and Keith Barraclough, all participated in deliberations of the Company's board of directors concerning executive officer compensation during fiscal 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During fiscal 2001, Dr. Girod received \$22,000 in consideration for technical consulting services that he provided to the Company. In addition, the Company contributed \$150,000 during fiscal 2001 to a Stanford University research program managed by Dr. Girod.

In July 2000, the Company and Mr. Barraclough, the Company's former President and Chief Operating Officer, entered into a Settlement Agreement and Release (the "Agreement"). Mr. Barraclough received cash payments totaling \$190,000 under the Agreement during fiscal 2001. The Company has no further cash obligations pursuant to this agreement. In addition, the Agreement provided that the Company accelerate the vesting of certain unvested options held by Mr. Barraclough so that in effect, Mr. Barraclough was able to exercise options in amounts as if he were employed by the Company through January 31, 2001. The total number of exercisable options held by Mr. Barraclough after effectiveness of the Agreement provided Mr. Barraclough with the right to purchase 345,892 shares of the Company's common stock. Pursuant to the Agreement, the Company loaned Mr. Barraclough \$589,939, at a rate of 6.6% per annum, as of July 19, 2000 solely for the purpose of exercising vested options for the purchase of 194,259 shares of the Company's common stock. The loan was secured by the stock received upon exercise of the options. The loan was repaid in full, along with accrued interest of \$4,587, on August 31, 2000.

In October 2000, the Company and Dominique Pitteloud, the Company's former Vice President, Marketing, entered into a Severance Agreement and Mutual Release (the "Severance Agreement"). The Severance Agreement provided that Mr. Pitteloud resign as the Company's Vice President, Marketing and as an employee as of October 13, 2000. Under the Severance Agreement, Mr. Pitteloud received a cash payment of \$82,500, representing six months of salary at his then current rate. In addition, he received an extension to the period in which he could exercise vested options such that he was able to exercise options vested as of October 13, 2000 for a period of 270 days. Pursuant to the terms of his Employment and Stock Restriction

Agreement dated May 24, 1999, and as provided for in the Severance Agreement, 50,528 unvested restricted shares acquired in conjunction with the Company's acquisition of Odisei S.A. in May 1999 became fully vested upon his termination. Lastly, the Company agreed to pay for certain relocation and tax equalization costs under the Severance Agreement.

In conjunction with the resignation of Jean-Luc Calonne, the Company's former Senior Vice President, Business Operations, in January 2001, the Company exercised its right to repurchase 615,931 unvested shares (the 'Exchangeable Shares') that were exchangeable for shares of the Company's common stock, from companies controlled by Mr. Calonne. The Exchangeable Shares were repurchased at a price of \$0.75 per share in accordance with the terms of the Employment and Stock Restriction Agreement dated June 30, 2000 by and between Mr. Calonne, UForce Company, and the Company.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The following is the report of the compensation committee of the Board of Directors (the "Compensation Committee") describing compensation policies and rationales applicable to the Company's executive officers with respect to compensation paid to such executive officers for fiscal 2001. The Compensation Committee makes recommendations to the board concerning the compensation for the Company's executive officers. The board of directors is responsible for reviewing and approving the Company's compensation policies and the compensation paid to executive officers, based in part on recommendations of the Compensation Committee.

Compensation Philosophy

The general philosophy of the Company's compensation program is to offer executive officers competitive compensation based both on the Company's performance and on the individual's contribution and performance. The Company's compensation policies are intended to motivate, reward and retain highly qualified executives for long-term strategic management and the enhancement of stockholder value, to support a performance-oriented environment that rewards achievement of specific internal Company goals and to attract and retain executives whose abilities are critical to the long-term success and competitiveness of the Company. There are three main components in the Company's executive compensation program: base salary, incentive bonus and stock incentives.

Base Salary

The salaries of the executive officers, including the Chief Executive Officer, are reviewed annually by the compensation committee and the board of directors with reference to surveys of salaries paid to executives with similar responsibilities at comparable companies, generally in the high technology industry and often within the Company's geographic area. The peer group for each executive officer is composed of executives whose responsibilities are similar in scope and content. The Company seeks to set executive compensation levels that are competitive with the average levels of peer group compensation.

Incentive Bonus

Annual incentive bonuses for executive officers are intended to reflect the Compensation Committee's belief that a significant portion of the annual compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each officer. The Company's profit sharing plan provides for additional compensation to all employees of the Company equal to up to 15% of the Company's quarterly net income. Of this amount, one third is shared by all employees, one third is shared among employees within certain business units, and one third is shared by officers. Additionally, the plan provides for payment of certain discretionary bonuses based on criteria established by the Company's board of directors and management. During fiscal 2001, these discretionary bonuses were related primarily to the achievement of the goal of selling the assets and licensing the technology associated with the Company's video monitoring business.

Stock Incentives

The Company utilizes stock options as long term incentives to reward and retain executive officers. The compensation committee believes that this practice links management interests with stockholder interests and motivates executive officers to make long-term decisions that are in the best interests of the Company. The committee also believes that executive officers and other key employees should own a significant percentage of the Company's stock. Generally, stock options vest over four years after the grant date and optionees must be employed by the Company at the time of vesting in order to exercise the options.

The Compensation Committee believes that stock option grants provide an incentive that focuses the executives' attention on the Company from the perspective of an owner with an equity stake in the business. Because options are typically granted with an exercise price equal to the fair market value of the Company's common stock on the date of grant, the Company's stock options are tied to the future performance of the

Company's common stock and will provide value to the recipient only when the price of the Company's stock increases above the exercise price, that is, only to the extent that stockholders as a whole have benefited.

Compensation of the Chief Executive Officer

Dr. Paul Voois served as the Company's Chief Executive Officer from January 1998 to January 2001. During fiscal 2001, Dr. Voois received bonuses totaling approximately \$12,500. This amount consisted of bonuses related to the successful issuance of several patents in fiscal 2001, as well as an amount related to cash payouts under the Company's vacation benefit program. In May 2000, Dr. Voois was granted an option to purchase 200,000 shares of the Company's common stock at a price of \$12.563 per share, and in August 2000 he was granted an option to purchase 410,000 shares of the Company's common stock at a price of \$7.125 per share. These exercise prices represented the fair market value of the Company's stock on the date of grant. One-fourth of the shares vest one year after the grant date, and 1/36 of the remaining shares vest on the last day of each full month thereafter.

Joe Parkinson has been the Company's Chief Executive Officer since January 2001. He has served as the Company's Chairman of the Board since November 2000. From November 2000 to January 2001, Mr. Parkinson served as Chairman of the Board and Chief Executive Officer of Netergy Microelectronics, a subsidiary of the Company. From November 2000 to January 2001, Mr. Parkinson had a base salary of \$100,000 and was reimbursed by the Company for certain living expenses. His annual base salary was increased to \$160,000 effective January 1, 2001. On February 28, 2001, his annual base salary was increased to \$200,000 to be more commensurate with compensation for Chief Executive Officers in our industry. In November 2000, Mr. Parkinson was granted an option to purchase 500,000 shares of the Company's common stock at a price of \$3.4675 per share, which represented the fair market value of the Company's stock on the date of grant. The option becomes exercisable at the rate of 1/24 of the shares on December 17, 2000 and on the last day of each full month thereafter. Mr. Parkinson was also granted an option to purchase 300,000 shares of the Company's common stock at a price of \$1.875 per share in February 2001, which represented the fair market value of the Company's stock on the date of grant. This grant will vest monthly for forty-eight months.

(1) This table is based upon information supplied by officers, directors and principal stockholders and Schedules 13D and 13G filed with the Securities and Exchange Commission (the "SEC"). The number of shares of common stock beneficially owned by each person is determined under rules promulgated by the SEC. Under such rules, beneficial ownership includes any shares as to which the person has sole or shared voting power or investment power, and also includes any shares which the person has the right to acquire within sixty days after May 14, 2001. Applicable percentages are based upon 26,774,344 voting shares issued and outstanding as of May 14, 2001, consisting of 26,540,585 shares of the Company's common stock and one share of preferred stock, designated as Special Voting Stock, having a total of 233,759 votes, adjusted as required by rules promulgated by the SEC.

(2) One of the Company's directors, Christos Lagomichos, serves as Vice President and General Manager of the Set-Top Box Division of STMicroelectronics.

(3) Includes 10,000 shares held by Jarbridge, Inc., of which Mr. Parkinson is Chairman of the board. Mr. Parkinson disclaims beneficial ownership of the shares except to the extent of his pecuniary interest therein.

(4) Includes the following number of shares subject to options that were exercisable at or within 60 days after May 14, 2001: Mr. Parkinson, 170,833; Dr. Voois, 389,415; Mr. Martin, 158,885; Mr. Hecker, 35,059; Dr. Girod, 60,559; Mr. Foster, 94,599; Mr. Tai, 60,559; Mr. Stoll, 74,132; Mr. Rees, 32,914; and all directors and officers as a group, 1,409,125.

(5) Although Mr. Lagomichos is an employee of STMicroelectronics, we have not included the shares of common stock owned by STMicroelectronics NV in this amount.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors and persons who own more than ten percent of a registered class of the Company's equity securities to file an initial report of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC and furnish the Company with copies of all Section 16(a) forms that they file. Based solely on its review of the copies of such forms received by it and written representations from certain reporting persons, the Company believes that all filing requirements applicable to its officers, directors and ten percent stockholders

were complied with for the year ended March 31, 2001, except in the cases of (i) Jean-Luc Calonne and Messrs. Bednarz, Foster, and Parkinson, who filed initial reports of ownership on Form 3 late; (ii) Mr. Hecker who filed a late Form 4 related to the sale of 90,000 shares in December 2000 at an average price of \$2.70 per share; and (iii) Mr. Andrews who inadvertently did not include in a report on a Form 4 an exercise of stock options in March 2001, which was corrected by including the information on the Form 5 filed for fiscal 2001.

OTHER MATTERS

The Company knows of no other matters to be submitted at the annual meeting. If any other matters properly come before the meeting or any adjournment or postponement thereof, it is the intention of the persons named in the enclosed form of proxy to vote the shares they represent as the board of directors may recommend.
