Endologix, Inc. to Present at the Oppenheimer 27th Annual Healthcare Conference

IRVINE, Calif.--(BUSINESS WIRE)-- Endologix, Inc. (Nasdaq:ELGX), a developer and marketer of innovative treatments for aortic disorders, today announced that John McDermott, Chairman and Chief Executive Officer, will present at the Oppenheimer 27th Annual Healthcare Conference at 8:35 a.m. ET on Wednesday, March 22, 2017 in New York, New York.

A live webcast of the presentation will be accessible through the "Investors" section of the Company's website at www.endologix.com and will be available for replay following the event.

About Endologix, Inc.

Endologix, Inc. develops and manufactures minimally invasive treatments for aortic disorders. The Company's focus is endovascular stent grafts for the treatment of abdominal aortic aneurysms (AAA). AAA is a weakening of the wall of the aorta, the largest artery in the body, resulting in a balloon-like enlargement. Once AAA develops, it continues to enlarge and, if left untreated, becomes increasingly susceptible to rupture. The overall patient mortality rate for ruptured AAA is approximately 80%, making it a leading cause of death in the United States. For more information, visit www.endologix.com.
