Notice of Internet Availability of Proxy Materials

Pursuant to rules adopted by the U.S. Securities and Exchange Commission (the “SEC”), we have provided access to our Proxy materials over the Internet. All stockholders will have the ability to access the Proxy materials on a website referred to on the Proxy Card or request to receive a printed set of the Proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Proxy Card. In addition, stockholders may request to receive Proxy materials in printed form by mail.

How do I vote in person?

If you plan to attend the Annual Meeting on May 20, 2015, please bring proof of identification and the enclosed Proxy Card. However, if your shares are held in the name of your broker, bank or other nominee, you must bring a Proxy executed by the broker, bank or other nominee that owns the shares of record for your benefit, authorizing you to vote the shares.

How do I vote by Proxy?

If you are a registered holder as of the Record Date, you can vote your Proxy via the Internet, by telephone, by mail or in person at the Annual Meeting on May 20, 2015.

If you are a beneficial stockholder, you have the right to direct your broker or nominee on how to vote your shares. You should complete a voting instruction card which your broker or nominee is obligated to provide you. If you wish to vote in person at the Annual Meeting, you must first obtain from the record holder a Proxy issued in your name.

How do I vote via the Internet?

If you wish to vote via the Internet, follow the Internet voting instructions included on the Proxy Card. A control number, located on the Proxy Card, is designated to verify your identity and allow you to vote the shares and confirm that the voting instructions have been recorded properly.

How do I vote via telephone?

If you wish to vote via telephone, use the toll-free telephone number included on the Proxy Card, and follow the voting instructions located on the mailing. A control number, located on the Proxy Card, is designated to verify your identity, allow you to vote the shares and confirm that the voting instructions have been recorded properly.

How do I vote my shares on the Proxy Card?

If you are a registered stockholder, you can specify how you want your shares voted on each proposal by marking the appropriate boxes on the Proxy Card. Please review the voting instructions on the Proxy Card and read the entire text of the proposals. Please review the recommendations of the Board of Directors in the Proxy Statement prior to marking your vote.

If your Proxy Card is signed and returned without specifying a vote on a proposal, it will be voted according to the recommendations of the Board of Directors on that proposal. That recommendation is shown for each proposal on the Proxy Card. If you abstain from voting as to any matter, your shares shall be deemed present at the meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter.

What constitutes a quorum?

As of the Record Date, 60,687,478 shares of Common Stock were outstanding. A majority of the total number of our outstanding shares present or represented by Proxy constitutes a quorum for the purpose of adopting proposals at the Annual Meeting. If you submit a properly executed Proxy, then you will be considered part of the quorum.

Who counts the vote?

Tabulation of Proxies and the votes cast at the meeting are conducted by an independent agent appointed by Emisphere and certified by an independent inspector of elections.

May I revoke my Proxy?

You may revoke your Proxy at any time before it is voted at the Annual Meeting by: (i) giving timely written notice of the revocation to the Secretary of the Company; (ii) executing and delivering a Proxy with a later date; or (iii) voting in person at the Annual Meeting. Attendance at the Annual Meeting will not in and of itself constitute revocation of a Proxy.

Dissenters' Rights

You are not entitled to any dissenters' rights with respect to any matters to be acted upon at the Annual Meeting.

What vote is required to approve each proposal?

The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. The inspector of elections will treat abstentions and broker non-votes as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum for the Annual Meeting.

A plurality of the votes cast at the Annual Meeting is required to elect the Class I Director Nominees. Withheld votes and broker non-votes will have no effect on the election of the Director Nominees.

The affirmative vote of a majority of shares present, in person or represented by proxy, and voting on the approval of the executive compensation at our annual meeting is required to approve, on an advisory basis, the executive compensation as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this Proxy Statement or incorporated herein by reference. Abstentions and broker "non-votes" are not considered as shares voting or as votes cast with respect to the proposal to approve executive compensation on an advisory basis and will not have any effect on the proposal.

Who bears the cost of soliciting the Proxies?

We will pay all costs of preparing, assembling, printing and distributing the Proxy materials. We may solicit Proxies on behalf of the Board of Directors through the mail, in person, and by telecommunications. We will, upon request, reimburse brokerage firms and others for their reasonable expenses incurred for forwarding solicitation material to beneficial owners of stock.

DIRECTORS AND EXECUTIVE OFFICERS

Our business is overseen by the Board of Directors. It is the duty of the Board of Directors to oversee the Chief Executive Officer and other senior management in the competent and ethical operation of the Company on a day-to-day basis and to assure that the long-term interests of the stockholders are being served. To satisfy this

duty, our directors take a proactive, focused approach to their position, and set standards to ensure that the Company is committed to business success through maintenance of the highest standards of responsibility and ethics. The Board of Directors is kept advised of our business through regular verbal or written reports, Board of Directors meetings, and analysis and discussions with the Chief Executive Officer and other officers of the Company.

Members of the Board of Directors bring to us a wide range of experience, knowledge and judgment. Our governance organization is designed to be a working structure for principled actions, effective decision-making and appropriate monitoring of both compliance and performance.

The Board of Directors has affirmatively determined that Mr. John D. Harkey, Jr., Mr. Timothy McInerney, Mr. Jacob M. Plotsker, Dr. Mark H. Rachesky, Mr. Timothy G. Rothwell (Chairman), and Dr. Michael Weiser are independent directors within the meaning of Rule 4200 of the NASDAQ Marketplace Rules. Mr. Alan L. Rubino is the sole member of the Board of Directors who is not independent. The independent directors meet in separate sessions at the conclusion of board meetings and at other times as deemed necessary by the independent directors, in the absence of Mr. Rubino. Mr. Rothwell currently serves as Chairman of the Board of Directors. Matters are explored in Committee and brought to the full Board for discussion or action.

The Board of Directors has established an Audit Committee, a Compensation Committee and a Governance and Nominating Committee. Each of the committees of the Board of Directors acts pursuant to a separate written charter adopted by the Board of Directors.

The Audit Committee is currently comprised of Mr. McInerney (Chairman), Jacob M. Plotsker, and Dr. Weiser. All of the members of the Audit Committee meet the independence requirements under the applicable provisions of the Exchange Act and regulations promulgated thereunder and the relevant NASDAQ Listing Rules. The Board of Directors has determined that the Company does not currently have an “audit committee financial expert,” as that term is defined in Item 407(d)(5)(ii) of Regulation S-K, serving on the Audit Committee as a result of the recent resignation of the previously designated audit committee financial expert from the Audit Committee. The Audit Committee’s responsibilities and duties are summarized in the report of the Audit Committee and in the Audit Committee charter which is available on our website (www.emisphere.com).

The Compensation Committee is currently comprised of Dr. Weiser (Chairman), Dr. Rachesky, and Mr. McInerney. All members of the Compensation Committee are independent within the meaning of Rule 4200 of the NASDAQ Marketplace Rules, non-employee directors within the meaning of the rules of the Securities and Exchange Commission and “outside” directors within the meaning set forth under Internal Revenue Code Section 162(m). The Compensation Committee’s responsibilities and duties are summarized in the report of the Compensation Committee and in the Compensation Committee charter also available on our website (www.emisphere.com).

The Governance and Nominating Committee is currently comprised of Dr. Weiser (chairman), Dr. Rachesky, and Mr. Plotsker. All members of the Governance and Nominating Committee are independent within the meaning of Rule 4200 of the NASDAQ Marketplace Rules. The Governance and Nominating Committee’s responsibilities and duties are set forth in the Governance and Nominating Committee charter on our website (www.emisphere.com). Among other things, the Governance and Nominating Committee is responsible for recommending to the board the nominees for election to our Board of Directors and the identification and recommendation of candidates to fill vacancies occurring between annual stockholder meetings.

Board Involvement in Risk Oversight

Our Board of Directors is responsible for oversight of the Company's risk assessment and management process. We believe risk can arise in every decision and action taken by the Company, whether strategic or operational. Our comprehensive approach is reflected in the reporting processes by which our management provides timely and fulsome information to the Board of Directors to support its role in oversight, approval and decision-making.

The Board of Directors closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board of Directors approves the Company's high level goals, strategies and policies to set the tone and direction for appropriate risk taking within the business.

The Board of Directors delegated to the Compensation Committee basic responsibility for oversight of management's compensation risk assessment, and that committee reports to the board on its review. Our Board of Directors also delegated tasks related to risk process oversight to our Audit Committee, which reports the results of its review process to the Board of Directors. The Audit Committee's process includes a review, at least annually, of our internal audit process, including the organizational structure, as well as the scope and methodology of the internal audit process. The Governance and Nominating Committee oversees risks related to our corporate governance, including director performance, director succession, director education and governance documents.

In addition to the reports from the Board committees, our board periodically discusses risk oversight.

Meetings Attendance

During the 2014 fiscal year, our Board of Directors held 5 meetings. With the exception of Mr. Rothwell and Mr. Harkey, who each attend all except one Special Meeting of the Board, each director attended 100 percent of the aggregate number of Board of Directors meetings and committee meetings of which he was a member that were held during the period of his service as a director.

The Audit Committee met 4 times during the 2014 fiscal year.

The Compensation Committee met once during the 2014 fiscal year.

The Governance and Nominating Committee met once during the 2014 fiscal year.

The Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of stockholders, although it does encourage attendance by the directors.

Code of Conduct for Officers and Employees and Code of Business Conduct and Ethics for Directors

The Company has a Code of Conduct that applies to all of our officers and employees as well as a Code of Business Conduct and Ethics that applies specifically to the members of the Board of Directors. The directors are surveyed annually regarding their compliance with the policies as set forth in the Code of Conduct for Directors. The Code of Conduct and the Code of Business Conduct and Ethics for Directors are available on the Corporate Governance section of our website at www.emisphere.com. The contents of our website are not incorporated herein by reference and the website address provided in this annual report is intended to be an inactive textual reference only. The Company intends to disclose on its website any amendment to, or waiver of, a provision of the Code of Conduct that applies to the Chief Executive Officer, Chief Financial Officer, or Controller. Our Code of Conduct contains provisions that apply to our Chief Executive Officer, Chief Financial Officer and all other finance and accounting personnel. These provisions comply with the requirements of a company code of ethics for financial officers that were promulgated by the SEC pursuant to the Exchange Act.

Stockholder Communications

We have an Investor Relations Office for all stockholder inquiries and communications, including communications to the Board of Directors or specified Board members. The Investor Relations Office facilitates the dissemination of accurate and timely information to our stockholders. In addition, the Investor Relations Office ensures that outgoing information is in compliance with applicable securities laws and regulations. All investor queries should be directed to our internal Director of Corporate Communications or our Corporate Secretary.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or has ever been an executive officer or employee of our company (or any of its subsidiaries) and no "compensation committee interlocks" existed during fiscal year 2014.

ELECTION OF DIRECTORS

The Governance and Nominating Committee identifies director nominees by reviewing the desired experience, mix of skills and other qualities to assure appropriate Board composition, taking into consideration the current Board members and the specific needs of the Company and the Board. Among the qualifications to be considered in the selection of candidates, the Committee considers the following attributes and criteria of candidates: experience, knowledge, skills, expertise, diversity, personal and professional integrity, character, business judgment and independence. Although it has no formal policy, our Board recognizes that nominees for the Board should reflect a reasonable diversity of backgrounds and perspectives, including those backgrounds and perspectives with respect to business experience, professional expertise, age, gender and ethnic background.

Our Board is comprised of accomplished professionals who represent diverse and key areas of expertise including national and international business, operations, manufacturing, finance and investing, management, entrepreneurship, higher education and science, research and technology. We believe our directors' wide range of professional experiences and backgrounds, education and skills has proven invaluable to the Company and we intend to continue leveraging this strength.

Nominations for the election of directors may be made by the Board of Directors or the Governance and Nominating Committee. The committee did not reject any candidates recommended within the preceding year by a beneficial owner of, or from a group of security holders that beneficially owned, in the aggregate, more than five percent (5%) of the Company's voting stock.

Although it has no formal policy regarding stockholder nominees, the Governance and Nominating Committee believes that stockholder nominees should be viewed in substantially the same manner as other nominees.

Stockholders may make a recommendation for a nominee by complying with the notice procedures set forth in our bylaws. Specifically, a stockholder of record who is entitled to vote for the election of directors may make a recommendation for a director nominee by providing the Company with a notice of nomination (a "Notice of Nomination") setting forth (i) the name and record address of the stockholder making the recommendation, (ii) the class and number of shares of Common Stock held of record, held beneficially, and represented by proxy held by such person as of the record date and as of the date of the notice, (iii) all information regarding the nominee required to be set forth in a definitive proxy statement filed with the SEC pursuant to Section 14 of the Exchange Act (including all information required to be filed with the SEC if the person submitting the notice were a participant in a solicitation subject to Section 14 of the Exchange Act), and (iv) the written consent of each such nominee to serve if elected. To be considered timely, a Notice of Nomination must be delivered to the Company at the Company's principal executive offices (addressed to the attention of the Secretary) not less than 30 or more than 60 days prior to the annual meeting to which the Notice of Nomination relates. The Governance and Nominating Committee will give nominees recommended by stockholders in compliance with these procedures the same consideration that it gives to any board recommendations. To date, we have not received any recommendation from stockholders requesting that the Governance and Nominating Committee (or any predecessor) consider a candidate for inclusion among the committee's slate of nominees in the Proxy Statement.

To be considered by the committee, a director nominee must have broad experience at the strategy/policy-making level in a business, government, education, technology or public interest environment, high-level managerial experience in a relatively complex organization or experience dealing with complex problems. In addition, the nominee must be able to exercise sound business judgment and provide insights and practical wisdom based on experience and expertise, possess proven ethical character, be independent of any particular constituency, and be able to represent all stockholders of the Company.

The committee will also evaluate whether the nominee's skills are complementary to the existing Board members' skills; the board's needs for operational, management, financial, technological or other expertise; and whether the individual has sufficient time to devote to the interests of Emisphere. The prospective board member cannot be a board member or officer at a competing company nor have relationships with a competing company. He/she must be clear of any investigation or violations that would be perceived as affecting the duties and performance of a director.

The Governance and Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the board with that of obtaining a new perspective. If any member of the board does not wish to continue in service, or if the Governance and Nominating Committee or the board decides not to nominate a member for re-election, the Governance and Nominating Committee identifies the desired skills and experience of a new nominee and discusses with the board suggestions as to individuals that meet the criteria.

Compensation of Non-Employee Directors

A director who is a full-time employee of the Company receives no additional compensation for services provided as a director. It is the Company's policy to provide competitive compensation and benefits necessary to attract and retain high quality non-employee directors and to encourage ownership of Company stock to further align their interests with those of stockholders. The following represents the compensation of the non-employee members of the Board of Directors:

- With the exception of our Chairman, the non-employee members of our Board of Directors receive an annual retainer of \$35,000, payable quarterly in cash, and an annual stock option grant of 40,000 options to purchase shares of common stock. The annual stock option grants are made each year on the date of the annual meeting of stockholders of the Company. The director must be an eligible director on the dates the retainers are paid and the stock options are granted in order to receive them. The options vest over three years in equal amounts on each anniversary of the grant date provided the director continuously serves as a director from the grant date through such vesting date, subject to accelerated vesting upon a change in control of Emisphere. Such options, once vested, remain exercisable through the period of the option term.

- All newly appointed directors receive an initial stock option grant on the date of appointment of 50,000 options to purchase shares of common stock. The options subject to such initial stock option grant vest over three years in equal amounts on each anniversary of the grant date provided the director continuously serves as a director from the grant date through such vesting date, subject to accelerated vesting upon a change in control of Emisphere. Such options, once vested, remain exercisable through the period of the option term.
- Our Chairman receives an annual retainer of \$180,000 and an annual grant, to which he is entitled through 2015, of 175,000 options to purchase common stock which vest upon grant, in addition to the annual grant of 50,000 options received by all non-executive directors:
- Additional committee and chairperson fees are paid as follows:
 - \$10,000 audit committee chairperson fee;
 - \$2,500 audit committee member fee;
 - \$5,000 compensation committee chairperson fee;
 - \$1,000 compensation committee member fee;
 - \$2,500 governance and nominating committee chairperson fee; and

The director must be an eligible director on the dates such fees are paid.

(1) The value listed in the above table represents the fair value of the options recognized as expense under FASB ASC Topic 718 during 2014, including unvested options granted before 2014 and those granted in 2014. Fair value is calculated as of the grant date using the Black-Scholes Model. The determination of the fair value of share-based payment awards made on the date of grant is affected by our stock price as well as assumptions regarding a number of complex and subjective variables. Our assumptions in determining fair value are described in Note 11 to our audited financial statements for the year ended December 31, 2014 contained in our 2014 Annual Report, which is incorporated herein by reference.

The following table summarizes the aggregate number of option awards and stock awards held by each non-employee director at December 31, 2014.

Directors and Executive Officers

The following table sets forth certain information, as of March 1, 2015, regarding the beneficial ownership of the common stock by (i) each director; (ii) each named executive officer; (iii) all of our directors and named executive officers as a group. Unless otherwise indicated, all persons named as beneficial owners of common stock have sole voting power and sole investment power with respect to the shares indicated as beneficially owned:

Compensation Committee Report

The Compensation Committee operates under a written charter adopted by the Board of Directors. The Compensation Committee charter can be found on our website at www.emisphere.com. The contents of our website are not incorporated herein by reference and the website address provided in this annual report is intended to be an inactive textual reference only.

The Compensation Committee is responsible for the consideration of stock plans, performance goals and incentive awards, and the overall coverage and composition of the compensation arrangements related to executive officers. The Compensation Committee may delegate any of the foregoing duties and responsibilities to a subcommittee of the Compensation Committee consisting of not less than two members of the committee. The Compensation Committee has the authority to retain, at the expense of the Company, such outside counsel, experts and other advisors as deemed appropriate to assist it in the full performance of its functions. The Company's Chief Executive Officer is involved in making recommendations to the Compensation Committee for compensation of Executive Officers (except for himself) as well as recommending compensation levels for directors.

Our executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee, which is composed of non-employee independent directors, is responsible for reviewing with Company management and approving compensation policy and all forms of compensation for executive officers and directors in light of the Company's current business environment and the Company's strategic objectives. In addition, the Compensation Committee acts as the administrator of the Company's stock option plans. The Compensation Committee's practices include reviewing and establishing executive officers' compensation to ensure that base pay and incentive compensation are competitive to attract and retain qualified executive officers, and to provide incentive systems reflecting both financial and operating performance, as well as an alignment with stockholder interests. These policies are based on the principle that total compensation should serve to attract and retain those executives critical to the overall success of Emisphere and should reward executives for their contributions to the enhancement of stockholder value.

The Compensation Committee oversees risk management as it relates to our compensation plans, policies and practices in connection with structuring our executive compensation programs and reviewing our incentive compensation programs for other employees. The committee considered risk when developing our compensation programs and believes that the design of our current compensation programs do not encourage excessive or inappropriate risk taking. Our base salaries provide competitive fixed compensation, while annual cash bonuses and equity-based awards encourage long-term consideration rather than short-term risk taking.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis presented herein with the management of the Company. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Form 10-K and Proxy Statement of the Company.

Audit Committee Report

The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee has reviewed the relevant standards of the Sarbanes-Oxley Act of 2002, the rules of the SEC, and the corporate governance listing standards of the NASDAQ Listing Rules regarding committee policies. The committee intends to further amend its charter, if necessary, as the applicable rules and standards evolve to reflect any additional requirements or changes. The updated Audit Committee charter can be found on our website at www.emisphere.com. The contents of our website are not incorporated herein by reference and the website address provided in this Proxy Statement is intended to be an inactive textual reference only.

The Audit Committee is currently comprised of Mr. Timothy McInerney, (chairman), Jacob M. Plotsker and Michael Weiser, M.D., Ph.D.

All of the members of the Audit Committee meet the independence requirements under the applicable provisions of the Exchange Act and regulations promulgated thereunder and the relevant NASDAQ Listing Rules. The Board of Directors has determined that the Company does not currently have an “audit committee financial expert,” as that term is defined in Item 407(d)(5)(ii) of Regulation S-K, serving on the Audit Committee, as a result of the resignation of the previously designated audit committee financial expert from the Audit Committee.

On January 6, 2010, with the approval of the Audit Committee of the Company, the Company engaged McGladrey, LLP (“McGladrey”) to act as its independent registered public accounting firm. During the year ended December 2009, and in the subsequent interim periods through December 31, 2014, neither the Company nor anyone acting on its behalf had consulted with McGladrey on any of the matters or events set forth in Item 304(a)(2) of Regulation S-K.

Management has primary responsibility for the Company’s financial statements and the overall reporting process, including the Company’s system of internal control over financial reporting. McGladrey, the Company’s independent registered public accountants, audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States, and report on internal control over financial reporting. McGladrey reports to the Audit Committee as members of the Board of Directors and as representatives of the Company’s stockholders.

The Audit Committee meets with management periodically to consider the adequacy of the Company’s internal control over financial reporting and the objectivity of its financial reporting. The Audit Committee discusses these matters with the appropriate Company financial personnel. In addition, the Audit Committee has discussions with management concerning the process used to support certifications by the Company’s Chief Executive Officer and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act to accompany the Company’s periodic filings with the SEC.

On an as needed basis, the Audit Committee meets privately with McGladrey. The Audit Committee also appoints the independent registered public accounting firm, approves in advance their engagements to perform audit and any non-audit services and the fee for such services, and periodically reviews their performance and independence from management. In addition, when appropriate, the Audit Committee discusses with McGladrey plans for the audit partner rotation required by the Sarbanes-Oxley Act.

Pursuant to its charter, the Audit Committee assists the board in, among other things, monitoring and reviewing (i) our financial statements, (ii) our compliance with legal and regulatory requirements and (iii) the independence, performance and oversight of our independent registered public accounting firm. Under the Audit Committee charter, the Audit Committee is required to make regular reports to the board.

During the 2014 Fiscal Year, the Audit Committee of the Board of Directors reviewed and assessed:

- the quality and integrity of the annual audited financial statements with management, including issues relating to accounting and auditing principles and practices, as well as the adequacy of internal controls, and compliance with regulatory and legal requirements;
- the qualifications and independence of the independent registered public accounting firm; and

-
- management's, as well as the independent auditor's, analysis regarding financial reporting issues and judgments made in connection with the preparation of our financial statements, including those prepared quarterly and annually, prior to filing our quarterly reports on Form 10-Q and annual report on Form 10-K.

The Audit Committee has reviewed the audited financial statements and has discussed them with both management and McGladrey, the independent registered public accounting firm. The Audit Committee has discussed with the independent auditors matters required to be discussed by the applicable Auditing Standards as periodically amended (including significant accounting policies, alternative accounting treatments and estimates, judgments and uncertainties). In addition, the independent auditors provided to the Audit Committee the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and the Audit Committee and the independent auditors have discussed the auditors' independence from the Company and its management, including the matters in those written disclosures. The Audit Committee also received reports from McGladrey regarding all critical accounting policies and practices used by the Company, any alternative treatments of financial information used, generally accepted accounting principles that have been discussed with management, ramifications of the use of alternative treatments and the treatment preferred by McGladrey and other material written communications between McGladrey and management, including management letters and schedules of adjusted differences.

In making its decision to select McGladrey as Emisphere's independent registered public accounting firm for 2015, the Audit Committee considered whether the non-audit services provided by McGladrey are compatible with maintaining the independence of McGladrey.

Based upon the review and discussions referenced above, the Audit Committee, as comprised at the time of the review and with the assistance of the Company's Chief Financial Officer, recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, and be filed with the SEC.

The Members of the Audit Committee

Mr. Timothy McNerney (Chairman)

Mr. Jacob M. Plotsker

Dr. Michael Weiser, M.D., Ph.D.

INDEPENDENT AUDITOR FEES

The following table presents fees for professional audit services rendered by McGladrey LLP (“McGladrey”) for the audit of our annual financial statements for the years ended December 31, 2014 and December 31, 2013, respectively, and fees billed for other services rendered by McGladrey during the respective periods.

Type of Fees	2014	2013
Audit Fees(1)	255,000	\$255,000
Audit-Related Fees(2)	8,900	\$ 7,500
	263,900	\$262,500

(1) Audit fees for 2014 and 2013 were for professional services rendered for the audit of the Company’s financial statements for the fiscal year, including attestation services required under Section 404 of the Sarbanes-Oxley Act of 2002, and reviews of the Company’s quarterly financial statements included in its Form 10-Q filings.

(2) Audit related fees are for services related to registration statements.

The Audit Committee has determined that the non-audit services provided by McGladrey during 2014 and 2013 did not impair their independence. All decisions regarding selection of independent registered public accounting firm and approval of accounting services and fees are made by our Audit Committee in accordance with the provisions of the Sarbanes-Oxley Act of 2002 and related SEC rules. The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit related services, tax services and other services. The committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm, where pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. For each proposed service, the independent auditor is required to provide detailed communication at the time of approval. The committee may delegate pre-approval authority to one or more of its members, who must report same to the Committee members at the next meeting. The Audit Committee, after discussion with McGladrey, agreed that any additional audit fees could be paid by us, subject to the pre-approval of the Audit Committee chairman.

Compensation Discussion and Analysis

Executive Summary

The discussion that follows outlines the compensation awarded to, earned by or paid to the named executive officers of the Company including a review of the principal elements of compensation, the objectives of the Company’s compensation program, what the program is designed to reward and why and how each element of compensation is determined.

In general, the Company operates in a marketplace where competition for talented executives is significant. The Company is engaged in the long-term development of its technology and of drug candidates, without the benefit of significant current revenues, and therefore its operations require it to raise capital in order to continue its activities. Our operations entail special needs and risks and require that the Company attempt to implement programs that promote strong individual and group performance and retention of excellent employees. The Company’s compensation program for named executive officers consists of cash compensation as base salary, medical, basic life insurance, long term disability, flexible spending accounts, paid time off, and defined contribution retirement plans as well as long term equity incentives offered through stock option plans. This program is developed in part by benchmarking against other companies in the biotechnology/pharmaceutical sectors, as well as by the judgment and discretion of our Board of Directors.

Employee salaries are benchmarked against Radford survey information.

Discussion and Analysis

Objectives of the compensation and reward program — The biopharmaceutical marketplace is highly competitive and includes companies with far greater resources than ours. Our work involves the difficult, unpredictable, and often slow development of our technology and of drug candidates. Continuity of scientific knowledge, management skills, and relationships are often critical success factors to our business. The objectives of our compensation program for named executive officers is to provide competitive cash compensation, competitive health, welfare and defined contribution retirement benefits as well as long-term equity incentives that offer significant reward potential for the risks assumed and for each individual's contribution to the long-term performance of the Company. Individual performance is measured against long-term strategic goals, short-term business goals, scientific innovation, regulatory compliance, new business development, development of employees, fostering of teamwork and other Emisphere values designed to build a culture of high performance. These policies and practices are based on the principle that total compensation should serve to attract and retain those executives critical to the overall success of Emisphere and are designed to reward executives for their contributions toward business performance that is designed to build and enhance stockholder value.

Elements of compensation and how they are determined — The key elements of the executive compensation package are base salary (as determined by the competitive market and individual performance), cash bonuses (bonus terms are specified in employment agreements of Executive Officers. Bonus payment criteria are based on business performance objectives established by the Board and Leadership Team. Bonus payment awards are based on achievement of business performance objectives as evaluated by the Compensation Committee with input from the Chairman of the Board and paid at the discretion of the Compensation Committee), the executive long term disability plan and other health and welfare benefits and long-term incentive compensation in the form of periodic stock option grants. The base salary (excluding payment for accrued but unused vacation) for the named Executive Officers for 2014 ranged from \$265,000 for its Vice President and Chief Financial Officer to \$400,000 for its President and Chief Executive Officer. In determining the compensation for each named Executive Officer, the Company generally considers (i) data from outside studies and proxy materials regarding compensation of executive officers at companies believed to be comparable, (ii) the input of non-executive directors, the Chairman of the Board, and the President and Chief Executive Officer (other than for his own compensation) regarding individual performance of each named executive officer and (iii) qualitative measures of Emisphere's performance, such as progress in the development of the Company's technology, the engagement of corporate partners for the commercial development and marketing of products, effective corporate governance, fiscal responsibility, the success of Emisphere in raising funds necessary to conduct research and development, and the pace at which the Company continues to advance its technologies in various clinical trials. Our board of directors and Compensation Committee's consideration of these factors is subjective and informal. However, in general, it has determined that the compensation for executive officers should be competitive with market data reflected within the 50th-75th percentile of biotechnology companies for corresponding senior executive positions. Compensation levels were derived from the compensation plan set in 2006 and were based in part by information received from executive compensation consultants, Pearl Myer and Partners, based in New York, N.Y. Compensable factors benchmarked include market capitalization, head count and location. When considering the compensation of the Company's President and Chief Executive Officer, the Company receives information and analysis prepared or secured by the Company's outside executive compensation experts and survey data prepared by human resources management personnel as well as any additional outside information it may have available. In addition, the board of directors and Compensation Committee of the Company considered the approval by our stockholders, on an advisory basis, of the compensation of our named executive officers at our most recent annual meeting of stockholders on May 29, 2014, in determining that our executive compensation is in line with our competitive position in the marketplace and appropriately designed to reward executives for their contributions toward overall business performance that ultimately enhances stockholder value.

The compensation program also includes periodic awards of stock options. The stock option element is considered a long-term incentive that further aligns the interests of executives with those of our stockholders and rewards long-term performance and the element of risk. Stock option awards are made at the discretion of the Board of Directors based on its subjective assessment of the individual contribution of the executive to the attainment of short and long-term Company goals, such as collaborations with partners, attainment of successful

milestones under such collaborations and other corporate developments which advance the progress of our technology and drug candidates. Option grants, including unvested grants, for our named executive officers range from 230,000 for our current Vice President, Chief Financial Officer and Corporate Secretary, to 2,000,000 for our President and Chief Executive Officer, as indicated in the accompanying tables. Stock option grants to named executive officers in 2014 were made in accordance with the terms of their Employment Agreements described below in “**Employment Agreements and Potential Payments Upon Termination or Change-in-Control**”, the Company’s policy with respect to stock options granted to executives is that grant prices should be equal to the fair market value of the common stock on the date of grant, that employee stock options should generally vest over a three to five-year period and expire in ten years from date of grant, and that options previously granted at exercise prices higher than the current fair market value should not be re-priced. Once performance bonuses or awards are issued, there are currently no policies in place to reduce, restate or otherwise adjust awards if the relevant performance measures on which they are based are restated or adjusted. The Company has no policy to require its named executive officers to hold any specific equity interest in the Company. The Company does not offer its named executive officers any nonqualified deferred compensation, a defined benefit pension program or any post-retirement medical or other benefits.

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a publicly held company will not be deductible for federal income tax purposes, unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company’s primary objective in designing and administering its compensation policies is to support and encourage the achievement of the Company’s long-term strategic goals and to enhance stockholder value. In general, stock options granted under the Company’s 2000 Plan and 2007 Plan are intended to qualify under and comply with the “performance based compensation” exemption provided under Section 162(m) thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options. Because salary and bonuses paid to our Chief Executive Officer and four most highly compensated executive officers have been below the \$1,000,000 threshold, the Compensation Committee has elected, at this time, to retain discretion over bonus payments, rather than to ensure that payments of salary and bonus in excess of \$1,000,000 are deductible. The Compensation Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering the Company’s compensation programs.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, and the rules of the SEC require our directors, Executive Officers and persons who own more than 10% of common stock to file reports of their ownership and changes in ownership of common stock with the SEC. Our employees sometimes prepare these reports on the basis of information obtained from each director and Executive Officer. Based on written representations of the Company’s directors and Executive Officers and on confirmation that no Form 5 was required to be filed, we believe that all reports required by Section 16 (a) of the Exchange Act to be filed by its directors, Executive Officers and greater than ten (10%) percent owners during the last fiscal year were filed on time.

RELATED PARTY TRANSACTION APPROVAL POLICY

In February 2007, our Board of Directors adopted a written related party transaction approval policy, which sets forth our Company’s policies and procedures for the review, approval or ratification of any transaction required to be reported in our filings with the SEC. The Company’s policy with regard to related party transactions is that all material transactions non-compensation related are to be reviewed by the Audit Committee for any possible conflicts of interest. The Compensation Committee will review all material transactions that are related to compensation. All related party transactions approved by either the Audit Committee or Compensation Committee shall be disclosed to the Board of Directors at the next meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

(Item #1 on the Proxy Card)

Our Board of Directors is currently comprised of seven (7) members and is divided into three classes with staggered terms so that the term of one class expires at each annual meeting of stockholders.

Each of our Class I Director Nominees whose term is expiring at the Annual Meeting has been nominated by the Board of Directors for election at the Annual Meeting for a term expiring at the third succeeding annual meeting of stockholders after his election and until his successor is duly elected and qualified. At the recommendation of our governance and nominating committee, Mr. John D. Harkey, Jr. and Mr. Timothy G. Rothwell have been nominated for election.

The Proxies given pursuant to this solicitation will be voted, unless authority is withheld, in favor of the Director Nominees. The Director Nominees have consented to be named and, if elected, to serve. In the event

that a Director Nominee is unable or declines to serve as a director at the time of the Annual Meeting, the Proxies may be voted in the discretion of the persons acting pursuant to the Proxy for the election of other nominees. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Voting

The Director Nominees receiving a plurality of the votes cast at the Annual Meeting will be elected as a director.

The Board of Directors deems the election of Mr. John D. Harkey, Jr. and Mr. Timothy G. Rothwell as directors for a term expiring at the third succeeding annual meeting of stockholders after their election to be in the best interest of Emisphere and its stockholders and recommends a vote "FOR" their election.

PROPOSAL 2: RATIFICATION OF SELECTION OF AUDITORS

(Item #2 on the Proxy Card)

The Audit Committee has selected the firm of McGladrey LLP, an independent registered public accounting firm, to serve as auditor for the fiscal year ending December 31, 2015 (the “2015 Fiscal Year”). McGladrey LLP has served as the Company’s auditors since fiscal year 2009. The Company expects that representatives from McGladrey LLP (the “Representatives”) will be present at the Annual Meeting, that the Representatives will have the opportunity to make a statement if they desire to do so, and that the Representatives will be available to respond to appropriate questions. An affirmative vote of a majority of the shares present, in person or represented by proxy, and voting at the Annual Meeting is required to ratify the selection of McGladrey LLP as auditors.

This proposal is non-binding. If our stockholders fail to ratify the appointment, the Audit Committee will reconsider its appointment of McGladrey LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2015, but reserves the right to retain McGladrey LLP as the Company’s independent registered public accounting firm at any time during the year if the Audit Committee determines that it would be in the best interests of the Company and its stockholders.

The Board of Directors deems the ratification of McGladrey LLP as our independent registered public accounting firm for the 2015 Fiscal Year to be in the best interest of Emisphere and its stockholders and recommends a vote “FOR” this proposal.

PROPOSAL NO. 3: ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

(Item #3 on the Proxy Card)

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), and Section 14A of the Securities Exchange Act, as amended, enables our stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the Company’s Proxy Statement.

This proposal, commonly known as a “say-on-pay” proposal, gives you as a stockholder the opportunity to endorse or not endorse our executive pay program through the following resolution:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2015 Annual Meeting

of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table and the other related tables and disclosure.”

The Dodd-Frank Act and Section 14A also enable our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers. At the Company’s annual meeting of stockholders held on May 24, 2011, the stockholders of the Company approved the frequency of once every year as the frequency with which the stockholders are provided an advisory vote on the compensation of our named executive officers. Accordingly, following this proposal, the next such advisory vote shall occur at next year’s annual stockholder meeting.

Vote Required

The affirmative vote of a majority of shares present, in person or represented by Proxy, and voting on the approval of the executive compensation at our annual meeting is required to approve, on an advisory basis, the executive compensation as disclosed in this Proxy Statement. Abstentions and broker “non-votes” are included in the number of shares present or represented for purposes of quorum, but are not considered as shares voting or as votes cast with respect to any matter presented at the annual meeting. As a result, abstentions and broker “non-votes” will not have any effect on the proposal to approve executive compensation as disclosed in this Proxy Statement. Because your vote is advisory, it will not be binding upon the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Recommendation of the Board

Our Board of Directors unanimously recommends that you vote “FOR” the approval of this resolution.

PROPOSALS OF STOCKHOLDERS FOR 2015 ANNUAL MEETING

Stockholders may submit proposals on matters appropriate for stockholder action, including stockholder nominees for election to the Board of Directors, at our annual stockholder meetings. To be considered for inclusion in next year’s Proxy Statement, stockholder proposals, including stockholder nominees for election to the Board of Directors, must be received by us at our principal executive office no later than December 29, 2015.

For any proposal that is not submitted for inclusion in next year’s Proxy Statement (as described in the preceding paragraph), but is instead sought to be presented directly at next year’s annual stockholder meeting (the “2015 Annual Meeting”), the stockholder must also give Emisphere written notice of the proposal. Our By-Laws provide that in order to be timely, a stockholders’ notice must be received by Emisphere at the principal executive offices not less than 30 days or more than 60 days prior to the 2016 Annual Meeting.

Notice of intention to present proposals at the 2016 Annual Meeting should be addressed to: Corporate Secretary, Emisphere Technologies, Inc., 4 Becker Farm Road, Suite 103, Roseland, NJ, 07068.
