NOTICE OF ANNUAL MEETING OF STOCKHOLDERS TO BE HELD MAY 26, 2016

TO THE STOCKHOLDERS OF THE ENSIGN GROUP, INC.:

The annual meeting of the stockholders (the Annual Meeting) of The Ensign Group, Inc. (the Company) will be held at the Company's Southland Care Center and Home facility, located at 11701 Studebaker Road in Norwalk, California 90650 on Thursday, May 26, 2016. The Annual Meeting will convene at 10:00 a.m. PDT, to consider and take action on the following proposals:

- (1) to elect the following two nominees, Dr. Antoinette T. Hubenette and Mr. Lee A. Daniels, as Class III directors to the Board of Directors to serve until the annual meeting of the Company in 2019 or until a successor has been appointed and is qualified;
- (2) to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2016;
- (3) approve, on an advisory basis, the Company's named executive officer compensation;
- (4) to consider a stockholder proposal regarding the issuance of a sustainability report, if properly presented; and
- (5) to transact such other business as may properly come before the meeting.

The accompanying Notice of Meeting and Proxy Statement describe these matters. We urge you to read this information carefully. The Board of Directors recommends a vote “**FOR**” the election of each of the two nominees for director in Proposal 1, “**FOR**” the approval of each of Proposals 2 and 3, and “**AGAINST**” the stockholder proposal regarding the issuance of a sustainability report in Proposal 4. In addition to the business to be transacted as described above, management will speak on our developments of the past year and respond to questions of general interest to stockholders.

ONLY OWNERS OF RECORD OF THE COMPANY'S ISSUED AND OUTSTANDING COMMON STOCK AS OF THE CLOSE OF BUSINESS ON APRIL 1, 2016 (THE RECORD DATE) WILL BE ENTITLED TO NOTICE OF AND TO VOTE AT THE ANNUAL MEETING. EACH SHARE OF COMMON STOCK IS ENTITLED TO ONE VOTE.

Your vote is important. In accordance with rules and regulations adopted by the Securities and Exchange Commission, we have elected to furnish our proxy materials to stockholders by providing access to the materials on the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the Internet Availability Notice) has been mailed to the majority of our stockholders, while other stockholders have instead received paper copies of the documents accessible on the Internet. It is important that your shares be represented and voted whether or not you plan to attend the annual meeting in person. If you are the registered holder of your shares and are viewing the proxy statement on the Internet, you may grant your proxy electronically via the Internet by following the instructions on the Internet Availability Notice previously mailed to you and the instructions listed on the Internet site. If you are receiving a paper copy of the proxy statement, you may vote by completing and mailing the proxy card enclosed with the proxy statement, or you may grant your proxy electronically via the Internet or by telephone by following the instructions on the proxy card. If your shares are held in “street name,” which means your shares are held of record by a broker, bank or other nominee, you should review the Notice of Internet Availability of Proxy Materials used by that firm to determine whether and how you will be able to submit your proxy by telephone or over the Internet. Submitting a proxy over the Internet, by telephone or by mailing a proxy card will ensure your shares are represented at the annual meeting.

Proxy Statement

For the Annual Meeting of Stockholders
to be Held on May 26, 2016

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board of Directors or the Board) of The Ensign Group, Inc., a Delaware corporation, for use at the annual meeting of stockholders to be held at the Company's Southland Care Center and Home facility, located at 11701 Studebaker Road, Norwalk, California 90650 at 10:00 a.m. PDT, on Thursday, May 26, 2016 (the Annual Meeting). Directions to the facility in order to attend the Annual Meeting may be obtained by calling (949) 487-9500. When used in this Proxy Statement, the terms "we," "us," "our," or the "Company" refer to The Ensign Group, Inc. and its consolidated subsidiaries; however, The Ensign Group, Inc. is a holding company and each of the affiliated facilities and operating subsidiaries referenced herein is operated by a separate, wholly-owned independent operating subsidiary that has its own management, employees and assets. The use of "we," "us," "our" and similar words in this Proxy Statement is not meant to imply that any or all of these facilities are operated by the same entity.

We intend to mail the Notice of Internet Availability of Proxy Materials, or Internet Availability Notice, to certain of our stockholders, and, alternatively, a paper copy of this proxy statement and accompanying proxy card to all other stockholders on or about April 14, 2016.

At the Annual Meeting, the stockholders of the Company will be asked to vote on four proposals. Proposal 1 is the election of two Class III directors to serve on our Board of Directors until the 2019 annual meeting of stockholders (or until their successors are appointed or elected and qualified). Proposal 2 is to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm for the Company for the year ending December 31, 2016. Proposal 3 is the approval, on an advisory basis, of our named executive officer compensation. Proposal 4 is a shareholder proposal regarding the issuance of a sustainability report.

Your vote is very important . Accordingly, whether or not you plan to attend the Annual Meeting in person, you should vote by using one of the methods described in the proxy materials. You may vote your shares at the Annual Meeting by attending and voting in person, by voting via the Internet or by telephone as described in the proxy materials, or by having your shares represented at the Annual Meeting by a valid proxy. If your shares are not registered directly in your name (e.g. you hold your shares in a stock brokerage account or through a bank or other holder of record), you may vote by following the instructions detailed on the notice or voting instruction form you receive from your broker or other nominee.

Any stockholder who executes and delivers a proxy has the right to revoke it any time before it is exercised by delivering to the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Subject to revocation, the proxy holders will vote all shares represented by a properly executed proxy received in time for the Annual Meeting in accordance with the instructions on the proxy. If no instruction is specified with respect to a matter to be acted upon, the shares represented by the proxy will be voted in accordance with the recommendation of the Board of Directors.

The expenses of preparing, assembling, printing and mailing the Internet Availability Notice, this Proxy Statement and the materials used in the solicitation of proxies will be borne by the Company. Proxies will be solicited through the Internet and the mail and may be solicited by our officers, directors and employees in person or by telephone, email or facsimile. They will not receive additional compensation for this effort. We do not anticipate paying any compensation to any other party for the solicitation of proxies, but may reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to beneficial owners. The Company may retain the services of a proxy solicitation firm if, in the Board's view, it is deemed necessary or advisable. Although the Company does not currently expect to retain such a firm, it estimates that the fees of such firm could be up to \$20,000, plus out-of-pocket expenses, all of which would be paid by the Company.

Record Date and Quorum Requirements

April 1, 2016 has been fixed as the record date (the Record Date) for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. As of the Record Date, 52,057,238 shares of the Company's common stock, par value \$0.001 per share (the Common Stock), were issued and outstanding. Each issued and outstanding share of Common Stock will be entitled to one vote. The Common Stock will vote as a single class with respect to all matters submitted to a vote of the stockholders at the Annual Meeting.

In order to constitute a quorum for the conduct of business at the Annual Meeting, a majority of the issued and outstanding shares of the Common Stock entitled to vote at the Annual Meeting must be represented, either in person or by proxy, at the Annual Meeting. Under Delaware law, shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Required Vote

For purposes of the election of directors, election of the Class III director nominees will require the affirmative approval of a majority of the votes cast with respect to each director's election. A majority of votes cast with respect to a director's election meant that the number of votes cast " **FOR** " a director's election exceeds the number of votes cast " **AGAINST** " that director's election, with abstentions and broker non-votes not counted as a vote cast either " **FOR** " or " **AGAINST** " that director's election. Ratification of Deloitte & Touche LLP as our independent registered public accounting firm and approval of Proposals 3 and 4 will require the affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote. In determining whether Proposals 2, 3 and 4 have received the requisite number of affirmative votes, abstentions will be counted as shares entitled to vote and will have the same effect as votes against the proposals. Broker non-votes, however, will be treated as not entitled to vote for purposes of determining approval of Proposals 2, 3 and 4 and will not be counted as votes for or against Proposal 2, 3 and 4. A "broker non-vote" occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Unless instructed to the contrary, the shares represented by proxies will be voted **FOR** the election of the Class III director nominees. Properly executed, unrevoked proxies will be voted **FOR** Proposals 2 and 3 unless a vote against such proposal or abstention is specifically indicated in the proxy. Properly executed, unrevoked proxies will be voted **AGAINST** Proposal 4 unless a vote for such proposal is specifically indicated in the proxy.

Additional Information Regarding the Internet Availability of Our Proxy Materials

We are pleased to take advantage of SEC rules that allow companies to furnish their proxy materials over the Internet. Accordingly, we sent to the majority of our stockholders an Internet Availability Notice regarding the Internet availability of the proxy materials for this year's annual meeting. Other stockholders were instead sent paper copies of the proxy materials accessible on the Internet. Instructions on how to access the proxy materials over the Internet or to request a paper copy can be found in the Internet Availability Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by going to www.proxyvote.com and following the instructions. A stockholder's election to receive proxy materials by mail or e-mail will remain in effect until the stockholder terminates it.

Please note that you cannot vote your shares by filling out and returning the Internet Availability Notice. The Internet Availability Notice does, however, include instructions on how to vote your shares.

If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the "stockholder of record." In that case, either the Internet Availability Notice or the Notice of Annual Meeting, this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 have been sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of shares held in street name. In such case, either a notice similar to the Internet Availability Notice or the Notice of Annual Meeting, this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 should have been provided (or otherwise made available) to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by following their instructions for voting.

PROPOSAL 1: ELECTION OF TWO DIRECTORS

General

Our amended and restated certificate of incorporation provides for a classified Board of Directors consisting of three classes of directors, each serving staggered three-year terms and each class as nearly equal in number as possible as determined by our Board of Directors. As a result, a portion of our Board of Directors will be elected each year. Dr. Antoinette T. Hubenette and Mr. Lee A. Daniels have been designated Class III directors, and their term expires at this Annual Meeting. Messrs. Roy E. Christensen, Barry M. Smith and Dr. John G. Nackel have been designated Class I directors, and their term expires at the 2017 annual meeting of the stockholders. Messrs. Christopher R. Christensen and Daren J. Shaw have been designated Class II directors, and their term expires at the 2018 annual meeting of the stockholders.

On the recommendation of the nominating and corporate governance committee, our Board of Directors, including its independent directors, selected and approved Dr. Antoinette T. Hubenette and Mr. Lee A. Daniels as nominees for election in Class III, the class being elected at the Annual Meeting, to serve for a term of three years, expiring at the 2019 annual meeting of the stockholders or until his successor is duly appointed or elected and qualified or until his earlier resignation or removal.

Dr. Antoinette T. Hubenette and Mr. Lee A. Daniels currently serve as members of our Board of Directors, and have agreed to serve if elected. In the event the nominees named herein are unable to serve or decline to serve at the time of the Annual Meeting, the persons named in the enclosed proxy will exercise discretionary authority to vote for substitutes. Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** the nominees. This proxy cannot be voted for a greater number of persons than two.

Nominees for Election to the Board of Directors

Antoinette T. Hubenette, M.D. has served as a member of our Board of Directors since June 2003. She currently serves as Chairperson of the Board's quality assurance and compliance committee, and also serves on the Board's special committee. Dr. Hubenette is a retired physician and the former President of Cedars-Sinai Medical Group in Beverly Hills, California. She served on the staff at Cedars-Sinai Medical Center from 1982 until 2015. She has served as a director of First California Bank, and its predecessor, Mercantile National Bank, since 1998, and she has served on the board of directors of Cedars-Sinai Medical Care Foundation and GranCare, Inc. (which was later merged into Mariner Post-Acute Network, Inc.). She is a member of numerous medical associations and organizations. We believe that Dr. Hubenette's extensive board experience, management experience in the healthcare industry and her proven leadership and business capabilities support the conclusion that she should serve as one of our directors.

Lee A. Daniels has served as a member of our board of directors since June of 2013. He currently serves as the Chairman of the Board's nominating and corporate governance committee and serves on the audit and compensation committees. Mr. Daniels is currently a professor of International Business and Marketing at the Marriott School of Management at Brigham Young University (BYU) where he has been teaching since 2004. Prior to joining the faculty at BYU, Mr. Daniels spent 25 years in international business where he worked in over 30 countries. Mr. Daniels served as the Chief Executive Officer and Managing Partner of Daniels Capital, LLC, an investment company that made real estate investments. He was President of Newbridge Capital, Japan, one of the largest private equity funds in Asia, from 2001 to 2004, President and Representative Director of Jupiter Telecommunications Co., Ltd., the largest cable TV/internet/telephone company in Japan, and CEO of Titus Communications from 1998 to 2000. Kellogg School of Management at Northwestern University. We believe that Mr. Daniels' extensive management and board experience and his proven leadership and business capabilities support the conclusion that he should serve as one of our directors.

Continuing Directors for Term Ending at the 2017 Annual Meeting of Stockholders

Roy E. Christensen has served as our Chairman of the Board since 1999. He served as our Chief Executive Officer from 1999 to April 2006. He is a 50-year veteran of the long-term care industry and was founder and Chairman of both Beverly Enterprises, Inc., a healthcare company, and GranCare, Inc. (which later merged into Mariner Post-Acute Network, Inc.) a healthcare company. In 1994 he founded Covenant Care, Inc., a successful long-term care company, and served as its Chairman and Chief Executive Officer from 1994 to 1997. He was Chairman of GranCare, Inc. from 1988 to 1993, and Chief Executive Officer of GranCare, Inc. from 1988 to 1991. He was a member of President Nixon's Healthcare Advisory Task Force on Medicare and Medicaid, and spent four years as a member of the Secretary of Health, Education and Welfare's Advisory Task Force during the Nixon Administration. We believe that Mr. Christensen's extensive experience in the skilled nursing industry and his proven leadership and business skills support the conclusion that he should serve as one of our directors. Mr. Christensen is the father of our Chief Executive Officer, Christopher R. Christensen.

John G. Nackel, Ph.D. has served as a member of our Board of Directors since his election to the Board in June 2008. He currently serves as Chairman of the Board's compensation committee, Chairman of the special committee, and also serves on the Board's audit committee and quality assurance and compliance committee. Dr. Nackel is currently the Chairman and Chief Executive Officer of Three-Sixty Advisory Group, LLC. Founded in 2007 by Dr. Nackel, Three-Sixty consults with leading health systems, payers, physicians, medical technology companies, and other providers. Dr. Nackel is a 25-year veteran of Ernst & Young where he advised health care companies in his role as a Global Managing Director of Health Care. Dr. Nackel served as President and Chief Operating Officer of Salick Cardiovascular Centers, Inc. from January 2006 to February 2007 and Executive Vice President of U.S. Technology from November 2003 to May 2005. Since 2015, Dr. Nackel has served as a director of Mercury General Corporation (NYSE:MCY). During his career, Dr. Nackel has also served as a board member or chairman of several privately held start-ups and emerging companies, including Visual Health Solutions, HealthTask, ConnectedHealth, NetStrike, and Sertan, Inc. He earned his bachelor's degree at Tufts University, master's degrees in public health and industrial engineering at the University of Missouri, and a Ph.D. in industrial engineering (health systems design) at the University of Missouri. He is a fellow of the American College of Healthcare Executives (FACHE) and the Healthcare Information and Management Systems Society (HIMSS). He is a senior member of the Institute of Industrial Engineers (IIE). We believe that Dr. Nackel's extensive experience as a consultant and an advisor to healthcare companies, his extensive board and management experience and his valuable leadership and management insights support the conclusion that he should serve as one of our directors.

Barry M. Smith has served as a member of our Board of Directors since 2014. He currently serves on the Board's compensation committee, nominating and corporate governance committee and the quality assurance and compliance committee. Mr. Smith has served as Chairman and Chief Executive Officer of Magellan Health, Inc., the nation's largest provider of behavioral health services and a leading national provider of radiology benefit management services, specialty pharmacy and prescription benefit management services, since 2013. He founded and served as chairman, president and Chief Executive Officer of VistaCare, Inc., a national provider of hospice services, from 1996 to 2002, and he served as chairman of VistaCare in 2003. From 1990 through 1995, Mr. Smith served as Chairman and Chief Executive Officer of Value Rx, Inc., which was then one of the country's largest pharmacy benefit management companies and, prior to that, served as vice president of operations for PCS Health Systems, also a pharmacy benefit management firm. We believe Mr. Smith's extensive experience as a proven and experienced leader in many healthcare businesses that are closely related to our businesses as well as his valuable strategic and other management insights support the conclusion that he should serve as one of our directors.

Continuing Directors for Term Ending at the 2018 Annual Meeting of Stockholders

Christopher R. Christensen has served as our President since 1999 and Chief Executive Officer since April 2006. Mr. Christensen has concurrently served as a member of our Board of Directors since forming the Company in 1999 and currently sits on the Board's Quality Assurance and Compliance committee. Prior to forming Ensign, Mr. Christensen served as acting Chief Operating Officer of Covenant Care, Inc., a California-based provider of long-term care. Mr. Christensen has overseen our company and its growth since our inception in 1999. Mr. Christensen served on the Board of Directors of CareTrust REIT from June 2014 to April 2015. We believe that Mr. Christensen's important role in the history and management of our company and its affiliates and his leadership and business skills, including his current position as Chief Executive Officer, support the conclusion that he should serve as one of our directors. Mr. Christensen is the son of our Chairman of the Board, Mr. Roy E. Christensen.

Daren J. Shaw has served as a member of our Board of Directors since March 2012. He currently serves as Chairman of the Board's audit committee and also serves on the Board's compensation committee, nominating and corporate governance committee and special committee. Mr. Shaw has served for more than 33 years in leadership capacities with several financial services firms. He currently serves as a Managing Director of the Investment Banking Group at D.A. Davidson & Co., a middle-market full-service investment banking firm. During his term as Managing Director at D.A. Davidson & Co., Mr. Shaw has served on the Senior Management Committee and Board of Directors and as the lead investment banker in a wide variety of transactions including public stock offerings, private placements, and mergers and acquisitions. Mr. Shaw also served for 12 years with Pacific Crest Securities (formerly known as Gallagher Capital Corp.), in various roles, including Managing Director. Mr. Shaw is also serving as a member of the board of directors of Profire Energy, Inc., a NASDAQ company, and Cadet Manufacturing. We believe that Mr. Shaw's extensive experience and leadership in the financial services industry supports the conclusion that he should serve as one of our directors.

Affirmative Determinations Regarding Director and Nominee Independence

The NASDAQ Stock Market Rules require that a majority of the members of a listed company's board of directors qualify as "independent," as affirmatively determined by the board of directors. After review of all of the relevant transactions or relationships between each director (and his or her family members) and us, our senior management and our independent registered public accounting firm, our Board of Directors has affirmatively determined that each of Drs. Antoinette T. Hubenette and John G. Nackel and Messrs. Daren J. Shaw, Lee A. Daniels and Barry M. Smith is "independent" within the meaning of the applicable NASDAQ Stock Market Rules.

Each member of our Board of Directors serving on our Audit, Compensation and Nominating and Corporate Governance committees is "independent" within the meaning of the applicable NASDAQ Stock Market Rules and, as applicable, the Exchange Act.

Board Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company to make that determination based upon the position and direction of the Company and the membership of the Board. The Board has determined that having the Company's Chief Executive Officer not serve as Chairman is in the best interest of the Company's stockholders at this time. However, the Board has determined that having the Company's former Chief Executive Officer serve as the Chairman makes the best use of the former Chief Executive Officer's extensive knowledge of the Company and its industry, as well as fostering greater communication between the Company's management and the Board.

Meetings and Committees of the Board of Directors

During the year ended December 31, 2015, our Board of Directors met six times. Each independent director and Mr. Christopher R. Christensen attended at least 75 percent of the meetings of our Board and the meetings of any of our Board committees on which they served that were held during the term of each director. Our Board of Directors and its committees also acted by way of various unanimous written consents during the year ended December 31, 2015.

Although we do not have a formal policy regarding attendance by members of our Board of Directors at our Annual Meeting of Stockholders, we encourage our directors to attend. At the 2015 Annual Meeting, all but two of the seven members of the Board of Directors were in attendance and we expect that at least a majority of our Board of Directors will attend the Annual Meeting.

Our Board of Directors has an audit committee, a compensation committee, a nominating and corporate governance committee, a quality assurance and compliance committee and a special committee. Each committee, other than the special committee, has a written charter. Copies of the charters for the audit committee, the compensation committee and the nominating and corporate governance committee are posted on our web site at <http://www.ensigngroup.net> under the Investor Relations section. In addition, the compensation committee, the audit committee and the Board of Directors meet, at times, without management present in executive session.

Compensation Committee. Our compensation committee currently consists of Messrs. Daren J. Shaw, Lee A. Daniels, Barry M. Smith and Dr. John G. Nackel. Dr. Nackel serves as chairman of the compensation committee. All members of the compensation committee are independent directors, as defined in the NASDAQ Stock Market Rules. Our compensation committee held four meetings in 2015. The primary functions of this committee include:

- developing and reviewing policies relating to compensation and benefits;
- determining or recommending to our Board of Directors the cash and non-cash compensation of our executive officers;
- evaluating the performance of our executive officers and overseeing management succession planning;
- administering or making recommendations to our Board of Directors with respect to the administration of our equity-based and other incentive compensation plans; and
- overseeing the preparation of the Compensation Discussion and Analysis and the related Compensation Committee Report for inclusion in our annual proxy statement.

The compensation committee has not delegated any powers or authority to the Chief Executive Officer or any other executive officer of the Company in determining executive officer compensation. Our compensation committee did not retain the services of a consulting firm in 2015. For a discussion of the processes and procedures for determining executive and director compensation and the role of compensation consultants in recommending the amount or form of compensation, see the “Compensation Discussion and Analysis” section below.

Audit Committee. Our audit committee currently consists of Messrs. Daren J. Shaw, Lee A. Daniels and Dr. John G. Nackel. Mr. Shaw serves as chairman of the audit committee. All members of the audit committee are independent directors, as defined in the NASDAQ Stock Market Rules and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act). Our audit committee held five meetings in 2015. Each member of our audit committee can read, and has an understanding of, fundamental financial statements. Our Board of Directors has determined that Mr. Shaw qualifies as an “audit committee financial expert” as that term is defined in the rules and regulations established by the Securities and Exchange Commission. This designation is a disclosure requirement of the Securities and Exchange Commission related to Mr. Shaw's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose on Mr. Shaw any duties, obligations or liability that are greater than those generally imposed on him as a member of our audit committee and our board of directors, and his designation as an audit committee financial expert pursuant to this Securities and Exchange Commission requirement does not affect the duties, obligations or liability of any other member of our audit committee or board of directors. The primary functions of this committee include overseeing:

- the conduct of our financial reporting process and the integrity of our financial statements and other financial information provided by us to the public or any governmental or regulatory body;
- the functioning of our internal controls;

- procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters;
- the approval of our transactions with related persons;
- pre-approving audit and permissible non-audit services to be performed by our independent accountants, if any, and the fees to be paid in connection therewith;
- the engagement, replacement, compensation, qualifications, independence and performance of our independent auditors, and the conduct of the annual independent audit of our financial statements;
- the company's legal compliance programs and any legal or regulatory matters that may have a material impact on the Company's financial statements; and
- the portions of our code of ethics and business conduct that relate to the integrity of our financial reports.

Both representatives of our independent registered public accounting firm and internal financial personnel regularly meet privately with the audit committee and have unrestricted access to this committee.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee currently consists of Messrs. Lee A. Daniels, Daren J. Shaw and Barry M. Smith. Mr. Daniels serves as the chairman of the nominating and corporate governance committee. All members of the nominating and corporate governance committee are independent directors, as defined in the NASDAQ Stock Market Rules. Our nominating and corporate governance committee held three meetings in 2015. The primary functions of this committee include:

- assisting the Board of Directors in establishing the minimum qualifications for a director nominee, including the qualities and skills that members of our Board are expected to possess;
- identifying and evaluating individuals qualified to become members of our Board, consistent with criteria approved by our Board and our nominating and corporate governance committee;
- selecting, or recommending that our Board selects, the director nominees for election at the next annual meeting of stockholders, or to fill vacancies on our Board occurring between annual meetings of stockholders;
- management succession planning; and
- developing, recommending to our Board, and assessing corporate governance policies for us.

Quality Assurance and Compliance Committee. Our quality assurance and compliance committee is currently comprised of Messrs. Christopher R. Christensen, Barry M. Smith and Drs. John G. Nackel and Antoinette T. Hubenette. Dr. Hubenette currently serves as the chairperson of this committee. Our quality assurance and compliance committee held four meetings in 2015. The functions of this committee include:

- overseeing the promulgation, and the updating from time to time as appropriate, of a written corporate compliance program that substantially conforms to the Office of the Inspector General Program Guidance for Nursing Facilities, including written policies, procedures and standards of conduct, as well as disciplinary guidelines to assist officers and employees charged with direct enforcement responsibility;
- designating a corporate compliance officer, and functioning as the compliance committee to which such compliance officer reports;
- ensuring that means exist for the delivery of appropriate compliance training and education to the officers and employees of our several subsidiaries;
- establishing lines of communication for escalating compliance and quality control issues to our quality assurance and compliance committee and our Board;

- establishing a system for internal monitoring and auditing of compliance and quality control issues; and
- causing our officers to respond, as appropriate, to compliance and quality control issues and to take effective corrective action.

Special Committee. In September 2010, the Board of Directors appointed a special committee consisting solely of “independent directors” as such term is defined in Rule 5605(a)(2) of the NASDAQ Stock Market Rules. The membership of the special committee includes Mr. Daren J. Shaw and Drs. John G. Nackel and Antoinette T. Hubenette. Dr. Nackel serves as chairman of the special committee. The special committee was formed to represent the Board's, the Company's and the stockholders' interests in addressing allegations and related matters arising from or in connection with the investigation previously conducted by the Department of Justice (DOJ). The special committee has been empowered to act on behalf of the Board of Directors with respect to these matters, and has, among other things, retained independent legal counsel and other third-party consultants to facilitate its work. The special committee will dissolve at the time the Board of Directors determines that it is no longer necessary.

Board Role in Risk Oversight

Our Board of Directors is responsible for overseeing the Company's management of risk. The Board strives to effectively oversee the Company's enterprise-wide risk management in a way that balances managing risks while enhancing the long-term value of the Company for the benefit of the stockholders. The Board of Directors understands that its focus on effective risk oversight is critical to setting the Company's tone and culture towards effective risk management. To administer its oversight function, the Board seeks to understand the Company's risk philosophy by having discussions with management to establish a mutual understanding of the Company's overall appetite for risk. Our Board of Directors maintains an active dialogue with management about existing risk management processes and how management identifies, assesses and manages the Company's most significant risk exposures. Our Board expects frequent updates from management about the Company's most significant risks so as to enable it to evaluate whether management is responding appropriately.

Our Board relies on each of its committees to help oversee the risk management responsibilities relating to the functions performed by such committees. Our audit committee periodically discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. Our compensation committee helps the Board to identify the Company's exposure to any risks potentially created by our compensation programs and practices. For a further discussion of how the compensation committee helps mitigate this risk, see the section titled "Compensation Discussion and Analysis - Compensation Policy and Objectives" below. Our nominating and corporate governance and quality assurance and compliance committees oversee risks relating to the Company's corporate compliance programs and assist the Board and management in promoting an organizational culture that encourages commitment to ethical conduct and a commitment to compliance with the law. Each of these committees is required to make regular reports of its actions and any recommendations to the Board, including recommendations to assist the Board with its overall risk oversight function.

The Company's Director Nomination Process

As indicated above, our nominating and corporate governance committee oversees the director nomination process. This committee is responsible for assisting the Board of Directors in establishing minimum qualifications for director nominees, including qualities and skills that members of our Board of Directors are expected to possess. Under our nominating and corporate governance committee charter, which is available at our website at www.ensigngroup.net, these criteria include the candidate's personal and professional integrity, the candidate's financial literacy or other professional or business experience relevant to an understanding of the Company and its business, the candidate's demonstrated ability to think and act independently and with sound judgment, and the candidate's ability to be effective, in conjunction with other members or nominees of the Board of Directors in collectively serving the long-term interests of the Company and its stockholders. Our nominating and corporate governance committee identifies and evaluates individuals qualified to become members of our Board of Directors. Our nominating and corporate governance committee then recommends that our Board of Directors select the director nominees for the election at the next annual meeting of stockholders, or to fill vacancies on our Board of Directors occurring between annual meetings of the stockholders.

We believe it is important to have an appropriate mix of diversity for the optimal functionality of the Board of Directors. Our nominating and corporate governance committee charter requires that the committee consider each candidate's qualities and skills and our nominating and corporate governance committee considers each candidate's background, diversity, ability, judgment, skills and experience in the context of the needs and current make up of the Board of Directors when evaluating director nominees. The Board of Directors believes it is important for each member of the Board of Directors to possess skills and knowledge in the areas of leadership of large, complex organizations, finance, strategic planning, laws and regulations, government relations and relevant industries, especially the healthcare and skilled nursing industries. These considerations help the Board of Directors as a whole to have the appropriate mix of diversity, characteristics, skills and experiences for the optimal functioning of the Board of Directors in its oversight of our Company. As part of its periodic self-assessment process, the nominating and corporate governance committee annually reviews and evaluates its performance, including overall composition of the Board of Directors and the criteria that it uses for selecting nominees in light of the specific skills and characteristics necessary for the optimal functioning of the Board of Directors in its oversight of our Company. Although we do not have a formal diversity policy relating to the identification and evaluation of nominees for director, the nominating and corporate governance committee considers all of the criteria described above in identifying and selecting nominees and in the future may establish additional minimum criteria for nominees.

The nominating and corporate governance committee will consider nominees for the Board recommended by stockholders who meet the eligibility requirements for submitting stockholder proposals for inclusion in the Company's next proxy statement. If an eligible stockholder wishes to recommend a nominee, he or she should submit such recommendation in writing to the Chair, Nominating and Corporate Governance Committee, care of the Corporate Secretary of the Company, Chad A. Keetch, at The Ensign Group, Inc., 27101 Puerta Real, Suite 450, Mission Viejo, California 92691, by the deadline for stockholder proposals set forth in the Company's last proxy statement, specifying the information set forth in the nominating and corporate governance committee charter. All such recommendations will be brought to the attention of the nominating and corporate governance committee, and the nominating and corporate governance committee shall evaluate such director nominees in accordance with the same criteria applicable to the evaluation of all director nominees.

General Nomination Right of All Stockholders. Any stockholder may nominate one or more persons for election as a director at an annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in our amended and restated bylaws. In order for a stockholder's director nomination to be timely, the stockholder must deliver written notice to our secretary not later than the close of business on the 60th day, nor earlier than the 90th day, prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for on a date that is not within 30 days of such anniversary date, notice by the stockholder must be so received no earlier than the close of business on the 90th day prior to such annual meeting and not later than the close of business on the 60th day prior to such annual meeting, or not later than the close of business on the 10th day following the date on which public disclosure of the date of the meeting was made by the corporation, whichever occurs first. Such notification must contain the written consent of each proposed nominee to serve as a director if so elected and all other information required in Section 3.02 of our amended and restated bylaws.

Director Compensation

In fiscal year 2015, our Chairman of the Board received an annual retainer of \$100,000; and each of our non-employee directors received an annual retainer of \$30,000. In addition, each member of the individual committees of the Board of Directors received the following retainers:

Committee	Chairman Retainer	Member Retainer
Audit	\$ 30,000	\$ 10,000
Quality Assurance and Compliance	30,000	6,000
Special	12,000	4,500
Nominating and Corporate Governance	5,000	1,500
Compensation	5,000	2,500

We do not compensate our non-employee directors other than for their service on our Board of Directors or its committees. Historically, we have compensated our non-employee board members based upon what we considered to be fair compensation. Compensation for board and committee service is now partially based upon relevant market data that we obtain by reviewing director compensation by public companies in the skilled nursing industry. To establish board compensation, our compensation committee reviews the published director compensation information of other skilled nursing companies, including Capital Senior Living Corporation, Kindred Healthcare, Inc., Five Star Quality Care, Inc., Amedisys, Inc., Brookdale Senior Living Inc., and Genesis Healthcare, Inc. Based on these reviews, the compensation committee sets its annual retainers for outside directors and the chairman of the board and retainers to the chairpersons of each committee at levels that we believe are comparable to the median cash compensation paid to directors of these companies and the cash compensation payable to the chairman of our board is approximately equal to or less than the median cash compensation paid to the chairpersons of the boards of directors of these other companies who receive compensation for their role as chairpersons of the board and who are not also serving as the chief executive officers of such companies. We have employed this methodology to set compensation for our non-employee directors for 2015.

Prior to completing our initial public offering in 2007, we made only two stock option grants to our non-employee directors, which vested immediately upon the grant date. Our 2007 Omnibus Incentive Plan contains an automatic stock grant program for our directors. Each nonemployee director first elected to a three-year term prior to March 1, 2012 received an automatic stock grant for 1,800 shares of common stock on the 15th day of the month following each quarter end (Automatic Stock Grant Program). Starting in 2015, each non-employee director first elected prior to March 1, 2012 that is elected to a new three-year term will begin receiving an automatic stock grant of 1,500 shares on the 15th day of the month in each quarter after their current term expires and such shares shall vest over a three-year period, beginning with the first anniversary of the grant date.

Further, under the terms of our 2007 Omnibus Incentive Plan, each non-employee director first elected to a three-year term subsequent to March 1, 2012 receives a quarterly restricted stock grant of 1,500 shares on the 15th day of the month subsequent to quarter end and such shares shall vest over a three-year period, beginning with the first anniversary of the grant date. Directors elected to fill less than a three-year term will receive a pro rata stock award.

All unvested restricted stock grants will become fully vested on the date any such non-employee directors ceases serving on the board unless such director is removed for cause. Pursuant to the Automatic Stock Grant Program, Board members receiving stock grants must maintain ownership of a minimum of thirty-three percent (33%) of the cumulative shares granted to him or her. Our Board of Directors and compensation committee considered the total compensation paid to directors of the companies named above in deciding to award these automatic stock awards. However, our Board of Directors and compensation committee determined the amount of stock awards based upon what they considered to be an appropriate incentive for board service to our company, and they did not attempt to base this number upon the amount awarded to directors of these other companies. Our Board has also determined that it may be necessary to provide additional incentives to prospective directors in order to recruit talented leaders to serve on the Board.

The following table sets forth a summary of the compensation earned by our non-employee directors and Chairman in 2015. Our Chief Executive Officer, who currently serves as a director, does not receive any additional compensation for such service. All equity award amounts and related share price information discussed in this Director Compensation section have been adjusted to reflect the two-for-one stock split of the outstanding shares of our common stock paid on December 23, 2015 to stockholders of record on December 17, 2015.

Name	Fees Earned (\$)	Stock Awards \$(1)	All Other Compensation (\$)	Total (\$)
Roy E. Christensen	100,000	—	1,236 (2)	101,236
Antoinette T. Hubenette	65,542	165,330	—	230,872
John G. Nackel	63,000	165,330	—	228,330
Daren J. Shaw	68,500	137,775	—	206,275
Barry M. Smith	36,458	137,775	—	174,233
Lee A. Daniels	47,500	137,775	—	185,275

- (1) This column reflects the total dollar amount to be recognized for financial statement reporting purposes with respect to the fair value of the stock awards granted to each of the directors during the 2015 fiscal year in accordance with Accounting Standard Codification (ASC) 718, *Stock Compensation*. Dr. John G. Nackel and Dr. Antoinette T. Hubenette each received grants of 1,800 stock awards on January 15, 2015, April 15, 2015, July 15, 2015 and October 15, 2015. Messrs. Daren J. Shaw, Lee A. Daniels and Barry M. Smith received grants of 1,500 restricted awards on January 15, 2015, April 15, 2015, July 15, 2015 and October 15, 2015. The fair value of these stock awards on the grant dates was \$21.30 on January 15, 2015, \$23.00 on April 15, 2015, \$26.55 on July 15, 2015 and \$21.00 on October 15, 2015. Stock awards granted to Dr. Nackel and Dr. Hubenette are immediately vested upon the grant date and therefore, compensation expense was recognized in full on the date these awards were granted. Awards granted to Messrs. Shaw, Smith and Daniels vest over a three-year period beginning on the first anniversary of the grant date and therefore, compensation expense is recognized ratably over the vesting period. As of December 31, 2015, Mr. Shaw, Mr. Smith and Mr. Daniels held 12,000, 8,000 and 11,000 unvested restricted awards, respectively.
- (2) Consists of term life insurance and accidental death and dismemberment insurance payments of \$1,236.

Communications with Directors

Stockholders who would like to send communications to our Board, any committee of our Board or to any individual director may do so by submitting such communications to Chad A. Keetch at The Ensign Group, Inc., 27101 Puerta Real, Suite 450, Mission Viejo, California 92691. Mr. Keetch will then distribute such information to our Board of Directors for review. Communications received by the Company may be reviewed by Chad A. Keetch to ensure appropriate and careful review of the matter.

Code of Conduct and Ethics

We have adopted a code of ethics and business conduct that applies to all employees, including employees of our subsidiaries, as well as each member of our Board of Directors. The code of ethics and business conduct is available at our website at www.ensigngroup.net under the Investor Relations section.

We intend to satisfy any disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of ethics by posting such information on our website, at the address specified above.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that the stockholders vote **FOR** the election of the Class III director nominees listed above.

PROPOSAL 2: APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking the stockholders to ratify the selection of Deloitte & Touche LLP (Deloitte) as our independent registered public accounting firm for the year ending December 31, 2016. The affirmative vote of a majority of the common stock having voting power present in person or represented by proxy and entitled to vote will be required to ratify the selection of Deloitte.

Stockholders are not required to ratify the appointment of Deloitte as our independent registered public accounting firm. However, we are submitting the appointment for ratification as a matter of good corporate practice. If stockholders fail to ratify the appointment, the audit committee will consider whether or not to retain Deloitte. Even if the appointment is ratified, the audit committee may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Representatives of Deloitte will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table presents fees for professional services rendered by Deloitte for the years ended December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Audit Fees ⁽¹⁾	\$ 908,950	\$ 1,236,000
Audit Related Fees	—	—
Tax Fees	—	—
All Other Fees ⁽²⁾	2,200	2,200
Total	<u>\$ 911,150</u>	<u>\$ 1,238,200</u>

(1) Audit Fees consisted principally of fees for the audit of our financial statements and internal controls under the Sarbanes-Oxley Act of 2002, and review of our financial statements included in our Quarterly Reports on Form 10-Q, as well as fees incurred in connection with the preparation and filing of registration statements with the Securities and Exchange Commission. Included in this amount in 2014 are fees of \$319,600 related to reviews of registration statements and matters related to the Company's spin-off transaction of its real estate assets into a separate publicly traded real estate investment trust (the Spin-Off) and other matters related to the audit of the Company's consolidated financial statements.

(2) This amount represent subscription fees paid to Deloitte for use of an accounting research tool during the years ended December 31, 2015 and 2014.

Pre-Approval Policies

Our audit committee approved all audit, audit-related, tax and other fees for services performed by our independent registered public accounting firm during the years presented. The audit committee has adopted an Audit and Non-Audit Services Pre-Approval Policy. This policy provides for general pre-approval for a specified range of fees for certain categories of routine services to be provided during a given calendar year. This general pre-approval is automatically renewed at the beginning of each calendar year, unless otherwise determined by the audit committee. If the cost of any proposed service exceeds the amount for which general pre-approval has been established, specific pre-approval by the audit committee is required. Specific pre-approval of services is considered at the regular meetings of the audit committee. The policy delegates authority to the Chairman of the audit committee to grant specific pre-approval between regularly scheduled audit committee meetings for audit and non-audit services not to exceed \$200,000 and other services not to exceed \$100,000. The policy also establishes a list of prohibited non-audit services. In making all of its pre-approval determinations, the audit committee considers, among other things, whether such services are consistent with the rules promulgated by the Public Company Accounting Oversight Board (the PCAOB) and the SEC regarding auditor independence, whether the independent auditor is best positioned to provide the most effective and efficient service, and whether the service might enhance the Company's ability to manage and control risk or improve audit quality. These and other factors are considered as a whole and no one factor is necessarily determinative.

Audit Committee Report

Our audit committee has reviewed and discussed with our management our audited consolidated financial statements and the establishment and maintenance of internal controls over financial reporting and has discussed with our independent registered public accounting firm the matters required to be discussed, as pursuant to Auditing Standard No. 16, "Communications with Audit Committees," as adopted by the PCAOB.

Our audit committee has received the written disclosures and the letter from our independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Our audit committee has also considered whether the provision of non-audit services provided to us by our independent registered public accounting firm is compatible with maintaining its independence and has discussed with the auditors such auditors' independence.

Based on its review, our audit committee recommended to our Board of Directors that the audited financial statements for the Company's year ended December 31, 2015 be included in our Annual Report on Form 10-K for the year ended December 31, 2015, which was filed on February 10, 2016.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis provides information regarding our executive compensation objectives and principles, procedures, practices and decisions, and is provided to help give perspective to the numbers and narratives that follow in the tables in this section. This discussion will focus on our objectives, principles, practices and decisions with regards to the compensation of Christopher R. Christensen, Suzanne D. Snapper, Chad A. Keetch, Beverly B. Wittekind and Barry R. Port (Named Executive Officers).

Say on Pay

We submitted our executive compensation program to a vote, on an advisory basis, of our stockholders and received the support of approximately 99% of the shares of common stock present and eligible to vote at our 2015 annual meeting of stockholders. The compensation committee considered the results of this stockholder advisory vote as one of many factors in structuring its compensation practices in 2015. We pay careful attention to any feedback we received from our stockholders regarding our executive compensation, including the say on pay vote. Given the support for the advisory vote on 2014 executive compensation, the compensation committee determined the fundamental characteristics of the program should remain intact for 2015.

In consideration of the stockholder vote at our 2011 annual meeting, the Board of Directors has determined that the Company will hold an advisory vote on executive compensation every year in connection with its annual meeting of stockholders. Accordingly, we will conduct an advisory vote on executive compensation each year through 2017, when the next stockholder vote on the frequency of say on pay votes is required under the Exchange Act, or until the Board of Directors otherwise determines that a different frequency for such votes is in the best interests of our stockholders.

Compensation Policy and Objectives

We believe that compensation paid to our executive officers should be closely aligned with our performance and the performance of each individual executive officer on both a short-term and a long-term basis, should be based upon the value each executive officer provides to our company, and should be designed to assist us in attracting and retaining the best possible executive talent, which we believe is critical to our long-term success. Because we believe that compensation should be structured to ensure that a significant portion of compensation earned by executives will be directly related to factors that directly and indirectly influence stockholder value, the “at risk” compensation of our executive officers generally constitutes a large portion of their total compensation potential. In addition, commensurate with our belief that those of our employees who act like owners should have the opportunity to become owners, many of our executive officers have a significant level of stock ownership, which we believe aligns the incentives of the executive officers with the priorities of our stockholders. To that end, it is the view of our Board of Directors and compensation committee that the total compensation program for executive officers should consist of the following:

- Base salary;
- Annual and other short-term cash bonuses;
- Long-term incentive compensation; and
- Certain other benefits.

The compensation committee believes that our executive compensation program has been appropriately designed to provide a level of incentives that do not encourage our Named Executive Officers to take unnecessary risks in managing their respective functions. As discussed above, a substantial portion of our Named Executive Officers' compensation is performance-based, consistent with our approach to executive compensation. Our annual incentive compensation program is designed to reward annual financial and/or strategic performance in areas considered critical to our short- and long-term success. In addition, we measure performance on a variety of bonus criteria other than our profit to determine an executive's annual incentive compensation award, such as positive survey results, clinical quality standards, positive patient feedback and feedback from other employees regarding such executives' performance. We believe this discourages risk-taking that focuses excessively on short-term profits at the sacrifice of our long-term health. Likewise, our long-term equity incentive awards are directly aligned with long-term stockholder interests through their link to our stock price and multi-year ratable vesting schedules. In combination, the compensation committee believes that the various elements of our executive compensation program sufficiently tie our executives' compensation opportunities to our focus on sustained long-term growth and performance.

In establishing our executive compensation packages, the compensation committee has historically reviewed compensation packages of executives of companies in the skilled nursing industry based on publicly available information. Our compensation committee has the sole authority to retain and terminate the services of a compensation consultant who reports to the compensation committee. In 2009, our compensation committee engaged Steven Hall & Partners, a national consulting firm, to assist it in assessing industry comparability and competitiveness of our executive compensation packages to assist the compensation committee in establishing, developing and validating our executive compensation and incentive programs. The compensation committee determined that it had sufficient information to make its own assessments regarding industry comparability and competitiveness of our executive compensation packages for 2015 and elected not to engage a compensation consultant in 2015. In 2016, our compensation committee engaged Willis Towers Watson, a national consulting firm, to assist in the development and validation of our executive compensation and incentive programs for 2016.

Principal Economic Elements of Executive Compensation

Base Salary. We believe it is important to pay our executives' salaries within a competitive market range in order to attract and retain highly talented executives. Although historically we have not set executive salaries based upon any particular benchmarks, we may from time to time generally review relevant market data to assist us in our compensation decision process. We have historically validated our compensation decisions by comparing the compensation of executives at other public companies in the skilled nursing industry to the compensation of our executives. Our compensation committee reviewed the published compensation of the named executive officers of Capital Senior Living Corporation, Kindred Healthcare, Inc., Five Star Quality Care, Inc., Amedisys, Inc., Brookdale Senior Living Inc., and Genesis Healthcare, Inc. We believe that the base salaries and the total compensation of our executives are comparable to the lower end of base salaries and median total compensation of executives with similar positions at comparable companies. Each of our executive's base salary is generally determined based upon job responsibilities, individual experience and the value the executive provides to our company. The compensation committee considered each of these factors in determining the compensation each executive would be paid in 2015. We may elect to change this practice in future years, and periodically in the past, the compensation committee has elected to employ a compensation consultant to examine our compensation practices. The decision, if any, to materially increase or decrease an executive's base salary in subsequent years will likely be based upon these same factors and others recommended by a compensation consultant, if any. Our compensation committee makes decisions regarding base salary at the time the executive is hired, and makes decisions regarding any changes to base salary on an annual basis.

Annual Cash Bonuses. We establish an executive incentive program each year, pursuant to which certain executives may earn annual bonuses based upon our performance under the criteria set forth in our 2007 Omnibus Incentive Plan. Historically, in the first quarter of each year, our compensation committee identifies the plan's participants for the year and establishes an objective formula by which the amount, if any, of the plan's bonus pool will be determined. The committee also has the discretion to allocate the bonus pool among the individual executives prior to the end of the year and any such early allocation will remain subject to further adjustments upon the final determination of the bonus pool calculations during the first quarter of each year. This formula is based upon adjusted annual income before provision for income taxes. The bonus pool is also adjusted to include certain clinical and governance performance and an additional multiplier that can increase or decrease the bonus pool based on the achievement of a pre-established target.

The 2015 lowest target increased by 10% from the 2014 lowest target. In addition, the program also requires the lowest target to be adjusted in an event of an equity issuance. The number of shares outstanding increased by 2.7 million as a result of the common stock offering in February 2015. Including adjustments for the common stock issuance based on the increase in the number of shares outstanding and the 2015 annual lower target adjustment, the adjusted 2015 lowest target increased 22.8% to \$45.4 million from the 2014 lowest target. Our compensation committee established the following formula for the 2015 bonus pool:

**Adjusted Annual Income Before Provision for Income Taxes (EBT) in
2015**

Bonus Pool

For EBT up to \$45.4 million	\$—
For EBT greater than \$45.4 million, but less than \$50.4 million	EBT between \$45.4 million and \$50.4 million * 2.5%
For EBT greater than \$50.4 million, but less than \$55.4 million	\$0.125 million + (amount of EBT between \$50.4 million and \$55.4 million * 5.0%)
For EBT greater than \$55.4 million, but less than \$60.4 million	\$0.375 million + (amount of EBT between \$55.4 million and \$60.4 million * 7.5%)
For EBT greater than \$60.4 million, but less than \$70.4 million	\$0.750 million + (amount of EBT between \$60.4 million and \$70.4 million * 10.0%)
For EBT greater than \$70.4 million, but less than \$89.7 million	\$1.750 million + (amount of EBT between \$70.4 million and \$89.7 million * 12.5%)
For EBT greater than \$89.7 million	\$4.163 million + (amount of EBT over \$89.7 million * 15.0%)
EBT target of \$99.7 million	+ or - 1% for every 1% increase or decrease above or below \$99.7 million

Historically, in the first quarter of the subsequent year, our compensation committee subjectively allocates the bonus pool among the individual executives based upon the recommendations of our Chief Executive Officer and the compensation committee's perceptions of each participating executive's contribution to our financial, clinical and governance performance during the preceding year, and value to the organization going forward. The committee also has the discretion to allocate the bonus pool among the individual executives prior to the end of the year and any such early allocation will remain subject to further adjustments upon the final determination of the bonus pool calculations during the first quarter of each year. The financial measure that our compensation committee considers is our adjusted annual income before provision for income taxes. The clinical measures that our compensation committee considers include our success in achieving positive survey results and Centers for Medicare Services' five-star performance. The governance measure that our compensation committee considers includes succession planning and establishing a team made up of members of the Board of Directors and management with the goal of creating a strategy for the Board of Directors which emulates the culture of the organization. Our compensation committee also reviews and considers feedback from other employees regarding the executive's performance. Our compensation committee exercises discretion in the allocation of the bonus pool among the individual executives and has, at times, awarded bonuses that, collectively, were less than the bonus pool resulting from the predetermined formula. Based upon the predetermined formula, taking into account negative adjustments of \$1,084,273 for the Company's clinical and governance performance, a multiplier adjustment of \$1,020,518 and \$637,222 reserved to be distributed to other employees outside of the pool, the bonus pool for 2015 was \$6,952,689. Bonuses for 2015 performance were allocated to the Named Executive Officers who participated in the executive incentive program as follows: Christopher Christensen, \$2,324,311, Suzanne Snapper, \$1,705,890, Barry Port, \$1,701,005 and Chad Keetch, \$1,221,484. Beginning in 2011, we implemented a policy for allocating executive bonus compensation between cash and non-cash compensation, such that if the total executive pool is greater than \$2.0 million, for every dollar greater than \$2.0 million, half of the incentive will be paid in cash and half will be paid in fully vested restricted stock awards. This amount increased to \$2.5 million in 2013 and 2014 and to \$2.75 million in 2015. As the bonus pool was greater than \$2.75 million in 2015, restricted bonus stock awards were granted to the participating Named Executive Officers as follows: Christopher Christensen, \$702,484, Suzanne Snapper, \$515,577, Barry Port, \$514,114 and Chad Keetch, \$369,183. These bonus stock awards are fully vested and subject to one year transfer restriction.

Each year, our compensation committee reviews our financial performance goals and may adjust the bonus pool formula at its discretion to better align the amount available for annual executive bonuses with our objectives. Historically, the compensation committee has increased the amount of adjusted annual income before provision for income taxes that must be achieved in order to create the same bonus pool as the preceding year in order to increase the difficulty of receiving the same bonus. The allocation of this bonus pool to the participating executives remains discretionary based upon the compensation committee's determination of each participating executive's contribution to our annual performance and value to the organization going forward. The 2016 financial performance goals and bonus pool formula have been established by the compensation committee consistent with historical practices. The 2016 plan includes specific governance performance goals, which include succession planning and establishing a capital market strategy. In addition, the compensation committee has continued the "clawback" policy previously established, which allows our Board to recover performance-based compensation paid to our executives under our executive incentive plan in certain circumstances where there has been a restatement of the Company's financial results or where subsequent events diminish the performance metrics, including clinical results, upon which the prior

incentive payments were based. In addition, as mentioned above, our compensation committee engaged Willis Towers Watson, a national consulting firm, to assist in the development and validation of our executive compensation and incentive programs for 2016.

Long-Term Incentive Compensation. We believe that long-term performance is achieved through an ownership culture. Accordingly, we encourage long-term performance by our executives and other key personnel throughout the organization through the use of stock-based awards, and to this end, our compensation committee has in the past administered our incentive plans consistently in terms of frequency and number of grants. We have adopted the 2001 Stock Option, Deferred Stock and Restricted Stock Plan, the 2005 Stock Incentive Plan and the 2007 Omnibus Incentive Plan. These plans permit the grant of stock, stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, and other stock-based awards. Historically, we have generally issued stock options and restricted stock under these plans.

In order to preserve the linkage between the interests of executives and other key personnel and those of stockholders, we generally grant stock options to those executives and others who do not already have a significant level of stock ownership. Our executives who have significant levels of stock ownership are not permitted to hedge the economic risk of such ownership. We intend to continue to provide long-term awards through the granting of stock based awards. Beginning in 2011, we implemented a policy for allocating executive bonus compensation between cash and non-cash compensation. Under this policy, if the total executive pool is greater than \$2.0 million, for every dollar greater than \$2.0 million, half of the incentive will be paid in cash and half will be paid in fully vested restricted stock awards. This amount increased to \$2.5 million in 2013 and 2014 and \$2.75 million in 2015 and 2016. The individuals receiving these awards will be required to hold them for one year from the end of the calendar year for which they are earned. The ownership and restriction on the restricted stock awards will not terminate upon separation of the individual from the Company.

Except with respect to grants to our directors and other stock grants issued pursuant to the executive incentive plan, the stock options and restricted stock awards that we grant generally vest as to 20% of the shares of common stock underlying the option or restricted stock award on each anniversary of the grant date. If a recipient's employment with us terminates, then the restricted stock that remains unvested as of the date of the termination of the recipient's employment will be forfeited without compensation. Until vested, the restricted stock may not be transferred, and vested shares shall be subject to our insider trading policy. Stock options generally have a maximum term of ten years. The grant dates of our stock options and restricted stock awards are generally the date our Board of Directors or compensation committee meets to approve such stock option grants or restricted stock awards. Our Board of Directors or compensation committee historically has approved stock-based awards at regularly scheduled meetings. Our Board of Directors and compensation committee intend to continue this practice of approving the majority of stock-based awards at regularly scheduled meetings on a quarterly basis, unless earlier approval is required for a new-hire inducement or position change grant; regardless of whether or not our Board of Directors or compensation committee knows material non-public information on such date. The exercise price of our stock options is the fair market value of our common stock on the date of grant as determined by the closing price of our common stock on the NASDAQ Global Select Market on the date of grant. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares of common stock underlying the option, including voting rights and the right to receive dividends or dividend equivalents. However, the recipients of restricted stock will have the right to vote and to receive any dividends or other distributions paid with respect to their shares of restricted stock, whether vested or unvested.

Mr. Christopher Christensen historically has made recommendations to our compensation committee and Board of Directors regarding the amount of stock options and other compensation to grant to our other executives based upon his assessment of their performance, and may continue to do so in the future. Our executive officers, however, do not have any role in determining the timing of our stock option grants.

Although we do not have any formal policy for determining the amount of stock-based awards or the timing of our stock-based awards, we have historically granted stock options or restricted stock to high-performing employees (i) in recognition of their individual achievements and contributions to our company, and (ii) in anticipation of their future service and achievements.

Other Compensation. Our executives are eligible to receive the same benefits that are available to all employees. In addition, we pay the premiums to provide life insurance equal to each executive's annual salary and the premiums to provide accidental death and dismemberment insurance. For 2015, Christopher Christensen and Barry Port received automobile allowances of \$15,900 and \$11,000, respectively, and third-party tax service payments of \$4,322 and \$2,012, respectively. Suzanne Snapper and Chad Keetch each received third-party tax service payments of \$819.

Tax Treatment of Compensation

Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our principal executive officer and to each of our three most highly compensated officers (other than our principal financial officer) to \$1.0 million per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In this regard, among other things, we do intend that stock options granted under our 2007 Omnibus Incentive Plan qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and therefore are exempt from the \$1.0 million limit. However, the compensation committee believes that in certain circumstances factors other than tax deductibility take precedence when determining the forms and levels of executive compensation most appropriate and in the best interests of us and our stockholders. For example, the compensation committee may approve compensation, such as discretionary cash bonuses or time-vesting restricted stock awards, that will not meet the Section 162(m) requirements in order to, among other things, enable competitive levels of total compensation of our Named Executive Officers. Given our changing industry and business, as well as the competitive market for outstanding executives, the compensation committee believes that it is important to retain the flexibility to design compensation programs consistent with its overall executive compensation philosophy even if some executive compensation is not fully deductible. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance.

In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and, accordingly, in any year, such exercise may cause an officer's total compensation to exceed \$1.0 million. Under certain regulations, option spread compensation from options that meet certain requirements will not be subject to the \$1.0 million cap on deductibility. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance.

All equity award amounts and related share price information discussed in this Executive Compensation section have been adjusted to reflect the two-for-one stock split of the outstanding shares of our common stock paid on December 23, 2015 to stockholders of record on December 17, 2015.

- (1) All options granted under the Company's 2001 and 2005 Plans held by our Named Executive Officers may be early exercised.
- (2) Options vest in equal annual installments (20% each year) on the anniversary of the date of grant with the exercised portion of partially exercised options vesting prior to the unexercised portion of such options.
- (3) The market value of these shares at December 31, 2015 was \$22.63.
- (4) Effective with the Spin-Off, the holders of our stock options on the record date for the Spin-Off received stock options consistent with a conversion ratio that was necessary to maintain the pre Spin-Off intrinsic value of the options. In order to preserve the aggregate intrinsic value of our stock options held by such persons, the exercise prices and number of options outstanding of such awards were adjusted by using the proportion of the CareTrust when-issued closing stock price to the total Company closing stock price on the distribution date for the Spin-Off.
- (5) Represents the number of shares of our common stock awarded in lieu of a cash bonus payable under our executive incentive plan. These shares were fully vested on the grant date.
- (6) These were stock option awards granted as part of the special bonus related to the Spin-Off.
- (7) The restricted stock awards do not expire.

- (1) The aggregate value realized upon the vesting of the stock award is based upon the aggregate market value of the vested shares of our common stock on the vesting date.
- (2) The aggregate value realized upon the exercise of the stock option award is based upon the aggregate market value of the exercised shares of our common stock on the exercise date.
- (3) Effective with the Spin-Off, the holders of our stock options on the record date for the Spin-Off received stock options consistent with a conversion ratio that was necessary to maintain the pre Spin-Off intrinsic value of the options. In order to preserve the aggregate intrinsic value of our stock options held

by such persons, the exercise prices and number of options outstanding of such awards were adjusted by using the proportion of the CareTrust when-issued closing stock price to the total Company closing stock price on the distribution date for the Spin-Off.

Change-in-Control and Severance Disclosure

We have not entered into any arrangements providing for payments or benefits in connection with the resignation, severance, retirement or other termination of any of our Named Executive Officers, changes in their compensation or a change in control. However, the administrator of our equity incentive plans has the authority to accelerate the vesting of options and restricted stock, in certain circumstances, subject to the terms of the plans.

Compensation Committee Interlocks and Insider Participation

Our compensation committee currently consists of Drs. John G. Nackel, Antoinette T. Hubenette, Messrs. Daren J. Shaw and Lee A. Daniels. None of the members of our compensation committee at any time has been one of our officers or employees. None of our executive officers currently serves, or during 2015 has served, as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers on our Board of Directors or compensation committee.

EQUITY COMPENSATION PLAN INFORMATION

We maintain our 2001 Stock Option, Deferred Stock and Restricted Stock Plan, our 2005 Stock Incentive Plan and our 2007 Omnibus Incentive Plan.

The following table provides information about equity awards under all of our equity compensation plans as of December 31, 2015:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in the First Column)	
Equity compensation plans approved by security holders	5,338,812	\$ 10.53	1,740,102	(1)
Equity compensation plans not approved by security holders	—	—	—	
Total	<u>5,338,812</u>	<u>\$ 10.53</u>	<u>1,740,102</u>	

- (1) The 2007 Omnibus Incentive Plan (the 2007 Plan) incorporates an evergreen formula pursuant to which on each January 1, the aggregate number of shares reserved for issuance under the 2007 Plan will increase by a number of shares equal to the lesser of (i) 1,000,000 shares of common stock or (ii) 2% of the number of shares outstanding as of the last day of the immediately preceding fiscal year, or such lesser number as determined by our Board of Directors.

PROPOSAL 3: ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in detail under the heading "Compensation Discussion and Analysis," we seek to closely align the interests of our named executive officers with the interests of our stockholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

For example:

- We discourage excessive risk-taking by our employees by establishing compensation policies and programs that balance short-term incentives with long-term growth.
- Annual and short-term cash bonuses are based on multiple performance metrics that are consistent with our long-term goals. In particular, annual bonuses are based on the achievement of certain financial performance goals tied to our overall performance and individual performance goals such as positive survey results, high clinical quality standards, governance, other compliance requirements, positive patient feedback and feedback from other employees. We believe that this balanced approach discourages risk-taking that focuses excessively on short-term profits at the sacrifice of our long-term health.
- Management or the compensation committee, as applicable, generally has discretion to adjust annual incentive compensation upward or downward for quality of performance or other factors other than our financial performance. In the past, the compensation committee has awarded bonuses that were less than the bonus amount resulting from the predetermined formula it establishes as a result of not achieving our goals regarding clinical performance.
- Our long-term equity incentive awards are designed to directly align the interests of our employees with long-term stockholder interests. We encourage long-term performance by our executives and employees at every level in the organization through the use of stock-based awards with multi-year vesting schedules. We believe that long-term performance is achieved through an ownership culture and that equity incentive awards reward performance without incentivizing inappropriate risk-taking. Beginning in 2011, we implemented a policy for allocating executive bonus compensation between cash and non-cash compensation. Under this policy, if the total executive pool is greater than \$2.0 million, for every dollar greater than \$2.0 million, half of the incentive will be paid in cash and half will be paid in fully vested restricted stock awards. This amount increased to \$2.5 million in 2013 and 2014 and to \$2.75 million in 2015.
- Our compensation committee has adopted a "clawback" policy that allows our Board to recover performance-based compensation paid to our executives and the presidents of our subsidiaries in certain circumstances where there has been a restatement of our financial results or where subsequent events diminish the performance metrics, including clinical results, upon which the prior incentive payments were based.
- Our compensation committee adopted specific governance performance goals, which include succession-planning and establishing a team made up of members of the Board of Directors and management with the goal of creating a strategy for the Board of Directors that emulates the culture of the organization.
- We periodically benchmark our compensation programs and overall compensation structure to be consistent with companies in the skilled nursing industry.
- Our compensation committee oversees our compensation policies and practices and is responsible for reviewing and approving compensation of our executive officers.

The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the compensation committee of the Board of Directors.

We are currently conducting this advisory vote, commonly known as a "say-on-pay" vote, every year, and expect to hold the next say-on-pay vote in connection with our 2017 annual meeting of the stockholders.

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table and the other related tables and disclosure."

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that the stockholders vote **FOR** the approval of the compensation of, on an advisory basis, our named executive officers as disclosed in this proxy statement.

PROPOSAL 4: STOCKHOLDER PROPOSAL REGARDING THE ISSUANCE OF A SUSTAINABILITY REPORT

For a second consecutive year, we have received a stockholder proposal from Calvert Investment Management, Inc., 4550 Montgomery Avenue, Bethesda, Maryland 20814, the beneficial owner of at least \$2,000 of the Company's common stock. The proponent has requested that we include the following proposal and supporting statement in this proxy statement, and, if properly presented, the proposal will be voted on at the Annual Meeting. We will provide the number of shares that the proponent beneficially owns upon oral or written request of any stockholder, as described on page 35-36. The stockholder proposal and the accompanying supporting statement are quoted verbatim below and we and our Board accept no responsibility for such.

We received a stockholder proposal from this shareholder in 2014 and included that proposal for your consideration in last year's proxy statement. The Board recommended a vote against the sustainability report in last year's proxy. Excluding "broker non-votes," which were treated as not entitled to vote, 76.03% of outstanding shares entitled to vote at the meeting cast their ballots against this proposal or abstained from voting. The number of outstanding shares that voted for the proposal equals 23.98%. Therefore, this proposal was not approved by our shareholders in 2015. We and the Board do not support the adoption of the resolution proposed below and we ask that you consider the Board's response, which immediately follows the stockholder proposal.

Sustainability Report Resolution:

RESOLVED:

Shareholders request that The Ensign Group, Inc. prepare a sustainability report describing the company's environmental, social and governance (ESG) risks and opportunities including patient and worker safety, privacy and security, environmental management, including energy and waste minimization, and supply-chain risks. The report, prepared at reasonable cost and omitting proprietary information, should be published and available on the company's website by October 31, 2016.

SUPPORTING STATEMENT :

We believe tracking and reporting ESG business practices make a company more responsive to a transforming business environment characterized by finite natural resources, changing legislation, concerns over healthcare and safety, and heightened public expectations for corporate accountability. Reporting also helps companies better integrate and gain strategic value from existing sustainability efforts, identify gaps and opportunities in products and processes, develop company-wide communications, publicize innovative practices and receive feedback.

Mainstream financial companies are continuing to recognize the links between environmental, social and governance ("ESG") performance and shareholder value. As such, the availability of ESG performance data is growing through a wide range of data providers, such as Bloomberg. Also, investment firms like Goldman Sachs and Deutsche Asset Management are increasingly incorporating corporate social and environmental practices into their investment decisions.

The United Nations Principles for Responsible Investment has nearly 1,400 signatories who seek the integration of ESG factors in investment decision making. The collectively hold \$59 trillion assets under management and require information on ESG factors to analyze fully the risks and opportunities associated with existing and potential investments.

We believe that disclosure of sustainability policies, programs and performance can help a company address and manage sustainability opportunities and risks and that such disclosure is increasingly becoming a competitive advantage. Often companies find as they implement a sustainability program that there can be substantial cost savings. For example, taking steps to reduce and more effectively monitor the waste stream, improve air quality for both staff and patients, conserve water and/or reduce energy, all offer strategies that can meet both objectives. Other areas where Ensign Group could benefit from improved disclosure include patient safety, product marketing, quality of care, and quality of staff work life.

The report should include a company-wide review of policies, practices and metrics related to ESG performance using the GRI Index and checklist as a reference.

Statement in Opposition To Stockholder Proposal

After carefully considering this proposal again, our Board of Directors has unanimously concluded that the foregoing stockholder proposal is not a desirable or prudent use of our financial or personnel resources and, therefore, is not in the best interests of our company and its stockholders.

We work very hard to be an exceptional employer, a good neighbor and have acted as a good corporate citizen since acquiring our first skilled nursing operation in 1999, and believe that we underscore this commitment by:

- utilizing our resources and the talents of our local operational leaders and caregivers to benefit the needs of the communities we serve;
- operating in a manner that improves patient outcomes and contributes to the benefit of the healthcare communities we serve;
- supporting public policies that enhance our healthcare operations and promote community interests; and
- operating with sensitivity to the natural environment of our communities.

Our Board of Directors believes that we currently have in place policies and practices concerning social, environmental and governance issues that underscore our commitment to being a good citizen and that make the preparation of a report of the type being requested in the proponent's resolution redundant, unnecessary and wasteful. Moreover, certain of our policies and practices are already readily available in our annual report and on our website for review by interested stakeholders.

For example, we maintain a comprehensive Code of Conduct. One of the guiding principles of our Code of Conduct is that all company personnel are “accountable” to each other for conducting themselves in manner consistent with the highest standards of care and professionalism. More specifically, all employees, business associates, vendors, contractors and volunteers are expected to act with integrity, honesty, and in compliance with all applicable laws and regulations. All individuals and businesses that associate with us are required to acknowledge the necessity of complying with our Code of Conduct, which, among other things:

- highlights our goal of always acting with honesty and integrity, providing accurate information in patient records and any communications with government agencies and respecting and protecting our properties and resources;
- emphasizes our obligation to be respectful to everyone that walks through our doors, including residents and patients, family members, vendors and contractors, visitors and co-workers;
- mandates that our employees avoid actual or potential conflicts of interest, including, but not limited, to prohibiting any actions that could be construed as the solicitation or acceptance of any bribes or kickbacks;
- underscores our obligation to protect our patients’ private information and data, clinical information and personnel data;
- requires us to protect the rights of our patients and residents and to maintain a safe, healthy and clean work environment;
- establishes a comprehensive compliance program to ensure that we achieve our commitment to comply with all laws and regulations that apply to our business, including policies and procedures that are in place to prevent and detect fraud, waste or abuse; and
- recognizes our commitment to provide extensive training and healthy and safe work practices in order to provide the best possible care to our patients and residents and to reduce hazards to the health and safety of our personnel and others.

If implemented, the proponent's resolution will, in our opinion, also require us to spend an excessive amount of our company financial resources and personnel time and effort, in addition to the engagement of consultants with specialized expertise or the hiring of additional full time personnel, all for little or no benefit to our stockholders.

Moreover, our Board of Directors has concluded that preparing the requested sustainability report would distract our personnel from their most critical mission - becoming the best providers of post-acute healthcare services in every healthcare community we serve. Rather than adding staff, hiring consultants and/or spending the time and financial resources to develop a report that lacks an immediate and tangible return for our stockholders, we believe that our stockholders would benefit most directly by the continued focus of our financial, personnel, and other resources on the core elements of our business strategy, which includes:

- delivering the highest-quality health care services to our patients and residents;
- focusing on improving patient and employee satisfaction; and
- continuing to acquire skilled nursing and assisted living operations and other ancillary post-acute health care businesses.

Since our Board of Directors believes that the preparation of the requested sustainability report would be an unnecessary expense, would not directly correlate to the pursuit of our business strategy and would not provide any tangible return for our stockholders, our Board of Directors unanimously recommends that stockholders vote “AGAINST” the shareholder proposal.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our equity securities. Officers, directors, and greater than ten percent stockholders are required to furnish us with copies of all Section 16(a) forms they file. Based on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that all of our officers, directors and greater than 10% shareholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year 2015, with the exception of two late filings by Mr. Christopher R. Christensen, which were subsequently reported on Form 4 shortly after the occurrence of the respective transactions, and ten late Form 4 filings by the company on behalf of our independent directors with respect to two stock grants under our automatic stock grants program, which were subsequently reported on Form 4 shortly after such grants.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Since January 1, 2015, there has not been, nor is there any proposed transaction in which we were or will be a party or in which we were or will be a participant, involving an amount that exceeded or will exceed \$120,000 and in which any director, executive officer, beneficial owner of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation arrangements and other agreements and transactions which are described in "Executive Compensation" section.

Indemnification Provisions

We have entered into indemnification agreements with each of our directors, officers and certain key employees. These indemnification agreements, along with our amended and restated certificate of incorporation and amended and restated bylaws, require us to indemnify such persons to the fullest extent permitted by Delaware law.

Policies and Procedures for Transactions with Related Persons

We expect our audit committee will review potential conflict of interest situations, on an ongoing basis, any future proposed transaction, or series of transactions, with related persons, and either approve or disapprove each reviewed transaction or series of related transactions with related persons. On August 14, 2007, we adopted a written policy and procedures with respect to related person transactions, which includes specific provisions for the approval of related person transactions. Pursuant to this policy, related person transactions include a transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, in which we and certain enumerated related persons participate, the amount involved exceeds \$120,000 and the related person has a direct or indirect material interest.

In the event that a related person transaction is identified, such transaction must be reviewed and approved or ratified by our audit committee. If it is impracticable for our audit committee to review such transaction, pursuant to the policy, the transaction will be reviewed by the chair of our audit committee, whereupon the chair of our audit committee will report to the audit committee the approval or disapproval of such transaction.

In reviewing and approving related person transactions, pursuant to the policy, the audit committee, or its chair, shall consider all information that the audit committee, or its chair, believes to be relevant and important to a review of the transaction and shall approve only those related person transactions that are determined to be in, or not inconsistent with, our best interests and that of our stockholders, taking into account all available relevant facts and circumstances available to the audit committee or its chair. Pursuant to the policy, these facts and circumstances will typically include, but not be limited to, the benefits of the transaction to us; the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, stockholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms of comparable transactions that would be available to unrelated third parties or to employees generally. Pursuant to the policy, no member of the audit committee shall participate in any review, consideration or approval of any related person transaction with respect to which the member or any of his or her immediate family members is the related person.

STOCKHOLDER PROPOSALS

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the SEC and our amended and restated bylaws. Stockholder proposals that are intended to be presented at our 2016 Annual Meeting of Stockholders (the 2016 Annual Meeting) and included in the proxy statement, form of proxy and other proxy solicitation materials related to that meeting must be received by us no later than December 17, 2016, which is 120 calendar days prior to the anniversary date of the mailing of this Proxy Statement. Stockholders are also advised to review our amended and restated bylaws, which contain additional advance notice requirements, including requirements with respect to advance notice of stockholder proposals and director nominations. Under our current amended and restated bylaws, the deadline for submitting a stockholder proposal or a nomination for director is not later than the close of business on the 60th day, nor earlier than the 90th day, prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received no earlier than the close of business on the 90th day (or February 25, 2017), prior to such annual meeting and not later than the close of business on the 60th day prior to such annual meeting, or not later than the close of business on the 10th day following the date on which we publicly disclose the date of the meeting, whichever occurs first.

Stockholder proposals must be in writing and should be addressed to our corporate Secretary, at our principal executive offices at 27101 Puerta Real, Suite 450, Mission Viejo, California 92691. It is recommended that stockholders submitting proposals direct them to our corporate Secretary and utilize certified mail, return receipt requested in order to provide proof of timely receipt.
