

ERF Wireless CEO Dr. H. Dean Cubley Appears on Nationally Televised Fox Business C-Suite

Advantages of Company's High-Speed Wireless Banking Platform Outlined for National Audience

LEAGUE CITY, Texas, Apr 22, 2009 (BUSINESS WIRE) -- ERF Wireless (OTCBB: ERFW), a leading provider of enterprise-class wireless broadband products and services, announced today that CEO Dr. H. Dean Cubley appeared on the Fox Business Network show C-Suite Live today at 6:30 AM EDT and discussed the company's strategy of bringing secure high-speed wireless networks to regional banks throughout the country. The broadcast was available nationally on Fox Business News.

During his interview with C-Suite host Connell McShane, Dr. Cubley discussed the rapid growth of the company's WISP (Wireless Internet Service Provider) operations that provide high-speed wireless networks to regional banking institutions. Dr. Cubley described how ERF Wireless is providing faster, less expensive and more secure networks for banks and how much more effective wireless networks are for banks than antiquated, more expensive T1 lines provided by the telephone companies. He also mentioned that during the current economy, banks are looking for cost saving measures such as the 60 percent savings in transmission costs they can experience by implementing an ERF Wireless banking network.

Please use the following link to find the delayed broadcast on the network station in your area:
