

Platinum Communications and ERF Wireless Enter into a Strategic Agreement for Deployment of Wireless Broadband Services to the Canadian Oil & Gas Industry

Calgary, Alberta CANADA, Oct 15, 2009 (Filing Services Canada via COMTEX News Network) -- Platinum Communications Corporation (PCS - TSX Venture), announced today that the Company has entered into a Master Services Agreement with ERF Wireless (OTCBB: ERFW), a leading US provider of enterprise-class wireless and broadband products and services, for the provisioning and delivery of bandwidth services to mobile and static oil and gas sites throughout the Province of Alberta.

Bernard D. Parkinson, CEO of Platinum, stated, "We're looking forward to providing ERF Wireless the quality Internet and bandwidth for their international oil and gas customers. We're also exploring other avenues where we can jointly work with ERF Wireless to expand our collective service offerings to Fortune 1000 companies operating in Platinum's coverage area."

According to Dr. H. Dean Cubley, CEO of ERF Wireless, "This agreement marks the first in a series of agreements with enterprise-class wireless network providers and anchors our company's expansion into Canada. We plan to continue aggressively expanding our footprint by entering into additional Master Service Agreements and by pursuing our strategy of acquiring profitable wireless broadband networks. This will allow the company to rapidly expand its coverage in the strategic areas required to service our growing international oil and gas customer base."

About Platinum Communications

Platinum Communications Corporation (TSX-V: PCS) is a leading provider of superior quality fixed wireless Internet and broadband solutions. The company operates a wireless broadband network that extends from north of Edmonton to south of Calgary, covering more than 65,000 square kms and servicing more than 8,500 customers and 170 communities from 122 service delivery locations. Additionally, Platinum utilizes the Alberta SuperNet, one of the largest IP networks in the world. This high-speed performance network connects 429 communities in both urban and rural Alberta. Platinum's high quality infrastructure and excellent service record make it the provider of choice for business and residential customers within its vast coverage area.
