EXL Launches New Delivery Centers in Chennai and Hyderabad

NEW YORK, June 26, 2017 (GLOBE NEWSWIRE) -- EXL (NASDAQ:EXLS), a leading operations management and analytics company, today announced that it has expanded its delivery capabilities in India with new centers in Chennai and Hyderabad.

Expansion into South India further diversifies EXL's geographic footprint and enables the company to access a broader talent base in the country. Both locations will scale EXL's ability to offer next-generation operations and provide additional capacity for its service lines.

"We are excited to strengthen our capabilities and better serve our clients with these two new centers," said Pavan Bagai, President & Chief Operating Officer, EXL. "Hyderabad especially has established itself as a technology hub, which will be increasingly important to drive the extreme transformation that our clients need from a strategic digital transformation partner. With analytics and technology integrated into our next-generation operations management solutions, we are able to accelerate client digital transformation initiatives."

With the opening of these centers, EXL has 40 delivery locations in eight countries. Last month EXL announced the opening of its Digital Experience Center in Jersey City, NJ, USA.

About EXL
