

## Frequency Electronics to Present at 14th Annual Needham Growth Conference

MITCHEL FIELD, N.Y., Jan. 5, 2012 (GLOBE NEWSWIRE) -- Frequency Electronics, Inc. (Nasdaq:FEIM) announced today that CEO Martin Bloch and CFO Alan Miller will make a presentation to investors and analysts at the 14<sup>th</sup> Annual Needham Growth Conference to be held at the New York Plaza Hotel. Frequency will present at 10 AM on Wednesday, January 11, 2012.

### Webcast of Presentation

Frequency's presentation will be webcast and available to all interested parties through the Investor Relations link on the Company's website: <http://ir.fregelec.com/events.cfm>. The presentation will remain available on Frequency's website through March 10, 2012.

### About Frequency Electronics

Frequency Electronics, Inc. is a world leader in the design, development and manufacture of high precision timing, frequency control and synchronization products for space and terrestrial applications. Frequency's products are used in commercial, government and military systems, including satellite payloads, C4ISR markets, missiles, UAVs, aircraft, GPS, secure radios, SCADA, energy exploration and wireline and wireless communication networks. Frequency has received over 100 awards of excellence for achievements in providing high performance electronic assemblies for over 150 space and DOD programs. The Company invests significant resources in research and development and strategic acquisitions world-wide to expand its capabilities and markets.

Frequency's Mission Statement: "Our mission is to provide precision time and low phase noise frequency generation systems from 1 Hz to 42 GHz, for space and other challenging environments."

Subsidiaries and Affiliates: Gillam-FEI provides expertise in wireline network synchronization and SCADA; FEI-Zyfer provides GPS and secure timing ("SAASM") capabilities for critical military and commercial applications; FEI-Asia provides cost effective manufacturing and distribution capabilities in a high growth market. Frequency's Morion affiliate supplies high-quality, cost effective quartz oscillators and components. Elcom Technologies provides added resources for state-of-the-art RF microwave products. Additional information is available on the Company's website: [www.frequencyelectronics.com](http://www.frequencyelectronics.com).
