Motor City Community Credit Union Partners with Fiserv and Celero to Fuel Growth with New Core Platform

Ontario-based credit union will leverage member-centric platform to deliver innovative products and services to members

BROOKFIELD, Wis.--(BUSINESS WIRE)-- [Fiserv](#), Inc. (NASDAQ: FISV), a leading global provider of financial services technology solutions, announced today that Ontario-based Motor City Community Credit Union (MCCCU) will leverage the modern technology and flexibility of the [DNA®](#) account processing platform to meet the fast-changing needs of the credit union's 14,000 members.

MCCCU, a \$351 million (Canadian) asset credit union, cited the open architecture of DNA from Fiserv and the ease of integration with best-in-class solutions from Fiserv and others as key drivers in the selection. Celero, a Fiserv partner and a leading provider of IT solutions to financial institutions across Canada, will coordinate the migration to DNA and provide technical banking operations support for the credit union.

"We were looking for a core banking platform and technology partners that could help us deliver on our promise to our members and provide compelling products and services that meet their ever-increasing expectations," said Charles Janisse, chief executive officer, MCCCU. "DNA is a secure and reliable platform for credit union innovation, and we are confident that working with Fiserv and Celero will enable us to reinvent our member experience and streamline our internal processes."

DNA is an extensible, 24/7 real-time core platform that provides a 360-degree view of member relationships, enabling credit unions to deliver highly personalized service and more relevant product offerings. MCCCU joins more than 100 other Canadian credit unions utilizing DNA, the preeminent banking platform for credit unions in Canada, through the relationship between Fiserv and Celero.

"Celero offers robust financial technology solutions that meet the unique needs of Canadian credit unions and position them well for the future," said Simon Vincent, executive vice president, Banking and Omnichannel Solutions, Celero. "In partnership with Fiserv, we look forward to helping Motor City achieve their vision and providing them with innovative solutions that enhance their member experience across all service touchpoints."

"Excellent member experiences are built on a strong foundation," said Rob Palin, general manager, Canada, Fiserv. "With a core platform from Fiserv as their cornerstone, Motor City Community Credit Union will be able to integrate best-of-breed solutions, streamline processes and quickly deliver in-demand capabilities to members."

Fiserv is the U.S. market leader in core account processing services, and more than one-third of U.S. financial institutions rely on Fiserv for account processing solutions and expertise. DNA is the first open, core banking platform built for collaboration and has been [recognized by industry-leading analysts](#) for its technology, user experience and breadth of functionality.

In a world that is moving faster than ever before, Fiserv helps clients deliver solutions that are in step with the way people live and work today - financial services at the speed of life. Learn more at [fiserv.com](#).

About Motor City Community Credit Union

With three retail branches and a commercial lending centre, Motor City Community Credit Union has a long and rich history of giving back to the community and helping local residents reach their financial goals. Motor City is part of a national system of credit unions that work co-operatively on the national, provincial and local level to guide members in achieving financial well-being. Motor City is open to all residents of Windsor and Essex County, Ontario. Our mission is to enhance the quality of life of our community by delivering quality financial products and services effectively, efficiently and with excellence.
