It’s particularly rewarding to see our clients receive accolades for their new deployments and market-leading upgrades to banking services,” said Marc Mathenz, managing director, Asia Pacific, Fiserv. “Fiserv solutions help our clients create financial services experiences that are essential to everyday life.”

Further details of the winning projects are included below:

Bangkok Bank

Fiserv completed a person-to-person (P2P) payment project for Thailand’s leading commercial bank, Bangkok Bank, as part of its Bualuang mBanking mobile banking application. Bualuang mBanking allows customers to check account balances, manage payments and transfer money between accounts. This level of convenience enables customers to reduce their reliance on cash, facilitating the migration from a cash-based economy and encouraging macro-economic benefits for Thailand.

Panin Bank

Panin Bank upgraded its internet banking, alerting and payments platform to Corillian Online™ from Fiserv. As part of the upgrade, InternetPanin provides security, convenience and ease-of-use for online banking needs, 24/7, nonstop. InternetPanin is available in both English and Indonesian languages and provides a modern look and user-friendly interface to help ensure an enjoyable online banking experience. With enhanced security features, customers can check balances, review transaction history, manage their money, transfer funds, complete foreign exchange transactions, pay people and bills and purchase cellular, utility and entertainment items via their choice of web browser.
