

GE Commercial Finance to Expand Deployment of ACBS Solution from Fidelity National Financial

Jacksonville, FL -- (November 8, 2004) -- Fidelity National Financial, Inc. (NYSE:FNF), a Fortune 500 provider of products and outsourced services and solutions to financial institutions and the real estate industry, and its Fidelity Information Services division today announced that GE Commercial Finance has expanded their license for ACBS for commercial lending globally.

According to the agreement GE Commercial Finance will also deploy the origination, syndication (SyndTrak and SyndTrak On-line), servicing and portfolio management modules of the ACBS product line.

"We are pleased to expand our relationship with GE. The end-to-end nature of the ACBS solution provides our clients with the ability to implement straight-through-processing across multiple lines of business and geographies while eliminating the risk and costs associated with maintaining disparate specialty systems," said Richard Levy, President of ACBS, a division of Fidelity Information Services. "The ACBS solution will support GE Commercial Finance's goal of achieving significant efficiencies by standardizing on one commercial loan solution that offers front to back office support for all of GE Commercial Finance. The Corporate Financial Services and Healthcare Financial Services groups of GE Commercial Finance have already successfully implemented ACBS in the U.S. and GE is now well positioned to leverage the capabilities of ACBS for managing their commercial loans in other business units of GE globally," added Levy.

ACBS is an integrated family of commercial lending solutions that automates the entire range of commercial lending activity, from deal origination, syndication, servicing and trading through portfolio management. The products operate in real time managing any currency. ACBS products run on Windows and IBM iSeries platforms or through an Application Service Provider and are licensed by over 70 leading financial institutions, including ABN AMRO, Bank of America, Barclays, Canadian Imperial Bank of Commerce, Dresdner Bank, JPMorgan Chase, Merrill Lynch, PNC and Scotiabank.

Fidelity National Financial, Inc., number 262 on the Fortune 500, is a provider of products and outsourced services and solutions to financial institutions and the real estate industry. The Company had total revenue of more than \$7.7 billion and earned more than \$860 million in 2003, with cash flow from operations of nearly \$1.3 billion for that same period. FNF is a leading provider of information-based technology solutions and processing services to financial institutions and the mortgage and financial services industries through its subsidiary Fidelity Information Services, Inc. ACBS, the commercial lending solution of Fidelity Information Services, is installed at over 70 of the leading financial institutions worldwide, including 26 of the top 50 globally. Fidelity Information Services' software processes nearly 50 percent of all U.S. residential mortgages, it has processing and technology relationships with 45 of the top 50 U.S. banks and has clients in more than 50 countries who rely on its processing and outsourcing products and services. Additionally, FNF is the nation's largest title insurance company and also provides other real estate-related services such as escrow, flood and tax certifications with life of loan monitoring, merged credit reporting, property valuations and appraisals, default management, relocation services, flood, homeowners and home warranty insurance, exchange intermediary services,

mortgage loan aggregation and fulfillment, multiple listing services software, mortgage loan origination software, collateral scoring analytics and real property data. More information about the FNF family of companies can be found at www.fnf.com and www.fidelityinfoservices.com.
