## PROXY STATEMENT

---

### ANNUAL MEETING OF STOCKHOLDERS

June 11, 2009

---

#### Introduction

This proxy statement is furnished to the stockholders of MIVA, Inc., ("MIVA," the "Company," "our," "us," or "we"), a Delaware corporation, in connection with the solicitation by the Board of Directors of MIVA of proxies to be used at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on June 11, 2009, at 9:00 a.m., local time, at the Penn Club of New York, 30 West 44<sup>th</sup> Street, New York, NY 10036, and at any adjournment thereof.

MIVA will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of MIVA's common stock. Representatives of MIVA may solicit proxies by mail, telegram, telephone or personal interview. This proxy statement and enclosed proxy will be first sent to MIVA's stockholders on or about April 30, 2009.

All shares represented by properly executed proxies received by the Board of Directors pursuant to this solicitation will be voted in accordance with the stockholder's directions specified on the proxy or, in the absence of specific instructions to the contrary, will be voted in accordance with the unanimous recommendations of the Board of Directors, which are

- **FOR** the election of Peter A. Corrao, Joseph P. Durrett, Dr. Adele Goldberg, Gerald W. Hepp, Lee S. Simonson, and Lawrence Weber as directors of MIVA to serve until the next annual meeting of stockholders or until their respective successors are duly elected and qualified;
- **FOR** the stockholder resolution authorizing the Board of Directors, in its sole and absolute discretion without further action of the stockholders, to amend the Company's Amended and Restated Certificate of Incorporation to implement a reverse stock split of the Company's common stock, \$0.001 par value per share, at a ratio of 1-for-10 at any time prior to December 31, 2009 (the "Reverse Split"); and
- at the discretion of the persons acting under the proxy, to transact such other business as may properly come before the meeting or any adjournment thereof.

A proxy may be revoked (i) by written notice of revocation mailed to MIVA (attention Secretary) or delivered in person at the meeting, (ii) by granting a duly executed, later dated proxy, or (iii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, in and of itself, cause a previously granted proxy to be revoked.

A majority of the outstanding shares of MIVA Common Stock present in person or by proxy will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted as being present for purposes of determining the presence or absence of a quorum for the transaction of business. The election of each director nominee requires the favorable vote of a plurality of all votes cast by the holders of Common Stock at a meeting at which a quorum is present. Only shares that are voted for a particular nominee will be counted towards such nominee's achievement of a plurality. Abstentions and broker non-votes are not counted toward such nominee's achievement of a plurality and, thus, will have no effect on the election of directors.

Approval of the stockholder resolution authorizing the Board of Directors, in its sole and absolute discretion, without further action of the stockholders, to amend MIVA's Amended and Restated Certificate of Incorporation to implement the Reverse Split, will require the affirmative vote of a majority of the Company's issued and outstanding common stock. Votes may be cast in favor of, against, or abstaining from this proposal. Broker non-votes and abstentions have the effect of a vote against the proposal.

### ***Voting Rights***

Only MIVA stockholders of record at the close of business on April 17, 2009, are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. Each share so held entitles the holder thereof to one vote upon each matter to be voted on. As of April 17, 2009, MIVA had outstanding [ • ] shares of Common Stock, \$0.001 par value. There are no cumulative voting rights for the election of directors.

## **PROPOSAL 1. ELECTION OF DIRECTORS**

The Nominating and Corporate Governance Committee of our Board of Directors has designated Peter A. Corrao, Joseph P. Durrett, Dr. Adele Goldberg, Gerald W. Hepp, Lee S. Simonson and Lawrence Weber as nominees for election as directors of MIVA to serve for terms of one year and until their successors are duly elected and qualified. If for any reason any nominee should not be a candidate for election at the time of the meeting, the proxies may be voted for a substitute nominee at the discretion of those named as proxies. The Board of Directors has no reason to believe that any nominee will be unavailable. The names and business experience of the nominees for directors of the Company are listed in the following table.

**PROPOSAL 2. RESOLUTION AUTHORIZING  
THE BOARD OF DIRECTORS TO AMEND THE COMPANY'S AMENDED AND RESTATED  
CERTIFICATE OF INCORPORATION TO IMPLEMENT A REVERSE SPLIT OF THE COMPANY'S  
COMMON STOCK, PAR VALUE \$0.001 PER SHARE, AT A RATIO OF 1-FOR-10  
AT ANY TIME PRIOR TO DECEMBER 31, 2009**

**General**

Our Board of Directors has approved and is seeking stockholder approval of a resolution to authorize the Board of Directors, in its sole and absolute discretion without further action of the stockholders, to amend the Company's Amended and Restated Certificate of Incorporation (the "Amendment") to implement a reverse stock split of the Company's common stock, par value \$0.001 per share, at a ratio of 1-for-10 at any time prior to December 31, 2009 (the "Reverse Split"). The form of the proposed amendment to our Certificate of Incorporation to effect the Reverse Split is attached to this proxy statement as Annex A; provided, however, that the text set forth in Annex A is subject to amendment to include such changes as may be required by the office of the Secretary of State of the State of Delaware and as our Board deems necessary and advisable to effect the Reverse Split. If the Reverse Split is authorized by the stockholders and following such authorization our Board determines that the Reverse Split is in the best interest of the Company and its stockholders, our Certificate of Incorporation would be amended accordingly.

If our stockholders approve this proposal, our Board of Directors will have the authority, but not the obligation, in their sole and absolute discretion, and without further action on the part of the stockholders, to effect the approved Reverse Split by filing the Amendment with the Delaware Secretary of State. If the Amendment has not been filed with the Delaware Secretary of State by the close of business on December 31, 2009, our Board of Directors will abandon the Amendment constituting the Reverse Split.

The reason we want to effect the Reverse Split is to increase the market price per share of our common stock in order to maintain the listing of our common stock on the NASDAQ Global Market. See "Reasons for the Reverse Split." We believe that maintaining the listing of our common stock on the NASDAQ Global Market is in the best interests of our stockholders.

If the Reverse Split is implemented, the Amendment would reduce the authorized number of shares of our common stock, par value \$0.001 per share, in proportion to the Reverse Split. Except for any changes as a result of the treatment of fractional shares, each stockholder will hold the same percentage of common stock outstanding immediately after the Reverse Split as such stockholder held immediately prior to the Reverse Split.

**Reasons for the Reverse Split**

The reason we want to effect the Reverse Split is to increase the market price per share of our common stock. Our common stock has been traded on what is now known as the NASDAQ Global Market since April 2003. One of the requirements for continued listing on the NASDAQ Global Market is that shares retain a \$1.00 minimum bid price. The price of our common stock has not been above \$1.00 per share since September 2008.

On October 16, 2008, NASDAQ filed a proposed rule change, which was immediately effective, to suspend its \$1.00 minimum bid price requirement for three months. On December 18, 2008, and again on March 18, 2009, NASDAQ extended this suspension, which is now scheduled to remain in place until July 19, 2009. As of the date of this proxy statement, the Company has not received any notice from NASDAQ regarding a closing bid price deficiency; however, NASDAQ has given no indication that it will continue to extend the suspension of its \$1.00 minimum bid price requirement. Unless our

stock price trades above \$1.00 per share, we will be in violation of the NASDAQ \$1.00 minimum bid price requirement when the suspension expires.

We believe that maintaining the listing of our common stock on the NASDAQ Global Market is in the best interests of MIVA and our stockholders. Listing on the NASDAQ Global Market increases the liquidity of MIVA common stock and may minimize the spread between the "bid" and "ask" prices quoted by market makers. Further, maintaining our NASDAQ Global Market listing may enhance our access to capital that is necessary to fund our operations. A delisting from the NASDAQ Global Market will also make us ineligible to use Securities and Exchange Commission ("SEC") Form S-3 to register the sale of shares of our common stock in a limited primary offering or to register the resale of our securities held by certain of our security holders in a secondary offering with the SEC, thereby making it more difficult and expensive for us to register our common stock or other securities and raise additional capital.

Form S-3 generally allows the registration statement to be continuously updated through the incorporation by reference of our periodic SEC filings. If we are ineligible to use Form S-3, we will need to file future registration statements on some other permitted Form which may not permit incorporation by reference of the information in our periodic SEC filings. Maintaining the effectiveness of such registration statements and keeping the information contained therein current and up to date will become difficult, time-consuming and expensive. We would also incur additional costs under state blue-sky laws to sell equity if we are de-listed.

We also believe that the increased market price of our common stock expected as a result of implementing the Reverse Split will improve the marketability and liquidity of our common stock and will encourage interest and trading in our common stock. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total stock value than would be the case if the stock price were substantially higher. It should be noted, however, that the liquidity of our common stock may in fact be adversely affected by the proposed Reverse Split given the reduced number of shares that would be outstanding after the Reverse Split.

For the above reasons, we believe that having the ability to effect the Reverse Split will help us regain and maintain compliance with the NASDAQ listing requirements, could improve the marketability and liquidity of our common stock, and may allow us to continue to use Form S-3 for the registration of the sale of our stock (provided that all other eligibility requirements are met), and is therefore in the best interests of MIVA and our stockholders.

However, we cannot assure you that the Reverse Split, if implemented, will have the desired effect of proportionately raising our common stock price over the long term, or at all. The effect of a reverse split upon the market price of our common stock cannot be predicted with any certainty, and the history of similar stock splits for companies in similar circumstances to MIVA is varied. Accordingly, we cannot assure you that we will be able to maintain our NASDAQ listing after the Reverse Split is effected or that the market price per share after the Reverse Split will exceed or remain in excess of the \$1.00 minimum bid price for a sustained period of time. The market price of our common stock may vary based on other factors which are unrelated to the number of shares outstanding, including our future performance. We also cannot assure you that our common stock will not be de-listed due to

a failure to meet other continued listing requirements even if after the Reverse Split the market price per share of our common stock remains in excess of \$1.00.

### **Board Discretion to Implement the Reverse Split**

If the Reverse Split is approved by our stockholders, it will be effected, if at all, only upon a determination by our Board of Directors that a Reverse Split is in the best interests of our stockholders. Notwithstanding approval of the Reverse Split by our stockholders, our Board of Directors may, in its sole discretion, abandon all of the proposed amendments and determine prior to the effectiveness of any filing with the Secretary of State of the State of Delaware not to effect the Reverse Split prior to December 31, 2009, as permitted under Section 242(c) of the Delaware General Corporation Law. If the Board fails to implement any of the amendments prior to December 31, 2009, stockholder approval again would be required prior to implementing any subsequent reverse stock split.

### **Effects of the Reverse Split**

Except for adjustments that may result from the treatment of fractional shares as described below, each stockholder will hold the same percentage of our outstanding common stock immediately following the Reverse Split as that stockholder held immediately prior to the Reverse Split. On March 31, 2009, we had 35,277,808 shares of our common stock outstanding and 164,722,192 shares of common stock that were authorized but unissued. At December 31, 2008, our Board of Directors has reserved for possible future issuance approximately 3,832,749 shares of common stock for issuance upon the exercise of outstanding options, warrants, and rights, and 1,682,812 shares of common stock for issuance for future grants under our 2006 Stock Award and Incentive Plan, 2004 Stock Incentive Plan, and 1999 Stock Incentive Plan. All of these share numbers will be adjusted in the ratio of the Reverse Split.

After the effective date of the proposed Reverse Split, each stockholder will own a reduced number of shares of our common stock. For example, every 10 shares of our common stock that a stockholder owns will be combined and converted into a single share of our common stock. We estimate that following the Reverse Split we would have approximately the same number of stockholders. Except for any changes as a result of the treatment of fractional shares, the completion of the Reverse Split alone would not affect any stockholder's proportionate equity interest in MIVA. By way of example, a stockholder who owns a number of shares that, prior to the Reverse Split, represented 1% of our outstanding common stock would continue to own 1% of our outstanding common stock after the Reverse Split. The Reverse Split will not reduce your ownership interest except as a result of the treatment of fractional shares as specified below. The Reverse Split may, however, increase the number of stockholders of MIVA who own "odd lots" of less than 100 shares of our common stock. Brokerage commissions and other costs of transactions in odd lots are generally higher than the costs of transactions of more than 100 shares of common stock.

Because the Reverse Split will result in a reduction in the number of outstanding shares of our common stock, the Reverse Split will be accompanied by a corresponding decrease in the total number of issued shares of our common stock and a corresponding reduction in the number of shares of common stock that our Board of Directors is authorized to issue under our Amended and Restated Certificate of Incorporation. The Amendment will not affect the number of shares of authorized preferred stock which MIVA may issue, which shall remain at 500,000 shares. There are no shares of preferred stock outstanding.

The table below illustrates the approximate percentage reduction in the outstanding common stock as a result of the Reverse Split, the approximate number of shares of common stock that would remain outstanding following the Reverse Split, the approximate number of shares of common stock that would remain authorized following the Reverse Split and the approximate number of shares of common stock

that would remain authorized but unissued following the Reverse Split. The information in the following table is based on the 35,277,808 shares of common stock outstanding as of March 31, 2009.

	Percentage Reduction in Outstanding Common Stock	Approximate Shares of Common Stock Outstanding after the Reverse Split	Total Shares of Stock Authorized after the Reverse Split	Shares of Common Stock Authorized after the Reverse Split	Shares of Preferred Stock Authorized after the Reverse Split	Shares of Common Stock Authorized but Unissued after the Reverse Split
<b>Proposed Reverse Split</b>						
<b>1-for-10</b>	<b>90%</b>	<b>3,527,780</b>	<b>20,500,000</b>	<b>20,000,000</b>	<b>500,000</b>	<b>16,472,219</b>

### Treatment of Fractional Shares

No fractional shares of common stock will be issued as a result of the Reverse Split. Instead, stockholders who otherwise would be entitled to receive a fractional share of common stock as a consequence of the Reverse Split, upon surrender to the exchange agent of the certificates representing such fractional shares, will be entitled to receive cash in an amount equal to the product obtained by multiplying (i) the closing sale price of our common stock on the business day immediately preceding the effective date of the Reverse Split as reported on the NASDAQ Global Market by (ii) the number of shares of our common stock held by the stockholder that would otherwise have been exchanged for the fractional share interest.

### Effect of the Reverse Stock Split on Options, Restricted Stock Units and Warrants

The number of shares of common stock subject to our outstanding options, restricted stock units and warrants will automatically be reduced in the same ratio as the Reverse Split. The per share exercise price of those options and warrants will also be increased in direct proportion to the Reverse Split ratio, so that the aggregate dollar amount payable for the purchase of the stock subject to the options and warrants will remain unchanged. For example, assume that an option holder has options to purchase 1,000 shares at an exercise price of \$1.00 per share. When the Reverse Split is effective, the number of shares subject to that option would be reduced to 100 shares and the exercise price would be proportionately increased to \$10.00 per share. In connection with the Reverse Split, the number of shares of common stock issuable upon exercise or conversion of outstanding stock options, restricted stock units and warrants will be rounded to the nearest whole share and no cash payment will be made in respect of such rounding. In addition, the proposed Reverse Split will reduce the number of shares of common stock available for future issuances under our 2006 Stock Award and Incentive Plan, 2004 Stock Incentive Plan, and 1999 Stock Incentive Plan in proportion to the 1-for-10 Reverse Split ratio.

### Exchange of Stock Certificates

The combination of, and reduction in, the number of shares of our outstanding common stock as a result of the Reverse Split will occur automatically on the date that the selected amendments to our Amended and Restated Certificate of Incorporation effectuating the Reverse Split are filed with the Secretary of State of the State of Delaware (referred to as the effective date), without any action on the part of our stockholders and without regard to the date that stock certificates representing the stock prior to the Reverse Split are physically surrendered for new stock certificates.

As soon as practicable after the effective date, transmittal forms will be mailed to each holder of record of certificates for our common stock to be used in forwarding such certificates for surrender and exchange for certificates representing the number of shares of our common stock such stockholder is entitled to receive as a result of the Reverse Split. Our transfer agent will act as exchange agent for purposes of implementing the exchange of the stock certificates. The transmittal forms will be accompanied by instructions specifying other details of the exchange. Upon receipt of the transmittal

form, each stockholder should surrender the certificates representing our common stock prior to the Reverse Split in accordance with the applicable instructions. Each holder who surrenders certificates will receive new certificates representing the whole number of shares of our common stock that he or she holds as a result of the Reverse Split. No new certificates will be issued to a stockholder until the stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed transmittal form to the exchange agent. Stockholders should not destroy any stock certificates and should not submit their stock certificates until they receive a transmittal form from our transfer agent.

### **Accounting Consequences**

The par value of our common stock will change from \$0.001 per share to \$0.01 per share at the same time as the Reverse Split. As a result, on the effective date of the Reverse Split, there will be no change in the stated capital on our balance sheet. The amounts of net income or loss per common share and net book value per common share will be increased because there will be fewer shares of our common stock outstanding. We do not anticipate that any other accounting consequences will arise as a result of the Reverse Split.

### **No Appraisal Rights**

Under the Delaware General Corporation Law, our stockholders are not entitled to appraisal rights with respect to our proposed amendments to our Amended and Restated Certificate of Incorporation to effect the Reverse Split, and we will not independently provide our stockholders with any such rights.

### **No Going Private Transaction**

Notwithstanding the decrease in the number of outstanding shares following the proposed Reverse Split, the Board of Directors does not intend for this transaction to be the first step in a "going private transaction" within the meaning of Rule 13e-3 of the Securities Exchange Act of 1934.

### **Certain Material U.S. Federal Income Tax Consequences of the Reverse Split**

The following is a summary of certain material U.S. federal income tax consequences of the Reverse Split to holders of our common stock. It addresses only stockholders who hold the pre-reverse split common stock and post-reverse split common stock as "capital assets" within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"). This discussion does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse Split and does not account for or consider the federal income tax consequences to stockholders in light of their individual investment circumstances or to stockholders subject to special treatment under the federal income tax laws, including but not limited to:

- banks, financial institutions, thrifts, mutual funds or trusts;
- tax-exempt organizations;
- insurance companies;
- dealers in securities or foreign currency;
- real estate investment trusts, personal holding companies or regulated investment companies;
- foreign or United States expatriate stockholders;
- stockholders who are not "United States persons," as defined in Section 7701 of the Code;

- controlled foreign corporations;
- stockholders with a functional currency other than the U.S. dollar;
- stockholders who hold the pre-reverse split common stock as part of a straddle, hedge, constructive sale, conversion transaction, or other integrated investment;
- stockholders who hold the pre-reverse split common stock as "qualified small business stock" within the meaning of Section 1202 of the Code;
- common trusts;
- traders, brokers, or dealers in securities who elect to apply a mark-to-market method of accounting;
- partnerships or other pass-through entities or investors in such entities;
- stockholders who are subject to the alternative minimum tax provisions of the Code;
- stockholders who acquired their pre-reverse split common stock pursuant to the exercise of employee stock options, through a tax-qualified retirement plan, or otherwise as compensation; or
- holders of warrants or stock options.

This summary is based upon the Code, existing and proposed U.S. Treasury regulations promulgated thereunder, legislative history, judicial decisions, and current administrative rulings and practices, all as in effect on the date hereof and all of which are subject to differing interpretations. Any of these authorities could be repealed, overruled, or modified at any time. Any such change could be retroactive and, accordingly, could cause the tax consequences of the Reverse Split to vary substantially from the consequences described herein. Further, no ruling from the Internal Revenue Service (the "IRS") or opinion of legal or tax counsel will be obtained with respect to the matters discussed herein, and there is no assurance or guarantee that the IRS would agree with the conclusions set forth in this summary. This information is not intended as tax advice to any person and may not be relied upon to avoid penalties.

**STOCKHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE REVERSE SPLIT, INCLUDING THE APPLICABILITY OF ANY STATE, LOCAL, GIFT, OR FOREIGN TAX LAWS, CHANGES IN APPLICABLE TAX LAWS, AND ANY PENDING OR PROPOSED LEGISLATION OR AUTHORITY.**

The Reverse Split is intended to constitute a "recapitalization" within the meaning of Section 368(a)(1)(E) of the Code. Certain filings with the IRS must be made by MIVA and certain "significant holders" of our common stock in order for the Reverse Split to qualify as a recapitalization.

Assuming the Reverse Split qualifies as a recapitalization, a holder of our common stock generally will not recognize gain or loss on the Reverse Split, except to the extent of cash, if any, received in lieu of a fractional share interest in the post-reverse split common stock. A stockholder who receives cash in lieu of a fractional share interest in the post-reverse split common stock generally will recognize gain or loss equal to the difference, if any, between the cash received and the portion of the tax basis of the pre-reverse split common stock allocated to the fractional share interest. Subject to the limitations above and assuming the holder of our common stock holds such stock as a "capital asset" within the meaning of Section 1221 of the Code, such gain or loss will be long-term capital gain or loss if the pre-reverse split common stock were held for more than one year by the stockholder at the time of the Reverse Split. The aggregate tax basis of the post-reverse split common stock received in the Reverse

Split will be equal to the aggregate tax basis of the pre-reverse split common stock exchanged therefore (excluding any portion of the stockholder's tax basis allocated to fractional share interests). The holding period of the post-reverse split common stock received in the Reverse Split will include the holding period of the pre-reverse split common stock exchanged.

Assuming the Reverse Split qualifies as a recapitalization, no gain or loss will be recognized by MIVA as a result of the Reverse Split.

The foregoing discussion is intended only as a summary of certain U.S. federal income tax consequences of the Reverse Split and does not purport to be a complete analysis or listing of all potential U.S. federal income tax consequences of the Reverse Split.

**The Board of Directors unanimously recommends a vote "FOR" Proposal 2. Your proxy will be so voted unless you specify otherwise.**

## **BOARD MEMBERSHIP AND DIRECTOR INDEPENDENCE**

Pursuant to the Delaware General Corporate Law and MIVA's bylaws, MIVA's business, property, and affairs are managed by or under the direction of the Board of Directors. Members of the board are kept informed of MIVA's business through discussions with the Chief Executive Officer, as well as MIVA's other officers, by reviewing materials provided to them and by participating in meetings of the board and its committees. The board has also adopted a code of business conduct that applies to all of our employees, officers, and directors and can be found on the Company's website at <http://ir.mivainc.com/governance.cfm>.

During 2008, MIVA's Board of Directors held 23 meetings. With the exception of a former director, Mark Opzoomer, each director attended at least 75% of the board and committee meetings held during the period for which he or she served in 2008. Periodically, and usually on dates corresponding to a meeting of the Board of Directors, the non-management directors meet in executive sessions without members of management present. MIVA's directors are encouraged to attend its annual meeting of stockholders. Last year, with the exception of Mr. Opzoomer, all of our directors attended the annual meeting.

The board has determined that all of the directors nominated for election at the Annual Meeting other than Mr. Corrao are "independent" for purposes of Marketplace Rule 4200(a)(15). The board based these determinations primarily on a review of the responses of the directors to questions regarding employment and compensation history, affiliations, family and other relationships, and discussions directly with the directors.

Our Board of Directors welcomes communications from our stockholders. Stockholders may send communications to the Board of Directors or to any director in particular, c/o MIVA, Inc., 5220 Summerlin Commons Blvd., Suite 500, Fort Myers, Florida 33907. Any correspondence addressed to the Board of Directors or any one of our directors care of our office is forwarded by MIVA to the addressee without review by management.

## **COMMITTEE MEMBERSHIP**

The Board of Directors has established the following standing committees: Audit, Compensation, and Nominating and Corporate Governance. All the members of these standing committees are "independent" for purposes of Marketplace Rule 4200(a)(15). Each standing committee is governed by a written charter, each of which is posted on the Company's website at <http://ir.mivainc.com/governance.cfm>.

Below is the current membership and 2008 meeting information for each committee.

#### AUDIT COMMITTEE

The board has determined that Mr. Hepp, chairman of the Audit Committee, and Mr. Durrett are "audit committee financial experts" as set forth in Section 407(d)(5) of Regulation S-K promulgated by the SEC. The board has determined that all Audit Committee members are independent as defined in Marketplace Rule 4200(a)(15) and Rule 10A-3(b)(1) promulgated under the Securities and Exchange Act of 1934, as amended, and that the Audit Committee composition meets the requirement of Marketplace Rule 4350(d)(2).

The Audit Committee focuses its efforts on the following six areas:

- the results of the audit engagement with the Company's independent registered public accounting firm;
- the adequacy, scope, and results of the Company's internal accounting controls and procedures;
- the independence of the Company's independent registered public accounting firm;
- the independent registered public accounting firm's fees;
- the engagement and evaluation of the independent registered public accounting firm; and
- MIVA's financial statements and the quarterly and annual reports filed with the Securities and Exchange Commission.

The Audit Committee meets periodically with management to consider the adequacy of MIVA's internal controls and the financial reporting process. It also discusses these matters with MIVA's independent registered public accounting firm and with appropriate company financial personnel. The Audit Committee reviews MIVA's financial statements and discusses them with management and MIVA's independent registered public accounting firm before those financial statements are filed with the Securities and Exchange Commission.

The Audit Committee regularly meets privately with the independent registered public accounting firm. The Audit Committee has the sole authority and direct responsibility for the appointment, compensation, retention, termination, evaluation and oversight of the work of the independent registered public accounting firm engaged by MIVA to perform the audit of the Company's financial statements or related work or other audit, review or attestation services for MIVA. The Audit Committee periodically reviews the independent registered public accounting firm's performance and independence from management. The independent registered public accounting firm has access to Company records and personnel and reports directly to the Audit Committee.

#### COMPENSATION COMMITTEE

The Compensation Committee makes recommendations to the board on compensation for MIVA's executive officers and directors and administers the 2006 Stock Award and Incentive Plan. The board

has determined that all Compensation Committee members are independent as defined in Marketplace Rule 4200(a)(15).

Pursuant to its charter, the Compensation Committee has the authority and responsibility to:

- establish and review at least annually the overall corporate policies, goals, and objectives for the compensation of the Company's Chief Executive Officer and other executive officers, including a review of the relationship of executive compensation to corporate performance and relative stockholder return;
- evaluate at least annually the performance of the Chief Executive Officer and other executive officers in light of the corporate goals and objectives, and, based on that evaluation, determine the compensation of the Chief Executive Officer and other executive officers, including individual elements of salary and incentive compensation, which includes equity compensation;
- review and approve all employment agreements, separation and severance agreements, and other compensatory contracts, arrangements, perquisites, and payments for the executive officers;
- review and assist the Board of Directors in developing succession plans for the executive officers and other appropriate management personnel;
- recommend to the Board of Directors compensation programs for non-employee directors, committee chairpersons, and committee members, consistent with any applicable requirements of the listing standards for independent directors and including consideration of cash and equity components of this compensation;
- grant discretionary awards under the Company's equity incentive plans, and otherwise exercise the authority of the Board of Directors with respect to the administration of the Company's incentive compensation plans; and
- periodically review and make recommendations to the Board of Directors concerning the Company's equity and incentive compensation plans.

#### *NOMINATING AND CORPORATE GOVERNANCE COMMITTEE.*

The board has determined that all Nominating and Corporate Governance Committee members are independent as defined in Marketplace Rule 4200(a)(15).

The responsibilities of the Nominating and Corporate Governance Committee include:

- identifying, evaluating, and recommending to the Board of Directors, prospective nominees for director;
- periodically reviewing MIVA's corporate governance guidelines;
- periodically reviewing the performance of the Board of Directors and its members and making recommendations to the Board of Directors concerning the number, function and composition of the board of director's committees; and
- making recommendations to the Board of Directors from time to time as to matters of corporate governance.

The Board of Directors believes that the board should be comprised of directors with varied, complementary backgrounds, and that directors should, at a minimum, have expertise that may be useful to the Company. Directors should also possess the highest personal and professional ethics and should be willing and able to devote the required amount of time to Company business.

When considering candidates for director, the Nominating and Corporate Governance Committee takes into account a number of factors, including the following:

- independence from management;
- age, gender and ethnic background;
- whether a candidate has relevant business experience;
- judgment, skill, integrity, and reputation;
- existing commitments to other businesses;
- potential conflicts of interest with other pursuits;
- legal considerations such as antitrust issues;
- corporate governance background;
- financial and accounting background, to enable the committee to determine whether a candidate would be suitable for Audit Committee membership;
- executive compensation background, to enable the committee to determine whether the candidate would be suitable for Compensation Committee membership; and
- the size and composition of the existing Board of Directors.

The Nominating and Corporate Governance Committee will consider candidates for director suggested by stockholders applying the criteria for candidates described above and considering the additional information referred to below. Stockholders wishing to suggest a candidate should write to the Corporate Secretary at MIVA's corporate headquarters listed on the cover page of this proxy statement and include:

- a statement that the writer is a stockholder and is proposing a candidate for consideration by the Committee;
- the name of and contact information for the candidate;
- a statement of the candidate's business and educational experience;
- detailed information about any relationship or understanding between the proposing stockholder and the candidate;
- information regarding each of the factors listed above, other than the factor regarding the size and composition of the Board of Directors, sufficient to enable the Committee to evaluate the candidate;
- a statement detailing any relationship between the candidate and any customer, supplier, or competitor of the Company; and
- a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Before nominating a sitting director for re-election at an annual meeting, the Nominating and Corporate Governance Committee will consider:

- the director's performance on the Board of Directors; and
- whether the director's re-election would be consistent with the Company's governance guidelines.

When seeking candidates for director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management, or others. After conducting an initial evaluation of a candidate, the Nominating and Corporate Governance Committee will interview that candidate if it believes the candidate might be suitable to be a director. The Nominating and Corporate Governance Committee may also ask the candidate to meet with management. If the Nominating and Corporate Governance Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend to the full Board of Directors that candidate's election.

Under MIVA's bylaws, nominations for director may only be made by the Board of Directors or by a stockholder of record who is entitled to vote and who delivers written notice along with the additional information and materials required by the Company's bylaws to the Company's Corporate Secretary not less than 120 calendar days before the one year anniversary of the date MIVA's proxy statement was released to stockholders in connection with the previous year's annual meeting. Alternatively, if MIVA did not hold an annual meeting the previous year, or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before MIVA begins to print and mail its proxy materials. For MIVA's annual meeting in the year 2010, MIVA must receive this notice on or before December 31, 2009.

(1) Represents the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with FAS 123R, disregarding any estimate of forfeitures during the year, but accounting for any actual forfeitures by a Named Executive Officer during the fiscal year. For a discussion of the assumptions made in the valuation of the dollar amount recognized, please refer to Note F to the Company's Financial Statements, which are set forth in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008.

(2) Amounts include the following:

2008:

- \$3,874 of employer matches to the 401(k) plan account of Mr. Corrao;
- \$16,552, \$650, \$869, and \$6,444 of group term insurance premiums paid on behalf of each of Messrs. Corrao, Bishop, Mukherjee, and Robinson respectively;

- \* The Company paid rental fees associated with apartments in New York City (2007 and 2008) and Fort Myers Florida (2007) that were used by employees for business purposes. The Company believes that in the aggregate the apartment rentals are less expensive than the cost it would incur if it had to pay for hotel rooms. Because the landlords would not lease the apartments to a corporation, the leases are in the name of Mr. Corrao in Fort Myers and Messrs. Corrao, Mukherjee, and another employee in New York City. When working in New York City, Mr. Corrao has the use of a rented town car and driver to travel from his residence in Hartford, Connecticut.

## **AGREEMENTS WITH NAMED EXECUTIVE OFFICERS AND POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL**

We have entered into employment agreements with Messrs. Corrao, effective September 6, 2005, Bishop, effective November 18, 2006, Mukherjee, effective July 13, 2006, and Robinson, effective December 15, 2006.

### *Employment Agreements*

MIVA's employment agreements have an initial term of one year for Messrs. Corrao, Mukherjee and Robinson, after which each executive's employment agreement automatically renews for additional one year periods on the same terms and conditions, unless either party to the agreement provides notice to the other prior to the end of its term of an intention not to extend it. MIVA's employment agreement for Mr. Bishop has no stated initial term and continues until terminated. The employment agreements provide for minimum annual base salaries for each executive that may be increased in the sole discretion of the Board of Directors, but may not be reduced once set. The employment agreements require MIVA to compensate the executives and provide them with certain benefits if their employment is terminated. The compensation and benefits the executives are entitled to receive upon termination of employment vary depending on whether their employment is terminated:

- by MIVA for "Cause" (as defined below);
- by MIVA without "Cause," or by the executive for "Good Reason" (as defined below);
- involuntarily due to death or disability; or
- by the executive without "Good Reason."

With respect to Messrs. Corrao, Bishop, and Mukherjee (each an "executive") in the event of a termination by MIVA without "Cause" or a termination by the executive for "Good Reason," the executive would be entitled to receive the following:

- his earned but unpaid basic salary through the termination date, plus a pro rata share of his bonus through the termination date;
- an amount payable over the twelve-month period following termination equal to one times the sum of his basic salary at the time of termination, plus a termination bonus equal to the bonus paid to the executive during the four fiscal quarters prior to the date of termination (except that if a target bonus has been established for Mr. Corrao, his termination bonus is equal to his target bonus for the fiscal year in which the termination occurs, increased or decreased pursuant to actual performance versus targeted performance in the then-current plan measured as of the end of the calendar month preceding the termination date), or in the event of a Change of Control, the bonus paid to the executive during the four fiscal quarters prior to the Change of Control;
- any other amounts or benefits owing to the executive under the then applicable employee benefit, long-term incentive, or equity plans and programs of MIVA, within the terms of such plans, payable over the twelve-month period following termination; and
- benefits (including health, life, and disability) as if the executive was still an employee during the twelve-month period following termination.

Included in the definition of "Good Reason," is a period of time from 180 to 210 days following a Change of Control, as defined in the executive's employment agreement, during which the executive may terminate his employment for any reason. Finally, in the event of a termination without "Cause" by MIVA, with "Good Reason" by the executive, or following a Change of Control, all stock options and Service Based RSUs held by the executive immediately vest, and the options become exercisable throughout the full term of such options as if the executive were still employed by MIVA.

With respect to Mr. Robinson, in the event of a termination by MIVA without "Cause" or a termination by Mr. Robinson for "Good Reason," Mr. Robinson would be entitled to receive the following:

- the earned but unpaid portion of his base salary through the termination date;
- any other amounts or benefits owing to him under the then applicable employee benefit, incentive, or equity plans and programs of the Company; and
- over a period of twelve months, in one installment representing 50% of the total payable on the date which is six months and one day following the termination date and the remaining 50% paid in equal monthly installments over the following six months, an amount equal to the sum of:
  - 100% of his annual base salary at the time of termination,
  - a termination bonus equal to the bonus paid to the executive during the four fiscal quarters prior to the date of termination, or in the event of a Change of Control, the bonus paid to Mr. Robinson during the four fiscal quarters prior to the Change of Control, payable over the 12 month period following termination; and
  - the cash value of health, dental, vision, and life insurance benefits that would be paid on behalf of Mr. Robinson by the Company if he were still employed during the 12-month period following the termination date.

In the event of a termination without "Cause" by MIVA, with "Good Reason" by Mr. Robinson, or following a Change of Control, all RSUs held by Mr. Robinson immediately and fully vest.

For each current employment agreement with an NEO, a Change of Control includes the occurrence of any of the following:

- a person becoming the beneficial owner of securities of the Company representing 35% or more, excluding in the calculation of beneficial ownership securities acquired directly from the Company, of the combined voting power of the Company's then outstanding voting securities;
- a person becoming the beneficial owner of securities of the Company representing 51% or more (or for Mr. Robinson, more than 50%) of the combined voting power of the Company's then outstanding voting securities;
- the following individuals ceasing for any reason to constitute a majority of the number of directors then serving: individuals who, when the employment agreement became effective, constitute the Board of Directors and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board of Directors or nomination for election by the Company's stockholders was approved or recommended by a vote of at least  $\frac{2}{3}$  of the directors then still in office who either were directors when the employment agreement became effective or whose appointment, election, or nomination for election was previously so approved or recommended;
- there is a consummated merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation, other than (a) a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into

voting securities of the surviving parent entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving or parent equity outstanding immediately after such merger or consolidation or (b) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person acquired 25% or more of the combined voting power of the Company's then outstanding securities (not including in the securities beneficially owned by such person any securities acquired directly from the Company or its affiliates); or

- the stockholders of the Company approving a plan of complete liquidation of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets (or any transaction having a similar effect), other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 50% of the combined voting power of the voting securities of which are owned by stockholders of the Company in substantially the same proportions as their ownership of the Company immediately prior to such sale.

In the event of a termination by MIVA with "Cause," Messrs. Corrao, Bishop, Mukherjee, and Robinson would be entitled to receive the earned but unpaid portion of such executive's base salary through the date of termination. In the event of a termination by the executive without "Good Reason," or the termination of employment as a result of death or permanent disability, Messrs. Corrao, Bishop, Mukherjee and Robinson would be entitled to receive the earned but unpaid portion of such executive's base salary through the date of termination, and the earned but unpaid portion of such executive's vested incentive compensation under and consistent with plans adopted by MIVA prior to the date of termination.

For purposes of the employment agreements, "Cause" includes:

- commission of a material and substantive act of theft, including, but not limited to misappropriation of funds or any property of the Company;
- intentional engagement in activities or conduct clearly injurious to the best interests or reputation of the Company that in fact result in material and substantial injury to the Company;
- refusal to perform assigned duties and responsibilities (so long as the Company does not assign any duties or responsibilities that would give the executive Good Reason to terminate employment) after receipt of written detailed notice and reasonable opportunity to cure (which shall be 30 days for Mr. Robinson);
- gross insubordination, which shall consist only of a willful refusal to comply with a lawful written directive to the executive issued pursuant to a duly authorized resolution of the Board (or for Mr. Robinson, a lawful written directive by the Chief Executive Officer), so long as the directive does not give the executive Good Reason to terminate employment;
- clear violation of any of the material terms and conditions of any agreement the executive has with the Company;
- the executive's substantial dependence, as reasonably determined by the Board (or for Mr. Mukherjee and Mr. Robinson, the Board or the Chief Executive Officer), on alcohol or any narcotic drug or other controlled or illegal substance that materially and substantially prevents the executive from performing his duties; or
- the final and unappealable conviction of the executive of a crime that is a felony or a misdemeanor involving an act of moral turpitude, or a misdemeanor committed in connection with employment by the Company, that causes the Company a substantial detriment.

For purposes of the employment agreements for Messrs. Corrao, Bishop, and Mukherjee, "Good Reason" includes:

- a change in the executive's title(s), status, position, or responsibilities without the executive's written consent, which does not represent a promotion from existing status, position, or responsibilities, despite the executive's written notice to the Company of objections to such change and the Company's failure to address such notice in a reasonable fashion within 30 days of such notice;
- the assignment to the executive of any duties or responsibilities that are inconsistent with the executive's status, position, or responsibilities as set forth in the employment agreement, despite the executive's written notice to the Company of objections to such change and the Company's failure to address such notice in a reasonable fashion within 30 days of such notice;
- a reduction in the executive's base salary (or for Mr. Corrao, the Company's failure to issue equity compensation as provided in his employment agreement);
- a Change of Control of the Company and the executive terminates employment during the "Window Period" as defined in their employment agreements;
- a breach by the Company of any material term or provision of their employment agreements; or
- certain relocations of the Company's offices at the location where the executive works.

For purposes of the employment agreement for Mr. Robinson, "Good Reason" includes:

- a reduction in Mr. Robinson's title(s), status, position or responsibilities without his written consent despite his written notice to the Company of his objection to such reduction and the Company's failure to address such notice in a reasonable fashion within 30 days of such notice; provided, however, the reassignment of the technology or human resource function to another senior executive shall not constitute a reduction in responsibilities;
- a change in Mr. Robinson's reporting so that he no longer reports directly to the Chief Executive Officer;
- the assignment to Mr. Robinson of any duties or responsibilities that are inconsistent with his status, position, or responsibilities, despite his written notice to the Company objecting to such change and the Company's failure to address such notice in a reasonable fashion within 30 days of such notice;
- if there is a reduction in Mr. Robinson's base salary or the Company fails to pay the Guaranteed Bonus as defined in his employment agreement;
- a breach by the Company of any material term or provision of Mr. Robinson's employment agreement that is not cured within 30 days following receipt by the Company of written notice from Mr. Robinson;
- a relocation of the Company's offices in New York, New York to a location more than 35 miles from the current location; or
- if there is a Change of Control of the Company and Mr. Robinson terminates employment during the Window Period as defined in his employment agreement.

Under the employment agreements with Messrs. Corrao, Bishop, Mukherjee, and Robinson, the executive may terminate employment for any reason (other than Good Reason) upon giving 30 days' advance written notice to the Company. The Company will pay the executive the earned but unpaid portion of his base salary through the termination date and any accrued but unpaid incentive compensation.

Under the employment agreements with Messrs. Corrao, Mukherjee, and Robinson, if it is determined that any payment of any type to or for the benefit of the executive, including the acceleration of stock vesting, is subject to the excise tax imposed by Section 4999 of the Internal

Revenue Code and any interest or penalties with respect to such tax ("golden parachute excise taxes"), the executive will be entitled to receive an additional payment (a "gross-up payment") in an amount, after taking into account all federal, state, and local income taxes payable by the executive as a result of the receipt of such additional compensation, to place the executive in the same after-tax position the executive would have been in had no such excise tax been paid or incurred with respect to any such amounts (the "tax gross-up"). If the Company determines that any amounts to be paid to the executive are subject to section 409A of the Internal Revenue Code of 1986, as amended, then the Company will in good faith adjust the form or timing of such payments as it reasonably determines to be necessary or advisable to be in compliance with Section 409A.

MIVA has entered into Confidentiality, Assignment, and Non-Competition Agreements with each of its current executives that prohibit the executives from becoming directly or indirectly connected with any business or entity that is engaged in the same "business" as MIVA during the term of their employment with MIVA and for a period of twelve months following employment separation. These agreements also provide MIVA with protection for its confidential information and intellectual property.

The table below shows the compensation earned by the Company's non-employee directors during fiscal year 2008:

On December 13, 2007, the Board of Directors of the Company adopted and approved an amended and restated MIVA, Inc. Policy for Compensation for Independent Members of the Board of Directors. Under this policy, each independent director received annual Restricted Stock Unit ("RSU") grant for their service on the Board for that number of RSUs equal to \$40,000 based on the closing price of the Company's stock on the first trading day of the calendar year, subject to reduction to cash, at the election of the director, to satisfy tax obligations incurred by the director upon vesting of the RSUs. The RSUs vest at the rate of one-fourth ( $1/4$ ) per quarter at the end of each calendar quarter. Any RSUs that are unvested as of the date of termination of service as a director are automatically forfeited. Additionally, each independent director also received an annual cash retainer in the amount of \$20,000 payable in \$5,000 quarterly installments at the beginning of each fiscal quarter. ## Transactions with Related Persons

Our Audit Committee monitors and reviews issues involving potential conflicts of interest and approves all transactions with related persons as defined in Item 404 of Regulation S-K under the securities laws. Examples of such transactions that must be approved by our Audit Committee include but are not limited to any transaction, arrangement, relationship, (including any indebtedness) in which:

- the aggregate amount involved is determined by the Audit Committee to be material;
- the Company is a participant; and
- any of the following has or will have a direct or indirect interest in the transaction:
  - an executive officer, director, or nominee for election as a director;
  - a greater than five percent beneficial owner of the Company's common stock; or
  - any immediate family member of the foregoing.

When reviewing transactions with related persons, the Audit Committee applies the standards for evaluating conflicts of interest outlined in the Company's written Code of Business Conduct. Three reportable transactions occurred during 2008.

During 2008, our former President and Chief Marketing Officer, Sebastian Bishop, was a director of Steakmedia Limited and also owned a 2.5% interest in Steakmedia. Steakmedia is an advertising agency owned predominately by Oliver Bishop, Mr. Bishop's brother. We used this agency to generate advertisers onto our MIVA Media Networks and invoice them for all revenue generated on our networks through their advertisers. In addition, we pay Steakmedia a commission on the revenue generated from these advertisers. The amount invoiced to Steakmedia during the year ended December 31, 2008 was \$210,447.

In addition to Steakmedia, Mr. Bishop is a director of Adjug, a company that entered into a non-cancelable sublease obligation with our MIVA Media EU division to sublet office space in Munich, Germany during the fourth quarter of 2008. This agreement has a term from December 1, 2008 through December 31, 2009 with annual sublease payments totaling approximately \$54,900.

Lawrence Weber, who joined our Board of Directors in June 2005, and was subsequently elected Chairman of the Board of Directors in April 2006, is also the Chairman and Founder of W2 Group Inc., which owns Racepoint Group, Inc. The Company entered into an agreement in November 2005 with Racepoint for public relations professional services. For the year ended December 31, 2008, we incurred fees from Racepoint of \$15,000.

## SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and greater than 10% stockholders, to file reports of ownership and changes in ownership of our securities with the Securities and Exchange Commission. Copies of the reports are required by Securities and Exchange Commission regulation to be furnished to MIVA. Based on our review of reports and written representations from each reporting person, the Company believes each reporting person has complied with the disclosure requirements with respect to transactions made during 2008.

## AUDIT COMMITTEE REPORT

Each of the directors serving on the Audit Committee is "independent" as defined in Marketplace Rule 4200(a)(15) and in Rule 10A-3(b) (1) promulgated under the Securities Exchange Act of 1934, as amended. The MIVA Board of Directors has determined that Messrs. Hepp and Durrett are "audit committee financial experts" as defined in Item 407(d)(5) of Securities and Exchange Act Commission Regulation S-K. The Audit Committee operates pursuant to a charter approved and adopted by the MIVA Board of Directors.

The Audit Committee, on behalf of MIVA's Board of Directors, oversees MIVA's financial reporting process as more fully described in the Audit Committee Charter. Management is responsible for MIVA's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. MIVA's independent registered public accounting firm, BDO Seidman, LLP ("BDO"), was responsible for performing an audit of MIVA's consolidated financial statements for the fiscal year ended December 31, 2008, in accordance with the standards of the Public Accounting Oversight Board (United States) and for issuing a report thereon. In fulfilling its oversight responsibilities, the Audit Committee (i) reviewed and discussed the audited financial statements and the footnotes thereto in MIVA's Annual Report on Form 10-K for fiscal 2008 with management and BDO, and (ii) discussed the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements with management and BDO.

MIVA's independent registered public accounting firm is responsible for expressing an opinion on the conformity of MIVA's consolidated financial statements, in all material respects, to U.S. generally accepted accounting principles. The Audit Committee reviewed and discussed with the independent registered public accounting firm its judgments as to the quality, not just the acceptability, of MIVA's accounting principles and such other matters as are required to be discussed by the Audit Committee with MIVA's independent registered public accounting firm under Statement on Auditing Standards No. 61, as amended. MIVA's independent registered public accounting firm has expressed its opinion that MIVA's audited financial statements conform, in all material respects, to U.S. generally accepted accounting principles. The independent registered public accounting firm has full and free access to the Audit Committee.

The Audit Committee discussed with MIVA's independent registered public accounting firm its independence from management and MIVA, and received from them the written disclosures and the letter concerning the independent registered public accounting firm's independence required by the applicable requirements of the Public Company Accounting Oversight Board.

The Audit Committee discussed with MIVA's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee met with the independent registered public accounting firm to discuss the results of its audit of MIVA's financial statements and the overall quality of MIVA's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the board that the audited consolidated financial statements be included in MIVA's Annual Report on Form 10-K for fiscal 2008 for filing with the Securities and Exchange Commission.

## INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

BDO Seidman LLP ("BDO") has served as MIVA's independent registered public accounting firm since 2005, and the Audit Committee expects to appoint BDO to serve as MIVA's independent registered public accounting firm for the year ending December 31, 2009. Representatives of BDO will be invited to attend the annual meeting. They will be given the opportunity to make a statement if they desire to do so, and they will be available to respond to appropriate questions.

### FEES OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table shows the aggregate fees billed to the Company by its independent registered public accounting firm for services rendered during the fiscal years ended December 31, 2008 and 2007.

	<u>2008 Fees</u>	<u>2007 Fees</u>
<b>Audit Fees (1)</b>	\$1,329,800	\$1,577,660
<b>Tax Fees</b>	—	—
<b>All Other Fees (2)</b>	\$ 15,500	\$ 28,000
<b>Total Fees</b>	\$1,345,300	\$1,605,660

- (1) Includes fees associated with the fiscal year audit, reviews of the Company's quarterly reports on Form 10-Q and other securities filings and compliance with the Sarbanes-Oxley Act. The total fees billed by BDO Seidman were \$1,329,800 and \$1,577,660 for the periods ended December 31, 2008 and 2007, respectively.
- (2) For fees associated with the audit of the Company's 401(k) employee benefit plan.

Under policies it has adopted, the Audit Committee must pre-approve all engagements of our independent registered public accounting firm unless an exception to such pre-approval exists under the Securities Exchange Act of 1934 or the rules of the Securities and Exchange Commission. At the beginning of the fiscal year, the Audit Committee evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the work proposed to be performed and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At each subsequent Audit Committee meeting, the committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. An example is due diligence for an acquisition that would not have been known at the beginning of the year. The Committee has delegated to the chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Committee in the event that a need arises for pre-approval between committee meetings. This might occur, for example, if we proposed to execute a financing on an accelerated timetable. If the chairman so approves any such engagements, he will report that approval to the full Committee at the next committee meeting.

Since the May 6, 2003 effective date of the Securities and Exchange Commission rules stating that a registered public accounting firm is not independent of an audit client if the services it provides to the client are not appropriately approved, each new engagement of the independent registered public accounting firm was approved in advance by the Audit Committee, and none of those engagements made use of the de minimus exception to pre-approval contained in the SEC's rules.

## STOCKHOLDER PROPOSALS

Each year the Board of Directors submits its nominations for election of directors at the Annual Meeting of Stockholders. Other proposals may be submitted by the Board of Directors or the stockholders for inclusion in the proxy statement for action at the Annual Meeting. In accordance with Rule 14a-8 under the Securities Exchange Act of 1934, as amended, any proposal submitted by a stockholder for inclusion in the proxy statement for the Annual Meeting of Stockholders to be held in 2010 must be received by MIVA (addressed to the attention of the Secretary) on or before December 31, 2009. To be submitted at the meeting, any such proposal must be a proper subject for stockholder action under the laws of Delaware, and must otherwise conform to applicable requirements of the proxy rules of the Securities and Exchange Commission.

Section 1 of Article III of MIVA's bylaws provides that any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at a meeting only if timely notice of such stockholder's intent to make such nomination or nominations has been given in writing to the Secretary of MIVA. To be timely, a stockholder nomination for a director to be elected at an annual meeting shall be received at MIVA's principal executive offices not less than 120 calendar days in advance of the one-year anniversary of the date that MIVA's proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders.

Section 7 of Article II of MIVA's bylaws provides that, for business to be properly brought before any annual meeting of stockholders by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of MIVA. Assuming that the Annual Meeting of the Stockholders to be held in 2009 is held on June 10, 2010, to be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of MIVA neither later than April 1, 2010 (the 70th day prior to the annual meeting of the stockholders) nor earlier than March 12, 2010 (the 90th day prior to the annual meeting of the stockholders).

If MIVA does not receive notice of a stockholder proposal within this timeframe, the proxy holders will use their discretionary authority to vote the shares they represent as the Board of Directors may recommend.

## OTHER MATTERS

The only business that the management intends to present at the meeting consists of the matters set forth in this proxy statement. Management knows of no other matters to be brought before the meeting by any other person or group. If any other matter should properly come before the meeting, the proxy holders will vote thereon in their discretion.

All duly executed proxies received will be voted. You are requested to sign and date the enclosed proxy and mail it promptly in the enclosed envelope. If you later desire to vote in person, you may revoke your proxy, either by written notice to MIVA or in person at the meeting, which would not affect any vote previously taken.
