PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
to be held on May 5, 2010**

INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

Introduction

This Proxy Statement is being furnished to holders of Green Plains Renewable Energy, Inc. (the “Company”) common stock, \$0.001 par value per share (the “Common Stock”), in connection with the solicitation by and on behalf of the Board of Directors (the “Board”) of the Company of proxies to be used at the 2010 Annual Meeting of Shareholders of the Company (the “Annual Meeting”) to be held at 10:00 a.m., Central Time, on Wednesday, May 5, 2010 at the Hilton Omaha Hotel located at 1001 Cass Street, Omaha, Nebraska, and any adjournment or postponement thereof. The purpose of the Annual Meeting is to elect three Directors and to transact such other business as may properly come before the meeting. This Proxy Statement, the Notice of Annual Meeting of Shareholders, the accompanying Proxy Card and our 2009 Annual Report are first being mailed to shareholders entitled to vote at the Annual Meeting on or about April 8, 2010.

Record Date, Outstanding Shares and Quorum

The Company has fixed the close of business on March 10, 2010 as the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof (the “Record Date”). There were 31,743,958 shares of Common Stock issued and outstanding, including all unvested restricted stock, at the close of business on the Record Date. Holders of record of the Company’s Common Stock on the Record Date are entitled to cast one vote per share, exercisable in person or by properly executed proxy, with respect to each matter to be considered by them at the Annual Meeting.

The presence, in person or by properly executed proxy, at the Annual Meeting of the holders of a majority of the issued and outstanding shares of Common Stock entitled to vote shall constitute a quorum. Proxies that are marked to “withhold authority” with respect to the election of Directors and proxies for which no instructions are given will be counted for purposes of determining the presence of a quorum.

Proxy Voting and Revocability of Proxies

Common Stock, represented by the proxies received pursuant to this solicitation and not timely revoked, will be voted at the Annual Meeting in accordance with the instructions indicated in properly submitted proxies. If no instructions are indicated, such shares will be voted as recommended by the Board. If any other matters are properly presented to the Annual Meeting for action, the person(s) named in the enclosed form(s) of proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment. Broker non-votes and abstentions are not treated as votes cast for purposes of any of the matters to be voted on at the meeting.

A holder of Common Stock who has given a proxy may revoke it prior to its exercise by providing written notice of revocation or a later-dated proxy to the Secretary of the Company at any time before the closing of the polls at the meeting, or by voting in person at the meeting. Any written notice revoking a proxy should be sent to:

Table of Contents

Green Plains Renewable Energy, Inc., Attention: Michelle S. Mapes, Corporate Secretary, 9420 Underwood Avenue, Suite 100, Omaha, Nebraska 68114. Attendance in person at the Annual Meeting does not itself revoke a proxy; however, any shareholder who attends the Annual Meeting may revoke a previously submitted proxy by voting in person.

Computershare Trust Company, N.A. is the transfer agent and registrar for our common stock. If your shares are registered directly in your name with the Company's transfer agent, with respect to those shares, you are considered the "shareholder of record" or a "registered shareholder" and these materials were sent to you directly by the Company. If you are a shareholder of record, you may vote in person at the Annual Meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name, and that organization should have forwarded these materials to you. As the beneficial owner, you have the right to direct your broker, bank or nominee holding your shares how to vote and are also invited to attend the Annual Meeting. Please refer to the information forwarded by your broker or bank for instructions on how to direct their vote. However, since you are not a shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you a legal proxy from the shareholder of record.

If you are a registered shareholder, there are four ways to vote:

- By going to the Internet website indicated on the Proxy Card and following the instructions provided (you will need the control number from your Proxy Card);
- By calling the toll-free telephone number indicated on the Proxy Card (you will need the control number from your Proxy Card);
- By signing, dating and returning the enclosed Proxy Card; or
- By written ballot in person at the Annual Meeting.

Your shares will be voted as you indicate. If you do not indicate your voting preferences, the appointed proxies will vote your shares FOR Proposal 1.

Broker Non-Votes

Broker non-votes occur when nominees, such as brokers and banks holding shares on behalf of the beneficial owners, are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions at least ten days before the Annual Meeting date. If no instructions are given within that time frame, the nominees may vote those shares on matters deemed "routine" by the New York Stock Exchange. On non-routine matters, nominees cannot vote without instructions from the beneficial owner, resulting in so-called "broker non-votes." Broker non-votes are not counted for the purposes of determining the number of shares present in person or represented by proxy on any voting matter. Proposal 1 is considered non-routine.

Expenses and Methods of Solicitation

The Company will bear the expense of soliciting proxies. In addition to the use of the mail and Internet, proxies may be solicited personally, or by telephone or other means of communications, by Directors, officers and employees of the Company and its subsidiaries who will not receive additional compensation therefor. The Company will reimburse banks, brokerage firms and nominees for their reasonable expenses in forwarding proxy solicitation materials to beneficial owners of shares held of record by such banks, brokerage firms and nominees.

Table of Contents

Vote Required

The affirmative vote of a plurality of the votes cast at the Annual Meeting by the holders of the Common Stock, assuming a quorum is present, is required to elect each Director. The three persons receiving the greatest number of votes at the Annual Meeting shall be elected as Directors. Since only affirmative votes count for this purpose, broker non-votes or votes withheld will not affect the outcome of the voting on Proposal 1.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board of Directors

Prior to and immediately following the October 15, 2008 merger with VBV LLC and its subsidiaries (the “VBV merger transaction”), the Company was governed by a nine-member Board of Directors. Pursuant to a shareholders’ agreement entered into in connection with the VBV merger transaction (the “Shareholders’ Agreement”), two wholly-owned subsidiaries of NTR plc, NTR US Biosystems Holdings Limited (f/k/a Bioverda International Holdings Limited) and Greenstar North America Holdings Inc. (collectively, “Bioverda”), together have the right, as long as they collectively own at least 33.5% of the Company’s outstanding Common Stock, to designate four individuals to be nominated for election as Directors. Bioverda’s initial nominees were Jim Anderson, Jim Barry, James Crowley and Michael Walsh. Similarly, as long as Wilon Holdings, S.A. (“Wilon”) owns at least 2.5% of the Company’s outstanding Common Stock, it will have the right to designate one individual to be nominated for election as a Director. Wilon’s initial nominee was Alain Treuer. Directors Gordon Glade, Gary Parker, Brian Peterson and Wayne Hoovestol continued to serve on the Board after the merger. Except for the Bioverda and Wilon nominees, the Directors will be nominated for election by the Board of Directors or the shareholders in accordance with the Company’s bylaws and Nominating Committee procedures, as outlined below. The Company has agreed to cause the Bioverda nominees and the Wilon nominee to be nominated for election as Directors of the Company and has agreed to solicit proxies for the election of such nominees and recommend that shareholders vote in favor of each nominee. The Shareholders’ Agreement also provides that each committee of the Board shall, subject to applicable director independence rules, include at least two Bioverda nominees or one Bioverda nominee and one Wilon nominee.

The Board currently consists of ten members, divided into three groups. One group of Directors is elected at each annual meeting of shareholders for a three-year term. Each year a different group of Directors is elected on a rotating basis. James Crowley (a Bioverda nominee), Gordon Glade and Gary Parker are up for re-election at the 2010 Annual Meeting (to serve until the 2013 annual meeting or until their respective successors shall be elected and qualified). The terms of Jim Anderson (a Bioverda nominee), Wayne Hoovestol and Michael Walsh (a Bioverda nominee) expire at the 2011 annual meeting. The terms of Jim Barry (a Bioverda nominee), Todd Becker, Brian Peterson and Alain Treuer (the Wilon nominee) expire at the 2012 annual meeting.

Director Independence

A Director is independent if, in the opinion of the Board, he or she has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and otherwise satisfies the independence requirements of applicable Nasdaq Stock Market (“NASDAQ”) and SEC rules. The Board has reviewed the independence of its current Directors and nominees and found that, except for Mr. Becker and Mr. Hoovestol due to their current and prior positions with the Company, each of them is independent.

Board Meetings, Directors’ Attendance and Shareholder Communications

The Board held five meetings during 2009. Meetings were conducted via teleconference or in person. No incumbent Director attended fewer than seventy-five percent (75%) of the aggregate of Board meetings and committee meetings held on which an incumbent Director served during this period. The Company’s policy is to

Table of Contents

encourage, but not require, Board members to attend annual shareholder meetings. All Board members attended the 2009 annual meeting.

Shareholders who would like to send written communications to the Board may do so by submitting such communications to: Green Plains Renewable Energy, Inc., Attention: Michelle S. Mapes, Corporate Secretary, 9420 Underwood Avenue, Suite 100, Omaha, Nebraska 68114. The Board suggests, but does not require, that such submissions include the name and contact information of the shareholder making the submission and a description of the matter that is the subject of the communication. Ms. Mapes will then furnish such information to the Board or appropriate committee of the Board for review.

Board Committees

The Board has standing Audit, Compensation and Nominating Committees.

Audit Committee

The Company has a separately designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Exchange Act"). The Audit Committee is comprised of four Directors, all of whom meet the independence standards of NASDAQ and the SEC. Audit Committee members are Jim Anderson, James Crowley, Gordon Glade and Brian Peterson, with Mr. Crowley serving as Chairman. Mr. Crowley has been determined to be an audit committee financial expert as defined in Rule 407(d)(5) of Regulation S-K. During 2009, the Audit Committee held five meetings via teleconference or in person.

The Audit Committee Charter was revised in March 2009 and is attached as Appendix A hereto. The Audit Committee Charter is also posted on the Company's website at www.gpreinc.com. The Audit Committee Charter is reviewed, revised and updated on an annual basis.

The function of the Audit Committee, as detailed in the Audit Committee Charter, is to provide assistance to the Board in fulfilling its responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices, and the quality and integrity of the financial reports of the Company. In so doing, it is the responsibility of the Audit Committee to maintain free and open means of communication between the Directors, the independent auditors and Company management.

Compensation Committee

The Compensation Committee is comprised of four Directors, all of whom meet the independence standards of NASDAQ and the SEC. Compensation Committee members are Jim Anderson, Gary Parker, Alain Treuer and Michael Walsh, with Mr. Treuer serving as Chairman. During 2009, the Compensation Committee met three times via teleconference or in person. The Compensation Committee Charter is posted on the Company's website.

The Compensation Committee establishes the Company's general compensation policy and, except as prohibited by law, may take any and all actions that the Board could take relating to compensation of Directors, executive officers, employees and other parties. The Compensation Committee's role is to (i) evaluate the performance of the Company's executive officers, (ii) set compensation for Directors and executive officers, (iii) make recommendations to the Board on adoption of compensation plans and (iv) administer Company compensation plans. When evaluating potential compensation adjustments, the Compensation Committee solicits and considers input provided by the Chief Executive Officer relating to the individual performance and contribution to the Company's overall performance by executive officers and other key employees.

Pursuant to its charter, the Compensation Committee is empowered to hire outside advisors as it deems appropriate to assist it in the performance of its duties. The Compensation Committee has sole authority to retain

Table of Contents

or terminate any compensation consultants or advisors and to approve their fees. For additional information on the Compensation Committee's role, its use of outside advisors and their roles, as well as the Committee's processes and procedures for the consideration and determination of executive compensation, see "Executive Compensation—Compensation Discussion and Analysis."

Nominating Committee

The Nominating Committee is comprised of three Directors, all of whom meet the independence standards of NASDAQ and the SEC. Nominating Committee members are Jim Barry, Gordon Glade and Gary Parker, with Mr. Barry serving as Chairman. During 2009, the Nominating Committee met one time. The Nominating Committee Charter is posted on the Company's website.

The function of the Nominating Committee, as detailed in the Nominating Committee Charter, is to recommend to the Board the slate of Director nominees for election to the Board and to identify and recommend candidates to fill vacancies occurring between annual shareholder meetings. The Nominating Committee has established certain broad qualifications in order to consider a proposed candidate for election to the Board. The Nominating Committee has a strong preference for candidates with prior board experience with public companies. The Nominating Committee will also consider such other factors as it deems appropriate to assist in developing a board and committees that are diverse in nature and comprised of experienced and seasoned advisors. These factors include judgment, skill, diversity (including factors such as race, gender or experience), integrity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board.

Board Diversity

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended Director nominees, including candidates recommended by shareholders, the Nominating Committee considers criteria that include the candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and ability to act in the interests of all shareholders. Moreover, the Nominating Committee considers the value of diversity of experience on the Board, taking into account the current Board membership, in the director identification and nomination process. The Nominating Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Company believes that the backgrounds and qualifications of the Directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Director Qualifications

Presented below are biographies of each Director nominee and continuing Director containing information regarding the person's service as a Director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Nominating Committee and the Board to determine that the person should serve as a Director for the Company.

It is the policy of the Nominating Committee to consider candidates recommended by security holders, Directors, executive officers and other sources, including, but not limited to, third-party search firms. Security holders of the Company may submit recommendations for candidates for the Board. All recommendations shall be submitted in writing to: Green Plains Renewable Energy, Inc., Attention: Michelle S. Mapes, Corporate Secretary, 9420 Underwood Avenue, Suite 100, Omaha, Nebraska 68114. Such submissions should include the name, contact information, a brief description of the candidate's business experience and such other information

Table of Contents

as the person submitting the recommendation believes is relevant to the evaluation of the candidate. The Nominating Committee will review all such recommendations. For candidates to be considered for election at the next annual shareholder meeting, the recommendation must be made in accordance with the Company's bylaws.

The Nominating Committee will evaluate whether an incumbent Director should be nominated for re-election to the Board or any committee of the Board upon expiration of such Director's term using the same factors as described above for other Board candidates. The Nominating Committee will also take into account the incumbent Director's performance as a Board member. Failure of any incumbent Director to attend at least seventy-five percent (75%) of the Board meetings held in any year of service as a Board member will be viewed negatively by the Nominating Committee in evaluating the performance of such Director. The Nominating Committee recommended that the three incumbent Directors whose terms of office expire at the 2010 Annual Meeting be included on the ballot for re-election as Directors for a three-year term expiring at the 2013 annual meeting. This recommendation was based on a review and evaluation of meeting attendance, knowledge of the industries in which the Company operates and overall contributions to the Board. See the discussion above under Board of Directors regarding the designation of nominees by the Bioverda entities and Wilon.

Code of Ethics

The Board has adopted a Code of Ethics that applies to its Chief Executive Officer and all senior financial officers, including the Chief Financial Officer, principal accounting officer, other senior financial officers and persons performing similar functions. The full text of the Code of Ethics is published on the Company's website at www.gpreinc.com in the "Investors – Corporate Governance" section. We intend to disclose future amendments to, or waivers from, certain provisions of the Code of Ethics on the Company's website within five business days following the adoption of such amendment or waiver.

Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate "risk owner" within the organization to enable it to understand the Company's risk identification, risk management and risk mitigation strategies. Additionally, the Board has approved and periodically reviews the Company's Risk Management policy, which specifically sets parameters of risk with respect to commodity and hedging positions. When a committee receives a report, the Chairman of the relevant committee reports the discussion to the full Board during the committee reports portion of the next Board meeting. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Board Leadership Structure

The Board does not have a policy on whether the same person should serve as both the chief executive officer and chairman of the board or, if the roles are separate, whether the chairman should be selected from the non-employee Directors or should be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best provides appropriate leadership for the Company at that time. Over the last several years, the Company has had each of the following leadership structures, reflecting its circumstances at the time: separate non-employee Chairman and Chief Executive Officer (January 2009 to February 2009 and November 2009 to present); separate Chairman and Chief Executive Officer, with the Chairman being a member of the Company's management (March 2009 to November 2009); combined Chairman and Chief Executive Officer (October 2008 to December 2008); and separate non-employee Chairman and Chief Executive Officer (prior to October 2008). The Board believes that its current leadership structure, with Mr. Hoovestol, a non-employee serving as the Board Chairman, and Mr. Becker serving as the Chief Executive Officer, is appropriate given the experience of each individual. Both individuals are currently

Table of Contents

deemed not to be independent. The independent members of the Board meet regularly in executive session with the other independent, non-management Directors. The Board, with guidance from the Nominating Committee, will periodically continue to review its leadership structure.

PROPOSAL 1 ELECTION OF DIRECTORS

Election of Directors

The Board is divided into three classes, with the members of each class serving three-year terms of office. This results in one class standing for election at each annual meeting of shareholders. The Nominating Committee has recommended and the Board has nominated for re-election James Crowley, Gordon Glade and Gary Packer, each to serve a term that expires at the 2013 annual meeting. All of the nominees are presently Directors, have consented to being named in this Proxy Statement and have agreed to serve if elected.

Your Proxy Card will be used to vote for the election of the nominees unless you withhold the authority to do so when you submit your proxy. If no instructions are given, your shares will be voted for the three nominees. As explained above, the Company's Directors are elected by the affirmative vote of the plurality of the shares present and entitled to vote. The three persons receiving the greatest number of votes at the Annual Meeting shall be elected as Directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" ALL NOMINEES NAMED HEREIN.

The following paragraphs set forth information about the nominees and the Company's continuing Directors. All Director biography information is as of April 8, 2010.

Nominees for Election at the 2010 Annual Meeting

JAMES CROWLEY, 63, who has served as a Director since October 2008, also serves as Chairman of the Board's Audit Committee. Mr. Crowley has been the Chairman and Managing Partner of Old Strategic, LLC since July 2006. His previous experience includes service as Chairman and Managing Partner of Strategic Research Institute, President of Global Investment and Merchant Banking at Prudential Securities, and investment banking at Smith Barney Harris Upham & Co. He currently serves on the board and is audit committee chair of Core Molding Technologies and has served on a number of educational and not-for-profit boards. Mr. Crowley has a Masters degree in Business Administration from the Wharton Graduate School of Business at the University of Pennsylvania and a Bachelor of Science degree in Business Administration from Villanova University. The Board concluded that Mr. Crowley should serve as a Director because he qualifies as an audit committee financial expert, possessing the requisite education and business acumen, along with having served on other boards and as an audit committee chair of another company.

GORDON GLADE, 39, who has served as a Director since December 2007, also serves on the Board's Audit and Nominating Committees. For more than the past five years, Mr. Glade has served as President and Chief Executive Officer of AXIS Capital, Inc., a commercial equipment leasing company. In addition, he is a current investor in several other ethanol companies. Mr. Glade also serves as Vice President and a director of the Edgar Reynolds Foundation and as a director of the Brunswick State Bank. Mr. Glade has a Bachelor of Science degree in both Accounting and Finance from Texas Christian University. The Board concluded that Mr. Glade

Table of Contents

should serve as a Director because his business experience, including his experience as an investor in other ethanol companies, provides the Board with valuable perspective.

GARY PARKER, 60, who has served as a Director since November 2007, also serves on the Board's Compensation and Nominating Committees. Mr. Parker is the President, Chief Executive Officer and owner of GP&W Inc., d/b/a Center Oil Company, of St. Louis, Missouri, which he founded in 1986 to market gasoline and other petroleum products. Mr. Parker is also the founder of Center Ethanol Company LLC, which owns a 54 million gallon ethanol plant with rail and barge access on the Mississippi River, located in Sauget, Illinois. He also serves on the board of Reliance Bancshares Inc., a publicly-traded bank holding company. Mr. Parker has a Bachelor of Science degree in Business Administration from Wichita State University. The Board concluded that Mr. Parker should serve as a Director because his energy background, including that within the ethanol industry, along with other board experience, is beneficial to the Board.

Continuing Directors with Terms Expiring in 2011

JIM ANDERSON, 52, who has served as a Director since October 2008, also serves on the Board's Audit and Compensation Committees. Mr. Anderson joined The Gavilon Group, LLC in March 2010 as Chief Operating Officer, Fertilizer. Mr. Anderson served United Malt Holdings ("UMH"), a producer of malt for use in the brewing and distilling industries, as Chief Executive Officer and member of the board of directors from September 2006 to February 2010. Prior to that, beginning in April 2003, he served as Chief Operating Officer / Executive Vice President of CT Malt, a joint venture between ConAgra Foods and Tiger Brands of South Africa. Mr. Anderson's experience in the agricultural processing and trading business includes serving as Senior Vice President and then President of ConAgra Grain Companies. His career also includes association with the firm Ferruzzi USA and as an Operations Manager for Pillsbury Company. Mr. Anderson has a Bachelor of Arts degree with a Finance emphasis from the University of Wisconsin - Platteville. The Board concluded that Mr. Anderson should serve as a Director because of his commodity experience and agribusiness knowledge, which provides the Board with a relevant depth of understanding of the Company's operations.

WAYNE HOOVESTOL, 52, has served as a Director since March 2006 and as Chairman of the Board since October 2008. Mr. Hoovestol served as Chief Operating Officer from January 2007 to February 2007, and as Chief Executive Officer from February 2007 to December 2008 (he resigned from this position effective January 1, 2009). He was appointed as Chief Strategy Officer in March 2009. He resigned as Chief Strategy Officer in November 2009 and is no longer an employee of the Company. Mr. Hoovestol began operating Hoovestol Inc., a trucking company, in 1978. He is also President of Lone Mountain Truck Leasing, which he founded in 2005. Mr. Hoovestol became involved with the ethanol industry as an investor in 1995, and has served on the boards of two other ethanol companies. Each non-employee Director is paid \$30,000 per year for serving on the Board, including serving on Board committees. In addition, the Audit Committee chairman receives \$15,000 annually, the Compensation Committee chairman receives \$7,500 annually and the Nominating Committee chairman receives \$1,250 annually. Until shares are issued pursuant to the DSU agreement, which does not occur until the third anniversary of the grant date, the Directors have no voting, dividend or other rights or privileges with respect to the shares. Annual individual DSU grants will be awarded equal to the lesser of \$50,000 in value, as measured on the date of grant, or 10,000 DSUs.

In 2009, the Compensation Committee engaged an independent compensation consultant from Frederic W. Cook & Co., Inc. (“F.W. Cook”) to evaluate the Company’s non-employee Director compensation program and provide recommendations for changes to ensure the Company’s program is market-competitive and consistent with recognized corporate governance “best practices.” The foregoing compensation program was approved based upon such recommendations in June 2009.

 - Todd A. Becker – President and Chief Executive Officer

Executive Compensation Philosophy

The Compensation Committee has structured the Company's executive compensation policy based upon the following goals:

- To attract, motivate and retain talented executive officers and other key employees.
- To use incentive compensation to reinforce strategic performance objectives.
- To align the interests of executive officers and key employees with the interests of the Company's shareholders, such that risks and rewards of strategic decisions are shared.

As described below, compensation for executive officers consists of three components: base compensation, annual performance/bonus awards and long-term incentive compensation. Equity awards are made pursuant to the Company's 2009 Equity Incentive Plan, which was approved by the Company's shareholders in May 2009 (the "2009 Equity Incentive Plan").

Compensation Committee Process and Compensation Consultant

The Compensation Committee is responsible for designing, reviewing and overseeing the administration of the Company's executive compensation program, and reviewing and approving annually all compensation decisions relating to the Named Executive Officers. Generally, all decisions with respect to determining the amount or form of compensation for the Company's Named Executive Officers are made by the Committee in accordance with the methodology described below.

When evaluating potential salary adjustments for executive officers, the Compensation Committee solicits and considers input provided by the Chief Executive Officer relating to the executive's performance and contribution to the Company's overall performance. The Chief Executive Officer plays no role in setting his own compensation.

The Compensation Committee has the sole authority from the Board for the appointment, compensation and oversight of the Company's outside compensation consultant. The Compensation Committee retained F.W. Cook as a consultant during 2009 to assist with its responsibilities related to the Company's executive and Board compensation programs. F.W. Cook's fees for executive compensation consulting to the Compensation Committee during 2009 were \$54,260. The executive compensation services provided include assisting in defining the Company's executive compensation strategy, providing market benchmark information, supporting the design of incentive compensation plans, advising on the competitiveness of Board compensation, and providing regulatory and governance guidance. During 2009, F.W. Cook provided no other services to the Company.

Base Compensation

The Compensation Committee decides on the overall compensation package, of which the base salary is a significant component, for the Company's executive officers. Market compensation data described below guides the Compensation Committee in the determination of total pay, which includes base pay, bonuses, equity compensation and benefits. The Compensation Committee reviews both national and industry specific compensation data. Each executive is evaluated against the market pay data and adjustments are made based on individual factors such as experience level and job performance. The objective is to fashion a compensation package that will attract and retain talented employees. Individual salaries vary based upon the individual's level

Table of Contents

of responsibility, work experience, performance, impact on the business, tenure and potential for advancement within the Company. Individual salaries for newly-hired executive officers and other key employees are determined at the time of hire taking into account the above-factors, other than tenure. To attract quality talent with the expertise to perform required duties, base salaries are established to be consistent with salaries paid to personnel in similar positions in the market. These salaries may be adjusted to consider the overall compensation package, which may include bonuses, incentive pay and other forms of compensation, such as benefits. To retain quality talent, the Compensation Committee may recommend base salary adjustments that are commensurate with increasing job responsibilities and to reflect competitive market data for executive officers of industry-sector firms of similar size and performance. The Company adjusted base salaries for Todd Becker, Mike Orgas and Ron Gillis in November 2009 based upon a review of general industry compensation data, not specific to any company, from F.W. Cook. For Mr. Becker, the Company relied upon data from the Hay Group, as well. The Hay Group methodology evaluates positions and determines the number of points the position has and then compares such position to positions with similar points. For other executive positions, the Compensation Committee was guided by general industry data from F.W. Cook. Given the growth the Company has experienced, the Compensation Committee expects that it will continue to evaluate compensation data and methodologies for benchmarking from independent compensation consultants.

For 2009, the base salaries for the Company's Named Executive Officers were as follows: Todd Becker – \$400,000, which increased to \$450,000 in November 2009; Jerry Peters – \$280,000; Michael Orgas – \$200,000, which increased to \$250,000 in November 2009; Steve Bleyl – \$250,000; and Ron Gillis – \$200,000, which increased to \$225,000 in November 2009.

Annual Performance/Bonus Awards

Annual bonuses are one form of incentive compensation used by the Company to reinforce performance-based objectives and retain key personnel. No specific performance-based objectives were established for the Named Executive Officers during 2009. Rather, the Compensation Committee took into account the Company's financial performance in 2009 while individual employee performance was considered on a subjective level, utilizing the 2010 performance goals set forth in the Company's Short-Term Incentive Plan, which was approved by the Board in January 2010. As previously disclosed, the Short-Term Incentive Plan provides that certain specified employees of the Company may be awarded cash bonuses by the Compensation Committee upon meeting certain specified performance goals or other performance criteria as determined by the Compensation Committee. The performance goals are set from time-to-time by the Compensation Committee and may differ from employee to employee and from award to award. Each current employee who is an executive officer in the Company is a participant in the Short-Term Incentive Plan, as well as certain other officers of the Company. See the Summary Compensation Table below for the cash bonuses awarded for 2009.

For 2010, the Compensation Committee has established specific performance goals and set target levels of cash bonuses based on a percentage of base salary.

Long-Term Incentive Compensation

Named Executive Officers are eligible to receive long-term equity-based incentive compensation awards under the Company's 2009 Equity Incentive Plan.

The Company's ability to operate its business and implement its strategies effectively depends, in part, on the efforts of its executive officers and other key personnel. The Company's executive officers have developed expertise in ethanol and related industries, and they have hired qualified managers and key personnel to operate the Company's plants, agribusiness operations, and marketing and distribution business. The grants of restricted stock, options or deferred stock units to executive officers encourage equity ownership and closely align management's interests with the interests of shareholders, such that risks and rewards of strategic decisions are shared. Additionally, because awards will be subject to forfeiture in certain cases if the employee leaves the Company, such awards are anticipated to provide a long-term incentive to remain with the Company.

Table of Contents

Based on Compensation Committee assessments and recommendations, the Company's long-term compensation program includes the following components to assist in aligning management's interests with the interests of shareholders:

- Emphasizes "at risk" pay such as options and other long-term incentives.
- Emphasizes long-term compensation such as options and restricted stock.
- Rewards financial results and promotion of Company objectives as well as individual performance against individual objectives.

As part of its process, in an effort to align the interests of management and shareholders with the goal of sharing the risks and rewards of strategic decisions that are made, the Compensation Committee will review the advisability of granting shares or options to members of management. The aggregate number of shares or options granted to management will be based on the executive's position and the value of each individual's contributions to the Company, as well as competitive norms. During 2009, individuals' contributions were assessed by the Compensation Committee on a subjective basis.

Based on the Company's financial performance in 2009, and individual performance evaluations, stock awards were granted for 2009 performance and issued in February 2010. In addition to the restricted stock award granted to Mr. Becker, an option grant of 100,000 shares was also awarded on December 22, 2009 at an exercise price of \$12.48. The options were granted as a result of the compensation review by the Compensation Committee in November 2009, as discussed under Base Compensation.

To align the interests of the executives with the interests of the Company's shareholders, such that risks and rewards of strategic decisions are shared, and to encourage retention of the Company's executive officers, the restricted stock awards vest 25% on the grant date and 25% each year for the next three years. Because they were granted in 2010, the stock awards do not appear in the Summary Compensation Table for 2009. The amounts shown under stock awards in 2009 were for grants made in 2009 for 2008 performance. These awards to the Company's Named Executive Officers consisted of grants of 150,000 shares to Mr. Becker, 10,227 shares to Mr. Peters, 17,045 shares to Mr. Orgas, 18,182 shares to Mr. Bleyl and 9,091 shares to Mr. Gillis.

For 2010, the Company has established that it desires to make awards that provide total compensation (subject to the attainment of specific performance goals) for the executive officers to achieve total compensation in a range of the 50th to 75th percentile of total compensation, with a target allocation of the 62 1/2th percentile, as measured by the annual compensation study which is expected to be conducted by an independent compensation consultant, and evaluated annually by the Compensation Committee. The study is expected to take into account a peer group mutually agreed upon by the Compensation Committee and the consultant. To become eligible for an award:

- the executive officer is expected to have met his or her individual measurable performance objectives; and
- the Company is expected to have achieved for the year:
 - satisfactory progress toward its measurable multi-year strategic plan objectives;
 - attainment of established banded EBITDA (defined as earnings before interest, income taxes, noncontrolling interests, depreciation and amortization) measurements that, for initial eligibility, result in positive profit before tax; and
 - for target awards, attainment within the range of 85% to 115% of budgeted EBITDA.

The Compensation Committee retains discretion to make exceptions to these parameters in the event of circumstances beyond the Company's control. Awards may be in a combination of options and restricted stock. Awards are expected to be awarded consistent with the target allocation based on achievement of performance goals. Awards will vest 25% upon grant, with the remaining vesting equally over the following 3 years.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code (the “Code”) precludes a public corporation from taking a deduction for compensation in excess of \$1,000,000 with respect to each of the Named Executive Officers unless certain specific performance criteria are satisfied. The 2009 Equity Incentive Plan was designed to help ensure that incentive compensation awarded thereunder is considered qualified performance-based compensation within the meaning of Section 162(m). While the Company’s long-term executive compensation program seeks to maximize the tax deductibility of executive compensation, the Compensation Committee retains the flexibility to compensate executives in a manner intended to promote varying corporate goals, even if certain amounts may not be deductible under Section 162(m).

Employment and Severance Agreements

The Company has entered into employment agreements with Todd Becker, Jerry Peters and Mike Orgas. These agreements are described below. The Company has provided employment offer letters to Steve Bleyl and Ron Gillis, which are described below. Their employment is at-will, but certain benefits are provided upon a change in control or termination without cause, as set forth below at “Potential Payments upon Termination or Change in Control.”

The Compensation Committee may adjust base salary, bonus percentage or long-term incentives to levels that exceed the initial terms of the executive officers’ employment agreements or offer letters based on its periodic review of compensation data.

Potential Payments upon Termination or Change in Control

Employment Agreement for Mr. Becker

The Company entered into an employment agreement with Mr. Becker. See “Employment Arrangements” above for additional information. Upon termination without Cause or for Good Reason, Mr. Becker is entitled to (a) one year of base salary plus the greater of his maximum annual cash bonus for that year or the average bonus paid for the prior two years, (b) up to one year of continued health and dental coverage (which ceases upon acceptance of a comparable position within such period), (c) certain relocation assistance if he relocates beyond 50 miles within six months of termination, (d) all shares acquired upon exercise of options granted therein are released from certain lock-up restrictions and (e) all outstanding options and other equity awards will fully vest.

The employment agreement also contains a “gross-up” provision pursuant to Section 280G of the Code. In the event any severance benefits provided to Mr. Becker subject him to the excise tax imposed under the Code, the Company shall pay Mr. Becker the amount necessary to make up for the excise tax paid.

For such purposes, “Cause” means one of the following: (a) a material breach by executive of the terms of this Agreement, not cured within thirty (30) days from receipt of notice from the Board of such breach, (b) conviction of, or plea of guilty or no contest to, a felony; (c) willful misconduct or gross negligence in connection with the performance of executive’s duties; or (d) willfully engaging in conduct that constitutes fraud, gross negligence or gross misconduct that results in material harm to the Company. For purposes of this definition, no act, or failure to act, on executive’s part shall be considered “willful” unless done, or omitted to be done, by executive in knowing bad faith and without reasonable belief that his action or omission was in, or not opposed to, the best interests of the Company. Notwithstanding the foregoing, executive shall not be deemed to have been terminated for Cause unless and until there shall have been delivered to executive a copy of a resolution duly adopted by the affirmative vote of not less than three-quarters of the entire membership of the Board at a meeting of the Board called and held for the purpose (after reasonable notice to executive and an opportunity for executive, together with his counsel, to be heard before the Board), finding that in the good faith opinion of the Board executive was guilty of the conduct set forth above in (a), (b), (c) or (d) of this definition and specifying the particulars thereof in detail.

For such purposes, “Good Reason” means any of the following if the same occurs without executive’s express written consent: (a) a material diminution in executive’s base salary as described in the employment agreement; (b) a material diminution in executive’s authority, duties, or responsibilities; (c) a material diminution in the authority, duties, or responsibilities of the person to whom executive is required to report; (d) a material change in the geographic location at which executive must perform the services (for this purpose, any relocation of more than 50 miles shall be deemed a material change); (e) any material reduction or other adverse change in executive’s benefits under any applicable and properly approved compensation plan or arrangement without the substitution of comparable benefits; or (f) any other action or inaction that constitutes a material breach by the Company under the employment agreement. To terminate for Good Reason, executive must incur a termination of employment on or before the second (2nd) anniversary of the initial existence of the condition.

Employment Agreement for Mr. Peters

On October 24, 2008, the Company entered into an amended and restated employment agreement with Mr. Peters. See “Employment Arrangements” above for additional information. If Mr. Peters is terminated without Cause or for Good Reason, Mr. Peters will receive six month’s base salary plus the greater of (i) one-half of the maximum bonus for that year or (ii) one-half of the average bonus paid in the prior two years and all outstanding equity awards shall fully vest. The definitions for “Cause” and “Good Reason” are the same as described above for Mr. Becker, except that Good Reason does not include subsection (f) in the definition above and Cause does not include the requirement of an affirmative vote of the Board.

Table of Contents

The employment agreement also contains a “gross-up” provision pursuant to Section 280G of the Code. In the event any severance benefits provided to Mr. Peters subject him to the excise tax imposed under the Code, the Company shall pay Mr. Peters the amount necessary to make up for the excise tax paid.

Employment Agreement for Mr. Orgas

The Company entered into an employment agreement with Mr. Orgas. See “Employment Arrangements” above for additional information. Upon termination without Cause or for Good Reason, he will receive an amount equal to six months base salary and all outstanding equity awards shall fully vest. The definitions for “Cause” and “Good Reason” are the same as described above for Mr. Peters.

Letters to Mr. Bleyl and Mr. Gillis

On October 15, 2008, the Company provided employment offer letters to Mr. Bleyl and Mr. Gillis described above under “Employment Arrangements.” While Mr. Bleyl and Mr. Gills are at-will employees, upon termination without Cause or a Change in Control followed by a termination within six months thereafter, they are entitled to six month’s base salary and three months of continued health coverage paid by the Company, provided both amounts will terminate if the respective executive officer commences full-time employment elsewhere in such period.

For such purposes, “Cause” means a determination by the Company that employment be terminated for any of the following reasons: (a) failure or refusal to comply in any material respect with lawful policies, standards or regulations of Company; (b) a violation of a federal or state law or regulation applicable to the business of the Company; (c) conviction or plea of no contest to a felony under the laws of the United States or any State; (d) fraud or misappropriation of property belonging to the Company or its affiliates; (e) a breach in any material respect of the terms of any confidentiality, invention assignment or proprietary information agreement with the Company or with a former employer, (f) executive’s failure to satisfactorily perform your duties after having received written notice of such failure and at least thirty (30) days to cure such failure, or (g) executive’s misconduct or gross negligence in connection with the performance of your duties.

“Change of Control” is defined as (i) merger, reorganization, consolidation or other acquisition (or series of related transactions of such nature) pursuant to which more than fifty percent (50%) of the voting power of all equity of the Company would be transferred by the holders of the Company’s outstanding shares (excluding a reincorporation to effect a change in domicile); (ii) a sale of all or substantially all of the assets of the Company; or (iii) any other transaction or series of transactions, in which the Company’s shareholders immediately prior to such transaction or transactions own immediately after such transaction less than 50% of the voting equity securities of the surviving corporation or its parent.

Equity Acceleration

2007 Equity Incentive Plan. Awards outstanding under the 2007 Equity Incentive Plan will fully vest upon a Change in Control unless (a) assumed by the successor corporation; (b) replaced with a cash retention program providing the same value or (c) otherwise limited by the Plan Administrator. A Change in Control shall be deemed to have occurred if in a single transaction or series of related transactions:

- (a) any person (as such term is used in Section 13(d) and 14(d) of the Exchange Act, or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a “beneficial owner” (as defined in Rule 13-3 under the 1934 Act), directly or indirectly of securities of the Company representing 51% or more of the combined voting power of the Company;
- (b) there is a merger, consolidation, or other business combination transaction of the Corporation with or into another corporation, entity or person, other than a transaction in which the holders of at least a

majority of the shares of voting capital stock of the Company outstanding immediately prior to such transaction continue to hold (either by such shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the Company (or surviving entity) outstanding immediately after such transaction; or

- (c) all or substantially all of the Company's assets are sold.

2009 Equity Incentive Plan. Awards outstanding under the 2009 Equity Incentive Plan will fully vest upon a Change in Control (a) if not fully converted and assumed, (b) if the awards are converted and assumed, after a Qualifying Termination, or (c) by the Participant for "Good Reason," if "Good Reason" is defined in the applicable Award Agreement or employment agreement. Qualifying Termination is defined as a termination of employment within twenty-four months following a Change in Control or by the Company other than for Cause, gross negligence, or deliberate misconduct which demonstrably harms the Company. A Change in Control shall be deemed to have occurred if in a single transaction or series of related transactions:

- (a) any person (as such term is used in Section 13(d) and 149d) of the Exchange Act), or persons acting as a group, other than a trustee or fiduciary holding securities under an employment benefit program, is or becomes a "beneficial owner" (as defined in Rule 13-3 under the Exchange Act), directly or indirectly of securities of the Company representing 51% or more of the combined voting power of the Company;
- (b) there is a merger, consolidation, or other business combination transaction of the Company with or into another corporation, entity or person, other than a transaction in which the holders of at least a majority of the shares of voting capital stock of the Company outstanding immediately prior to such transaction continue to hold (either by shares remaining outstanding or by their being converted into shares of voting capital stock of the surviving entity) a majority of the total voting power represented by the shares of voting capital stock of the Company (or surviving entity) outstanding immediately after such transaction;
- (c) during any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board together with any new Director(s) (other than a Director designated by a person who shall have entered into an agreement with Company to effect a transaction described in (a) or (b) above) whose election by the Board or nomination for election by Company's shareholders was approved by a vote of at least two thirds of the Directors then still in office who either were directors at the beginning of the two year period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof; or
- (d) all or substantially all of the Company's assets are sold.

The option award agreement also provides that if an executive is terminated without Cause, the option will be deemed to have vested through the next annual anniversary of the grant date.

The following tables provide information on potential benefits that could be received by Named Executive Officers upon a termination or Change in Control. The tables assume termination as of the close of business on December 31, 2009. The closing price for the Company's Common Stock on the last trading day of 2009 was \$14.87. Post-termination health care represents the approximate value of such benefits.

Upon a Change in Control of the Company the executive may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. As discussed above, the Company has agreed to reimburse Mr. Becker and Mr. Peters for all excise taxes that are imposed on the executive under Section 280G and any income and excise taxes that are payable by the executive as a result of any reimbursements for Section 280G

Compensation Committee Interlocks and Insider Participation

No members of the Compensation Committee have ever served as officers or employees of the Company, and no officers or other employees have ever served on the Company's Compensation Committee. During 2009, no executive officers of the Company served: (i) on a compensation committee of another entity which had an executive officer serving on the Compensation Committee; (ii) as a director of another entity which had an executive officer serving on the Compensation Committee; or (iii) as a member of a compensation committee of another entity which had an executive officer who served as a Director of the Company.

Compensation Risk Assessment

With the help of its compensation consultant, in 2009 the Compensation Committee reviewed the Company's executive compensation policies and practices, and determined that the Company's executive compensation programs are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee also reviewed the Company's compensation programs for certain design features which have been identified by experts as having the potential to encourage excessive risk-taking, including: (i) too much focus on equity; (ii) compensation mix overly weighted toward annual incentives; (iii) uncapped payouts; (iv) unreasonable goals or thresholds; or (v) steep payout cliffs at certain performance levels that may encourage short-term decisions to meet payout thresholds.

Moreover, the Compensation Committee determined that, for all employees, the Company's non-executive compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation, as these programs are fully discretionary after performance for the relevant period has been achieved, recommended by senior management to the Compensation Committee and reviewed at such time to support the Company's goals and objectives.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures Regarding Related Party Transactions

The Board has adopted a written policy governing related party transactions. The Related Party Policy requires the Audit Committee to review each Related Party Transaction (defined below) and determine whether it will approve or ratify such transaction.

For purposes of the Related Party Policy, a “Related Party Transaction” is any transaction, arrangement or relationships with a Related Party (defined below) where the aggregate amount involved is expected to exceed \$120,000 in any calendar year. “Related Party” includes (a) any person who is or was (at any time during the last year) an executive officer, Director or nominee for election as a Director; (b) any person or group who is a beneficial owner of more than 5% of the Company’s voting securities; (c) any immediate family member of a person described in provisions (a) or (b) of this sentence; or (d) any entity in which any of the foregoing persons is employed, is a partner or has a greater than 10% beneficial ownership interest. Certain smaller specified transactions are deemed preapproved by the Audit Committee.

In determining whether a Related Party Transaction will be approved or ratified, the Audit Committee may consider factors such as (a) the extent of the Related Party’s interest in the transaction; (b) the availability of other sources of comparable products or services; (c) whether the terms are competitive with terms generally available in similar transactions with persons that are not Related Parties; (d) the benefit to the Company; and (e) the aggregate value of the transaction.

INDEPENDENT PUBLIC ACCOUNTANTS

Change in Accountants

On June 2, 2009, the Company dismissed L.L. Bradford & Company, LLC (“L.L. Bradford”) as its independent registered public accounting firm effective upon the filing of the Company’s Form 10-Q for the second quarter ending June 30, 2009. The Company’s Audit Committee participated in and approved the decision to change independent accountants. The Company notified L.L. Bradford of this decision on June 2, 2009.

The reports of L.L. Bradford on the consolidated financial statements for the past two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with its audits for the two most recent fiscal years and through the interim period through June 2, 2009, there have been no disagreements with L.L. Bradford on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of L.L. Bradford would have caused them to make reference thereto in their reports on the consolidated financial statements for such years.

During the two most recent fiscal years and through June 2, 2009, there have been no reportable events (as defined in Regulation S-K Item 304(a)(1)(v)).

The Company requested that L.L. Bradford furnish it with a letter addressed to the SEC stating whether or not it agrees with the above statements. A copy of that letter was filed as Exhibit 16.1 to the Company’s Form 8-K filed on June 5, 2009.

On June 2, 2009, the Company’s Audit Committee selected KPMG LLP (“KPMG”) as independent registered public accountants of the Company for the fiscal year ended December 31, 2009. During Green Plains’ two most recent fiscal years and in the subsequent period through June 2, 2009, neither Green Plains, nor anyone acting on its behalf, consulted with KPMG regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on Green Plains’ financial statements, and no written report nor oral advice was provided by KPMG, or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Availability of Accountants

Representatives from KPMG are expected to be present at the Annual Meeting, and they will have the opportunity to make a statement if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

Fees

For the nine-month transition period ended December 31, 2008 (the “2008 transition period”) and through the filing of the Company’s Form 10-Q for the second quarter ended June 30, 2009, the Company retained L.L.

Bradford as its independent auditor. For the year ended December 31, 2009, KPMG was the Company's independent auditor. The following table sets forth aggregate fees billed to the Company for professional services rendered by KPMG for the year ended December 31, 2009 and by L.L. Bradford for the 2008 transition period.

	2009	2008 (1)
Audit Fees	\$392,321	\$213,895
Audit-Related Fees	-	22,900
Tax Fees	-	-
All Other Fees	-	-
Total	<u>\$392,321</u>	<u>\$236,795</u>

(1) 2008 amounts include costs incurred during 2009 related to updating the December 31, 2008 opinion included in the Company's report on Form 10-K, as amended, for the year ended December 31, 2009.

Audit Fees. Audit fees billed by L.L. Bradford and KPMG were for professional services rendered for the annual audit of the Company's consolidated financial statements, quarterly review of the Company's consolidated financial statements, and other fees that are normally provided by the independent auditor in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. Audit-related fees billed by L.L. Bradford were for professional services rendered for assurance and related services that were reasonably related to the performance of the audit or review of the Company's consolidated financial statements, other than those previously reported under "Audit Fees." Audit-related fees for the 2008 transition period related to professional services performed in connection with the Company's regulatory filings on Forms S-8 and S-4.

Tax Fees. The Company did not utilize L.L. Bradford or KPMG for tax services related to the Company's 2008 transition period or in 2009.

All Other Fees. There were no other fees billed by L.L. Bradford or KPMG related to the Company's 2008 transition period or in 2009.

Pre-Approval of Audit and Non-Audit Services

The Company has adopted policies and procedures for pre-approval of all audit and non-audit services to be provided to the Company by its independent auditor. It is the Company's policy that the Audit Committee pre-approve all audit, tax and other non-audit services. A proposal for audit or non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-audit services and an explanation as to why the provision of such services would not impair the independence of the independent auditor are also required.

All of the services provided by KPMG during 2009, and by L.L. Bradford during the 2008 transition period and during the first and second quarters of 2009, were approved in advance by the Company's Audit Committee. The Audit Committee has considered whether the provision of the services performed by the Company's principal accountant is compatible with maintaining the principal accountant's independence.

AUDIT COMMITTEE REPORT

The Company has an Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Board has designated Mr. James Crowley as its audit committee financial expert as defined in Rule 407(d)(5) of Regulation S-K. Mr. Crowley also serves as the Audit Committee Chairman.

Table of Contents

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's internal control over financial reporting and an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue reports thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed and discussed with management the Company's audited consolidated financial statements for the year ended December 31, 2009, which has primary responsibility for the financial statements. KPMG, the Company's independent auditor for the year ended December 31, 2009, is responsible for expressing an opinion as to whether the Company's audited consolidated financial statements are presented fairly in all material respects in conformity with generally accepted accounting principles. The Audit Committee met with KPMG and Company management to discuss the Company's financial reports. The Audit Committee discussed with KPMG the matters required to be discussed by Statement of Auditing Standard No. 114 (Communication with Audit Committees), as may be modified or supplemented. Additionally, the Audit Committee received the written disclosures and the letter from KPMG required to be delivered to them under the applicable requirements of the Public Company Oversight Board regarding communications concerning independence, and the Audit Committee considered whether KPMG maintained its independence during the year ended December 31, 2009. Based on these discussions, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's report on Form 10-K, as amended, for the year ended on December 31, 2009.

Respectfully submitted,

James Crowley, Chairman
