VOTING INFORMATION

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will consider and vote on the following matters:

- To fix the Board of Directors at four (4) members;
- To elect four (4) members to the Board of Directors to serve until our annual meeting of shareholders in 2010 and until their successors are elected and qualified;
- To ratify the Audit Committee's appointment of BDO Seidman, LLP, as our independent registered public accounting firm for the year ending December 31, 2009;
- To approve proposed amendments to the 2006 Long-Term Stock Incentive Plan; and
- To transact any such other business as may properly be brought before the Annual Meeting or any adjournment or postponement thereof.

In addition, our executive management will report on our business and financial performance during fiscal year 2008 and respond to your questions.

Who can vote?

To be able to vote, you must have been a shareholder of record at the close of business on April 15, 2009 (the "Record Date"). Shareholders of record on the Record Date are entitled to vote on each proposal at the Annual Meeting. As of the Record Date, there were 211,332,963 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Annual Meeting.

How many votes do I have?

Each of our common shares that you own on the Record Date entitles you to one vote on each matter that is properly brought before the Annual Meeting.

Is my vote important?

Your vote is important regardless of how many common shares you own. Please take the time to vote. Please read the instructions below, choose the way to vote that is easiest and most convenient for you and cast your vote as soon as possible.

What constitutes a quorum and voting?

A quorum of shareholders is necessary for a valid Annual Meeting. The required quorum for the transaction of business at the Annual Meeting is the presence of a holder or holders of not less than 5% of the total outstanding common shares entitled to vote at the Annual Meeting, either present in person or represented by proxy. Abstentions and proxies returned by brokerage firms for which no voting instructions have been received from their principals will be counted for the purpose of determining the presence of a quorum.

If a quorum is present at the Annual Meeting, the affirmative vote of a majority of the votes cast in person or by proxy is required to fix the Board at four members. With respect to the election of the Board of Directors, if a quorum is present, the four director nominees who receive the greatest number of votes cast by the holders of common shares present in person or by proxy and entitled to vote shall be elected as directors. If a quorum is present, the affirmative vote of a majority of the votes cast in person or by proxy is required to ratify the appointment of BDO Seidman, LLP, as our independent registered public accountants for 2009. If a quorum is present, to approve the amendments to our 2006 Long-Term Stock Incentive Plan, the affirmative vote of a majority of the votes cast in person or by proxy is required, excluding the votes of Common Shares held by the insiders of the Company or their associates to whom this resolution will effect.

Table of Contents

Abstentions and broker non-votes will have no effect on the outcome of the election of directors, assuming a quorum is present or represented by proxy at the Annual Meeting. With respect to all other matters, abstentions and broker non-votes are not considered to be votes cast and therefore will have no effect on such matters. A broker non-vote occurs if a broker or other nominee of shares does not have discretionary authority and has not received voting instructions with respect to a particular matter.

How do I vote my shares?

If you own your common shares as of the Record Date, you may vote by submitting your proxy by mail or in person at the Annual Meeting.

To Vote by Mail. You may vote by completing and signing the proxy card that accompanies this Proxy Statement and promptly mailing it in the enclosed envelope. The common shares you own will be voted according to the instructions on the proxy card that you provide. If you return the proxy card but do not give any instructions on a particular matter described in this Proxy Statement, the common shares you own will be voted in accordance with the recommendations of the Board of Directors. In order to be valid and acted upon at the Annual Meeting, your proxy card must be received by our registrar and transfer agent, American Stock Transfer & Trust Company, Attention: Proxy Department, 6201 15th Avenue, Brooklyn, New York 11219, at least 24 hours before the time of the Annual Meeting or any adjournment thereof, excluding weekends and holidays.

To Vote in Person. If you attend the Annual Meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the Annual Meeting. Attending the Annual Meeting without completing a ballot will not count as a vote. Submitting a proxy will not prevent a shareholder from attending the Annual Meeting and voting in person.

Can I change my vote after I have mailed my proxy card?

Yes. You can change your vote and revoke your proxy at any time before the polls close at the Annual Meeting by doing any one of the following things:

- Giving written notice to that effect to our secretary at the registered office of the Company at any time up to and including the last business day preceding the day of the Annual Meeting;
- Giving written notice to that effect to the chairperson of the Annual Meeting on the day of the Annual Meeting;
- Executing and submitting a proxy with new voting instructions; and
- Voting in person at the Annual Meeting.

Your attendance at the Annual Meeting alone will not revoke your proxy.

Can I vote if my shares are held in “street name”?

If your common shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the common shares held in “street name”. As the beneficial owner, you have the right to direct your broker or nominee how to vote your common shares and are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtained a signed proxy from the record holder giving you the right to vote the shares. In order to vote your common shares, you will need to follow the directions your bank or brokerage firm provides you.

Table of Contents

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote:

- “FOR” fixing the Board of Directors at four (4) members;
- “FOR” the election of four (4) members to the Board of Directors to serve until our Annual Meeting of shareholders in 2010 and until their successors are elected and qualified;

- “FOR” the approval of the proposed amendments to the 2006 Long-Term Stock Incentive Plan.

Will any other business be conducted at the Annual Meeting or will other matters be voted on?

The Board of Directors does not know of any other matters that may come before the Annual Meeting. If any other matter properly comes before the Annual Meeting, the persons named in the proxy card that accompanies this Proxy Statement, whether you submit your proxy in person or by mail, will exercise their judgment in deciding how to vote, or otherwise act, at the Annual Meeting with respect to that matter or proposal.

May I propose actions for consideration at next year’s Annual Meeting or nominate individuals to serve as directors?

You may submit proposals for consideration at future annual meetings. Please read “Shareholder Proposals and Nominations” for information regarding the submission of shareholder proposals at next year’s annual meeting.

Where can I find the voting results?

We will report the voting results in our quarterly report on Form 10-Q for the second quarter of 2009, which we expect to file with the SEC in August 2009.

Who bears the costs of soliciting these proxies?

We will bear the costs of the solicitation of proxies. Our directors, officers and regular employees may solicit proxies by telephone, email and personal interviews without additional remuneration. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of our common shares that they hold in their names. We will reimburse banks and brokers for their reasonable out-of-pocket expenses incurred in connection with the distribution of our proxy materials.

INFORMATION ABOUT OUR COMMITTEES

Each of the following Committees of the Board of Directors have Terms of Reference approved by the Board of Directors, which provide descriptions of the role of the Chairman of such Committee and the roles and responsibilities of the Committee as a whole. The Terms of Reference function as a charter for the respective Committees and each is available on our Internet website at www.gastar.com.

Nomination Committee

In March 2006, the Board of Directors established a Nomination Committee. The role of the Nomination Committee is to assist the Board of Directors in ensuring that the Board of Directors is comprised of individuals who are best able to discharge the responsibilities of directors, having an understanding of our industry, stage of growth, the law and the highest standards of governance. The tasks and responsibilities of the Nomination Committee are defined in its Terms of Reference, which was approved by the Board of Directors. The Nomination Committee currently is comprised of Mr. Selser (Chairman) and Messrs. Badwi and Penner.

The Board of Directors does not currently have a policy relating to consideration of director nominees by our shareholders. The Board may consider such a policy in the future. At present, the Board believes that the Nomination Committee is in the best position to identify and evaluate director candidates. New candidates are identified by the Nomination Committee, whose responsibility is to develop, and annually update and recommend to the Board for approval, a long-term plan for the composition of the Board of Directors that takes into consideration the following: (a) the independence of each director; (b) the competencies and skills the Board of Directors, as a whole, should possess; (c) the current strengths, skills and experience represented by each director, as well as each director's personality and other qualities as they affect dynamics of the Board of Directors; and (d) our strategic direction. From time to time, the Nomination Committee has used a third party to assist it in identifying and evaluating potential director candidates.

Remuneration Committee

During the year ended December 31, 2008, the Compensation Committee of the Board of Directors, which we refer to as the Remuneration Committee, was comprised of Mr. Badwi (Chairman) and Messrs. Crow and Selser. Mr. Crow resigned from the Board of Directors effective January 1, 2008. Currently, our Remuneration Committee is comprised of Mr. Badwi (Chairman) and Messrs. Penner and Selser. None of our named executive officers serves as a member of the Board of Directors or Compensation Committee (or committee performing similar functions) of any other entity, one or more of whose executive officers serve on our Board of Directors or Remuneration Committee.

The aim of the Remuneration Committee is to award and compensate our officers and employees in a manner which provides incentives for the enhancement of shareholder value, for the successful implementation of our business plan and for continuous improvement in corporate and personal performance. The compensation program is based on a pay-for-performance philosophy and consists of three components: base salary, annual incentive (bonus) paid in cash and long-term equity based incentives.

The Remuneration Committee reviews and recommends the compensation philosophy and guidelines for us which include reviewing the compensation philosophy and guidelines for employees, including recommendation to the Board of Directors for its consideration and approval related to annual salary, incentive policies and programs, material new benefit programs and material changes to existing benefit programs.

The Remuneration Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each executive officer. It then submits to the Board recommendations with respect to the base salary, bonus and participation in long-term incentive compensation arrangements for each executive officer. In conducting its review, the Remuneration Committee was satisfied that all recommendations complied with the Remuneration Committee's philosophy and guidelines. Additionally, in 2008, the Remuneration Committee, at the request of the Board of Directors, retained an independent consulting firm to prepare a summary regarding current executive compensation environment practices in today's market. For more information on the role of the Remuneration Committee and the independent consulting firm, see "Executive Compensation" below.

- Reviewing our reserve data with management and the independent qualified reserve evaluator.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information regarding the compensation paid to our Chief Executive Officer (“CEO”), Chief Financial Officer (“CFO”) and Chief Operating Officer (“COO”). These individuals, referred to as “named executive officers,” are identified below:

- J. Russell Porter, Chairman, President and CEO;
- Michael A. Gerlich, Vice President and CFO; and
- Jeffrey C. Pettit, former Vice President and COO.

Mr. Pettit resigned as Vice President and COO on November 10, 2008 but is included in this section because he was one of our highly compensated executive officers other than our CEO and CFO during fiscal year 2008.

Compensation Philosophy and Objectives

Our executive compensation program is designed to provide compensation at a level necessary to retain talented and experienced executives and to motivate them to achieve both short-term and long-term corporate goals that enhance shareholder value. Consistent with this philosophy, following are the key objectives of our compensation programs.

Attract, Motivate and Retain Key Employees . Our executive compensation program is shaped by the competitive market for management talent in the independent natural gas and oil exploration and production industry. We believe our executive compensation should be comparable to that of the companies with which we compete for talent. Our goal is to provide compensation and benefits at levels that attract, motivate and retain superior executive talent for the long-term.

Shareholder Alignment . One of the objectives of our executive compensation program is to ensure that an appropriate relationship exists between executive pay, our financial performance and the creation of shareholder value. We believe that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and shareholder interests. Our compensation program aligns pay to performance by making a substantial portion of total executive compensation variable, or “at-risk,” through an annual bonus program based on Company performance goals and the granting of long-term incentive equity awards, which have included stock options and restricted stock. As performance goals are met, not met or exceeded, executives are rewarded commensurately.

Determination of Executive Compensation

Role of the Remuneration Committee. Executive compensation is the responsibility of the Remuneration Committee (the “Committee”). The Committee operates under a written charter, or “Terms of Reference,” adopted by the Board of Directors. Abby F. Badwi, Robert D. Penner and John M. Selser Sr. are members of the Board of Directors and the current members of the Committee. Mr. Badwi is the current Committee Chairman. Each member of the Committee qualifies as an independent director under the NYSE Alternext US LLC listing standards and under the Exchange Act. A copy of the Committee’s Terms of Reference is available to shareholders on our website at www.gastar.com.

The role of the Committee is to award and compensate our officers and employees in a manner that provides incentives for the enhancement of shareholder value, for the successful implementation of our business plan and for continuous improvement in corporate and personal performance. The compensation program is based on a pay-for-performance philosophy and consists of three components: base salary, annual incentive bonus and long-term equity-based incentive compensation.

Table of Contents

Annually, the Committee reviews and recommends the compensation philosophy for executive management and makes a recommendation to the Board for its consideration and approval.

During 2008, the Committee reviewed the cash compensation, performance and overall compensation package for each named executive officer. It then submitted to the Board recommendations with respect to the salary, bonus and participation in share compensation arrangements for each named executive officer. In conducting its review of management's recommendations, the Committee was satisfied that all recommendations complied with the Committee's philosophy and guidelines.

Interaction between the Remuneration Committee and Management. Our CEO plays an important role in the executive compensation process and is closely involved in assessing the performance of our other named executive officers and making recommendations to the Committee regarding base salary, bonus targets, performance goals established for the annual incentive plan, and weighting and equity compensation for these executive officers. His recommendations are based on an assessment of the named executive officers' responsibilities and performance, our performance and the compensation that companies in our peer group pay to employees in comparable positions. Our CFO also plays an important role in our executive compensation process. He makes recommendations to the Committee regarding the structure of the annual cash bonus awards program and the size of such awards. These recommendations are drawn from his previous work experience and informal discussions with CFOs at other similarly-sized natural gas and oil companies regarding their cash bonus programs.

Role of Consultant and Market Analysis. During 2008, the Committee engaged Longnecker & Associates ("L&A"), an independent, Texas-based consulting firm, experienced in executive compensation, with access to national compensation surveys. For the purposes of its report, L&A's engagement objectives included:

- Review total direct compensation (base salary, annual incentives and long-term incentives) for the named executive officers;
- Assess the competitiveness of executive compensation as compared to our peer group and published survey companies in the natural gas and oil industry with capital assets and revenues comparable to our capital assets and revenue; and
- Provide conclusions and recommendations for current total direct compensation packages for our named executive officers and directors.

For fiscal year 2008, L&A provided us with competitive data from a peer group of companies in the oil and natural gas industries, with market capitalization and revenues similar to our own. Companies reviewed by L&A included:

Abraxas Petroleum Corporation
Approach Resources, Inc.
Bankers Petroleum
Brigham Exploration Company
Canadian Superior Energy, Inc.
Edge Petroleum Corporation
Falcon Oil & Gas Ltd.
Gasco Energy, Inc.
GeoMet, Inc.
TXCO Resources, Inc.
Warren Resources, Inc.

Table of Contents

L&A also provided us with market compensation data from published survey sources utilizing companies that operate in the oil and natural gas industries. Specific surveys included:

- Economic Research Institute, *2008 ERI Executive Compensation Assessor* ;
- Watson Wyatt, *2007/2008 Top Management Compensation – Compensation Calculator* ;
- William Mercer, *2008 US Energy Compensation Survey* ; and
- Effective Compensation Solutions, Inc., *2007 Oil/Gas E&P Compensation Survey* .

Based upon comparative pay information of our peer group and the published survey data referred to above, L&A and the Committee determined that the named executive officers' (a) 2008 base salaries were slightly above the market 75th percentile, (b) 2008 total cash compensation (base salary, plus the annual cash incentive award) approximated the market 50th percentile, (c) 2008 long-term equity awards were significantly below the market 50th percentile, and (d) 2008 total direct compensation (total cash compensation, plus equity incentive awards) was slightly below the market 50th percentile. Based upon these findings, the Committee believes that the individual pay components and total direct compensation levels of the named executive officers in 2008 was fair, reasonable and aligned with competitive pay practices of the Company's peer group and the published survey data.

Though we review information regarding the compensation practices of our peer group of companies and the survey data just discussed, individual compensation decisions for our named executive officers are subject to upward or downward adjustment, based on the recommendations of our CEO and a number of factors related to both corporate and individual performance. We use the data regarding the pay practices of companies in our peer group as a reference point and as a guide to competitiveness and reasonableness, but we do not adhere to rigid targets based upon the compensation components of employees at companies within that group. Our objective is to maintain total direct compensation, consisting of base salary, performance-based cash compensation and equity awards, in proximity to a median range of our peer group. However, the Committee has the discretion to adjust an award upward to account for individual achievement in the last fiscal year, the requirements of a particular position, and market competitiveness for a particular individual's skills and services, among other factors.

Compensation for our Named Executive Officers and Rationale

Base Salary. Base salary represents the fixed element of the named executive officers' cash compensation. The base salary reflects results of individual negotiations, economic consideration for each individual's level of responsibility, expertise, skills, knowledge, experience and performance and reasonable comparability of similar executive base salaries for executives employed by our peer group companies. Each of our named executive officer's initial annual salary was set in his respective employment agreement but may be adjusted upward or downward at the discretion of the Committee at the anniversary date of each officer's employment.

Mr. Porter's base salary amount of \$450,000, which was set in his employment agreement dated February 24, 2005, was not changed in 2008. Mr. Gerlich's base salary originally was set at \$275,000 in his employment agreement, dated May 17, 2005. The Committee increased Mr. Gerlich's base salary to \$300,000, effective as of April 1, 2008, in recognition of his continued high level of performance. Each of Messrs. Porter's and Gerlich's 2008 base salaries slightly exceeded the 75th percentile of peer group companies. The Committee believes that the higher salary level is appropriate considering the multiple roles that both executives perform their positions. Mr. Pettit's base salary was set at \$285,000 in August 2007 when he commenced employment with us. No adjustment was made to his base salary in 2008.

Because 2008 base salary amounts exceed the 75th percentile, the Committee has elected not to increase 2009 base salaries for our executive officers.

Table of Contents

Annual Cash Incentive Awards. Our cash incentive awards reflect our philosophy to reward performance. These awards provide our named executive officers with an opportunity to earn an annual cash bonus based on pre-established operational and financial performance targets and an evaluation of individual performance. At the beginning of 2008, the Committee approved a \$900,000 total Company target cash bonus pool, which was based on the sum of each employee's "target bonus" opportunity expressed as a percentage of the employee's base salary. The targeted bonus percentages of our CEO, CFO and COO were 50%, 35% and 25%, respectively. When combined with base salaries, those amounts approximated the 50th percentile range of total cash compensation (base salary plus annual incentive awards) for similar executives with other peer group companies. The bonus pool is accrued throughout the year and bonuses are paid out the year following the performance period. The bonus pool is capped at the lesser of twice the target cash bonus pool total or 10% of earnings before interest, taxes and depreciation and amortization.

At the beginning of the year and as part of our budgeting process, specific operational and financial target criteria are established by the Committee. In developing the appropriate target criteria and their respective weightings, the Committee analyzes the relative importance of each of the target criteria to our business strategy for the upcoming fiscal year. Each criterion is given a certain weighting, with a majority of the 2008 weighting allocated to operational factors. During the year, operational and financial performance is measured against the criteria. Judgments that the criteria are being met or not being met may lead to an increase in the pool and an adjustment in the bonus accrual. Criteria and weightings used in 2008 were as follows:

Goal	Threshold	Target	Maximum	Actual	Weighting
Target average annual production (MMcfd)	22.7	25.9	27.2	23.3	20%
Target proved reserve additions (Bcf)	9.5	10.5	11.6	17.4	10%
Texas average finding costs (\$/Mcfe)	\$ 3.15	\$3.00	\$ 2.91	\$3.01	25%
Texas average controllable lifting costs (\$/Mcfe)	\$ 0.57	\$0.54	\$ 0.50	\$0.53	10%
Average cash G & A expense (\$/Mcfe)	\$ 1.11	\$1.03	\$ 1.01	\$1.30	5%
Operating cash flow (\$ in millions)	\$ 12.6	\$15.7	\$ 17.3	\$20.0	30%

If threshold targets are not met with respect to a criterion, then the portion of the bonus allocable to that criterion is not paid. At the end of the year, an approved bonus pool is calculated based on the bonus pool criteria accomplishments. The amount of the calculated bonus pool is subject to adjustment and final approval by the Committee. In 2008, based on a weighted average of actual results compared to targets, we exceeded the overall bonus pool target by 35%.

Mr. Porter's annual target cash bonus is 50% of his annual base compensation. Based on our achievement of 35% over target goals, Mr. Porter was entitled to receive 35% more than his 50% target opportunity or a total of 68% of his base salary.

Mr. Gerlich's annual target cash bonus is 35% of his annual base compensation. Based on our achievement of 35% over target goals, Mr. Gerlich was entitled to receive 35% more than his 35% target opportunity or a total of 47% of his base salary.

The Committee elected to increase the amount of the payout for Messrs. Porter and Gerlich to 77% and 52% of their base salaries, respectively. The Committee believed the increase over the target bonus percentage was warranted due to the successful efforts of Messrs. Porter and Gerlich in directing the continued development of the company's assets, accessing the capital markets and negotiating an acceptable settlement of the GeoStar litigation. The Committee determined that these efforts warranted an increase in 2008 cash bonuses for Messrs. Porter and Gerlich of approximately 9% and 7%, respectively. Messrs. Porter and Gerlich received their 2008 bonus in restricted common shares, the number of which was determined by multiplying the dollar value of the award by the closing price of \$0.52 per common share on the day prior to the grant. Accordingly, Messrs. Porter and Gerlich received 663,462 and 301,923 common shares, respectively. The common shares vested immediately upon grant.

Table of Contents

Mr. Pettit did not receive an annual bonus award for fiscal 2008 as a result of his resignation on November 11, 2008.

Long Term Stock-based Compensation. We believe that equity compensation is the most effective means of linking compensation provided to our named executive officers with long-term operational success and increases in shareholder value. The Board has discretionary authority to determine granting and vesting periods of stock option and restricted common share grants. We use stock-based compensation as a long-term vehicle for compensation because we believe:

- Stock-based compensation aligns the interests of our named executive officers with those of the shareholders by providing equity participation to our named executive officers; and
- The vesting period incorporated into stock-based compensation fosters a longer-term perspective necessary for executive retention, stability and continuity.

Historically, we have used stock options as the equity compensation vehicle. In mid-2007, we began using grants of restricted common shares to employees as long-term compensation rather than stock options. This change occurred in response to the Committee's judgment that to retain and attract qualified employees we needed a more definable deferred monetary incentive than was being provided by stock option grants. Currently, restricted common shares are granted to new hires at the time of employment and to all others, including our named executive officers, in the first half of the year, as determined by the Committee. The Committee adheres to the company policy of only granting stock-based compensation grants during open trading windows. The 2008 grants of restricted common shares vest in one-third increments on the second, third and fourth anniversaries of the grant. This vesting schedule was based on the CEO's belief that a vesting schedule that delayed the initial vesting of shares until the second anniversary of the grant provides more incentive for retention of employees than might be provided by a shorter initial vesting period.

In May 2008, Messrs. Porter and Gerlich received a restricted common share grant of 225,000 shares and 150,000 shares, respectively. The restricted common shares granted to Messrs. Porter and Gerlich were part of a larger annual grant of restricted common shares to employees designed to retain employees and provide additional employee incentives. The Committee determined the size of the award by granting a number of shares that when multiplied by the closing price of \$1.91 per common share on the day prior to the grant would result in an amount approximately equal to each named executive officer's annual base salary.

Generally, Mr. Porter's and Mr. Gerlich's long term stock-based compensation awards have placed materially below the 50th percentile of our peer group companies' long term stock-based compensation, which target base pay percentages of 180% and 160%, respectively, for similar executives.

All Other Compensation. The named executive officers are eligible to participate on a non-discriminatory basis in the same comprehensive benefits as are offered to all full-time employees. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees. Additionally, Mr. Porter's employment agreement provides that we will pay or reimburse him up to \$25,000 for his membership dues in clubs and/or organizations as are reasonable and customary for a senior executive officer and will reimburse him for the cost of a yearly executive physical examination and all required or recommended medical testing in connection with that yearly examination. During 2008, we paid or reimbursed Mr. Porter a total of \$36,576. See Note 3 to "Summary Compensation Table" for details of payment of perquisites to Mr. Porter in 2008. Messrs. Gerlich and Pettit received no payments in the form of other compensation. The Committee reviews all perquisites and personal benefits available to the named executive officers at least annually.

Tax Deductions for Compensation

In conducting our executive compensation programs, the Committee considers the effects of Section 162(m) of the Internal Revenue Code ("Section 162(m)"), which denies publicly held companies a tax deduction for

annual compensation in excess of \$1.0 million paid to their chief executive officer or any of their four other most highly compensated corporate officers, other than the chief financial officer, who are employed on the last day of a given year, unless their compensation is based on performance criteria that are established by a compensation committee which is made up of outside directors and approved, as to their material terms, by our shareholders. While the Committee generally considers structuring and administering executive compensation plans and arrangements so that they will not be subject to the deduction limit under Section 162(m), the Committee may in the future approve payments that cannot be deducted in order to maintain flexibility in structuring appropriate compensation programs it feels to be appropriate.

Post Termination or Compensation and Benefits

On March 23, 2007, our Board of Directors approved a change of control severance plan, as amended February 15, 2008 (the “Severance Plan”), covering all employees, including the named executive officers. The purpose of the severance plan is to promote stability and continuity of management and employees in the event a change of control transaction should occur (as defined below). Pursuant to the terms of our Severance Plan, our named executive officers are entitled to receive certain post-termination compensation and benefits upon the occurrence of certain events. In order for the named executive officers to receive payments under the Severance Plan, the named executive officers would have to be terminated within two years of a change of control. See “Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table” and “Potential Payments upon Termination or Change of Control” below.

Hedging Prohibitions

Our insider trading policy prohibits our named executive officers from engaging in any speculative transactions involving our common shares including buying or selling puts or calls, short sales or purchases of securities on margin or otherwise hedging the risk of ownership of our stock. Any such activity would require the approval and authorization of either the CEO or the Chairman of the Audit Committee (in the case of a transaction involving our CEO).

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a narrative of our various compensation plans and the general terms of each:

2002 Stock Option Plan. Our 2002 Stock Option Plan was approved and ratified by our shareholders in July 2002. It authorizes the Board of Directors to issue stock options to directors, officers, employees and consultants of the Company and its subsidiaries to purchase a maximum of 25.0 million common shares. Stock option grant expirations vary between five and ten years. The vesting schedule has varied from two years to four years but generally has occurred over a four-year period at 25% per year beginning on the first anniversary date of the grant. Stock options issued pursuant to our 2002 Stock Option Plan have an exercise price determined by the Board of Directors, but that exercise price cannot be less than the market price on the date immediately prior to the date of grant as reported by any stock exchange on which our common shares are listed. If a stock option granted under our 2002 Stock Option Plan expires or terminates for any reason in accordance with the terms of our Stock Option Plan, the unpurchased common shares subject to that stock option become available for other stock option grants.

In April 2004, the Board of Directors amended the provisions of our 2002 Stock Option Plan to specifically incorporate a provision to provide for stock options to be exercised on a cashless basis, whereby we issue to the optionee the number of common shares equal to the stock option exercised, less the number of common shares which when multiplied by the market price at the date of exercise equals the aggregate exercise price for all of the common shares exercised. As of December 31, 2008, stock option grants covering the issuance of 9,648,750 common shares were outstanding under the 2002 Stock Option Plan.

2006 Gastar Long-Term Stock Incentive Plan. On June 1, 2006, our shareholders approved the 2006 Gastar Long-Term Stock Incentive Plan. The 2006 Gastar Long-Term Stock Incentive Plan authorizes our Board of Directors to issue stock options, stock appreciation rights, bonus stock awards and any other type of award established by the Committee, which is consistent with the Plan's purposes to our directors, officers and employees and our subsidiaries covering a maximum of 5.0 million common shares. The contractual life and vesting period for a grant will be determined by the Board of Directors at the time the grant is awarded. The vesting period for restricted common stock grants during 2008 was over four years, with one-third vesting on the second, third and fourth anniversaries of the date of grant. As of December 31, 2008, grants covering the issuance of 2,533,898 restricted common shares were outstanding under the 2006 Gastar Long-Term Stock Incentive Plan. If restricted common shares granted under our 2006 Long-Term Stock Incentive Plan terminate for any reason in accordance with the terms of the 2006 Long-Term Stock Incentive Plan, the unvested common shares subject to that grant become available for other restricted common share grants.

All stock option grants incorporate the following features:

- Existing grants have a term of five or 10 years;
- The market value of grants is not less than the closing market price on the date immediately prior to the date of grant;
- Grants do not include "reload" provisions;
- Repricing of options is prohibited, unless approved by the shareholders; and
- Stock options vest over a period of time that is determined by the Board of Directors.

All grants of restricted common shares incorporate the following features:

- Existing grants have a term of four years;
- The market value of the grant is the closing market price on the date immediately prior to the date of grant; and
- Restricted common shares vest over a period of time that is determined by the Board of Directors, currently one-third on each of the second, third and fourth anniversaries of the grant.

In 2006 and a portion of 2007, stock options were granted to new hires at the time of employment and to all other employees, including our named executive officers, around the time of our annual meeting of shareholders. The Board of Directors has discretionary authority to determine granting and vesting periods of stock options. Typically, vesting periods have been over a four-year period with 25% vesting on the first, second, third and fourth anniversary dates. Certain stock options granted in 2006 to our CEO and certain technical managers vest over two years. Other stock options granted on the same date to the CFO and other employees vest over three years. The stock option awards having shorter vesting periods were granted to provide additional shorter term incentive to our named executive officers, certain technical and other employees. There were no stock option grants during 2008.

Pursuant to our stock-based incentive plans, the Board of Directors has designated the Remuneration Committee to administer the granting of stock options, restricted common stock grants and other forms of stock-based compensation. Grants are determined by the Committee, based on the recommendations of our CEO, except in the case of grants awarded to the CEO. In determining a grant to named executive officers, the Committee has taken into account the named executive officer's position, the scope of his responsibilities, his ability to affect profits and shareholder value and the individual's past and current individual performance and corporate performance.

Employee Severance Plan. A change of control is defined in the severance plan to mean (1) the consummation of a merger, consolidation, reorganization or other transaction whereby our shareholders retain less than 50% control, directly or indirectly, of us or the surviving company, (2) our incumbent directors cease to constitute a majority of the Board of Directors or (3) a sale or other disposition of all or substantially all of our

Table of Contents

assets. The Severance Plan does not change the specific, non-change of control severance payments in place under the existing employment agreements with our named executive officers but does provide change of control severance benefits to the named executive officers only if they are greater than the severance benefits provided under the employment agreement. The Severance Plan does not allow for any duplication of severance benefits.

For the named executive officers, the Severance Plan provides that if a named executive officer's employment is terminated within two years following a change of control for any reason other than (i) death, (ii) disability, (iii) by us for "cause" or (iv) by the named executive officer for other than a "good reason," the named executive officer will receive a lump-sum payment equal to a multiple that is equal to the applicable severance period, as set forth in the Severance Plan, times the sum of (1) his annual salary and (2) annual target bonus.

The following summarizes the severance periods and target bonus percentages for the named executive officers set forth in the Severance Plan:

	Severance Period In Years	Target Bonus Percentage
Chief Executive Officer	3.00	50%
Chief Financial Officer	2.50	35%

Additionally, during the applicable severance period, named executive officers would receive reimbursement for the cost of COBRA continuation health care coverage, less the amount charged at the time of termination to the employee for medical coverage.

If the named executive officer receives a payment or benefit that is subject to the "golden parachute" excise tax, the named executive officer will receive an additional payment under the severance plan to make him or her "whole" for that excise tax and any taxes on the additional parachute tax gross-up payment.

If the individual's employment is terminated within six months prior to a change of control and it is reasonably shown to have been in connection with the change of control, then the change of control will be treated with respect to that employee as having occurred prior to his or her termination.

Employment Agreements. We entered into employment agreements with J. Russell Porter, our President and CEO, and Michael A. Gerlich, our CFO, effective February 24, 2005, each as amended July 25, 2008, and May 17, 2005, respectively. The agreements with Messrs. Porter and Gerlich set forth, among other things, annual compensation, and adjustments thereto, minimum bonus payments, fringe benefits, termination and severance provisions. The agreements renew annually; however, they may be terminated at any time with or without cause. We entered into a letter agreement with our COO on August 21, 2007. The letter agreement set forth, among other things, our COO's initial base salary, a guaranteed 2007 bonus, fringe benefits, such as vacation and medical insurance coverage, and severance provisions for his at will employment, which could be terminated at any time by us or our COO with or without cause. Our COO resigned effective November 10, 2008.

Mr. Porter's employment agreement provides that he is entitled to an annual bonus in an amount that may take the form of cash compensation, the award of stock or stock options, royalty rights or otherwise and that he shall receive an annual cash bonus equal to at least 20% of his annual base salary. The employment agreement further provides that the bonuses shall reflect not only the results of our operations and business, but his contribution as President and CEO.

Mr. Gerlich's employment agreement provides that the Committee may on a yearly basis, or more frequently, award Mr. Gerlich a discretionary bonus or bonuses based not only on the positive results of our operations and business, but Mr. Gerlich's contribution as CFO. Such bonuses may take the form of cash compensation, the award of stock or stock options, royalty rights or otherwise.

Potential Payments Upon Termination or Change of Control

The table below discloses the amount of compensation and/or other benefits due to the named executive officers in the event of their termination of employment, including, but not limited to, in connection with a change in control. No amounts are shown for Mr. Pettit, who was a named executive officer during 2008, as he resigned effective November 11, 2008. Upon resignation, he was paid his salary to the date of his resignation and accrued vacation pay of \$10,550. Mr. Pettit's employment agreement contained a confidentiality provision that will be applicable following his resignation in November 2008. Pursuant to the confidentiality provision, he agreed to hold in confidence and not disclose any confidential and proprietary information about our business.

The amounts shown for Messrs. Porter and Gerlich below assume that such termination was effective as of December 31, 2008, and thus include amounts earned through such date and are estimates of the amounts that would be paid to the named executive officers upon their respective termination. The actual amounts to be paid out can only be determined at the time the executive is terminated.

- (1) Per Mr. Porter's employment agreement, if he is involuntarily terminated for any reason other than for Reasonable Cause (as defined below) and if proper notice is received, Mr. Porter will be entitled to a lump sum severance payment equal to the product of 4.5 multiplied by the highest annual base salary in effect at any time during the one year period preceding his termination. At December 31, 2008, Mr. Porter's severance was calculated by multiplying \$450,000 by 4.5. If Mr. Porter is considered a "specified employee" under Section 409A of the Code at the time of his termination, this payment will be delayed for a period of six months if necessary to avoid the additional tax under Section 409A of the Code. If Mr. Porter timely elects COBRA continuation coverage, he and his family will be entitled to continuation of health

insurance at our expense, subject to the limitations imposed by law and our insurance plan, which is currently 18 months (the “COBRA Continuation Period”). As of December 31, 2008, the cost for health and medical coverage for Mr. Porter and his family was \$1,688 per month. If Mr. Porter dies during the COBRA Continuation Period, his family will be entitled to continuation of health insurance at our expense, subject to the limitations imposed by law and our insurance plan. At December 31, 2008, the maximum cost over the 18-month period would be \$19,566 at \$1,087 per month. Mr. Porter currently is entitled to 20 working days of vacation per year. He would receive a lump-sum cash payment of his unused vacation time of up to 10 days that are not used during each year employed. As of December 31, 2008, Mr. Porter had available 2.75 days of available accrued but unused vacation pay. In addition, effective on Mr. Porter’s termination for any reason other than Mr. Porter elects to terminate his own employment, the unvested portion of all stock options held by Mr. Porter will immediately vest and be exercisable for a period of 90 days. All other terms and conditions of his stock options will remain unchanged, including provision that all stock options will terminate 90 days after Mr. Porter’s termination. As of December 31, 2008, Mr. Porter had 75,500 unvested stock options, but the exercise prices of all of Mr. Porter’s unvested stock options were greater than the market price of our common shares and thus no amounts have been included in the table above for accelerated vesting of stock options. Additionally, on December 31, 2008, he had 450,000 unvested restricted common shares but all unvested restricted common shares would be canceled upon his termination.

Per Mr. Gerlich’s employment agreement, if he is involuntarily terminated for any reason other than for Reasonable Cause (as defined below), he will be entitled to a lump sum severance payment equal to the product of 2.5 and the sum of (1) his highest annual base salary in effect at any time during the one year period preceding his termination (at December 31, 2008, this amount was \$300,000) and (2) his target bonus amount of 35% of his base salary (\$105,000). If Mr. Gerlich is considered a “specified employee” under Section 409A of the Code at the time of his termination, this payment will be delayed for a period of six months if necessary to avoid the additional tax under Section 409A of the Code. If Mr. Gerlich timely elects COBRA continuation coverage, he and his family will be entitled to continuation of health insurance at our expense, the “COBRA Continuation Period”. As of December 31, 2008, the cost for health and medical coverage for Mr. Gerlich and his family was \$1,688 per month. If Mr. Gerlich dies during the COBRA Continuation Period, his family will be entitled to continuation of health insurance at our expense, subject to the limitations imposed by law and our insurance plan. At December 31, 2008, the maximum cost over the 18-month period would be \$19,566 at \$1,087 per month. In addition, Mr. Gerlich will receive a lump-sum cash payment of his unused vacation time of up to 10 days per each year employed, up to a maximum of 15 days. As of December 31, 2008, Mr. Gerlich had 13.1 days of available accrued but unused vacation pay. Per Mr. Gerlich’s stock option agreements, he will have 90 days after termination to exercise all vested options. As of December 31, 2008, Mr. Gerlich had 337,500 unvested stock options, but the exercise prices of all of Mr. Gerlich’s stock options were greater than the market price of our common shares and thus no amounts have been included in the table above. Additionally, on December 31, 2008, he had 287,500 unvested restricted common shares, but all such unvested restricted common shares would be canceled upon his termination.

- (2) The Severance Plan provides that if there is a change of control, covered employees, including named executive officers, will receive a lump-sum cash payment equal to the applicable severance period times the sum of the covered employee’s annual pay and target bonus, contingent on the employee executing a full release and settlement agreement. Mr. Porter’s severance period is 3 years, and his annual salary and 50% target bonus at December 31, 2008 were \$450,000 and \$225,000, respectively. Mr. Gerlich’s severance period is 2.5 years, and his annual salary and 35% target bonus at December 31, 2008 were \$300,000 and \$105,000, respectively. The Employee Severance Plan provides that if there is a change of control, covered employees, including named executive officers, will be eligible to receive reimbursement of COBRA costs. Other termination or severance compensation is determined by the individual named executive officer’s employment agreement. The employment agreements we have with both Messrs. Porter and Gerlich provide that the amounts received as severance under their employment agreements will offset any benefits provided by the Severance Plan; because each of the executives would receive the same amount of severance under

Table of Contents

their employment agreements as under the Severance Plan as of December 31, 2008 the only additional benefit provided under the Severance Plan is the gross-up payment for taxes.

- (3) Per their respective employment agreements, we are not obligated to pay any amounts to Messrs. Mr. Porter or Gerlich other than accrued and unused vacation days and their pro-rata base salary through the date of his termination of employment, as a result of a termination for Reasonable Cause (as defined below).
- (4) Per their respective employment agreements, if Messrs. Porter's or Gerlich's employment terminates due to death, his eligible beneficiary will be entitled to receive his severance payment as described in Footnote 1 above. If Messrs. Porter's or Gerlich's employment terminates due to Death or to Disability (as defined below), he shall be entitled to receive a severance payment in the form and amount as determined in Footnote 1 above.
- (5) Our Employee Severance Plan provides that if the named executive officer receives a payment or benefit that is subject to the "golden parachute" excise tax, the named executive officers will receive an additional payment under the severance plan to make him or her "whole" for that excise tax and any taxes on the additional parachute tax gross-up payment (the "gross-up payment"). To determine Mr. Porter's amount of the gross-up payment, Mr. Porter's "base amount" was calculated using the five-year average of his compensation for the years 2003-2007. In the case of Mr. Gerlich, the amount is calculated using the three-year average of his W-2 earnings for 2006 and 2007, and his annualized salary plus paid bonus for 2005, as his employment with us commenced in mid-2005. The payments received in connection with the change of control in excess of a named executive officer's "base amount" is considered an "excess parachute payment" as provided by Section 280G of the Code. If the total of all "parachute payments" is equal to or greater than three times the base amount, the amount of the excess parachute payment will be subject to the excise tax. In making the calculation, the following assumptions were used: (a) the change of control occurred on December 31, 2008, (b) the closing price of our stock was \$0.33 on such date, (c) the excise tax rate under Section 4999 of the Code is 20%, the federal income tax rate is 35%, the Medicare rate is 1.45%, the adjustment to reflect the phase-out of itemized deductions is 1.05%, and there is no state or local income taxes, (d) no amounts will be discounted as attributable to reasonable compensation, (e) all cash severance payments are contingent upon a change of control, (f) the presumption required under applicable regulations that the equity awards granted were contingent upon a change of control could be rebutted.
- (6) The Severance Plan provides that if there is a transaction that results in a change of control and the surviving entity does not assume or convert the awards, then such awards will immediately vest. For the purpose of this disclosure, we have assumed the surviving entity does not assume or convert the awards. The amount shown is the product of the number of restricted shares held by the named executive officer times the closing price of our common shares on December 31, 2008, or \$0.33 per common share.

The employment agreements of Messrs. Porter and Gerlich generally use the following terms:

"Reasonable Cause" means any of the following (a) an act or omission that amounts to dishonesty, disloyalty, fraud, deceit, gross negligence, willful misconduct or recklessness, including the willful violation of any of our policies or procedures; (b) a felony conviction; (c) a breach of any material term of the employment agreement; (d) the refusal to perform any services that the named executive officer is required to perform under the employment agreement; or (e) with respect to Mr. Porter's agreement only, an act that is determined by the vote of two-thirds of the shareholders to constitute "Reasonable Cause" or to be detrimental to our best interests.

"Disability" means the inability to perform the functions essential to the named executive officer's position with or without accommodation during a continuous 12 month period, due to physical or mental illness of the named executive officer. The date of disability is the last day of the 12 month period. Successive periods of illness or injury that are due to the same or related causes are considered one period of disability unless the named executive officer returns to work full-time for three successive months. Except that Mr. Pettit's employment agreement defines "disability" as the inability to perform all duties of his job for more than ninety days.

Table of Contents

Under Mr. Gerlich's employment agreement, a "change of control" occurs as a result of a sale of all or substantially all of our assets, purchase of over 50% of our stock, or through merger, consolidation, corporate restructuring or otherwise.

The Severance Plan generally uses the following terms:

"Change of Control" means (1) the consummation of a merger, consolidation, reorganization or other transaction whereby our shareholders retain less than 50% control, directly or indirectly, of us or the surviving company, (2) our incumbent directors cease to constitute a majority of the Board of Directors or (3) a sale or other disposition of all or substantially all of our assets.

"Involuntary Termination" means any termination of employment that occurs within two years following a Change of Control and which (1) is by us other than for cause (but excluding a termination due to the employee's failure to accept comparable employment), or (2) is by the employee for Good Reason. An "Involuntary Termination" does not include: (a) a termination of the employee by us for cause, (b) a termination of the employee due to his death or disability, (c) a voluntary resignation by the employee other than for Good Reason, or (d) any termination of the employee by the employer as a result of the employee declining to accept an offer of comparable employment with a successor employer.

"Good Reason" means the occurrence of any of the following events after a Change of Control: (1) relocating the covered employee's place of employment without his consent to a place that would constitute a material change in his place of employment 2) reducing the covered employee's annual base salary or (3) a substantial reduction in the covered employee's position or responsibilities. In certain circumstances, the occurrence of one of these events within six months prior to the Change of Control may be Good Reason.

The Severance Plan provides that if any payment made, or benefit provided, to or on behalf of a covered employee pursuant to the plan or otherwise ("Payments") results in a covered employee being subject to the excise tax imposed by Section 4999 of the Code (or any successor or similar provision) ("Excise Tax"), we shall, as soon as administratively practicable, pay such covered employee an additional amount in cash (the "Additional Payment") such that after payment by the covered employee of all taxes, including, without limitation, any taxes imposed on the Additional Payment, such Covered Employee retains an amount of the Additional Payment equal to the Excise Tax imposed on the Payments. Such determinations shall be made by our independent certified public accounting firm.

Mr. Porter's employment agreement contains a confidentiality provision applicable both during the term of his employment and following his termination of employment. Pursuant to the confidentiality provision, Mr. Porter agrees to hold in confidence and not disclose any confidential information about our business, except as required in the ordinary course of performing his employment duties with us. A breach of this confidentiality provision could result in a Reasonable Cause termination. Mr. Porter's employment agreement further provides that, for a period of two years after his termination of employment with us for a reason other than Reasonable Cause, (six months if terminated for Reasonable Cause). Mr. Porter shall not compete with us directly or indirectly.

Mr. Gerlich's employment agreement provides that, unless specifically pre-approved by the CEO in writing, which approval may not be unreasonably withheld, Mr. Gerlich will not directly compete (as defined in the employment agreement) with us for a period of two years following his termination of employment.

DIRECTOR COMPENSATION

Prior to July 1, 2008, non-employee directors received the following fees:

- \$7,500 for each board meeting attended in person;
- \$1,500 per board meeting attended telephonically; and
- \$500 per Committee meeting attended in person.

Effective July 1, 2008, non-employee directors received the following fees:

- \$2,000 per month, paid semi-annually;
- An aggregate of \$6,000 per year for lead director or audit committee chairman; and
- \$1,000 for each meeting of the Board of Directors attended in person.

We also grant to our non-employee directors stock options and restricted common shares under our two stock-based compensation plans in addition to their specified cash compensation to be paid as directors. These grants are, in part, to compensate our directors for the strict regulatory role in which they have to operate and to provide them with incentives to remain as a director by offering them a long-term stake in our potential future value. During the year ended December 31, 2008, Messrs. Badwi, Penner and Selser were each granted 100,000 restricted common shares. The grants vest over a four-year period (one-third on each of the second, third and fourth anniversaries of the grant). There were no stock options granted to Messrs. Badwi, Penner and Selser during the year ended December 31, 2008.

The following table shows certain information about non-employee director compensation for the year ended December 31, 2008:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Chesapeake Energy Corporation

On November 4, 2005, we completed an integrated transaction with Chesapeake Energy Corporation (“Chesapeake”) whereby Chesapeake acquired 27,151,641 of our newly issued common shares equal to 19.9% of the then outstanding common shares, acquired a 33.3% working interest in our Bossier play in the Hilltop area of East Texas and formed an area of mutual interest to explore jointly in 13 counties in East Texas. As part of this transaction, Chesapeake paid an additional \$7.8 million, before fees and expenses, to reimburse us for Chesapeake’s pro rata share of leasehold interests acquired and to pay a disproportionate amount of future drilling costs in exchange for an undivided 33.3% of our leasehold working interests in the deep Bossier Hilltop prospect, less and except 160 acres surrounding each existing well bore. Chesapeake agreed to pay 44.44% of the drilling costs through casing point in the first six wells drilled by the parties in the Hilltop prospect to a depth sufficient to test the deep Bossier formation (an approximate depth of 19,000 feet) in order to earn its 33.33% leasehold working interest. The leasehold reimbursement was recorded as a reduction to natural gas and oil property cost.

As a result of its purchase of common shares, Chesapeake has the right to negotiate exclusively with us for a period of 30 days on any proposed sale of assets. Additionally, Chesapeake has the right, with certain exceptions, to maintain its percentage ownership of us, on a fully diluted basis, by participating in future stock issuances and has the right to an observer being present at meetings of the Board of Directors.

On November 11, 2006 and May 23, 2007, Chesapeake acquired an additional 5,000,000 of our common shares and 1,757,195 of our common shares, respectively, in private placement transactions. As of April 15, 2009, Chesapeake owned 33,908,836 of our common shares, or 16.0% of our outstanding common shares.

Policies Relating to Related Party Transactions

Our written policy or procedure for the review, approval or ratification of related party transactions is set forth in the Terms of Reference for the Audit Committee. The Audit Committee reviews and approves all related party transactions. In the course of its review, the Audit Committee considers the nature of the transactions and the costs to be incurred by us or payments to us; an analysis of the costs and benefits associated with the transaction and a comparison of comparable or alternative goods or services that are available to us from unrelated parties; the business advantage we would gain by engaging in the transaction; and an analysis of the significance of the transaction to us and to the related party. As a matter of course, any Audit Committee member that cannot be viewed as independent will withhold his vote, declaring his interest in the transaction. A vote of a majority of the remaining members is required to approve a related party transaction.

LEGAL PROCEEDINGS

The Company is party to various litigation matters arising out of the normal course of business. The ultimate outcome of the matters discussed below cannot presently be determined, nor can the liability that could potentially result from an adverse outcome be reasonably estimated at this time. The following litigation matter relates to a related party and is summarized below.

Navasota Resources L.P. (“Navasota”) vs. First Source Texas, Inc., First Source Gas L.P. (now Gastar Exploration Texas LP) and Gastar Exploration Ltd. (Cause No. 0-05-451) District Court of Leon County, Texas 12th Judicial District. This lawsuit, dated October 31, 2005, contends that the Company breached Navasota’s preferential right to purchase 33.33% of the Company’s interest in certain natural gas and oil leases located in Leon and Robertson Counties and sold to Chesapeake Energy Corporation pursuant to a transaction closed November 4, 2005. The preferential right claimed is under an operating agreement dated July 7, 2000. The Company contends, among other things, that Navasota neither properly nor timely exercised any preferential right election it may have had with respect to the inter-dependent Chesapeake transaction. In July 2006, the

Table of Contents

District Court of Leon County, Texas issued a summary judgment in favor of the Company and Chesapeake. Navasota filed a Notice of Appeal to the Tenth Court of Appeals in Waco. Oral argument was heard on September 26, 2007 and the Court of Appeals issued its opinion on January 9, 2008 reversing the trial court's rulings, rendering judgment in favor of Navasota on its claims for breach of contract and specific performance, and remanding the case for further proceedings on Navasota's other counts, which include claims for suit to quiet title, trespass to try title, tortious interference with contract, conversion, money had and received, and declaratory relief. The Company and Chesapeake filed a motion for rehearing on February 6, 2008, which was denied on March 18, 2008. The Company and Chesapeake filed a joint Petition for Review in the Texas Supreme Court on May 13, 2008. On August 28, 2008, the Texas Supreme Court requested briefing on the merits. On January 9, 2009, the Texas Supreme Court denied the Petition for Review. On January 26, 2009, the Company and Chesapeake jointly filed a motion for rehearing in the Texas Supreme Court on its denial of the Petition for Review, which prompted the Texas Supreme Court to request additional responsive briefing from Navasota by March 10, 2009.

Pursuant to a provision in the November 4, 2005 Purchase and Sale and Exploration Development Agreement with Chesapeake, Chesapeake acknowledged the existence of the Navasota lawsuit and claims and further agreed that if Navasota were to prevail on its claims, that Chesapeake would convey the affected interests it purchased from the Company to Navasota upon receipt of the purchase price and/or other consideration paid by Navasota. Therefore, the Company believes that if Navasota seeks to exercise rights of specific performance, its doing so should impact only Chesapeake's assigned leasehold interests. However, in December 2008, Chesapeake stated to the Company that if the Texas Supreme Court were not to reverse the decision of the Tenth Court of Appeals, Chesapeake would seek rescission of the 2005 transaction and restitution of consideration paid. Chesapeake may assert such rescission and restitution as to the November 4, 2005 Purchase and Sale and Exploration Development Agreement; a November 4, 2005 Exploration and Development Agreement; and a November 4, 2005 Common Share Purchase Agreement. In its December 2008 communication, Chesapeake did not identify particular sums as to which it may seek restitution, but amounts paid to the Company in connection with the 2005 transaction could be asserted to include the \$76.0 million paid by Chesapeake for the purchase of 27.2 million common shares as part of the transaction in 2005 and/or other amounts. Chesapeake has not further advised the Company of its intentions with respect to any rescission or restitution claim since the Texas Supreme Court issued its denial of the Petition for Review, and Navasota has not further advised the Company of its intentions with respect to acquiring any of the interests assigned to Chesapeake. If Chesapeake were to seek rescission or restitution, the Company would vigorously defend any such action.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who beneficially own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Directors, executive officers, and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of such information furnished to us, we believe that all Section 16(a) filing requirements applicable to our directors, executive officers, and greater than 10% beneficial owners were complied with during the year ended December 31, 2008.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the year ended December 31, 2008, the Compensation Committee of the Board of Directors, which we refer to as the Remuneration Committee, was comprised of three independent directors: Messrs. Proposal 1. Fixing the Number of Directors at Four

The Board of Directors currently is fixed by the shareholders at four members. Four persons have been proposed for election to the Board of Directors at the Annual Meeting. Our Amended and Restated Articles of Incorporation provide that the Board of Directors be comprised of a minimum of three and a maximum of 15 members. Our Bylaws require the shareholders to fix the number of the Board of Directors. Accordingly, a proposal to fix the number of members of the Board of Directors at four is being presented to shareholders for approval at the Annual Meeting.

The affirmative vote of a majority of the votes cast in person or by proxy is required to fix the Board at four members.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING "FOR" THE PROPOSAL TO FIX THE NUMBER OF MEMBERS OF THE BOARD OF DIRECTORS AT FOUR.

If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board of Directors, or the Board's size may be reduced accordingly. The Board of Directors is unaware of any circumstances likely to render any nominee unavailable. Messrs. Porter and Selser are citizens of and reside in the United States. Messrs. Penner and Rooney are citizens of and reside in Canada. Proposal 4. Approval of Amendments to the 2006 Long-Term Stock Incentive Plan

Management will be presenting to its shareholders proposed amendments to the Gastar Exploration Ltd. 2006 Long-Term Stock Incentive Plan (the “Plan”) for approval. The Plan was initially adopted by the Board of Directors and approved by the shareholders in 2006. Currently, the Plan authorizes the Board of Directors to issue stock options, stock appreciation rights, bonus stock awards and any other type of award consistent with the Plan’s purpose to directors, officers and employees of the Company and its subsidiaries covering a maximum of 5.0 million shares of common stock of the Company (“Common Shares”). As of April 1, 2009, 3,102,148 Common Shares are issuable pursuant to unvested restricted stock awards outstanding under the Plan and 1,539,423 Common Shares have been issued pursuant to vested restricted stock awards granted under the Plan (of which 407,178 Common Shares were surrendered back to the Company in satisfaction of tax withholding obligations, but are not available for reissuance under the Plan). Assuming none of the 3,102,148 restricted Common Shares outstanding are surrendered, cancelled or forfeited prior to their vesting, there would be 358,429 Common Shares available for issuance pursuant to future awards under the Plan. In the event that all of the 3,102,148 restricted Common Shares outstanding are either surrendered, cancelled or forfeited prior to their vesting, a total of 3,460,577 Common Shares would be available for issuance pursuant to future awards under the Plan.

The Company also maintains the Stock Option Plan of Gastar Exploration Ltd. (the “Stock Option Plan”) which provides for the grant of only stock options to directors, officers, employees and consultants of the Company and its subsidiaries to purchase a maximum of 25.0 million Common Shares. As of April 1, 2009, stock option grants covering the issuance of 10,660,250 Common Shares were outstanding under the Stock Option Plan and 5,892,800 Common Shares were available for issuance pursuant to future grants under the Stock Option Plan. Assuming all of the outstanding stock options covering the issuance of 10,660,250 Common Shares are exercised prior to their expiration, and none of such stock options are surrendered, cancelled or forfeited prior to their expiry, a total of 5,892,800 Common Shares would be available for issuance pursuant to future stock option awards under the Stock Option Plan. Assuming none of the outstanding stock options covering the issuance of 10,660,250 Common Shares are exercised prior to expiration, and accordingly all such stock options are either surrendered, cancelled, forfeited or expired, a total of 16,553,050 Common Shares would be available for issuance pursuant to future stock option awards under the Stock Option Plan.

The Board of Directors now desires to merge the Stock Option Plan into the Plan so that all outstanding equity awards and all future equity awards to be made to employees, officers and directors will be under one

Table of Contents

plan—the Plan. The Board of Directors therefore proposes, subject to shareholder approval, to merge the Stock Option Plan with and into the Plan, resulting in the cessation of the existence of the Stock Option Plan and the transfer of all Common Shares previously reserved for issuance under for the Stock Option Plan to the Common Share reserve under the Plan. The Board of Directors believes that merging the Stock Option Plan into the Plan and transferring all Common Shares previously reserved for issuance under the Stock Option Plan to the Common Share reserve under the Plan will enable the Company to attract and retain the best available employees and directors and promote the success of the business of the Company. Upon the consummation of the merger of the Stock Option Plan into the Plan, there will be outstanding under the Plan (i) stock options covering the issuance of 10,660,250 Common Shares and (ii) 3,102,148 unvested restricted Common Shares. Accordingly, upon the consummation of the merger of the Stock Option Plan into the Plan, subject to adjustment pursuant to Section 11(a) of the Plan, a maximum of between (i) 6,251,229 Common Shares (this maximum number assumes that all outstanding stock options will be exercised prior to their expiration and all outstanding restricted Common Shares will vest) and (ii) 20,013,627 Common Shares (this maximum number assumes that none of the outstanding stock options will be exercised prior to their expiration and none of the outstanding restricted Common Shares will vest and, accordingly, that all Common Shares issuable pursuant to such unexercised or forfeited awards will be forfeited or surrendered back to the Common Share reserve under the Plan) will be available for issuance pursuant to future awards under the Plan.

Accordingly, effective April 24, 2009, our Board of Directors approved the merger amendments to the Plan subject to shareholder ratification and approval at the Company’s Annual Meeting. Also effective April 24, 2009, our Board of Directors approved amendments to the Plan, subject to shareholder approval, to: (a) provide that the Committee (as defined below), in its discretion, may provide in an award agreement that an individual who is granted an award under the Plan (a “participant”) may elect to have Common Shares withheld from (or “netted against”) the total number of Common Shares otherwise issuable to such participant pursuant to his award in order to pay the exercise or purchase price of such award and/or to satisfy all employer tax withhold obligations with respect to the participant’s award under the Plan, (b) clarify that Common Shares issuable under the Plan and forfeited back to the Plan will be deemed not to have been issued under the Plan and will again be available for the grant of an award under the Plan, (c) provide that Common Shares withheld from (or “netted against”) an award granted under the Plan for payment of (1) the exercise or purchase price of an award and (2) all applicable employer tax withholding obligations associated with an award will be deemed not to have been issued under the Plan and will again be available for the grant of an award under the Plan, (d) provide that the maximum number of Common Shares that may be subject to stock options, bonus stock awards, and stock appreciation rights granted to any one individual during any calendar year may not exceed 1,000,000 Common Shares (subject to adjustment pursuant to Section 11(a) of the Plan) and (e) provide that the definition of “performance criteria” in the Plan include a criteria relating to the growth of proved natural gas and oil reserves of the Company. The following summary of the Plan, as amended to reflect the proposed amendments, is qualified in its entirety by reference to the complete text of the Plan. The complete text of the Plan and First Amendment to the Plan is attached to this Proxy Statement as Appendix B.

General Provisions

The Remuneration Committee (the “Committee”) administers the Plan with respect to awards to our officers, employees and directors. In the future, the Board of Directors or other committees may be allocated some or all of the Committee’s duties. The Committee consists solely of two or more non-employee directors in accordance with the Internal Revenue Code of 1986, as amended (the “Code”) and Rule 16b-3 under the Securities Exchange Act. The Committee is authorized to:

- Interpret the Plan and all awards;
- Establish and amend rules and regulations for the Plan’s operation;
- Select recipients of awards;
- Determine the form, amount and other terms and conditions of awards;

Table of Contents

- Modify or waive restrictions on awards; and
- Amend awards.

Our officers, employees and directors, in addition to those of our affiliates (solely with respect to officers and employees), are eligible to be selected to participate in the Plan. Also, the members of our Board of Directors are eligible to be selected to participate in the Plan. Incentive stock options may be granted only to our employees and employees of our subsidiaries in which the Company owns directly or indirectly more than a 50% voting equity interest. The Committee has the sole discretion to select participants from among the eligible persons.

Effective as of April 1, 2009, the aggregate number of Common Shares which may be issued pursuant to (i) future awards granted under the Plan and (ii) awards outstanding under the Plan as of April 1, 2009, including awards granted under the Stock Option Plan that remained outstanding as of the date of its merger into the Plan, may not exceed 20,013,627, which number represents 9.5% of the number of the currently issued and outstanding Common Shares. This maximum limit is subject to adjustment for certain transactions affecting the Common Shares. Lapsed, forfeited or canceled awards will not count against this maximum limit and will again be available for the grant of an award under the Plan. However, the cancellation of an option upon exercise of a stock appreciation right granted in tandem with the option will count against the limit. In addition, if Common Shares are withheld from payment of an award to pay the exercise or purchase price of the award or to satisfy employer tax withholding obligations with respect to the award, those Common Shares will not count against the maximum limit and will again be available for the grant of an award under the Plan. Any and all Common Shares available under the Plan may be granted to any officer, employee or director during the term of the Plan. However, no individual may receive stock options, stock appreciation rights, bonus stock awards or any combination thereof under the Plan during any calendar year, which would entitle that individual to be issued more than 1,000,000 Common Shares which number represents 0.5% of the number of the currently issued and outstanding Common Shares. This individual, annual limit is subject to adjustment for certain transactions affecting the Common Shares. The Common Shares issued under the Plan may be issued from (1) authorized but unissued Common Shares, (2) Common Shares held in the treasury of the Company, or (3) previously issued Common Shares reacquired by the Company, including Common Shares purchased on the open market, in each situation as the Committee may determine from time to time in its sole discretion.

Types of Awards

The Plan provides for the grant of:

- Stock options, including incentive stock options and nonqualified stock options;
- Stock appreciation rights, in tandem with stock options or freestanding;
- Bonus stock awards; and
- Any other type of award established by the Committee, which is consistent with the Plan's purposes.

Any stock option granted in the form of an incentive stock option must comply with Section 422 of the Code. The Committee may grant awards individually, in combination, or in tandem.

General Award Provisions

All awards will be evidenced by award agreements, as determined by the Committee. The award will be effective on the date of grant unless the Committee specifies otherwise.

Generally, the exercise price or other measurement of stock value relative to any award granted under the Plan will be determined by the Committee and will be at least equal to the fair market value of the Common

Table of Contents

Shares, as determined on the date the award is granted. The fair market value generally is determined to be the closing sales price quoted on any established United States stock exchange (i.e., currently for the Company, the NYSE Alternext USA) on the date immediately preceding the date of the grant of the award.

Awards will normally terminate on the earliest of (i) 10 years from the date of grant; (ii) for an incentive stock option granted to a 10% shareholder, five years from the date of grant of the stock option; (iii) three months after the participant is no longer serving in any capacity as an officer, employee or director of the Company for a reason other than the death or disability of the participant; (iv) one year after death; or (v) one year after disability. Bonus stock awards that are subject to forfeiture restrictions, however, generally will terminate and be forfeited back to the Company immediately upon the termination of a participant's continuous service prior to the lapse of the applicable forfeiture restrictions. The terms of an individual award agreement may provide for extended periods upon termination of employment or service and may provide for automatic termination of the award upon termination of employment or service for cause. Unvested grants of restricted common shares are cancelled effective on the date of an individual's termination.

Awards are non-transferable except by disposition on death or to certain family members, trusts and other family entities as the Committee may approve.

The Committee may authorize the assumption of awards granted by other entities that are acquired by the Company or otherwise. Awards may be paid in cash, Common Shares or a combination, in lump sum or installments and currently or by deferred payment, all as determined by the Committee.

A participant's breach of the terms of the Plan or the award agreement will result in a forfeiture of the award.

Stock Options

Stock options granted under the Plan may be:

- Incentive stock options, as defined by Section 422 of the Code and the Treasury regulations issued thereunder; or
- Non-qualified stock options, which do not qualify for treatment as incentive stock options.

The Committee selects the recipients of stock options and sets the terms of the stock options, including:

- The number of Common Shares for which a stock option is granted;
- The term of the stock option; and
- The time(s) when the stock option can be exercised.

The Committee determines how a stock option may be exercised, whether for cash or securities. Arrangements may also be made, if permitted by law, for same-day-sale and margin account transactions through FINRA dealers. A stock option agreement or the Committee's procedures may set forth conditions respecting the exercise of a stock option. The Committee may in its discretion waive any condition respecting the exercise of any stock option and may accelerate the time at which any stock option is exercisable.

Bonus Stock

The Committee will have discretion to make grants of bonus stock. A bonus stock grant entitles the recipient to acquire, at no cost or for a purchase price determined by the Committee on the date of the grant, Common Shares are subject to such restrictions and conditions, as the Committee may determine at the time of the grant. If

Table of Contents

bonus stock is granted subject to restrictions, it is referred to as restricted stock. The recipient may have all the rights of a shareholder with respect to the bonus stock. These rights include voting and dividend rights, and they are effective as soon as:

- Bonus stock is granted (or upon payment of the purchase price for bonus stock if a purchase price is required); and
- Issuance of the bonus stock is recorded by our transfer agent.

A grant of bonus stock may be subject to non-transferability restrictions, repurchase and forfeiture provisions and such other conditions (including conditions on voting and dividends) as the Committee may impose at the time of grant.

Any bonus Common Shares that are subject to restrictions at the time of grant cease to be restricted stock and will be deemed “vested” after the lapse of all restrictions. The Committee generally may, in its discretion, waive any condition or restriction related to a grant of restricted stock or accelerate the dates on which a grant of restricted stock vests. The Committee may not waive, however, any forfeiture restriction applicable to a restricted stock award that was designed to be “performance-based compensation” under Section 162(m) of the Code.

If a participant’s employment or service is terminated for any reason prior to Common Shares of restricted stock becoming vested, the Company has the right, in the discretion of the Committee, to:

- Repurchase the unvested Common Shares at their purchase price; or
- Require forfeiture of those Common Shares if acquired at no cost.

Stock Appreciation Rights

The Committee may decide that stock appreciation rights may be granted separately or in tandem with the grant of a stock option. A stock appreciation right is a grant entitling the participant to receive an amount in cash or Common Shares or a combination thereof, as the Committee may determine, in an amount equal to the increase in the fair market value between the grant and exercise dates of the Common Shares with respect to which the stock appreciation right is exercised.

A stock appreciation right granted in tandem with a nonqualified stock option may be granted either at or after the time of the grant of the nonqualified option. A stock appreciation right granted in tandem with an incentive stock option may be granted only at the time of the grant of the incentive stock option. A stock appreciation right granted in tandem with a stock option terminates and is no longer exercisable upon the termination or exercise of the related stock option. The Committee may set the terms and conditions of stock appreciation rights, subject to the limitations set forth in the Plan. At any time, it may accelerate the exercisability of any stock appreciation right and otherwise waive or amend any conditions to the grant of a stock appreciation right.

Performance-Based Compensation

In general, under Section 162(m) of the Code, income tax deductions of publicly held corporations may be limited to the extent total compensation for certain executive officers exceeds \$1.0 million in any one year. However, under Section 162(m), the deduction limit does not apply to certain “performance-based compensation”.

Market-priced stock options and stock appreciation rights granted under the Plan will automatically qualify as performance-based awards that are fully deductible without regard to the \$1 million deduction limit imposed by Section 162(m). The Committee may designate other types of awards granted under the Plan as “qualified performance-based compensation” in order to make those awards fully deductible under Section 162(m),

Table of Contents

provided certain requirements set forth in Section 162(m) and the Treasury regulations and other authoritative guidance issued thereunder are met. If an award is so designated, the Committee must establish objectively determinable performance goals for the award based on one or more of the following performance criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of a division, affiliate, department or function within the Company or an affiliate:

- Earnings;
- Earnings per share;
- EBITDA (earnings before interest, taxes, depreciation and amortization);
- EBIT (earnings before interest and taxes);
- Economic profit;
- Cash flow;
- Revenue;
- Revenue growth;
- Sales growth;
- Net profit before tax;
- Gross profit;
- Operating income or profit;
- Return on equity;
- Return on assets;
- Return on capital;
- Changes in working capital;
- Shareholder return;
- Cost reduction;
- Natural gas and oil reserve growth;
- Financing of operations;
- Customer satisfaction or growth;
- Employee satisfaction;
- Proved natural gas and oil reserve growth; and
- Any other performance objective approved by the shareholders of the Company in accordance with Section 162(m).

The Committee must establish the goals prior to the beginning of the period for which these goals relate (or such later date as may be permitted under applicable tax regulations), and the Committee may not increase any award or, except in the case of certain qualified terminations of employment, waive the achievement of any specified goal. Any payment of an award granted with performance goals will be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied.

Provisions Relating to a Change in Control, Death or Disability

The Plan provides certain benefits in the event of a change in control. A change in control is deemed to have occurred if:

- Any person acquires beneficial ownership of 50% or more of our voting securities;
- As a result of, or in connection with, a tender or exchange offer, merger or other business combination, there is a change in the composition of a majority of our Board of Directors;
- The Company merges or consolidates with another corporation, after which less than 75% of the outstanding voting securities of the Company or the surviving entity outstanding immediately thereafter is owned by our former shareholders;
- A tender or exchange offer results in the acquisition of 50% or more of our outstanding voting securities; or
- The Company transfers all or substantially all of its assets to another corporation.

Generally, upon the occurrence of a change in control, our Board of Directors will negotiate for the surviving entity or other purchaser involved to assume all of our obligations under all outstanding awards or convert all outstanding awards into awards of at least equal value as to capital stock of that surviving entity or purchaser. If that surviving entity or purchaser does not agree to assume or convert all outstanding awards, then all outstanding awards will immediately vest or become exercisable or payable, and all forfeiture restrictions will lapse, unless the related agreements provide otherwise.

Upon the occurrence of a participant's death or disability, an agreement may provide that the outstanding award will immediately vest or become exercisable or payable.

Provisions Relating to Amendment or Termination of the Plan

The Board of Directors in its discretion may, at any time or from time to time, terminate or amend the Plan in any respect, including amendment of any form of award agreement, exercise agreement, or instrument to be executed pursuant to the Plan; provided, however, to the extent necessary to comply with the Code, including Sections 162(m) and 422 of the Code, other applicable laws, or the applicable requirements of any stock exchange or national market system, the Company will obtain shareholder approval of any Plan amendment in such manner and to such a degree as required. No award may be granted after termination of the Plan. Any amendment or termination of the Plan will not affect awards previously granted, and such awards will otherwise remain in full force and effect as if the Plan had not been amended or terminated, unless mutually agreed otherwise in a writing (including an award agreement) signed by the participant and the Company.

Federal Income Tax Consequences

The Code provides that a participant receiving a nonqualified option ordinarily does not realize taxable income upon the grant of the option. A participant does, however, realize income upon the exercise of a nonqualified option to the extent that the fair market value of the Common Shares on the date of exercise exceeds the option price. The Company is entitled to a federal income tax deduction for compensation in an amount equal to the ordinary income so realized by the participant. This deduction is conditioned on the Company withholding federal income and employment taxes from the compensation realized by the participant. When the participant sells the Common Shares acquired pursuant to a nonqualified option, any gain or loss will be capital gain or loss. This assumes that the Common Shares represent a capital asset in the participant's hands, although there will be no tax consequences for the Company.

The grant of an incentive stock option does not result in taxable income to an employee. The exercise of an incentive stock option also does not result in taxable income, provided that the circumstances satisfy the

Table of Contents

requirements in the Code. However, the exercise of an incentive stock option may give rise to alternative minimum tax liability for the employee. In addition, if the employee does not dispose of the Common Shares acquired upon exercise of an incentive stock option during the statutory holding period, then any gain or loss upon subsequent sale of the Common Shares will be a long-term capital gain or loss. This assumes that the Common Shares represent a capital asset in the employee's hands.

The statutory holding period lasts until the later of:

- Two years from the date the option is granted; and
- One year from the date the Common Shares are transferred to the employee pursuant to the exercise of the option.

If the employment and statutory holding period requirements are satisfied, the Company may not claim any federal income tax deduction upon either the exercise of the incentive stock option or the subsequent sale of the Common Shares received upon exercise. If these requirements are not satisfied, the amount of ordinary income taxable to the employee is the lesser of:

- The fair market value of the Common Shares on the date of exercise minus the option price; and
- The amount realized on disposition minus the option price.

Any excess is long-term or short-term capital gain or loss, assuming the Common Shares represent a capital asset in the employee's hands. The Company is entitled to a federal income tax deduction in an amount equal to the ordinary income realized by the employee.

An award of bonus stock that is not subject to restrictions results in taxable income to the participant in an amount equal to the excess of the fair market value of the bonus Common Shares on the date of grant over the amount paid, if any, for those Common Shares. Under Section 83(b) of the Code, a participant may elect to include in ordinary income, as compensation at the time restricted stock is first issued, the excess of the fair market value of the stock at the time of issuance over the amount paid, if any, by the participant. Unless a Section 83(b) election is made, no taxable income will generally be recognized by the recipient of a restricted stock award until the Common Shares are no longer subject to the restrictions or the risk of forfeiture. When either the restrictions or the risk of forfeiture lapses, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the Common Shares on the date of lapse over the amount paid, if any, by the participant for the stock. Absent a Section 83(b) election, any cash dividends or other distributions paid with respect to the restricted stock prior to the lapse of the restrictions or risk of forfeiture will be included in the participant's ordinary income as compensation at the time of receipt.

Generally, a participant will not recognize any taxable income upon the award of stock appreciation rights. At the time the participant receives the payment for the stock appreciation right, the fair market value of Common Shares or the amount of any cash received in payment for such award generally is taxable to the participant as ordinary income.

As a general rule, the Company will be entitled to a deduction for federal income tax purposes at the same time and in the same amount that a participant recognizes ordinary income from awards under the Plan. The amount of the deduction is the amount of the award that is considered reasonable compensation under the Code.

Section 162(m) of the Code generally disallows a federal income tax deduction to any publicly held corporation for compensation paid in excess of \$1.0 million in any taxable year to the chief executive officer or any of the four other most highly compensated executive officers who are employed by the corporation on the last day of the taxable year, but does not disallow a deduction for performance-based compensation the material terms of which are disclosed to and approved by shareholders. The Company has structured and intends to implement the Plan so that resulting compensation would be performance-based compensation, where applicable. To allow the Company to qualify the compensation as "performance-based," the Board of Directors of the Company is seeking shareholder reapproval of the Plan and the material terms of the related performance goals.

Table of Contents

The exercisability of an option or a stock appreciation right or the elimination of restrictions on restricted stock may be accelerated, and special cash settlement rights may be triggered and exercised, as a result of a change in control.

If any of the foregoing occurs, all or a portion of the value of the relevant award at that time may be a parachute payment. This is relevant for determining whether a 20% excise tax (in addition to income tax otherwise owed) is payable by the participant as a result of the receipt of an excess parachute payment pursuant to the Code. The Company will not be entitled to a deduction for that portion of any parachute payment which is subject to the excise tax.

3. TYPES OF INCENTIVE AWARDS AVAILABLE UNDER THE PLAN. Awards granted under this Plan may be (a) Incentive Stock Options, (b) Non-Qualified Stock Options, (c) Bonus Stock Awards, (d) Stock Appreciation Rights, and (e) any other type of Award established by the Committee which is consistent with the Plan’s purposes, as designated at the time of grant.
 4. SHARES SUBJECT TO PLAN. Subject to adjustment pursuant to Section 11(a) hereof, the total amount of Common Stock with respect to which Awards may be granted under the Plan shall not exceed Five Million (5,000,000) shares. At all times during the term of the Plan, the Company shall reserve and keep available such number of shares of Common Stock as will be required to satisfy the requirements of outstanding Awards under the Plan. Any shares of Common Stock covered by an Award (or a portion of an Award) that is forfeited or canceled or that expires shall be deemed not to have been issued for purposes of determining the maximum aggregate number of shares of Common Stock which may be issued under the Plan and shall again be available for Awards under the Plan. Nothing in this Section 4 shall impair the right of the Company to reduce the number of outstanding shares of Common Stock pursuant to repurchases, redemptions, or otherwise; provided, however, that no reduction in the number of outstanding shares of Common Stock shall (a) impair the validity of any outstanding Award, whether or not that Award is fully vested or exercisable, or (b) impair the status of any shares of Common Stock previously issued pursuant to an Award as duly authorized, validly issued, fully paid, and nonassessable. The shares to be delivered under the Plan shall be made available from (a) authorized but unissued shares of Common Stock, (b) Common Stock held in the treasury of the Company, or (c) previously issued shares of Common Stock reacquired by the Company, including shares purchased on the open market, in each situation as the Committee may determine from time to time in its sole discretion.
 5. ELIGIBILITY. Awards other than Incentive Stock Options may be granted to Employees, Officers and Directors. Incentive Stock Options may be granted only to Employees (including Officers and Directors who are also Employees), as limited by clause (iii) of Section 2(a). The Committee in its sole discretion shall select the recipients of Awards. A Grantee may be granted more than one Award under the Plan, and Awards may be granted at any time or times during the term of the Plan. The grant of an Award to an Employee, Officer or Director shall not be deemed either to entitle that individual to, or to disqualify that individual from, participation in any other grant of Awards under the Plan.
 6. LIMITATION ON INDIVIDUAL AWARDS. Any and all shares available for Awards under the Plan may be awarded by way of Options, Bonus Stock Awards or Stock Appreciation Rights (regardless of the form of payment) to any one person. Subject to the provisions of Section 11(a), the maximum number of shares of Common Stock that may be subject to Options, Bonus Stock Awards and Stock Appreciation Rights granted to any one Covered Employee under the Plan shall not exceed One Million Two Hundred Fifty Thousand (1,250,000) shares. The limitations set forth in the preceding sentence shall be applied in a manner which will permit compensation generated under the Plan, where appropriate, to constitute “performance-based” compensation for purposes of Section 162(m) of the Code, including counting against such maximum number of shares, to the extent required under Section 162(m) of the Code and applicable interpretive authority thereunder, any shares of Common Stock subject to Options or other Awards that are canceled or repriced.

7. OPTIONS.

- (a) Grant of Options. An Option is a right to purchase shares of Common Stock during the option period for a specified exercise price. The Committee shall determine (i) whether each Option shall be granted as an Incentive Stock Option or as a Non-Qualified Stock Option, and (ii) the provisions, terms and conditions of each Option including, but not limited to, the vesting schedule, the number of shares of Common Stock subject to the Option, the exercise price of the Option (which may never be less than Fair Market Value of the Common Stock on the date of the grant of the Award), the period during which the Option may be exercised, forfeiture provisions, methods of payment, and all other terms and conditions of the Option.
- (b) Limitations on Incentive Stock Options. The aggregate Fair Market Value (determined as of the date of grant of an Option) of Common Stock which any Employee is first eligible to purchase during any calendar year by exercise of Incentive Stock Options granted under the Plan and by exercise of incentive stock options (within the meaning of Section 422 of the Code) granted under any other incentive stock option plan of the Company or an Affiliate shall not exceed \$100,000. If the Fair Market Value of stock with respect to which all incentive stock options described in the preceding sentence held by any one Optionee are exercisable for the first time by such Optionee during any calendar year exceeds \$100,000, the Options (that are intended to be Incentive Stock Options on the date of grant thereof) for the first \$100,000 worth of shares of Common Stock to become exercisable in such year shall be deemed to constitute incentive stock options within the meaning of Section 422 of the Code and the Options (that are intended to be Incentive Stock Options on the date of grant thereof) for the shares of Common Stock in the amount in excess of \$100,000 that become exercisable in that calendar year shall be treated as Non-Qualified Stock Options. If the Code or the Treasury regulations promulgated thereunder are amended after the effective date of the Plan to provide for a different limit than the one described in this Section 7(b), such different limit shall be incorporated herein and shall apply to any Options granted after the effective date of such amendment.
- (c) Acquisitions and Other Transactions. Notwithstanding the provisions of Section 10(g), in the case of an Option issued or assumed pursuant to Section 10(g), the exercise price and number of shares for the Option shall be determined in accordance with the principles of Section 424(a) of the Code and the Treasury regulations promulgated thereunder. The Committee may, from time to time, assume outstanding options granted by another entity, whether in connection with an acquisition of such other entity or otherwise, by either (i) granting an Option under the Plan in replacement of or in substitution for the option assumed by the Company, or (ii) treating the assumed option as if it had been granted under the Plan if the terms of such assumed option could be applied to an Option granted under the Plan. Such assumption shall be permissible if the holder of the assumed option would have been eligible to be granted an Option hereunder if the other entity had applied the rules of the Plan to such grant. The Committee also may grant Options under the Plan in settlement of or substitution for, outstanding options or obligations to grant future options in connection with the Company or an Affiliate acquiring another entity, an interest in another entity or an additional interest in an Affiliate whether by merger, stock purchase, asset purchase or other form of transaction.
- (d) Payment or Exercise. Payment for the shares of Common Stock to be purchased upon exercise of an Option may be made in cash (by check) or, if elected by the Optionee and in one or more of the following methods stated in the Option Agreement (at the date of grant with respect to any Option granted as an Incentive Stock Option) and where permitted by law: (i) if a public market for the Common Stock exists, through a “same day sale” arrangement between the Optionee and a broker-dealer that is a member of the National Association of Securities Dealers, Inc. (an “NASD Dealer”) whereby the Optionee irrevocably elects to exercise the Option and to sell a portion of the shares of Common Stock so purchased to pay for the exercise price and whereby the NASD Dealer irrevocably commits upon receipt of such shares of Common Stock to forward the exercise price directly to the

Company; (ii) if a public market for the Common Stock exists, through a “margin” commitment from the Optionee and an NASD Dealer whereby the Optionee irrevocably elects to exercise the Option and to pledge the shares of Common Stock so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the exercise price, and whereby the NASD Dealer irrevocably commits upon receipt of such shares of Common Stock to forward the exercise price directly to the Company; or (iii) by surrender for cancellation of Qualifying Shares at the Fair Market Value per share at the time of exercise (provided that such surrender does not result in an accounting charge for the Company). No shares of Common Stock may be issued until full payment of the purchase price therefore has been made.

8. BONUS STOCK AWARDS.

- (a) Bonus Stock Awards. A Bonus Stock Award is a grant of shares of Common Stock for such consideration, if any, and subject to such restrictions on transfer, rights of first refusal, repurchase provisions, forfeiture provisions and other terms and conditions as are established by the Committee.
- (b) Forfeiture Restrictions. Shares of Common Stock that are the subject of a Bonus Stock Award may be subject to restrictions on disposition by the Grantee and to an obligation of the Grantee to forfeit and surrender the shares to the Company under certain circumstances (the “Forfeiture Restrictions”). The Forfeiture Restrictions shall be determined by the Committee in its sole discretion, and the Committee may provide that the Forfeiture Restrictions shall lapse on the passage of time, the attainment of one or more performance targets established by the Committee, or the occurrence of such other event or events determined to be appropriate by the Committee; provided, however, that (i) for a Bonus Stock Award subject to Forfeiture Restrictions based on the passage of time, the Forfeiture Restrictions shall lapse ratably over a minimum period of three (3) years, and (ii) for a Bonus Stock Award subject to Forfeiture Restrictions based on Performance Criteria or any other event, the Forfeiture Restrictions shall not lapse prior to one year after grant of the Bonus Stock Award. The Forfeiture Restrictions, if any, applicable to a particular Bonus Stock Award (which may differ from any other such Bonus Stock Award) shall be stated in the Bonus Stock Agreement.
- (c) Rights as Shareholder. Shares of Common Stock awarded pursuant to a Bonus Stock Award shall be represented by a stock certificate registered in the name of the Grantee of such Bonus Stock Award. The Grantee shall have the right to receive dividends with respect to the shares of Common Stock subject to a Bonus Stock Award, to vote the shares of Common Stock subject thereto and to enjoy all other shareholder rights with respect to the shares of Common Stock subject thereto, except that, unless provided otherwise in this Plan, or in the Bonus Stock Agreement, (i) the Grantee shall not be entitled to delivery of the shares of Common Stock except as the Forfeiture Restrictions expire, (ii) the Company or an escrow agent shall retain custody of the shares of Common Stock until the Forfeiture Restrictions expire, (iii) the Grantee may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the shares of Common Stock until the Forfeiture Restrictions expire.
- (d) Stock Certificate Delivery. One or more stock certificates representing shares of Common Stock, free of Forfeiture Restrictions, shall be delivered to the Grantee promptly after, and only after, the Forfeiture Restrictions have expired. The Grantee, by his acceptance of the Bonus Stock Award, irrevocably grants to the Company a power of attorney to transfer any shares so forfeited to the Company, agrees to execute any documents requested by the Company in connection with such forfeiture and transfer, and agrees that such provisions regarding transfers of forfeited shares shall be specifically performable by the Company in a court of equity or law.
- (e) Payment for Bonus Stock. The Committee shall determine the amount and form of any payment for shares of Common Stock received pursuant to a Bonus Stock Award. In the absence of such a determination, the Grantee shall not be required to make any payment for shares of Common Stock received pursuant to a Bonus Stock Award, except to the extent otherwise required by law.

Table of Contents

- (f) Forfeiture of Bonus Stock . Unless otherwise provided in a Bonus Stock Agreement, on termination of the Grantee's Continuous Service prior to lapse of the Forfeiture Restrictions, the shares of Common Stock which are still subject to the Forfeiture Restrictions under Bonus Stock Award shall be forfeited by the Grantee. Upon any forfeiture, all rights of the Grantee with respect to the forfeited shares of the Common Stock subject to the Bonus Stock Award shall cease and terminate, without any further obligation on the part of the Company except to repay any purchase price per share paid by the Grantee for the shares forfeited.
- (g) Waiver of Forfeiture Restrictions; Committee's Discretion . With respect to a Bonus Stock Award that has been granted to a Covered Employee where such Award has been designed to meet the exception for performance-based compensation under Section 162(m) of the Code, the Committee may not waive the Forfeiture Restrictions applicable to such Bonus Stock Award.

9. STOCK APPRECIATION RIGHTS .

- (a) Stock Appreciation Rights . A Stock Appreciation Right is a right to receive, upon exercise of the right, shares of Common Stock or their cash equivalent in an amount equal to the increase in Fair Market Value, if any, of the Common Stock between the grant and exercise dates.
- (b) Tandem Rights . Stock Appreciation Rights may be granted in connection with the grant of an Option, in which case exercise of Stock Appreciation Rights will result in the surrender of the right to purchase the shares under the Option as to which the Stock Appreciation Rights were exercised. Alternatively, Stock Appreciation Rights may be granted independently of Options in which case each Award of Stock Appreciation Rights shall be evidenced by a Stock Appreciation Rights Agreement. With respect to Stock Appreciation Rights that are subject to Section 16 of the Exchange Act, the Committee shall retain sole discretion (i) to determine the form in which payment of the Stock Appreciation Right will be made (i.e., cash, securities or any combination thereof), or (ii) to approve an election by a Grantee to receive cash in full or partial settlement of Stock Appreciation Rights.
- (c) Limitations on Exercise of Stock Appreciation Rights . A Stock Appreciation Right shall be exercisable in whole or in such installments and at such times as determined by the Committee.

10. GENERAL PROVISIONS REGARDING AWARDS .

- (a) Form of Award Agreement . Each Award granted under the Plan shall be evidenced by a written Award Agreement in such form (which need not be the same for each Grantee) as the Committee from time to time approves, but which is not inconsistent with the Plan, including any provisions that may be necessary to assure that any Option that is intended to be an Incentive Stock Option will comply with Section 422 of the Code.
- (b) Awards Criteria . In determining the amount and value of Awards to be granted, the Committee may take into account the responsibility level, performance, potential, other Awards and such other considerations with respect to a Grantee as it deems appropriate. The terms of an Award Agreement may provide that the amount payable as an Award may be adjusted for dividends or dividend equivalent.
- (c) Date of Grant . The date of grant of an Award will be the date specified by the Committee as the effective date of the grant of an Award or, if the Committee does not so specify, will be the date on which the Committee makes the determination to grant such Award. The Award Agreement evidencing the Award will be delivered to the Grantee with a copy of the Plan and other relevant Award documents within a reasonable time after the date of grant.
- (d) Stock Price . The exercise price or other measurement of stock value relative to any Award shall be the price determined by the Committee (which shall be not less than either the Fair Market Value or the par

Table of Contents

value of the shares of Common Stock on the date of grant of the Award). The exercise price of any Incentive Stock Option shall not be less than 100% of the Fair Market Value of the shares of Common Stock for the date of grant of the Option; provided, however, the exercise price of any Incentive Stock Option granted to a Ten Percent Shareholder shall not be less than 110% of the Fair Market Value of the shares of Common Stock for the date of grant of the Option.

- (e) Period of Award. Awards shall be exercisable or payable within the time or times or upon the event or events determined by the Committee and set forth in the Award Agreement. Unless otherwise provided in an Award Agreement, Awards other than Bonus Stock Awards shall terminate on (and no longer be exercisable or payable after) the earlier of: (i) ten (10) years from the date of grant of the Award; (ii) for an Incentive Stock Option granted to a Ten Percent Shareholder, five (5) years from the date of grant of the Option; (iii) three (3) months after the Grantee is no longer serving in any capacity as an Employee or Director of the Company for a reason other than the death or Disability of the Grantee; (iv) one (1) year after death of the Grantee; or (v) one (1) year after Disability of the Grantee.
- (f) Transferability of Awards. Awards granted under the Plan, and any interest therein, shall not be transferable or assignable by the Grantee, and may not be made subject to execution, attachment or similar process, otherwise than by will or by the laws of descent and distribution, and shall be exercisable or payable during the lifetime of the Grantee only by the Grantee; provided, that the Grantee may designate persons who or which may exercise or receive his Awards following his death. Notwithstanding the preceding sentence, Awards other than Incentive Stock Options may be transferred to such family members, family member trusts, family limited partnerships and other family member entities as the Committee, in its sole discretion, may approve prior to any such transfer. No such transfer will be approved by the Committee if the Common Stock issuable under such transferred Award would not be eligible to be registered on Form S-8 promulgated under the Securities Act.
- (g) Acquisitions and Other Transactions. The Committee may, from time to time, approve the assumption of outstanding awards granted by another entity, whether in connection with an acquisition of such other entity or otherwise, by either (i) granting an Award under the Plan in replacement of or in substitution for the awards assumed by the Company, or (ii) treating the assumed award as if it had been granted under the Plan if the terms of such assumed award could be applied to an Award granted under the Plan. Such assumption shall be permissible if the holder of the assumed award would have been eligible to be granted an Award hereunder if the other entity had applied the rules of this Plan to such grant.
- (h) Payment. Payment of an Award (i) may be made in cash, Common Stock or a combination thereof, as determined by the Committee in its sole discretion, (ii) shall be made in a lump sum or in installments as prescribed by the Committee in its sole discretion, and (iii) to the extent applicable, shall be based on the Fair Market Value of the Common Stock for the payment or exercise date. The Committee may permit or require the deferral of payment, subject to such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest, dividend equivalents or other forms of investment return.
- (i) Notice. If an Award involves an exercise, it may be exercised only by delivery to the Company of a written exercise agreement approved by the Committee (which need not be the same for each Grantee), stating the number of shares of Common Stock being purchased, the method of payment, and such other matters as may be deemed appropriate by the Company in connection with the issuance of shares upon exercise of the Award, together with payment in full of any exercise price for any shares of Common Stock being purchased. Such exercise agreement may be part of a Grantee's Award Agreement.
- (j) Withholding Taxes. The Committee may establish such rules and procedures as it considers desirable in order to satisfy any obligation of the Company to withhold the statutory prescribed minimum

Table of Contents

amount of federal or state income taxes or other taxes with respect to the grant, exercise or payment of any Award under the Plan, including procedures for a Grantee to have shares of Common Stock withheld from the total number of shares of Common Stock to be issued or purchased upon grant or exercise of an Award. Prior to issuance of any shares of Common Stock, the Grantee shall pay or make adequate provision acceptable to the Committee for the satisfaction of the statutory minimum prescribed amount of any federal or state income or other tax withholding obligations of the Company, if applicable. Upon grant, exercise or payment of an Award, the Company shall withhold or collect from the Grantee an amount sufficient to satisfy such tax withholding obligations.

(k) Exercise of Award Following Termination of Continuous Service.

- (i) An Award may not be exercised after the expiration date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.
- (ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.
- (iii) Any Option designated as an Incentive Stock Option, to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of an Optionee's Continuous Service, shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Option Agreement.
- (iv) The Committee shall have discretion to determine whether the Continuous Service of a Grantee has terminated and the effective date on which such Continuous Service terminates and whether the Grantee's Continuous Service terminated as a result of the Disability of the Grantee.

(l) Limitations on Exercise.

- (i) The Committee may specify a reasonable minimum number of shares of Common Stock or a percentage of the shares subject to an Award that may be purchased on any exercise of an Award; provided, that such minimum number will not prevent a Grantee from exercising the full number of shares of Common Stock as to which the Award is then exercisable.
- (ii) The obligation of the Company to issue any shares of Common Stock pursuant to the exercise of any Award or otherwise make payments hereunder shall be subject to the condition that such exercise and the issuance and delivery of such shares and other actions pursuant thereto comply with the Securities Act, all applicable state securities and other laws and the requirements of any stock exchange or national market system upon which the shares of Common Stock may then be listed or quoted, as in effect on the date of exercise. The Company shall be under no obligation to register the shares of Common Stock with the Securities and Exchange Commission or to effect compliance with the registration, qualification or listing requirements of any state securities laws or stock exchange or national market system, and the Company shall have no liability for any inability or failure to do so.
- (iii) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the shares of Common Stock are being purchased only for investment and without any present intention to sell or distribute such shares of Common Stock if, in the opinion of counsel for the Company, such a representation is required by any securities or other applicable laws.

- (m) Privileges of Stock Ownership. Except as provided in the Plan with respect to Bonus Stock Awards, no Grantee will have any of the rights of a shareholder with respect to any shares of Common Stock subject to an Award until such Award is properly exercised and the purchased or awarded shares are issued and delivered to the Grantee, as evidenced by an appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company. No adjustment shall be made for dividends or distributions or other rights for which the record date is prior to such date of issuance and delivery, except as provided in the Plan.
- (n) Breach; Additional Terms. A breach of the terms and conditions of this Plan or established by the Committee pursuant to the Award Agreement shall cause a forfeiture of the Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms, conditions or restrictions relating to the Award, including provisions pertaining to the termination of the Grantee's employment (by retirement, Disability, death or otherwise) prior to expiration of the Forfeiture Restrictions or other vesting provisions. Such additional terms, conditions or restrictions shall also be set forth in an Award Agreement made in connection with the Award.
- (o) Performance-Based Compensation. The Committee may designate any Award as "qualified performance-based compensation" for purposes of Section 162(m) of the Code. Any Awards designated as "qualified performance-based compensation" shall be conditioned on the achievement of any one or more Performance Criteria, and the measurement may be stated in absolute terms or relative to individual performances, comparable companies, peer or industry groups or other standard indexes, and in terms of Company-wide objectives or in terms of absolute or comparative objectives that relate to the performance of divisions, affiliates, departments or functions within the Company or an Affiliate. Notwithstanding any other provision of the Plan, the Committee may grant an Award that is not contingent on performance goals or is contingent on performance goals other than the Performance Criteria, so long as the Committee has determined that such Award is not intended to satisfy the requirements for "qualified performance-based compensation" within the meaning of Section 162(m) of the Code.

11. ADJUSTMENT UPON CHANGES IN CAPITALIZATION AND CORPORATE EVENTS

- (a) Capital Adjustments. The number of shares of Common Stock (i) covered by each outstanding Award granted under the Plan, the exercise, target or purchase price of each such outstanding Award, and any other terms of the Award that the Committee determines require adjustment and (ii) available for issuance under Sections 4 and 6 shall be adjusted to reflect, as deemed appropriate by the Committee, any increase or decrease in the number of shares of Common Stock resulting from a stock dividend, stock split, reverse stock split, combination, reclassification or similar change in the capital structure of the Company without receipt of consideration, subject to any required action by the Board or the shareholders of the Company and compliance with applicable securities laws; provided, however, that a fractional share will not be issued upon exercise of any Award, and either (i) any fraction of a share of Common Stock that would have resulted will be cashed out at Fair Market Value or (ii) the number of shares of Common Stock issuable under the Award will be rounded up to the nearest whole number, as determined by the Committee; and provided further that the exercise, target or purchase price may not be decreased to below either the Fair Market Value or the par value, if any, for the shares of Common Stock as adjusted pursuant to this Section 11(a). Except as the Committee determines, no issuance by the Company of shares of capital stock of any class, or securities convertible into shares of capital stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of shares of Common Stock subject to an Award.
- (b) Dissolution or Liquidation. The Committee shall notify the Grantee at least twenty (20) days prior to any proposed dissolution or liquidation of the Company. Unless specifically provided otherwise in an individual Award or Award Agreement or in a then-effective written employment agreement between

the Grantee and the Company or an Affiliate, to the extent that an Award has not been previously exercised, if applicable, such Award shall terminate immediately prior to consummation of such dissolution or liquidation.

- (c) Change in Control. Unless specifically provided otherwise with respect to Change in Control events in an individual Award or Award Agreement or in a then-effective written employment agreement between the Grantee and the Company or an Affiliate, if, during the effectiveness of the Plan, a Change in Control occurs, the surviving entity or purchaser described in Section 2(g), the “Purchaser”, shall either assume the obligations of the Company under the outstanding Awards or convert the outstanding Awards into awards of at least equal value as to capital stock of the Purchaser. In the event such Purchaser refuses to assume or substitute Awards pursuant to a Change in Control, each Award which is at the time outstanding under the Plan shall (i) except as provided otherwise in an individual Award or Award Agreement, automatically become, subject to all other terms of the Award or Award Agreement, fully vested and exercisable or payable, as appropriate, and be released from any repurchase or forfeiture provisions, immediately prior to the specified effective date of such Change in Control, for all of the shares of Common Stock at the time represented by such Award, (ii) the Forfeiture Restrictions applicable to all outstanding Bonus Stock Awards shall lapse and shares of Common Stock subject to such Bonus Stock Awards shall be released from escrow, if applicable, and delivered to the Grantees of the Awards free of any Forfeiture Restriction, (iii) all other Awards shall become fully vested and payment thereof shall be accelerated using, if applicable, the then-current Fair Market Value to measure any payment that is based on the value of the Common Stock or using such higher amount as the Committee may determine to be more reflective of the actual value of such stock, and (iv) notwithstanding any contrary terms in the Award or Award Agreement, expire on a date at least twenty (20) days after the Committee gives written notice to Grantees specifying the terms and conditions of such termination.
- (d) To the extent that a Grantee exercises an Award before or on the effective date of the Change in Control, the Company shall issue all Common Stock purchased by exercise of that Award (subject to the Grantee’s satisfaction of the requirements of Section 10(j)), and those shares of Common Stock shall be treated as issued and outstanding for purposes of the Change in Control. Upon a Change in Control, when the outstanding Awards are not assumed by the Purchaser, the Plan shall terminate and any unexercised Awards outstanding under the Plan at that date shall terminate.
12. SHAREHOLDER APPROVAL. The Company shall obtain the approval of the Plan by the Company’s shareholders to the extent required to satisfy Sections 162(m) or 422 of the Code or to satisfy or comply with any applicable laws or the rules of any stock exchange or national market system on which the Common Stock may be listed or quoted.
13. ADMINISTRATION. The Plan shall be administered by the Committee. The Committee shall interpret the Plan and any Awards granted pursuant to the Plan and shall prescribe such rules and regulations in connection with the operation of the Plan as it determines to be advisable for the administration of the Plan. The Committee may rescind and amend its rules and regulations from time to time. The interpretation by the Committee of any of the provisions of the Plan or any Award granted under the Plan shall be final and binding upon the Company and all persons having an interest in any Award or any shares of Common Stock purchased or other payments received pursuant to an Award. Notwithstanding the authority hereby delegated to the Committee to grant Awards to Employees and Directors under the Plan, the Board shall have full authority, subject to the express provisions of the Plan, to grant Awards to Employees and Directors under the Plan, to interpret the Plan, to provide, modify and rescind rules and regulations relating to it, to determine the terms and provision of Awards granted to Employees and Directors under the Plan and to make all other determinations and perform such actions as the Board deems necessary or advisable to administer the Plan. No member of the Committee or the Board shall be liable for any action taken or determination made in good faith with respect to the Plan or any Award granted hereunder.

14. EFFECT OF PLAN. Neither the adoption of the Plan nor any action of the Board or the Committee shall be deemed to give any Employee or Director any right to be granted an Award or any other rights except as may be evidenced by the Award Agreement, or any amendment thereto, duly authorized by the Committee and executed on behalf of the Company, and then only to the extent and on the terms and conditions expressly set forth therein. The existence of the Plan and the Awards granted hereunder shall not affect in any way the right of the Board, the Committee or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation or other transaction involving the Company, any issue of bonds, debentures, or shares of preferred stock ranking prior to or affecting the Common Stock or the rights thereof, the dissolution or liquidation of the Company or any sale or transfer of all or any part of the Company's assets or business, or any other corporate act or proceeding by or for the Company. Nothing contained in the Plan or in any Award Agreement or in other related documents shall confer upon any Employee or Director any right with respect to such person's Continuous Service or interfere or affect in any way with the right of the Company or an Affiliate to terminate such person's Continuous Service at any time, with or without cause.
15. NO EFFECT ON RETIREMENT AND OTHER BENEFIT PLANS. Except as specifically provided in a retirement or other benefit plan of the Company or an Affiliate, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or an Affiliate, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.
16. AMENDMENT OR TERMINATION OF PLAN. The Board in its discretion may, at any time or from time to time after the date of adoption of the Plan, terminate or amend the Plan in any respect, including amendment of any form of Award Agreement, exercise agreement, or instrument to be executed pursuant to the Plan; provided, however, to the extent necessary to comply with the Code, including Sections 162(m) and 422 of the Code, other applicable laws, or the applicable requirements of any stock exchange or national market system, the Company shall obtain shareholder approval of any Plan amendment in such manner and to such a degree as required. No Award may be granted after termination of the Plan. Any amendment or termination of the Plan shall not affect Awards previously granted, and such Awards shall otherwise remain in full force and effect as if the Plan had not been amended or terminated, unless mutually agreed otherwise in a writing (including an Award Agreement) signed by the Grantee and the Company.
17. EFFECTIVE DATE AND TERM OF PLAN. The Plan shall become effective March 29, 2006, which is the date of adoption of the Plan by the Board. The Plan shall continue in effect for a term of ten (10) years from March 29, 2006 and terminate on March 29, 2016, unless sooner terminated by action of the Board.
18. SEVERABILITY AND REFORMATION. The Company intends all provisions of the Plan to be enforced to the fullest extent permitted by law. Accordingly, should a court of competent jurisdiction determine that the scope of any provision of the Plan is too broad to be enforced as written, the court should reform the provision to such narrower scope as it determines to be enforceable. If, however, any provision of the Plan is held to be wholly illegal, invalid, or unenforceable under present or future law, such provision shall be fully severable and severed, and the Plan shall be construed and enforced as if such illegal, invalid, or unenforceable provision were never a part hereof, and the remaining provisions of the Plan shall remain in full force and effect and shall not be affected by the illegal, invalid, or unenforceable provision or by its severance.
19. GOVERNING LAW. The Plan and all issues or matters relating to the Plan shall be governed by, determined and enforced under, and construed and interpreted in accordance with the laws of the State of Texas.

20. INTERPRETIVE MATTERS. Whenever required by the context, pronouns and any variation thereof shall be deemed to refer to the masculine, feminine, or neuter, and the singular shall include the plural, and visa versa. The term “include” or “including” does not denote or imply any limitation. The captions and headings used in the Plan are inserted for convenience and shall not be deemed a part of the Plan for construction or interpretation.
21. SECTION 409A COMPLIANCE. Notwithstanding any other provision of the Plan to the contrary, it is not the intention of the Company that this Plan or any Award granted under the Plan result in unfavorable tax consequences to any Grantee under Section 409A of the Code. The Company intends that the Plan and any Award granted under the Plan shall at all times be exempt from or otherwise comply with the provisions of Code Section 409A. The provisions, terms and conditions of the Plan and any Award granted under the Plan may be amended at anytime, if necessary, in order to be exempt from or otherwise comply with the provisions of Code Section 409A; provided, however, that neither the Company nor a Grantee shall be required to assume an increased economic burden in connection with any such amendment.

4. The second sentence of Section 6 of the Plan shall be deleted and the following shall be substituted therefore:
