QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIAL, ANNUAL MEETING AND VOTING

Why am I receiving these proxy materials?

The Board is soliciting your proxy to vote at our Annual Meeting because you owned common shares at the close of business on April 15, 2011, the record date for the Annual Meeting (the "Record Date"), and are therefore entitled to vote at the Annual Meeting. This Proxy Statement, along with a proxy card, is being mailed to shareholders on or about April 22, 2011. We have also made these materials available to you free of charge on the Internet. This Proxy Statement summarizes the information that you need to know in order to cast your vote at the Annual Meeting. As a shareholder, your vote is very important and the Board strongly encourages you to exercise your right to vote. You do not need to attend the Annual Meeting in person to vote your shares, and we encourage you to vote even if you are unable to attend the Annual Meeting. If you are unable to attend the Annual Meeting in person, you may vote by Internet or by signing and returning the attached proxy card in the envelope provided. See "How do I vote my common shares" below.

When and where will the Annual Meeting be held?

The Annual Meeting will be held on Thursday, June 2, 2011, 10:00 a.m. (central time), at the Four Seasons Hotel, 1300 Lamar Street, Houston, Texas 77010.

Who is soliciting my proxy?

The Board is soliciting your proxy to vote on all matters scheduled to come before the Annual Meeting, whether or not you attend in person. By completing and returning the proxy card or by casting your vote via the Internet, you are authorizing the proxy holders to vote your shares at the Annual Meeting, as you have instructed.

On what matters will I be voting?

At the Annual Meeting, our shareholders will be asked:

1. To fix the Board of Directors at six (6) members (Proposal 1);
2. To elect six (6) members to the Board of Directors to serve until our 2012 annual meeting of shareholders and their successors are elected and qualified (Proposal 2);
3. To ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2011 (Proposal 3);
4. To approve on a non-binding advisory basis a resolution to approve the compensation of our Named Executive Officers as described in this Proxy Statement, including in "Compensation Discussion and Analysis" and the tabular and narrative disclosure such compensation located elsewhere in the Proxy Statement, pursuant to the compensation disclosure rules of the SEC (Proposal 4);
5. To approve on a non-binding advisory basis a resolution to determine the frequency (every one, two or three years) with which an advisory vote on the compensation of our Named Executive Officers should be held (Proposal 5); and
6. To transact any such other business as may properly be brought before the Annual Meeting or any adjournment or postponement thereof.

We do not expect any matters to be presented for action at the Annual Meeting other than the items outlined above. By signing and returning the enclosed proxy, however, you grant the persons named as proxies

discretionary voting authority with respect to any other matter that may properly come before the Annual Meeting. Such persons intend to vote on any such other matter in accordance with their best judgment.

In addition, our executive management will report on our business and financial performance during fiscal year 2010 and respond to your questions.

How does the Board recommend that I cast my vote?

The Board unanimously recommends that you vote:

- FOR fixing the Board at six (6) members;
- **FOR** election to the Board of each of the six (6) nominees for director listed in this Proxy Statement, to serve until our annual meeting of shareholders in 2012 and until their successors are elected and qualified;
- **FOR** the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2011;
- **FOR** the non-binding resolution approving the compensation of our Named Executive Officers, as disclosed in this Proxy Statement including in “Compensation Discussion and Analysis” and the tabular and narrative disclosure such compensation located elsewhere in the Proxy Statement, pursuant to the compensation disclosure rules of the SEC; and
- **FOR** an advisory vote on the compensation of our Named Executive Officers to be held every two years.

How many votes may I cast?

Each of our common shares that you own on the Record Date entitles you to cast one vote on each matter that is properly brought before the Annual Meeting.

How many votes can be cast by all shareholders?

As of the Record Date, there were 64,863,308 common shares outstanding and entitled to vote at the Annual Meeting.

Is my vote important?

Your vote is important regardless of how many common shares you own. Please take the time to vote. Please read the instructions below, choose the way to vote that is easiest and most convenient for you and cast your vote as soon as possible.

Can I vote if my shares are held in “street name”?

If your common shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the common shares held in “street name”. As the beneficial owner, you have the right to direct your broker or nominee how to vote your common shares and are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtained a signed proxy from the record holder giving you the right to vote the shares. In order to vote your common shares, you will need to follow the directions your bank or brokerage firm provides you.

What are broker non-votes and abstentions?

If you hold your shares in “street name,” you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority.

Table of Contents

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a “broker non-vote” results. Although any broker non-vote would be counted as present at the meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when shareholders are present at the annual meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the shareholders are voting.

If your shares are held in street name and you do not give voting instructions, the record holder will not be permitted to vote your shares with respect to the fixing the Board at six members, the election of directors, the advisory vote on executive compensation and the advisory vote on the frequency of executive compensation advisory votes, and your shares will be considered “broker non-votes” with respect to these proposals. If your shares are held in street name and you do not give voting instructions, the record holder will nevertheless be entitled to vote your shares with respect to ratification of the appointment of BDO USA, LLP in the discretion of the record holder.

How many common shares must be present to hold the Annual Meeting?

A quorum of shareholders is necessary for a valid Annual Meeting. The required quorum for the transaction of business at the Annual Meeting is the presence, either in person or by proxy, of a holder or holders of not less than 5% of the total outstanding common shares entitled to vote at the Annual Meeting. Abstentions and broker non-votes will be counted for the purpose of determining the presence of a quorum.

What vote is required to elect the directors and to approve each of the proposals discussed in this Proxy Statement?

<u>Proposal</u>	<u>Vote Required</u>
To fix the Board at six (6) members.	A majority of votes cast by shares present, in person or by proxy, and entitled to vote.
To elect six (6) members to the Board to serve until our annual meeting in 2012 or until their successors are qualified and elected.	The six (6) directors who receive the greatest number of votes cast by shares present, in person or by proxy, and entitled to vote.
To ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2011.	A majority of votes cast.
To approve the compensation of our Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC.	A majority of votes cast.
To approve the frequency (every one, two three years) with which an advisory vote on the compensation of our Named Executive Officers should be held.	The option (one, two or three years) that receives the majority of votes cast by shareholders present, in person or by proxy, and entitled to vote; provided, however, if no option receives a majority of votes cast, the option that receives the greatest number of votes cast.

As noted above, shares represented by broker non-votes are not considered entitled to vote and are not considered votes cast. Abstentions are counted as present and entitled to vote, but are not considered votes cast. With respect to fixing the Board at six (6) members, abstentions and broker non-votes will have no effect on the result of the vote. With respect to the election of directors, votes may be cast in favor of or withheld from the

Table of Contents

election of each nominee and the nominees with the most votes are elected. Accordingly, votes that are withheld from a director's election will count toward a quorum but will not affect the outcome of the vote on the election of a director. Also, broker non-votes will not be counted as votes cast and will not affect the outcome of the vote on the election of a director. With respect to the advisory vote on executive compensation and the advisory vote on the frequency of executive compensation advisory votes, for which the affirmative vote of the holders of a majority of the votes cast is required, abstentions and broker non-votes will not be counted as votes cast and therefore will not affect the outcome of the vote. With respect to the ratification of the appointment of BDO USA, LLP, abstentions are not considered to be votes cast and therefore will not affect the outcome of the vote.

While the advisory vote on executive compensation and the advisory vote on the frequency of executive compensation advisory votes are required by law, the outcome of either will not be binding on our company or the Board, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, our company or the Board. However, the Compensation Committee will take into account the outcome of the advisory vote on executive compensation when considering future executive compensation decisions. Likewise, the Board will take into account the outcome of the advisory vote on the frequency of executive compensation advisory vote in making a determination on the frequency at which advisory votes on executive compensation will be included in our proxy statements for future annual meetings.

How do I vote my common shares?

If you own your common shares as of the Record Date, you may vote by submitting your proxy by mail, by the Internet or in person at the Annual Meeting.

To Vote by Mail. You may vote by completing and signing the proxy card that accompanies this Proxy Statement and promptly mailing it in the enclosed envelope. The common shares you own will be voted according to the instructions on the proxy card that you provide. If you return the proxy card but do not give any instructions on a particular matter described in this Proxy Statement, the common shares you own will be voted in accordance with the recommendations of the Board. In order to be valid and acted upon at the Annual Meeting, your proxy card must be received by our registrar and transfer agent, American Stock Transfer & Trust Company, Attention: Proxy Department, 6201 15th Avenue, Brooklyn, New York 11219, at least 24 hours before the time of the Annual Meeting or any adjournment thereof, excluding weekends and holidays.

To Vote by the Internet. You may vote online by going to the following Internet address: <http://www.proxyvote.com>. Please have your proxy card available and follow the instructions to obtain your records and create an electronic ballot. You may use the Internet to vote your proxy 24 hours a day, seven days a week until 11:59 p.m. (central time) on June 1, 2011.

To Vote in Person. If you attend the Annual Meeting, you may vote by delivering your completed proxy card in person or by completing a ballot, which will be available at the Annual Meeting. Attending the Annual Meeting without delivering your completed proxy card or completing a ballot will not count as a vote. Submitting a proxy via mail or by Internet will not prevent you from attending the Annual Meeting and voting in person.

Can I change my vote after I have mailed my proxy card?

You can change your vote and revoke your proxy by doing any one of the following:

- Submitting written notice to that effect or a new proxy to our Secretary at our registered office at any time up to and including the last business day preceding the day of the Annual Meeting;
- Submitting written notice to that effect or a new proxy to the chairperson of the Annual Meeting at the Annual Meeting at any time before the polls close at the Annual Meeting;
- Voting in person at the Annual Meeting; and
- In any other manner permitted by law.

Table of Contents

Your attendance at the Annual Meeting alone will not revoke your proxy.

Will any other business be conducted at the Annual Meeting or will other matters be voted on?

We do not expect any matters to be presented for action at the Annual Meeting other than the items discussed in this Proxy Statement. If any other matter properly comes before the Annual Meeting, the persons named in the proxy card, whether you submit your proxy in person, over the Internet or by mail, will exercise their judgment in deciding how to vote, or otherwise act, at the Annual Meeting with respect to that matter or proposal.

May I propose actions for consideration at next year's annual meeting or nominate individuals to serve as directors?

You may submit proposals for consideration at future annual meetings. See "Shareholder Proposals and Nominations" for information regarding the submission of shareholder proposals at next year's annual meeting.

Where can I find the voting results?

We will report the voting results in a periodic report on Form 8-K with the SEC within four business days of the Annual Meeting.

Who bears the costs of soliciting these proxies?

We will bear the entire cost of the solicitation of proxies, including preparation, assembly, printing and mailing of this Proxy Statement, the proxy card and the other proxy materials furnished to shareholders. Our directors, officers and full-time employees may solicit proxies by telephone, e-mail and personal interviews without additional compensation for these services. We will furnish copies of solicitation materials to banks, brokerage houses, fiduciaries and custodians holding in their names common shares beneficially owned by others to forward to such beneficial owners. We will reimburse banks and brokers for their reasonable out-of-pocket expenses incurred in connection with the distribution of our proxy materials.

In April 2009, pursuant to an order of the Ontario Securities Commission, the securities of Storm Cat were “cease traded” for a failure to file audited annual financial statements, management’s discussion and analysis and an annual information form, all for the year ended December 31, 2008, and such order remains in effect as of the date hereof.

CORPORATE GOVERNANCE

Information about the Board

The Board believes that good corporate governance improves corporate performance and benefits all shareholders. The Canadian Securities Administrators (the “CSA”) have adopted National Policy 58-201 *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as us. In addition, the CSA have implemented National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”), which prescribes certain disclosure by us of our corporate governance practices.

This section sets out our approach to corporate governance and addresses our compliance with NI 58-101 and NYSE Amex listing requirements.

Mandate of the Board

The Board is responsible for managing our business affairs. The primary responsibility of the Board is to promote our best interests and the best interests of our shareholders. This responsibility includes: (i) approving annual capital expenditure budgets and general and administrative expense budgets and reviewing fundamental

operating, financial and other corporate plans, strategies and objectives; (ii) outlining key operating parameters including debt levels and ratios; (iii) evaluating our performance and the performance of our senior management; (iv) determining, evaluating and fixing the compensation of executive officers; (v) adopting policies of corporate governance and conduct; (vi) considering risk management matters; (vii) reviewing the process of providing appropriate financial and operational information to shareholders and the public generally; and (viii) evaluating the overall effectiveness of the Board. The Board explicitly acknowledges its responsibility for our stewardship. The Board reviews with management matters of strategic planning, business risk identification, succession planning, communications policy and integrity of internal control and management information systems. The Board fulfills its responsibilities through regular and special meetings.

Current Members of the Board

The Board currently is comprised of six (6) members. The Board has determined that each member of the Board, with the exception of Mr. Porter, has no material relationship with us (either directly or as partners, shareholders or officers of an organization that has a relationship with us) and is independent within the meaning of the NYSE Amex listing requirements and the rules and regulations of NI 58-101 director independence standards. Mr. Porter, as our President and Chief Executive Officer, is not considered to be independent. Further, the Board has determined that each of the members of the Audit Committee, the Compensation Committee, the Corporate Nominating & Governance Committee and the Reserves Review Committee has no material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent within the meaning of the NYSE Amex listing requirements and the rules and regulations of NI 58-101 director independence standards.

The following sets forth the current committee memberships of our six directors:

Board and Committee Meetings

The Board meets a minimum of four (4) times per year. In addition, the Board meets at such other times as may be required if it is not possible to deal with our business at a regularly scheduled quarterly meeting.

The Board facilitates its independent supervision over management in a number of ways, including by holding regular meetings at which members of management and non-independent directors are not in attendance and by retaining independent consultants where it deems necessary.

For the year ended December 31, 2010, each member of the Board and each director that was a member of a committee attended at least 75% of all meetings held by the Board and each committee of which he was a member at the time of the meeting; except, Mr. Price, who was absent from the one Reserves Review Committee meeting.

Table of Contents

The following discloses the number of Board and committee meetings held during 2010 and the attendance of each director during the time in which he was a member of the Board and of a committee:

(1) Mr. Rooney resigned from the Board effective March 8, 2011 and was replaced, effective immediately, by Mr. Cassels.

Board Composition and Leadership Structure

Mr. Price was appointed Chairman of the Board effective upon the resignation of Mr. Rooney, the previous Chairman, on March 8, 2011. Our President and Chief Executive Officer, Mr. Porter, serves as a director.

In January 2010, we separated the positions of Chairman of the Board and Chief Executive Officer, at which time we named Mr. Rooney as Chairman, and the Board approved amendments to our Bylaws to effect and require such separation. The Board determined that the separation of these roles would maximize management's efficiency and further our ongoing efforts to strengthen corporate governance and assure shareholder representation and the independent, objective and effective oversight of management. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman to lead the Board in its fundamental role of providing guidance to and oversight of management. The Board, however, periodically reviews its leadership structure and may make changes in the future as it deems appropriate and in the best interests of the Company and our shareholders. At our 2010 annual meeting of shareholders, our shareholders approved and ratified the above referenced amendments to our Bylaws.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on our properties, business, operations and industry and on the responsibilities of directors. Board meetings may also include presentations by our management and employees to give the directors additional insight into our business. New directors are provided with access to our publicly-filed documents, technical reports and internal financial information and copies of all of the minutes of Board and committee meetings and corporate governance materials are made available to director nominees. Directors are encouraged to ask questions and communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation.

Nomination of Directors

The Board has delegated the responsibility of identifying new director candidates to the Corporate Nominating & Governance Committee. The process and responsibility of the Corporate Nominating & Governance Committee is set forth on page 14 under the heading "Corporate Nominating & Governance Committee".

Compensation

The Board has delegated the responsibility of determining compensation strategies and recommending the forms and amounts of compensation for directors, officers, consultants and employees to the Compensation Committee. Please refer to the disclosure on page 13 under the heading "Compensation Committee".

Position Descriptions

The roles and responsibilities of the Chief Executive Officer are established each year through discussions by and among the Chief Executive Officer, the Compensation Committee and the Board. The roles and responsibilities of the Chief Executive Officer are reviewed, discussed and further defined on an ongoing basis through meetings of the Board and the committees of the Board.

Board Evaluations/Assessments

We have established procedures and surveys for assessing and evaluating the performance of the Board. The surveys completed by each director are summarized and discussed by the Board as a whole with the objective of making appropriate changes to the Board's policies or procedures to ensure greater Board effectiveness.

Code of Conduct and Ethics

We adopted a Code of Conduct and Ethics for all employees, including our executive officers on December 15, 2005, which was amended and restated on March 22, 2011. A copy of our Code of Ethics, as amended and restated, is available free of charge on our website at www.gastar.com. A copy of our Code of Conduct and Ethics will also be provided to any person without charge, upon request. Such requests should be directed to our Secretary at 1331 Lamar Street, Suite 650, Houston, Texas 77010.

Communications with the Board

Shareholders or other interested parties may send communications to the Board by writing to our Secretary at 1331 Lamar Street, Suite 650, Houston, Texas 77010. Our Secretary will forward to the directors all communications that, in her judgment, are appropriate for consideration by the directors. Comments or complaints relating to our accounting, internal accounting controls or auditing matters will be referred to our Audit Committee. Our Audit Committee has procedures for (i) receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. The "Whistleblower" policies and procedures adopted by the Audit Committee are available free of charge on our website at www.gastar.com.

Attendance at the Annual Meeting of Shareholders

We do not have a formal policy with regards to director attendance at the annual meetings of shareholders. In 2010, Messrs. Coley, Price and Selser were the only outside directors to attend our annual meeting of shareholders.

INFORMATION ABOUT OUR COMMITTEES OF THE BOARD

The Board has designated a standing Audit Committee, Compensation Committee, Reserves Review Committee and Corporate Nominating & Governance Committee. Each committee has a written charter that has been approved by the Board, which sets forth guidance on the role of the chairman of such committee and the roles and responsibilities of the committee as a whole. In March 2011, the Board and its committees undertook an extensive review of its existing committee charters, Code of Conduct and Ethics and other governance policies. The Board adopted revisions to these charters, the Code of Conduct and Ethics and other governance policies to reflect governance trends and best practices. Each charter is available free of charge on our website at www.gastar.com. A copy of each charter will be provided to any person without charge, upon request. Compensation Committee

The Compensation Committee currently consists of Messrs. Selser (Chairman), Coley and Price, each of whom the Board has determined to be independent according to the definition of independence used in the NYSE Amex listing standards. None of our executive officers serves as a member of a board of directors or compensation committee (or committee performing similar functions) of any other entity, one or more of whose executive officers serve on the Board or Compensation Committee. The Compensation Committee met four (4) times during 2010.

The aim of the Compensation Committee is to award and compensate our officers and employees in a manner which provides incentives for the enhancement of shareholder value, for the successful implementation of our business plan and for continuous improvement in corporate and personal performance. The compensation program is based on a pay-for-performance philosophy and consists of three components: base salary, annual incentive (bonus) paid in cash and long-term equity based incentives.

The Compensation Committee reviews and recommends the compensation philosophy and guidelines for us which include reviewing the compensation philosophy and guidelines for employees, including recommendation to the Board for its consideration and approval related to annual salary, incentive policies and programs, material new benefit programs and material changes to existing benefit programs.

Table of Contents

On an annual basis, the Compensation Committee reviews the cash compensation, performance and overall compensation package for each executive officer. It then submits to the Board recommendations with respect to the base salary, bonus and participation in long-term incentive compensation arrangements for each executive officer. In conducting its review, the Compensation Committee was satisfied that all recommendations complied with the Compensation Committee's philosophy and guidelines. In determining 2010 annual incentive cash awards, the Compensation Committee used compensation data previously provided by Longnecker & Associates ("L&A"), a company that monitors executive and board compensation, equity grants and award policies and corporate compensation practices. For more information on the role of the Compensation Committee and the use of independent consulting firms and market data, see "Executive Compensation" below.

A copy of the Charter for the Compensation Committee is available free of charge on our website at www.gastar.com.

Reserves Review Committee

The Reserves Review Committee currently consists of Messrs. Price (Chairman), Cassels and Selser. The Reserves Review Committee met one (1) time during 2010. Its responsibilities include:

- Reviewing our procedures for providing information to the independent qualified reserve evaluator;
- Participating annually in meetings with the independent qualified reserve evaluator to determine whether there are any restrictions that could affect the ability of the evaluator to report without reservation; and
- Reviewing our reserve data with management and the independent qualified reserve evaluator.

A copy of the Charter for the Reserves Review Committee is available free of charge on our website at www.gastar.com.

Corporate Nominating & Governance Committee

In September 2010, we combined the activities of the Corporate Governance and Nomination Committees into one committee. The Corporate Nominating & Governance Committee currently consists of Messrs. Coley (Chairman), Penner and Price, each of whom the Board has determined to be independent under the definition of independence used in the NYSE Amex listing standards. The Corporate Nominating & Governance Committee met one (1) time during 2010.

With respect to governance activities, the Corporate Nominating & Governance Committee has the responsibility of monitoring our overall approach to corporate governance issues which include:

- Responding to governance recommendations or guidelines from various regulatory authorities;
- Ensuring that there are adequate policies and procedures in effect to allow us to meet all continuous disclosure requirements;
- Ensuring that adequate policies and procedures are in effect to identify and manage principal risks of our business; and
- Reviewing annually our strategic planning process.

With respect to nominations, the Corporate Nominating & Governance Committee assists the Board in ensuring that the Board is comprised of individuals who are best able to discharge the responsibilities of directors, having an understanding of our industry, stage of growth, the law and the highest standards of governance. The tasks and responsibilities are defined in the Charter of the Corporate Nominating & Governance Committee, which was approved by the Board.

Table of Contents

The Board currently does not have a policy relating to consideration of director nominees by our shareholders. The Board may consider such a policy in the future. At present, the Board believes that the Corporate Nominating & Governance Committee is in the best position to identify and evaluate director candidates. New candidates are identified by the Corporate Nominating & Governance Committee, whose responsibility is to develop, annually update and recommend to the Board for approval, a long-term plan for the composition of the Board that takes into consideration the following: (i) the independence of each director; (ii) the competencies and skills the Board, as a whole, should possess; (iii) the current strengths, skills and experience represented by each director, as well as each director's personality and other qualities as they affect dynamics of the Board; and (iv) our strategic direction. Although we do not have a policy regarding the consideration of diversity in assessing a director nominee, the Board considers the individual's background, experience and competencies that the Board desires to have represented among its members. From time to time, the Corporate Nominating & Governance Committee has used a third party to assist it in identifying and evaluating potential director candidates. Most recently in 2009, the Corporate Nominating & Governance Committee engaged Preng & Associates, an executive search firm, to identify potential director nominees with strong technical and operational backgrounds.

In March 2011, the Corporate Nominating & Governance Committee considered and approved our six (6) director nominees. Our full Board, including our non-independent director, then considered and approved the nominees recommended by the Corporate Nominating & Governance Committee.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information regarding the compensation paid to J. Russell Porter, our President and Chief Executive Officer (“CEO”), and paid to Michael A. Gerlich, our Chief Financial Officer (“CFO”). These individuals are referred to as “Named Executive Officers”. Messrs. Porter and Gerlich are our only Named Executive Officers.

Compensation Philosophy and Objectives

Our executive compensation program is designed to provide compensation at a level necessary to retain talented and experienced executives and to motivate them to achieve both short-term and long-term corporate goals that enhance shareholder value. Consistent with this philosophy, following are the key objectives of our compensation programs.

Attract, Motivate and Retain Key Employees . Our executive compensation program is shaped by the competitive market for management talent in the independent natural gas and oil exploration and production industry. We believe our executive compensation should be comparable to that of the companies with which we compete for talent. Our goal is to provide compensation and benefits at levels that attract, motivate and retain superior executive talent for the long-term.

Shareholder Interest Alignment . One of the objectives of our executive compensation program is to ensure that an appropriate relationship exists between executive pay, our financial performance and the creation of shareholder value. We believe that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and shareholder interests. Our compensation program aligns pay to performance by making a substantial portion of total executive compensation variable, or “at-risk”, through an annual bonus program based on our performance goals and the granting of long-term incentive equity awards, which have included restricted common shares and stock options. As performance goals are met, not met or exceeded, executives are rewarded commensurately.

Determination of Executive Compensation

Role of the Compensation Committee. Executive compensation is the responsibility of the Compensation Committee (the “Committee”). The Committee operates under a written charter adopted by the Board. Randolph C. Coley, Floyd R. Price and John M. Selser are members of the Board and the current members of the Committee. Mr. Selser is the current Committee Chairman. Each member of the Committee qualifies as an independent director under the NYSE Amex LLC listing standards and under the Exchange Act. A copy of the Committee’s charter is available to shareholders on our website at www.gastar.com.

Philosophy of the Committee. The Committee’s philosophy is strongly driven by a “Pay for Performance” compensation approach that focuses on enhancing shareholder value. The Committee presently targets total compensation, which consists of base salary, annual incentive awards and long-term stock awards at the 50th percentile of its peer group as defined by an independent third party compensation consultant. If management’s efforts cause the Company’s results to materially exceed or lag behind the results of its peer group, total compensation may be adjusted upward or downward from the 50th percentile. The Committee believes that this approach awards and compensates our Named Executive Officers in a manner that fairly provides incentives for the enhancement of shareholder value, for the successful implementation of our business plan and the continuous improvement in corporate and personal performance.

During 2010, the Committee reviewed the cash compensation, performance and overall compensation package for each Named Executive Officer. It then submitted to the Board recommendations with respect to the salary, bonus and participation in equity-based compensation arrangements for each Named Executive Officer. In conducting its review of management’s recommendations, the Committee was satisfied that all recommendations complied with the Committee’s philosophy and guidelines.

Table of Contents

Interaction between the Compensation Committee and Management. Our CEO plays an important role in the executive compensation process and is closely involved in assessing the performance of our CFO, who is our other Named Executive Officer. He also makes recommendations to the Committee regarding base salary, bonus targets, and performance goals established for the annual incentive plan, as well as weighting and equity compensation for our CFO. Our CEO's recommendations are based on his review of any market or peer group analysis data provided by our compensation consultant, an assessment of our CFO's responsibilities and performance, our performance and the compensation that companies in our peer group pay their executives in comparable positions. Our CFO also plays an important role in our executive compensation process. He makes recommendations to the Committee regarding the structure of the annual cash bonus awards program and the target size of such awards. These recommendations are drawn from his previous work experience, informal discussions with other CFOs and review of publicly filed information of other similarly-sized natural gas and oil companies regarding their bonus programs .

Role of Consultant and Market Analysis. For 2010, the Committee utilized 2009 data previously supplied by L&A. For the purposes of its report, L&A's engagement objectives in 2010 included:

- Review total direct compensation (base salary, annual incentives and long-term incentives) for the Named Executive Officers;
- Assess the market competitiveness of executive compensation as compared to our peer group and published surveys of other companies in the natural gas and oil industry with revenues and capital assets comparable to our revenue and capital assets; and
- Provide conclusions and recommendations for current total direct compensation packages for our Named Executive Officers.

L&A's approach to this study was based upon its experience in the design of executive compensation programs in the energy industry and external market data procured from the marketplace in which we compete for top-level talent. This experience, along with its competitive market analysis, allowed L&A to make compensation recommendations that provide us with information to attract, retain, and motivate top-level executive talent. Additionally, L&A's recommendations were tailored to balance external market data and our internal environment to ensure fiscal responsibility.

Specifically, L&A's approach was to gather compensation data from (a) public peer companies and (b) published salary surveys and to conduct a market comparison analysis of the gathered data. Prior to beginning its analysis, L&A reviewed the composition of our peer group to assess the continued appropriateness of the group and ensure that the included companies were still relevant for comparative purposes. Based on its review, L&A recommended that companies that had been acquired or delisted , as well as companies whose geographic scope and nature of operations differed from ours be removed. L&A also expanded the number of companies included in our peer group, which was comprised of companies with a similar production profile, revenue base and size, as measured by market capitalization. The updated peer group was approved by the Committee as representative of the sector in which we operate. Next, L&A analyzed current total direct compensation (base salary, plus annual incentive, plus long-term incentive), as compared to the updated peer group and published survey data based on industry, size and performance. This was followed by developing conclusions and recommendations, which was reported to the Committee.

Companies reviewed by L&A (the "Peer Group") included:

Abraxas Petroleum Corp.
Approach Resources Inc.
Brigham Exploration Co.
Carrizo Oil & Gas Inc.
Crimson Exploration Inc.
Double Eagle Petroleum Co.
GeoResources Inc.

Based upon 2009 comparative pay information of our peer group developed by L&A and published survey data, the Committee determined that the Named Executive Officers' (a) 2010 base salaries were slightly above the 75th percentile of our Peer Group, (b) 2010 total cash compensation (base salary, plus the annual cash incentive award) were approximately midway between the 50th percentile and 75th percentile, (c) 2010 long-term equity awards were below the 50th percentile for our CEO and for our CFO slightly above the 50th percentile, and (d) 2010 total direct compensation (base salary, plus the annual cash incentive award, plus equity incentive awards) were approximately midway between the 50th percentile and 75th percentile. Based upon these findings, the Committee believes that the individual pay components and total direct compensation levels of the Named Executive Officers in 2010 was fair, reasonable and aligned with competitive pay practices of our Peer Group and the published survey data.

Though we review information regarding the compensation practices of our Peer Group of companies and the survey data just discussed, individual compensation decisions for our Named Executive Officers, other than the CEO, are subject to upward or downward adjustment, based on the recommendations of our CEO and a number of factors related to both corporate and individual performance. We use the data regarding the pay practices of companies in our Peer Group as a reference point and as a guide to competitiveness and reasonableness, but we do not adhere to rigid targets, based upon the compensation components of employees at companies within that group. Our present objective is to maintain total direct compensation, consisting of base salary, performance-based cash compensation and equity awards, in proximity to the 50th percentile of our Peer Group. However, the Committee has the discretion to adjust an award upward or downward to account for individual achievement in the last fiscal year, the requirements of a particular position, and market competitiveness for a particular individual's skills and services, among other factors.

Compensation for our Named Executive Officers and Rationale

Base Salary. Base salary represents the fixed element of the Named Executive Officers' cash compensation. The base salary reflects results of individual negotiations, economic consideration for each individual's level of responsibility, expertise, skills, knowledge, experience and performance and reasonable comparability of similar executive base salaries for executives employed by our peer group companies. Each of our Named Executive Officer's initial annual salary was set in his respective employment agreement but may be adjusted upward or downward at the discretion of the Committee on the anniversary date of each officer's employment. In 2010, the Committee did not adjust the base salary amounts for Messrs. Porter or Gerlich, which slightly exceed the 75th percentile of Peer Group.

Annual Cash Incentive Awards. Our annual cash incentive awards reflect our philosophy to reward performance. These awards provide our Named Executive Officers with an opportunity to earn an annual cash bonus based on pre-established operational and financial performance targets and an evaluation of individual performance. In April 2010, we increased the targeted bonus percentages of our CEO and CFO to 75% and 50% of their respective base salary amounts so that a target payout would approximate the 50th percentile of annual cash incentive awards granted by the Peer Group. For 2010, the Committee approved a \$1,040,000 total Company target cash bonus pool, which was based on the sum of each of our employee's "target bonus" opportunity expressed as a percentage of the employee's base salary. The bonus pool is accrued throughout the year, and bonuses are paid out early in the following year. The bonus pool is capped at the lesser of twice the target cash bonus pool total or 10% of earnings before interest, taxes and depreciation and amortization.

At the beginning of the year and as part of our budgeting process, specific operational and financial target criteria are established by the Committee. In developing the appropriate target criteria and their respective

Table of Contents

weightings, the Committee analyzes the relative importance of each of the target criteria to our business strategy for the upcoming year. Each criterion is given a certain weighting, with 75% of the 2010 potential bonus opportunity contingent on the achievement of specific operational factors and 25% contingent on the achievement of a financial performance factor. During the year, operational and financial performance is measured against the criteria. Judgments that the criteria are being met or not being met may lead to an increase in the pool and an adjustment in the bonus accrual. Criteria and weightings used in 2010 were as follows:

<u>Goal</u>	<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>	<u>Actual</u>	<u>Weighting</u>
Target average annual production (MMcfed)	26.7	30.5	34.3	21.0	15%
Target proved reserve additions (Bcfe)	15.3	18.0	20.7	8.6	15%
Texas average finding costs (\$/Mcf)	\$ 2.86	\$2.60	\$ 2.34	\$4.94	20%
Texas average controllable lifting costs (\$/Mcf)	\$ 0.42	\$0.38	\$ 0.34	\$0.52	15%
Average cash G&A expense (\$/Mcf)	\$ 0.79	\$0.72	\$ 0.65	\$1.55	10%
Operating cash flow (\$ in millions)	\$ 23.0	\$34.4	\$ 35.0	\$10.9	25%

If threshold targets are not met with respect to a criterion, then the portion of the bonus allocable to that criterion is not paid. At the end of the year, an approved bonus pool is calculated based on the bonus pool criteria accomplishments. The amount of the calculated bonus pool is subject to adjustment and final approval by the Committee. For 2010, the Company's bonus pool target was \$1,040,000. Because none of our operational or financial target goals were achieved, neither of our Named Executive Officers was entitled to receive annual cash incentive payouts.

The Committee's policy is not to award bonuses if performance targets are not met. The Board, however, maintains the ability to award discretionary bonuses if warranted. In light of the contributions of our Named Executive Officer during 2010, the Committee elected to pay discretionary bonuses of \$200,000 and \$50,000, respectively, to Messrs. Porter and Gerlich. Pursuant to Mr. Porter's employment agreement, Mr. Porter is guaranteed a bonus equal to 20% of his annual base salary. Therefore, \$100,000 of his \$200,000 bonus was a guaranteed payment. In considering whether to award the discretionary bonuses in the amount of \$100,000 and \$50,000, respectively, to Messrs. Porter and Gerlich, the Committee specifically considered the efforts of Messrs. Porter and Gerlich during 2010 related to securing a joint venture partner for our activities in the Marcellus Shale and the continuation of building our position in the Marcellus Shale, which we believe will be cornerstone of future growth. We paid the discretionary cash bonuses in early February 2011.

For 2011, the Committee is reviewing the bonus metrics and the amount of the target bonus pool. The 2011 metrics are expected to be similar to those used in 2010. In addition, the Committee is reviewing additional metrics for the Named Executive Officers, which will measure not only various operational attributes on a per share basis but also will measure our per share price performance against a select peer group of companies similar in size and operations to Gstar. The intent of the Committee is to introduce share value as a part of the overall evaluation of our performance bonus for compensation purposes for our Named Executive Officers.

Long Term Stock-based Compensation. We believe that stock-based compensation is the most effective means of linking compensation provided to our Named Executive Officers with long-term operational success and increases in shareholder value. The Board has discretionary authority to determine granting and vesting periods of stock option and restricted common share grants. We use stock-based compensation as a long-term vehicle for compensation because we believe:

- Stock-based compensation aligns the interests of our Named Executive Officers with those of the shareholders by providing equity participation to our Named Executive Officers; and
- The vesting period incorporated into stock-based compensation fosters a longer-term perspective necessary for executive retention, stability and continuity.

Prior to the adopting of the 2006 Plan, the only vehicle that was available to us for long-term equity incentives was grants of stock options. After the adoption of the 2006 Plan, grants of restricted common shares

Table of Contents

became available as incentive vehicle. During 2007 and 2008, grants of restricted common shares to employees were used as long-term compensation to balance the types of equity incentives that employees had received to date. This change occurred in response to the Committee's judgment that to retain and attract qualified employees we needed a more definable deferred monetary incentive than was being provided by stock option grants alone. Typically, restricted common shares are granted to new hires at the time of employment and to all others, including our Named Executive Officers and directors, in the first half of the year, as determined by the Committee. In 2009, a combination of stock options and restricted common shares were granted as long-term equity incentives. In 2010, based on our determination that our Peer Group and other competitors had shifted the composition of their equity awards to consist primarily of restricted stock awards, we granted only restricted common share awards. The Committee adheres to our policy of only granting stock-based compensation grants during open trading windows. The 2010 grants of restricted common shares vest in one-quarter increments on the first, second, third and fourth anniversaries of the grant, a vesting period that the Committee believes is an appropriate balance between longer term incentive coupled with an element of shorter term reward.

In 2010, Messrs. Porter and Gerlich received restricted common share grants of 125,000 shares and 87,500 shares, respectively. The fair values of these grants calculated to be 125% and 145% of Messrs. Porter's and Gerlich's base salary, respectively, which placed Mr. Porter at 89% of the market 50th percentile and Mr. Gerlich at 102% of the market 50th percentile. The goal of the Committee has been to move more of the Named Executive Officers' total executive compensation to variable, or "at-risk", and thus further align the interest of the officer with the shareholders by providing the Named Executive Officers a greater stake in our long-term performance. The 2010 grants were consistent with this goal.

All Other Compensation. The Named Executive Officers are eligible to participate on a non-discriminatory basis in the same comprehensive benefits as are offered to all full-time employees. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees.

Tax Deductions for Compensation

In conducting our executive compensation programs, the Committee considers the effects of Section 162(m) of the Internal Revenue Code ("Section 162(m)"), which denies publicly held companies a tax deduction for annual compensation in excess of \$1.0 million paid to their chief executive officer or any of their four other most highly compensated executive officers, other than the chief financial officer, who are employed on the last day of a given year, unless their compensation is based on performance criteria that are established by a compensation committee which is made up of outside directors and approved, as to their material terms, by our shareholders. While the Committee generally considers structuring and administering executive compensation plans and arrangements so that they will not be subject to the deduction limit under Section 162(m), the Committee may in the future approve payments that cannot be deducted in order to maintain flexibility in structuring appropriate compensation programs it feels to be appropriate.

Post Termination or Compensation and Benefits

On February 15, 2008, our Board approved an amended change of control severance plan (the "Severance Plan"), covering all employees, including the Named Executive Officers. The purpose of the severance plan is to promote stability and continuity of management and employees in the event a change of control transaction should occur (as defined below). Pursuant to the terms of our Severance Plan, our Named Executive Officers are entitled to receive certain post-termination compensation and benefits upon the occurrence of certain events. In order for the Named Executive Officers to receive payments under the Severance Plan, the Named Executive Officers would have to be terminated within two years of a change of control. See "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table" and "Potential Payments upon Termination or Change of Control" below.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a narrative of our various compensation plans and the general terms of each:

2006 Plan. At the annual meeting of shareholders held June 4, 2009, the shareholders approved amendments to our 2006 Long-Term Stock Incentive Plan that, effective as of April 1, 2009, merged our Stock Option Plan with and into the 2006 Long-Term Stock Incentive Plan so that all outstanding equity awards and all future equity awards to be made to employees, officers and directors would be under one plan – the “2006 Plan”.

Additionally, the approved amendments to the 2006 Plan (a) provide that the Compensation Committee, in its discretion, may provide in an award agreement that an individual who is granted an award under the 2006 Plan (a “participant”) may elect to have common shares withheld from (or “netted against”) the total number of common shares otherwise issuable to such participant pursuant to his award in order to pay the exercise or purchase price of such award and/or to satisfy all employer tax withholding obligations with respect to the participant’s award under the 2006 Plan, (b) clarify that common shares issuable under the 2006 Plan and forfeited back to the 2006 Plan will be deemed not to have been issued under the 2006 Plan and will again be available for the grant of an award under the 2006 Plan, (c) provide that common shares withheld from (or “netted against”) an award granted under the 2006 Plan for payment of (1) the exercise or purchase price of an award and (2) all applicable employer tax withholding obligations associated with an award will be deemed not to have been issued under the 2006 Plan and will again be available for the grant of an award under the 2006 Plan, (d) provide that the maximum number of common shares that may be subject to stock options, bonus stock

Table of Contents

awards, and stock appreciation rights granted to any one individual during any calendar year may not exceed 200,000 common shares (subject to adjustment pursuant to Section 11(a) of the 2006 Plan), and (e) provide that the definition of “performance criteria” in the 2006 Plan include a criteria relating to the growth of our proved natural gas and oil reserves.

Our 2006 Plan authorizes our Board to issue stock options, stock appreciation rights, bonus stock awards and any other type of award, which are consistent with the 2006 Plan’s purposes to our directors, officers and employees and our subsidiaries covering a maximum of 6.0 million common shares. The contractual lives and vesting periods for grants are determined by the Board at the time a grant is awarded. Recent stock option grants have an expiration of ten years. The vesting schedule for stock option grants has varied from two years to four years but generally has been over a four-year period vesting at 25% per year beginning on the first anniversary date of the grant. Stock options granted pursuant to the 2006 Plan have exercise prices determined by the Board, but an exercise price cannot be less than the market price on the date immediately prior to the date of grant as reported by any stock exchange on which our common shares are listed. The vesting period for recent restricted common stock grants have typically been over four years, with one-quarter vesting on the first, second, third and fourth anniversaries of the date of grant.

Employee Severance Plan. A change of control is defined in the severance plan to mean (1) the consummation of a merger, consolidation, reorganization or other transaction whereby our shareholders retain less than 50% control, directly or indirectly, of us or the surviving company, (2) our incumbent directors cease to constitute a majority of the Board or (3) a sale or other disposition of all or substantially all of our assets. The Severance Plan does not change the specific, non-change of control severance payments in place under the existing employment agreements with our Named Executive Officers but does provide change of control severance benefits to the Named Executive Officers only if they are greater than the severance benefits provided under the employment agreement. The Severance Plan does not allow for any duplication of severance benefits.

For the Named Executive Officers, the Severance Plan provides that if a Named Executive Officer’s employment is terminated within two years following a change of control for any reason other than (i) death, (ii) disability, (iii) by us for “cause” or (iv) by the Named Executive Officer for other than a “good reason,” the Named Executive Officer will receive a lump-sum payment equal to a multiple that is equal to the applicable severance period, as set forth in the Severance Plan, times the sum of (1) his annual salary and (2) annual target bonus.

The following summarizes the severance periods and target bonus percentages for the Named Executive Officers set forth in the Severance Plan:

	Severance Period In Years	Target Bonus Percentage
Chief Executive Officer	3.00	75%
Chief Financial Officer	2.50	50%

Additionally, during the applicable severance period, Named Executive Officers would receive reimbursement for the cost of COBRA continuation health care coverage, less the amount charged at the time of termination to the employee for medical coverage.

If the Named Executive Officer receives a payment or benefit that is subject to the “golden parachute” excise tax, the Named Executive Officer will receive an additional payment under the severance plan to make him or her “whole” for that excise tax and any taxes on the additional parachute tax gross-up payment.

If the individual’s employment is terminated within six months prior to a change of control and it is reasonably shown to have been in connection with the change of control, then the change of control will be treated with respect to that employee as having occurred prior to his or her termination.

Employment Agreements. We entered into employment agreements with J. Russell Porter, our President and CEO, and Michael A. Gerlich, our CFO, effective February 24, 2005, and May 17, 2005, respectively, each amended July 25, 2008. Mr. Porter's employment agreement was amended on February 3, 2011 to remove a provision that allowed him to trigger severance payments by providing the Company with six months notice. The agreements with Messrs. Porter and Gerlich set forth, among other things, annual compensation, and adjustments thereto, minimum bonus payments, fringe benefits, termination and severance provisions. The agreements renew annually; however, they may be terminated at any time with or without cause.

Mr. Porter's employment agreement provides that he is entitled to a minimum annual bonus in an amount that may take the form of cash compensation, the award of stock or stock options, royalty rights or otherwise and that he shall receive an annual cash bonus equal to at least 20% of his annual base salary. The employment agreement further provides that such bonuses shall reflect not only the results of our operations and business, but also his contribution as President and CEO.

Mr. Gerlich's employment agreement provides that the Committee may on a yearly basis, or more frequently, award Mr. Gerlich a discretionary bonus or bonuses based not only on the positive results of our operations and business, but Mr. Gerlich's contribution as CFO. Such bonuses may take the form of cash compensation, the award of common shares or stock options, royalty rights or otherwise.

Salary and Cash Bonus in Proportion to Total Compensation

The following table sets forth the percentage of each Named Executive Officer's total compensation that we paid in the form of base salary and cash bonus (excluding long-term incentive cash awards) for the year 2010.

J. Russell Porter	53%
Michael A. Gerlich	45%

The actual amounts to be paid can only be determined at the time the Named Executive Officer is terminated.

sum severance payment equal to the product of 4.5 multiplied by the highest annual base salary in effect at any time during the one year period preceding his termination. At December 31, 2010, Mr. Porter's severance was calculated by multiplying \$500,000 by 4.5. If Mr. Porter is considered a "specified employee" under Section 409A of the Code at the time of his termination, this payment will be delayed for a period of six months if necessary to avoid the additional excise tax under Section 409A of the Code. If Mr. Porter timely elects COBRA continuation coverage, he and his family will be entitled to continuation of health insurance at our expense, subject to the limitations imposed by law and our insurance plan, which is currently 18 months (the "COBRA Continuation Period"). As of December 31, 2010, the cost for health and medical coverage for Mr. Porter as an employee was \$1,058 per month. Mr. Porter currently is entitled to 20 working days of vacation per year. He would receive a lump-sum cash payment of his unused vacation time of up to 10 days that are not used during each year employed. As of December 31, 2010, Mr. Porter had available 10 days of available accrued but unused vacation pay. In addition, effective on Mr. Porter's termination for any reason other than Mr. Porter elects to terminate his own employment, the unvested portion of all stock options held by Mr. Porter will immediately vest and be exercisable for a period of 90 days. All other terms and conditions of his stock options will remain unchanged, including provision that all stock options will terminate 90 days after Mr. Porter's termination. As of December 31, 2010, Mr. Porter had 30,000 stock options to acquire common shares at \$2.60 per share, all of which would be considered "in the money". Of these stock options, 22,500 would be subject to accelerated vesting while 7,500 would remain eligible to be exercised. On December 31, 2010, he had 305,000 unvested restricted common shares, which would be canceled upon his termination.

Per Mr. Gerlich's employment agreement, if he is involuntarily terminated for any reason other than for Reasonable Cause (as defined below), he will be entitled to a lump sum severance payment equal to the product of 2.5 and the sum of (1) his highest annual base salary in effect at any time during the one year period preceding his termination (at December 31, 2010, this amount was \$300,000) and (2) his target bonus amount of 50% of his base salary (\$150,000). If Mr. Gerlich is considered a "specified employee" under Section 409A of the Code at the time of his termination, this payment will be delayed for a period of six months if necessary to avoid the additional excise tax under Section 409A of the Code. If Mr. Gerlich timely elects COBRA continuation coverage, he and his family will be entitled to continuation of health insurance at our expense, the "COBRA Continuation Period". If Mr. Gerlich dies during the COBRA Continuation Period, his family will be entitled to continuation of health insurance at our expense, subject to the limitations imposed by law and our insurance plan. At December 31, 2010, the maximum cost over the 18-month period was \$1,743 per month. In addition, Mr. Gerlich will receive a lump-sum cash payment of his unused vacation time of up to 10 days per each year employed, up to a maximum of 15 days. As of December 31, 2010, Mr. Gerlich had 5.4 days of available accrued but unused vacation pay. Per Mr. Gerlich's stock option agreements, he will have 90 days after termination to exercise all vested options. As of December 31, 2010, the only options that Mr. Gerlich held that were "in-the-money" were 5,000 stock options with an exercise price of \$2.60 that would remain eligible to be exercised upon his termination of employment. Additionally, on December 31, 2010, he had 199,166 unvested restricted common shares, which would be canceled upon his termination.

- (2) The Severance Plan provides that if an employee incurs an involuntary termination within a two-year period following a change of control, covered employees, including Named Executive Officers, will receive a lump-sum cash payment equal to the applicable severance period times the sum of the covered employee's annual pay and target bonus, contingent on the employee executing a full release and settlement agreement. Mr. Porter's severance period is 3 years, and his annual salary and 75% target bonus at December 31, 2010 were \$500,000 and \$375,000, respectively. Mr. Gerlich's severance period is 2.5 years, and his annual salary and 50% target bonus at December 31, 2010 were \$300,000 and \$150,000, respectively. The Employee Severance Plan provides that if there is a change of control, covered employees, including Named Executive Officers, will be eligible to receive reimbursement of COBRA costs. Other termination or severance compensation is determined by the individual Named Executive Officer's employment agreement. The employment agreements we have with both Messrs. Porter and Gerlich provide that the amounts received as severance under their employment agreements will offset any benefits provided by the

Table of Contents

Severance Plan; because each of the executives would receive the same amount of severance under their employment agreements as under the Severance Plan as of December 31, 2010 the only additional cash benefit provided under the Severance Plan is the gross-up payment for taxes. Additionally, the award agreements for the Named Executive Officers restricted stock agreements and stock option agreements provide for the acceleration of vesting upon a change of control, thus the amounts in the table above reflect the acceleration of the outstanding restricted stock awards and the stock option awards each Named Executive Officer held as of December 31, 2010.

- (3) Per their respective employment agreements, we are not obligated to pay any amounts to Messrs. Mr. Porter or Gerlich other than accrued and unused vacation days and their pro-rata base salary through the date of his termination of employment, as a result of a termination for Reasonable Cause (as defined below). Only the stock options held by each executive that were already vested as of December 31, 2010, would remain eligible for exercise following his termination of employment.
- (4) Per their respective employment agreements, if Messrs. Porter's or Gerlich's employment terminates due to death, his eligible beneficiary will be entitled to receive his severance payment as described in Footnote 1 above. If Messrs. Porter's or Gerlich's employment terminates due to Disability (as defined below), he shall be entitled to receive a severance payment in the form and amount as determined in Footnote 1 above.
- (5) Our Employee Severance Plan provides that if the Named Executive Officer receives a payment or benefit that is subject to the "golden parachute" excise tax, the Named Executive Officers will receive an additional payment under the severance plan to make him or her "whole" for that excise tax and any taxes on the additional parachute tax gross-up payment (the "gross-up payment"). If the total payments provided to an individual that were contingent on a change in control exceed three times an individual's "base amount," that individual is considered to be receiving a "parachute payment." If the individual is considered to have received a "parachute payment," then a tax will be imposed on any "excess parachute payment" amount, which is the amount in excess of one times the individual's "base amount". To determine Messrs. Porter's and Gerlich's amount of the gross-up payment, Messrs. Porter's and Gerlich's "base amount" was calculated using the five-year average of his compensation for the years 2005-2009. In making the calculation, the following assumptions were used: (a) the change of control occurred on December 31, 2010, (b) the closing price of our stock was \$4.30 on such date, (c) the excise tax rate under Section 4999 of the Code is 20%, the federal income tax rate is 35%, the Medicare rate is 1.45%, the adjustment to reflect the phase-out of itemized deductions is 1.05%, and there is no state or local income taxes, (d) no amounts will be discounted as attributable to reasonable compensation, (e) all cash severance payments are contingent upon a change of control, (f) the presumption required under applicable regulations that the equity awards granted were contingent upon a change of control could be rebutted.
- (6) The Severance Plan provides that if there is a transaction that results in a change of control and the surviving entity does not assume or convert the awards, then such awards will immediately vest. For the purpose of this disclosure, we have assumed the surviving entity does not assume or convert the awards. The amount shown is the product of the number of restricted shares held by the Named Executive Officer times the closing price of our common shares on December 31, 2010, or \$4.30 per common share or the number of options exercised on December 31, 2010 times the difference between the strike price (\$2.60) and the price on the day of exercise (\$4.30), or \$1.70 per share. Additionally, if termination occurs for any other reason than a change of Control, Messrs. Porter and Gerlich would be able to exercise all in the money vested stock options resulting in equity compensation of \$12,750 and \$8,500, respectively.

The employment agreements of Messrs. Porter and Gerlich generally use the following terms:

"Reasonable Cause" means any of the following (a) an act or omission that amounts to dishonesty, disloyalty, fraud, deceit, gross negligence, willful misconduct or recklessness, including the willful violation of any of our policies or procedures; (b) a felony conviction; (c) a breach of any material term of the employment agreement; (d) the refusal to perform any services that the Named Executive Officer is required to perform under the employment agreement; or (e) with respect to Mr. Porter's agreement only, an act that is determined by the vote of two-thirds of the shareholders to constitute "Reasonable Cause" or to be detrimental to our best interests.

Table of Contents

“Disability” means the inability to perform the functions essential to the Named Executive Officer’s position with or without accommodation during a continuous 12 month period, due to physical or mental illness of the Named Executive Officer. The date of disability is the last day of the 12-month period. Successive periods of illness or injury that are due to the same or related causes are considered one period of disability unless the Named Executive Officer returns to work full-time for three successive months.

Under Mr. Gerlich’s employment agreement, a “change of control” occurs as a result of a sale of all or substantially all of our assets, purchase of over 50% of our stock, or through merger, consolidation, corporate restructuring or otherwise.

The Severance Plan generally uses the following terms:

“Change of Control” means (1) the consummation of a merger, consolidation, reorganization or other transaction whereby our shareholders retain less than 50% control, directly or indirectly, of us or the surviving company, (2) our incumbent directors cease to constitute a majority of the Board or (3) a sale or other disposition of all or substantially all of our assets, or (4) the Board’s adoption of a plan of dissolution or liquidation for us.

“Involuntary Termination” means any termination of employment that occurs within two years following a Change of Control and which (1) is by us other than for cause (but excluding a termination due to the employee’s failure to accept comparable employment), or (2) is by the employee for Good Reason. An “Involuntary Termination” does not include: (a) a termination of the employee by us for cause, (b) a termination of the employee due to his death or disability, (c) a voluntary resignation by the employee other than for Good Reason, or (d) any termination of the employee by the employer as a result of the employee declining to accept an offer of comparable employment with a successor employer.

“Good Reason” means the occurrence of any of the following events after a Change of Control: (1) relocating the covered employee’s place of employment without his consent to a place that would constitute a material change in his place of employment 2) reducing the covered employee’s annual base salary or (3) a substantial reduction in the covered employee’s position or responsibilities. In certain circumstances, the occurrence of one of these events within six months prior to the Change of Control may be Good Reason.

The Severance Plan provides that if any payment made, or benefit provided, to or on behalf of a covered employee pursuant to the plan or otherwise (“Payments”) results in a covered employee being subject to the excise tax imposed by Section 4999 of the Code (or any successor or similar provision) (“Excise Tax”), we shall, as soon as administratively practicable, pay such covered employee an additional amount in cash (the “Additional Payment”) such that after payment by the covered employee of all taxes, including, without limitation, any taxes imposed on the Additional Payment, such Covered Employee retains an amount of the Additional Payment equal to the Excise Tax imposed on the Payments. Such determinations shall be made by our independent certified public accounting firm.

Mr. Porter’s employment agreement contains a confidentiality provision applicable both during the term of his employment and following his termination of employment. Pursuant to the confidentiality provision, Mr. Porter agrees to hold in confidence and not disclose any confidential information about our business, except as required in the ordinary course of performing his employment duties with us. A breach of this confidentiality provision could result in a Reasonable Cause termination. Mr. Porter’s employment agreement further provides that, for a period of two years after his termination of employment with us for a reason other than Reasonable Cause (six months if terminated for Reasonable Cause). Mr. Porter shall not compete with us directly or indirectly.

Mr. Gerlich’s employment agreement provides that, unless specifically pre-approved by the CEO in writing, which approval may not be unreasonably withheld, Mr. Gerlich will not directly compete (as defined in the employment agreement) with us for a period of two years following his termination of employment.

DIRECTORS' COMPENSATION

For the year ended December 31, 2010, non-employee directors received the following fees:

- \$2,000 per month, paid semi-annually;
- An aggregate of \$6,000 per year for each committee Chairman; and
- \$1,000 for each meeting of the Board attended in person. No additional fees are paid for attendance at committee meetings, which are held on the same day as a Board meeting.

We also grant to our non-employee directors stock options and restricted common shares under our stock-based compensation plan in addition to their specified cash compensation to be paid as directors. These grants are, in part, to compensate our directors for the strict regulatory role in which they have to operate and to provide them with incentives to remain as a director by offering them a long-term stake in our potential future value.

The following table shows certain information about non-employee director compensation for the year ended December 31, 2010:

Director Compensation Table

	Fees Earned or		Option Awards (1)(2)	Common Shares (1)(3)	Total	
	Paid in Cash					
John H. Cassels (4)	\$	—	\$	—	\$	—
Randolph C. Coley	\$	37,000	\$	109,440	\$	221,140
Robert D. Penner	\$	37,000	\$	—	\$	111,700
Floyd R. Price	\$	20,000	\$	103,164	\$	184,214
John R. Rooney	\$	29,000	\$	—	\$	103,700
John M. Selser Sr.	\$	37,000	\$	—	\$	111,700

- (1) The amounts shown in these columns represent the aggregate stock-based compensation expense to be incurred in the future, also known as “fair value” (prior to a deduction for estimated forfeitures) at the date of grant for stock option and restricted common shares grants received by non-employee directors during 2010.
- (2) The fair values of stock option awards are determined in accordance with FASB ASC Topic 718 by using the Black- Scholes-Merton valuation model as of the date of grant and represent the total amounts of stock-based compensation expense to be recognized for financial reporting purposes. See Note 8 – “Equity Compensation Plans – Determining Fair Value of Stock Options” to our consolidated financial statements for the year ended December 31, 2010 contained in our 2010 Annual Report. At December 31, 2010, Messrs. Coley, Penner, Price, Rooney and Selser held stock options to purchase an aggregate of 40,000, 55,000, 40,000, 40,000 and 75,000 common shares, respectively. As was previously customary, both Messrs. Coley and Price received option awards to purchase 40,000 common shares when they became directors in 2010. The fair value of these awards was determined, as stated above, using parameters as of the date of grant.
- (3) The fair values of restricted share awards are determined in accordance with FASB ASC Topic 718 and represent the total amounts of stock-based compensation expense to be recognized for financial reporting purposes. The fair value of restricted common shares is the closing price of the shares the day immediately preceding the date of grant times the number of common shares granted. At December 31, 2010, Messrs. Coley, Penner, Price, Rooney and Selser held 15,000, 48,958, 15,000, 37,500 and 48,958 restricted common shares, respectively, subject to vesting. As was previously customary, both Messrs. Coley and Price received restricted awards of 15,000 common shares each when they became directors in 2010. The fair value of these awards was determined, using the closing price on the preceding day of the date of grant. Mr. Coley’s restricted share grant coincided with the annual long-term incentive grants to the incumbent directors. The fair value of Mr. Prices restricted share grant used the closing price on the preceding day of the date of his grant.

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE ANNUAL MEETING

Proposal 1. Fixing the Number of Directors at Six (6)

Our Bylaws require that our shareholders fix the number of directors on the Board for the following year. The Board was fixed by the shareholders at six (6) members at our 2010 annual meeting of shareholders. The Corporate Nominating & Governance Committee has recommended to fix the Board at six (6) members for election to the Board at the Annual Meeting. Our Amended and Restated Articles of Incorporation provide that the Board be comprised of a minimum of three (3) and a maximum of fifteen (15) members. Accordingly, a proposal to fix the number of members of the Board at six (6) is being presented to our shareholders for approval at the Annual Meeting.

The affirmative vote of a majority of the votes cast in person or by proxy is required to fix the Board at six (6) members.

The Board unanimously recommends a vote "FOR" the proposal to fix the number of members of the Board at six.

Proposal 2. Election of the Board

As of the Record Date, the Board consists of six (6) directors. The term of each director currently serving on the Board will expire on the date of the Annual Meeting. Based upon the recommendation of the Corporate Nominating & Governance Committee, Messrs. Porter, Cassels, Coley, Penner, Price and Selser and have been nominated for election to the Board at this Annual Meeting.

If any nominee should become unavailable for election, your proxy may be voted for a substitute nominee selected by the Board, or the Board's size may be reduced accordingly. The Board is unaware of any circumstances likely to render any nominee unavailable. Once elected, our directors hold office until our next annual meeting of shareholders, until successors are elected and qualified or until their earlier resignation or removal.

The Board unanimously recommends a vote “FOR” the proposal to ratify the appointment of the firm of BDO USA, LLP as our independent registered public accounting firm for the year ending December 31, 2010.

Proposal 4. Advisory Vote on Executive Compensation.

The Board recognizes that executive compensation is an important matter for our shareholders. As described in detail in the “Executive Compensation” section and elsewhere in this Proxy Statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been, and continues to be, to pay our executive officers based on our performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives’ long-term interests with the interests of our shareholders. To do so, the Compensation Committee uses a combination of short and long-term incentive compensation to reward near-term excellent performance and to encourage executives’ commitment to our long-range, strategic business goals. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and consistently with our strategy, sound corporate governance principles and shareholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our shareholders and that the total compensation package provided to the Named Executive Officers (including potential payouts upon a termination or change of control) are reasonable and not excessive. As you consider this Proposal 2, we urge you to read the CD&A section of this Proxy Statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of the Named Executive Officers, and to review the tabular disclosures regarding Named Executive Officer compensation together with the accompanying narrative disclosures in the “Executive Compensation” section of this Proxy Statement.

Congress has recently enacted the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”), which requires a non-binding advisory “Say on Pay” vote and gives our shareholders the opportunity to express their views on the compensation of the Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. We welcome the opportunity to give our shareholders an opportunity to provide us with such a vote on executive compensation at the Annual Meeting.

Table of Contents

As an advisory vote, this Proposal 4 is not binding on the Board or the Compensation Committee, will not overrule any decisions made by the Board or the Compensation Committee or require the Board or the Compensation Committee to take any action. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our shareholders and will carefully consider the outcome of the vote when making future compensation decisions for executive officers. In particular, to the extent there is any significant vote against the Named Executive Officers' compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The recently enacted Dodd-Frank Act requires that we include in this Proxy Statement the opportunity for our shareholders to vote on an advisory (non-binding) resolution to approve the compensation of our Named Executive Officers (also referred to as "Say-on-Pay"). Accordingly, the following resolution will be submitted for shareholder approval at the annual meeting:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers and the related compensation philosophy, policies and procedures disclosed in the Proxy Statement, including in the Compensation Discussion and Analysis, compensation tables, and narrative discussion, pursuant to the compensation disclosure rules of the SEC, is hereby approved."

The Board recommends a vote "FOR" the approval of the compensation of our Named Executive Officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC.

Proposal No. 5. Advisory Vote on the Frequency of Holding Future Advisory Votes on Executive Compensation.

The Dodd-Frank Act enables our shareholders to indicate how frequently we should seek an advisory vote on the compensation of the Named Executive Officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal 4 included in this proxy statement. The vote with regard to this Proposal 5 will determine the schedule on which future "Say-on-Pay" proposals like Proposal 4 are presented to shareholders.

By voting on this Proposal 5, shareholders may indicate whether the advisory vote should occur every one, two or three years. After careful consideration of this Proposal 5, the Board has determined that an advisory vote on executive compensation that occurs every two years is the most appropriate alternative for the Company, and therefore the Board recommends that you support a frequency period of every two years for the advisory vote on executive compensation.

Setting a two -year period for holding this shareholder vote will enhance shareholders communication by providing a clear, simple means for us to obtain information on investor sentiment about our executive compensation philosophy. An advisory vote every two years will be the most effective timeframe for us to respond to shareholders feedback and provide us with sufficient time to engage with shareholders to understand and respond to the vote results. We also believe a two -year vote would align more closely with the multi-year performance measurement cycle we use to reward long-term performance.

In Proposal No. 4, above, shareholders are asked to vote on an advisory resolution on executive compensation. In this Proposal No. 5, we are asking our shareholders to cast a non-binding advisory vote on the frequency of future advisory votes on executive compensation by choosing one of four choices for this proposal listed on the proxy card: three years, two years, one year or abstain. Although this advisory vote on the frequency of the Say-on-Pay vote is non-binding, the Board will carefully consider and expects to be guided by the option that receives the most shareholder support in determining the frequency of future advisory votes on executive compensation. Notwithstanding the outcome of the shareholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with our shareholders and the adoption of material changes to our compensation programs.

The Board recommends a vote of “ TWO YEARS ” with respect to this proposal.

SHAREHOLDER PROPOSALS AND NOMINATIONS

Any shareholder who wishes to submit a proposal for inclusion in the proxy materials for our annual meetings must comply with the requirements of Rule 14a-8 under the Exchange Act. Under Rule 14a-8, such proposal must be submitted to our Secretary at the address indicated on the cover page of this Proxy Statement, so that the Secretary receives it not less than 120 calendar days before the date of the company’s proxy statement released to shareholders in connection with the previous year’s annual meeting. However, if the date of the 2012 annual meeting of shareholders is changed by more than 30 days from May 31, 2012, the deadline is a reasonable time prior to our printing of the proxy materials, which deadline will be communicated to the shareholders in our public filings.
