"The MONOPOLY Token Madness Vote lets our passionate fans choose all eight tokens in the MONOPOLY game and no token - not even the Scottie dog -- is safe!" said Jonathan Berkowitz, senior vice president of marketing for Hasbro Gaming. "Only time will tell if fans will decide to stay with the classics, keep a few favorites or pick an entirely new line up of tokens."

The fan-picked MONOPOLY tokens will be updated in the MONOPOLY game hitting shelves this August. Hasbro will also introduce the MONOPOLY Token Madness Edition which includes the current eight tokens, plus eight golden colored tokens included in the vote, [available now](#) for the approximate retail price of \$19.99.

MONOPOLY tokens have been a key element of the game since it was introduced in 1935. The car, thimble, boot, top hat and battleship were among the original set of MONOPOLY tokens while the Scottie dog and wheelbarrow were added in the early 1950s. In 2013, fans voted the cat token as the newest Monopoly game piece while the iron token was retired after receiving the lowest number of fan votes.
