

Leon E. Rosenberg, M.D., Former Head of Bristol-Myers Squibb R&D and Dean of Yale School of Medicine, Joins Board of Hudson Health Sciences

South San Francisco (March 3, 2004) – Hudson Health Sciences, Inc., a biopharmaceutical company headquartered in South San Francisco, California, announced today that it has elected Leon E. Rosenberg, M.D. to its Board of Directors. Dr. Rosenberg is former the head of pharmaceutical research and development for Bristol-Myers Squibb and former Dean of the Yale University School of Medicine.

“Lee Rosenberg's background and experience create an ideal fit for Hudson Health Sciences. We look forward to his guidance in helping the Company develop and bring to market innovative products to treat cancer and immunological diseases,” said Mark Ahn, Ph.D., president and CEO of Hudson Health Sciences.

“Hudson Health Sciences is engaged in innovative work with highly promising products and outstanding personnel. I am pleased to be able to provide guidance to help the Company achieve its strategic goals,” said Dr. Rosenberg. Dr. Rosenberg is currently a professor in the Department of Molecular Biology and in the Woodrow Wilson School of Public and International Affairs at Princeton University. Dr. Rosenberg also serves on the Boards of Directors of The Lovelace Respiratory Research Institute, Karo Bio, and Medicines for Malaria Venture.
