Manuel A. Henriquez, Chairman and CEO of Hercules Technology Growth Capital, said, "We are excited to welcome Paul to the Hercules team. His extensive operational experience at venture backed companies and structured investment experience will be an invaluable asset to the team as we continue to grow our firm."

Paul holds a B.A. in Economics from Brandeis University and an M.A. in International Economics and Finance from the Lemberg Program at Brandeis University.

### **About Hercules Technology Growth Capital, Inc.:**

Founded in December 2003, Hercules Technology Growth Capital, Inc. is a NASDAQ traded specialty finance company providing debt and equity growth capital to technology-related companies at all stages of development. The Company primarily finances privately-held companies backed by leading venture capital and private equity firms and also may finance certain publicly-traded companies. Hercules' strategy is to evaluate and invest in a broad range of ventures active in technology and life science industries and to offer a full suite of growth capital products up and down the capital structure to prospective clients ranging from early-stage growth to expansion stage companies. The Company's investments are originated through its principal office located in Silicon Valley, as well as additional offices in the Boston, Boulder and Chicago areas. Providing capital to publicly-traded or privately-held companies backed by leading venture capital and private equity firms involves a high degree of credit risk and may result in potential losses of capital.
