PROXY STATEMENT

This proxy statement contains information related to the 2011 annual meeting of stockholders of Houston Wire & Cable Company, a Delaware corporation (the “Company,” “we” or “us”), that will be held at our corporate headquarters, 10201 North Loop East, Houston, Texas 77029, on Tuesday, May 3, 2011, at 8:30 a.m., Central Time, and at any postponements or adjournments thereof. We are first mailing notice of availability of this proxy statement and the accompanying proxy card and 2010 annual report to stockholders (which includes our annual report on Form 10-K for the year ended December 31, 2010), on or about March 24, 2011.

ABOUT THE MEETING

What is the purpose of this proxy statement?

The purpose of this proxy statement is to provide information regarding matters to be voted on at the 2011 annual meeting of our stockholders. Additionally, it contains certain information that the Securities and Exchange Commission (the “SEC”) requires us to provide annually to stockholders. The proxy statement is also the document used by our board to solicit proxies to be used at the 2011 annual meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on the matters to be presented at the annual meeting, even if they cannot attend the meeting. The board has designated Charles A. Sorrentino and Scott L. Thompson as proxies, who will vote the shares represented by proxies solicited by the board at the annual meeting in accordance with the stockholders’ instructions.

What proposals will be voted on at the annual meeting?

Stockholders will vote on the following proposals at the annual meeting:

- the election of seven directors, each to serve until the next annual meeting and until a successor is duly elected and qualified (Proposal No. 1);
- the ratification of the selection of Ernst & Young LLP as the Company’s independent registered public accounting firm (Proposal No. 2);
- the approval of our executive compensation (Proposal No. 3);
- the frequency of future stockholder votes relating to our executive compensation (Proposal No. 4); and
- any other business properly coming before the annual meeting and any adjournment or postponement thereof.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 4, 2011, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. If your shares are held in “street name,” please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do to vote your shares.

A complete list of stockholders entitled to vote at the annual meeting will be available for examination by any stockholder at our corporate headquarters, 10201 North Loop East, Houston, Texas 77029, during normal business hours for a period of ten days before the annual meeting and at the annual meeting.

What is the difference between a stockholder of record and a beneficial holder of shares?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered a stockholder of record with respect to those shares. If this is the case, the stockholder proxy materials have been sent or provided directly to you by us.

If your shares are held in a stock brokerage account or by a bank or other nominee (also known as held “in street name”), you are considered the “beneficial holder” of the shares, and your brokerage firm, bank or other nominee is the stockholder of record. If this is the case, the proxy materials have been forwarded to you by your brokerage firm, bank or other nominee. As

the beneficial holder, you have the right to direct your broker, bank or other nominee how to vote your shares. Please contact your broker, bank or other nominee for instructions on how to vote any shares you beneficially own.

Who can attend the meeting?

All stockholders of record as of March 4, 2011, or their duly appointed proxies, may attend the meeting. If you hold your shares in street name, you will need to bring a copy of a brokerage or other account statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

A quorum of stockholders is necessary to hold the annual meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. As of the record date, 17,748,487 shares of our common stock were outstanding. Shares covered by proxies received but marked as abstentions will be considered present at the meeting for purposes of establishing a quorum.

How do I vote?

You may vote in person at the meeting or by proxy by any of the following methods:

- Telephoning the toll-free number listed on the proxy card;
- Using the Internet site listed on the proxy card; or
- Marking, dating, signing and returning the enclosed proxy card.

We recommend that you vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you vote by proxy, your shares will be voted as you direct on the proxy card, by telephone or via the Internet. If you are a stockholder of record and attend the meeting, you may vote at the meeting or deliver your completed proxy card in person, even if you previously sent in a proxy card or voted by telephone or via the Internet.

If your shares are held in street name, please refer to the information forwarded to you by your broker, bank or other holder of record to see what you must do in order to vote your shares. If you are a street name stockholder and you wish to vote in person at the meeting, you will need to obtain a proxy from the institution that holds your shares and present it to the inspector of elections with your ballot when you vote at the annual meeting.

Can I change my vote after I give my proxy?

You can revoke your proxy, whether it was given by telephone, Internet or mail, before it is voted by:

- Delivering to our Secretary at the address on the first page of this proxy statement a written notice of revocation of your proxy before or at the annual meeting and prior to voting;
- Delivering a new proxy bearing a later date by telephone, via the Internet or by submitting a duly executed proxy card; or
- Voting in person at the annual meeting.

The last vote you submit chronologically (by any means) will supersede all prior votes.

The powers of the proxy holders with regard to your shares will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not, by itself, revoke a previously granted proxy.

How many votes are required for the proposals to pass?

Each outstanding share entitles its holder to cast one vote on each matter to be voted upon at the annual meeting. Directors are elected by a plurality vote, meaning that the seven director nominees receiving the greatest numbers of votes will be elected. The approval of a majority of the votes present, in person or by proxy, at the annual meeting and entitled to vote is required to ratify the selection of our independent public accounting firm and to approve our executive compensation. With respect to the vote on the frequency of future stockholder advisory votes relating to our executive compensation, we will

treat the alternative (every one, every two or every three years) receiving the greatest number of votes as the option approved by stockholders. Although our Board of Directors intends to consider carefully the stockholder votes on the compensation of our named executive officers and whether we should have a vote on executive compensation every one, two or three years, those votes are advisory in nature and not binding on the Company.

How are abstentions and broker non-votes treated?

If a stockholder withholds authority to vote, or abstains from voting, on any proposal, it will have the same effect as a vote “AGAINST” that proposal, except with respect to Proposal No. 4, where it will have no effect.

Broker non-votes with respect to any matter will have no effect on the outcome of the vote on that matter. A “broker non-vote” occurs on a proposal when shares held of record by a broker are present or represented at the meeting but the broker is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction has been given.

What if I do not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each matter on the enclosed proxy. If no specific instructions are given, validly submitted proxies will be voted “FOR” the election of all seven nominees for director, “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, “FOR” the approval of our executive compensation and for “ONE YEAR” as the frequency of future stockholder advisory votes on executive compensation.

Will anyone contact me concerning this vote?

No arrangements or contracts have been made or entered into with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. If done, such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

What are the board’s recommendations?

The board’s recommendations, together with the description of each proposal, are set forth in this proxy statement. In summary, the board unanimously recommends that you vote:

- “FOR” the election of each nominee for director (see page 8);
- “FOR” the ratification of Ernst & Young LLP as our independent registered public accounting firm (see page 26); and
- “FOR” the approval of the compensation of our named executive officers (see page 26); and
- For “EVERY YEAR” as the frequency of future stockholder advisory votes on executive compensation (see page 27).

What happens if additional matters are presented at the annual meeting?

Other than the four proposals described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders on the enclosed proxy card will vote your shares on any additional matters properly presented for a vote at the meeting as recommended by the board or, if no recommendation is given, in their own discretion.

Who will tabulate and certify the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes. A representative of Schiff Hardin LLP, the Company’s legal counsel, will be the inspector of elections.

Board Recommendation and Stockholder Vote Required

The Board of Directors recommends a vote "FOR" the election of the nominees named above (Proposal No. 1 on the accompanying proxy card).

The seven nominees who receive the greatest number of votes will be elected directors.

CORPORATE GOVERNANCE AND BOARD COMMITTEES

Board Composition

Our board of directors currently consists of seven directors. Each director is elected for a term of one year and serves until a successor is duly elected and qualified or until his or her death, resignation or removal. There are no family relationships between any of our directors or executive officers. Our executive officers are elected by and serve at the discretion of the board of directors.

Board Leadership Structure and Risk Oversight

Since our IPO, the offices of Chairman and Chief Executive Officer of the Company have been held by different individuals. Our board is led by an independent Chairman, Mr. Thompson. Our Chief Executive Officer, Mr. Sorrentino, is the only member of the board who is not an independent director. We believe that this leadership structure enhances the accountability of the Chief Executive Officer to the board and strengthens the board's independence from management. In addition, separating these roles allows Mr. Sorrentino to focus his efforts on running our business and managing the Company in the best interests of our stockholders, while we are able to benefit from Mr. Thompson's experience as a member of other public company boards.

The board takes an active role in monitoring and assessing the Company's risks, which include risks associated with operations, credit, financing and capital investments. Management is responsible for the Company's day-to-day risk management activities, and our board's role is to engage in informed risk oversight. The Nominating and Corporate Governance Committee with the assistance of management compiled and coordinated the ranking of a list of risks to which the Company could be subjected. It also identified the significant risks which were then reviewed by the board and assigned for oversight. In fulfilling this oversight role, our board of directors focuses on understanding the nature of our enterprise risks, including our operations and strategic direction, as well as the adequacy of our risk management process and overall risk management system. There are a number of ways our board performs this function, including the following:

- at its regularly scheduled meetings, the board receives management updates on our business operations, financial results and strategy and discusses risks related to the business;
- the Audit Committee assists the board in its oversight of risk management by discussing with management, particularly the Chief Executive Officer and Chief Financial Officer, our guidelines and policies regarding financial and enterprise risk management and risk appetite, including major risk exposures, and the steps management has taken to monitor and control such exposures; and
- through management updates and committee reports, the board monitors our risk management activities, including the enterprise risk management process, risks relating to our compensation programs, and financial and operational risks being managed by the Company.

Director Independence

The board of directors has determined that each person who served as a director in 2010, and each director nominee for 2010, except Mr. Sorrentino is "independent" under NASDAQ Marketplace Rule 5605(a)(2). Under Rule 5605(a)(2), a director is considered independent as long as he or she does not have a relationship with the Company or management which would interfere with the exercise of independent judgment in carrying out the director's responsibilities. The NASDAQ Marketplace Rules also enumerate certain relationships which preclude a finding of independence and generally provide that an individual cannot be considered independent if, among other things, he or she is a current officer or other employee of the issuer or directly or indirectly receives certain significant payments from the issuer other than in his or her capacity as a director or board committee member.

Board Meetings

The board met eight times during 2010. All persons who were directors during 2010 attended at least 75% of these meetings and meetings of committees on which they served. Absent special circumstances, each director is expected to attend the annual meeting of stockholders. All of the directors attended the 2010 annual meeting of stockholders, other than Mr. Sexton, who was unable to attend due to illness.

Executive Sessions

The Company's Corporate Governance Guidelines require the independent directors to meet in executive sessions separate from management at least two times a year. The independent directors met in executive sessions five times during 2010.

Committees Established by the Board of Directors

The board has three standing committees: (1) Audit Committee; (2) Nominating and Corporate Governance Committee; and (3) Compensation Committee.

Audit Committee. The Audit Committee consists of Messrs. Campbell, Thompson, Gotsch and Sexton, each of whom is independent for purposes of Rule 5605(a)(2) of the NASDAQ Marketplace Rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. Mr. Campbell serves as the Chairman. Each of the Audit Committee members is financially literate as determined by our board in its business judgment. The board has also determined that Mr. Campbell and Mr. Thompson each is an "audit committee financial expert," as such term is defined under the applicable SEC rules.

The Audit Committee met four times in 2010. The Audit Committee operates under a charter approved by the board of directors, which can be found on the "Investor Relations" section of our website at <http://www.houwire.com>. Copies will be provided to stockholders upon request.

The principal duties and responsibilities of the Audit Committee are to assist the board in its oversight of:

- the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company;
- the independent auditors' qualifications and independence; and
- the performance of the independent auditors.

Our Audit Committee is also responsible for:

- maintaining free and open communication between the committee, the independent auditors, and management of the Company;
- reviewing and appraising the fairness of related party transactions; and
- preparing the report required to be prepared pursuant to the rules of the SEC for inclusion in the Company's annual proxy statement.

The Audit Committee has the resources and authority appropriate to discharge its duties and responsibilities, including the authority to select, retain, terminate and approve the fees and other retention terms of counsel, accountants or other experts and advisors, as it deems necessary or appropriate. See the "Report of the Audit Committee" on page 23.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Messrs. Farwell, Sheffield and Thompson. Mr. Farwell serves as the Chairman. The board has determined that all committee members are independent for purposes of Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

The Nominating and Corporate Governance Committee met four times in 2010. The Nominating and Corporate Governance Committee operates under a charter approved by the board of directors, which can be found on the "Investor Relations" section of our website at <http://www.houwire.com>. Copies will be provided to stockholders upon request.

The principal duties and responsibilities of the Nominating and Corporate Governance Committee are to:

- identify persons that the Committee believes are qualified to be directors of the Company and consider and evaluate other candidates for director brought to the attention of the Committee, including persons nominated by stockholders in accordance with the nomination procedures specified in the Company's By-laws or otherwise recommended by stockholders;

- recommend to the board (a) the nominees for election as directors at each annual meeting of stockholders or at any special meeting of stockholders at which directors are to be elected and (b) the persons to be appointed by the board to fill any vacancy on the board (including any vacancy resulting from an increase in the size of the board);
- review the committee structure of the board and the membership of the board committees, and recommend to the board nominees for appointment to each of the committees;
- review and reassess, at least annually, the adequacy of the Company's Corporate Governance Guidelines and recommend to the board for approval any changes that the Committee deems necessary or appropriate;
- review any proposals properly submitted by stockholders for inclusion in the Company's proxy statement and recommend to the board any action to be taken in response to such proposals; and
- oversee the annual evaluation of the board.

In screening and recommending candidates as directors of the Company, the Nominating and Corporate Governance Committee considers the nature of the expertise and experience required for the performance of the duties of a director of a corporation engaged in the Company's business and such matters as the relevant business and industry experience, professional background, age, current employment, community service and other board service of candidates for directors, as well as the racial, ethnic and gender diversity of the board. The committee seeks to identify, as candidates for director, persons with a reputation for and record of integrity and good business judgment who (1) have experience in positions with a high degree of responsibility and are leaders in the organizations with which they are affiliated, (2) are free from conflicts of interest that could interfere with a director's duties to the Company and its stockholders, and (3) are willing and able to make the necessary commitment of time and attention required for effective board service. The Nominating and Corporate Governance Committee also takes into account the candidate's level of financial literacy. The Nominating and Corporate Governance Committee monitors the mix of skills and experience of the directors in order to assess whether the board has the necessary tools to perform its oversight function effectively. The Nominating and Corporate Governance Committee will consider nominees for our board of directors recommended by stockholders, using the same criteria as for other candidates.

The Nominating and Corporate Governance Committee has the authority to retain a search firm to be used to identify director candidates. The Nominating and Corporate Governance Committee has the authority to retain and terminate any such search firm, including authority to approve the firm's fees and other retention terms. The Nominating and Corporate Governance Committee also has authority to retain other advisors. The Company will provide for appropriate funding, as determined by the Nominating and Corporate Governance Committee, for payment of compensation to any search firm or other advisors.

Stockholder Recommendations for Director Nominations. As noted above, the Nominating and Corporate Governance Committee considers and establishes procedures regarding recommendations for nomination to the board, including nominations submitted by stockholders. For information on how to nominate a person for election as a director at the 2012 annual meeting, please see the discussion under the heading "Stockholder Proposals and Nominations for 2012 Annual Meeting." The Nominating and Corporate Governance Committee will evaluate all potential candidates in the same manner, regardless of the source of the recommendation. Based on the information provided to the Nominating and Corporate Governance Committee, it will make an initial determination whether to conduct a full evaluation of a candidate. As part of the full evaluation process, the Nominating and Corporate Governance Committee may conduct interviews, obtain additional background information and conduct reference checks of the candidate, among other things. The Nominating and Corporate Governance Committee may also ask the candidate to meet with management and other members of the board.

Compensation Committee. The Compensation Committee consists of Messrs. Gotsch, Sexton, and Sheffield. Mr. Gotsch serves as the Chairman. The board has determined that all committee members are (i) independent for purposes of Rule 5605(a)(2) of the NASDAQ Marketplace Rules, (ii) "non-employee directors" as defined in Rule 16b-3 under the Securities Exchange Act of 1934, and (iii) "outside directors" as defined by Section 162(m) of the Internal Revenue Code.

The Compensation Committee met five times in 2010. The Compensation Committee operates under a charter approved by the board of directors and can be found by accessing the "Investor Relations" section of our website at <http://www.houwire.com>. Copies of the charter will be sent to stockholders upon request.

The principal duties and responsibilities of the Compensation Committee are as follows:

- make recommendations to the board with respect to the CEO's compensation level;
- consider the Company's performance and relative stockholder return, the value of similar incentive awards to the CEOs at comparable companies, and the awards given to the Company's CEO in past years when determining the

long-term component of the CEO's compensation;

- review the CEO's recommendations on compensation of the executive officers of the Company and make recommendations to the board with respect thereto and with respect to the Company's major compensation policies and practices;
- administer and review the Houston Wire & Cable Company 2006 Stock Plan (the "2006 Plan"), including approving the number and distribution of awards under such plan; and
- review and make recommendations to the board concerning management development and succession planning activities, including an appropriate successor in the event of the unexpected death, incapacity or resignation of the CEO.

The Compensation Committee has the authority to delegate any of its responsibilities to subcommittees as it deems appropriate, provided the subcommittees are composed entirely of independent directors. The Compensation Committee also may retain a compensation consultant or other advisors to assist in the evaluation of CEO or executive officer compensation. The Compensation Committee has authority to retain and terminate any such consulting firm. The Company will provide for appropriate funding, as determined by the Compensation Committee, for payment of compensation to any consulting firm or other advisors employed by the Compensation Committee.

The CEO may not be present during any deliberations on his compensation.

- Our directors, officers and employees must comply with all applicable governmental laws, rules and regulations.

We are also committed to ensuring that all disclosures in reports and documents that the Company files with the SEC, as well as other public communications made by the Company, are full, fair, accurate, timely and understandable. Any violation of applicable law or any deviation from the standards embodied in the Code of Business Conduct will result in appropriate corrective and disciplinary action, up to and including termination of employment.

DIRECTOR COMPENSATION

Each independent member of the board of directors, other than the chairman of the board, currently receives an annual retainer of \$30,000, paid quarterly, plus \$1,500 for each board meeting and \$1,000 for each committee meeting attended, with half the applicable amount paid in connection with a telephonic meeting. The chairman of each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is entitled to receive an additional \$5,000 per year. The chairman of the board receives an annual retainer of \$70,000, but receives no additional fee for any board or committee meeting that he or she attends. All fees may be paid in cash or shares of our common stock, at the choice of the director. Mr. Sorrentino does not receive any compensation for his service as a director.

In addition, each independent director received a one-time grant of an option exercisable for 15,000 shares of our common stock upon initial election to the board. Upon re-election, each independent director also received an annual grant of an option exercisable for 5,000 shares or, in the case of the chairman of the board, 10,000 shares. All directors’ options become exercisable one year after the date of grant. Exercise prices are set at fair market value at the date of grant. Options may be forfeited in the event the director terminates, other than by retirement, his or her relationship with us.

In early 2011, the Compensation Committee engaged Towers Watson as its compensation consultant to perform an analysis of director compensation, including retainers, meeting fees, special compensation for leadership positions, long-term incentives and perquisites. Following a review of this analysis, the Compensation Committee recommended to the board, and the board approved, revisions to the director compensation arrangements. Beginning with the 2011 Annual Meeting, each independent member of the board of directors will receive an annual retainer of \$50,000, paid quarterly. The Chairman of the Board will receive an additional fee of \$40,000 per year, and the Chairmen of the Audit, Compensation and Nominating and Corporation Governance Committees will receive additional annual fees of \$10,000, \$7,500 and \$5,000, respectively, also paid quarterly. There will be no additional fees for meeting attendance. As in the past, Mr. Sorrentino will not receive any compensation for his service as a director.

In addition, beginning with the 2011 Annual Meeting, upon election or reelection to the board, each independent director will receive a grant of restricted stock having a fair market value of \$50,000, based on the price of the Company’s common stock on the date of grant. The restricted stock will vest at such time as the independent director’s service on the board terminates for any reason. Any dividends declared on the restricted stock will be accrued and paid to the director when the related shares vest. The restricted stock award will be in lieu of additional stock options.

We reimburse members of our board of directors for any out-of-pocket expenses they incur in connection with services provided as directors. The Nominating and Corporate Governance Committee has adopted a policy encouraging each director to devote at least one day each year to director education and we pay for the cost of attending continuing education programs, up to \$5,000 per director per year. Perquisites paid or provided to individual directors in 2010 were significantly less than the SEC’s minimum threshold for disclosure (\$10,000).

The following table sets forth all compensation paid to each of our non-employee directors in 2010:

Name	Fees Earned	Option Awards	Total
	or Paid in Cash (\$)	(\$) ⁽¹⁾	(\$)
Michael T. Campbell	47,250	23,520	70,770
I. Stewart Farwell	46,500	23,520	70,020
Peter M. Gotsch	51,750	23,520	75,270
Wilson B. Sexton	46,750	23,520	75,270
William H. Sheffield	46,750	23,520	70,270
Scott L. Thompson	70,000	47,039	117,039

(1) This column shows the dollar amount we recognized for financial statement reporting purposes in 2010 for all option awards that have been granted to each of our non-employee directors. See note 8 of the Notes to our Consolidated Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2010 for a discussion of the assumptions we made in the valuation of these options. Upon their re-election to the board at the annual meeting of stockholders on May 7, 2010, each of Messrs. Campbell, Farwell, Sexton, Sheffield and Gotsch, received an option to purchase 5,000 shares, and Mr. Thompson, chairman of the board, received an option to purchase 10,000 shares, of our common stock at an exercise price of \$12.43 per share. The grant date fair value of each such director's 2010 option award and the number of stock options held at March 4, 2011 by non-employee directors was:

Name	2010 Grant Date Fair Value of Options (\$)	Cumulative Stock Options Held (#)
Michael T. Campbell	25,207	25,000
I. Stewart Farwell	25,207	35,000
Peter M. Gotsch	25,207	15,000
Wilson B. Sexton	25,207	35,000
William H. Sheffield	25,207	35,000
Scott L. Thompson	50,413	30,000(*)

* In addition, Mr. Thompson gave 20,000 options to his two adult children. Mr. Thompson disclaims beneficial ownership of these options.

Prior to August 2007, Mr. Gotsch was not considered to be independent, because of his relationship with a significant stockholder, Code, Hennessy & Simmons II, L.P., and did not receive any directors' fees or options. Following the disposition by Code, Hennessy & Simmons II, L.P. of all of its shares of Company common stock in 2007, Mr. Gotsch was determined to be independent and has earned director fees and received options since August 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee is empowered to review the chief executive officer's recommendations on compensation of our senior management and to make recommendations regarding major compensation policies and practices. The Compensation Committee reports its recommendations to the full Board of Directors for approval and authorization. The Compensation Committee is also responsible for setting the annual compensation of the chief executive officer and administering our stock plans, including approving the number and distribution of options under the plans. The committee is charged with recommending, for the approval of the full Board of Directors, the annual compensation and compensation procedures for our senior management, including our executive officers.

Objectives of Compensation Program

Our compensation program aims to attract, motivate and retain qualified, energetic employees who are enthusiastic about our mission and culture. A further objective of our compensation program is to provide incentives and reward each employee

for his or her contribution to the Company. In addition, we strive to promote an ownership mentality among key leadership and the Board of Directors. Finally, we endeavor to ensure that our compensation program is perceived as fundamentally fair to all stakeholders.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward each employee's contribution to the Company. In measuring an officer's contributions, the Compensation Committee considers a number of factors, including our profitable growth and the achievement of financial performance targets. The total compensation package for each member of our senior management includes incentive compensation that is based primarily on the achievement of financial performance targets. Operating income is the primary basis for determining incentive compensation, and revenue growth and inventory turns are secondary factors. In its simplest definition, operating income is equivalent to operating earnings before interest and taxes. The Compensation Committee establishes operating income, revenue and inventory turns targets for the upcoming fiscal year based in part upon the incremental improvement in those measures over the prior fiscal year. We have not used stock price performance as a factor in determining annual compensation, because the price of our common stock is subject to a variety of factors outside our control.

Elements of Company's Compensation Plan and How Each Element Relates to Our Objectives

Annual senior management compensation consists of a base salary component, an incentive component and equity awards, which may include stock options and restricted stock.

Base Salary. We seek to provide our senior management with a level of a base salary in the form of cash compensation appropriate to their roles and responsibilities. Base salaries for members of our senior management are established based on each officer's qualifications and experience, scope of responsibilities, future potential and past performance. Base salaries are reviewed annually and adjusted as necessary to realign salaries with market levels, after taking into account individual responsibilities, performance and experience.

Incentive Cash Bonuses. Our practice is to award incentive cash bonuses to our senior management based upon their individual performance, as well as performance objectives of the Company.

Under Mr. Sorrentino's current employment agreement, his potential bonus is based on achieving a performance target for the applicable fiscal year, as follows:

- If we achieve less than 85% of the target for the fiscal year, then no incentive bonus is paid for that fiscal year.
- If we achieve 100% of the target for the fiscal year, then the incentive bonus is equal to 50% of Mr. Sorrentino's base salary as of the end of that year.
- If we achieve 115% or more of the target for the fiscal year, then the incentive bonus is equal to 100% of the base salary as of the end of that year.
- If we achieve a percentage of the target for the fiscal year that is between any two of the 85%, 100% or 115% thresholds referred to above, then the incentive bonus is a percentage of the base salary for that fiscal year calculated on a straight line basis between the percentages that would apply at those two thresholds.

Under Mr. Sorrentino's agreement, the Board of Directors (or the Compensation Committee) establishes the specific performance targets for Mr. Sorrentino no later than sixty days after the beginning of each fiscal year. Mr. Sorrentino must agree with the performance target established, and the performance target must be consistent with our business plan approved by the Board of Directors for such fiscal year.

For 2010, the Compensation Committee established the performance target under Mr. Sorrentino's agreement as achieving operating income of \$14.5 million. Our 2010 operating income was \$15.0 million, which is approximately 103% of the \$14.5 million, so Mr. Sorrentino was entitled to receive, and did receive, an incentive bonus for 2010 equal to approximately 61% of his base salary. For 2011, Mr. Sorrentino's bonus also will be based on achieving a specified operating income target.

For 2010, Mr. Graham (and all members of senior management, other than Mr. Sorrentino) participated in our Senior Management Bonus Program. For each participant under the program, the potential bonus award was based on the participant's salary at the end of the year. In order for any bonus to be paid for 2010, we needed to achieve the operating

income threshold of \$12.3 million set by the Compensation Committee for the year. If the threshold was met, then the participant was entitled to receive a “basic” bonus equal to a percentage (ranging from 0% to 50%) of his or her salary, depending on our performance with respect to targets established for three incentive factors: operating income, revenue and inventory turns. For 2010, 70% of the bonus was based on performance against the targets for operating income (the target for a minimum payout was \$12.3 million and for a maximum payout was \$14.8 million), 20% of the bonus was based on performance against the established targets for revenue (a minimum payout at \$253 million and a maximum at \$278 million), and 10% of the bonus was based on performance against the established targets for inventory turns (a minimum payout at 3.5 times and a maximum at 4.0 times). The full basic bonus of 50% of salary was available if we achieved the maximum target for each of the three incentive factors. The bonus available for each incentive factor was calculated on a stand-alone basis (provided the operating income threshold was met) and was calculated on a pro rata, straight line basis between the 0% and 50% level, provided the specific target for such incentive factor was met. In addition, there was an additional award potential of 10% of salary, in the event we achieved at least \$45 million in sales of certain proprietary products.

The 2010 program also provided that a bonus equal to an additional 10% of salary could be awarded in the event that we made one or more acquisitions during the relevant year and the acquired businesses met established financial goals. The maximum bonus payable (the basic bonus plus the additional bonus) could not exceed 70% of the participant’s base salary. Under the program, all bonuses are payable the year following the year for which performance is being measured, after receipt of (and subject to) the audit of the financial statements for the relevant year. No award is payable under the program for any full or partial year to a participant whose employment terminates prior to the time the bonus is paid. In all cases, the payment is in the discretion of the Compensation Committee, and the Compensation Committee retains the right to terminate a participant’s participation in the bonus program at any time, in which case no bonus may be paid.

In 2010, we exceeded the operating income threshold under the Senior Management Bonus Program, so Mr. Graham and other members of senior management were entitled to receive, and did receive, a bonus under the terms of the program. Actual operating income of \$15.0 million, revenues of \$308.5 million and inventory turns of 4.0 times exceeded the respective thresholds of \$12.3 million, \$253 million and 3.5 times, resulting in a basic bonus of approximately 50% of base salary, which was increased by an additional 10% of salary as a result of the successful June 2010 acquisition.

For 2011, the Senior Management Bonus Program is similar to the program in 2010, but will be based on targets approved for 2011.

Equity Awards. In addition to base salary and incentive compensation, each member of our senior management is eligible to receive stock option and restricted stock grants under our stock plan. We believe that through our broad-based plan, the economic interests of our employees, including our executives, are more closely aligned to those of the stockholders. The number of stock options or shares of restricted stock granted to each executive officer is made on a discretionary basis by the Compensation Committee after consideration of the CEO’s recommendations, rather than pursuant to a formula.

How the Company Chose Amounts and/or Formulas for Each Element

In 2007, our Compensation Committee engaged Pearl Meyer & Partners to review Mr. Sorrentino’s compensation package and to provide a market perspective to the Compensation Committee with respect to Mr. Sorrentino’s compensation. The Compensation Committee reviewed the information prepared by Pearl Meyer & Partners, and then entered into negotiations with Mr. Sorrentino regarding an appropriate long-term incentive grant. During these negotiations, the committee considered Mr. Sorrentino’s tenure with us, our financial results and the success of our initial public offering. The committee also considered the fact that Mr. Sorrentino had not received any equity-based compensation in the prior four years and that Mr. Sorrentino had requested that his compensation contain a greater equity component than it then did. Based on these negotiations, the Compensation Committee determined to grant to Mr. Sorrentino an option to purchase 500,000 shares of our common stock, which is the maximum annual award permitted under the 2006 Plan, at a price of \$26.19 per share, the closing price of our common stock on the date of the grant. This option vests in two equal installments on March 9, 2011 and 2012.

In January 2008, the Compensation Committee awarded Mr. Sorrentino an option to purchase an additional 65,000 shares at a price of \$11.99 per share, and in December 2008, the Compensation Committee awarded Mr. Sorrentino an option to purchase an additional 65,000 shares at a price of \$9.27 per share, in each case the exercise price being the closing price of our common stock on the date of grant. These options vest in two equal installments on the same dates as the 2007 grant.

The committee believes that these grants align Mr. Sorrentino’s compensation with the interests of stockholders and, due to the delayed vesting schedule, will assist in retaining Mr. Sorrentino as our President and Chief Executive Officer. In the event of Mr. Sorrentino’s death or permanent disability, the options will vest on a pro-rata basis based on the percentage of the vesting period during which Mr. Sorrentino served prior to his death or disability.

Each executive officer’s current and prior compensation is considered in setting future compensation. The elements of

our plan (base salary, bonus, stock options and restricted stock) are similar to the elements used by many companies. We do not have an exact formula for allocating between cash and non-cash compensation. In making its annual stock plan grants in December 2010, the board considered the relative advantages of stock options, which it had granted before December 2009, and restricted stock awards, which it granted in December 2009. In light of the expected payment of bonuses for 2010 under the Senior Management Bonus Program, the committee determined to return to its practice of using stock options as an equity incentive.

Our chief executive officer provides recommendations to the Compensation Committee regarding most compensation matters, including compensation of other members of key management.

With respect to current employees, we establish stock plan grant dates well in advance of any actual grant. The timing of each grant is determined to coincide with a scheduled meeting of our Board of Directors and its Compensation Committee and, except in highly unusual circumstances, we will not allow discretionary grants at other dates. The grant date is established when our Compensation Committee approves the grant and all key terms have been determined. The exercise price of each of our stock options is the market closing price on the grant date. Our general policy is for the annual grant to occur in December several weeks after the official announcement of our third quarter results so that the stock option exercise price reflects a fully-informed market price. If at the time of any planned stock option grant any member of our Board of Directors or any executive officer is aware of material non-public information, we would not generally make the planned stock option grant. In such event, as soon as practical after material information is made public, the Compensation Committee would call a special meeting and otherwise take all necessary steps to authorize the delayed stock option grant. Regarding the grant process, the Compensation Committee does not delegate any related function, and executive officers are not treated differently from other employees.

Tax Considerations

We have structured our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Section 162(m) of the Internal Revenue Code imposes a limitation on tax deductions of any publicly-held corporation for compensation paid to certain executives in excess of \$1,000,000 in any taxable year, unless the compensation is performance-based. Section 409A of the Internal Revenue Code addresses certain nonqualified deferred compensation benefits payable to an executive and provides that, if such benefits do not comply with Section 409A, they will be taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. We have no individuals with non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit.

Employment Arrangements and Payments upon Termination of Employment

We entered into an employment agreement dated April 26, 2006 with Mr. Sorrentino, our President and Chief Executive Officer, with a term that extends through April 26, 2011. It provides for a base salary of \$425,000 per year, subject to annual reviews and increases (but not decreases) by our board. The Compensation Committee approved increases in Mr. Sorrentino's base salary to \$450,000, effective March 2007, and to \$475,000, effective March 2008. Mr. Sorrentino's employment agreement entitles him to an annual bonus of up to 100% of base salary, as described above. Mr. Sorrentino's agreement provides for reimbursement of reasonable business expenses, the employment benefits generally available to our executives, four weeks of vacation per year and a car allowance of \$1,000 per month. Mr. Sorrentino may participate in our 2006 Plan. Under his employment agreement, Mr. Sorrentino is entitled to severance equal to two years' base salary if we terminate his employment without cause, or if he terminates his employment for good reason. The employment agreement limits Mr. Sorrentino's ability to compete with us for two years after his employment ends.

Under Mr. Sorrentino's employment agreement, the phrases "termination without cause" and "termination for good reason" are defined as follows:

"termination without cause" shall mean a termination of Mr. Sorrentino's employment for any reason other than by reason of the following: (i) a material breach by Mr. Sorrentino of his employment agreement or material neglect by Mr. Sorrentino of his assigned duties, which includes any failure to follow the written direction of the Board of Directors (other than by reason of disability), or repeated refusal by Mr. Sorrentino to perform his assigned duties (other than by reason of disability) which continues for thirty days following receipt of written notice from the Board of Directors; (ii) the commission by Mr. Sorrentino of any act of fraud or embezzlement against us or the commission of any felony or act involving dishonesty; (iii) the commission by Mr. Sorrentino of any act of moral turpitude which actually causes us financial harm; (iv) a material breach by Mr. Sorrentino of the terms of the confidentiality provisions contained in his employment agreement or any other confidentiality or non - disclosure agreement he has with us; or (v) Mr. Sorrentino's commencement of employment with another company while he is employed by us without the prior consent of the Board of Directors.

“termination for good reason” shall mean the voluntary termination by Mr. Sorrentino of his employment, if without his prior consent: (i) we relocate our principal executive offices to a location outside the Houston, Texas metropolitan area; (ii) we materially reduce his responsibilities, duties, authority, title, or reporting relationship; or (iii) we act in any way that would reduce his base salary or if we adversely affect his participation in or materially reduce his benefit under any of our benefit plans in which he is participating; provided, however, that a “termination for good reason” shall not be permitted unless Mr. Sorrentino has given us at least thirty days’ prior written notice that he has a basis for such a termination, the notice specifies the facts and circumstances constituting a basis for such a termination, and we do not remedy such facts and circumstances constituting the basis for his termination for good reason within the thirty-day period.

Assuming that Mr. Sorrentino had terminated his employment with us as of December 31, 2010 (whether “without cause” or “for good reason”), he would have received 24 months of his then current salary in accordance with our current general payroll practices (which would equal \$475,000 per year for 2011 and 2012). If Mr. Sorrentino terminated his employment on December 31, 2010 following a change in control, then pursuant to the terms of our 2006 Plan, in addition to the payments discussed in the preceding sentence, all of his outstanding options would have fully vested as of the date of the change in control.

Our other members of senior management are elected by and serve at the discretion of the Board of Directors.

Grants of Plan Based Awards

The following table sets forth information for each named executive officer with respect to:

- Estimated possible payouts under non-equity incentive plan awards for 2010, and
- Stock options granted in 2010.

Name	Grant Date ⁽¹⁾	Estimated Future Payouts Under Non-Equity Incentive Plan Awards ⁽²⁾			All Other Option Awards: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards (\$/Sh)	Grant Date Fair Value of Stock and Option Awards (\$) ⁽⁶⁾
		Threshold (\$) ⁽³⁾	Target (\$) ⁽⁴⁾	Maximum (\$) ⁽⁵⁾			
Charles A. Sorrentino	—	—	237,500	475,000	—	—	—
Nicol G. Graham	12/14/10	—	—	136,913	5,000	12.03	25,183

(1) The “Grant Date” reflects the date on which the Compensation Committee acted to approve the grant of the award.

(2) The amounts shown for Mr. Sorrentino reflect the amounts that were payable pursuant to his employment agreement and are based on performance targets established by the Compensation Committee and Board of Directors for 2010. For a description of Mr. Sorrentino’s employment agreement, please see “Executive Compensation — Elements of Company’s Compensation Plan and How Each Element Relates to Our Objectives – Employment Agreements.” The amounts shown for Mr. Graham represent the expected payout under our Senior Management Bonus Program for 2010.

(3) *Non-Equity Incentive Plan Awards – Threshold.* Pursuant to our employment agreement with Mr. Sorrentino, he does not receive any incentive payment unless our performance exceeds the thresholds set in accordance with his agreement. Pursuant to the Senior Management Bonus Program, in which Mr. Graham participates, performance at or below a specific incentive factor will result in no payment with respect to that incentive factor. Performance above the minimum goals for each incentive factor results in a payment (based on a percentage of the executive’s salary) ranging from \$1 to the maximum bonus amount for each incentive factor, depending on the level at which the performance goal was attained.

(4) *Non-Equity Incentive Plan Awards – Target.* Pursuant to our employment agreement with Mr. Sorrentino, the amount shown in this column for Mr. Sorrentino represents 50% of his salary for 2010. The Senior Management Bonus Program, in which Mr. Graham participates, does not specify a target amount. Where “target” amounts are not determinable, the SEC rules require the disclosure of representative amounts based on the previous fiscal year’s performance. Accordingly, we have disclosed above in the “Target” column the amount that would be paid under our 2010 Senior Management Bonus Program to Mr. Graham, based on our performance in 2009.

(5) *Non-Equity Incentive Plan Awards – Maximum.* Pursuant to our employment agreement with Mr. Sorrentino, the amount shown in this column for Mr. Sorrentino represents 100% of his salary for 2010, the maximum percentage of his salary that is available to him under his agreement. Pursuant to the 2010 Senior Management Bonus Program, the amount shown in this column for Mr. Graham represents 70% of his salary for 2010, the maximum percentage of his salary that is available to him under the program.

(1) Amounts shown in this row relate solely to stock options granted under our 2006 Plan. The 2006 Plan provides for discretionary awards of stock options and restricted stock to selected employees and directors. Our board may grant non-qualified or incentive stock options to selected employees and non-qualified stock options to non-employee directors. The board may set the terms and conditions applicable to the options, including the exercise price of the option, type of option and the number of shares subject to the option. In any event, each option will expire 10 years from the date of grant.

This row excludes shares of restricted stock granted under the 2006 Plan, which were granted at no cost to the recipients. Our board may grant restricted stock awards to directors and selected employees, either for no consideration or for such appropriate consideration as the board determines. The board has the discretion to determine the number of shares awarded and the restrictions, terms and conditions of the award. Subject to the restrictions, the recipient of an award will be a stockholder with respect to the shares awarded to him or her and will have the rights of a stockholder with respect to the shares, including the right to vote the shares and receive dividends, if any, on the shares. Our board may establish, as restrictions on the stock, performance goals and targets for participants, which lapse if we achieve the performance goals and targets for the designated performance period. The performance goals may be based on one or more business criteria. Performance goals may be absolute in their terms or measured against or in relationship to the performance of other companies or indices selected by the board.

(2) Amounts shown in this row relate solely to non-qualified stock options granted under our 2000 Stock Plan (“the 2000 Plan”). No grants under the 2000 Plan have been made since the Company’s public offering in June 2006 nor will any be made in the future. Under the 2000 Plan the Board of Directors was able to grant non-qualified or incentive stock options to selected key employees and non-qualified stock options to non-employee directors. The duration of any option could not exceed 10 years from the grant date. The board was also able to grant stock awards to key employees and directors for such numbers of shares, and subject to such vesting requirements, restrictions and other terms and conditions, as the board determined in its discretion.

(3) Weighted-average exercise price of outstanding stock options.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the board is responsible for providing oversight of our accounting and financial reporting functions. The board appoints the Audit Committee annually, with the committee consisting of at least three directors. The Audit Committee operates under a formal charter, which is available on the Company’s website at <http://www.houwire.com> and by clicking on the “Corporate Governance” link. The Audit Committee charter sets forth in detail, the duties and responsibilities of the Audit Committee.

The Audit Committee relies on the expertise and knowledge of management and Ernst & Young LLP, the Company’s independent registered public accounting firm, in carrying out its oversight responsibilities. Management is responsible for the Company’s financial reporting process including its system of internal controls, and for the preparation of the consolidated financial statements in accordance with generally accepted accounting principles. Ernst & Young LLP is responsible for

auditing those financial statements and issuing a report thereon.

The Audit Committee reviewed and discussed with management and Ernst & Young LLP the audited financial statements of the Company for the year ended December 31, 2010. The Audit Committee also reviewed and discussed with Ernst & Young LLP the matters required to be discussed by Public Company Accounting Oversight Board (United States) Auditing Standard AU Section 380 (Communication with Audit Committees) and Rule 2-07 of SEC Regulation S-X.

In addition, the Audit Committee received the written disclosures and the letter from Ernst & Young LLP that are required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The disclosures described the relationships and fee arrangements between the firm and the Company. Consistent with the applicable requirements of the Public Company Accounting Oversight Board and the rules and regulations of the SEC, the Audit Committee considered whether the provision of non-audit services by the independent registered public accounting firm to the Company for the fiscal year ended December 31, 2010 is compatible with maintaining Ernst & Young LLP's independence and has discussed with Ernst & Young LLP the firm's independence from the Company.

Based on the above-mentioned reviews and discussions with management and Ernst & Young LLP, the Audit Committee, exercising its business judgment, recommended to the board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the SEC.

This report is submitted on behalf of the members of the Audit Committee:

PRINCIPAL INDEPENDENT ACCOUNTANT FEES AND SERVICES

Audit Committee's Pre-Approval and Procedures

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee. As part of its responsibility, the committee established a policy requiring the pre-approval of all audit and permissible non-audit services performed by the registered public accounting firm. In pre-approving services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence.

Prior to the engagement of the registered public accounting firm for an upcoming audit/non-audit service period, defined as a twelve-month timeframe, Ernst & Young LLP submits a detailed list of services expected to be rendered during that period as well as an estimate of the associated fees for each of the following four categories of services to the Audit Committee for approval:

- **Audit Services** consist of services rendered by an external auditor for the audit of our annual consolidated financial statements (including tax services performed to fulfill the auditor's responsibility under generally accepted auditing standards) and internal controls and reviews of financial statements included in Forms 10-Q, and includes services that generally only an external auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the SEC.
- **Audit-Related Services** consist of assurance and related services by an external auditor that are reasonably related to audit or review of financial statements, including employee benefit plan audits, due diligence related to mergers and acquisitions, and accounting consultations.
- **Tax Services** consist of services not included in Audit Services above, rendered by an external auditor for tax compliance.
- **Other Non-Audit Services** are any other permissible work that is not an Audit, Audit-Related or Tax Service.

Circumstances may arise during the twelve-month period when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The table below summarizes the fees billed by our independent registered public accounting firm, Ernst & Young LLP for the fiscal years ended December 31, 2010 and 2009:

Year	Audit Fees ⁽¹⁾	Audit-Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees	Total
2010	\$ 370,319	\$ 320,205	\$ 46,796	\$ —	\$ 737,320
2009	\$ 360,447	\$ —	\$ 48,550	\$ —	\$ 408,997

(1) Audit fees include fees for professional services rendered for the audit of our annual consolidated financial statements (including services related to the audit of internal control over financial reporting under the Sarbanes-Oxley Act of 2002) and the reviews of the interim financial statements included in our Forms 10-Q.

(2) The audit-related services for fiscal 2010 related to the acquisition of Southwest Wire Rope, LLC, Southwest Wire Rope GP LLC and Southern Wire, LLC. There were no fees for audit-related services in 2009.

(3) Tax fees represent professional services related to tax compliance.

For the fiscal year ended December 31, 2010, none of the Audit-Related Fees, Tax Fees or Other Fees were approved in accordance with the exceptions to the pre-approval requirements set forth in 16 CFR 210.2-01(c)(7)(i)(C).

The Audit Committee has considered the compatibility of the provision of services covered by the preceding paragraph with the maintenance of the principal accountant's independence from the Company and has determined that the provision of such services is not incompatible with the maintenance of such independence. The Audit Committee annually reviews the performance of the independent registered public accounting firm and the fees charged for their services.

**PROPOSAL NO. 2 — RATIFICATION OF SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

General

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2011 is not required. However, the Board of Directors is submitting the selection of Ernst & Young LLP as the Company's independent registered public accounting firm to the stockholders for ratification to learn the opinion of stockholders on this selection. If the stockholders fail to ratify Ernst & Young LLP as the independent registered public accounting firm, the Audit Committee will reassess its appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change would be in the best interests of the Company and its stockholders. Representatives of Ernst & Young LLP are expected to be at the annual meeting of stockholders and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions from those attending the meeting.

Board Recommendation and Stockholder Vote Required

The Board of Directors recommends a vote "FOR" the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2011 (Proposal No. 2 on the proxy card).

The affirmative vote of the holders of a majority of the votes represented at the annual meeting in person or by proxy will be required for approval.

**PROPOSAL NO. 3:
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

As described in the Compensation Discussion and Analysis ("CD&A") section of this proxy statement, the Compensation Committee's goal in setting executive compensation is to provide a compensation package that attracts, motivates and retains executive talent and rewards executive officers for superior Company and individual performance while encouraging behavior that is in the long-term best interests of the Company and its stockholders. Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our executives is performance-based and dependent upon the Company's achievement of specified financial goals and the performance of the Company's shares on a long-term basis. In fiscal 2010, the Company performed strongly, finishing the year with a solid operating performance including double-digit earnings growth and strong cash flow.

Stockholders are urged to read the CD&A, which discusses how our compensation policies and procedures implement our compensation philosophy, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure which describe the compensation of our two named executive officers in fiscal 2010. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the CD&A are effective in implementing our compensation philosophy and in achieving its goals and that the compensation of our named executive officers in fiscal 2010 reflects and supports these compensation policies and procedures.

In accordance with recently adopted Section 14A of the Securities Exchange Act of 1934 and as a matter of good corporate governance, stockholders will be asked at the 2011 annual meeting of stockholders to approve the following advisory resolution:

RESOLVED, that the stockholders of Houston Wire & Cable Company approve, on an advisory basis, the compensation of the Company's named executive officers described in the Compensation Discussion and Analysis section of the Proxy Statement and disclosed in the 2010 Summary Compensation Table and related compensation tables and narrative disclosure included in the Proxy Statement.

This advisory vote, commonly referred to as a "say-on-pay" advisory vote, is non-binding on the board. Although non-binding, the board and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our executive compensation programs.

Board Recommendation and Stockholder Vote Required

The Board of Directors recommends a vote “FOR” Proposal No. 3 on the proxy card.

The affirmative vote of the holders of a majority of the votes represented at the annual meeting in person or by proxy will be required for approval.

PROPOSAL NO. 4: ADVISORY VOTE ON FREQUENCY OF FUTURE "SAY-ON-PAY" ADVISORY VOTES

In accordance with recently adopted Section 14A of the Exchange Act, we are providing a stockholder advisory vote to approve the compensation of executives (the "say-on-pay" advisory vote in Proposal No. 4 above) this year and will do so at least once every three years thereafter. Pursuant to recently adopted Section 14A of the Securities Exchange Act, at the 2011 annual meeting of stockholders, we are also asking stockholders to vote on whether future "say-on-pay" advisory votes on executive compensation should occur every year, every two years or every three years.

After careful consideration, the board recommends that future shareholder "say-on-pay" advisory votes on executive compensation be conducted every year. The Board of Directors values our stockholders' opinions and believes it would benefit from direct, timely feedback on the Company's executive compensation program.

Although the board recommends a "say-on-pay" vote every year, stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Stockholders are not voting to approve or disapprove of the board's recommendation.

Although this advisory vote regarding the frequency of say-on-pay votes is non-binding on the board, the board and the Compensation Committee will review the voting results and take them into consideration when deciding how often to conduct future say-on-pay stockholder advisory votes. The board will disclose its position on the frequency of future advisory votes on executive compensation in the investor relations section of our website at <http://www.houwire.com>.

Board Recommendation and Stockholder Vote Required

The Board of Directors recommends a vote for the “1 YEAR” alternative on Proposal No. 4 on the proxy card.

The alternative receiving the affirmative vote of the holders of a greatest number of the votes represented at the annual meeting in person or by proxy will be treated as the frequency approved by stockholders.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR 2012 ANNUAL MEETING

The proxy rules of the SEC permit our stockholders, after notice to the Company, to present proposals for stockholder action in our proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for stockholder action and are not properly omitted by us in accordance with the proxy rules. In order for any stockholder proposal to be considered for inclusion in our proxy statement to be issued in connection with our 2012 annual meeting of stockholders, that proposal must be received at our corporate headquarters, 10201 North Loop East, Houston, Texas 77029 (Attention: Manager, Investor Relations), no later than November 25, 2011.

Our certificate of incorporation and by-laws provide that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting. Our certificate of incorporation and by-laws provide that, except as otherwise required by law, special meetings of our stockholders can only be called pursuant to a resolution adopted by a majority of our Board of Directors or by our chief executive officer or the chairman of our Board of Directors. Stockholders are not permitted to call a special meeting or to require our board to call a special meeting.

Our by-laws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board. Stockholders at our annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board or by a stockholder who was a stockholder of record on the record date for the meeting and upon giving of notice and provided that the stockholder has given to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Specifically, our bylaws provide the following procedure in order that business may properly come before the stockholders at the annual meeting. Among other things, stockholders intending to bring business before the annual meeting must provide written notice of such intent to the Secretary of the Company. Such notice must be given no earlier than January 4, 2012 and no later than February 3, 2012. In addition, the following information must be provided in the written notice: (1) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (2) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (3) the class and number of shares of common stock that are beneficially owned by the stockholder, (4) any material interest of the stockholder in such business and (5) a representation that the stockholder intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

GENERAL

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership on Forms 3, 4 and 5, as applicable, with the SEC. Officers, directors and stockholders owning more than ten percent of our common stock are required by the SEC regulations to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely upon a review of Forms 3 and 4 and any amendments furnished to us, we believe that our directors, officers and greater than 10% beneficial owners complied with all applicable Section 16 filing requirements during 2010.

Other Information

The expenses of preparing and mailing this proxy statement and the accompanying proxy card and the cost of solicitation of proxies, if any, will be the responsibility of Houston Wire & Cable Company. In addition to the use of mailings, proxies may be solicited by personal interview, telephone and by our directors, officers and regular employees without special compensation therefore. We expect to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling proxy materials for beneficial owners of our common stock.

Unless contrary instructions are indicated on the proxy card, all shares of common stock represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted "FOR" all nominees for director, "FOR" the ratification of the selection of Ernst & Young LLP as our independent accounting firm, "FOR" approval of our executive compensation and for "ONE YEAR" as the frequency of future stockholder advisory votes on executive compensation.

OTHER MATTERS

Our board does not know of any other matters that are to be presented for action at the 2011 annual meeting of stockholders. Should any other matter come before the annual meeting, however, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to such matter in accordance with their judgment.
