

Integra Earnings Call Presentation

Second Quarter 2017

Safe Harbor Statement

This presentation contains “forward-looking statements”, including statements regarding the proposed Codman Neurosurgery acquisition and the ability to consummate the proposed transaction. Statements in this document may contain, in addition to historical information, certain forward-looking statements. Some of these forward-looking statements may contain words like “believe,” “may,” “could,” “would,” “might,” “possible,” “should,” “expect,” “intend,” “plan,” “anticipate,” or “continue,” the negative of these words, other terms of similar meaning or they may use future dates. Forward-looking statements in this document include without limitation statements regarding the planned completion of the proposed acquisition, the benefits of the proposed acquisition, including future financial and operating results, Integra’s, the Codman Neurosurgery business’s plans, objectives, expectations and intentions and the expected timing of completion of the proposed acquisition. It is important to note that Integra’s goals and expectations are not predictions of actual performance. Actual results may differ materially from Integra’s current expectations depending upon a number of factors affecting the Codman Neurosurgery business, and Integra’s business and risks and uncertainties associated with acquisition transactions. These factors include, among other things, the following: successful closing of the proposed acquisition; the ability to obtain required regulatory approvals for the proposed acquisition (including the approval of antitrust authorities necessary to complete the proposed acquisition), the timing of obtaining such approvals and the risk that such approvals may result in the imposition of conditions, including with respect to divestitures, that could materially adversely affect Integra, the Codman Neurosurgery business and the expected benefits of the proposed acquisition; the risk that a condition to closing of the proposed acquisitions may not be satisfied on a timely basis or at all, the failure of the proposed acquisitions to close for any other reason and the risk liability to Integra in connection therewith; access to available financing (including financing for the acquisitions) on a timely basis and on reasonable terms; the effects of disruption caused by the proposed acquisitions making it more difficult for Integra to execute its operating plan effectively or to maintain relationships with employees, vendors and other business partners; stockholder litigation in connection with the proposed acquisitions; Integra’s ability to successfully integrate the Codman Neurosurgery and Derma businesses and other acquired businesses; global macroeconomic and political conditions; the difficulty of predicting the timing or outcome of product development efforts and regulatory agency approvals or actions, if any; physicians’ willingness to adopt and third-party payers’ willingness to provide reimbursement for Integra’s, and the Codman Neurosurgery business’s existing, recently launched and planned products; difficulties or delays in manufacturing; the availability and pricing of third party sourced products and materials; and other risks and uncertainties discussed in Integra’s filings with the SEC, including the “Risk Factors” sections of Integra’s Annual Report on Form 10-K for the year ended December 31, 2016 and subsequent quarterly reports on Form 10-Q. Integra undertakes no obligation to update any forward-looking statements as a result of new information, future developments or otherwise, except as expressly required by law. All forward-looking statements in this document are qualified in their entirety by this cautionary statement.

Non-GAAP Financial Measures

In addition to our GAAP results, we provide organic revenues, adjusted earnings before interest, taxes, depreciation and amortization ("EBITDA"), adjusted net income, adjusted EPS, free cash flow and adjusted free cash flow conversion. Organic revenues consist of total revenues excluding the effects of currency exchange rates, acquired revenues and product discontinuances. Adjusted EBITDA consists of GAAP net income from continuing operations, excluding: (i) depreciation and amortization, (ii) other income (expense), (iii) interest income and expense, (iv) income taxes, (v) and those operating expenses also excluded from adjusted net income. The measure of adjusted net income consists of GAAP net income from continuing operations, excluding: (i) global enterprise resource planning ("ERP") implementation charges; (ii) structural optimization charges; (iii) certain employee severance charges; (iv) acquisition-related charges; (v) convertible debt noncash interest; (vi) intangible asset amortization expense; (vii) discontinued product lines charges and (viii) income tax impact from adjustments and other items. The adjusted EPS measure is calculated by dividing adjusted net income attributable to diluted shares by diluted weighted average shares outstanding. The measure of free cash flow consists of GAAP net cash provided by continuing operating activities from continuing operations less purchases of property and equipment. The adjusted free cash flow conversion measure is calculated by dividing free cash flow by adjusted net income.

The Company believes that the presentation of the various organic revenue, adjusted EBITDA, adjusted net income, adjusted EPS, free cash flow, and free cash flow conversion measures provide important supplemental information to management and investors regarding financial and business trends relating to the Company's financial condition and results of operations.
