

TurboTax Goes Mobile: Prepare, File Taxes From Smart Phones and Tablets

SAN DIEGO--(BUSINESS WIRE)-- Whether you use a smart phone or a tablet, an expanded suite of TurboTax® mobile apps makes it simple and convenient for taxpayers to easily and accurately prepare and e-file a return, estimate their taxes and track their tax refund.

TurboTax, the nation's leading [tax software](#) from Intuit Inc. (Nasdaq:INTU), was the first to offer full tax preparation and e-filing directly from a mobile device. Unlike other tax apps, TurboTax apps are specifically designed and optimized, for a true mobile user experience.

TurboTax apps combine the unparalleled ease of TurboTax with the convenience and portability of mobile devices so that taxpayers feel confident their taxes are done right, while guiding taxpayers step-by-step to their maximum tax refund.

- **SnapTax:** Designed for taxpayers with a simple return (1040EZ), SnapTax was the first mobile app to allow users to completely prepare and e-file a federal and state return from their [iPhone](#) or [Android](#) device. SnapTax is easy, accurate and secure and lets users snap a photo of their W-2 with the camera in their phone and then, automatically transfers information right onto their tax return. Taxpayers then answer a few simple questions, review their return and tap "File My Taxes" to e-file in minutes.
- **TurboTax for iPad:** Improved for tax year 2011, TurboTax for [iPad](#), now includes the ability to easily transfer information from a prior year return and automatically import income information directly from 400,000 employers, banks and financial institutions. [Free one-on-one tax advice](#) from highly-qualified tax experts is now available to users of TurboTax for iPad and SnapTax as well.
- **TaxCaster:** Now available for iPad as well as [iPhone](#) and [Android](#) devices, TaxCaster is a free and easy way to estimate a tax refund. With this interactive and engaging app, customers can quickly and easily enter information using visual icons and sliders to see where they stand before they file.
- **MyTaxRefund:** After e-filing, any taxpayer can check the status of both their federal and state tax returns with this free and easy mobile app available now for iPad, as well as [iPhone](#), [Android](#) devices. MyTaxRefund addresses the questions taxpayers have after they file around when their returns are accepted and when to expect to receive their federal tax refund based on IRS projections
- **TurboTax Card Mobile:** Free to TurboTax customers who choose to receive their refund on a [TurboTax Prepaid Visa® Card](#), the TurboTax Card Mobile app is available for both [iPhone](#) and [Android](#) devices. The app allows customers to track their federal refund, activate their card, check their balance and transactions, locate ATMs and more.

TurboTax Online products are also accessible to mobile users.

All TurboTax online products, including Free Edition, are now compatible when accessing through a browser on the iPhone, Android, Kindle Fire, iPad and other tablets. With an improved mobile experience, customers using a browser can move between their mobile device and their computer giving them more freedom and choice to prepare their taxes whenever and wherever they want.

Pricing and Availability

All apps from TurboTax are free to download. TurboTax for iPad and SnapTax customers pay when they are done. SnapTax includes both federal and state preparation for \$19.99. TurboTax for iPad customers begin using [TurboTax Deluxe](#), for \$29.99, and based on their tax situation, can choose [TurboTax Premier](#) or [TurboTax Home & Business](#) for an additional cost. State tax preparation is additional. All pricing for mobile apps is subject to change and includes e-file at no additional cost. Available on the App Store, Android Market or Amazon Appstore for Android.
