JMP Group is retaining 100% of the senior and junior subordinated notes, which are not rated.

“JMP Credit Advisors CLO IV is our third transaction since the end of the credit crisis,” said Bryan Hamm, president of JMP Credit Advisors. “We were pleased with the execution on the transaction and look forward to continuing on the path to becoming a widely recognized, top-tier manager of corporate debt.”

JMP Group intends to consolidate the loan investment portfolio and expects to account for the transaction on its balance sheet as non-recourse debt. The CLO has a four-year reinvestment period, through July 17, 2021, that allows for the use of the proceeds from any principal repayments on, or any sales of, collateral assets towards the purchase of qualifying replacement assets, subject to certain conditions and limitations.

The transaction was executed through a private exempt offering. BNP Paribas served as placement agent and sole bookrunner.
