Duties and Responsibilities

The Committee is responsible for overseeing the accounting and financial reporting procedures and processes of the Company and the audits of the financial statements of the Company on behalf of the Board of Directors. Management, not the Committee, is responsible for (i) the preparation, presentation and integrity of the Company's financial statements, (ii) the appropriateness of the accounting and reporting policies that are used by the Company, and (iii) the design and effectiveness of the Company's internal control over financial reporting. Similarly, the independent auditors, not the Committee, are responsible for auditing the Company's financial statements and for reviewing the Company's interim financial statements. While the Committee has the express duties and responsibilities below, the Committee's role is ultimately one of oversight only.

The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors (including without limitation resolution of disagreements between management and the auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services, or any other services, for the Company. The independent auditor must report directly to the Committee.

In performing the duties enumerated below, to the fullest extent permitted by law, each member of the Committee may rely in good faith upon the records of the Company and upon such information, opinions, reports or statements presented to the Committee by any of the Company's officers or employees or by any other person as to matters such member reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Company or the Committee.

The Committee has the following duties and responsibilities:

1. Retain the Independent Auditors. The Committee has the sole authority to (a) select, evaluate, propose for shareholder ratification and terminate the Company's independent auditors, (b) approve all audit engagement fees, terms and services, and (c) approve the fees, terms and services of any non-audit engagements of the Company's independent auditors. The Committee shall exercise this authority in a manner consistent with Sections 201, 202 and 301 of the Sarbanes-Oxley Act and the rules and listing requirements promulgated thereunder by the SEC and NASDAQ. The Committee may delegate the authority to grant any pre-approvals of non-audit engagements required by such sections to one or more members of the Committee, subject to the delegated member or members reporting any such pre-approvals to the Committee at its next scheduled meeting.
2. Review and Discuss the Independence of the Auditors. In connection with the retention of the Company's independent auditors, the Committee shall, at least annually, review and discuss the information provided by management and the auditors relating to the independence of the audit firm, including among other things information related to the non-audit services provided and expected to be provided by the auditors. The Committee is responsible for (a) ensuring that the independent auditors submit to the Committee, at least annually, a formal written statement delineating all relationships between the auditors and the Company consistent with applicable independence standards, (b) actively engaging in a dialogue with the auditors with respect to any disclosed relationship or services that may impact the objectivity and independence of the auditors, and (c) taking, or recommending that the Board of Directors take, appropriate action to oversee the independence of the auditors. In connection with the Committee's evaluation of the auditors' independence, the Committee shall also review and evaluate the lead partner of the independent auditors and take such steps as may be required by law with respect to the identification and regular rotation of the audit partners serving on the Company's audit engagement team. The Committee will further consider whether, in order to assure continuing auditor independence, there should be regular rotation of the auditor itself.
3. Establish Hiring Policies. The Committee shall establish hiring policies for employees or former employees of the independent auditors, which must include the restrictions set forth in both Section 206 of the Sarbanes-Oxley Act (and any rules promulgated thereunder by the SEC) and Rule 2-01 of Regulation S-X promulgated under the Securities Exchange Act of 1934 (the "Exchange Act").

4. Review and Discuss the Audit Plan. The Committee shall review and discuss with the independent auditors the plans for, and the scope of, the annual audit and other examinations, including without limitation the adequacy of staffing and compensation.
5. Review and Discuss Conduct of the Audit. The Committee shall review and discuss with the independent auditors the matters required to be discussed by Auditing Standards No. 16, relating to the conduct of the audit, as well as any audit problems or difficulties and management's response, including without limitation (a) any restriction on audit scope or on access to requested information, (b) any disagreements with management, and (c) significant issues discussed with the independent auditors' national office. The Committee shall decide all unresolved disagreements between management and the independent auditors regarding financial reporting.
6. Review and Discuss Financial Statements and Disclosures. The Committee shall review and discuss with appropriate officers of the Company and the independent auditors the annual audited and quarterly financial statements of the Company, including footnotes thereto, as well as the Company's disclosures in its Exchange Act reports (a) under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and (b) regarding internal controls and other matters required by Sections 302 and 404 of the Sarbanes-Oxley Act and any rules promulgated thereunder by the SEC.
7. Review and Discuss Earnings Press Releases. The Committee shall review and discuss earnings and other financial press releases (including without limitation any use of "pro forma" or "adjusted" financial measures not having a prescribed meaning in accordance with generally accepted accounting principles in the United States ("GAAP")), as well as financial information and earnings guidance, if any, provided to analysts and rating agencies (which review may occur after issuance and may be done generally as a review of the types of information to be disclosed and the form of presentation to be made).
8. Review and Discuss Internal Audit Plans. The Committee shall review and discuss with the senior internal auditing executive and appropriate members of the staff of the internal auditing department the plans for and the scope of their ongoing audit activities, including without limitation adequacy of staffing and compensation.
9. Review and Discuss Internal Audit Reports. The Committee shall review and discuss with the senior internal auditing executive and appropriate members of the staff of the internal auditing department the annual report of the audit activities, examinations and results thereof of the internal auditing department.
10. Review and Discuss the Systems of Internal Accounting Controls. The Committee shall review and discuss with the independent auditors, the senior internal auditing executive, the General Counsel and, if and to the extent deemed

appropriate by the Chairman of the Committee, members of their respective staffs (a) the adequacy of the Company's internal accounting controls, the Company's financial, auditing and accounting organizations and personnel, and policies and compliance procedures with respect to business practices, (b) the Company's disclosures regarding internal controls, and (c) any matters required by Sections 302 and 404 of the Sarbanes-Oxley Act and any rules promulgated thereunder by the SEC. The Committee shall also review and discuss with the independent auditors their opinion on the effectiveness of management's assessment of internal controls over financial reporting and any matters that have come to the attention of the independent auditors that lead them to believe that modification to the Company's disclosures about changes in internal control over financial reporting is necessary for management's certifications pursuant to Section 302 of the Sarbanes-Oxley Act to be accurate.

11. Review and Discuss the Recommendations of Independent Auditors. The Committee shall review and discuss with the senior internal auditing executive and the appropriate members of the staff of the internal auditing department recommendations made by the independent auditors and the senior internal auditing executive, as well as such other matters, if any, as such persons or other officers of the Company may desire to bring to the attention of the Committee.

The Committee shall review and discuss with the independent auditors (a) the report of their annual audit, or proposed report of their annual audit, (b) the accompanying management letter, if any, (c) the reports of their reviews of the Company's interim financial statements, (d) the reports of the results of such other examinations outside of the course of the independent auditors' normal audit procedures that the independent auditors may from time to time undertake, and (e) the accompanying management representation letter, if any, to any of the above-referenced reports. The foregoing shall include the reports required by Section 204 of the Sarbanes-Oxley Act and any rules promulgated thereunder by the SEC and, as appropriate, a review of: (a) major issues regarding (i) accounting principles and financial statement presentations, including without limitation any significant changes in the Company's selection or application of accounting principles, and (ii) the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (b) analyses prepared by management and/or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including without limitation analyses of the effects of alternative GAAP methods on the financial statements; and (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.
13. Obtain Assurances under Section 10A(b) of the Exchange Act. The Committee shall obtain assurance from the independent auditors that in the course of conducting the audit, there have been no acts detected or that have otherwise

come to the attention of the audit firm that require disclosure to the Committee under Section 10A(b) of the Exchange Act.

14. Discuss Risk Management Policies. The Committee shall discuss, either as a committee or in conjunction with the Board of Directors, guidelines and policies with respect to risk assessment and risk management in order to assess and manage the Company's exposure to risk. The Committee should also discuss the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures.
15. Obtain Reports Regarding Conformity with Legal Requirements and the Company's Code of Business Conduct and Ethics. The Committee shall periodically obtain reports from the Compliance Officer and other members of management, the Company's senior internal auditing executive and the independent auditors that the Company and its subsidiaries are in conformity with applicable legal requirements and the Company's Code of Business Conduct and Ethics. Such report shall include a review of any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors or the performance of the internal audit function.
