## **KB Home Announces the Grand Opening of Stapleton Wildflower Collection**

**Builder offers elegant new homes in the highly desirable Stapleton master plan starting from the mid-\$400,000s**

DENVER--(BUSINESS WIRE)-- KB Home (NYSE: KBH) today announced the grand opening of Stapleton Wildflower Collection. The new neighborhood is located within the Stapleton master plan, one of the top-selling master plan communities in the United States. Located just 15 minutes from downtown Denver, Stapleton offers all the conveniences of contemporary urban living.

Homeowners at KB Home's Stapleton Wildflower Collection can enjoy the many benefits of living in a premier master plan community. From more than 900 acres of parks and open spaces, 46 miles of bike and walking trails, a 50,000-square-foot recreation center and six community pools, to stores and restaurants at The Shops at Northfield, to year-round community activities like concerts and farmers markets, nearly everything residents need is a short drive or bike ride away.

KB Home's stylish, two-story homes offered at Stapleton Wildflower Collection face an open green court area and range in size from 1,630 to 1,889 square feet, with up to four bedrooms, two-and-a-half baths and two-car garages. As part of KB Home's distinctive homebuying experience, buyers will have the opportunity to personalize many aspects of their new home at the KB Home Design Studio, a retail-like showroom where shoppers, guided by one of KB Home's design professionals, can create the home of their dreams. At Stapleton Wildflower Collection, KB homebuyers may also choose to include a finished basement for additional living space. Prices start in the mid-\$400,000s.

Like all KB homes, those offered at Stapleton Wildflower Collection will be built to ENERGY STAR® guidelines and include WaterSense® labeled faucets and fixtures, meaning they are designed to be more energy- and water-efficient than most other typical new and resale homes. The water- and energy-saving features built into every new KB home can help homeowners save on their monthly utility bills.

Home shoppers are invited to tour the two stunning new model homes this weekend, located at 5925 N Alton Street in Denver.

KB Home is currently open for new home sales and information at fifteen Denver-area locations. For more information about the Stapleton Wildflower Collection or KB Home's other new home neighborhoods, visit [www.kbhome.com](http://www.kbhome.com) or call 888-KB-HOMES.

### **About KB Home**

KB Home (NYSE: KBH) is one of the largest and most recognized homebuilders in the United States and an industry leader in sustainability, building innovative and highly energy- and water-efficient new homes. Founded in 1957 and the first homebuilder listed on the New York Stock Exchange, the Company has built nearly 600,000 homes for families from coast to coast. Distinguished by its personalized homebuilding approach, KB Home lets each buyer choose their lot location, floor plan, décor choices, design features and other special touches that matter most to them.
