Whether or not you expect to attend the Annual Meeting in person, please return your executed proxy in the enclosed envelope, and the shares represented thereby will be voted in accordance with your wishes. The proxy statement is also available at <http://ir.lmiaerospace.com/annuals.cfm>.

Solicitation of proxies is being made by the Company and will be made primarily by mail. In addition to solicitation by mail, officers, directors and employees of the Company may solicit personally, by mail or telephone if proxies are not promptly received. The cost of solicitation will be borne by the Company and will include reimbursement paid to banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred as a result of forwarding solicitation materials to the beneficial owners of the Company's common stock.

The Company's principal office is located at 411 Fountain Lakes Blvd., St. Charles, Missouri 63301.

REVOCAION OF PROXY

If, after sending in your proxy, you decide to vote in person or desire to revoke your proxy for any other reason, you may do so by notifying the Secretary of the Company, Lawrence E. Dickinson, in writing at the principal office of the Company of such revocation at any time prior to the voting of the proxy. A properly executed proxy with a later date will also revoke a previously furnished proxy.

RECORD DATE

The close of business on April 22, 2010 (the "Record Date") has been fixed as the record date for the determination of the holders of shares of Common Stock entitled to notice of and to vote at the Annual Meeting. Only shareholders of record on the Record Date will be entitled to vote at the Annual Meeting or any adjournment thereof. As of the Record Date, there were outstanding 11,764,494 shares of Common Stock, par value \$0.02 per share.

ACTIONS TO BE TAKEN UNDER PROXY

Unless otherwise directed by the giver of the proxy or no voting instruction is given by the beneficial owner of shares with respect to the election of directors (see below), the persons named in the enclosed form of proxy, that is, Ronald S. Saks, or, if unable or unwilling to serve, Lawrence E. Dickinson, will vote:

1. FOR the election of each of the persons named herein as a nominee for Class III Director of the Company for a term expiring at the 2013 Annual Meeting of Shareholders and until his successor has been duly elected and qualified;
2. FOR the ratification of the engagement of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm; and
3. According to such person's judgment on the transaction of such other business as may properly come before the Annual Meeting or any adjournment thereof.

Should the nominees named herein for election as directors become unavailable for any reason, it is intended that the persons named in the proxy will vote for the election of such other person in his stead as may be designated by the Board of Directors. The Board of Directors is not aware of any reason that might cause a nominee to be unavailable to serve.

VOTING SECURITIES AND VOTING RIGHTS

Each share of Common Stock outstanding on the Record Date is entitled to one vote on all matters to be acted on at the Annual Meeting, including the election of directors. There are no cumulative voting rights.

A majority of the outstanding shares of Common Stock as of the Record Date present or represented by proxy will constitute a quorum at the Annual Meeting. The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote is required to elect a person nominated for director. Shares present at the Annual Meeting represented by proxies that are marked "WITHHOLD AUTHORITY" with respect to the election of a person to serve on the Board of Directors will be counted as shares present and entitled to vote and will have the same effect as a vote against the nominee as to which such direction applies. Only the shares represented at the Annual Meeting will affect the election of a director.

The vote required for the approval of Proposal 2—Ratification of Appointment of Independent Registered Public Accounting Firm, and for any other matter properly brought before the Annual Meeting, will be the affirmative vote of the majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Shares present at the Annual Meeting that abstain (including proxies that deny discretionary authority on any matters properly brought before the Annual Meeting) will be counted as shares present and entitled to vote and will have the same effect as a vote against any such matter. Only the shares of Common Stock entitled to vote and represented at the Annual Meeting will affect the outcome as to any such matter.

If you hold shares through a broker, follow the voting instructions you receive from your broker. If you do not submit voting instructions to your broker, your broker can only vote your shares with respect to "discretionary" items. The ratification of the appointment of the Company's independent registered public accounting firm is a discretionary item. **Due to recent rule changes, the election of directors is no longer considered a discretionary item. Therefore, your shares will not be voted for director elections if your broker does not receive directions from you but will be counted for purposes of determining the presence of a quorum. If you hold your shares through a broker, it is critically important that you submit your voting instructions if you want your shares to count in the election of directors.**

Votes will be counted by duly appointed inspectors of election, whose responsibilities are to ascertain the number of shares outstanding and the voting power of each, determine the number of shares represented at the Annual Meeting and the validity of proxies and ballots, count all votes and report the results to the Company.

PROPOSAL 1 - ELECTION OF DIRECTORS

INFORMATION ABOUT THE NOMINEES AND CURRENT DIRECTORS

The Company's Amended and Restated By-laws provide for a division of the Board of Directors of the Company (the "Board of Directors" or the "Board") into three classes. One of the classes is elected each year to serve a three-year term. The terms of the current Class III Directors expire at the Annual Meeting.

The Company's Amended and Restated By-laws currently specify that the number of directors shall be not less than three or more than nine, subject to amendment by the Board of Directors. The number of directors currently authorized is nine; however, there is one vacancy for a Class II and one vacancy for a Class III Director on the Board of Directors. The Company's Amended and Restated By-laws provide that vacancies on the Board of Directors may be filled by the remaining members of the Board of Directors. There are no established term limits for service as a director of the Company. Pursuant to its charter, the Corporate Governance and Nominating ("CG&N") Committee recommends to the Board of Directors persons to fill vacancies on the Board of Directors. The Board of Directors intends to continue to seek qualified individuals to fill the vacancies. Proxies solicited by the Company for the election of directors cannot be voted for a greater number of persons than the number of nominees named in the proxy.

Two directors are to be elected at the Annual Meeting. The Board of Directors, after recommendation by the CG&N Committee, has designated Messrs. Saks and Burstein as nominees for re-election as Class III Directors of the Company at the Annual Meeting. If elected such nominees will serve until the expiration of their terms at the 2013 Annual Meeting of Shareholders, and until their successors are elected and qualified. The nominees have consented to being named in this Proxy Statement and to serve if elected. The Board of Directors has no reason to believe that either nominee will be unable or unwilling to serve if elected.

Majority Voting Procedure

The Company's Corporate Governance Principles, which are described in greater detail below, reflect, among other things, a majority voting procedure for the election of directors in an uncontested election. Although Missouri law requires that directors be elected by a majority of the shares voted at a meeting, the failure of a director of a Missouri corporation to receive the required majority vote may not necessarily result in the relinquishment of his or her directorship. The new majority vote principle requires that each director submit a contingent resignation in writing to the Chairman of the Board of Directors that becomes effective only if the director nominee fails to receive a majority of the votes cast. The term "votes cast" includes votes to withhold authority and shares for which no voting instructions have been given by the beneficial owners thereof. In such case, the CG&N Committee decides whether to recommend to the Board of Directors acceptance or rejection of the resignation or if other actions should be taken. The Board of Directors in turn must act on the tendered resignation, taking into account the CG&N Committee's recommendation, and publicly disclose its decision and reasons for such decision within 90 days from the date of the certification of the election results. A director who tenders his or her resignation under this policy may not participate in the consideration by the CG&N Committee concerning its recommendation to the Board of Directors or in the Board of Directors' decision on whether to accept or reject the resignation or take any other action.

Directors Qualifications

Pursuant to its charter, the CG&N Committee considers the knowledge, experience, integrity and judgment of possible candidates for nomination as a director; their potential contribution to the Board's diversity of backgrounds, experience and competencies; and their ability to devote sufficient time and effort to their duties as directors.

The CG&N Committee reviews, at least annually, the size, structure, independence and membership of the Board of Directors and its committees to assure that the proper skills, independence and experience are represented on the Board and its committees. In conducting its review, the Committee considers the contributions of existing directors and the overall needs of the Company and regularly determines whether, in the aggregate, the directors satisfy the Company's Corporate Governance Principles, a set of guidelines adopted by the Board of Directors regarding, among other things, director qualifications and responsibilities. These principles establish certain characteristics, experience and skill requirements for potential candidates for the Board of Directors, including, but not limited to, a candidate's personal and business ethics, financial literacy, business experience, demonstrated record of achievement and other directorships. The Company's Corporate Governance Principles are available on its website at <http://www.lmiaerospace.com>, and can be obtained free of charge by written request to the attention of the Secretary of the Company at the address appearing on the first page of this Proxy Statement or by telephone at (636) 946-6525.

Potential candidates are evaluated by the CG&N Committee through personal interviews and a thorough review of such criteria. In general, it is expected that each director of the Company will have the highest personal and professional ethics, integrity and values and will consistently exercise sound and objective business judgment. In addition, it is expected that the Board of Directors as a whole will be made up of individuals with significant senior management and leadership experience, a long-term and strategic perspective and the ability to advance constructive debate.

Among other criteria, the experience set deemed necessary for the Board of Directors as a whole includes financial and managerial expertise, experience with manufacturing operations, an understanding of the aerospace and defense industries, knowledge of strategic planning, familiarity with legal, corporate, governmental and regulatory issues, experience as a director of other public companies, independence and diversity, whether in experience and background or based on race, gender or national origin.

The following table sets forth for each director, such director's age, principal occupation for at least the last five years, present position with the Company, qualifications to serve on the Board of Directors, the year in which such director was first elected or appointed a director (each serving continuously since first elected or appointed), directorships with other companies whose securities are registered with the Securities and Exchange Commission, and the class of such director.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE CLASS III DIRECTORS.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND COMMITTEES

Board Leadership Structure

The Board of Directors is committed to effective and independent oversight of management and effective corporate governance. The Board leadership structure promotes effective governance through an independent Chairman of the Board and a separate designated Lead Director of the Board as well as through committee composition and structure.

The Board believes that strong, independent leadership and oversight of management are the best means of achieving an effective Board of Directors. Accordingly, our leadership structure separates the roles of the Chief Executive Officer from those of the Chairman of the Board and a separate Lead Director, both independent directors. The primary role of our Chairman of the Board is to preside at all meetings of the Board at which the Chairman is physically present. In his/her absence, the Lead Director presides at Board meetings. It is the role of the Director to approve the agenda for all Board meetings and to set the agenda for and leads sessions of the independent directors. The Lead Director has the authority to call executive sessions of the independent directors and serves as liaison between the independent directors and the Chief Executive Officer.

Board Oversight of Risk

The goal of the Company's risk management function is to identify, analyze and manage material risk inherent in the implementation of the Company's business plan and strategy. Management is responsible for the identification and management of risks while it is the directors' responsibility to oversee and hold management accountable.

The Board oversees an overall enterprise approach to risk management that supports the operational and strategic objectives of the Company. The Board delegates oversight of certain considerations of risk to its committees within each of their respective areas of responsibility. Financial risk oversight falls within the purview of the Audit Committee; compensation and benefit risks are under the oversight of the Compensation Committee; and governance matters, including the implementation of and compliance with the Company's Code of Business Conduct and Ethics and the review and approval of related person transactions, are under the oversight of the CG&N Committee.

Management is responsible for the day-to-day risk management. Management provides information to the Board in its presentations and other communications at least quarterly, at regularly scheduled Board meetings, or more frequently, if circumstances warrant. The Company's Risk Management Guidelines require a discussion of risks identified by management as being relevant to any report being given to, or any matter being considered by the Board for action thereon. A current copy of such guidelines is available on the Company's website, <http://www.lmiaerospace.com>, and can be obtained free of charge by written request to the attention of the Secretary of the Company at the address appearing on the first page of this Proxy Statement or by telephone at (636) 946-6525.

Determination of Director Independence

Rules of The NASDAQ Stock Market LLC require that a majority of the Board of Directors be "independent," as defined in NASDAQ Marketplace Rule 5605(a)(2). Under the NASDAQ rules, the Board of Directors must make an affirmative determination that a director is independent by determining that the director has no relationships that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board of Directors has reviewed the independence of its directors under the NASDAQ rules. During this review, the Board of Directors considered transactions and relationships between each director or any member of his or her family and the Company. Consistent with the review and recommendation of the CG&N Committee, the Board of Directors has determined that Messrs. Unger, Burstein, Eulich, Roeder and Neuman and Ms. Northup are independent under NASDAQ Rule 5605(a)(2).

Board of Directors and Committee Meetings; Annual Meetings; Corporate Governance

The Board of Directors meets throughout the year on a set schedule and holds special meetings and acts by written consent from time to time as appropriate. Regularly scheduled meetings include sessions for the independent directors to meet without management present, and the Lead Director chairs these sessions. During 2009, eight meetings of the Board of Directors were held. Except for Mr. Burstein, each director attended in person or by phone 75% or more of the aggregate of the total number of meetings of the Board of Directors held during that portion of the 2009 fiscal year during which he or she was a director. Each director attended in person or by phone 75% or more of the aggregate of the total number of meetings held during the period by all committees of the Board of Directors on which he or she served during that portion of the 2009 fiscal year.

The Company has no policy with regard to directors' attendance at annual meetings of its shareholders; however, all of the Company's directors attended the 2009 annual shareholders' meeting, either in person or by telephone.

The Board of Directors has three standing committees, the Audit Committee, the Compensation Committee, and the CG&N Committee. The Board of Directors has adopted a written charter for each committee. A current copy of each such charter is available on the Company's website, <http://www.lmiaerospace.com>, and can be obtained free of charge by written request to the attention of the Secretary of the Company at the address appearing on the first page of this Proxy Statement or by telephone at (636) 946-6525.

Audit Committee

The Audit Committee is currently comprised of Messrs. Roeder (Chair), Unger and Eulich and Ms. Northup, each of whom is "independent" in accordance with the NASDAQ standards, as well as the independence requirements for audit committee members under Rule 10A-3 promulgated under the Exchange Act. In addition, the Board of Directors has determined that Messrs. Roeder and Unger are qualified as an "audit committee financial expert" as that term is defined in the rules of the Securities and Exchange Commission. The Audit Committee evaluates significant matters relating to the audit and internal controls of the Company, including selecting and appointing the Company's independent registered public accounting firm and reviewing the scope and results of the audits conducted by such firm, and performs other functions or duties provided in the Audit Committee Charter. During the 2009 fiscal year, the Audit Committee held five meetings. The Audit Committee has adopted a complaint monitoring procedure to enable confidential and anonymous reporting to the Audit Committee of concerns regarding, among other things, questionable accounting or auditing matters.

Compensation Committee

The Compensation Committee is currently comprised of Messrs. Eulich (Chair), Unger and Burstein. The Board of Directors has determined that each member of the Compensation Committee is independent in accordance with the NASDAQ independence standards, is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and is an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The Compensation Committee reviews the Company's remuneration policies and practices, including executive compensation, and administers the Company's share-based compensation plans. During the 2009 fiscal year, the Compensation Committee held four meetings.

CG&N Committee

The CG&N Committee is currently comprised of Messrs. Neuman (Chair) and Burstein and Ms. Northup, each of whom is independent in accordance with NASDAQ's standards. During the 2009 fiscal year, the CG&N Committee, which was established in February 2009, held two meetings.

The primary responsibilities of the CG&N Committee in fulfilling its oversight of the Company's governance and nominating principles and procedures include:

- the periodic review of the Company's Corporate Governance Principles, which are discussed below, and the making of any recommendations to the Board of Directors for changes thereto;
- the monitoring for compliance with the Company's Corporate Governance Principles;
- the review, at least annually, of the size, structure, independence and membership of the Board of Directors and its committees to assure that the proper skills, independence and experience are represented on the Board of Directors and its committees;
- the evaluation of proposed nominees for election to the Board of Directors, including nominees recommended by shareholders;
- the oversight of and advice to management with respect to the implementation of conflicts of interest and ethics policies; and
- the review of succession plans relating to positions held by elected corporate officers, including the Chief Executive Officer.

In considering candidates for Board of Directors membership, the CG&N Committee evaluates recommendations from members of the Board of Directors, management and shareholders. The CG&N Committee will give appropriate consideration to written recommendations from shareholders regarding the nomination of qualified persons to serve as directors of the Company, provided that such recommendations contain sufficient information regarding proposed nominees so as to permit the CG&N Committee to properly evaluate each nominee's qualifications to serve as a director. Nominations must be addressed to the Secretary of the Company at its address appearing on the first page of this Proxy Statement.

Code of Business Conduct and Ethics

All directors, officers and employees of the Company, including its Chief Executive Officer and its Chief Financial Officer, are required to comply with the Company's Code of Business Conduct and Ethics to ensure that the Company's business is conducted in a legal and ethical manner. The Code of Business Conduct and Ethics covers all areas of business conduct, including employment policies and practices, conflicts of interest and the protection of confidential information, and requires strict adherence to all laws and regulations applicable to the conduct of our business. Directors, officers and employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of our Code of Business Conduct and Ethics. The CG&N Committee oversees and advises management with respect to management's implementation of the Code of Business Conduct and Ethics and makes recommendations to the Board of Directors for any changes, amendments and modifications. The Company, through the Audit Committee, has procedures in place to receive, retain and treat complaints received regarding accounting, internal accounting control or auditing matters and to allow for the confidential and anonymous submission of concerns regarding questionable accounting or auditing matters. The Company's Code of Business Conduct and Ethics can be found on its website, <http://www.lmiaerospace.com>, and can be obtained free of charge by written request to the attention of the Secretary of the Company at the address appearing on the first page of this Proxy Statement or by telephone at (636) 946-6525.

Narrative for Director Compensation Table

In fiscal year 2009, each of our non-employee directors, except for Mr. Geary, whose annual fee was prorated as a result of his resignation from the Board of Directors as of June 20, 2009, was paid an annual fee consisting of cash in the amount of \$32,000 plus a grant of 4,990 shares of restricted stock, having a fair value of \$48,004 on the award date. All of such shares of restricted stock vest (and the restrictions lapse) over a period of three years and are subject to forfeiture until vested. Our directors do not receive additional per meeting fees, nor do they receive additional compensation for service on committees.

Equity or Other Security Ownership Requirements or Guidelines

The Board of Directors established a guideline with respect to share ownership by our directors. This guideline provides that, effective for fiscal year 2009, directors are expected to own at least 5,000 shares of our common stock, which ownership may be phased in over a five-year period commencing on the later of (a) the 2009 Annual Meeting or (b) the date upon which the director in question is first elected or appointed to the Board of Directors. All of our current directors meet this guideline. The guideline is not applicable to executive officers.

Compensation Committee Interlocks and Insider Participation

During the 2009 fiscal year, no member of the Compensation Committee of the Board of Directors was or had been an officer or employee of the Company or had any relationship requiring disclosure under the rules or regulations of the SEC. During 2009, no executive officer of the Company served as a member of the Compensation Committee or as a director of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors or as a director of the Company.

COMPENSATION OF EXECUTIVE OFFICERS

2009 Compensation Discussion and Analysis

Overview

The Compensation Committee of our Board of Directors generally administers our compensation programs, including our equity incentive program, and approves our executive officers' compensation. It has the authority to retain outside counsel and such other experts or consultants as it deems necessary to discharge its duties. Our Board of Directors appoints the members of the Compensation Committee, which currently consists of Messrs. John S. Eulich, its Chair, Joseph Burstein and Thomas G. Unger, all of whom are independent directors. The duties, responsibilities and authority of the Compensation Committee are prescribed in the Compensation Committee Charter. The Compensation Committee Charter is reviewed periodically and revised by the Board of Directors as appropriate. Our Compensation Committee Charter can be found on our website at <http://www.lmiaerospace.com> under the heading "Investors – Corporate Governance – Compensation Committee Charter."

Our Executive Compensation Objectives

We believe that establishing and fairly implementing a comprehensive executive compensation program is critical to attracting and retaining talented and dedicated management. Accordingly, our overall compensation philosophy consists of offering our executives and other members of our management team compensation and benefits that enable us to attract, retain and motivate highly skilled people who work together as a team to achieve our financial and strategic business objectives. In furtherance of this compensation philosophy, our executive compensation program is designed to:

- provide fair and reasonable compensation that meets the competitive environment for executive talent;
- help motivate the members of our executive team to achieve excellent performance; and
- align the interests of our executive team members with those of our shareholders in order to promote the long-term success of the Company.

To meet these objectives, our executive compensation program is designed to achieve a balance of cash and stock-based remuneration through (a) a fair and competitive base salary and annual cash bonuses payable in connection with achieving short-term performance goals and (b) long-term equity-based compensation payable in connection with the achievement of long-term performance goals. Our compensation program also provides a mix of guaranteed compensation and incentive-based compensation and strikes a balance between the use of short-term incentives and longer-term incentives that are consistent with our short-term and longer-term strategic initiatives as a means of discouraging risk taking for short-term benefits at the expense of long-term performance goals.

Compensation Committee Process

While all decisions regarding executive compensation are ultimately made by our Compensation Committee, in practice, the Compensation Committee generally relies heavily on the recommendations of the Chief Executive Officer with respect to all of our executive officers, other than the Chief Executive Officer himself. In particular, the Compensation Committee relies on the Chief Executive Officer's assessment of each executive officer's individual performance measured by the officer's contributions to the achievement of our strategic and financial objectives as well as his or her level of responsibility and level of specialized experience and knowledge.

Determinations by our Compensation Committee are not made in accordance with strict formulas that measure weighted qualitative and quantitative factors. Rather, such determinations are more subjective in nature and take into account not only the recommendations of our Chief Executive Officer based on the criteria described above but also such other factors deemed relevant by the Compensation Committee to blend competitive ranges with our own internal policies and practices, including internal equity, responsibilities relative to other executives, additional duties undertaken and potential for advancement. While the Compensation Committee has not engaged an independent compensation consultant in the past, it could decide to do so in the future. The use by our Compensation Committee of other outside resources and references, such as industry benchmarks, has historically been somewhat limited.

Employment Agreements

The Company has entered into a written employment agreement with each of our executive officers identified in the summary compensation table, whom we refer to as our named executive officers. The Company has also entered into written employment agreements with other key personnel in an effort to retain such personnel.

Other than our former Chief Operating Officer, James McQueeney, and our current President and Chief Executive Officer of D3 Technologies, Inc., Ryan P. Bogan, our named executive officers have entered into three-year employment agreements with terms that began on January 1, 2008 and expire on January 1, 2011. This three-year term allows the Compensation Committee to align the base salary and bonus elements of executive compensation with the long-term equity-based compensation element of executive compensation. Pursuant to his written resignation, Mr. McQueeney's employment agreement terminated on January 17, 2010, and the term of Mr. Bogan's employment agreement commenced on July 31, 2007 and expires on January 1, 2011.

Each named executive officer's employment agreement establishes, among other terms, (a) his base salary and the annual increases in his base salary, (b) his applicable performance goal for purposes of determining whether an annual incentive bonus has been earned and the formula for determining the amount of such bonus and (c) the circumstances under which severance is payable to him upon the termination of his employment and the terms of such severance.

Elements of our Executive Compensation Program

Our executive compensation program consists of three basic elements, namely, base salary, annual incentive cash bonus and long-term incentive equity-based compensation. Consistent with our executive officer compensation objectives and philosophy, we have structured each element of our compensation package as set forth below. Each element of compensation is designed to achieve a specific purpose and to contribute to a total package that is competitive, appropriately performance-based and valued by our executives. There is no pre-determined policy or target for allocating among these three components.

The following discussion analyzes compensation for 2009, as well as the 2010 objectives, for our named executive officers. Our named executive officers, who are determined based on total compensation calculated under SEC regulations, consist of the following persons:

- Ronald S. Saks, Chief Executive Officer;
- Robert T. Grah, Vice President, Central Operations and Acting Chief Operating Officer of the Aerostructures segment;
- Lawrence E. Dickinson, Vice President and Chief Financial Officer;

- Ryan P. Bogan, President and Chief Executive Officer of D3 Technologies, Inc.; and
- James McQueeney, Former President and Chief Operating Officer (1)

(1) Mr. McQueeney's employment as the Company's President and Chief Operating Officer commenced on July 6, 2009 and ended on January 17, 2010.

Base Salary

Base salaries for our named executive officers are designed to provide competitive compensation to each executive based on position, scope of responsibility, business and leadership experience and performance. We seek to keep a relative balance between the range of base salaries for our named executive officers and that of our plant general managers, based primarily on the overall responsibility of a corporate executive in relation to the responsibility of a plant general manager for one operating unit. A relative balance is also maintained among the members of our executive management team with the difference in base salaries being within a relatively narrow range.

The increase in base salary set forth in the employment agreement of each named executive officer is designed to result in a 3% to 3.5% increase in each named executive officer's base salary in a specified year over the amount of base salary required to be paid under these agreements in the previous year. These scheduled increases reflect the expected average base salary increase throughout the ranks of our employees and were intended to align the increases in the named executive officers' base salaries with the expected increases in our other employees' base salaries. Under certain circumstances, the Compensation Committee may approve, subject to the consent of the named executive officer, an increase or decrease in a named executive officer's base salary in response to circumstances that warrant such a change.

In 2009, the base salaries actually paid to our named executive officers were as follows, reflecting the increases specified below over the base salaries actually paid in 2008:

Named Executive Officer	2008 Salary	2009 Salary	Increase
Ronald S. Saks (1)	\$285,516	\$302,041	5.8%
Robert T. Grah	\$237,065	\$244,060	3.0%
Lawrence E. Dickinson	\$215,632	\$222,003	3.0%
Ryan P. Bogan (2)	\$181,125	\$183,138	1.1%
James McQueeney (3)	\$0	\$146,731	N/A

- (1) To align the base salary of the Chief Executive Officer with the base salary of Mr. McQueeney, in connection with his employment with the Company as its President and Chief Operating Officer, effective as of July 1, 2009, Mr. Saks's base salary for 2009 was raised from \$294,081 to \$310,000.
- (2) Mr. Bogan requested and was granted, effective as of October 1, 2009, a reduction of 10% in his \$187,464 2009 base salary in order to reflect his camaraderie with the employees of the Engineering Services segment in light of the employee layoffs and salary reductions experienced by the employees of the Engineering Services segment in 2009.
- (3) Mr. McQueeney's \$300,000 2009 base salary was prorated for the period of July 6, 2009 through December 31, 2009, during which period he was employed by the Company as its President and Chief Operating Officer.

Except with respect to the increase in Mr. Saks's salary effective as of July 1, 2009 noted in footnote (1) above and the decrease in Mr. Bogan's salary effective as of October 1, 2009 noted in footnote (2) above, all of the increases in the base salary paid in 2009 were required by the terms of the named executive officers' employment agreements.

In 2010, the base salaries actually paid to our named executive officers are expected to be as follows, reflecting the increases specified below over the base salaries actually paid in 2009:

Named Executive Officer	2009 Salary	2010 Salary	Increase
Ronald S. Saks (1)	\$302,041	\$319,300	5.7%
Robert T. Grah	\$244,060	\$251,265	3.0%
Lawrence E. Dickinson	\$222,003	\$228,565	3.0%
Ryan P. Bogan (2)	\$183,138	\$194,026	5.9%
James McQueeney (3)	\$146,731	\$12,875	N/A

- (1) Mr. Saks' salary increase represents a 3% increase over the \$310,000 salary that went into effect on July 1, 2009.
- (2) Mr. Bogan's voluntary 2009 base salary reduction was terminated effective as of January 1, 2010, resulting in an expected increase in his 2010 base salary to \$194,026, the 2010 base salary specified in his employment agreement. The 5.9% increase in his base salary reflects the increase from the base salary actually paid to Mr. Bogan in 2009.
- (3) Mr. McQueeney's \$300,000 2009 base salary was prorated for the period of July 6, 2009 through December 31, 2009, during which period he was employed by the Company as its President and Chief Operating Officer. The actual salary amount paid to Mr. McQueeney with respect to this period was \$146,731. As Mr. McQueeney's employment as the Company's President and Chief Operating Officer ended on January 17, 2010, only \$12,875 of his \$309,000 2010 annual salary was actually paid to him in 2010.

Annual Incentive Cash Bonus

We use our annual incentive cash bonus program, as set forth in the named executive officers' employment agreements, to provide our named executive officers with short-term incentives in furtherance of our compensation goals and objectives. This bonus program is tied to a pre-established operating performance goal rather than appreciation in share value. We believe that this approach encourages our named executive officers' team effort to maximize total performance.

The performance goals were initially established by the Compensation Committee and are set forth in each named executive officer's employment agreement. The performance goals for our named executive officers other than Messrs. Saks, Bogan and McQueeney are based on annual income from operations for the Aerostructures segment. The performance goal for Mr. Saks (Mr. McQueeney's employment with the Company having been terminated in 2010) is currently based on the combined annual income from operations of the Aerostructures segment and Engineering Services segment, and the performance goal for Mr. Bogan is currently based on annual income from operations of the Engineering Services segment. In determining the appropriate performance goals, the Compensation Committee attempted to set goals that would help the executive officers to focus their efforts in a manner that best promoted the overall success and growth of the Company. The Compensation Committee believes that a performance goal reflecting financial results based on direct operating performance most appropriately incentivizes management for both short-term and long-term results.

The Board of Directors adopts an operating budget for the Company each year, after receiving and considering input and recommendations from the Company's management. Each year's annual budget reflects the Company's expectations for annual income from operations for the Aerostructures segment and the Engineering Services segment, based on expectations of revenues and operating margins for each segment. Under the employment agreements of Messrs. Saks, Grah and Dickinson, no incentive bonus can be earned until a minimum threshold of 60% of the budgeted amount for annual income from operations is achieved by the Aerostructures segment (in the case of Messrs. Grah and Dickinson) or by the Aerostructures and Engineering Services segments combined (in the case of Mr. Saks). If the applicable minimum threshold is achieved, the employment agreements provide that each named executive officer earns a cash bonus equal to 5% of his base salary, plus a percentage of the amount by which the applicable annual income from operations for the subject year exceeds the minimum threshold, plus, in the case of Mr. Saks, a percentage of the amount by which the applicable annual income from operations for the subject year exceeds the budgeted amount.

Under his employment agreement, Mr. Bogan is eligible for an incentive bonus if annual income from operations for the Engineering Services segment in the amount of \$3 million is achieved. The employment agreement of Mr. Bogan provides that, if the minimum threshold is achieved, Mr. Bogan earns a bonus equal to 0.7% of annual income from operations of the Engineering Services segment.

There is no cap on the amount of bonus that can be earned by our named executive officers under their employment agreements, but the intent of the annual cash bonus provisions of their employment agreements is to provide an annual cash bonus that is roughly equivalent to 25% to 35% of the named executive officer's salary.

In 2009, with respect to Messrs. Grah and Dickinson, the budgeted amount of income from operations for the Aerostructures segment was \$17.5 million, and the minimum threshold was \$10.5 million. With respect to Messrs. Saks and McQueeney, the combined budgeted amount of income from operations of both the Aerostructures and Engineering Services segments was \$26 million, and the minimum threshold was \$15.6 million. As described above, with respect to Mr. Bogan, the threshold was \$3 million in income from operations of the Engineering Services segment.

In 2009, all of the applicable minimum thresholds were exceeded, resulting in each named executive officer receiving the bonus described below:

Named Executive Officer	Bonus at Threshold Amount as a Percentage of Base Salary (2)	Additional Bonus as a Percentage of Excess over Threshold Amount (2)	2009 Cash Bonus	Total 2009 Bonus as a Percentage of Base Salary Paid in 2009
Ronald S. Saks Chief Executive Officer	5% (3)	0.65% for amounts exceeding threshold but not the budget and 1.00% for amounts exceeding the budget (4)	\$58,139	19.25%
Robert T. Grah Vice President, Central Operations and Acting Chief Operating Officer of the Aerostructures Segment	5% (5)	0.50%	\$28,847	11.82%
Lawrence E. Dickinson Vice President and Chief Financial Officer	5% (6)	0.40%	\$24,415	11.00%

Ryan P. Bogan President and CEO of D3 Technologies, Inc.	N/A (7)	0.70% (7)	\$73,432	40.10%
James McQueeney, President and Chief Operating Officer (1)	5% (8)	0.65% for amounts exceeding threshold but not the budget and 1.00% for amounts exceeding the budget (4)	\$0	N/A

- (1) Mr. McQueeney did not receive a cash bonus for 2009.
- (2) Except for Mr. Bogan, the total bonus for each executive consists of two components: (a) 5% of the executive's base salary if the minimum threshold is achieved, plus (b) the applicable percentage of the annual income from operations of the Company (in the case of Messrs. Saks and McQueeney) or the Aerostructures segment (in the case of Messrs. Grah and Dickinson) in excess of the applicable threshold. Mr. Bogan's annual incentive bonus is 0.7% of annual income from operations of the Engineering Services segment if the minimum threshold is achieved.
- (3) The threshold for Mr. Saks's incentive bonus was 60% of the combined budget for annual income from operations of the Aerostructures segment and the Engineering Services segment.
- (4) Based on the combined budget for annual income from operations of the Aerostructures segment and the Engineering Services segment.
- (5) The threshold for Mr. Grah's incentive bonus was 60% of the budget for annual income from operations of the Aerostructures segment.
- (6) The threshold for Mr. Dickinson's incentive bonus was 60% of the budget for annual income from operations of the Aerostructures segment.
- (7) The threshold for Mr. Bogan's incentive bonus was \$3 million of annual income from operations of the Engineering Services segment.
- (8) The threshold for Mr. McQueeney's incentive bonus was 60% of the combined budget for annual income from operations of the Aerostructures segment and the Engineering Services segment.

The Compensation Committee also has the authority to award additional discretionary cash bonuses under the 2005 Long-Term Incentive Plan based on extraordinary performance or circumstances. Such cash bonus awards are not, however, common, and no such bonuses were made in 2009.

Long-Term Incentive Compensation

The long-term incentive awards for our named executive officers are made under our 2005 Long-Term Incentive Plan under which the Compensation Committee may, among other things, grant or award stock options, shares of restricted stock, restricted stock units and other stock-based or cash awards, subject to certain limitations and restrictions as set forth in the plan. Our use of stock-based awards for our executive officers is the primary means by which we provide our named executive officers a long-term incentive that becomes more valuable to the executive to the extent our share value increases, thereby aligning each executive's interest with the interest of our shareholders.

The annual grants under the plan to our executive officers primarily consist of grants of restricted stock awards. Prior to 2005, we granted stock options that generally vested over a number of years. Since such time, no stock options have been granted. We believe that utilization of restricted stock awards provides long-term incentives comparable to the use of stock options while also offering the advantage of reduced market risk to the executive and reduced potential dilution of outstanding shares compared to utilization of an option having the same fair value on the date of grant. Moreover, the Company's expense for the issuance of restricted stock, which is fixed at the market value on the day of grant, is spread over the vesting period while the expense for stock options involves the use of theoretical assumptions to create a hypothetical value and expense for the options. However, the Company may issue stock options in the future if it determines circumstances become more beneficial to do so.

In addition to the annual grants of restricted stock typically made by the Company, under the plan, equity grants may also be made to new executive officers upon the commencement of their employment and, on occasion, to executive officers in connection with a significant change in job responsibility, extraordinary performance or other reasons. In connection with Mr. McQueeney's employment with the Company, the Compensation Committee awarded to Mr. McQueeney, effective as of July 6, 2009, 18,957 shares of restricted stock pursuant to the 2005 Long-Term Incentive Plan having an aggregate grant date fair value of \$179,902. These restricted shares would have vested on the third anniversary of the award date but were forfeited when Mr. McQueeney's employment terminated effective as of January 17, 2010.

It is the policy of the Compensation Committee that, with respect to all equity-based compensation for the executive officers, (a) the award dates for each grant shall be specified by the Compensation Committee at a duly convened meeting as of a date on or after the date of its action, (b) the exercise price shall be determined by reference to the closing price and (c) the value of the grant shall be determined by reference to the average of the high and low prices of our common stock on the specified award date.

In February 2009, the Compensation Committee awarded shares of restricted stock to certain executive officers. In determining the number of shares of restricted stock to be awarded to executive officers in 2009, the Compensation Committee evaluated (a) each executive officer's job responsibility, past performance and anticipated future contributions, (b) the value of the grant and potential appreciation to the executive officer in relation to the other elements of his or her total compensation, (c) corporate performance and (d) the executive officer's existing vested and unvested equity holdings. The Compensation Committee awarded shares of restricted stock to the Company's named executive officers in February 2009 as follows: Mr. Grah 3,000 shares and Mr. Dickinson 5,000 shares.

Based primarily on discussions with our Chief Executive Officer and taking into account his significant ownership of our common stock, the Compensation Committee has determined that grants or awards of equity-based compensation to our Chief Executive Officer would not serve the primary purpose of these grants or awards of providing him long-term incentives. Accordingly, our Chief Executive Officer has not received stock options or shares of restricted stock in the past and did not receive any in 2009. Our Chief Executive Officer has indicated his concurrence with this determination by the Compensation Committee.

In February 2010, the Compensation Committee awarded additional shares of restricted stock to management as a means of providing additional incentive and serving as a retention mechanism for key employees in view of the current economic environment and the uncertainty within the aerospace industry, which present unique challenges to the Company's achievement of its business plan for 2010 and beyond. Such awards included an award of 5,000 shares to Lawrence E. Dickinson, our Vice President and Chief Financial Officer, and 5,000 shares to Robert T. Grah, our Vice President, Central Operations and acting Chief Operating Officer of the Aerostructures segment. No other named executive officers have received grants of shares of restricted stock in 2010.

Benefit Programs and Executive Perquisites

In addition to the three basic elements of our executive compensation program described above, our executives participate in other benefit programs, such as group term life and health benefits, disability programs, and our Profit Sharing and 401(k) Plan, all of which are available to all of our full-time employees.

Historically, we have not offered perquisites to our executive officers other than the use of a Company furnished automobile or an automobile allowance in lieu thereof.

Change in Control and Severance Practices

Under the 2005 Long-Term Incentive Plan, stock-based compensation vests immediately in the event of a change in control of the Company. In addition, the employment agreement of each of our named executive officers provides for the payment of severance if such executive's employment is terminated in connection with a change in control of the Company or if such executive's employment is terminated for certain other reasons. Severance in connection with a change in control is typically determined based on whether the termination of the named executive officer's employment was involuntary or for good reason and on the executive's length of service to the Company.

With respect to terminations of employment outside of the context of a change in control, the employment agreement of each of our named executive officers provides for severance payments in the event of certain terminations, depending on the reason for the termination. The amount of severance eligibility varies depending on the length of service. For additional information regarding the payment of severance in connection with changes of control and otherwise, please see the section below entitled "Compensation of Executive Officers – Executive Compensation Tables – Potential Payments Upon Termination or Change in Control."

The severance arrangements with each of our executive officers are considered to be a necessary part of the process in the recruitment and retention of qualified executives. These severance arrangements allow our executives to focus on shareholder interests in considering strategic alternatives and assist the Company in providing income protection for executives in the event of an involuntary termination of employment.

Tax and Accounting Implications

Section 162(m) of the Internal Revenue Code generally precludes a public company from taking a federal income tax deduction for annual compensation in excess of \$1 million per individual paid to its chief executive officer or the other named executive officers. Under Section 162(m), certain compensation, including "performance-based compensation," is excluded from this deduction limitation. Our intent is to structure compensation paid to our executives to be deductible; however, from time to time, the Compensation Committee may award compensation that may not be deductible if it determines that such awards are consistent with our compensation philosophy and in the best interest of our shareholders. We believe that all of the 2009 compensation paid to our executive officers is fully deductible.

COMPENSATION COMMITTEE REPORT

In fulfilling its duties and responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth in this proxy statement.

In reliance on the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 and the Company's 2010 proxy statement.

Except for Mr. Bogan, the total bonus for each executive consists of two components: (a) 5% of the executive's base salary if the minimum threshold is achieved, plus (b) the applicable percentage of the annual income from operations of the Company (in the case of Mr. Saks) or the Aerostructures segment (in the case of Messrs. Grah and Dickinson) in excess of the applicable threshold, plus (c) a percentage (0.65% for Mr. Saks, 0.50% for Mr. Grah and 0.40% for Mr. Dickinson) of the amount by which the applicable annual income from operations of the Company (with respect to Mr. Saks) or of the Aerostructures segment (with respect to Messrs. Grah and Dickinson) for the subject year exceeds the threshold, plus (d) with respect to Mr. Saks 1.00% of the amount by which the applicable annual income from operations of the Company for the subject year exceeds the budget for annual income from operations. Mr. Bogan's annual incentive cash bonus is 0.70% of annual income from operations of the Engineering Services segment if the minimum threshold is achieved.

Narrative for Summary Compensation Table and Grants of Plan-Based Awards Table

The employment agreement of each of our named executive officers provides that such executive officer will receive a performance bonus if the applicable minimum threshold is achieved. Under the employment agreement of Mr. Saks, the minimum threshold is 60% of the combined amount for annual income from operations of the Aerostructures segment and the Engineering Services segment budgeted by the Board of Directors during the annual budget process. Under the employment agreements of Messrs. Grah and Dickinson, the minimum threshold is 60% of the budgeted amount for annual income from operations of the Aerostructures segment. Under the employment agreement of Mr. Bogan, the minimum threshold is \$3 million of annual income from operations of the Engineering Services segment. Annual income from operations for the purposes of employment agreements of our named executive officers is essentially income from operations of the applicable segment for any given fiscal year with certain adjustments, including the exclusion of income and losses from acquisitions.

If the applicable minimum threshold is achieved, the employment agreement of each of our named executive officers, other than Mr. Bogan, provides that such named executive officer earns a bonus equal to 5% of his base salary, plus a percentage of the amount by which the annual income from operations for the subject year of the applicable segment or segments exceeds the minimum threshold, plus, in the case of Mr. Saks, a percentage of the amount by which the applicable annual income from operations for the subject year exceeds the budgeted amount. The specified percentage is 0.65 (1.0 for amounts exceeding the Company's budget for annual income from operations) for Mr. Saks, 0.50 for Mr. Grah, and 0.40 for Mr. Dickinson. Mr. Bogan's annual incentive bonus is 0.70% of annual income from operations of the Engineering Services segment if the minimum threshold is achieved.

The applicable minimum thresholds for each of our named executive officers for 2009 were as follows: \$15.6 million combined annual income from operations of the Aerostructures segment and Engineering Services segment for Mr. Saks; \$10.5 million annual income from operations of the Aerostructures segment for Messrs. Grah and Dickinson; and \$3 million annual income from operations of the Engineering Services segment for Mr. Bogan. Because the minimum threshold for annual income from operations was exceeded in 2009 with respect to both segments, each of the named executive officers received bonuses. We have disclosed the amounts paid to each named executive officer under our annual incentive bonus program under the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Messrs. Saks, Grah, Dickinson and Bogan earned cash awards under our annual incentive bonus program in the amounts of \$58,139, \$28,847, \$24,415 and \$73,432, respectively, in 2009.

For fiscal year 2010, our executive officers are eligible to receive awards under employment agreements based on the calculations described above. We have disclosed estimated payouts under our annual incentive bonus program for 2010 under the Estimated Future Payouts Under Non-Equity Incentive Plan Awards columns in the Grants of Plan-Based Awards Table calculated assuming that the Company achieves, but does not exceed, its budgeted annual income from operations for fiscal year 2010.

Our Compensation Committee made awards of the Company's restricted stock to our executive officers in fiscal year 2009 under our 2005 Long-Term Incentive Plan. Pursuant to the terms of the 2005 Long-Term Incentive Plan, our Compensation Committee has broad discretion to award to our executive officers shares of restrictive stock of our Company, among other types of cash-based and equity-based awards, subject to limitations and restrictions as set forth in the plan. In 2009, Messrs. Grah and Dickinson were awarded 3,000 and 5,000 shares of restricted stock, respectively. The aggregate grant date fair value of restricted stock of our named executive officers for the 2009 fiscal year were \$36,240 and \$60,400 for Messrs. Grah and Dickinson, respectively, which we reported in the Stock Awards column of the Summary Compensation Table. The shares awarded to the named executive officers for the 2009 fiscal year vest according to a three-year cliff vesting schedule. In connection with Mr. McQueeney's employment with the Company, the Compensation Committee awarded to Mr. McQueeney, effective as of July 6, 2009, 18,957 shares of restricted stock pursuant to the 2005 Long-Term Incentive Plan having an aggregate grant date fair market value of \$179,902. These shares were forfeited in January 2010 in connection with the termination of Mr. McQueeney's employment with the Company.

Potential Payments Upon Termination or Change in Control

Other than our former Chief Operating Officer, James McQueeney, and our current President and Chief Executive Officer of D3 Technologies, Inc., Ryan P. Bogan, our named executive officers have entered into three-year employment agreements with terms that began on January 1, 2008 and expire on January 1, 2011. The term of Mr. McQueeney's employment agreement terminated effective as of January 17, 2010, and the term of Mr. Bogan's employment agreement commenced on July 31, 2007 and expires on January 1, 2011. Each employment agreement automatically renews for additional one-year periods unless terminated by either us or the employee by October 31 of the then-current term.

The employment agreements may be terminated upon: (a) our dissolution, (b) by us in the event we determine that the employee is not performing the duties required of him under his employment agreement to our satisfaction, (c) the death or permanent disability of the employee, (d) ten days' written notice by us upon the employee's breach of his employment agreement, (e) by us in the event that the employee engages in conduct which is dishonest, felonious, or is otherwise harmful to the Company, or (f) by the employee upon 30 days' written notice to us.

If employment is terminated for any of the reasons set forth in clauses (c) through (f) above, the named executive officers will only receive their base salary accrued but unpaid as of the date of the termination. If employment is terminated for any reason other than those set forth in clauses (c) through (f) above and other than in connection with a change of control of the Company, the officers will receive six months of base salary if their term of service to us is less than five years or twelve months of their base salary if their term of service to us is five years or longer. Except under limited circumstances, such severance pay will be paid in equal monthly installments commencing immediately after the termination.

If, pursuant to a change in control of the Company, a named executive officer's employment agreement is involuntarily terminated or the executive elects to terminate his employment for a good reason as determined by the Company, the employee will receive a lump sum severance payment in an amount equal to two times his annual base salary and any reasonably anticipated performance bonus for the fiscal year in which he was terminated on a prorated basis. If an executive voluntarily terminates his employment within 90 days of a change in control without good reason, he will receive either six months of his annual base salary if his term of service to us was less than five years or twelve months of his annual base salary if his term of service to us was five years or longer.

The following table indicates the potential payments that would have been received by our named executive officers upon the occurrence of the identified events as of December 31, 2009:

Name	Benefit	Termination: Voluntary or For Cause (1)	Termination: Without Cause (2) (\$)	Change in Control: Involuntary or for Good Reason (3) (\$)	Change in Control: Voluntary (3) (\$)
Ronald S. Saks	Restricted Stock	-	-	-	-

	Severance	-	84,359 (4)	410,868 (4)	84,359 (4)

- (1) A voluntary or for cause termination is a termination described in clauses (c) through (f) of the second paragraph of this section.
- (2) A termination without cause is any termination other than a voluntary or for cause termination or a termination in connection with a change in control.
- (3) No accelerated benefit will be paid to the extent that it would constitute an excess parachute payment under Section 280G(b)(3) of the Internal Revenue Code. As of December 31, 2009, there were no named executive officers who would have received payments that would constitute excess parachute payments.
- (4) Amount is based on salary in effect at December 31, 2009 for each of the named executive officers.

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

The CG&N Committee is responsible for review, approval, ratification or other appropriate action regarding all transactions involving the Company in which a related person has a direct or indirect material interest and the amount involved exceeds \$120,000. We have developed and implemented policies and procedures to obtain information from our directors and executive officers about related person transactions to assure that all such transactions are brought to the attention of, and appropriately reviewed by, the CG&N Committee. As required by SEC rules, transactions that are determined to be directly or indirectly material to a related person are disclosed in our proxy statement.

All directors and executive officers annually complete, sign and submit a directors' and officers' questionnaire designed to, among other things, identify related person transactions on both an actual and potential conflicts of interest basis. Our directors and officers are also required to update their information if there are any changes during the year. Under the Company's Code of Business Conduct and Ethics, our directors and officers are required to immediately disclose all relevant facts and circumstances to our Compliance Officer for his initial review. If the Compliance Officer determines that there appears to be an actual or potential conflict, he will refer the matter to the CG&N Committee to determine whether the related person has a material interest in the transaction requiring its approval, ratification, rescission or other action determined to be appropriate by the CG&N Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's executive officers, the Company's directors and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the SEC. Such individuals are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms furnished to the Company or written representations that no reports were required to be filed, the Company believes that each of its executive officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them with respect to transactions during the 2009 fiscal year.

PROPOSAL 2 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP ("PwC"), as the Company's independent registered public accounting firm to audit the consolidated financial statements of the Company for the current fiscal year ending December 31, 2010.

PwC's report on the financial statements of the Company for the past fiscal year contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles. The financial statements of the Company for fiscal years ending December 31, 2008 and 2007, respectively, were audited by BDO Seidman, LLP ("BDO"), whose report on such statements contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

In connection with the Company's audit for each of the three most recent fiscal years, there were no disagreements with PwC or BDO on any matter of accounting principles or practices, financial statement disclosures or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC or BDO, would have caused either firm to make reference thereto in their report in the financial statements for such years.

During the Company's most recent fiscal year, there were no reportable events as defined in Regulation S-K, Item 304(a)(1)(v).

A proposal will be presented at the Annual Meeting to ratify the appointment of PwC as the Company's independent registered public accounting firm. One or more of the representatives of that firm are expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so. Neither the Company's Amended and Restated By-laws nor its other governing documents or law require shareholder ratification of the selection of PwC as the Company's independent registered public accounting firm. However, the Audit Committee is submitting the selection of PwC to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

FEES BILLED BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table sets forth the amount of audit fees, tax fees, audit-related fees and all other fees billed or expected to be billed by PricewaterhouseCoopers LLP, the Company's current independent registered public accounting firm, and by BDO Seidman, LLP, the Company's former independent registered public accounting firm, for the years ended December 31, 2009 and 2008, respectively:

	<u>2009</u>	<u>2008</u>
Audit Fees (1)	\$533,078	\$562,117
Tax Fees (2)	49,481	--
Audit-Related Fees	24,250	15,343
All Other Fees (3)	<u>4,212</u>	<u>--</u>
Total Fees	\$ 611,021	\$ 577,460

(1) Includes annual financial statement audit, audit of the Company's internal control over financial reporting and quarterly review services.

(2) Includes fees associated with federal, state and international tax compliance and consulting services. During 2008, tax fees were not paid to BDO as the firm did not serve as the Company's tax service provider.

(3) Includes services associated with government contracting compliance.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the Company's independent registered public accounting firm. All of the fees listed above were pre-approved in accordance with this policy. The policy provides for pre-approval by the Audit Committee of specifically defined audit and permitted non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the Company's independent registered public accounting firm is engaged to perform it. The Audit Committee has delegated to its Chair the authority to approve permitted services provided that he reports any decisions to the Committee at its next scheduled meeting. The Audit Committee, after review and discussion with PricewaterhouseCoopers LLP and BDO Seidman, LLP of the Company's pre-approval policies and procedures, determined that the provision of these services in accordance with such policies and procedures was compatible with maintaining each firm's independence.
