TG Therapeutics, Inc. Recaps Schedule of Clinical Data Presentations at the Upcoming 53rd Annual Meeting of the American Society of Clinical Oncology

Positive results from the GENUINE Phase 3 study to be featured in an oral presentation

NEW YORK, June 02, 2017 (GLOBE NEWSWIRE) -- TG Therapeutics, Inc. (NASDAQ:TGTX) today recapped the schedule of presentations featuring TG-1101 and TGR-1202 at the upcoming 53rd Annual Meeting of the American Society of Clinical Oncology (ASCO), being held this week, June 2 - 6, 2017, at McCormick Place in Chicago, Illinois.

Oral Presentation:

- | Title: Ublituximab and ibrutinib for previously treated genetically high-risk chronic lymphocytic leukemia: Results of the GENUINE Phase 3 study
- Abstract Number: 7504
- Date & Time: Saturday, June 3, 2017 3:00 PM - 6:00 PM CT
- Presentation Time: 4:12 PM CT
- Session Title: Hematologic Malignancies—Lymphoma and Chronic Lymphocytic Leukemia
- Presenter: Jeffrey P. Sharman, MD

Poster Discussion Presentation:

- | Title: Tolerability and activity of chemo-free triplet combination of TGR-1202, ublituximab, and ibrutinib in patients with advanced CLL and NHL
- Abstract Number: 7511
- Presentation Date & Time: Monday, June 5, 2017 8:00 AM-11:30 AM CT (Poster Viewing); 1:15 PM-2:30 PM CT (Poster Discussion)
- Session Title: Poster Discussion Session, Hematologic Malignancies—Lymphoma and Chronic Lymphocytic Leukemia
- Presenter: Loretta Nastoupil, MD

Trials in Progress Poster Presentation:

- | Title: KI intolerance study: A phase 2 study to assess the safety and efficacy of TGR-1202 in pts with chronic lymphocytic leukemia (CLL) who are intolerant to prior BTK or PI3K-delta inhibitor therapy
- Abstract Number: TPS7569
- Presentation Date & Time: Monday, June 5, 2017 8:00 AM-11:30 AM CT
- Session Title: Poster Session, Hematologic Malignancies—Lymphoma and Chronic Lymphocytic Leukemia
- Presenter: Colleen Dorsey, BSN, RN

Abstracts are available online and can be accessed at www.asco.org. Following each presentation, the data presented will be available on the Publications page, located within the Pipeline section, of the Company's website at www.tgtherapeutics.com.

TG THERAPEUTICS INVESTOR & ANALYST EVENT

TG Therapeutics will host a reception on Monday, June 5, 2017 beginning at 7:00pm CT, with featured presentations now beginning promptly at 7:05pm CT. The event will take place at the Peninsula Chicago Hotel in the Avenues Ballroom. This event will be webcast live and will be available on the Events page, located within the Investors & Media section of the Company's website at www.tgtherapeutics.com, as well as archived for future review. To access the conference line, please call 1-877-407-8029 (U.S.), 1-201-689-8029 (outside the U.S.), and reference Conference Title: TG Therapeutics June 2017 Investor & Analyst Event.

ABOUT TG THERAPEUTICS, INC.

TG Therapeutics is a biopharmaceutical company focused on the acquisition, development and commercialization of novel treatments for B-cell malignancies and autoimmune diseases. Currently, the company is developing two therapies targeting hematological malignancies and autoimmune diseases. TG-1101 (ublituximab) is a novel, glycoengineered monoclonal antibody that targets a specific and unique epitope on the CD20 antigen found on mature B-lymphocytes. TG Therapeutics is also developing TGR-1202 (umbralisib), an orally available PI3K delta inhibitor. The delta isoform of PI3K is strongly expressed in cells of hematopoietic origin and is believed to be important in the proliferation and survival of B-lymphocytes. Both TG-1101 and TGR-1202 are in clinical development for patients with hematologic malignancies, with TG-1101 also in clinical development for autoimmune disorders. The Company also has pre-clinical programs to develop IRAK4 inhibitors, BET inhibitors, and anti-PD-L1 and anti-GITR antibodies. TG Therapeutics is headquartered in New York City.

Cautionary Statement

Some of the statements included in this press release may be forward-looking statements that involve a number of risks and uncertainties. For those statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. In addition to the risk factors identified from time to time in our reports filed with the Securities and Exchange Commission, factors that could cause our actual results to differ materially are the following: our ability to successfully and cost effectively complete preclinical and clinical trials; the risk that early clinical trial results, that may have supported the acceptance of our data for presentation or influenced our decision to proceed with additional clinical trials, will not be reproduced in future studies or in the final presentations; the risk that the combination of TG-1101 and TGR-1202, referred to as TG-1303 and being studied in the UNITY clinical trials, will not prove to be a safe and efficacious combination or backbone for triple and/or quad therapies; the risk that any interim analyses from ongoing clinical trials will not produce the desired or predicted result. Any forward-looking statements set forth in this press release speak only as of the date of this press release. We do not undertake to update any of these forward-looking statements to reflect events or circumstances that occur after the date hereof. This press release and prior releases are available at www.tgtherapeutics.com. The information found on our website is not incorporated by reference into this press release and is included for reference purposes only.
