Mellanox Validated by Leading Channel Publication CRN

CRN Named Mellanox Technologies to the CRN Data Center 100 and Recognized Darrin Chen of Mellanox as One of CRN's 2014 Channel Chiefs

SUNNYVALE, Calif. & YOKNEAM, Israel--(BUSINESS WIRE)-- Mellanox® Technologies, Ltd. (NASDAQ: MLNX), a leading supplier of high-performance, end-to-end interconnect solutions for data center servers and storage systems, today announced that it has been recognized in the CRN Data Center 100 annual list, featuring technology vendors whose solutions are vital for powering today's data center. CRN developed the list to help solution providers navigate the marketplace and identify the top companies and technologies across the data center to best meet their needs as they build solutions for their customers.

"We are pleased to once again be recognized by CRN for our end-to-end interconnect portfolio which provides data centers with significantly higher application performance and efficiency," said Kevin Deierling, vice president of marketing at Mellanox Technologies. "Offering the highest performance interconnect solutions enables enterprises to deliver the most efficient networking, storage, and compute infrastructure and is the key to maximizing the business value of data centers. CRN is a key partner to enable data centers to realize these benefits from our technology."

In addition, CRN recognized Darrin Chen, senior director, worldwide channels at Mellanox as one of CRN's 2014 Channel Chiefs. This prestigious list of the most powerful leaders in the IT channel recognizes those executives directly responsible for driving channel sales and growth within their organization, while evangelizing the importance of the channel throughout the entire IT Industry.

"Over the past year, we significantly expanded our channel program worldwide to augment our partner's expertise with the tools, training and support needed to capitalize on reselling InfiniBand and Ethernet solutions optimized for fast growing markets such as cloud, Web 2.0 and Big Data," said Darrin Neil Chen, senior director, worldwide channels at Mellanox Technologies. "We believe in working closely with our partners to help them succeed and we continue to invest in invaluable channel resources to further their sales goals."

Coverage of the Data Center 100 will be featured in the February/March issue of CRN, and online at www.CRN.com.
