Mellanox Technologies Ranks Among Deloitte's 50 Fastest Growing Technology Companies in Israel

SUNNYVALE, Calif. & YOKNEAM, Israel--(BUSINESS WIRE)-- Mellanox Technologies, Ltd. (NASDAQ: MLNX), a leading supplier of high-performance, end-to-end smart interconnect solutions for data center servers and storage systems, today announced that the company has been ranked by the international accounting and consulting firm Deloitte as among the 50 fastest growing technology companies in Israel.

Mellanox's smart interconnect solutions, based on Ethernet and InfiniBand, are used by many of the world's largest and leading corporations and organizations, including hyperscale companies, enterprises, leading government institutes, national universities, global banks and others, to enable essential global efforts in artificial intelligence, autonomous cars, deep learning platforms, climate research, computer imaging, national security and more.

"The Deloitte Israel Fast 50 ranks companies based on their sustained revenue growth over four years," said Shally Tshuva, Technology, Media & Telecommunications Industry Leader at Deloitte Israel. "Being one of the 50 fastest growing technology companies in Israel is a great indication of Mellanox's achievements and leadership."

"We are pleased to have been selected as one of the 50 fastest growing tech companies in Israel," said Eyal Waldman, president and CEO of Mellanox Technologies. "This achievement is a reflection of the outstanding people at Mellanox who continue to create smart, competitive and innovative solutions for connecting servers and storage platforms. Our technology enables and accelerates many high-performance, artificial intelligence, cloud, big data, security, financial and other data centers, providing our users with the best return on investment. I am very proud of our team and look forward to our next big achievement together."
