

# Safe Harbor Warning

In this presentation, we may make projections or other forward-looking statements regarding the future financial performance of the company or future events, including our strategic goals, market growth and trends, order growth and financial guidance for Q2. We wish to caution you that such statements are just predictions and that actual events or results may differ materially. We refer you to the documents the company files regularly with the Securities and Exchange Commission, specifically the company's most recent Form 10-K filed on February 22, 2018 and Form 10-Q filed on May 1, 2018. These documents contain and identify important factors that could cause our actual results to differ materially from those contained in our projections or forward-looking statements.
