

NASDAQ Welcomes Envivio to The NASDAQ Stock Market(R)

NEW YORK, April 25, 2012 (GLOBE NEWSWIRE) -- The NASDAQ OMX Group, Inc. (Nasdaq:NDAQ) today announced that the trading of Envivio, a leader in solutions for live and on-demand multi-screen IP video processing and delivery, commenced on The NASDAQ Stock Market on April 25, 2012. Envivio is listed on the NASDAQ Global Select Market® under the ticker symbol [ENVI].

"Since its inception, NASDAQ OMX has been known for its commitment to innovation and technology. This makes us the perfect home for cutting-edge companies such as Envivio, which delivers groundbreaking solutions for the efficient broadcast and viewing of high quality video anytime, anywhere," said Bob McCooey, Senior Vice President, NASDAQ OMX Corporate Client Group. "NASDAQ is excited to welcome Envivio to the NASDAQ Global Select Market, and looks forward to supporting its continued success as a public company."

Envivio is an innovative video processing and distribution company which enables the world's media content to be enjoyed on televisions and a multitude of non-traditional devices such as tablets, mobile phones, personal computers, and gaming devices. Founded in 2000, Envivio has more than a dozen patents, has pioneered IP video delivery methods, and led in the deployment of emerging standards and new technologies.

Since its inception, NASDAQ OMX® has consistently been the exchange of choice for the world's most progressive and innovative companies. Envivio joins some of the world's largest technology companies by listing on The NASDAQ Stock Market®, including Apple, Microsoft, Oracle, Google, Intel, Cisco, eBay, Baidu, Adobe, Dell, Yandex and Zynga. As of year end 2011, NASDAQ was home to 73% of all info tech and telecom companies that list their shares on U.S. markets, and was home to the two largest tech IPOs of 2011, Yandex [Nasdaq:YNDX] and Zynga [Nasdaq:ZNGA].

About NASDAQ OMX

The inventor of the electronic exchange, The NASDAQ OMX Group, Inc., fuels economies and provides transformative technologies for the entire lifecycle of a trade - from risk management to trade to surveillance to clearing. In the US and Europe, we own and operate 24 markets, 3 clearinghouses and 5 central securities depositories supporting equities, options, fixed income, derivatives, commodities, futures and structured products. Able to process more than 1 million messages per second at sub-40 microsecond speeds with 99.999% uptime, our technology drives more than 70 marketplaces in 50 developed and emerging countries into the future, powering 1 in 10 of the world's securities transactions. Our award-winning data products and worldwide indexes are the benchmarks in the financial industry. Home to approximately 3,400 listed companies worth \$5.1 trillion in market cap whose innovations shape our world, we give the ideas of tomorrow access to capital today.
