**BDC Overview**

- ◆ Newtek is an internally managed BDC.
- ◆ BDCs: (1) Are regulated under the Investment Company Act of 1940. (2) Generally invest in, or lend to, small- to medium-sized businesses, which become the BDC's portfolio companies. (3) Once they elect to be treated as a regulated investment company ("RIC"), the RIC must distribute **at least 90%** of its annual taxable income to shareholders.

**Newtek's Historical Price Performance**

**Newtek's Differentiated BDC Model**

**WHY WE BELIEVE OUR MODEL IS BETTER**

- ◆ As an **internally managed** BDC, Newtek does not pay a 4% management fee to an external manager
  - ◆ We invest in (and originate) primarily senior-secured loans, and in operating businesses which are portfolio companies, which are primarily wholly owned and operated by Newtek, most for over 10 years
  - ◆ Potential net asset value ("NAV") upside as portfolio company businesses grow versus a portfolio of debt securities
  - ◆ Portfolio company recurring stream of income tends to be less credit sensitive to credit risk, interest rates and inflation, and could potentially benefit with such increases
  - ◆ Small-balance, industry and geographically diversified portfolio of loans with an average loan size of approximately \$178K of the average unguaranteed retained loan balance
  - ◆ Floating-rate notes without a cap; tied to Prime with a quarterly rate adjust
  - ◆ Newtek's CEO owns approximately 5.8%\* of the Company; management's interests aligned with shareholder interests
  - ◆ Have historically not invested in loans with 10%-14% interest rates with an equity kicker, which tend to be a higher risk
  - ◆ **NO** SBIC leverage, **NO** equity investments in collateralized debt obligations ("CDOs"), **NO** derivative securities, **NO** 2<sup>nd</sup> lien or mezzanine financing as a business line, **NO** direct lending exposure in the oil and gas industry
- \*As of March 31, 2017

**SBA Loan Growth**

**SBA 7(a) Loan Fundings Q1 2016 vs. Q1 2017**

- ◆ Newtek Small Business Finance, LLC funded \$78.6M of SBA 7(a) loans in Q1' 2017; an increase of 40.3% compared to \$56.1M of SBA 7(a) loans for Q1' 2016
- ◆ Newtek Business Credit Solutions, a controlled portfolio company, funded \$3.5M of SBA 504 loans in Q1' 2017
- ◆ Received \$2.8 billion in loan referrals in Q1' 2017; a 38.1% increase over Q1' 2016
- ◆ Anticipate funding approximately \$400M in SBA 7(a) and SBA 504 loans in 2017, which would represent an approximate 26% increase in SBA loan fundings over 2016

<sup>1</sup>The Company defines Adjusted Net Investment Income (loss) as Net investment income (loss), plus Net realized gains (losses) recognized from the sale of guaranteed portions of SBA 7(a) loan investments, plus or minus Loss on lease adjustment, plus the net realized gains on controlled investments (beginning in 2016 as it is anticipated this will be reoccurring income).

<sup>2</sup>Amount and timing of dividends, if any, remain subject to the discretion of the Company's board of directors.
