PROXY STATEMENT

2018 ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors of the Company (the “Board of Directors” or “Board”) requests your Proxy for the Annual Meeting of Stockholders (the “Annual Meeting”) that will be held May 24, 2018, at 8:00 a.m. Central Time, at 811 Louisiana Street, Suite 2100, Houston, TX 77002. By granting the Proxy, you authorize the persons named on the Proxy to represent you and vote your shares at the Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the Annual Meeting.

If you attend the Annual Meeting, you may vote in person. Only stockholders of the Company (or their authorized representatives) and the Company’s invited guests may attend the Annual Meeting. All attendees should be prepared to present government-issued photo identification (such as a driver’s license or passport) for admittance. If you are not present at the Annual Meeting, your shares may be voted only by a person to whom you have given a proper Proxy. You may revoke the Proxy in writing at any time before it is exercised at the Annual Meeting by delivering to the Secretary of the Company a written notice of the revocation, by submitting your vote electronically through the internet or by phone after the grant of the Proxy, or by signing and delivering to the Secretary of the Company a Proxy with a later date. Your attendance at the Annual Meeting will not revoke the Proxy unless you give written notice of revocation to the Secretary of the Company before the Proxy is exercised or unless you vote your shares in person at the Annual Meeting.

ELECTRONIC AVAILABILITY OF PROXY STATEMENT AND ANNUAL REPORT

As permitted under the rules of the Securities and Exchange Commission (the “SEC”), the Company is making this proxy statement and its Annual Report on Form 10-K available to its stockholders electronically via the internet. The Company is sending on or about April 5, 2018, a Notice Regarding the Availability of Proxy Materials (the “Notice”) to its stockholders of record as of the close of business on April 2, 2018, which Notice will include (i) instructions on how to access the Company’s proxy materials electronically, (ii) the date, time and location of the Annual Meeting, (iii) a description of the matters intended to be acted upon at the Annual Meeting, (iv) a list of the materials being made available electronically, (v) instructions on how a stockholder can request to receive paper or e-mail copies of the Company’s proxy materials, (vi) any control/identification numbers that a stockholder needs to access his or her proxy card and instructions on how to access the proxy card, and (vii) information about attending the Annual Meeting and voting in person.

Stockholders of Record and Beneficial Owners

Most of the Company’s stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record . If your shares are registered directly in your name with the Company’s transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice is being sent directly to you by our agent. As a stockholder of record, you have the right to vote by Proxy or to vote in person at the Annual Meeting. If you received a paper copy of the proxy materials by mail instead of the Notice, the proxy materials include a proxy card or a voting instruction card for the Annual Meeting.

Beneficial Owners . If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name,” and the Notice will be forwarded to you by your broker or nominee. The broker or nominee is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote. Beneficial owners that receive the Notice by mail from the stockholder of record should follow the instructions included in the Notice to view the proxy statement and transmit voting instructions. If you received a paper copy of the proxy materials by mail instead of the Notice, the proxy materials include a proxy card or a voting instruction card for the Annual Meeting.

All stockholders of record may vote in person at the Annual Meeting. If you are a beneficial owner and want to vote your shares at the Annual Meeting, you will need to ask your bank, broker or other nominee to furnish you with a proxy. You will not be able to vote your shares at the Annual Meeting without a proxy.

QUORUM AND VOTING

Voting Stock . The Company's common stock, par value \$0.001 per share, is the only class of securities that entitles holders to vote generally at meetings of the Company's stockholders. Each share of common stock outstanding on the record date is entitled to one vote.

Record Date . The record date for stockholders entitled to notice of and to vote at the Annual Meeting will be the close of business on April 2, 2018. As of the record date, we estimate there will be approximately 218,832,135 shares of common stock outstanding and entitled to be voted at the Annual Meeting.

Quorum and Adjournments . The presence, in person or by Proxy, of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If a quorum is not present, a majority of the stockholders entitled to vote who are present in person or by Proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Vote Required . The votes required to pass each proposal is as follows:

<u>Proposal</u>	<u>Required Vote for Approval</u>	<u>Broker Discretionary Voting and Impact of Broker Non-Votes</u>	<u>Impact of Abstentions</u>
Item 1 <i>(Election of Directors)</i>	The affirmative vote of a majority of the votes cast with respect to that director's election (meaning that the number of the votes cast "for" a director's election must exceed the number of the votes cast "against" that director's election).	Brokers do not have discretionary authority to vote on this item. Broker non-votes are not considered votes cast and do not affect the outcome.	Abstentions are not considered votes cast and do not affect the outcome.
Item 2 <i>(Ratification of the Appointment of Independent Auditors)</i>	The affirmative vote of a majority of the shares present and entitled to vote.	Brokers have discretionary authority in the absence of timely instructions from their customers to vote on this item. As a result, there will be no broker non-votes with respect to this item.	Abstentions are treated as present and entitled to vote and will have the same effect as a vote against this item.

<u>Proposal Item 3</u>	<u>Required Vote for Approval</u>	<u>Broker Discretionary Voting and Impact of Broker Non-Votes</u>	<u>Impact of Abstentions</u>
<i>(Advisory Vote to Approve the Compensation of Named Executive Officers)</i>	<p>The affirmative vote of a majority of the shares present and entitled to vote.</p> <p>This advisory vote is not binding on the company, the Compensation Committee (as defined herein) or the Board. However, the Compensation Committee and the Board will take into account the result of the vote when determining future executive compensation programs.</p>	<p>Brokers do not have discretionary authority to vote on this item.</p> <p>Broker non-votes are not considered to be entitled to vote and do not affect the outcome.</p>	<p>Abstentions are treated as present and entitled to vote and will have the same effect as a vote against this item.</p>

If your shares of common stock are held in the name of a bank, broker or other holder of record, you will receive instructions from that holder of record that you must follow in order for your shares to be voted at the Annual Meeting. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners.

Default Voting . A Proxy that is properly completed and submitted will be voted at the Annual Meeting in accordance with the instructions on the Proxy. If you properly complete and submit a Proxy, but do not indicate any contrary voting instructions, your shares will be voted consistent with the Board of Directors' recommendation as follows:

- FOR the election of the three persons named in this proxy statement as the Board of Directors' nominees for election as Class II Directors.
- FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's auditors for 2018.
- FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the holders of the Proxy. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting.

**ITEM ONE
ELECTION OF DIRECTORS**

The Board of Directors has nominated the following individuals for election as Class II Directors of the Company to serve for a three-year term to expire in 2021 and until either they are reelected or their successors are elected and qualified:

Robert B. Evans
Joe Bob Perkins
Ershel C. Redd Jr.

Messrs. Evans, Perkins and Redd are currently serving as Directors of the Company. Their biographical information is contained in the “Directors and Executive Officers” section below.

The Board of Directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, either the number of the Company’s directors will be reduced or the persons acting under the Proxy will vote for the election of a substitute nominee that the Board of Directors recommends.

Our bylaws provide that in an uncontested election, each director will be elected by the affirmative vote of a majority of the votes cast with respect to that director’s election (meaning that the number of votes cast “for” a director’s election must exceed the number of votes cast “against” that director’s election). Pursuant to our bylaws, each incumbent director nominated for election must submit an irrevocable resignation, contingent on (i) not receiving a majority of the votes cast in an uncontested election, and (ii) acceptance of that proffered resignation by the Board of Directors in accordance with the following policies and procedures. In the event an incumbent director fails to receive a majority of the votes cast in an uncontested election, the Nominating and Governance Committee will make a recommendation to the Board of Directors as to whether to accept or reject the resignation of such incumbent director, or whether other action should be taken. The Board of Directors will act on the proffered resignation, taking into account such committee’s recommendation, and publicly disclose its decision regarding the resignation and, if such resignation is rejected, the rationale behind the decision within ninety days following certification of the election results. Such committee, in making its recommendation, and the Board of Directors, in making its decision, each may consider any factors and other information that they consider appropriate and relevant. The director whose resignation is being considered will not participate in the deliberations of such committee or the Board of Directors with respect to whether to accept such director’s resignation. If the director’s resignation is not accepted by the Board of Directors, such director will continue to serve until his or her successor is duly elected, or until his or her earlier resignation or removal.

Vote Required

The affirmative vote of a majority of the votes cast with respect to each director’s election is required to elect that director (meaning that the number of votes cast “for” a director’s election must exceed the number of votes cast “against” that director’s election). If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal. Please see “Quorum and Voting—Vote Required” for further information regarding the impact of abstentions and broker non-votes.

Recommendation of our Board of Directors

The Board of Directors unanimously recommends that stockholders vote FOR the election of each of the nominees.

MEETINGS AND COMMITTEES OF DIRECTORS

Board of Directors

Our Board of Directors consists of ten members. The Board of Directors reviewed the independence of our directors using the independence standards of the New York Stock Exchange ("NYSE") and various other factors discussed under "Director Independence," and, based on this review, determined that Messrs. Crisp, Evans, Davis, Redd and Tong and Ms. Fulton are independent within the meaning of the NYSE listing standards currently in effect. The board held ten meetings during 2017. In addition, the Board of Directors regularly meets in executive session without the presence of the CEO or other members of management. During 2017, each of the directors that served on the Board of Directors during the year attended at least 75% of the aggregate of the total number of meetings of the board and the total number of meetings of all committees of the board on which that director served.

Our directors are divided into three classes serving staggered three-year terms. Class I, Class II and Class III directors will serve until our annual meetings of stockholders in 2020, 2018 and 2019, respectively. The Class I directors are Messrs. Crisp, Heim and Whalen and Ms. Fulton, the Class II directors are Messrs. Evans, Perkins and Redd and the Class III directors are Messrs. Davis, Joyce and Tong. At each annual meeting of stockholders, directors will be elected to succeed the class of directors whose terms have expired. This classification of our Board of Directors could have the effect of increasing the length of time necessary to change the composition of a majority of the Board of Directors. In general, at least two annual meetings of stockholders will be necessary for stockholders to effect a change in a majority of the members of the Board of Directors.

Committees of the Board of Directors

Our Board of Directors has a standing Audit Committee, Compensation Committee and Nominating and Governance Committee and may have such other committees as the Board of Directors shall determine from time to time. Each of the standing committees of the Board of Directors has the composition and responsibilities described below.

Audit Committee

The members of our Audit Committee are Messrs. Tong and Redd and Ms. Fulton. Mr. Tong is the Chairman of this committee. Our Board of Directors has affirmatively determined that Messrs. Tong and Redd and Ms. Fulton are independent as described in the rules of the NYSE and the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Our Board of Directors has also determined that, based upon relevant experience, Mr. Tong is an "audit committee financial expert" as defined in Item 407 of Regulation S-K.

This committee oversees, reviews, acts on and reports on various auditing and accounting matters to our Board of Directors, including: the selection of our independent accountants, the scope of our annual audits, fees to be paid to the independent accountants, the performance of our independent accountants and our accounting practices. In addition, the Audit Committee oversees our compliance programs relating to legal and regulatory requirements. We have adopted an Audit Committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and NYSE that is posted on the Company's website at www.targaresources.com. The Audit Committee held four meetings during 2017.

Compensation Committee

The members of our Compensation Committee are Messrs. Davis, Crisp and Evans. Mr. Davis is the Chairman of this committee. This committee establishes salaries, incentives and other forms of compensation for officers and other employees. Our Compensation Committee also administers our incentive compensation and benefit plans. We have adopted a Compensation Committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and NYSE that is posted on the Company's website at www.targaresources.com. The Compensation Committee held six meetings during 2017. Our Board of Directors has determined that each of the members of the Compensation Committee is (i) independent under the NYSE's rules governing Compensation Committee membership; (ii) a "non-employee director" under Rule 16b-3 of the Exchange Act; and (iii) an "outside director" under Section 162(m) of the Internal Revenue Code of 1986, as amended.

The Compensation Committee has the authority to retain, compensate, direct, oversee and terminate outside counsel, compensation consultants and other advisors hired to assist the Compensation Committee. For 2017, the Compensation Committee retained BDO USA, LLP (the "Compensation Consultant" or "BDO") as its independent compensation consultant for matters related to executive and non-management director compensation. The Compensation Consultant reports to the Compensation Committee and does not provide any additional services to us.

In May 2017, the Compensation Committee considered the independence of BDO in light of SEC rules and the NYSE listing standards. The Compensation Committee requested and received a letter from BDO addressing the consulting firm's independence, including the following factors:

- Other services provided to us by BDO;
- Fees paid by us as a percentage of BDO's total revenue;
- Policies or procedures maintained by BDO that are designed to prevent a conflict of interest;
- Any business or personal relationships between the individual consultants involved in the engagement and members of the Compensation Committee;
- Any stock of the Company owned by the individual consultants involved in the engagement; and
- Any business or personal relationships between our executive officers and BDO or the individual consultants involved in the engagement.

The Compensation Committee discussed these considerations and concluded that the work of BDO did not raise any conflict of interest.

Nominating and Governance Committee

The members of our Nominating and Governance Committee are Messrs. Crisp, Davis and Tong. Mr. Crisp is the Chairman of this committee. This committee identifies, evaluates and recommends qualified nominees to serve on our Board of Directors, develops and oversees our internal corporate governance processes and maintains a management succession plan. We have adopted a Nominating and Governance Committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and NYSE that is posted on the Company's website at www.targaresources.com. The Nominating and Governance Committee held two meetings during 2017. Our Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is independent under the NYSE's rules governing board membership.

In evaluating director candidates, the Nominating and Governance Committee assesses whether a candidate possesses the integrity, judgment, knowledge, experience, skills and expertise that are likely to enhance the Board's ability to manage and direct the affairs and business of the Company, including, when applicable, to enhance the ability of committees of the Board to fulfill their duties.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis (“CD&A”) contains statements regarding our compensation programs and our executive officers’ business priorities related to our compensation programs and target payouts under the programs. These business priorities are disclosed in the limited context of our compensation programs and should not be understood to be statements of management’s expectations or estimates of results or other guidance.

Overview

Compensatory arrangements with our executive officers identified in the Summary Compensation Table (“named executive officers”) are approved by the Compensation Committee of our Board of Directors (the “Compensation Committee”). For 2017, our named executive officers were:

<u>Name</u>	<u>Position During 2017</u>
Joe Bob Perkins	Chief Executive Officer
Matthew J. Meloy	Executive Vice President and Chief Financial Officer
Patrick J. McDonie	Executive Vice President—Southern Field Gathering and Processing
Robert M. Muraro	Executive Vice President—Commercial
D. Scott Pryor	Executive Vice President—Logistics and Marketing

We saw a change in the composition of our named executive officers from the 2016 and 2017 years largely due to certain retention awards that were granted in 2017, as described further below. As announced by the Company on February 1, 2018, four of our named executive officers have been promoted to new positions effective March 1, 2018 as follows: Mr. Meloy as President; Mr. McDonie as President—Gathering and Processing; Mr. Pryor as President—Logistics and Marketing; and Mr. Muraro as Chief Commercial Officer. At the same time Jennifer R. Kneale was appointed Chief Financial Officer effective March 1, 2018.

Our operating assets are held by subsidiaries of the Partnership, and our named executive officers also served as executive officers of its General Partner during 2017. The named executive officers devote their time as needed to the conduct of our business and affairs and the conduct of the Partnership’s business and affairs. The Company acquired all of the Partnership common units not already owned by it pursuant to a merger transaction (the “Buy-In Transaction”) effective as of February 17, 2016. Following completion of the Buy-In Transaction, the Partnership’s common units ceased to be publicly traded.

The compensation information described in this CD&A and contained in the tables that follow reflects all compensation received by our named executive officers for the services they provide to us and for the services they provide to the General Partner and the Partnership for the years indicated. For 2017, the Compensation Committee was generally responsible for determining and setting compensation practices for our named executive officers. During 2017, the Partnership reimbursed us and our affiliates for the compensation of our named executive officers pursuant to the Partnership’s partnership agreement. See “—Transactions with Related Persons—Reimbursement of Operating and General and Administrative Expense” for additional information regarding the Partnership’s reimbursement obligations.

The Compensation Committee believes that it has taken actions to govern compensation in a responsible way, as described in this CD&A, and that the Company’s performance over its trading history demonstrates that our compensation programs are structured to pay reasonable amounts for performance based on our understanding of the markets in which we compete for executive talent and the returns our shareholders have realized.

We held our most recent advisory say-on-pay vote regarding executive compensation at our 2017 Annual Meeting. At that meeting, more than 97% of the votes cast by our shareholders approved, on an advisory basis, of the compensation paid to our named executive officers as described in the CD&A and the other related compensation tables and disclosures contained in our Proxy Statement filed with the SEC on March 29, 2017. The Board of Directors and the Compensation Committee reviewed the results of this vote and concluded that, with this level of support, no changes to our compensation design and philosophy needed to be considered as a result of the say-on-pay vote. In accordance with the preference expressed by our shareholders to conduct an advisory vote on executive compensation every year, the next advisory vote will occur this year at the 2018 Annual Meeting. See “Item 3—Advisory Vote on Executive Compensation”

Summary of Key Strategic Results

As noted above, our operating assets are held in the Partnership. As described in “Management’s Discussion and Analysis of Financial Conditions and Results of Operations” in our Annual Report on Form 10-K for the year ended December 31, 2017, our 2017 strategic and operational accomplishments and our 2017 financial results (including the financial results of the Partnership on a consolidated basis) demonstrate the performance of our businesses through the industry downturn, which, along with our ongoing growth capital expenditure programs, have allowed us to increase both our business scale and diversity. In summary, certain of our more significant financial, operational and strategic highlights in 2017 included:

- Excellent execution across our businesses with Company Adjusted EBITDA of \$1.14 billion, driven by higher Field G&P volumes, higher fractionation volumes and continued strong export volumes while exceeding public EBITDA guidance and with dividend coverage that achieved public guidance;
- Excellent execution on 2017 growth capital expenditures of approximately \$2 billion (including acquisitions) completed or on track to be completed generally on time and on budget;
- Continued development of our potential future expansion project portfolio;
- Excellent financial execution including capital raising and balance sheet and liquidity management while funding growth expenditures and maintaining dividend per share; and
- A continued strong track record and performance regarding safety, including industry safety recognition in 2017 and strong compliance performance in all other aspects of our business, including environmental and regulatory compliance.

See “—Components of Executive Compensation Program for Fiscal 2017—Annual Incentive Bonus” for further discussion of certain of these summary highlights. Please also see our Annual Report on Form 10-K for the year ended December 31, 2017 for a reconciliation of Adjusted EBITDA to net income (loss) attributable to the Company.

Summary of 2017 and 2018 Compensation Decisions

While the compensation arrangements for our named executive officers during fiscal 2017 remained substantially similar to those in place during fiscal 2016, specific compensatory actions in 2017 included the following:

- 2017 Annual Bonus Pool and NEO Awards Paid in a Combination of Stock and Cash. Even though our overall performance on the 2017 business priorities significantly exceeded expectations for the year (as was the case for 2016), in light of industry conditions in 2017 and early 2018 and continued uncertainty in the market, the bonus pool was funded at 160% of target under the 2017 Bonus Plan. In connection with this approval and our current focus on reducing cash expenses, the Compensation Committee approved settlement of the 2017 bonuses solely in restricted stock units awards for our Chief Executive Officer and our Executive Chairman of the Board (“Chairman”), instead of all-cash bonuses, and in a combination of 50% cash and 50% restricted stock unit awards, instead of all-cash bonuses, for all other executive officers including the other named executive officers. The restricted stock unit awards

will vest in full three years after the date of grant of the award, subject to continued employment of the officers through that date. See “—Components of Executive Compensation Program for Fiscal 2017—Annual Incentive Bonus” for additional information.

- Increases to 2017 Total Compensation and Increases to Base Pay. For 2017, base salary raises were approved for the named executive officers ranging from 3% to 46%. The Compensation Committee authorized base salary increases for the named executive officers in order to align the total direct compensation of these individuals more closely with the total direct compensation provided to similarly situated executives at companies within our 2017 Peer Group, adjusted for company size, and, in the case of Messrs. Meloy, McDonie, Muraro and Pryor, to reflect professional growth and the assumption of additional responsibilities. See “—Changes for 2017—2017 Peer Group” for a description of the companies that comprise the 2017 Peer Group. In addition, for 2017 under our annual incentive bonus plan, the target bonus percentages for our named executive officers were increased in order to align their total direct compensation more closely with the total direct compensation provided to similarly situated officers at companies within our 2017 Peer Group, adjusted for company size. For similar reasons, the long-term equity incentive award targets for 2017 for the named executive officers (other than Mr. Pryor) were also increased.
- New Performance-Based Equity Award Component. For 2017, the Compensation Committee awarded long-term equity incentive awards in the form of both restricted stock unit awards and performance share unit awards under our Stock Incentive Plan. The vesting of the performance share units is dependent on the satisfaction of a combination of certain service-related conditions and the Company’s total shareholder return (“TSR”) relative to the TSR of the members of a specified comparator group of publicly-traded midstream companies (the “LTIP Peer Group”) measured over designated periods. The overall performance period for the 2017 performance share units begins on January 1, 2017 and is designated to end on December 31, 2019, and the TSR performance factor is determined by the Compensation Committee at the end of the overall performance period based on relative performance over the designated weighting periods as follows: (i) 25% based on annual relative TSR for the first year; (ii) 25% based on annual relative TSR for the second year; (iii) 25% based on annual relative TSR for the third year; and (iv) the remaining 25% based on cumulative three year relative TSR over the entirety of the performance period. With respect to each weighting period, the Compensation Committee determines the “guideline performance percentage,” which could range from 0% to 250%, based upon the Company’s relative TSR performance for the applicable period. The TSR performance factor will be calculated by averaging the guideline performance percentage for each weighting period, and the average percentage may then be decreased or increased by the Compensation Committee in its discretion. Provided a named executive officer remains continuously employed through the end of 2019, the officer will become vested, as soon as practicable following December 31, 2019, in a number of performance share units equal to the target number awarded multiplied by the TSR performance factor, and vested performance share units will be settled by the issuance of Company common stock. The Compensation Committee believes the performance share unit awards further align the interests of named executive officers and shareholders and provide meaningful incentives to the management team to consistently increase shareholder value over the long term.
- Retention Awards and Special Incentive Award. In support of the Company’s succession planning and management development goals, the Compensation Committee also awarded special retention awards in the form of 50,000 restricted stock units to Mr. Meloy, 45,000 restricted stock units to Mr. McDonie, 60,000 restricted stock units to Mr. Muraro and 45,000 restricted stock units to Mr. Pryor on January 20, 2017. The Compensation Committee also awarded a special incentive award to Mr. Muraro based on his contributions and performance relating to special projects in the form of 25,000 restricted stock units on July 23, 2017, under an incentive program established prior to his appointment as an executive officer.

With respect to 2018 compensation, the Compensation Committee has made the following determinations, which are described in greater detail below under “—Changes for 2018”:

- **Increases to 2018 Total Compensation.** For 2018, base salary raises were approved for the named executive officers ranging from 11% to 29%. The Compensation Committee authorized base salary increases for the named executive officers in order to align the total direct compensation of these individuals more closely with the total direct compensation provided to similarly situated executives at companies within our 2018 Peer Group, adjusted for company size, and, in the case of our named executive officers other than Mr. Perkins, to reflect their promotions to new positions and the assumption of additional responsibilities effective March 1, 2018. See “—Changes for 2018—2018 Peer Group” for a description of the companies that comprise the 2018 Peer Group. In addition, for 2018 under our annual incentive bonus plan, the target bonus percentages for our named executive officers were increased in order to align their total direct compensation more closely with the total direct compensation provided to similarly situated officers at companies within our 2018 Peer Group, adjusted for company size, and to reflect the changes in positions and responsibilities referenced above. For similar reasons, the long-term equity incentive award targets for 2018 for the named executive officers were also increased

Discussion and Analysis of Executive Compensation

Compensation Philosophy and Elements

The following compensation objectives guide the Compensation Committee in its deliberations about executive compensation matters:

- **Competition Among Peers.** The Compensation Committee believes our executive compensation program should enable us to attract and retain key executives by providing a total compensation program that is competitive with the market in which we compete for executive talent, which encompasses not only diversified midstream companies but also other energy industry companies as described in “—Methodology and Process —Role of Peer Group and Market Analysis” below.
- **Accountability for Performance.** The Compensation Committee believes our executive compensation program should ensure an alignment between our strategic, operational and financial performance and the total compensation received by our named executive officers. This includes providing compensation for performance that reflects individual and company performance both in absolute terms and relative to our Peer Group.
- **Alignment with Shareholder Interests.** The Compensation Committee believes our executive compensation program should ensure a balance between short-term and long-term compensation while emphasizing at-risk or variable compensation as a valuable means of supporting our strategic goals and aligning the interests of our named executive officers with those of our shareholders.
- **Supportive of Business Goals.** The Compensation Committee believes that our total compensation program should support our business objectives and priorities.

Consistent with this philosophy and the compensation objectives, our 2017 executive compensation program consisted of the following elements:

<u>Compensation Element</u>	<u>Description</u>	<u>Role in Total Compensation</u>
Base Salary	Competitive fixed-cash compensation based on an individual's role, experience, qualifications and performance	<ul style="list-style-type: none"> • A core element of competitive total compensation, important in attracting and retaining key executives
Annual Incentive Bonus	Variable payouts tied to achievement of annual financial, operational and strategic business priorities and determined in the sole discretion of the Compensation Committee	<ul style="list-style-type: none"> • Aligns named executive officers with annual strategic, operational and financial results • Recognizes individual and performance-based contributions to annual results • Supplements base salary to help attract and retain executives
Long-Term Equity Incentive Awards	<p>Restricted stock awards granted under our Stock Incentive Plan</p> <p>Performance share unit awards granted under our Stock Incentive Plan</p>	<ul style="list-style-type: none"> • Aligns named executive officers with sustained long-term value creation • Creates opportunity for a meaningful and sustained ownership stake • Combined with salary and annual bonus, provides a competitive target total direct compensation opportunity substantially contingent on our equity performance and performance relative to our LTIP peer group
Benefits	401(k) plan, health and welfare benefits	<ul style="list-style-type: none"> • Our named executive officers are eligible to participate in benefits provided to other Company employees • Contributes toward financial security for various life events (e.g., disability or death) • Generally competitive with companies in the midstream sector
Post-Termination Compensation	<p>“Double trigger” change in control payments payable in cash</p> <p>Accelerated vesting of equity awards upon certain change in control transactions and qualifying termination events</p> <p>Continued vesting of equity awards following retirement, subject to provision of consulting services or compliance with non-compete obligations</p>	<ul style="list-style-type: none"> • Helps mitigate possible disincentives to pursue value-added merger or acquisition transactions if employment prospects are uncertain • Provides assistance with transition if post-transaction employment is not offered • Allows the Company to benefit from employee non-compete obligations and ongoing access to cooperative employees
Perquisites	None, other than minimal parking subsidies	<ul style="list-style-type: none"> • The Compensation Committee's policy is not to pay for perquisites for any of our named executive officers, other than minimal parking subsidies

Fiscal 2017 Total Direct Compensation

We review the mix of base salary, annual incentive bonuses and long-term equity incentive awards (i.e., total direct compensation) each year for the Company and for our Peer Group. We view the various components of total direct compensation as related but distinct and emphasize pay for performance, with a significant portion of total direct compensation reflecting a risk aspect tied to long- and short-term financial and strategic goals. Although we typically target annual long-term equity incentive awards as a percentage of base salary, we have historically not operated under any formal policies or specific guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation. However, we believe that our compensation packages are representative of an appropriate mix of compensation components, and we anticipate that we will generally continue to utilize a similar, though not identical, mix of compensation in future years. As recommended by the Compensation Consultant, the Compensation Committee seeks to provide our named executive officers with a mix of base salary and short- and long-term incentives that is generally in line with that provided to similarly situated executives in our Peer Group, adjusted for company size.

The approximate allocation of target total direct compensation for our named executive officers in fiscal 2017 is presented below. This reflects (i) the salary rates in effect as of December 31, 2017, (ii) target annual incentive bonuses for services performed in fiscal 2017, and (iii) the grant date fair value of long-term equity incentive awards granted during fiscal 2017 (excluding the grant date fair value of equity awards granted in 2017 in lieu of 2016 annual incentive cash bonus payments).

Fiscal 2017 Target Total Direct Compensation

	<u>Joe Bob Perkins</u>	<u>Matthew J. Meloy</u>	<u>Patrick J. McDonic</u>	<u>Robert M. Muraro</u>	<u>D. Scott Pryor</u>
Base Salary	14%	22%	28%	31%	28%
Annual Incentive Bonus (1)	28%	24%	18%	19%	18%
Long-Term Equity Incentive Awards	58%	54%	54%	50%	54%
Total	100%	100%	100%	100%	100%

- (1) Annual incentive bonuses actually paid with respect to performance in 2016 were paid 50% in cash and 50% in the form of restricted stock unit awards that will vest in full three years after the date of the award, subject to continued employment of the officers through that date.

Over the last five calendar years, the target total direct compensation (base salary plus target annual incentive bonus plus grant date fair value of long-term equity incentive awards) as set by the Compensation Committee for our Chief Executive Officer has resulted in target levels that have been significantly below the total direct compensation levels of similarly situated executives at companies in our Peer Group. The implied market median compensation level is determined by the Compensation Consultant using a regression analysis for our Peer Group that adjusts for company size and that predicts total direct compensation as correlated to market capitalization and total assets. The following chart illustrates the relationship between the target total direct compensation available to our Chief Executive Officer and the implied market median level and estimated top 25th percentile and top 10th percentile developed by our Compensation Consultant for the last five years:

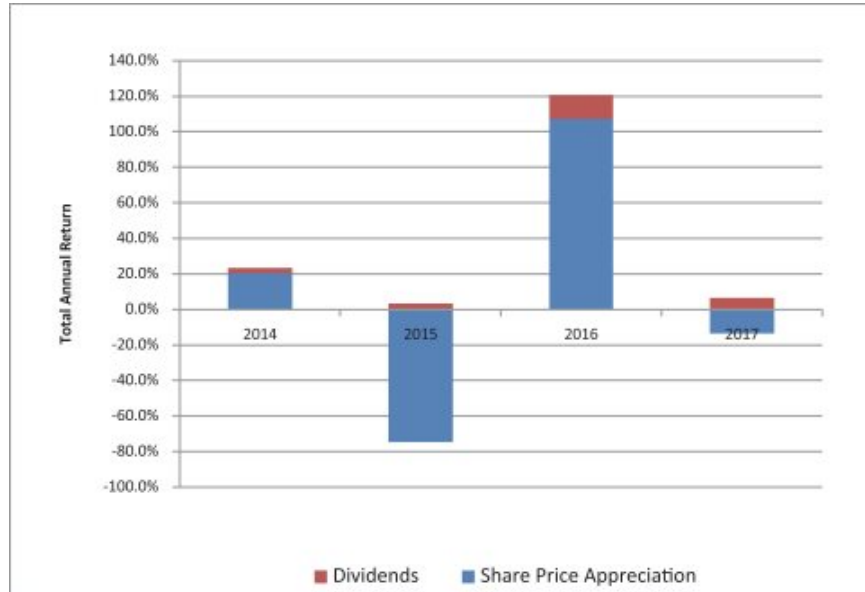

Note: For the Total Direct Compensation Chart, the implied market median is shown as the solid blue bar, the estimated 75th percentile is shown as the light blue bar with dashed border, the 90th percentile is shown as the white bar with dotted border and the target compensation for our Chief Executive Officer is shown as the yellow bar.

Because incentive compensation (i.e., target annual incentive bonus and grant date fair value of long-term equity incentive awards) comprised 86% of our Chief Executive Officer's total direct compensation opportunity for 2017, the amount of compensation our Chief Executive Officer ultimately realizes from these awards may be more or less than the cash he would have received for the target amounts, as determined in particular by our Compensation Committee's evaluation of our performance and the performance of our common stock.

Annual Total Shareholder Return

In the last four calendar years, we have delivered annual total returns to our shareholders (share price appreciation plus dividends) of -7.2% (for 2017), 120.7% (for 2016), -71.3% (for 2015) and 23.3% (for 2014).

Methodology and Process

Role of Compensation Consultant in Setting Compensation

The Compensation Committee retained BDO as its independent Compensation Consultant to advise the Compensation Committee on matters related to executive and non-management director compensation for 2017. During 2016 and 2017, the Compensation Committee received advice from the Compensation Consultant with respect to the development and structure of our 2017 executive compensation program. As discussed above under “Meetings and Committees of Directors—Committees of the Board of Directors—Compensation Committee,” the Compensation Committee has concluded that we do not have any conflicts of interest with the Compensation Consultant.

Role of Peer Group and Market Analysis

When evaluating annual compensation levels for each named executive officer, the Compensation Committee, with the assistance of the Compensation Consultant and senior management, reviews publicly available compensation data and analysis for executives in our Peer Group as well as the results of compensation surveys. The Compensation Committee then uses that information to help set compensation levels for the named executive officers in the context of their roles, levels of responsibility, accountability and decision-making authority within our organization and in the context of company size relative to the other Peer Group members. While compensation data from other companies is considered, the Compensation Committee and senior management do not attempt to set compensation components to meet specific benchmarks.

The Peer Group company data and analysis that is reviewed by senior management and the Compensation Committee is simply one factor out of many that is used in connection with the establishment of compensation opportunities for our officers. The other factors considered include, but are not limited to, (i) other available compensation data, rankings and comparisons for similarly situated officers, (ii) effort and accomplishment on a

group and individual basis, (iii) challenges faced and challenges overcome, (iv) unique skills, (v) contribution to the management team and (vi) the perception of both the Board of Directors and the Compensation Committee of our performance relative to expectations and actual market/business conditions. All of these factors, including Peer Group company data and analysis, are utilized in a subjective assessment of each year's decisions relating to base salary, annual incentive bonus and long-term equity incentive award decisions.

To reflect the market in which we compete for executive talent, the Peer Group considered by the Compensation Committee in consultation with senior management for compensation comparison purposes for 2017 included companies in three comparator groups: (1) midstream companies ("Midstream Companies"), (2) exploration and production companies ("E&Ps"), and (3) energy utilities, and our analysis placed greater weight on the compensation data reported by other publicly-traded Midstream Companies. E&Ps and utilities selected for the Peer Group, in the Compensation Committee's opinion, provide relevant reference points because they have similar or related operations, compete in the same or similar markets, face similar regulatory challenges and require similar skills, knowledge and experience of their executive officers as we require of our executive officers.

Because companies in the Peer Group are larger or smaller than we are as measured by market capitalization and total assets, with the assistance of the Compensation Consultant, compensation data for the Peer Group companies is analyzed using multiple regression analysis to develop a prediction of the total compensation that Peer Group companies of comparable size to us would offer similarly-situated executives. For 2017, the regressed data was analyzed separately for each of the three comparator groups and then weighted as follows to develop reference points for assessing our total executive pay opportunity relative to market practice: (1) Midstream Companies (given a 70% weighting), (2) E&Ps (given a 15% weighting) and (3) utility companies (given a 15% weighting). More traditional benchmarks of Midstream Companies without regression are also considered, along with survey results, comparisons with individual companies and positions, and the distribution of such data and analysis. For 2017, the "Peer Group" companies (for purposes of determining 2017 compensation levels) were:

- *Midstream Companies (the "2017 Midstream Peer Group")* : Boardwalk Pipeline Partners, L.P., Buckeye Partners, L.P., Crestwood Equity Partners, L.P., DCP Midstream Partners, L.P., Enable Midstream Partners, L.P., Energy Transfer Equity, L.P., EnLink Midstream Partners, L.P., Enterprise Products Partners L.P., Genesis Energy, L.P., Holly Energy Partners, L.P., Kinder Morgan, Inc., Magellan Midstream Partners, L.P., NuStar Energy L.P., ONEOK, Inc., Plains GP Holdings, L.P., SemGroup Corporation, Spectra Energy Corp., Summit Midstream Partners, L.P., Tallgrass Energy Partners, LP and Williams Companies, Inc.
- *E&P peer companies* : Apache Corporation, Cabot Oil & Gas Corporation, Cimarex Energy Company, Concho Resources, Inc., Continental Resources, Inc., Denbury Resources Inc., Devon Energy Corporation, Diamondback Energy, Inc., Energen Corp., EOG Resources, Inc., Murphy Oil Corporation, Newfield Exploration Company, Noble Energy, Inc., Parsley Energy, Inc., Pioneer Natural Resources Company, QEP Resources, Inc., Range Resources Corporation, RSP Permian, Inc., SM Energy Company, Southwestern Energy Company and WPX Energy, Inc.

Periodically we make changes in the Peer Group to reflect the change in ownership status or size of some of the peer companies, to include additional companies and/or to create more balance in the make-up of the Peer Group. Based upon the recommendation of our Compensation Consultant, we removed the peer companies listed in the table immediately below that were previously included in the 2016 Peer Group, in order to create the 2017 Peer Group. Many of the aforementioned companies were subsidiary master limited partnerships that have been replaced with their public parent corporations, with such parent corporations included in the second table below:

<u>Midstream</u>	<u>E&P</u>	<u>Utilities</u>
Access Midstream Partners, L.P.	Halcon Resources Corp.	Spectra Energy Corp.

In addition, we added the peer companies listed in the following table to the 2017 Peer Group:

Senior management and the Compensation Committee review our compensation-setting practices and Peer Group companies on at least an annual basis. See “—Changes for 2018—2018 Peer Group” for a description of the changes that were made to the Peer Group for 2018 compensation purposes.

Role of Senior Management in Establishing Compensation for Named Executive Officers

Typically, under the direction of the Compensation Committee, senior management consults with the Compensation Consultant and reviews market data and evaluates relevant compensation levels and compensation program elements towards the end of each fiscal year. Based on these consultations and assessments of performance relative to our business priorities, senior management submits emerging conclusions to the Chairman of the Compensation Committee, meets periodically with the full Compensation Committee together with Compensation Consultant relative to process and performance, and subsequently, provides a proposal to the Chairman of the Compensation Committee. The proposal includes a recommendation of base salary, target annual incentive bonus opportunity and long-term equity incentive awards to be paid or awarded to executive officers for the next fiscal year. In addition, the proposal includes a recommendation regarding the annual incentive bonus amount to be paid for the current fiscal year.

The Chairman of the Compensation Committee reviews and discusses the proposal with senior management and the Compensation Consultant and may discuss it with the other members of the Compensation Committee, other members of the Board of Directors and/or the full Board of Directors. The Chairman of the Compensation Committee may request that senior management provide him with additional information or reconsider or revise the proposal. The resulting recommendations are then submitted for consideration to the full Compensation Committee, which typically meets separately with the Compensation Consultant and typically discusses the recommendations with the other members of the Board of Directors. The final compensation decisions for the named executive officers are made by the Compensation Committee and reported to the Board of Directors.

Our senior management members typically have no other role in determining compensation for our named executive officers. The Compensation Committee may delegate the approval of equity-based award grants and other transactions and responsibilities regarding the administration of our equity compensation program to the Executive Chairman of the Board or the Chief Executive Officer with respect to employees other than our Section 16 officers. Our executive officers are delegated the authority and responsibility to determine the compensation for all other employees.

Components of Executive Compensation Program for Fiscal 2017

Base Salary

The base salaries for our named executive officers are set and reviewed annually by the Compensation Committee. Base salaries for our named executive officers have been established based on Peer Group analysis and historical salary levels for these officers, as well as the relationship of their salaries to those of our other executive officers, taking into consideration the value of the total direct compensation opportunities available to our executive officers, including the annual incentive bonus and long-term equity incentive award components of our compensation program. The other factors listed above under “—Methodology and Process—Role of Peer Group and Market Analysis” are also considered.

For 2017, the Compensation Committee authorized base salary increases for certain of the named executive officers in order to align the total direct compensation of these individuals more closely with the total direct compensation provided to similarly situated executives at companies within our 2017 Peer Group, adjusted for company size, and, in the case of Messrs. Meloy, McDonie, Muraro and Pryor, to reflect professional growth and the assumption of additional responsibilities. The 2017 base salary rates for our named executive officers were as follows:

	<u>Prior Salary</u>	<u>Base Salary Effective March 1, 2017</u>	<u>Percent Increase (approximate)</u>
Joe Bob Perkins	\$ 725,000	\$ 750,000	3%
Matthew J. Meloy	460,000	475,000	3%
Patrick J. McDonie	410,800	425,000	3%
Robert M. Muraro	240,000	350,000	46%
D. Scott Pryor	390,000	425,000	9%

Annual Incentive Bonus

For 2017, our named executive officers were eligible to receive annual incentive bonuses under the 2017 Annual Incentive Compensation Plan (the “2017 Bonus Plan”), which was approved by the Compensation Committee in January 2017. The funding of the bonus pool and the payment of individual bonuses to executive management, including our named executive officers, are subject to the sole discretion of the Compensation Committee (following recommendations from our Chief Executive Officer) and will generally be determined near or following the end of the year to which the bonus relates.

Target Bonus Amounts. Each named executive officer’s target bonus amount is equal to the product of the officer’s base salary (at the rate in effect as of the last day of the year to which the bonus relates) and the officer’s target bonus percentage. For purposes of the 2017 Bonus Plan, the percentage of base salary that was set as the “target” amount for each named executive officer’s bonus was as follows:

	<u>Target Bonus Percentage (as a % of Base Salary)</u>	<u>Target Bonus Amount</u>
Joe Bob Perkins	190%	\$ 1,425,000
Matthew J. Meloy	110%	522,500
Patrick J. McDonie	65%	276,250
Robert M. Muraro	60%	210,000
D. Scott Pryor	65%	276,250

For 2017, the target bonus percentage for each named executive officer was increased to align his total direct compensation more closely with the total direct compensation provided to similarly situated executives.

The Chief Executive Officer and the Compensation Committee relied on the Compensation Consultant and market data from Peer Group companies and broader industry compensation practices to establish the target bonus percentages for the named executive officers and the applicable threshold, target and maximum percentage levels for funding the bonus pool, which are generally consistent with both Peer Group company and broader energy compensation practices.

2017 Bonus Plan Funding Level and Assessment of Business Priorities. The Compensation Committee, after consultation with the Chief Executive Officer, established the following overall threshold, target and maximum levels for the 2017 Bonus Plan: (i) 50% of the target amount of the bonus pool would be funded in the event that the Compensation Committee determined that our business priorities had been met for the year at a threshold level; (ii) 100% of the target amount of the bonus pool would be funded in the event that the Compensation Committee determined that our business priorities had been met for the year at a target level; and (iii) 200% of the target amount of the bonus pool would be funded in the event that the Compensation Committee determined that our business priorities had been met for the year at a maximum level. While the established threshold, target and maximum levels provide general guidelines in determining the funding level of the bonus pool each year, senior management recommends a funding level to the Compensation Committee based on our achievement of specified business priorities for the year and other factors, and the Compensation Committee ultimately determines the total amount to be allocated to the bonus pool in its sole discretion based on its assessment of the business priorities and our overall performance for the year.

For purposes of determining the actual funding level of the bonus pool and the amount of individual bonus awards under the 2017 Bonus Plan, the Compensation Committee focused on the business priorities listed in the table below. The 2017 business priorities are the same eight business priorities as in effect for 2016, except that the priority related to executing on all business dimensions has been refined to include the 2017 business plan and public guidance. These priorities are not objective in nature—they are subjective, and performance in regard to these priorities is ultimately evaluated by the Compensation Committee in its sole discretion, informed by monthly and quarterly reports from management and ongoing dialogue concerning the priorities. As such, success does not depend on achieving a particular target; rather, success is evaluated based on past norms, expectations and unanticipated obstacles or opportunities that arise. For example, hurricanes and deteriorating or changing market conditions may alter the priorities initially established by the Compensation Committee such that certain performance that would otherwise be deemed a negative may, in context, be a positive result. This subjectivity allows the Compensation Committee to account for the full industry and economic context of our actual performance and that of our personnel. The Compensation Committee considers all strategic priorities and reviews performance against the priorities and context but does not apply a formula or assign specific weightings to the strategic priorities in advance.

Overall Assessment

- Strong credit, inventory, hedging and balance sheet management
- Insignificant write offs and proactive management of contractual relationships associated with customer financial issues
- Increased volumes and margins in Field G&P through contract renewals and new dedications

After assessing the results of the 2017 business priorities as summarized above, the Compensation Committee determined in January 2018 that overall performance relative to the 2017 business priorities substantially exceeded expectations. This subjective assessment that performance substantially exceeded expectations was based on a qualitative business assessment rather than a mechanical, quantitative determination of results across each of the business priorities, and occurred with the background and ongoing context of (i) refinements of the 2017 business priorities by the Board of Directors and the Compensation Committee, (ii) continued discussion and active dialogue among the Board of Directors and the Compensation Committee and management about priorities and performance, including routine reports sent to the Board of Directors and the Compensation Committee, (iii) detailed monthly performance communications to the Board of Directors, (iv) presentations and discussions in subsequent Board of Directors and Compensation Committee meetings, and (v) further discussion among the Board of Directors and Compensation Committee of our performance relative to expectations near the end and following the end of 2017. The extensive business and board of director experience of the members of the Compensation Committee and of our Board of Directors provides the perspective to make this subjective assessment in a qualitative manner and to evaluate overall management performance and the performance of individual executive officers.

Based on the Compensation Committee's assessment of overall performance of the 2017 business priorities, the Compensation Committee, in its sole discretion, approved an annual bonus pool equal to 160% of the target level under the 2017 Bonus Plan.

Individual Performance Multiplier . The Compensation Committee also evaluated the executive group and each officer's individual performance for the year and determined that there were no special circumstances that would be quantified applicable to any named executive officer's performance for 2017. As a result, the Compensation Committee determined that a performance multiplier of 1.0x should be applied to each named executive officer for 2017 based on the officer's individual performance and performance as part of the executive team.

Settlement of 2017 Bonus Awards . In light of the current industry market conditions and the Company's resulting focus on reducing cash expenses, the Compensation Committee also approved settlement of the 2017 bonuses solely in restricted stock units awards for our Chief Executive Officer and our Chairman, instead of all-cash bonuses, and in a combination of cash and restricted stock unit awards, instead of all-cash bonuses, for all other executive officers including the other named executive officers. All other employees of the Company and its subsidiaries received payment of their awards under the 2017 Bonus Plan solely in the form of cash.

Specifically, the Compensation Committee determined that 100% of our Chief Executive Officer's and our Chairman's total bonus would be settled in the form of restricted stock unit awards, resulting in these officers receiving restricted stock unit awards corresponding to approximately 160% of their respective target bonus amounts under the 2017 Bonus Plan. Approximately 50% of each other executive officer's total bonus amount would be settled in the form of restricted stock unit awards, resulting in these officers receiving restricted stock unit awards corresponding to approximately 80% of their respective target bonus amounts under the 2017 Bonus Plan. The number of restricted stock units awarded to each named executive officer was determined by dividing the total dollar value allocated to the equity portion of the bonus amount by the ten-day average closing price of

the shares of common stock measured over a period of time prior to the date of grant. These restricted stock unit awards will vest in full three years after the date of award, subject to continued employment of the officers through that date or fulfillment of certain service related requirements following retirement and the recipients of the awards will receive a cash payment during the period that the awards are outstanding equal to each dividend paid with respect to a share of common stock times the number of restricted stock units awarded. The following table reflects the awards actually received by our named executive officers under the 2017 Bonus Plan, including the value of restricted stock unit awards received:

	Target Bonus Amount	Individual Performance Factor	Company Performance Factor	Total Bonus Amount To Be Received	Cash Amount to be Paid	Approximate Value and Number of Restricted Stock Units Awarded
Joe Bob Perkins	\$1,425,000	1.0	1.6	\$ 2,280,000		\$ 2,280,000 (45,831 RSUs)
Matthew J. Meloy	522,500	1.0	1.6	836,000	\$ 418,000	418,000 (8,402 RSUs)
Patrick J. McDonie	276,250	1.0	1.6	442,000	221,000	221,000 (4,442 RSUs)
Robert M. Muraro	210,000	1.0	1.6	336,000	168,000	168,000 (3,377 RSUs)
D. Scott Pryor	276,250	1.0	1.6	442,000	221,000	221,000 (4,442 RSUs)

Long-Term Equity Incentive Awards

In connection with our initial public offering in December 2010, we adopted the 2010 Stock Incentive Plan (the “Stock Incentive Plan”) under which we may grant to the named executive officers, other key employees, consultants and directors certain equity-based awards, including restricted stock, restricted stock units, bonus stock and performance-based awards. At the 2017 Annual Meeting, our shareholders approved the amendment and restatement of the Stock Incentive Plan in order to extend the term of the Stock Incentive Plan and make available additional shares of common stock for the future grant of equity-based awards to our officers, employees, consultants and directors.

In addition, prior to the Buy-In Transaction, the General Partner sponsored and maintained the Targa Resources Partners Long-Term Incentive Plan (the “Long-Term Incentive Plan”), under which the General Partner could grant equity-based awards related to the Partnership’s common units to individuals, including the named executive officers, who provide services to the Partnership. In connection with the Buy-In Transaction, we adopted and assumed the Long-Term Incentive Plan and outstanding awards thereunder, and amended and restated the plan and renamed it the Targa Resources Corp. Equity Compensation Plan (the “Equity Compensation Plan”). We continued to maintain the Equity Compensation Plan during 2017. However, since the number of shares reserved under the Equity Compensation Plan had been substantially exhausted as of the end of 2016, the Company no longer intends to continue making grants under the plan.

Form and Amount of Equity Awards. Long-term equity incentive awards to our named executive officers under the Stock Incentive Plan are generally made near the beginning of each year. For 2017, the Compensation Committee awarded long-term equity incentive awards in the form of both restricted stock unit and performance share unit awards under our Stock Incentive Plan. The vesting of the performance share units is dependent on the satisfaction of a combination of certain service-related conditions and the Company’s TSR relative to the TSR of the members of the LTIP Peer Group measured over designated periods. For 2017, the value of the long-term equity incentive component of our named executive officers’ compensation was allocated approximately (i) fifty percent (50%) to restricted stock unit awards under the Stock Incentive Plan and (ii) fifty percent (50%) to equity-settled performance share unit awards under the Stock Incentive Plan.

The Compensation Committee determines the amount of long-term equity incentive awards under the Stock Incentive Plan that it believes are appropriate as a component of total compensation for each named executive officer based on its decisions regarding each named executive officer’s total compensation targets. The total dollar value of long-term equity incentive awards for each named executive officer for a given year is typically equal to a specified percentage of the officer’s base salary; however, the Compensation Committee may, in its

discretion, award additional long-term equity incentive awards if deemed appropriate. The number of shares subject to each award is determined by dividing the total dollar value allocated to the award by the ten-day average closing price of the shares measured over a period of time prior to the date of grant. For executive awards granted in 2017, the specified percentage of each named executive officer's base salary used for purposes of determining the amount of long-term equity incentive awards granted and the corresponding dollar values are set forth in the following table:

	<u>Percentage of Base Salary</u>	<u>Total Dollar Value of Long-Term Equity Incentive Awards</u>
Joe Bob Perkins	400%	\$ 3,000,000
Matthew J. Meloy	250%	1,187,500
Patrick J. McDonie	190%	807,500
D. Scott Pryor	190%	807,500

For 2017, the Compensation Committee approved increases in the percentage of base salary used to determine the total dollar value of the annual long-term equity incentive awards granted to the named executive officers.

2017 Restricted Stock Unit Awards . On January 20, 2017, our named executive officers were awarded equity-settled restricted stock units under the Stock Incentive Plan in the following amounts: (i) 25,742 restricted stock units to Mr. Perkins, (ii) 10,190 restricted stock units to Mr. Meloy, (iii) 6,929 restricted stock units to Mr. McDonie and (iv) 6,929 restricted stock units to Mr. Pryor. For 2017, Mr. Muraro received a grant of 7,500 restricted stock units prior to his appointment as an executive officer. These restricted stock units vest in full on the third anniversary of the grant date, subject to the officer's continued service or if, from the date of the executive's retirement through the third anniversary of the grant date, the executive has either performed consulting services for us or refrained from working for one of our competitors or in a similar role for another company (however, directorships at non-competitors are permitted). The Compensation Committee believes these continued vesting provisions following retirement allow the Company to benefit from employee non-compete obligations and ongoing access to cooperative employees, further align our executives' interests with those of our shareholders and help attract and retain key employees.

Accelerated vesting provisions applicable to these awards in the event of certain terminations of employment and/or a change in control are described in detail below under "Executive Compensation—Potential Payments Upon Termination or Change in Control—Stock Incentive Plan." During the period the restricted stock units are outstanding and unvested, we accrue any dividends paid by us in an amount equal to the dividends paid with respect to a share of common stock times the number of restricted stock units awarded. At the time the restricted stock units vest, the named executive officers will receive a cash payment equal to the amount of dividends accrued with respect to such named executive officer's vested restricted stock units.

Equity-Settled Performance Share Units . On January 20, 2017, our named executive officers were awarded equity-settled performance share units under the Stock Incentive Plan in the following target amounts: (i) 25,742 performance share units to Mr. Perkins, (ii) 10,190 performance share units to Mr. Meloy, (iii) 6,929 performance share units to Mr. McDonie and (iv) 6,929 performance share units to Mr. Pryor. For 2017, Mr. Muraro received a grant of 7,500 performance share units prior to his appointment as an executive officer. The number of shares subject to each award is determined by dividing the total dollar value allocated to the award by the ten-day average closing price of the shares measured over a period prior to the date of grant. The performance share units, which are designed to settle in shares of Company common stock, are intended to further align the interests of the named executive officers and other executive officers with those of the Company's shareholders and provide meaningful incentives to the management team to consistently increase shareholder value over the long term.

The vesting of these awards is dependent on the satisfaction of certain service-related conditions and the Company's TSR relative to the TSR of the members of the LTIP Peer Group measured over designated periods. For the 2017 performance share units, the LTIP Peer Group is composed of the Company and the following other companies:

Boardwalk Pipeline Partners L.P.	NuStar Energy, L.P.
Buckeye Partners, L.P.	ONEOK, Inc.
DCP Midstream Partners L.P.	Plains GP Holdings, L.P.
Enable Midstream Partners L.P.	Tallgrass Energy Partners, L.P.
EnLink Midstream Partners L.P.	Williams Companies, Inc.
Genesis Energy, L.P.	

The LTIP Peer Group is a subset of the 2017 Midstream Peer Group modified to include only those companies closest in size to the Company for purpose of the TSR comparison. The Compensation Committee has the ability to modify the LTIP Peer Group in the event a company listed above ceases to be publicly traded or another significant event occurs and a company is determined to no longer be one of the Company's peers.

The overall performance period for the 2017 performance share units begins on January 1, 2017 and is designated to end on December 31, 2019, and the TSR performance factor is determined by the Compensation Committee at the end of the overall performance period based on relative performance over the designated weighting periods as follows: (i) 25% based on annual relative TSR for the first year, (ii) 25% based on annual relative TSR for the second year, (iii) 25% based on annual relative TSR for the third year, and (iv) the remaining 25% based on cumulative relative TSR over the entirety of the three-year performance period. With respect to each weighting period, the Compensation Committee determines the "guideline performance percentage," which could range from 0% to 250%, based upon the Company's relative TSR performance for the applicable period compared to the LTIP Peer Group. For performance results in an applicable weighting period that fall between (i) the 1st percentile and the 25th percentile of the LTIP Peer Group, the guideline performance percentage would be 0%, (ii) the 25th percentile and the 50th percentile, the guideline performance percentage would be interpolated between 50% and 100%, and (iii) the 50th percentile and 75th percentile, the guideline performance percentage would be interpolated between 100% and 250%. If the Company's performance was above the 75th percentile of the LTIP Peer Group for the applicable period, the guideline performance percentage would be 250%.

The TSR performance factor will be calculated by averaging the guideline performance percentage for each weighting period, and the average percentage may then be decreased or increased by the Compensation Committee in its discretion in order to address factors such as changes to the performance peers, anomalies in trading during the selected trading days or other business performance matters. For these purposes, relative TSR performance is determined based on the comparison of "total return" of a share of the Company's common stock for the applicable period to the "total return" of a common share/unit of each member of the LTIP Peer Group for the performance period, measured based on (i) the average closing price of each company's share/unit for the first ten trading days of the applicable period, and (ii) the sum of (a) the average closing price for each company's share/unit for the first ten trading days immediately following the last day of the applicable period (or, in the discretion of the Compensation Committee, for a specified consecutive ten day trading period during the last month of the applicable period), plus (b) the aggregate amount of dividends/distributions paid with respect to such share/unit during such period.

Provided a named executive officer remains continuously employed through the end of 2019, he will become vested, as soon as practicable following December 31, 2019, in a number of performance share units equal to the target number awarded multiplied by the TSR performance factor, and vested performance share units will be settled by the issuance of Company common stock. In addition, a named executive officer will be considered to have remained continuously employed if, from the date of the executive's retirement through the end of 2019, the executive either performed consulting services for us or refrained from working for one of our

competitors or in a similar role for another company (however, directorships at non-competitors would be permitted). The performance share units would remain subject to the applicable performance-based vesting requirements described above during such period.

Accelerated vesting provisions applicable to these awards in the event of certain terminations of employment and/or a change in control are described in detail below under “Executive Compensation—Potential Payments Upon Termination or Change in Control—Stock Incentive Plan.” During the overall performance period for which the performance share units are outstanding, the Company accrues any cash dividends paid by the Company to holders of common stock in an amount equal to the cash dividends paid with respect to a share of common stock times the target number of performance share units awarded. At the time the performance share units are settled, the named executive officers would also receive a cash payment equal to the product of the amount of cash dividends accrued with respect to a share of common stock times the TSR performance factor.

Retention Awards and Special Incentive Award. In support of the Company’s succession planning and management development goals, on January 20, 2017, the Compensation Committee also awarded special retention awards to certain executive officers. The special retention awards were granted in the form of restricted stock units that vest 30%, 30% and 40% on the fourth, fifth and sixth anniversaries, respectively, of the date of grant of the awards, subject to continued employment. The following executive officers were granted restricted stock units as special retention awards under the Stock Incentive Plan in the following amounts: (i) 50,000 restricted stock units to Mr. Meloy, (ii) 45,000 restricted stock units to Mr. McDonie, (iii) 60,000 restricted stock units to Mr. Muraro (prior to his appointment as an executive officer) and (iv) 45,000 restricted stock units to Mr. Pryor. On July 23, 2017, the Compensation Committee also awarded a special incentive award to Mr. Muraro based on his contributions and performance under a special project incentive program that was established prior to his appointment as an executive officer. The special incentive award to Mr. Muraro was in the form of 25,000 restricted stock units that vest in full on the third anniversary of the grant date, subject to his continued service or if, from the date of his retirement through the third anniversary of the grant date, he has either performed consulting services for us or refrained from working for one of our competitors or in a similar role for another company (however, directorships at non-competitors are permitted).

Severance and Change in Control Benefits

The Executive Officer Change in Control Program (the “Change in Control Program”), in which each of our named executive officers is eligible to participate, provides for post-termination payments following a qualifying termination of employment in connection with a change in control event, or what is commonly referred to as a “double trigger” benefit. The vesting of certain of our long-term equity incentive compensation awards accelerates upon a change in control irrespective of whether the officer is terminated, and/or upon certain termination of employment events, such as death, disability or a termination by us without cause. Please see “Executive Compensation—Potential Payments Upon Termination or Change in Control” below for further information.

We believe that the Change in Control Program and the accelerated vesting provisions of our long-term equity incentive awards are important retention tools for us and are consistent with practices common among our industry peers. Accelerated vesting of long-term equity incentive awards upon a change in control enables our named executive officers to realize value from these awards consistent with value created for investors upon the closing of a transaction. In addition, we believe that post-termination benefits may, in part, mitigate some of the potential uncertainty created by a potential or actual change in control transaction, including with respect to the future employment of the named executive officers, thus allowing management to focus on the business transaction at hand.

Retirement, Health and Welfare, and Other Benefits

We offer eligible employees participation in a section 401(k) tax-qualified, defined contribution plan (the “401(k) Plan”) to enable employees to save for retirement through a tax-advantaged combination of employee

and company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. Our employees, including our named executive officers, are eligible to participate in our 401(k) Plan and may elect to defer up to 30% of their eligible compensation on a pre-tax basis (or on a post-tax basis via a Roth contribution) and have it contributed to the 401(k) Plan, subject to certain limitations under the Internal Revenue Code of 1986, as amended (the "Code"). In addition, we make the following contributions to the 401(k) Plan for the benefit of our employees, including our named executive officers: (i) 3% of the employee's eligible compensation, and (ii) an amount equal to the employee's contributions to the 401(k) Plan up to 5% of the employee's eligible compensation. In addition, we may also make discretionary contributions to the 401(k) Plan for the benefit of employees depending on our performance. Company contributions to the 401(k) Plan may be subject to certain limitations under the Code for certain employees. We do not maintain a defined benefit pension plan or a nonqualified deferred compensation plan for our named executive officers or other employees.

All full-time employees, including our named executive officers, may participate in our health and welfare benefit programs, including medical, life insurance, dental coverage and disability insurance. It is the Compensation Committee's policy not to pay for perquisites for any of our named executive officers, other than minimal parking subsidies.

Changes for 2018

In consultation with the Compensation Consultant, the Compensation Committee has reviewed our executive compensation program and has made certain changes for 2018, which are described in more detail below. The analysis provided by the Compensation Consultant indicated that the total target direct compensation of our Chief Executive Officer and our other named executive officers, who are being promoted to new positions and will assume additional responsibilities effective March 1, 2018, was below the total direct compensation levels of similarly situated executives at companies in our Peer Group, considering for example, the Peer Group pay programs adjusted for size using a regression analysis along with other available surveys and analysis.

In order to align the total compensation of our named executive officers more closely with that of similarly situated officers the Compensation Committee has approved increases in the salary levels and the incentive-based compensation opportunities of the named executive officers as described below.

2018 Peer Group

In light of significant changes to companies in the overall industries in which we operate and compete for executive talent and based upon the recommendation of our Compensation Consultant, during our annual reconsideration of the Peer Group, we made certain changes to the 2017 Peer Group used for compensation comparison purposes to create the 2018 Peer Group. We believe the 2018 Peer Group provides a more relevant and complete set of peers based on changes in the current circumstances of the included companies, including such companies' size, organization, operations, market presence, business challenges and completed or announced corporate transactions.

Specifically, we removed the peer companies listed in the following table that were previously included in the 2017 Peer Group:

Midstream

Crestwood Equity Partners, L.P.
Holly Energy Partners, L.P.
SemGroup Corporation
Summit Midstream Partners, L.P.
Spectra Energy Corp.

E&P

Denbury Resource Inc.
Energen Corp.

Utilities

AGL Resources, Inc.
Questar Corporation

In addition, we added the peer companies listed in the following table to the 2018 Peer Group:

<u>Midstream</u>	<u>E&P</u>	<u>Utilities</u>
Tesoro Corporation	Chesapeake Energy Corporation Hess Corporation Marathon Oil Corporation	MDU Resources Group, Inc. Public Service Enterprise Group Inc. SCANA Corporation

As a result of the above changes, the 2018 Peer Group companies (for purposes of determining 2018 compensation levels) are:

- Midstream Companies: Boardwalk Pipeline Partners, L.P., Buckeye Partners, L.P., , DCP Midstream Partners, L.P., Enable Midstream Partners, L.P., L.P., Energy Transfer Equity, L.P., EnLink Midstream Partners, L.P., Enterprise Products Partners L.P., Genesis Energy, L.P., Kinder Morgan, Inc., Magellan Midstream Partners, L.P., NuStar Energy L.P., ONEOK, Inc., Plains GP Holdings, L.P., Tallgrass Energy Partners, L.P., Tesoro Corporation and Williams Companies, Inc.
- E&P peer companies: Apache Corporation, Cabot Oil & Gas Corporation, Chesapeake Energy Corporation, Cimarex Energy Company, Concho Resources, Inc., Continental Resources, Inc., Devon Energy Corporation, Diamondback Energy, Inc., EOG Resources, Inc., Hess Corporation, Marathon Oil Corporation, Murphy Oil Corporation, Newfield Exploration Company, Noble Energy, Inc., Parsley Energy, Inc., Pioneer Natural Resources Company, QEP Resources, Inc., Range Resources Corporation, RSP Permian, Inc., SM Energy Company, Southwestern Energy Company and WPX Energy, Inc.
- Utility peer companies: Ameren Corporation, Atmos Energy Corporation, CenterPoint Energy, Inc., Dominion Resources, Inc., DTE Energy Company, Enbridge Inc., Entergy Corporation, EQT Corporation, National Fuel Gas Company, NiSource Inc., MDU Resources Group, Inc., Public Service Enterprise Group Inc., SCANA Corporation, Sempra Energy, TransCanada Corporation and Xcel Energy Inc.

Base Salary

The Compensation Committee has authorized, and executive management will implement, the following base salaries for our named executive officers effective March 1, 2018:

	Effective March 1, 2018	Current Salary
Joe Bob Perkins	\$ 850,000	\$ 750,000
Matthew J. Meloy	525,000	475,000
Patrick J. McDonie	475,000	425,000
Robert M. Muraro	450,000	350,000
D. Scott Pryor	475,000	425,000

The Compensation Committee authorized base salary increases for the named executive officers, along with certain adjustments in annual bonus incentive targets and grant date fair values of long-term equity incentive awards (as described below), in order to align the total direct compensation of these individuals more closely with the total direct compensation provided to similarly situated executives, and in the case of Messrs. Meloy, McDonie, Muraro and Pryor, to reflect their promotions and the assumption of additional responsibilities.

Annual Incentive Bonus

In preparing our business plan for 2018, senior management developed and proposed a set of business priorities to the Compensation Committee. The Compensation Committee discussed and adopted the business priorities proposed by senior management for purposes of the 2018 Annual Incentive Compensation Plan (the

“2018 Bonus Plan”). The 2018 business priorities are the same eight business priorities as in effect for 2017, except that the priority related to execution on major capital and development projects has been modified to add staffing for the new facilities.

The overall threshold, target and maximum funding percentages for the 2018 Bonus Plan remain the same as for the 2017 Bonus Plan. The target bonus percentages of the named executive officers have been increased for 2018. The following table shows the target bonus percentages for our named executive officers effective March 1, 2018:

	Effective March 1, 2018	Current Percentage
Joe Bob Perkins	200%	190%
Matthew J. Meloy	125%	110%
Patrick J. McDonie	100%	65%
Robert M. Muraro	100%	60%
D. Scott Pryor	100%	65%

As with the 2017 Bonus Plan, funding of the bonus pool and the payment of individual bonuses to executive management, including our named executive officers, is subject to the sole discretion of the Compensation Committee.

Long-Term Equity Incentive Awards

The Compensation Committee also approved increases in the percentage of base salary used to determine the total dollar value of the annual long-term equity incentive awards granted to the named executive officers. The following table shows the new percentages approved for long-term incentive awards for our named executive officers effective for 2018:

	2018 Percentage	Current Percentage
Joe Bob Perkins	550%	400%
Matthew J. Meloy	500%	250%
Patrick J. McDonie	250%	190%
Robert M. Muraro	250%	160%
D. Scott Pryor	250%	190%

For 2018, the Compensation Committee determined to grant a combination of restricted stock units and performance share units to our named executive officers under the Stock Incentive Plan. Specifically, for 2018, the value of the long-term equity incentive component of our named executive officers' compensation was allocated approximately (A) 50% to restricted stock units and (B) 50% to performance share units.

Restricted Stock Unit Awards. On January 17, 2018, our named executive officers were awarded equity-settled restricted stock units under the Stock Incentive Plan in the following amounts: (i) 46,987 restricted stock units to Mr. Perkins, (ii) 26,383 restricted stock units to Mr. Meloy, (iii) 11,935 restricted stock units to Mr. McDonie, (iv) 11,307 restricted stock units to Mr. Muraro and (v) 11,935 restricted stock units to Mr. Pryor. The number of shares subject to each award is determined by dividing the total dollar value allocated to the award by the ten-day average closing price of the shares measured over a period prior to the date of grant. These restricted stock units vest in full on the third anniversary of the grant date, subject to the officer's continued service or fulfillment of certain service related requirements following retirement.

Equity-Settled Performance Share Units. Our named executive officers also received an annual award of equity-settled performance share units under the Stock Incentive Plan for 2018. On January 17, 2018, our named executive officers were awarded equity-settled performance share units under the Stock Incentive Plan in the

following target amounts: (i) 46,987 performance share units to Mr. Perkins, (ii) 26,383 performance share units to Mr. Meloy, (iii) 11,935 performance share units to Mr. McDonie, (iv) 11,307 performance share units to Mr. Muraro and (v) 11,935 performance share units to Mr. Pryor. The number of shares subject to each award is determined by dividing the total dollar value allocated to the award by the ten-day average closing price of the shares measured over a period prior to the date of grant. The performance share units, which are designed to settle in shares of Company common stock, are intended to further align the interests of the named executive officers and other executive officers with those of the Company's shareholders and provide meaningful incentives to the management team to consistently increase shareholder value over the long term. Please see "—Components of Executive Compensation Program for Fiscal 2017—Long-Term Equity Incentive Awards—Equity-Settled Performance Share Units."

The vesting of these awards is dependent on the satisfaction of certain service-related conditions and the Company's TSR relative to the TSR of the members of the LTIP Peer Group measured over designated periods. For the 2018 performance share units, the LTIP Peer Group is composed of the Company and the following other companies:

Boardwalk Pipeline Partners L.P.	NuStar Energy, L.P.
Buckeye Partners, L.P.	ONEOK, Inc.
DCP Midstream Partners L.P.	Plains GP Holdings, L.P.
Enable Midstream Partners L.P.	Tallgrass Energy Partners, L.P.
EnLink Midstream Partners L.P.	Williams Companies, Inc.
Genesis Energy, L.P.	

This peer group is a subset of the Midstream Peer Group which has been adjusted for size by a regression analysis, except that the LTIP Peer Group is restricted to companies closer to the size of the Company for the purpose of the TSR comparison. The Compensation Committee has the ability to modify the LTIP Peer Group in the event a company listed above ceases to be publicly traded or another significant event occurs and a company is determined to no longer be one of the Company's peers.

Performance / Retention Awards. In recognition of past performance and to enhance retention, on January 12, 2018, the Compensation Committee also awarded a special grant to Mr. Perkins. The special performance / retention award was granted in the form of restricted stock units that vest 50% on December 31, 2018 and 50% on December 31, 2019, subject to his continued employment through the applicable vesting date. Mr. Perkins is the only named executive officer who received a special performance / retention award, and he received 80,000 restricted stock units.

Other Compensation Matters

Accounting Considerations. We account for the equity compensation expense for our employees, including our named executive officers, under the rules of Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 718, which requires us to estimate and record an expense for each award of long-term equity incentive compensation over the vesting period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

Clawback Policy. To date, we have not adopted a formal clawback policy to recoup incentive-based compensation upon the occurrence of a financial restatement, misconduct, or other specified events. However, awards granted pursuant to the Stock Incentive Plan are subject to any written clawback policies that the Company may choose to adopt. Furthermore, restricted stock, restricted stock unit and performance share unit agreements covering grants made to our named executive officers and other employees in 2011 and later years, as applicable, include language providing that any compensation, payments or benefits provided under such an award (including profits realized from the sale of earned shares) are subject to clawback to the extent required by applicable law. The Stock Incentive Plan provides that awards granted thereunder are subject to any written clawback policies that the Company may adopt.

Securities Trading Policy . All of our officers, employees and directors are subject to our Insider Trading Policy, which, among other things, prohibits officers, employees and directors from engaging in certain short-term or speculative transactions involving our securities. Specifically, the policy provides that officers, employees and directors may not engage in the following transactions: (i) the purchase of our common stock on margin, (ii) short sales of our common stock, or (iii) the purchase or sale of options of any kind, whether puts or calls, or other derivative securities, relating to our common stock.

Stock Ownership Guidelines. In May 2017, our Compensation Committee adopted Stock Ownership Guidelines for our independent directors and officers. We believe that our Stock Ownership Guidelines align the interests of our named executive officers and independent directors with the interests of our stockholders. The guidelines provide that our Chief Executive Officer should own common stock of the Company having a market value of five times base salary, the other named executive officers should own common stock of the Company having a market value of three times their respective base salaries, and our independent directors should own common stock of the Company having a market value of five times their respective annual cash retainers. The guidelines were established with advice from the Compensation Consultant.

The CEO and executive officers have five years from the adoption of the Stock Ownership Guidelines to meet the applicable ownership levels (or with respect to new executive officers, from such later date as they are appointed an executive officer). The directors have five years from the adoption of the guidelines to meet the applicable ownership levels (or with respect to new directors, from such later date as they are elected a director). Stock owned directly by an officer or independent director as well as unvested restricted stock units will count for purposes of determining stock ownership levels.

Tax Considerations . With respect to the 2017 year, Section 162(m) of the Internal Revenue Code (“Section 162(m)”) generally limited the deductibility by a corporation of compensation in excess of \$1,000,000 paid to certain executive officers for services provided to that corporation. Due to the fact that our applicable executive officers provide services to both us and to certain non-corporate subsidiaries, we have historically designed incentive awards that are not subject to the deduction limitations of Section 162(m).

Compensation Risk Assessment

The Compensation Committee reviews the relationship between our risk management policies and compensation policies and practices each year and, for 2017, has concluded that we do not have any compensation policies or practices that expose us to excessive or unnecessary risks that are reasonably likely to have a material adverse effect on us. Because our Compensation Committee retains the sole discretion for determining the actual amount paid to executives pursuant to our annual incentive bonus program, our Compensation Committee is able to assess the actual behavior of our executives as it relates to risk-taking in awarding bonus amounts. In addition, the performance objectives applicable to our annual bonus program consist of a combination of six or more diverse company-wide and business unit goals, including commercial, operational and financial goals to support our business plan and priorities, which we believe lessens the potential incentive to focus on meeting certain short-term goals at the expense of longer-term risk. Further, our use of long-term equity incentive compensation for 2017 with three-year vesting periods serves our executive compensation program’s goal of aligning the interests of executives and shareholders, thereby reducing the incentives to unnecessary risk-taking.

COMPENSATION COMMITTEE REPORT

Messrs. Davis, Crisp and Evans are the current members of our Compensation Committee. In fulfilling its oversight responsibilities, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in our Annual Report on Form 10-K for the year ended December 31, 2017 and in our proxy statement. Based on these reviews and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for the year ended December 31, 2017 and in our proxy statement for filing with the SEC.

The information contained in this report shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act.

- (1) For 2017, amounts reported in the “Bonus” column represents the portion of the bonus awarded pursuant to our 2017 Bonus Plan that was paid to the named executive officers in cash. The Compensation Committee approved settlement of the 2017 bonuses in a combination of cash and restricted stock unit awards. Specifically, the Compensation Committee determined that 100% of our Chief Executive Officer’s total bonus would be settled in the form of restricted stock unit awards, resulting in the Chief Executive Officer receiving restricted stock unit awards corresponding to approximately 160% of his target bonus amounts under the 2017 Bonus Plan. The Compensation Committee also determined that approximately 50% of each other named executive officer’s total bonus amount would be settled in the form of restricted stock unit awards, resulting in these officers receiving restricted stock unit awards corresponding to approximately 80% of their respective target bonus amounts under the 2017 Bonus Plan. These restricted stock unit awards will vest in full three years after the date of award, subject to continued employment of the officers through that date. These awards were granted on January 17, 2018, and will therefore be reported as compensation in the Summary Compensation Table for 2018 in accordance with SEC rules. Please see “Compensation Discussion and Analysis—Components of Executive Compensation Program for Fiscal 2017—Annual Incentive Bonus.” As discussed above, payments pursuant to our Bonus Plan are discretionary and not based on specific objective performance measures.
- (2) Amounts reported in the “Stock Awards” column represent the aggregate grant date fair value of restricted stock unit and performance share unit awards granted under our Stock Incentive Plan in 2017 (including restricted stock unit awards granted on February 28, 2017 in connection with the 50% portion of bonuses under the 2016 Bonus Plan that we granted in the form of restricted stock units) computed in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in Note 25—Compensation Plans to our “Consolidated Financial Statements” included in our Annual Report on Form 10-K for fiscal year 2017. Detailed information about the value attributable to specific awards is reported in the table under “—Grants of Plan-Based Awards for 2017” below. The grant date fair value of

each restricted stock unit subject to the restricted stock unit awards granted on January 20, 2017, assuming vesting will occur, is \$60.475. The grant date fair value of each performance share unit subject to the performance share unit awards granted on January 20, 2017, assuming vesting will occur, is \$99.71, which is the per unit fair value determined using a Monte Carlo Simulation valuation methodology in accordance with FASB ASC Topic 718. Assuming, instead, a payout percentage for these performance unit awards of 250%, which is the maximum payout percentage under the awards, the aggregate grant date fair value of the equity-settled performance unit awards granted on January 20, 2017 for each named executive officer is as follows: Mr. Perkins—\$3,891,869; Mr. Meloy—\$1,540,601; Mr. McDonie—\$1,407,578; Mr. Muraro—\$1,133,906; and Mr. Pryor—\$1,047,578. The grant date fair value of each restricted stock unit subject to the restricted stock unit awards granted on February 28, 2017, assuming vesting will occur, is \$55.94. The grant date fair value of each restricted stock unit subject to the restricted stock unit awards granted on July 23, 2017, assuming vesting will occur, is \$46.145. For 2016, the Compensation Committee provided that bonuses to our named executive officers under the 2016 Bonus Plan would be a combination of cash equal to 50% of each officer’s total bonus amount and restricted stock unit awards equal to each officer’s total bonus amount under the 2016 Bonus Plan. These restricted stock unit awards will vest in full three years after the date of award, subject to continued employment of the officers through that date. Because these awards were granted on February 28, 2017, they are reported as compensation in the Summary Compensation Table for 2017 in accordance with SEC rules.

- (3) In support of the Company’s succession planning and management development goals, on January 20, 2017, the Compensation Committee also awarded special retention awards to certain executive officers. The special retention awards were granted in the form of restricted stock units that vest 30%, 30% and 40% on the fourth, fifth and sixth anniversaries, respectively, of the date of grant of the awards, subject to continued employment. The following executive officers were granted restricted stock units as special retention awards under the Stock Incentive Plan in the following amounts: (i) 50,000 restricted stock units to Mr. Meloy, (ii) 45,000 restricted stock units to Mr. McDonie, (iii) 60,000 restricted stock units to Mr. Muraro and (iv) 45,000 restricted stock units to Mr. Pryor. On July 23, 2017, Mr. Muraro was granted a special incentive award consisting of 25,000 restricted stock units under the Stock Incentive Plan that vest in full on the third anniversary of the grant date, subject to his continued service or if, from the date of his retirement through the third anniversary of the grant date, he has either performed consulting services for us or refrained from working for one of our competitors or in a similar role for another company (however, directorships at non-competitors are permitted).
- (4) For 2017, “All Other Compensation” includes (i) the aggregate value of all employer-provided contributions to our 401(k) plan and (ii) the dollar value of life insurance premiums paid by the Company with respect to life insurance for the benefit of each named executive officer.

<u>Name</u>	<u>401(k) and Profit Sharing Plan</u>	<u>Dollar Value of Life Insurance Premiums</u>	<u>Total</u>
Joe Bob Perkins	\$ 21,600	\$ 1,584	\$23,184
Matthew J. Meloy	21,600	1,214	22,814
Patrick J. McDonie	21,600	1,085	22,685
Robert M. Muraro	21,600	634	22,234
D. Scott Pryor	21,600	1,030	22,630

Vesting of these awards is contingent upon continuous employment or the satisfaction of certain other service-related conditions upon the executive's retirement, in either case, through the end of the performance period, which ends December 31, 2019, and the Company's performance over the applicable performance period measured against a peer group of companies. (4) The dollar amounts shown are determined by multiplying the number of shares of performance share units reported in the table by the closing price of a share of our common stock on December 29, 2017 (\$48.42), which was the last trading day of fiscal 2017. The amounts do not include any related dividends accrued with respect to the awards.

Potential Payments Upon Termination or Change in Control

Aggregate Payments

The table below reflects the aggregate amount of payments and benefits that we believe our named executive officers would have received under the Change in Control Program, Stock Incentive Plan and Equity Compensation Plan upon certain specified termination of employment and/or a change in control events, in each case, had such event occurred on December 31, 2017. Details regarding individual plans and arrangements follow the table. The amounts below constitute estimates of the amounts that would be paid to our named executive officers upon each designated event, and do not include any amounts accrued through fiscal 2017 year-end that would be paid in the normal course of continued employment, such as accrued but unpaid salary and benefits generally available to all salaried employees. The actual amounts to be paid are dependent on various factors, which may or may not exist at the time a named executive officer is actually terminated and/or a change in control actually occurs. Therefore, such amounts and disclosures should be considered “forward-looking statements.”

Executive Officer Change in Control Severance Program

We adopted the Change in Control Program on and effective as of January 12, 2012. Each of our named executive officers was an eligible participant in the Change in Control Program during the 2017 calendar year.

The Change in Control Program is administered by our Senior Vice President—Human Resources. The Change in Control Program provides that if, in connection with or within 18 months after a “Change in Control,” a participant suffers a “Qualifying Termination,” then the individual will receive a severance payment, paid in a single lump sum cash payment within 60 days following the date of termination, equal to three times (i) the participant’s annual salary as of the date of the Change in Control or the date of termination, whichever is greater, and (ii) the amount of the participant’s annual salary multiplied by the participant’s most recent “target” bonus percentage specified by the Compensation Committee prior to the Change in Control. In addition, the participant (and his eligible dependents, as applicable) will receive the continuation of their medical and dental benefits until the earlier to occur of (a) three years from the date of termination, or (b) the date the participant becomes eligible for coverage under another employer’s plan.

For purposes of the Change in Control Program, the following terms will generally have the meanings set forth below:

Cause means discharge of the participant by us on the following grounds: (i) the participant's gross negligence or willful misconduct in the performance of his duties, (ii) the participant's conviction of a felony or other crime involving moral turpitude, (iii) the participant's willful refusal, after 15 days' written notice, to perform his material lawful duties or responsibilities, (iv) the participant's willful and material breach of any corporate policy or code of conduct, or (v) the participant's willfully engaging in conduct that is known or should be known to be materially injurious to us or our subsidiaries.

Change in Control means any of the following events: (i) any person (other than the Partnership) becomes the beneficial owner of more than 20% of the voting interest in us or in the General Partner, (ii) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all of the assets of the Company or the General Partner (other than to the Partnership or its affiliates), (iii) a transaction resulting in a person other than Targa Resources GP LLC or an affiliate being the General Partner of the Partnership, (iv) the consummation of any merger, consolidation or reorganization involving us or the General Partner in which less than 51% of the total voting power of outstanding stock of the surviving or resulting entity is beneficially owned by the stockholders of the Company or the General Partner, immediately prior to the consummation of the transaction, or (v) a majority of the members of the Board of Directors or the board of directors of the General Partner is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the applicable Board of Directors before the date of the appointment or election.

Good Reason means: (i) a material reduction in the participant's authority, duties or responsibilities, (ii) a material reduction in the participant's base compensation, or (iii) a material change in the geographical location at which the participant must perform services. The individual must provide notice to us of the alleged Good Reason event within 90 days of its occurrence and we have the opportunity to remedy the alleged Good Reason event within 30 days from receipt of the notice of such allegation.

Qualifying Termination means (i) an involuntary termination of the individual's employment by us without Cause or (ii) a voluntary resignation of the individual's employment for Good Reason.

All payments due under the Change in Control Program will be conditioned on the execution and non-revocation of a release for our benefit and the benefit of our related entities and agents. The Change in Control Program will supersede any other severance program for eligible participants in the event of a Change in Control, but will not affect accelerated vesting of any equity awards under the terms of the plans governing such awards.

On December 3, 2015, the Company amended the Change in Control Program to exclude the direct or indirect purchase of the Partnership or the General Partner by the Company or any of its affiliates from the definition of "Change in Control." As a result, the consummation of the Buy-In Transaction did not constitute a Change in Control event for purposes of the Change in Control Program.

If amounts payable to a named executive officer under the Change in Control Program, together with any other amounts that are payable by us as a result of a Change in Control (collectively, the "Payments"), exceed the amount allowed under section 280G of the Code for such individual, thereby subjecting the individual to an excise tax under section 4999 of the Code, then, depending on which method produces the largest net after-tax benefit for the recipient, the Payments shall either be: (i) reduced to the level at which no excise tax applies or (ii) paid in full, which would subject the individual to the excise tax.

The following table reflects payments that would have been made to each of the named executive officers under the Change in Control Program in the event there was a Change in Control and the officer incurred a Qualifying Termination, in each case as of December 31, 2017.

Name	Qualifying Termination Following Change in Control (1)
Joe Bob Perkins	\$ 6,566,275
Matthew J. Meloy	3,034,909
Patrick J. McDonie	2,162,498
Robert M. Muraro	1,734,883
D. Scott Pryor	2,158,633

- (1) Includes 3 years' worth of continued participation in our medical and dental plans, calculated based on the monthly employer-paid portion of the premiums for our medical and dental plans as of December 31, 2017 for each named executive officer and his eligible dependents in the following amounts: (a) Mr. Perkins—\$41,275, (b) Mr. Meloy—\$42,409, (c) Mr. McDonie—\$58,748, (d) Mr. Muraro—\$54,883, and (e) Mr. Pryor—\$54,883.

Stock Incentive Plan

Our named executive officers held outstanding restricted stock awards and restricted stock units under our forms of restricted stock agreement and restricted stock unit agreement, as applicable (the "Stock Agreements"), and performance share units under our form of performance share unit agreement (the "Performance Agreement") and the Stock Incentive Plan as of December 31, 2017. If a "Change in Control" occurs and the named executive officer has (i) remained continuously employed by us from the date of grant to the date upon which such Change in Control occurs or (ii) retired following the date of grant and either performed consulting services for us or refrained from working for one of our competitors or in a similar role for another company (however, directorships at non-competitors are permitted), through the date of the Change in Control, then, in either case, (a) the restricted stock and restricted stock units granted to him under the Stock Agreements, and related dividends then credited to him, will fully vest on the date upon which such Change in Control occurs, and (b) the performance share units granted to him under the Performance Agreement and related dividends credited to him will vest based on a performance factor as of the date of the Change in Control determined by the Compensation Committee. The 2017 performance share units have four separate performance periods: (1) the 2017 calendar year, (2) the 2018 calendar year, (3) the 2019 calendar year, and (4) the entirety of the performance period between January 1, 2017 and December 31, 2019. Upon a Change in Control transaction, the Compensation Committee will take into account the average of the performance level achieved for each of the four performance periods, using the actual performance level achieved with respect to any completed period, and a deemed performance percentage of 100% for any performance period that has not been completed. The average percentage may then be decreased or increased by the Compensation Committee in its discretion.

Restricted stock, restricted stock units and performance share units granted to a named executive officer under the Stock Agreements and Performance Agreements, and related dividends then credited to him, will also fully vest if the named executive officer's employment is terminated by reason of death or a "Disability" (as defined below). If a named executive officer's employment with us is terminated for any reason other than death or Disability, then his unvested restricted stock, restricted stock units and performance share units are forfeited to us for no consideration, except that (other than with respect to retention grants for Messrs. Meloy, McDonie, Muraro and Pryor), if a named executive officer retires or otherwise has a voluntary resignation, his awards will continue to vest on the original vesting schedule if, from the date of his retirement or termination through the applicable vesting date, the named executive officer has either performed consulting services for us or refrained from working for one of our competitors or in a similar role for another company (however, directorships at non-competitors are permitted).

The following terms generally have the following meanings for purposes of the Stock Incentive Plan and Stock Agreements:

Affiliate means an entity or organization which, directly or indirectly, controls, is controlled by, or is under common control with, us.

Change in Control means the occurrence of one of the following events: (i) any person or group acquires or gains ownership or control (including, without limitation, the power to vote), by way of merger, consolidation, recapitalization, reorganization or otherwise, of more than 50% of the outstanding shares of our voting stock or more than 50% of the combined voting power of the equity interests in the Partnership or the General Partner, (ii) any person, including a group as contemplated by section 13(d)(3) of the Exchange Act, acquires in any twelve-month period (in one transaction or a series of related transactions) ownership, directly or indirectly, of 30% or more of the outstanding shares of our voting stock or of the combined voting power of the equity interests in the Partnership or the General Partner, (iii) the completion of a liquidation or dissolution of us or the approval by the limited partners of the Partnership, in one or a series of transactions, of a plan of complete liquidation of the Partnership, (iv) the sale or other disposition by us of all or substantially all of our assets in one or more transactions to any person other than an Affiliate, (v) the sale or disposition by either the Partnership or the General Partner of all or substantially all of its assets in one or more transactions to any person other than an Affiliate, (vi) a transaction resulting in a person other than Targa Resources GP LLC or an Affiliate being the General Partner of the Partnership, or (vii) as a result of or in connection with a contested election of directors, the persons who were our directors before such election shall cease to constitute a majority of our Board of Directors.

Disability means a disability that entitles the named executive officer to disability benefits under our long-term disability plan.

The Buy-In Transaction did not trigger the accelerated vesting of any of our outstanding long-term equity incentive compensation awards under the Stock Incentive Plan.

The following table reflects amounts that would have been received by each of the named executive officers under the Stock Incentive Plan and related Stock Agreements and Performance Agreements in the event there was a Change in Control or their employment was terminated due to death or Disability, each as of December 31, 2017. The amounts reported below assume that the price per share of our common stock was \$48.42, which was the closing price per share of our common stock on December 29, 2017 (the last trading day of fiscal 2017). No amounts are reported assuming retirement as of December 31, 2017, since additional conditions must be met following a named executive officer's retirement in order for any restricted stock awards or restricted stock units to become vested.

Equity Compensation Plan

The Buy-In Transaction did not trigger the accelerated vesting of any outstanding long-term equity incentive compensation awards under the Equity Compensation Plan (formerly, the Partnership’s Long-Term Incentive Plan). Upon completion of the Buy-In Transaction, all outstanding performance unit awards previously granted under the Partnership’s Long-Term Incentive Plan (which was assumed by the Company in connection with the Buy-In Transaction and renamed the Equity Compensation Plan), were converted and restated into comparable awards based on the Company’s common shares. Specifically, each outstanding performance unit award was converted and restated, effective as of the effective time of the Buy-In Transaction, into an award to acquire, pursuant to the same time-based vesting schedule and forfeiture and termination provisions, a comparable number of Company common shares determined by multiplying the number of performance units subject to each award by the exchange ratio in the Buy-In Transaction (0.62), rounded down to the nearest whole share, and eliminating the performance factor that was based on the Partnership’s common units. All amounts previously credited as distribution equivalent rights under any outstanding performance unit award continue to remain so credited and will be payable on the payment date set forth in the applicable award agreement, subject to the same time-based vesting schedule previously included in the performance unit award, but without application of any performance factor.

As a result, each of our named executive officers held outstanding restricted stock units under our Equity Compensation Plan (which were formerly outstanding performance unit awards previously granted under the Partnership’s Long Term Incentive Plan and converted into comparable awards related to Company stock in connection with the Buy-In Transaction) under the Company’s form of agreement (the “Share Grant Agreement”) and the Equity Compensation Plan as of December 31, 2017.

If a “Change in Control” occurs and the named executive officer has (i) remained continuously employed by us from the date of grant to the date upon which such Change in Control occurs or (ii) retired following the date of grant and either performed consulting services for us or refrained from working for one of our competitors or

in a similar role for another company (however, directorships at non-competitors are permitted), through the date of the Change in Control, then, in either case, the restricted stock units subject to the Share Grant Agreements, and related dividends or distributions then credited to him, will fully vest on the date upon which such Change in Control occurs.

Generally, restricted stock units and the related dividend or distribution equivalent rights subject to a Share Grant Agreement would be automatically forfeited without payment upon the termination of the named executive officer's employment with us and our affiliates. However, if a named executive officer's employment was terminated by reason of his death or "Disability" (as defined below) or was terminated by us other than for "Cause" (as defined below), or if the executive retired and he either performed consulting services for us or refrained from working for one of our competitors or in a similar role for another company (however, directorships at non-competitors are permitted), through the end of the vesting period, he would become vested in the restricted stock units that he is otherwise qualified to receive as if the named executive officer had remained continuously employed through the end of the performance period. The named executive officer will also receive a cash payment in the amount of the dividend or distribution equivalent rights that would have accrued through the end of the vesting period.

The following terms generally have the meanings specified below for purposes of the Equity Compensation Plan:

Change in Control means (i) any person or group, other than an affiliate, becomes the beneficial owner, by way of merger, consolidation, recapitalization, reorganization or otherwise, of 50% or more of the combined voting power of the equity interests in the Company, (ii) the stockholders of the Company approve a plan of complete liquidation of the Company or (iii) the sale or other disposition by the Company of all or substantially all of its assets in one or more transactions to any person other than one of the Company's affiliates.

Cause means (i) failure to perform assigned duties and responsibilities, (ii) engaging in conduct which is injurious (monetarily or otherwise) to us or our affiliates, (iii) breach of any corporate policy or code of conduct established by us or our affiliates, or breach of any agreement between the named executive officer and us or our affiliates, or (iv) conviction of a misdemeanor involving moral turpitude or a felony. If the named executive officer is a party to an agreement with us or our affiliates in which this term is defined, then that definition will apply for purposes of the Equity Compensation Plan and the Share Grant Agreement.

Disability means a disability that entitles the named executive officer to disability benefits under our long-term disability plan.

The following table reflects amounts that would have been received by each of the named executive officers under the Equity Compensation Plan and related Stock Grant Agreements in the event there was a Change in Control or their employment was terminated due to death or Disability or by us without Cause, each as of December 31, 2017. No amounts are reported assuming retirement as of December 31, 2017, since additional conditions must be met following a named executive officer's retirement in order for any performance share awards to become vested. The amounts reported below assume that the price per share of the Company's stock was \$48.42, which was the closing price per share of stock on December 29, 2017 (the last trading day of fiscal 2017).

- (1) Amounts reported in the “Stock Awards” column represent the aggregate grant date fair value of fully vested shares of our common stock awarded to the non-employee directors under our Stock Incentive Plan, computed in accordance with FASB ASC Topic 718. For a discussion of the assumptions and methodologies used to value the awards reported in this column, see the discussion contained in the Notes to Consolidated Financial Statements at Note 23—Stock and Other Compensation Plans included in our Annual Report on Form 10-K for the year ended December 31, 2017. On January 20, 2017, each director serving at that time received 1,974 fully vested shares of our common stock in connection with their 2017 service on our Board of Directors, and the grant date fair value of each share of common stock computed in accordance with FASB ASC Topic 718 was \$60.475. As of December 31, 2017, none of our non-employee directors held any outstanding stock options or any outstanding, unvested shares of our common stock.

Narrative to Director Compensation Table

For 2017, all non-employee directors received an annual cash retainer of \$76,000. The lead director received an additional annual retainer of \$15,000, the Chairman of the Audit Committee received an additional annual retainer of \$20,000, the Chairman of the Compensation Committee received an additional annual retainer of \$15,000 and the Chairman of the Nominating and Governance Committee received an additional retainer of \$10,000. All of our non-employee directors receive \$1,500 for each Board of Directors, Audit Committee, Compensation Committee and Nominating and Governance Committee meeting attended. Meeting fees may also

be paid for certain other informational or review sessions that non-employee directors attended. Payment of non-employee director fees is generally made twice annually, at the second regularly scheduled meeting of the Board of Directors and at the final regularly scheduled meeting of the Board of Directors for the fiscal year. All non-employee directors are reimbursed for out-of-pocket expenses incurred in attending Board of Director and committee meetings.

A director who is also an employee receives no additional compensation for services as a director. Accordingly, Messrs. Whalen, Perkins and Heim have been omitted from the table. Because Mr. Perkins is a named executive officer for 2017, the Summary Compensation Table reflects the total compensation he received for services performed for us and our affiliates. Mr. Whalen, who serves as Executive Chairman of the Board, and Mr. Heim, who serves as Vice Chairman of the Board, are executive officers who do not receive any additional compensation for services provided as a director. Due to the fact that Messrs. Whalen and Heim are not named executive officers, their employee compensation is omitted from the table above and the Summary Compensation Table herein.

Director Long-term Equity Incentives . We granted equity awards in January 2017 to our non-employee directors under the Stock Incentive Plan. Each of these directors received an award of 1,974 fully vested shares of our common stock, which reflected our intent to provide them with a target value of approximately \$115,000 in annual long-term incentive awards, which was an increase over the target value for 2016 of \$100,000. The awards are intended to align the long-term interests of our directors with those of our shareholders.

Changes for 2018

Director Long-term Equity Incentives . In January 2018, each of our non-employee directors received an award of 2,312 restricted shares of our common stock under the Stock Incentive Plan with a one year vesting period, which reflects our desire to maintain the target value of the annual awards of approximately \$115,000 per year and impose new vesting requirements on director equity incentives.

Pay Ratio Disclosures

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Joe Bob Perkins, our Chief Executive Officer (our “CEO”).

For 2017, our last completed fiscal year:

- The median of the annual total compensation of all employees of our company (other than the CEO) was \$103,207; and
- The annual total compensation of Mr. Perkins, as reported in the Summary Compensation Table included elsewhere within this Proxy Statement, was \$5,321,895.

Based on this information, for 2017 the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees (“CEO Pay Ratio”) was reasonably estimated to be 52 to 1.

To calculate the CEO Pay Ratio, we must identify the median of the annual total compensation of all of our employees, as well as to determine the annual total compensation of our median employee and our CEO. To these ends, we took the following steps:

- We determined that, as of October 31, 2017, our employee population consisted of approximately 2070 individuals. This population consisted of our full-time and part-time employees, as we do not have temporary or seasonal workers. We selected October 31, 2017 as our identification date for determining our median employee because choosing such date enabled us to make such identification in a reasonably efficient and economic manner.

-
- We used a consistently applied compensation measure to identify our median employee of comparing the amount of salary or wages, bonuses, company contributions under our 401(k) plan, and the grant date fair value of equity awards determined under FASB ASC Topic 178. We identified our median employee by consistently applying this compensation measure to all of our employees included in our analysis. For individuals hired after January 1, 2017 that were included in the employee population, we calculated these compensation elements on an annualized basis. We did not make any cost of living adjustments in identifying the median employee.

After we identified our median employee, we combined all of the elements of such employee's compensation for the 2017 year in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$103,207. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2017 Summary Compensation Table included in this Proxy Statement.

Corporate Governance Guidelines

The Board of Directors believes that sound governance practices and policies provide an important framework to assist it in fulfilling its duty to stockholders. The Company's "Corporate Governance Guidelines" cover the following principal subjects:

- Role and functions of the Board of Directors
- Qualifications and independence of directors
- Size of the Board of Directors and director selection process
- Committee functions
- Meetings of non-employee directors
- Self-evaluation
- Ethics and conflicts of interest (a copy of the current "Code of Conduct" is posted on the Company's website at <http://ir.targaresources.com/trc/documentdisplay.cfm?DocumentID=7959>)
- Compensation of the Board of Directors
- Succession planning
- Access to senior management and to independent advisors
- New director orientation
- Continuing education

The Corporate Governance Guidelines are posted on the Company's website at <http://ir.targaresources.com/trc/documentdisplay.cfm?DocumentID=7958>. The Corporate Governance Guidelines will be reviewed periodically, and any proposed additions to or amendments of the Corporate Governance Guidelines will be presented to the Board of Directors for its approval.

The NYSE has adopted rules that require listed companies to adopt governance guidelines covering certain matters. The Company believes that the Corporate Governance Guidelines comply with the NYSE rules.

Board Leadership

Mr. Whalen has served as Executive Chairman of the Board of the Company's Board of Directors since January 1, 2015 and as a director of the Company since its formation on October 27, 2005. Mr. Perkins has served as Chief Executive Officer and as a director of the Company since January 1, 2012. Mr. Whalen previously served as the Executive Chairman of the Company's Board of Directors between October 25, 2010 and December 31, 2011. Our bylaws allow the same individual to hold the position of Chief Executive Officer and Chairman of the Board of Directors.

To ensure a strong and independent board, all directors of the Company, other than Messrs. Joyce, Perkins, Whalen and Heim, are independent. The Board of Directors regularly meets in executive session without the presence of the CEO or other members of management. Mr. Crisp is chair of meetings of the non-management directors.

In his capacity as chair of the meetings of non-management directors, Mr. Crisp provides, in conjunction with the Executive Chairman and the CEO, leadership and guidance to the Board of Directors. He also (i) establishes the agenda for each meeting of the non-management directors and (ii) provides the board's

guidance and feedback to the Executive Chairman, the CEO and the Company's management team. All directors are encouraged to suggest the inclusion of agenda items or revisions to meeting materials, and any director is free to raise at any board meeting items that are not on the agenda for that meeting.

Given the strong leadership of the Company's Executive Chairman and the CEO, the effective counterbalancing role of the chair of the non-management directors and a board comprised of strong and independent directors, the board believes that, at the present time, the current structure of the board best serves the interests of the Company and its stockholders.

Communications with the Board of Directors

Stockholders or other interested parties can contact any director (including Mr. Crisp), any committee of the Board of Directors, or our non-management directors as a group, by writing to them at Targa Resources Corp., 811 Louisiana Street, Suite 2100, Houston, Texas 77002, Attention: Secretary. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters will also be referred to members of the Audit Committee. All such communications will be forwarded to the appropriate member(s) of the Board of Directors.

Director Independence

The Company's standards for determining director independence require the assessment of directors' independence each year. A director cannot be considered independent unless the Board of Directors affirmatively determines that he or she does not have any relationship with management or the Company that may interfere with the exercise of his or her independent judgment, including any of the relationships that would disqualify the director from being independent under the rules of the NYSE.

The Board of Directors has assessed the independence of each non-employee director and each nominee for director under the Company's guidelines and the independence standards of the NYSE. The Board of Directors affirmatively determined that six non-employee directors (Messrs. Crisp, Davis, Evans, Tong and Redd and Ms. Fulton) are independent.

Financial Literacy of Audit Committee and Designation of Financial Experts

The Board of Directors evaluated the members of the Audit Committee in December 2010 for financial literacy and the attributes of a financial expert as well as the Exchange Act independence requirements. The Board of Directors also evaluated a new member of the Audit Committee in February 2013 for financial literacy. The Board of Directors determined that each of the Audit Committee members is financially literate and that the Chairman of the Audit Committee, Mr. Tong, is an audit committee financial expert as defined by the SEC.

Oversight of Risk Management

Except for the responsibilities of the Audit Committee discussed below, the Board of Directors as a whole (including the committees of the Board of Directors) oversees the assessment of major risks of the Company and the management of such risks. For example, the Board of Directors, including the committees of the Board of Directors:

- reviews and approves the Company's annual business plan and capital budget and reviews with management on at least a quarterly basis the Company's financial performance, including any variations from the annual business plan and capital budget;
- has established specific dollar limits on the commitment authority of members of senior management and requires board approval of the Company's capital expenditures and investments exceeding that authority; and
- monitors the Company's interest rate and commodity hedging activities.

The Company's Audit Committee is responsible for overseeing the Company's assessment and management of financial reporting and internal control risks, as well as other financial risks such as the credit risks associated with counterparty exposure. Management and the Company's external auditors report regularly to the Audit Committee on those subjects. The Board of Directors has considered, and is comfortable with, its choice of leadership structure. Since the Board of Directors' leadership structure appropriately allows for its role as manager of risks of the Company, such role does not separately impact the Board of Directors' choice of leadership structure.

Attendance at Annual Meetings

While there is no formal attendance policy, the Board of Directors encourages all directors to attend the annual meetings of stockholders, if practicable. We anticipate that the majority of our directors will attend the Annual Meeting. All directors serving at the time attended the annual meeting of stockholders in 2017.

TRANSACTIONS WITH RELATED PERSONS

Our Relationship with Targa Resources Partners LP and its General Partner

Our operating assets are held by subsidiaries of the Partnership and our interests in the Partnership consist of (i) a 2.0% general partner interest in the Partnership and (ii) all of the outstanding common units of the Partnership.

Reimbursement of Operating and General and Administrative Expense

Under the terms of the Partnership's partnership agreement (the "partnership agreement"), the Partnership reimburses us for all direct and indirect expenses, as well as expenses otherwise allocable to the Partnership in connection with the operation of the Partnership's business, incurred on the Partnership's behalf, which includes operating and direct expenses, including compensation and benefits of operating personnel, including 401(k), pension and health insurance benefits, and for the provision of various general and administrative services for the Partnership's benefit. The General Partner determines the amount of general and administrative expenses to be allocated to the Partnership in accordance with the partnership agreement. Other than our direct costs of being a reporting company, so long as our operating assets are held by subsidiaries of the Partnership, substantially all of our general and administrative costs have been, and will continue to be, allocated to the Partnership.

Competition

We are not restricted, under the Partnership's partnership agreement, from competing with the Partnership. We may acquire, construct or dispose of additional midstream energy or other assets in the future without any obligation to offer the Partnership the opportunity to purchase or construct those assets.

If such indemnification is unavailable as a result of a court decision and if we and the indemnitee are jointly liable in the proceeding, we will contribute funds to the indemnitee for his Expenses in proportion to relative benefit and fault of us and indemnitee in the transaction giving rise to the proceeding.

Each indemnification agreement also provides that we will indemnify the indemnitee for monetary damages for actions taken as our director or officer or for serving at our request as a director or officer or another position at another corporation or enterprise, as the case may be but only if (i) the indemnitee acted in good faith and, in the case of conduct in his official capacity, in a manner he reasonably believed to be in our best interests and, in all other cases, not opposed to our best interests and (ii) in the case of a criminal proceeding, the indemnitee must have had no reasonable cause to believe that his conduct was unlawful. The indemnification agreement also provides that we must advance payment of certain Expenses to the indemnitee, including fees of counsel, subject to receipt of an undertaking from the indemnitee to return such advance if it is ultimately determined that the indemnitee is not entitled to indemnification.

Conflicts of Interest

Conflicts of interest exist and may arise in the future as a result of the relationships between the General Partner and its affiliates (including us), on the one hand, and the Partnership and its other limited partners, on the other hand. The directors and officers of the General Partner have fiduciary duties to manage the General Partner and us, if applicable, in a manner beneficial to our owners. At the same time, the General Partner has a fiduciary duty to manage the Partnership in a manner beneficial to it and its limited partners. Please see "—Review, Approval or Ratification of Transactions with Related Persons" below for additional detail of how these conflicts of interest will be resolved.

Review, Approval or Ratification of Transactions with Related Persons

Our policies and procedures for approval or ratification of transactions with "related persons" are not contained in a single policy or procedure. Instead, they are reflected in the general operation of our Board of Directors, consistent with past practice. We distribute and review a questionnaire to our executive officers and directors requesting information regarding, among other things, certain transactions with us in which they or their family members have an interest. Pursuant to our Code of Conduct, our officers and directors are required to abandon or forfeit any activity or interest that creates a conflict of interest between them and us or any of our subsidiaries, unless the conflict is pre-approved by our Board of Directors.

Whenever a conflict arises between the General Partner or its affiliates, on the one hand, and the Partnership or any other partner, on the other hand, the General Partner will resolve that conflict. The Partnership's partnership agreement contains provisions that modify and limit the General Partner's fiduciary duties to the Partnership's limited partners. The partnership agreement also restricts the remedies available to limited partners for actions taken that, without those limitations, might constitute breaches of fiduciary duty.

The General Partner will not be in breach of its obligations under the partnership agreement or its duties to the Partnership or its limited partners if the resolution of the conflict is:

- approved by the General Partner's conflicts committee, although the General Partner is not obligated to seek such approval;
- approved by the vote of a majority of the Partnership's outstanding common units, excluding any common units owned by the General Partner or any of its affiliates (affiliates of the General Partner currently own all of the Partnership's outstanding common units);

-
- on terms no less favorable to the Partnership than those generally being provided to or available from unrelated third parties; or
 - fair and reasonable to the Partnership, taking into account the totality of the relationships among the parties involved, including other transactions that may be particularly favorable or advantageous to the Partnership.

The General Partner may, but is not required to, seek the approval of such resolution from the conflicts committee of its board of directors. If the General Partner does not seek approval from the conflicts committee and its board of directors determines that the resolution or course of action taken with respect to the conflict of interest satisfies either of the standards set forth in the third or fourth bullet points above, then it will be presumed that, in making its decision, the board of directors acted in good faith and in any proceeding brought by or on behalf of any limited partner of the Partnership, the person bringing or prosecuting such proceeding will have the burden of overcoming such presumption. Unless the resolution of a conflict is specifically provided for in the partnership agreement, the General Partner or its conflicts committee may consider any factors they determine in good faith to consider when resolving a conflict. When the partnership agreement provides that someone act in good faith, it requires that person to believe he is acting in the best interests of the Partnership.

Our Board of Directors examined the commercial relationships between us and companies for whom our independent directors serve as directors or with whom family members of our independent directors have an employment relationship. Messrs. Tong and Redd and Ms. Fulton are the current members of our Audit Committee.

In this context, the Audit Committee:

- reviewed with PricewaterhouseCoopers LLP, our independent auditors, who are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, their judgments as to the quality and acceptability of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards;
- received the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence from the Company and its subsidiaries, and has discussed with PricewaterhouseCoopers LLP the firm's independence;

-

 - discussed with the Company's internal auditors and PricewaterhouseCoopers LLP the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and PricewaterhouseCoopers LLP, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting;

The report of the Audit Committee in this report shall not be deemed incorporated by reference into any other filing by Targa Resources Corp. under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such acts.

ITEM TWO
RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the independent auditors of the Company for 2018. PricewaterhouseCoopers LLP has audited the Company's consolidated financial statements since 2005. The 2017 audit of the Company's annual consolidated financial statements was completed on February 16, 2018.

The Board of Directors is submitting the selection of PricewaterhouseCoopers LLP for ratification at the Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the Board of Directors and the Audit Committee believe the submission provides an opportunity for stockholders through their vote to communicate with the Board of Directors and the Audit Committee about an important aspect of corporate governance. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's auditors. The stockholders' ratification of the appointment of PricewaterhouseCoopers LLP does not limit the authority of the Audit Committee to change auditors at any time.

Audit and Other Fees

The Audit Committee has approved the use of PricewaterhouseCoopers LLP as our independent principal accountant. All services provided by our independent principal accountant are subject to pre-approval by the Audit Committee. The Audit Committee is informed of each engagement of the independent principal accountant to provide services to us.

We have engaged PricewaterhouseCoopers LLP as our independent principal accountant. The following table summarizes fees we were billed by PricewaterhouseCoopers LLP for independent auditing, tax and related services for each of the last two fiscal years:

This information is presented as of the latest practicable date for this proxy statement.
- (2) Audit-related fees represent amounts we were billed in each of the years presented for assurance and related services that are reasonably related to the performance of the annual audit or quarterly reviews of our financial statements and are not reported under audit fees.

The Company expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

Please see “Quorum and Voting—Vote Required” for further information regarding the impact of abstentions and broker non-votes.

Recommendation of our Board of Directors

*The Board of Directors unanimously recommends that stockholders vote **FOR** the ratification of the selection of PricewaterhouseCoopers LLP as the auditors of the Company for 2018.*

ITEM THREE
ADVISORY VOTE ON EXECUTIVE COMPENSATION

Introduction

We are asking our stockholders to provide advisory, non-binding approval of the compensation paid to our named executive officers, as described in the “Executive Compensation and Other Information” section of this proxy statement, beginning on page 13. Our Board of Directors recognizes that executive compensation is an important matter for our stockholders. As described in detail in the CD&A section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy is to pay our executives based on performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives’ long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives’ commitment to our long-range, strategic business goals. It is the intention of the Compensation Committee that our executive officers be compensated competitively and consistently with our strategy, sound corporate governance principles, other companies in the same and closely related industries, and stockholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation package provided to our named executive officers (including potential payouts upon a termination or change of control) are reasonable and not excessive. As you consider this Item 3, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including information about our compensation philosophy and objectives and the past compensation of our named executive officers, and to review the tabular disclosures regarding named executive officer compensation together with the accompanying narrative disclosures in the “Executive Compensation and Other Information” section of this proxy statement. Among the program features incorporated by the Compensation Committee to align with our executive compensation philosophy are the following:

- annual base salary, which is competitive fixed-cash compensation that is important in attracting and retaining key executives;
- discretionary annual incentive bonus awards, paid in the form of restricted stock units to our CEO and Executive Chairman and in the form of cash and restricted stock units for our other executive officers for 2017, tied to the achievement of annual financial, operational and strategic business priorities to align officers with annual business results;
- restricted stock unit awards under our stock incentive plan to provide an opportunity for a meaningful and sustained ownership stake and alignment with sustained long-term value creation;
- performance share unit awards under our stock incentive plan to provide a competitive target total direct compensation opportunity substantially contingent on performance relative to the Peer Group;
- participation in our 401(k), health and welfare plans on the same basis as all of our other employees;
- “double-trigger” cash change in control payments to help mitigate possible disincentives to pursue value-added transactions; and
- no perquisites other than minimal parking subsidies.

Section 14A of the Exchange Act requires, among other things, that we provide stockholders with the opportunity to vote to approve, on an advisory basis, our named executive officers’ compensation as disclosed in this proxy statement in accordance with the rules of the SEC. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

As an advisory vote, Item 3 is not binding on our Board of Directors or the Compensation Committee, will not overrule any decisions made by our Board of Directors or the Compensation Committee, and will not require our Board of Directors or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board of Directors and the Compensation Committee value the opinions of our stockholders, and will carefully consider the outcome of the vote when making future compensation decisions for our named executive officers. In particular, to the extent there is any significant vote against our named executive officers' compensation as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Text of the Resolution to be Adopted

We are asking stockholders to vote FOR the following resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the CD&A, the 2017 Summary Compensation Table and the other related tables and disclosures.”

Vote Required

The affirmative vote of a majority of the shares present and entitled to be voted on the proposal on the record date for determining stockholders entitled to vote at the 2018 Annual Meeting is required for approval of Item 3. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal. Please see “Quorum and Voting—Vote Required” for further information regarding the impact of abstentions and broker non-votes.

Recommendation of our Board of Directors

The Board of Directors unanimously recommends that stockholders vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

STOCKHOLDER PROPOSALS FOR 2019; IDENTIFICATION OF DIRECTOR CANDIDATES

Only those Rule 14a-8 Proposals that are timely received by the Company and proper for stockholder action (and otherwise proper) will be included in the Company’s proxy materials.

Any stockholder of the Company who desires to submit a proposal for action at the 2019 annual meeting of stockholders, but does not wish to have such proposal (a “Non-Rule 14a-8 Proposal”) included in the Company’s proxy materials, must submit such Non-Rule 14a-8 Proposal to the Company at its principal executive offices so that it is received between January 24, 2019 and February 23, 2019, unless the Company notifies the stockholders otherwise.

“Discretionary voting authority” is the ability to vote proxies that stockholders have executed and submitted to the Company, on matters not specifically reflected in the Company’s proxy materials, and on which stockholders have not had an opportunity to vote by proxy.

It is the responsibility of the Nominating and Governance Committee to identify, evaluate and recommend to the Board the Directors nominees for election at the annual meeting of stockholders, as well as to fill vacancies or additions on the Board of Directors that may occur between annual meetings. When recommending director candidates, the Nominating and Governance Committee considers and reviews each candidate’s relevant skills and experience, business judgment, service on boards of directors of other companies, personal and professional integrity, including commitment to the Company’s core values, openness and ability to work as part of a team, the overall variety and mix of experience, skills, attributes and viewpoints of the Board of Directors, taken as a whole, willingness to commit the required time to serve as a board member and familiarity with the Company and its industry.

Although the Nominating and Governance Committee does not have a formal policy with respect to diversity, the Committee considers the diversity of, and the optimal enhancement of the current mix of talent and experience on the Board of Directors and endeavors to achieve an overall balance of diversity of experiences, skills, attributes and viewpoints. The Nominating and Governance Committee believes it has achieved that balance through the representation on the board of members having experience in various sectors of the energy industry, finance, accounting and investment analysis, among other areas. The Nominating and Governance Committee does not discriminate based upon race, religion, sex, national origin, age, disability, citizenship or any other legally protected status.

In identifying potential director candidates, the Nominating and Governance Committee relies on any source available for the identification and recommendation of candidates, including current directors and officers and shareholders. In addition, the Nominating and Governance Committee from time to time may engage a third party search firm to identify or evaluate, or assist in identifying or evaluating potential candidates, for which the third party search firm will be paid a fee.

The Nominating and Governance Committee will also consider any nominee recommended by stockholders for election at the annual meeting of stockholders to be held in 2019 if that nomination is submitted in writing, between January 24, 2019 and February 23, 2019, to Targa Resources Corp., 811 Louisiana Street, Suite 2100, Houston, Texas 77002, Attention: Secretary. The Nominating and Governance Committee treats recommendations for directors that are received from the Company’s stockholders equally with recommendations received from any other source. With respect to each such nominee, the following information must be provided to the Company with the written nomination:

- a) the nominee’s name, address and other personal information;

-
- b) the number of shares of each class and series of stock of the Company held by such nominee;
 - c) the nominating stockholder's name, residential address and telephone number, and business address and telephone number; and
 - d) all other information required to be disclosed pursuant to Regulation 14A of the Securities and Exchange Act of 1934.

Each submission must also include a statement of the qualifications of the nominee, a notarized consent signed by the nominee evidencing a willingness to serve as a director, if elected, and a written representation and agreement that such person (i) is not and will not become a party to any voting agreement or compensation agreement that has not been disclosed to the Company or that could limit or interfere with the nominee's ability to comply with their fiduciary duties under applicable law and (ii) will comply with all of the Company's applicable corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines.

Written requests for inclusion of any stockholder proposal should be addressed to Targa Resources Corp., 811 Louisiana Street, Suite 2100, Houston, Texas 77002, Attention: Secretary. The Company suggests that any such proposal be sent by certified mail, return receipt requested.
