OHA Investment Corporation Announces Quarterly Distribution of \$0.02 per Share

NEW YORK, June 16, 2017 (GLOBE NEWSWIRE) -- OHA Investment Corporation (NASDAQ:OHAI) (the "Company") today announced that its Board of Directors has declared a quarterly distribution of \$0.02 per share.

Quarterly Distribution Declaration

The quarterly distribution in the amount of \$0.02 per common share will be paid July 10, 2017 to stockholders of record as of June 30, 2017. Distributions are paid from taxable earnings and may include a return of capital and/or capital gains. The amount of distributable income for each quarter depends on the aggregate gains and losses realized by the Company during the entire year. Distributions may consist of net investment income, capital gains and return of capital, but the character of these distributions cannot be determined until after the end of the Company's fiscal year. The specific tax characteristics of distributions paid during calendar 2017 will be reported to each stockholder on Form 1099-DIV after the end of the calendar year.

The Board of Directors of the Company has the discretion to change the amount of the distribution in any given quarter based on the Company's estimate, as of that quarter, of its taxable income for the year. The Company's estimate of its taxable income for 2017, and therefore the amount of each quarterly distribution in 2017, may change depending on a variety of factors, including the performance of the Company's portfolio investments.

The Company has an "opt out" dividend reinvestment plan, or "DRIP," for its stockholders. Consequently, when the Company declares a distribution, stockholders who have not opted out of the DRIP automatically have their distribution reinvested in shares of the Company's stock, rather than receiving it in cash. A stockholder who has elected to receive distributions in cash may re-enroll in the DRIP at any time by notifying the plan administrator.
