TEMPE, Ariz., Nov. 09, 2016 (GLOBE NEWSWIRE) -- Insight (NASDAQ:NSIT) is pleased to announce it has been named Veritas's 2016 Americas Access Reseller of the Year, with 12 percent year-over-year new business growth in FY16. The announcement was made at the Veritas Partnerlink Conference held September 12-15 in Las Vegas, NV.

"Insight continues to invest with Veritas, and they see the unique vision our two companies bring to market to support our customers. Congratulations to our strategic partner on being the Veritas Access Reseller of the Year. It is well deserved," said Rick Kramer, VP of Americas Channel Sales at Veritas Technologies.

Insight holds expert competencies across three categories, including Enterprise Backup & Recovery, Mid-Market Backup & Recovery and Archiving, and has principal competencies in eDiscovery and Dynamic Storage & Continuity.

"Software-defined storage (or SDS), such as Veritas's Access, streamlines the process of unlocking, organizing and storing unstructured data, removing the administrative and financial burden of managing unstructured data. This is crucial in today's world where big data applications are on the rise and businesses are scaling and leveraging data more than ever before," said David Mayer, VP, product management-software, Insight. "SDS is the future of data center storage, and this award is recognition of our principal competency in dynamic storage and continuity."
