OSI Systems Receives \$9 Million Order for Cargo and Vehicle Inspection Systems

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](http://www.osi-systems.com) (NASDAQ: OSIS) today announced that its Security division has received an order for approximately \$9 million from an international customer to provide multiple units of its Rapiscan[®] Eagle[®] P60 high-energy, drive-through cargo and vehicle inspection system. The P60 system is well suited for heavy traffic gateways such as ports and border crossings.

OSI Systems' Chairman and CEO, Deepak Chopra, stated, "We look forward to providing this customer with our P60 cargo scanning solution as its features of high penetration and resolution allow for the efficient inspection of dense and cluttered cargo."

About OSI Systems, Inc.

OSI Systems, Inc. is a vertically integrated designer and manufacturer of specialized electronic systems and components for critical applications in the homeland security, healthcare, defense and aerospace industries. We combine more than 40 years of electronics engineering and manufacturing experience with offices and production facilities in more than a dozen countries to implement a strategy of expansion into selective end product markets. Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements relate to OSI Systems' current expectations, beliefs, projections and similar expressions concerning matters that are not historical facts and are not guarantees of future performance. Forward-looking statements involve uncertainties, risks, assumptions and contingencies, many of which are outside OSI Systems' control that may cause actual results to differ materially from those described in or implied by any forward-looking statements. All forward-looking statements are based on currently available information and speak only as of the date on which they are made. OSI Systems assumes no obligation to update any forward-looking statement made in this press release that becomes untrue because of subsequent events, new information or otherwise, except to the extent it is required to do so in connection with its ongoing requirements under Federal securities laws. For a further discussion of factors that could cause OSI Systems' future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in OSI Systems' Annual Report on Form 10-K for the year ended June 30, 2016 and other risks described therein and in documents filed by OSI Systems from time to time with the Securities and Exchange Commission.
