## PCTEL Engages Three Part Advisors for Investor Relations

BLOOMINGDALE, Ill.--(BUSINESS WIRE)-- PCTEL, Inc. (NASDAQ:PCTI), a leader in Performance Critical Telecom solutions, announced today that it has engaged Three Part Advisors, LLC to lead its strategic investor relations efforts. Three Part will coordinate PCTEL's investor relations activities and will work with management to increase awareness of the company in the investment community.

"With our previously announced changes and transition plans, we felt it was an opportune time to add Three Part to our team," said Marty Singer, PCTEL's Chairman and CEO. "Three Part has a strong track record of working with small cap companies like ours to get the story out to the financial community," added Singer.

"We are excited about the opportunity to work with PCTEL on its investor communications program," said David Mossberg, CEO of Three Part. "With its world-class antennas and testing solutions, PCTEL is well-positioned to benefit from the proliferation of RF-connected devices. Combined with management's reputation as excellent operators, we believe the company will provide above average returns for shareholders and is an attractive opportunity for new investors."

### About PCTEL

PCTEL, a global provider of RF expertise, delivers **Performance Critical Telecom** solutions to the wireless industry. PCTEL benchmarks and optimizes wireless networks with its data tools, engineering services, and RF products. PCTEL's antennas and site solutions are vital elements for networks serving SCADA, fleet management, health care, public safety, and education.

PCTEL's **RF Solutions** products and services improve the performance of wireless networks globally. PCTEL's performance critical products include its SeeGull *MXflex*®, *IBflex*®, and *EXflex*® scanning receivers. PCTEL tools also include CW transmitters, signal analyzers, and the SeeWave interference locating system. PCTEL's SeeHawk® software portfolio includes SeeHawk® Touch, SeeHawk® Collect, SeeHawk Engage™, SeeHawk Engage+™, SeeHawk Engage™ Lite, SeeHawk™ Studio, and SeeHawk™ Analytics. PCTEL provides specialized staffing, interference management and performance critical RF engineering services for wireless networks.

PCTEL **Connected Solutions** designs and delivers performance critical antennas and site solutions for public and private wireless networks globally. PCTEL's performance critical antenna solutions include high rejection and high performance GNSS products and innovative broadband LTE and Wi-Fi solutions for fixed and mobile applications, including transit, in-building, and small cell networks. In addition, PCTEL provides a broad portfolio of LMR and Yagi antennas. We leverage our design, logistics, and support capabilities to deliver performance critical antenna and site solutions into carrier, railroad, utility applications, oil and gas, and other vertical markets.

PCTEL's products are sold worldwide through direct and indirect channels. For more information, please visit the company's web sites: [pctel.com](http://pctel.com), [antenna.com](http://antenna.com), or [rfsolutions.pctel.com](http://rfsolutions.pctel.com)
