Reporting

Any employee who, in good faith, has a complaint regarding any incident or occurrence described in the Policy section above should report such complaint or observation to *EthicsPoint*, a disclosure service company that guarantees anonymity. The report may be made in one of the following methods:

1. By web portal at <http://www.pctel.com/internal/anonymousdisclosure.html>. Employees may access this link through PCTEL's website at pctel.com in the Corporate Governance tab under "About Us";

OR

2. By telephone. If in the United States, call 1-888-288-1749. If international, dial the International Operator and request that a charge call be placed to + 1 503-906-8414. If asked your name but you wish to remain anonymous, you may instead state "PCTEL."

Each report should include the following information:

- (i) a description of the matter or irregularity and persons involved;
- (ii) the location where the employee observed the matter or irregularity;
- (iii) the period of time during which the matter or irregularity was observed; and
- (iv) any steps that the employee has taken to investigate the matter or irregularity, including reporting it to a supervisor or Human Resources and the response given.

The report may also include, at the employee's option, the employee's contact information in the event that additional information is needed; provided, however, that a report shall not be deemed deficient solely because the employee did not include contact or other self-identifying information. In some cases, however, it may not be possible to proceed with or properly conduct an investigation unless the employee identifies himself or herself.

EthicsPoint will promptly deliver a copy of the report to (1) the Chair of PCTEL's Audit Committee of the Board of Directors, (2) PCTEL's Vice President and General Counsel; and (3) PCTEL's Chief Executive Officer (collectively, "Policy Administrators").

Investigation

Upon receiving a report and provided there is enough information to proceed with an investigation, the Policy Administrators, under the direction of the Chair of PCTEL's Audit Committee of the Board of Directors or other appropriate committee, shall investigate the issues identified in the report.

The Policy Administrators may consult with the Chief Financial Officer, any other employee of PCTEL, outside legal counsel, independent auditors, and, as needed, the Audit Committee, as a part of their investigation. At the conclusion of the investigation, the Policy Administrators shall prepare a written response to the report for review and approval by the Audit Committee or other appropriate committee or the Board of Directors.

After the Board of Directors or applicable committee has reviewed and approved the response, the Policy Administrators shall provide a copy of the response to the employee who made the report, unless such report was made anonymously.

Publication of the Policy

PCTEL shall place a copy of this Policy in the Employee Handbook distributed to new employees as well as posting this Policy on its website at www.pctel.com.
