**PROXY STATEMENT FOR THE PARAMETRIC TECHNOLOGY CORPORATION
2003 ANNUAL MEETING OF STOCKHOLDERS**

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why Did You Send Me This Proxy Statement?

As a stockholder, you have the right to attend and vote at the Parametric Technology Corporation (PTC) 2003 Annual Meeting of Stockholders. If you attend the Annual Meeting, you may vote your shares directly. Whether or not you attend, you may vote by proxy, which allows you to direct another person to vote your shares at the meeting on your behalf. The PTC Board of Directors is soliciting your proxy to encourage your participation in voting at the meeting and to obtain your support on the proposals presented.

There are two parts to our proxy solicitation: this proxy statement and the enclosed voting instruction form (which may also be called a “proxy card”). The proxy statement explains the proposals to be voted on at the Annual Meeting. You use the voting instruction form to authorize your shares to be voted as you wish.

We will begin mailing this proxy statement on February 12, 2003 to all stockholders entitled to vote. If you owned our common stock at the close of business on January 30, 2003, you are entitled to vote. On that date, there were 262,584,050 shares of common stock outstanding. Common stock is our only class of voting stock.

How Many Votes Do I Have?

You have one vote for each share of common stock that you owned at the close of business on January 30, 2003. Your proxy card or other voting instruction form indicates the number.

How Do I Vote by Proxy?

To vote, simply complete, sign and return the form before the meeting, and your shares will be voted as you direct. If you wish, in most cases you may vote by telephone or the Internet instead.

When you vote, you are giving your “proxy” to the individuals we have designated to vote your shares as you direct at the meeting. If you sign the form but do not make specific choices, they will vote your shares to (i) elect the two current directors nominated by the Board and (ii) confirm the selection by the Board of PricewaterhouseCoopers LLP as our independent auditors. If any matter not listed in the Notice of Meeting is presented at the Annual Meeting, they will vote your shares in accordance with their best judgment. At the time we began printing this Proxy Statement, we knew of no matters that needed to be acted on at the meeting other than as discussed in this Proxy Statement.

Whether you plan to attend the Annual Meeting or not, we urge you to complete, sign and date the enclosed voting instruction form and to return it promptly in the envelope provided. Returning the form will not affect your right to attend the Annual Meeting. If you wish to vote at the Meeting despite having returned the form, see below under “May I Revoke My Proxy” and “How Do I Vote in Person.”

How Do I Vote by Telephone or the Internet?

Instead of submitting your vote by mail on the enclosed voting instruction form, you may vote by telephone or the Internet. Please note that there may be separate telephone and Internet arrangements depending on whether you are a registered stockholder (that is, if you hold your stock in your own name) or you hold your shares in “street name” (that is, in the name of a brokerage firm or bank that holds your securities account). In either case, you must follow the procedures described on your voting instruction form.

The telephone and Internet voting procedures are designed to authenticate stockholders’ identities, to allow stockholders to give their voting instructions and to confirm that stockholders’ instructions have been recorded properly.

Table of Contents

We encourage you to vote by the Internet. If you do so, please authorize us to deliver future annual reports and proxy statements to you by e-mail. This lowers costs and speeds delivery.

May I Revoke My Proxy?

Yes. You may change your vote after you send in your voting instructions by following any of these procedures. For a registered stockholder to revoke a proxy:

- Send in another signed voting instruction form with a later date; or
- Send a letter revoking your proxy to PTC's Clerk at the address indicated on page 16 under "Information About Stockholder Proposals"; or
- Attend the Annual Meeting, notify us in writing that you are revoking your proxy and vote in person.

A holder of stock in street name must follow the procedures required by the brokerage firm or bank to revoke a proxy. You should contact that firm directly for more information on these procedures.

How Do I Vote in Person?

If you attend the Annual Meeting and wish to vote in person, we will give you a ballot when you arrive. If your shares are held in street name, you must bring an account statement or letter from the brokerage firm or bank showing that you were the beneficial owner of the shares on January 30, 2003 in order to be admitted to the meeting. To be able to vote, you will need to obtain a "legal proxy" from the holder of record.

What is the Vote Required? How is it Affected by Broker Non-Votes and Abstentions?

If your shares are held in street name, the broker or bank may vote your shares on the proposal if it does not receive instructions from you. Because the directors elected at the meeting will be those receiving the highest number of votes, if you abstain from voting or if your broker or bank does not vote on the proposal, it will not count as a vote against the proposal.

Is Voting Confidential?

Our policy is to keep all the proxies, ballots and voting tabulations confidential. The Inspectors of Election will forward to management any written comments that you make on the proxy card without providing your name.

What Are the Costs of Soliciting Proxies?

PTC will pay all the costs of soliciting proxies. In addition to mailing these proxy materials, our directors and employees may solicit proxies by telephone, fax or other electronic means of communication, or in person. In addition, Georgeson Shareholder Communications, Inc. is assisting us with the solicitation of proxies for a fee of \$8,500 plus out-of-pocket expenses. We will reimburse banks, brokers, nominees and other fiduciaries for the expenses they incur in forwarding the proxy materials to you.

How Do I Obtain an Annual Report on Form 10-K?

A copy of our Annual Report on Form 10-K for the year ended September 30, 2002, was included with this Proxy Statement and is available on our Web site at www.ptc.com. If you would like another copy, we will send you one without charge. Please call (781) 370-5000, e-mail to IR@ptc.com or write to:

Whom Should I Call if I Have any Questions?

If you have any questions about the Annual Meeting or your ownership of PTC common stock, please contact PTC Investor Relations by telephone at (781) 370-5000 or e-mail at IR@ptc.com.

DISCUSSION OF PROPOSALS RECOMMENDED BY THE BOARD OF DIRECTORS

Proposal: Elect Two Directors

For a description of the three classes of directors, see "Information About The Directors" beginning on page 4.

The Board of Directors has nominated two current directors—Donald K. Grierson and Oscar B. Marx, III—for new, three-year terms and recommends that you vote for their re-election.

The following table contains background information about each of the Class I director nominees. For a description of their holdings of PTC's stock, see "How Much Stock is Owned by Directors and Officers?" beginning on page 7.

The second proposal on the agenda for the Annual Meeting will be to confirm the appointment by the Board of Directors of the firm PricewaterhouseCoopers LLP as PTC's independent auditors for the fiscal year ending September 30, 2003. PricewaterhouseCoopers LLP served as our independent auditors for the fiscal year ended September 30, 2002. Although stockholder approval of the Board's selection of PricewaterhouseCoopers LLP is not required by law, the Board of Directors believes that it is advisable to give stockholders an opportunity to provide guidance on this selection. In the event this confirmation is not received, the Board will reconsider its

Table of Contents

selection. The Board of Directors recommends that you confirm the selection of PricewaterhouseCoopers LLP as PTC's independent auditors.

Other Matters

While the Notice of Meeting calls for transaction of any other business that may further or relate to the proposals described in the Notice, the Board of Directors does not know of any other matters that may come before the meeting. However, if any other matters are properly presented to the Annual Meeting, the persons named in the accompanying voting instruction form will vote, or otherwise act, in accordance with their judgment on such matters.

Table of Contents

The Committees of the Board

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Officers' Stock Option Committee.

The Audit Committee

The Audit Committee examines our accounting processes, reviews our financial disclosures, and meets privately, outside the presence of PTC management, with the independent auditors to discuss our internal accounting policies, procedures and controls. The Committee reports on such matters to our Board of Directors. The Committee also considers and recommends the selection of our independent auditors, reviews the performance of the independent auditors in the annual audit and in assignments unrelated to the audit, assesses the independence of the auditors, and reviews their fees. The Audit Committee, which operates under a written charter adopted by the Board of Directors (a copy of which is included as an appendix to this proxy statement), is also responsible for pre-approving non-audit related services that may be performed by the independent auditors and reviewing our internal financial reporting and disclosure controls.

Messrs. Goldman, Marx (Chairman), and Posternak currently serve as members of the Audit Committee. All committee members are "independent directors" under the rules of the Nasdaq Stock Market governing the qualifications of members of the Audit Committee and none of them has ever been an employee of PTC or any subsidiary. The Audit Committee met six times during fiscal 2002. The Committee's report for 2002 appears on page 15.

The Compensation and Stock Option Committees

The Compensation Committee makes recommendations to the Board of Directors regarding executive and employee compensation and administers PTC's bonus programs, stock option plans and employee stock purchase plans. Each year, the Committee reports to you on executive compensation. The Committee's report for fiscal 2002 appears on pages 11 to 12.

Messrs. Goldman (Chairman) and Grierson currently serve as members of the Compensation Committee. Both Messrs. Goldman and Grierson qualify as "independent directors" under the Nasdaq Stock Market rules. This committee met once during fiscal 2002.

During fiscal 2002, Messrs. Goldman (Chairman) and Grierson also constituted the Officers' Stock Option Committee, which grants stock options to executive officers of the company. The Officers' Stock Option Committee met once during fiscal 2002.

How We Compensate Our Directors

Annual Cash Fee

Other than the Chairman of the Board, each director of PTC who is not an employee of PTC or our subsidiaries receives an annual cash fee of \$10,000 per year. Mr. Posternak, a non-employee and Chairman of the Board, was paid an annual cash fee of \$75,000 for his service in the capacity of Chairman in fiscal 2002.

Annual Stock Option Award

We also generally grant each non-employee director 15,000 stock options on the date of each annual meeting. A non-employee serving as Chairman of the Board of Directors is granted 50,000 stock options. These annual grants were not made during fiscal 2002.

Table of Contents

	<p>These annual option grants generally have an exercise price equal to the fair market value of our stock on the Nasdaq Stock Market on the date of grant. The options vest annually in four equal parts beginning on the first anniversary of the grant date and expire ten years from the grant date. The options stop vesting when the director no longer serves on the PTC board.</p>
Stock Option Award to New Board Members	<p>We grant each new non-employee director 40,000 stock options at the time of initial election to the Board on the same terms as the annual option grants described above.</p>
Meeting Fees	<p>We also pay each non-employee director meeting fees of \$2,000 for attendance at each Board meeting and \$1,000 for attendance at each meeting of the Audit or Compensation Committee.</p>
Expenses	<p>PTC reimburses all directors for travel and other related expenses incurred in attending Board and committee meetings.</p>
Directors who are PTC Employees	<p>We do not compensate our employees for service as a director.</p>
Special Stock Option Grants to Non-Employee Directors in Fiscal 2002	<p>In recognition of the Board's extensive work during fiscal 2002 and for their anticipated future contributions as PTC implements its operational strategies, we made the following stock option grants in fiscal 2002: Mr. Goldman, 50,000 options; Mr. Grierson, 50,000 options; Mr. Marx, 50,000 options; Mr. Porter, 50,000 options and Mr. Posternak, Chairman of the Board, 75,000 options. All of these grants were on the same terms as annual option grants, which are described above.</p>

Information About Certain Insider Relationships

Professor Michael E. Porter has a consulting arrangement with PTC under which he aids in the development of and participates in a series of executive management seminars sponsored by PTC. He also serves on a Customer Advisory Board to help identify and develop business opportunities in Europe. In lieu of his customary honoraria for such services, in 2002 Mr. Porter received an option to purchase 30,000 shares of PTC's common stock at an exercise price of \$2.10 per share, exercisable as to 50% of the shares on each of September 19, 2002 and March 19, 2003. The option's exercise price is the fair market value of our common stock on the date of grant, and the option expires five years from the date of grant. Beginning fiscal 2003, Mr. Porter will receive \$15,000 for each executive management seminar in which he participates.

- (1) The exercise price of each option is 100% of the fair market value of our common stock on the date the option was granted. The exercise price may be paid in cash or, subject to certain limitations for shares previously acquired upon exercise of options, in shares of common stock, or in a combination of cash and shares. All options granted become exercisable in four equal annual installments, commencing one year after the date of grant. These options may become exercisable sooner as described in "Employment Agreements With Executive Officers" on page 14.
- (2) The dollar amounts under these columns are the result of calculations at the 5% and 10% appreciation rates set by the SEC and, therefore, are not intended to forecast possible future appreciation, if any, in the price of our common stock. No gain to the optionees is possible without an increase in the price of our common stock, which will benefit all stockholders proportionately.
- (3) In order to realize the potential values over the ten-year option term set forth in the 5% and 10% columns of this table, the per share price and the total increase in price of the common stock at the end of the option term would be as follows:

5/30/02	3.40	5.54	8.82	63	159

- (4) Due to the Executive's departure, the options shall expire in full prior to any portion of the option vesting.

Report of the Compensation Committee

Executive Compensation Programs

Our executive compensation programs, which contain no special prerequisites, consist of three principal elements: base salary, cash bonus and equity incentive awards (primarily stock options). Our objective has been to emphasize incentive compensation in the form of cash bonuses and stock option grants, rather than base salary. Our Board of Directors sets the annual base salary for executives after consideration of the recommendations of the Compensation Committee. Prior to making its recommendations, the Compensation Committee reviews historical compensation levels of the executives, evaluates past performance and assesses expected future contributions of the executives. In making the recommendations regarding base salaries, the Compensation Committee considers generally available information regarding salaries prevailing in the industry but does not tie salaries to any particular indices.

We maintain incentive plans under which executive officers (including the Chief Executive Officer) are paid cash bonuses after the end of each fiscal year. The bonuses under the incentive plans are dependent primarily on our achievement of certain financial targets established by our Board of Directors before the start of each fiscal year. A portion of these bonuses may from time to time be based on individual performance goals. Mr. Brown, who received sales commissions based on revenue, was not eligible for incentive plan bonuses.

The incentive plans for fiscal 2002 set forth two performance factors for each participating officer (including the Chief Executive Officer): revenue and operating margin. Three different target levels were established for each performance factor and a gross target bonus corresponding to each of the three target levels was set. In light of the prolonged weakness in the global manufacturing economy, which impacted our revenues as customers reduced or deferred expenditures for software and services, the Board revised the targets for the performance factors and, in connection therewith, reduced the cash pool from which the executive officers' bonuses could be paid to 65% of the original target pool. The cash bonus earned by the executive officers under the incentive plans for fiscal 2002 was determined based upon the revised performance targets after consideration of the Compensation Committee's recommendation. As a result of our attaining the targets set for the second half of the fiscal year, the executive officers earned the full amount of the reduced bonus.

Table of Contents

Total compensation for executive officers also includes long-term incentives offered by equity incentive awards (primarily stock options). Stock options are instrumental in promoting the alignment of long-term interests between our executive officers and stockholders due to the fact that executives realize gains only if the stock price increases over the fair market value at the date of grant and the executives exercise their options. Similarly, gains on restricted stock awards are directly correlated with increases in our stock price and long-term service by the executive. In recommending the amount and type of such awards, the Officers' Stock Option Committee considered the contributions of each executive to our overall success in fiscal 2002, the responsibilities to be assumed in the upcoming fiscal year, the appropriate incentives for the promotion of our long-term growth and awards to other executives in the industry holding comparable positions, as well as the executive's position within our company. It has been our practice to fix the exercise price of options, which generally become exercisable in equal annual installments over a period of four years commencing one year after the date of grant, at 100% of the fair market value on the date of grant. Therefore, the long-term value realized by executives through option exercises can be directly linked to the enhancement of stockholder value.

Compensation Deductibility

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), imposes a limit on tax deductions for annual compensation in excess of one million dollars paid by a corporation to its chief executive officer and the other four most highly compensated executive officers of the corporation. This provision excludes certain forms of "performance based compensation," including stock options, from the compensation taken into account for the purposes of that limit. The Committee believes that, although it is desirable for executive compensation to be tax deductible whenever in the Committee's judgment that would be consistent with the objectives pursuant to which the particular compensation is paid, we should compensate our executive officers fairly in accordance with the guidelines discussed in this report and not be unduly limited by the anticipated tax treatment. Accordingly, the total compensation paid to an executive officer in any year may exceed the amount that is deductible. The Compensation Committee will continue to assess the impact of Section 162(m) of the Code on its compensation practices and determine what further action, if any, is appropriate.

Chief Executive Officer Compensation

Mr. Harrison's performance was evaluated, and his compensation determined in accordance with the factors described above applicable to executive officers generally. Mr. Harrison's base salary was not increased for fiscal 2002 after also remaining unchanged for fiscal 2001. For fiscal 2003, Mr. Harrison's annual salary was increased \$100,000 to \$500,000. Under the revised incentive plans (as discussed above), Mr. Harrison was awarded a \$455,000 cash bonus, which represents 53% of his total cash compensation (base salary plus bonus). In addition, the Board of Directors granted Mr. Harrison options to purchase 600,000 shares of PTC's common stock. The amount of this option grant reflects Mr. Harrison's overall contribution to PTC during fiscal 2002, including his efforts in positioning PTC for future growth and reducing the company's cost structure, and his anticipated future contributions, as well as the factors applicable to executive officers generally described above.

Employment Agreements with Executive Officers

Agreement with Mr. Harrison

Mr. Harrison has an agreement that provides him with certain benefits in the event of a termination of his employment under certain circumstances and upon the occurrence of certain events. If we elect to terminate his employment (other than for “cause,” as defined in the agreement) or effect a “change in status” (which, as defined in the agreement, includes a diminution in title, responsibilities or compensation), he is entitled to receive during the eighteen-month period following such an event (or until such earlier date as he commences employment with another company), a salary at a rate equal, on an annualized basis, to one and one third (1 1/3) times the highest annual salary (excluding bonuses) received by him in the prior six months. The agreement also provides that the outstanding options he holds under our option plans become exercisable (i) in full upon a “change in control” (which in general includes (a) any person or entity becoming the beneficial owner of 50% or more of the voting power of PTC, (b) a change in a majority of our directors or (c) a merger or consolidation in which our stockholders do not have majority voting power of the surviving entity, or (d) the approval by the stockholders of our liquidation or a sale or disposition of all or substantially all of our assets) or upon the death or disability of Mr. Harrison and (ii) for the number of shares of Common Stock for which they would have otherwise become exercisable had his employment continued for one year following a termination of his employment without “cause” or a “change in status.”

Agreements with other Executive Officers

PTC has entered into similar agreements with Messrs. Cohen, Cunningham, and Heppelmann, which provide that (i) in the event we terminate their employment without “cause,” or effect a “change in status” following a change in control of PTC, they are entitled to receive, during the twelve-month period following notice of termination (or until such earlier date as they commence employment with another company), a salary at a rate equal to the highest annual salary (excluding bonuses) received in the prior six months and (ii) in the event of a change in control of PTC, their outstanding options under PTC’s option plans become exercisable in full.

PTC had also entered into agreements with Messrs. Brown and Gillis which provided that (i) in the event we terminated their employment without “cause,” they were entitled to receive, during the six-month period following notice of termination (or until such earlier date as they commence employment with another company), a salary equal to the highest annual salary (excluding bonuses) received in the prior six months and (ii) in the event of a change in control of PTC, their outstanding options under PTC’s option plans would become exercisable in full. In October 2002, Mr. Brown’s status as Executive Vice President, International Sales terminated and pursuant to his agreement he will receive an amount equal to his fiscal 2002 annual salary payable over six months, but not after he commences employment with another company. Mr. Gillis’ agreement terminated upon his resignation in November 2002.

INFORMATION ABOUT OUR AUDITORS

PricewaterhouseCoopers LLP served as PTC's independent auditors for fiscal 2002 and has reported on our 2002 consolidated financial statements. The Board of Directors has re-appointed PricewaterhouseCoopers LLP for fiscal year 2003 and, as described above, is seeking your confirmation of their appointment. Representatives of PricewaterhouseCoopers LLP are expected to be present at our Annual Meeting. They will have the opportunity to make a statement if they so desire and will also be available to respond to appropriate questions from stockholders.

Report of the Audit Committee

The Audit Committee reviews PTC's financial reporting process on behalf of the Board of Directors. In fulfilling its responsibilities, the Committee has reviewed and discussed the audited financial statements for fiscal 2002 with management and the independent auditors. In this process, the Committee met with the independent auditors, with and without management present, to discuss the results of the auditors' examinations, PTC's critical accounting policies and the overall quality of PTC's financial reporting and disclosure controls.

The Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the Committee has discussed with the independent auditors the auditors' independence from PTC and its management, including the matters in the written disclosures received from the auditors as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services to PTC, which are referred to in "Independent Auditors' Fees" below, is compatible with maintaining the auditors' independence.

Based on the Committee's discussions with management, the representations of the independent auditors and the Committee's review of the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited financial statements in PTC's Annual Report on Form 10-K for fiscal 2002 for filing with the Securities and Exchange Commission.

9. Review with management and the independent accountant any material financial or other arrangements of the Corporation that do not appear on the Corporation's financial statements and any transactions or courses of dealing with third parties that are significant in size or involve terms or other aspects that differ from those likely to be negotiated with independent parties, and which arrangements or transactions are relevant to an understanding of the Corporation's financial statements.
10. Review with management quarterly and at the completion of the annual examination:
