**PROXY STATEMENT  
FOR THE  
2016 ANNUAL MEETING OF STOCKHOLDERS  
  
TO BE HELD ON MAY 3, 2016  
SOLICITATION**

This Proxy Statement, being mailed and made available electronically (on our Company website at [www.prim.com](http://www.prim.com)) to stockholders on or about April 11, 2016, is being sent to you by the Board of Directors (the “Board”) of Primoris Services Corporation in connection with our 2016 Annual Meeting of Stockholders (the “Annual Meeting”). The Annual Meeting will take place at 9:00 a.m. Central Time, on Tuesday, May 3, 2016, at the Rosewood Crescent Hotel, located at 400 Crescent Court, Dallas, Texas 75201. You are cordially invited to attend the Annual Meeting and are requested to vote on the proposals described in this Proxy Statement.

***Purpose of the Annual Meeting***

At the Annual Meeting, our stockholders will vote to elect two Class B Directors and will vote to ratify the appointment of Moss Adams, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. In addition, management will report on our performance over the last fiscal year and, following the Annual Meeting, respond to questions from stockholders.

***Materials provided***

The Board sent you this Proxy Statement and the enclosed proxy card in order to solicit your proxy to vote your shares at the Annual Meeting. As a stockholder, you are invited to attend the meeting and are entitled to vote on the items of business described in this Proxy Statement.

***Annual Meeting attendance***

All stockholders as of March 31, 2016 (the “Record Date”), or their duly appointed proxies, may attend the Annual Meeting. You may need to bring personal identification. Gaining admission to the Annual Meeting depends on how your stock ownership is recorded with our transfer agent, Continental Stock Transfer & Trust Company (the “Transfer Agent”). If your stock is held in the name of a bank, broker or other holder of record and you plan to attend the Annual Meeting, please obtain proof of ownership, such as a current brokerage account statement or certification from your broker. If your stock is registered directly in your name with our Transfer Agent, all you need is proof of identity; no proof of ownership is needed.

***Voting at the Annual Meeting***

Holders of our common stock (“Common Stock”) as of the close of business on the Record Date will be entitled to vote at the Annual Meeting. On the Record Date, there were 51,772,497 shares of Common Stock outstanding, each of which is entitled to one vote with respect to each matter to be voted on at the Annual Meeting. There is no stockholder statutory right of appraisal or dissent with respect to any matters to be voted on at the Annual Meeting.

***Quorum requirement***

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the voting power of all outstanding shares of Common Stock entitled to vote shall constitute a quorum for the transaction of business. Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by stockholders will be treated as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

***Stockholder of record & beneficial owner***

All stockholders are invited to attend the Annual Meeting. All shares that have been properly voted and not revoked will be voted at the Annual Meeting. Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are distinctions between shares held of record and those owned beneficially.

*Stockholder of Record*

If your shares are registered directly in your name with the Transfer Agent, you are considered the stockholder of record, and these proxy materials are being sent directly to you by us. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Voting in person at the Annual Meeting— You may vote in person at the Annual Meeting. If you choose to do so, please bring the enclosed proxy card and proof of identification. Even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

Voting without attending the Annual Meeting— Please complete and properly sign and date the accompanying proxy card and return it to the Transfer Agent in the accompanying pre-addressed envelope.

Changing your vote after returning your proxy card— You can revoke your proxy before it is exercised by:

- delivering written notice of revocation of the proxy to our Secretary prior to the Annual Meeting;
- executing and delivering a later dated proxy card to our Secretary; or
- attending and voting by ballot in person at the Annual Meeting.

*Beneficial Owner of Shares*

If your shares are held in a stock brokerage account, by a bank or other nominee, you are considered the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct the stockholder of record how to vote your shares. Your broker, bank or nominee has enclosed a voting instruction card for your use.

Voting in person at the Annual Meeting— You may vote in person at the Annual Meeting by obtaining a signed “legal proxy” from the record holder (e.g., your broker, bank or nominee) prior to the meeting.

Voting without attending the Annual Meeting— If you sign the accompanying proxy card and return it to the Transfer Agent, your shares will be voted as you direct on the proxy card. Please follow the instructions provided by your broker, bank or nominee. You may vote by mail by completing, signing and dating the voting instruction cards provided by your broker, bank or nominee and mailing them to such entities in the accompanying pre-addressed envelopes.

Changing your vote after returning your proxy card— You may submit new voting instructions by contacting your broker, bank or other nominee. You may also vote at the Annual Meeting by following the instructions as described above in Voting in person at the Annual Meeting.

***Required votes to approve each item***

Each outstanding share of Common Stock is entitled to one vote on each proposal at the Annual Meeting. All matters require the existence of a quorum at the Annual Meeting. All proposals require an affirmative vote of the majority of shares represented in person or by proxy. Election of Directors is determined by plurality voting. The individual receiving the largest number of votes for each position will be elected.

In voting on Proposal 1, the election of Directors, you may vote “FOR” the nominee or your vote may be “WITHHELD” with respect to the nominee. A properly executed proxy marked “ABSTAIN” with respect to any other matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. An abstention on Proposal 2 will have the effect of a negative vote on that matter. If you are a beneficial owner, shares represented by broker non-votes (when the broker indicates they do not have their customer’s direction on how to vote, nor has discretionary authority on how to vote) will be counted in determining whether there is a quorum but will not be counted as votes cast on any matter.

***Inspector of elections***

Our Executive Vice President, General Counsel and Secretary, John M. Perisich, will act as Inspector of Elections and oversee the voting results. The Inspector of Elections will also determine the presence of a quorum.

***Voting results of the Annual Meeting***

We will announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on a Form 8-K filing with the Securities and Exchange Commission (“SEC”) within four business days of the Annual Meeting.

***Board recommendations***

The Board recommends a vote:

- FOR Proposal No. 1 to elect each of the two Class B Directors.
- FOR Proposal No. 2 to ratify the appointment of Moss Adams, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

Unless you give other instructions on your proxy card, the individual(s) named as proxy holder on the proxy card will vote in accordance with the recommendations of the Board.

***Expense of soliciting proxies***

We will pay the costs for the solicitation of proxies, including the cost of preparing and mailing this Proxy Statement. Proxies are being solicited primarily by mail, but the solicitation by mail may be followed-up by solicitation in person, or by telephone or facsimile, by our regular employees without additional compensation for such proxy solicitation activity or by a proxy solicitation firm. We will reimburse brokers, banks and other custodians and nominees for their reasonable out-of-pocket expenses incurred in sending proxy materials to our stockholders.

***Stockholder proposal deadline for the 2017 Annual Meeting***

The rules of the SEC establish the eligibility requirements and the procedures that must be followed for inclusion of a stockholder’s proposal in a public company’s proxy materials. Under those rules, proposals submitted for inclusion in our 2017 proxy materials must be received on or before the close of business on the day that is 120 days prior to March 31, 2017. Proposals for inclusion in our 2017 proxy materials must comply with the procedures set forth in Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

In addition to the requirements of the SEC, our Amended and Restated Bylaws (“Bylaws”) provide that in order for a proposal to be properly brought before an Annual Meeting of Stockholders, it must be either: (1) specified in the notice of the meeting given by us, (2) otherwise brought before the meeting by or at the direction of our Board, or (3) properly brought before the meeting by a stockholder entitled to vote at the meeting who complies with the following notice procedures: (i) the stockholder must give timely notice thereof in writing of the business to be brought before such meeting to our Secretary, and (ii) such business must be a proper matter for stockholder action under the Delaware General Corporation Law. Our Bylaws provide that to be timely, a stockholder’s notice must be delivered to our Secretary at our principal executive offices not less than 45 days prior to the first anniversary of the date on which we first mailed our proxy materials for the preceding year’s Annual Meeting. If the date of the subsequent year’s Annual Meeting of Stockholders is changed by more than 30 days from the date of the prior year’s meeting, notice by the stockholder for the subsequent year’s Annual Meeting must be delivered to our Secretary within a “reasonable time” prior to our mailing of the proxy materials for the subsequent year’s Annual Meeting of Stockholders. We expect to announce the date of the 2017 Annual Meeting of Stockholders in early 2017.

If a stockholder proposes to nominate for election or reelection a director, the stockholder’s notice must include all information relating to such director nominee that is required to be disclosed in solicitation of proxies for election of directors in an election contest, or otherwise required, in each case, pursuant to Regulation 14A and Rule 14a-11 under the Exchange Act.

## [Table of Contents](#)

For any business that a stockholder desires to bring before an annual meeting, the stockholder's notice must comply with all applicable requirements of the Exchange Act and the rules and regulations promulgated thereunder, and must include the following:

Any stockholder who intends to present a proposal at the 2017 Annual Meeting of Stockholders must send the proposal via standard mail, overnight delivery or other courier service, to Primoris Services Corporation, 2100 McKinney Avenue, Suite 1500, Dallas, Texas 75201, Attention: Secretary.

The Nominating and Corporate Governance Committee will evaluate recommendations for Director nominees submitted by Directors, management or qualifying stockholders in the same manner, using the criteria stated above and discussed on page 14 in the section entitled "Selection of Board Nominees". All Directors and Director nominees will be required to submit a completed directors' and officers' questionnaire as part of the nominating process. At the discretion of the Nominating and Corporate Governance Committee, the process may also include interviews and additional background and reference checks for non-incumbent nominees.

**MATTERS TO COME BEFORE THE MEETING  
PROPOSAL 1—ELECTION OF DIRECTORS  
(Item 1 on Proxy Card)**

**General Information**

We currently have a classified Board consisting of seven members. Four of our Directors are independent Directors as determined under NASDAQ listing rules. Our Directors are divided into three classes (Class A, Class B and Class C). Directors in each class are elected to serve for three-year terms that expire in successive years. The terms of the Class B Directors Stephen C. Cook and Peter J. Moerbeek expire at the upcoming 2016 Annual Meeting.

In February 2016, the Board of Directors' Nominating and Corporate Governance Committee recommended to the Board the nomination of Stephen C. Cook and Peter J. Moerbeek for re-election as Class B Director for three-year terms expiring at the 2019 Annual Meeting, or until their successors are elected and qualified or their earlier death, resignation or removal. These recommendations were adopted unanimously by the Board. If the nominees become unavailable for any reason, or if any vacancy occurs before the election at the 2016 Annual Meeting (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as the Board may designate.

Each nominee has consented to being named in this Proxy Statement and has agreed to serve if elected. If a quorum is present and voting, the nominees receiving the highest number of votes will be elected as Class B Directors. Abstentions and broker non-votes have no effect on the result of the vote; however, abstentions and broker non-votes will be counted as shares present for purposes of determining the presence of a quorum.

**OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR STEPHEN C. COOK AND PETER J. MOERBEEK AS CLASS B DIRECTORS TO HOLD OFFICE UNTIL OUR ANNUAL MEETING OF STOCKHOLDERS TO BE HELD IN 2019 OR UNTIL THEIR RESPECTIVE SUCCESSORS ARE DULY ELECTED AND QUALIFIED OR UPON THEIR EARLIER DEATH, RESIGNATION OR REMOVAL.**

**Information Regarding Directors and Director Nominees**

The following table sets forth information regarding our current Directors, including the Class B Director nominees up for election at the Annual Meeting. There are no family relationships among any Directors, nominees or named executive officers of the Company. To our knowledge, there are no material proceedings to which any Director or executive officer is a party adverse to the Company or has a material interest adverse to the Company.

He has served from 1974 to 2005 as President at Brown Armstrong Accountancy Corporation, a regional provider of tax, audit, consulting and business services headquartered in Bakersfield, California and is a retired partner. Mr. Brown received a B.S. in Accounting from the University of Arizona. He is a member of the American Institute of Certified Public Accountants, the California Society of Certified Public Accountants and the Colorado Society of Certified Public Accountants.

We believe that Mr. Brown's qualifications to serve on our Board include his in-depth knowledge and understanding of generally accepted accounting principles, his background in tax regulations, experience in preparing, auditing and analyzing financials statements and understanding of the responsibilities and functions of audit committees. The Board determined that Mr. Brown meets the NASDAQ rules for independence and is therefore an independent Director.

## Audit Committee Report

*The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by us under the Securities Act or the Securities Exchange Act, except to the extent we specifically incorporate this report by reference.*

The primary purpose of the Audit Committee is to assist the Board in fulfilling its responsibility to oversee (i) the integrity of our financial statements, (ii) the independent registered public accounting firm's qualifications, independence and performance, (iii) our accounting and financial reporting processes, (iv) our compliance with financial legal and regulatory requirements, and (v) the audits of our financial statements. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee.

Management has the primary responsibility for the preparation of the financial statements and the reporting process. Our management has represented to the Audit Committee that the consolidated financial statements for the fiscal year ended December 31, 2015 were prepared in accordance with generally accepted accounting principles. In addition to its review of the consolidated financial statements and in the performance of its oversight function, the Audit Committee reviewed and discussed with management the critical accounting policies that were applied in the preparation of our consolidated financial statements, and the process for certifications by our Chief Executive Officer and our Chief Financial Officer. Our independent registered public accounting firm is responsible for auditing the consolidated financial statements for the fiscal year ended December 31, 2015. The Audit Committee discussed the results of the work of the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No.16 (Communications with Audit Committees). In addition, the Audit Committee received from the independent registered public accounting firm the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and discussed with them their independence from the Company and its management. The Audit Committee also evaluated whether the independent registered public accounting firm's provision of non-audit services to us was compatible with the auditor's independence and determined it was compatible.

The Board determined that the Audit Committee members meet the independence requirements of Rule 10A-3 of the Exchange Act and applicable NASDAQ independence rules.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, the inclusion of the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the Securities and Exchange Commission.

## CORPORATE GOVERNANCE

We believe that effective corporate governance is an important element of our long-term success and ability to create value for our stockholders. Our Board periodically reviews our existing corporate governance policies and practices, as well as related provisions of the Sarbanes-Oxley Act of 2002, current and proposed rules of the SEC, and the corporate governance requirements of NASDAQ. Based on its review, the Board has approved charters, policies, procedures and controls that we believe promote and enhance our corporate governance, accountability and responsibility and promote a culture of honesty and integrity.

Charters for each of our Board committees are available on the Investor Relations section of our website at [www.prim.com](http://www.prim.com), and copies are available free of charge upon request to our Secretary at Primoris Services Corporation, 2100 McKinney Avenue, Suite 1500, Dallas, Texas 75201.

### Board Independence

The listing standards of NASDAQ require that companies have a board of directors with at least a majority of independent directors. Determining director independence requires that the Board affirmatively determine that the director has no material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

To assist it in making independence determinations, the Board has adopted independence standards, which include the standards required by NASDAQ for independent directors. Under these standards, a director is not independent if:

- The director is, or has been within the last three years, one of our or our subsidiaries' employees, or the director has an immediate family member who is, or has been within the last three years, one of our executive officers;
- The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in compensation from us (other than compensation for Board or Committee service, compensation to a family member who is an employee but not an executive officer, or benefits under a tax-qualified retirement plan or non-discretionary compensation);
- The director is, or has a family member that is, a partner in, or a controlling stockholder or an executive officer of, any organization to which we made, or from which we received, payments for property or services in the current year or in any of the last three years, that exceed 5% of the recipient's consolidated gross revenues for that year or \$200,000, whichever is greater, other than payments arising solely from investments in our securities or payments under non-discretionary charitable contribution matching programs;
- The director, or an immediate family member, is currently employed, or has been employed within the last three years, as an executive officer of another company where any of our present executive officers serves or has served on that company's compensation committee; or
- The director is, or has a family member, that is a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

On the basis of the Board independence standards identified above, and such other factors as the Board may consider from time to time, the Board has affirmatively determined that Messrs. Brown, Cook, Tinstman and Tucker are independent.

### Board Structure and Committee Composition

The Board has: (i) an Audit Committee, (ii) a Compensation Committee, (iii) a Nominating and Corporate Governance Committee and (iv) a Succession Planning Committee. The Board and its Committees meet throughout the year on a set schedule and also hold special meetings, both telephonically and in person, and act by written consent from time to time, as appropriate. During 2015, the Board held a total of seven meetings, the Audit Committee held five meetings, the Compensation Committee held four meetings, the Nominating and Corporate Governance Committee held three meetings and the Succession Planning Committee held four meetings. The independent Directors meet in executive session at meetings of the Board and Committees as necessary. During the Board meetings, all of the independent Directors met in executive session without any management members five times during 2015.

Mr. Pratt, our Chairman of the Board, served as Chief Executive Officer through July 31, 2015. In May 2015, Mr. David L. King became a member of the Board and effective August 1, 2015 was appointed as Chief Executive Officer. In May 2010, Mr. Cook was appointed by the Board as the Lead Director, responsible for chairing the Board meetings in the absence of the Chairman, chairing executive sessions of independent Directors, acting as the principal liaison between the Chairman and the independent Directors and serving as the contact Director for stockholders.

The Board and the Compensation Committee do not make decisions regarding an executive officer's compensation in the presence of such executive officer. The compensation of our Chief Executive Officer and all other executive officers is recommended to the Board of Directors for approval by the Compensation Committee. The Board of Directors act on the recommendations in a vote in which only independent Directors participate and which takes place during executive sessions of independent Board members.

Director nominees are selected or recommended for the Board of Directors' selection by the Nominating and Corporate Governance Committee. The Board of Directors act on the recommendation in a vote in which only independent Directors participate and which takes place during executive sessions of independent Board members.

Each Director attended all of the Board meetings held in 2015. In addition, each Director attended all of the meetings held by all Board committees on which such person served (during the periods that such person served).

The Audit, Compensation and Nominating and Corporate Governance committees operate under written charters adopted by the Board. The Board committee charters are available on the investor relations section of our website at [www.prim.com](http://www.prim.com).

The members of the Board committees are identified in the following table:

<b>Director (1)</b>	<b>Audit Committee</b>	<b>Compensation Committee</b>	<b>Nominating and Corporate Governance Committee</b>	<b>Succession Planning Committee</b>
Brian Pratt				X
Stephen C. Cook	X	Chair	X	X
Thomas E. Tucker	X		Chair	
Peter C. Brown	Chair	X		
Robert A. Tinstman		X	X	Chair

(1) Messrs. Brown, Cook, Tinstman and Tucker are independent Directors.

#### **Audit Committee**

The Audit Committee consists of three persons, all of whom are independent under the NASDAQ listing standards. Members of the Audit Committee must also satisfy additional SEC independence requirements, which provide that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company other than compensation in their capacity as Director, or otherwise be an "affiliated person" of us. The Board has determined that Audit Committee members Messrs. Brown, Cook and Tucker all satisfy the applicable SEC independence requirements. The Board has also determined that each member of our Audit Committee qualifies as independent under Rule 10A-3 of the Exchange Act.

The Audit Committee oversees our accounting and financial reporting processes, internal control systems, independent auditor relationships and the audits of our financial statements. Among other matters, the Audit Committee's responsibilities include the following:

- Selecting and hiring our independent registered public accounting firm;
- Evaluating the qualifications, independence and performance of our independent registered public accounting firm;
- Reviewing and approving the audit and non-audit services to be performed by our independent registered public accounting firm;
- Reviewing with management and our independent registered public accounting firm the results of our annual and quarterly financial statements;

## [Table of Contents](#)

- Overseeing the administration of management’s process for the design, review of adequacy, implementation and effectiveness of our internal controls established for finance, accounting, legal compliance and ethics;
- Reviewing management’s assessment of internal control and steps taken to monitor and control our exposure to financial risk;
- Overseeing the administration of management’s process of reviewing the design, adequacy, implementation and effectiveness of our critical accounting and financial policies;
- Overseeing and monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to our financial statements of accounting matters; and
- Reviewing and approving any related party transactions.

*Audit Committee Financial Expert.* The Board has also determined that Mr. Brown is the Audit Committee “financial expert” as defined under SEC rules and regulations. Management has the primary responsibility for the preparation of the financial statements and the financial reporting processes of the Company. On a quarterly basis, the independent Audit Committee members meet with the auditors without the presence of management. During these independent sessions, the Committee and the auditors discuss, among other things, the acceptability of the Company’s accounting principles, critical accounting policies and sensitive accounting estimates.

### **Compensation Committee**

The members of the Compensation Committee of the Board are Messrs. Cook (Chairman), Brown and Tinstman. All of the members of the Compensation Committee meet the independence requirements of NASDAQ listing standards.

The Compensation Committee monitors and assists the Board in determining compensation for our executive officers and Directors. The Board and the Compensation Committee do not make decisions regarding an executive officer’s compensation in the presence of such executive officer. After the Compensation Committee analyzes compensation issues related to our Chief Executive Officer and other executive officers, it makes a recommendation to the Board’s independent Directors for determination by independent Directors in a vote in which only independent Directors participate. The Compensation Committee has the following authority and responsibilities, among others, with respect to our Director and executive compensation plans:

- Reviewing the goals and objectives of our executive compensation programs and recommending to the Board any changes to these goals and objectives;
- Reviewing our executive compensation plans including incentive, equity-based and benefit plans, and recommending to the Board the adoption of new plans or amendments to existing plans;
- Evaluating annually the performance of the Chief Executive Officer and recommending to the independent members of the Board his or her compensation level based on this evaluation;
- Evaluating annually the performance of the other executive officers of the Company and its subsidiaries and recommending to the independent members of the Board the compensation level of each based on this evaluation;
- Reviewing and recommending to the independent members of the Board, concurrently with the Board’s Audit Committee, any employment, severance or termination arrangements made with any executive officer of the Company or its subsidiaries; and
- Evaluating the appropriate level and types of compensation for Board and Committee service by non-employee Directors and recommending any changes to the Board.

The Compensation Committee has the power to form subcommittees for any purpose that it deems appropriate and may delegate to such subcommittee such power and authority as the Compensation Committee may deem appropriate, provided it does not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Compensation Committee as a whole. The Compensation Committee may consider the recommendations of our Chief Executive Officer in determining the level of compensation of the executive officers of the Company and its subsidiaries. The Compensation Committee has the authority to retain such independent consultants or advisers as it deems necessary and appropriate, including compensation consultants, to advise it with respect to amounts or forms of executive or Director compensation, and may rely on the

integrity and advice of any such advisers. The Compensation Committee also has the sole authority to retain a compensation consultant to assist it in carrying out its responsibilities, including the sole authority to approve the consultant's fees and other retention terms, such fees to be borne by us, and to terminate any such consultant.

The Committee engaged Pay Governance, LLC as its independent advisor in 2012. Prior to their engagement, Pay Governance did not perform any services for the Company. The Committee considered independence factors under Dodd-Frank and NASDAQ rules and concluded that the work performed by Pay Governance did not present any conflicts of interest. Pay Governance advises and consults with the Committee on compensation issues, compensation design and trends, and keeps the Committee apprised of regulatory, legislative, and accounting developments and competitive practices related to executive compensation. Pay Governance reviews, at the direction of the Committee, compensation levels, trends and practices at the discretion of the Committee. Pay Governance does not determine the exact amount or form of executive compensation for any executive officers. See "Compensation Discussion and Analysis—Our Compensation Program." Pay Governance reports directly to the Committee, and a representative of Pay Governance, when requested, attends meetings of the Committee, is available to participate in executive sessions and communicates directly with the Committee Chair or its members outside of meetings. Pay Governance does no other work for the Company."

### **Compensation Committee Interlocks and Insider Participation**

No interlocking relationship exists between any member of our Board and any member of the Board of Directors or compensation committee of any other companies, nor has such interlocking relationships existed in the past.

### **Stockholder Advisory "Say on Pay" Vote**

In our 2011 proxy, we indicated that we believed that seeking stockholder approval advisory votes every third year would provide the most efficient form of communication and would lend itself to the long-term nature of the compensation plans for our management. At the 2011 annual meeting, of those votes that expressed a position on the frequency of pay, 76.25% recommended an advisory vote every three years. After deliberation, the Compensation Committee and the Board adopted the position of asking for an advisory vote every three years. Three years later, at the 2014 Annual Meeting, the stockholders made a non-binding advisory vote with 93.6% approving the Company's executive compensation program. Voting at the 2017 Annual Meeting will include a non-binding advisory vote as to the frequency of the vote and a nonbinding advisory vote approving the executive compensation program.

### **Nominating and Corporate Governance Committee**

The members of the Nominating and Corporate Governance Committee are Messrs. Tucker (Chairman), Cook, and Tinstman. All of the members of the Committee meet the independence requirements of NASDAQ listing standards.

The Nominating and Corporate Governance Committee assists the Board by identifying individuals qualified to become Directors consistent with criteria established by the Board. After the Nominating and Corporate Governance Committee identifies qualified individuals, it makes a recommendation to the Board's independent Directors. Director nominees are selected by a majority of the Board's independent Directors in a vote in which only independent Directors participate. Among other matters, the Committee's responsibilities include the following:

- Evaluating the composition, size and governance of the Board and its committees and making recommendations regarding future planning and the appointment of Directors to committees of our Board;
- Administering a policy for evaluating and considering nominees for election to the Board;
- Overseeing the evaluation of our Board as a whole;
- Reviewing our corporate governance principles and providing recommendations to the Board regarding possible changes; and
- Developing and reviewing our Code of Ethics and assuring that it is appropriate for us.

### **Selection of Board Nominees**

In identifying Board nominees, we may consider individuals who are known to our officers or Directors, or individuals with significant industry or other relevant experience. The Nominating and Corporate Governance Committee's consideration of a candidate as a Director includes assessment of the individual's understanding of our business, the individual's professional and

educational background, skills, expertise, potential time commitment, and other criteria established by the Nominating and Corporate Governance Committee from time to time.

To provide such a contribution to us, a Director must generally possess one or more of the following, in addition to personal and professional integrity:

- Experience in corporate management;
- Experience in our industry;
- Experience as a board member or officer of a publicly held company;
- Experience in financial and accounting matters;
- Diversity of expertise and experience in substantive matters related to our business; and
- Practical and mature business judgment.

The Nominating and Corporate Governance Committee has adopted its own procedures for evaluating the suitability of potential Director nominees, including qualifications for a “financial expert” and financially literate members for the Audit Committee.

### **Succession Planning Committee**

In May 2011, the Board of Directors established a Succession Planning Committee and appointed Mr. Tinstman as Committee Chair with Mr. Pratt, our Chairman, and Mr. Cook, our independent Lead Director, as members. The purpose of the Committee is to coordinate the efforts of the Board and executive management in establishing the processes, procedures and practices that the Board and management will use to meet their succession planning responsibilities, including succession with respect to the position of CEO. In addition, the Committee has established contingency plans for the departure, death or disability of our CEO.

### **Board Role in Risk Oversight**

Our Board is responsible for oversight of our Company’s risks. As with all companies, and especially with construction companies, we face a variety of risks in our business. Many of these risks are discussed in Item 1A, “*Risk Factors*” in our most recent Annual Report on Form 10-K, which was filed with the SEC on February 29, 2016.

The Board believes that having a system in place for risk management and implementing strategies responsive to our risk profile and exposures is the best way to identify in a timely manner specific material risks, but we can give no assurances that we will be able to identify or mitigate all possible risks in advance. In order to more efficiently provide oversight of these material risks, the Board has designated certain risk oversight responsibilities to relevant Board committees. The Audit Committee has the direct responsibility for risk oversight relating to accounting matters, financial reporting, enterprise, legal and compliance risks. To assist in this risk oversight function, the Audit Committee obtains assistance from the following: (1) our Chief Financial Officer, who is responsible for managing our risk management function, (2) our General Counsel, who is responsible for the Company’s third party insurance programs and (3) our independent registered public accounting firm. The Audit Committee meets periodically with management and the independent auditors to review financial exposures. The Compensation Committee is responsible for risks related to employment policies and our compensation and benefits systems. The Nominating and Corporate Governance Committee oversees risks associated with our Code of Conduct, including compliance with listing standards for independent Directors and committee assignments. As necessary, the committee chairmen report any risk-related matters to the full Board at Board of Directors meetings.

While the Board is responsible for risk oversight, the day-to-day risk management is the responsibility of the operating management and executive officers. Our executive officers maintain a significant ownership interest which results in an increased level of awareness of the need of risk management and risk oversight for the long-term benefit of the Company.

### **Code of Ethics**

The Company has a Code of Ethics that complies with the rules and regulations adopted by the SEC and NASDAQ listing standards and are applicable to all of our Directors, officers and employees. The Code of Ethics is available on the Investor Relations section of our website at [www.prim.com](http://www.prim.com). We intend to post amendments to, or waivers, if any, from our Code of Ethics (to the extent

## [Table of Contents](#)

applicable to our Directors or Chief Executive Officer, Principal Financial Officer, or Principal Accounting Officer) at this location on our website. Among other matters, this Code of Ethics is designed to promote:

- Honest and ethical conduct;
- Avoidance of conflicts of interest;
- Full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in our other public communications;
- Compliance with applicable governmental laws and regulations and stock exchange rules;
- Prompt internal reporting of violations of the Code of Ethics to an appropriate person or persons identified in the Code of Ethics; and
- Accountability for adherence to the Code of Ethics.

### **Policy Regarding Director Attendance at Annual Meetings of Stockholders**

Directors are strongly encouraged to attend our Annual Meetings of Stockholders, and we currently expect all of our Directors to be in attendance at the Annual Meeting on May 3, 2016. All the Directors were in attendance at the 2015 Annual Meeting.

### **Stockholder Communications with the Board of Directors**

Stockholders may communicate with any of our Directors, either individually or as a group, by writing to them at Primoris Services Corporation, c/o Secretary, 2100 McKinney Avenue, Suite 1500, Dallas, Texas 75201. Please specify to whom your correspondence should be directed. The Secretary will promptly forward all correspondence to the Board or any specific committee member, as indicated in the correspondence, except for mass mailings, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material. Our Secretary may forward certain correspondence, such as product-related or service-related inquiries, elsewhere within the Company for review and possible response.

### **CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

Our Board has adopted a written policy requiring review, approval and ratification of any related party transaction. All related party transactions may be consummated and continued only if the Audit Committee has approved or ratified such transaction after a review of the relevant facts and circumstances.

The following is a description of related party transactions to which we have been a party, in which the amount involved exceeded \$120,000, other than compensation and employment arrangements described elsewhere in this Proxy Statement. The descriptions are for the annual periods of 2015, 2014 and 2013. We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions below were comparable to terms available or the amounts that would be paid or received, as applicable, in arm's length transactions with independent third parties.

Primoris has entered into leasing transactions with Stockdale Investment Group, Inc. ("SIGI"). Brian Pratt, our Chairman of the Board of Directors and our largest stockholder, holds a majority interest in, and is the chairman, president and chief executive officer and a director of SIGI. John M. Perisich, our Executive Vice President and General Counsel, is secretary of SIGI.

Primoris leases properties from SIGI at the following locations:

1. Bakersfield, California (lease expires October 2022)
2. Pittsburg, California (lease expires April 2023)
3. San Dimas, California (lease expires March 2019)

During the years ended December 31, 2015, 2014 and 2013, the Company paid \$831,000, \$862,000 and \$907,000, respectively, in lease payments to SIGI for the use of these properties.

Primoris leases a property from Roger Newnham, a former owner and current manager of our subsidiary, OnQuest Canada, ULC. The property is located in Calgary, Canada. During the years ended December 31, 2015, 2014 and 2013 Primoris paid \$254,000, \$289,000 and \$295,000, respectively, in lease payments. The current term of the lease is through December 31, 2017.

Primoris leases a property from Lemmie Rockford, one of the Rockford sellers, which commenced November 1, 2011. The property is located in Toledo, Washington. During the years ended December 31, 2015, 2014 and 2013, Primoris paid \$90,000, \$90,000 and \$90,000, respectively, in lease payments. The lease will expire in January 2017.

Primoris leases a property from Quality RE Partners, owned by three of the Q3 Contracting, Inc. (“Q3C”) selling shareholders, of whom two are current employees, including Jay Osborn, an operations president in the West Construction segment. The property is located in Little Canada, Minnesota. During the years ended December 31, 2015, 2014 and 2013, the Company paid \$270,000, \$264,000 and \$264,000, respectively, in lease payments to Quality RE Partners. The lease expires in October 2022. In addition, in November 2015, Q3C purchased construction equipment at fair value from Quality RE Partners for \$589,000. Q3C also leased construction equipment from Mr. Osborn during 2015 for \$36,000 and subsequently purchased the equipment at fair value for \$145,000.

We believe that the amounts that we pay for the leases approximate terms that we could obtain from independent third parties. In addition, any new leases, extensions of lease terms and changes in lease terms or amounts must be approved in advance by the independent directors of the Board of Directors Audit Committee.

## DIRECTOR COMPENSATION

Directors who also are employees of the Company do not receive additional compensation for serving as Directors. Compensation for employee Directors is determined by the Board’s Compensation Committee and is discussed further in the Compensation Discussion and Analysis section of this proxy.

Current compensation for independent Directors of the Company, effective July 1, 2014, includes the following components:

- Cash payments of \$35,000 made for the second and fourth calendar quarters of each year.
- In lieu of cash payments for the first and third calendar quarters of each year, the Directors are issued Common Stock with an approximate aggregate value of \$46,667 each. The Common Stock cannot be traded for a period of one year from the date of issuance. The number of shares is determined using the average of the closing prices of the Company’s Common Stock on NASDAQ for the one-month period prior to the beginning of the quarter. The shares are issued pursuant to the Primoris 2013 Equity Incentive Plan, approved by the stockholders on May 3, 2013 (“2013 Equity Plan”).
- Additional annual cash compensation as follows:
  - \$25,000 to the Chairman of the Board;
  - \$20,000 to the Chairman of the Audit Committee
  - \$15,000 to the Chairman of the Compensation Committee; and
  - \$15,000 to the non-employee chairman of any other committees established by the Board of Directors.

In addition, Directors are reimbursed for expenses incurred in connection with Board and Board Committee meetings and assignments.

Effective July 31, 2015, Brian Pratt relinquished his role of Chief Executive Officer and President. Mr. Pratt remained as Chairman of the Board and assumed the non-employee position of Senior Strategic Advisor. On August 5, 2015, the Board of Directors approved a four year agreement for Brian Pratt’s services as Senior Strategic Advisor. The agreement provides for an annual fee of \$325,000, medical insurance benefits equal to those provided to Company employees, Company-provided automobile insurance coverage similar to that provided prior to the change in his status, up to 100 hours of personal use of any Company owned or leased aircraft per year, and reimbursement of personal use of Company-paid club memberships in Dallas County, Texas and Orange County, California.

The table below details the compensation earned by our non-employee Directors in 2015.

<b>Non-Employee Director</b>	<b>Fees Earned or Paid in Cash</b>	<b>Stock Awards (1)</b>	<b>All Other Compensation (3)</b>	<b>Total</b>

In lieu of issuing stock to Mr. Pratt for the third quarter 2015, the Company paid the equivalent pro rata amount in cash. Note that Mr. Pratt's compensation prior to August 1, 2015 is discussed in the Compensation Discussion and Analysis section of this proxy.
  - (3) All Other Compensation amounts reflected the value of personal use of Company aircraft. The Company determined the value of personal aircraft use using the aggregate incremental cost to the Company, based on the cost of fuel, trip-related maintenance, crew travel expenses, landing fees, trip related costs and smaller variable costs. For tax purposes, income is imputed to the Director for non-business travel based on a multiple of the Standard Industry Fare Level (SIFL) rates.

The following table sets forth information with respect to beneficial ownership of Common Stock for (a) those persons known by management of the Company to beneficially own 5% or more of our Common Stock (other than executives and Directors), (b) each Director and Director nominee, (c) the Named Executive Officers listed in the Summary Compensation Table under “Executive Compensation” (which includes (i) our current Chief Executive Officer, (ii) our current Chief Financial Officer, (iii) our two other executive officers and (iv) our two most highly compensated employees who are not executive officers), and (d) all of our executive officers and Directors as a group. The information for the officers and Directors is provided as of March 31, 2016 and the information for 5% or more stockholders is as of the most recent filing with the SEC. Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power with respect to securities. To our knowledge, the persons named in the table have “sole voting and investment power” and “shared voting and investment power”, with respect to all shares of Common Stock beneficially owned, subject to community property laws where applicable.

#### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our officers, Directors and persons who beneficially own more than ten percent (10%) of a registered class of our equity securities to file reports of securities ownership and changes in ownership with the SEC.

As of the date of this Proxy Statement, and based solely on our review of the copies of such reports furnished to us and written representations from our executive officers and Directors, we believe that all reports needed to be filed by current Section 16 reporting persons were timely filed for the year ended December 31, 2016 and through April 4, 2016, with the exception of four Form 4 reports filed on December 11, 2015 for restricted stock issued to the independent Directors on August 3, 2015 as part of their third quarter 2015 Director compensation program. Each of the four Directors, Messrs Brown, Cook, Tinstman and Tucker, were issued 2,090 shares of common stock.

## **EXECUTIVE COMPENSATION** **Compensation Discussion and Analysis**

This section discusses the oversight of our executive compensation program by the Compensation Committee of the Board of Directors and provides a discussion of the compensation earned in 2015 by our executive officers. At December 31, 2015, the following were designated by the Board of Directors as the executive officers of the Company:

- David L. King, 63, President and Chief Executive Officer (CEO) since August 1, 2015, and prior to that Executive Vice President, Chief Operating Officer;
- Peter J. Moerbeek, 68, Executive Vice President, Chief Financial Officer (CFO); and
- John M. Perisich, 51, Executive Vice President, General Counsel and Secretary.

In addition, the discussion will encompass compensation earned by our Chairman for his service as CEO for part of 2015 and the compensation earned by our two most highly compensated employees who are not executive officers, as follows:

- Brian Pratt, current Chairman and former CEO and President through July 31, 2015;
- Timothy R. Healy, 56, Co-President, ARB, Inc. (Industrial); and
- Scott Summers, 57, Co-President, ARB, Inc. (Underground).

These six persons are referred to as Named Executive Officers (“NEOs”) in the following discussion.

### ***Overview***

Our management compensation programs apply broadly to all officers and management persons at the Company with modifications to reflect the different management levels and types of responsibilities. The Company’s goal is to align compensation so that all management is committed to the Company’s corporate objectives of achieving both near- and long-term profitable growth.

In overseeing the executive compensation policies and practices for the Company, the Compensation Committee recognizes several unique cultural elements associated with the transition in July 2008 from a successful privately owned company to a successful publicly traded company. Our present Chairman and former CEO became majority owner of the private company in 1983 and has served as CEO through July 31, 2015. Just prior to the time that we became a publicly traded company, ownership was held by 42 employees, directors and associates, all of whom had purchased their ownership interest. Additionally, a significant part of our acquisitions of James Construction Group in 2009 and Rockford in 2010 involved issuing Company stock which added to the number of executives and managers who own Company stock as a material part of their personal wealth. Many of these former owners have remained executives and managers, and a significant portion of their personal wealth results from their ownership of our stock. This ownership helps align the interests of many of the Company’s executives and managers with those of our stockholders.

To help maintain the ownership culture, the Compensation Committee has approved the following during the past few years:

- For significant acquisitions, the issuance of shares as part of the purchase price, especially to owners who will continue as Company employees;
- Grant of 48,512 Restricted Stock Units (“Units”) vesting over a three-year period to our current CEO at the time of his hire in 2014 and a grant of 100,000 Units vesting over a four-year period to our CFO in 2013; and
- Offering discounted shares to executives and managers as part of our Long-term Retention Plan (“LTR Plan”).

Prior to becoming a public company, it was our practice to provide annual discretionary bonus awards based both on overall financial and non-financial performance. These discretionary awards were not tied to attaining a specific financial result; that is, there was no mathematical formula for determining bonus amounts. The Compensation Committee has retained this practice. The Committee believes that based on the history and culture of the Company, the discretionary approach has served to recognize performance for the executive management team. The Committee also notes that the largest annual discretionary bonus amount awarded since 2008 has been \$500,000.

The Compensation Committee recognizes that as the Company grows, as some executives roles change and as new executives are recruited, we may need to consider changes that could align our practices more closely with those of other publicly traded companies. These practices may include establishment of more formulaic annual incentive calculations, a more formulaic total bonus amount and an increased emphasis on equity awards. In addition, opportunity for equity awards may be required to attract executives. As discussed later in this Compensation Discussion and Analysis, the Committee adopted a formula to calculate a portion of the CEO's annual incentive bonus when David L. King was promoted to CEO in August 2015.

Based on our overall financial performance since becoming a public company and the fact that there has been minimal turn-over at the senior and executive management levels of the Company, we believe that our current compensation practices and ownership culture have served our stockholders well.

### ***Shareholder "Say-on-Pay" Vote***

At our Annual Meeting of Stockholders in May 2014, 93.6% of votes cast on our advisory vote on executive compensation (say-on-pay proposal) were voted in favor of the proposal.

### ***2015 Performance Highlights***

To put the compensation decisions in context, the following summarizes the Company's results for 2015:

- Revenues decreased by 7.5% to \$1.9 billion from 2014; and, earnings per share decreased by 41.8% to \$0.71 per share compared to \$1.22 per share in 2014, reflecting the challenging weather and market factors of 2015.
- Total stockholder return for the five-year period ending December 31, 2015 was in excess of 185%; however, for the year 2015, total shareholder return decreased by 4.2%. During 2015, our share price decreased from \$22.99 per share at December 31, 2014 to \$22.03 per share at December 31, 2015. This 4.1% price decline compared to a decline of 12.3% for the same period for the ten companies identified in the "Role of Benchmarking" section below.
- In 2015, cash flow from operations was \$48.4 million, an increase of \$12.3 million, compared to 2014 cash flow from operations of \$36.1 million. At December 31, 2015, year-end cash and cash equivalents was \$161.1 million, an increase of \$21.6 million, compared to December 31, 2014 year-end cash and cash equivalents of \$139.5 million.
- Tangible net worth increased by \$27.8 million to \$322.6 million.

The Committee noted that of the \$0.51 decline in earnings per share, 82% occurred during the first half of 2015, especially in the second quarter, reflecting the impact of adverse weather conditions.

### ***Compensation Philosophy***

Our goal is to create an executive compensation program that will adequately reward our executives for their roles in creating both near-term and long-term value for our stockholders without encouraging or rewarding excessive risk. The Compensation Committee is charged with reviewing our executive officers' cash compensation and equity holdings to determine whether these provide adequate incentives and motivation to our executive officers and whether they adequately compensate the executive officers relative to comparable officers in other companies within our industry. Our goal is to be competitive with other similarly situated companies in our industry and to attract, retain and motivate key executives.

### ***Processes and Procedures for Determining Executive Compensation***

The following describes the roles of the key participants and sources of information in the process of setting compensation.

#### **The Role of the Compensation Committee**

The Compensation Committee reviews and approves compensation and benefit policies and objectives, determines whether our officers, directors and employees are compensated in general according to these objectives, and carries out certain of the Board's responsibilities relating to the compensation of our executives. The Compensation Committee operates under a charter approved by the Board. All of the Compensation Committee members meet the NASDAQ independence standards, are "Non-employee" Directors as defined by the Exchange Act and are "outside Directors" as defined by Section 162(m) of the Internal Revenue Code.

For our executive's compensation, the Compensation Committee approves the structure of the compensation program. In addition, the Committee directly sets compensation for the Company's senior officers, including all NEOs. The Compensation Committee is involved in all matters where approval is appropriate for tax or regulatory reasons.

#### The Role of the Board of Directors

The Board provides final approval of Compensation Committee recommendations for compensation changes for the executive officers. This approval is obtained at an independent Director session without the presence of management Directors.

#### The Role of Executives

Our CEO is responsible for reviewing the compensation and performance of all the executive officers. He makes recommendations to the Compensation Committee for adjustments in compensation, for annual short-term bonus amounts and for any other compensation changes including any equity awards. The Compensation Committee uses the CEO's recommendations and its evaluation of current individual and business performance and historical individual and business performance to review and approve annual bonus amounts. Our CEO is not present during and does not participate in the discussion of any elements of his compensation with the Compensation Committee.

Our CFO facilitates the flow of information among the Company, the compensation consultant and the Compensation Committee. In this role, he communicates with the compensation consultant at the direction of the Compensation Committee.

#### The Role of External Advisors

The Compensation Committee has engaged Pay Governance, LLC as an independent consulting resource to help it with its responsibilities. Information and advice provided by Pay Governance includes a review and critique of our executive compensation philosophy and strategies; and when requested, a competitive analysis of competition program design; and a presentation updating market trends. Pay Governance attends Compensation Committee meetings as requested by the Compensation Committee and conducts private meetings with the Compensation Committee without management representatives at the Committee's request.

#### The Role of Benchmarking

We believe that it is helpful when making compensation-related decisions to be aware of current practices at similarly situated publicly held companies in engineering, construction and related industries. The Compensation Committee periodically considers the compensation levels at other companies in our industry. We do not view benchmarking as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us. In using its collective judgment in setting executive pay, the Compensation Committee may use benchmarking as one consideration; however, at this time the Compensation Committee's decisions are based primarily on recommendations from our CEO, the Compensation Committee's evaluation of the executive's performance, the overall Company performance and our overall compensation strategy. We reviewed the most recent proxy information available for the following 10 publicly traded engineering and construction companies (primarily 2014 information): Chicago Bridge & Iron Company, EMCOR Group, Inc., Fluor Corporation, Granite Construction, Inc., KBR, MasTec, Inc., Matrix Service Company, Quanta Services, Inc., Sterling Construction Company, Inc. and Willbros Group, Inc. We found that our CEO's total 2015 compensation, using the "Total" amount from the Summary Compensation Table, was in the lower half of the peer companies' CEOs on an absolute basis and in the lower half when total compensation was normalized for annual revenue.

#### ***Components of Executive Officer Compensation***

The primary elements of our executive officer compensation program consist of base salary, an annual short-term bonus, and participation in the Company's LTR Plan which can assist in accumulation of equity.

- Base salary provides a fixed level of cash compensation that recognizes the value of an individual's role in the Company. Salary is influenced by the executive's specific role and responsibilities, the executive's skill and performance and the executive's experience, as well as the executive's future potential and internal pay equity. The executive's compensation has two primary components: salary and the annual long-term retention plan which includes both cash and equity. We view the two components of executive compensation as related, but each is a distinct part of overall compensation. Although our Compensation Committee reviews total compensation, we do not believe that significant compensation derived from one component of compensation should negate or reduce compensation from other components. We anticipate determining the appropriate level for each compensation component based in part, but not exclusively, on our view of internal equity and consistency, individual performance and other information deemed relevant and timely.

- Annual short-term bonuses provide a cash incentive bonus to focus executives on achieving key operational and financial objectives within a yearly time horizon and to provide a reward for annual performance. In general, we do not have a specific award opportunity target amount. All of our executive officers are participants in the LTR Plan and annual bonus amounts are paid out under the terms of that Plan.

The LTR Plan combines elements of an annual bonus and a longer-term equity opportunity with the intent to provide an incentive for continuing employment. Under terms of the LTR Plan, annual bonus amounts are paid over a two-year period with one-half of the amount payable immediately and one-half deferred for one year. The deferred amount is a general obligation of the Company, but provides no interest or other income to the participants. Except in the case of death, disability or involuntary separation from service, the deferred compensation is generally vested to the participant only if employed by the Company on the payment date of bonus amounts the following year. The amount of compensation deferred under this plan is calculated each year based on the current year bonus amount. Participation in the LTR Plan is based on the recommendation of a senior manager and approval of the CEO and is elective to each participant. Participants have the ability to voluntarily resign from the plan prior to the end of each calendar year.

- Equity awards provide an opportunity to align the interests of executives with stockholders by linking a portion of the executive's compensation opportunity to share price performance. Equity awards also help provide long-term accountability for executives by offering opportunity for capital accumulation for executives.

For 2015, the LTR Plan allows each participant the opportunity to designate an amount of their annual bonus to purchase Company Common Stock at a 25% discount to the average market price of the Company's shares for the month of December 2015, which was \$22.33 per share, resulting in LTR Plan shares available for purchase at \$16.84 per share. Each participant can designate up to 1/6 (16.67%) of their annual bonus; the designation must have been made prior to the end of December 2015. Discounted shares purchased cannot be sold for six months after issuance. Shares are issued under the provisions of our 2013 Long-term Incentive Equity Plan ("2013 Equity Plan") which was approved by our stockholders and adopted by the Company on May 3, 2013.

In addition to the LTR Plan, the Compensation Committee considers and approves any recommendations made by the CEO for special equity awards for retention, hiring or other purposes. To date, the Committee has approved the following issuance of equity grants under the 2013 Equity Plan:

- On May 3, 2013, the Company entered into a Restricted Stock Unit Agreement ("RSU Agreement") with a grant of 100,000 Restricted Stock Units ("Units") made to our CFO for retention purposes. On the grant date, the market value was \$21.98 per Unit. Commencing annually on May 10, 2014 and ending April 30, 2017, the Units will vest in four equal installments. As of March 31, 2016, a total of 50,000 Units had vested, with these vested Units accruing "Dividend Equivalent Units" (as defined in the 2013 Equity Plan). At March 31, 2016, a total of 701 Dividend Equivalent Units were accrued and vested. In the event of termination not for cause, disability, death or on a change of control, as these terms are defined in the RSU Agreement, vesting will be accelerated.
- On March 24, 2014, the Company entered into an RSU Agreement with a grant of 48,512 Units made to our COO (now our CEO) as part of the hiring process. The Units had a market value of \$30.92 per Unit on the grant date. The Units vested 50% on September 23, 2015 and 50% on March 23, 2017. At March 31, 2016, a total of 190 Dividend Equivalent Units were accrued and vested. In the event of termination not for cause, disability, death or on a change of control, as these terms are defined in the RSU Agreement, vesting will be accelerated.
- Benefit plans provide for opportunities to contribute to retirement savings and promote health and wellness. We have established and maintain various employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all employees and do not discriminate in favor of executive officers. We may provide some other prerequisites to our executives that are not available to our employees generally.

### ***Compensation Committee Pay Decisions***

#### *2015 Base Salary Amounts*

In accordance with Company practices, base salaries for all employees are reviewed annually in July. For the NEOs, with the exception of the CEO, the Committee reviewed the recommendations from both Mr. Pratt and Mr. King. Mr. King's salary increase was negotiated as part of his employment agreement on his selection as CEO effective August 1, 2015. The following table shows changes approved by the Compensation Committee:

<u>Name</u>	<u>2015 Base Salary (\$)</u>	<u>2014 Base Salary (\$)</u>	<u>\$ increase</u>
David L. King (1)	685,000	525,000	160,000
Brian Pratt (2)	N/A	675,000	N/A
Peter J. Moerbeek	490,000	475,000	15,000
John M. Perisich	400,000	375,000	25,000
Timothy R. Healy	440,000	425,000	15,000
Scott Summers	440,000	425,000	15,000

- (1) Mr. King served as President and CEO from August 1, 2015 through December 31, 2015. Mr. King was Chief Operating Officer (COO) prior to August 2015.
- (2) Mr. Pratt served as President and CEO from January 1, 2015 through July 31, 2015.

#### *Annual Short-Term Bonus Amounts*

The Compensation Committee recognizes that historically there have been no specific targets against which to calculate annual bonus amounts. While the goal of the executive management team is to continue to profitably grow the value of the business over the long term, it has been the Company's practice not to set specific individual goals for any of the executives at the start of each year. Instead, at the end of the year, the CEO and the Compensation Committee review the overall performance of the Company and the contributions made by the top executives.

In determining its recommendations for 2015 short-term bonus amounts for the six persons under its purview, the Compensation Committee considered the Company's overall performance as summarized in the 2015 Highlights section above, and for the NEOs, excluding the CEO, the Compensation Committee discussed with the CEO the performance of the executive management team.

Mr. King's employment agreement, effective at the time that he became CEO on August 1, 2015, established two annual bonus provisions, each with a maximum amount of up to 75% of his annual salary. The first provision requires the establishment of measurable performance targets while the second provision remains discretionary for the Compensation Committee.

To determine the incentive amount for the measurable targets, the Committee used the pro-rata portion of Mr. King's annual salary for the period August 1, 2015 through December 31, 2015 multiplied by 75% to establish a maximum bonus potential. The Committee then approved two criteria as the targets: one relating to diluted earnings per share for the period and one relating to new business signed (bookings) for the period. For each target, a minimum amount was established. If diluted earnings per share or bookings did not attain the minimum amount, no bonus would be paid for that target. Additionally, a maximum target amount was established for each target. Performance beyond the maximum amount would not result in an additional bonus beyond the maximum bonus potential. Performance between the minimum and maximum amounts was calculated for each target on a pro-rata basis. The measurable targets were adopted by the Committee on September 2, 2015. Based on the performance of the Company toward attaining the two measurable targets, the Committee determined that Mr. King achieved 5% of the 2015 targets, resulting in a bonus of \$14,271.

The Committee reviewed Mr. King's performance for determining the discretionary part of his bonus for his service as COO (January through July 2015) and CEO (August through December 2015). During the process, the Committee met with Mr. Pratt to discuss his recommendations for Mr. King. The Committee considered non-financial measures, such as the significant improvement in the Company's safety record during 2015 and decided to recommend a discretionary bonus amount of \$500,000 for 2015.

The Committee also reviewed the performance of Brian Pratt for his tenure as CEO from January 1, 2015 through July 31, 2015. The Committee determined that in spite of the impact of the adverse weather conditions, Mr. Pratt had provided outstanding leadership throughout the period, including during the leadership transition. The Committee decided to recommend a discretionary bonus amount of \$200,000.

The Compensation Committee then met in executive session to make the NEO bonus recommendations using its professional judgment and experience and a comparison to prior performance and annual period levels. The Compensation Committee approved overall bonus amounts for the Company and recommended annual bonus amounts for the following executive officers. These recommendations were approved by the independent Directors of the Board, voting in an executive session.

<u>Name</u>	<u>2015 Bonus Amount (\$)</u>	<u>2014 Bonus Amount (\$)</u>	<u>\$ increase</u>

Brian Pratt (2)	200,000	100,000	100,000
Peter J. Moerbeek	335,000	325,000	10,000
John M. Perisich	335,000	325,000	10,000
Timothy R. Healy	250,000	250,000	—
Scott Summers	500,000	125,000	375,000

- (1) Mr. King served as President and CEO from August 1, 2015 through December 31, 2015. Mr. King was Chief Operating Officer (COO) prior to August 2015.
- (2) Mr. Pratt served as President and CEO from January 1, 2015 through July 31, 2015.

#### *Equity Awards*

All of the NEOs are participants at the maximum level in the LTR Plan. The executives designated approximately \$322,000 of their bonus amount to purchase 19,250 shares, representing 21.5% of the total shares purchased under the LTR Plan.

#### **Other Compensation Items**

##### *Pay Recoupment (Clawback) Policy*

At this time, the following applies to executive officers: If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company as a result of misconduct with any financial reporting requirement under the securities laws, any participant who knowingly or through gross negligence engaged in the misconduct, or who knowingly or through gross negligence failed to prevent the misconduct, and any participant who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, shall reimburse the Company the amount of any payment in settlement of an award earned or accrued during the twelve (12) month period following the first public issuance or filing with the SEC (whichever first occurred) of the financial document embodying such financial reporting requirement. The Board has sole discretion to make any and all decisions under this policy.

In July 2015, the SEC proposed new Exchange Act Rule 10D-1 to require national securities exchanges to adopt listing rules that require listed companies to adopt and disclose clawback policies. Once the SEC adopts the rule, the listing exchanges will have 90 days to implement the rule which must be made effective within one year of adoption by the exchange. Listed companies will then have a period of up to 60 days to implement the rule.

##### *Risk Assessment*

The Compensation Committee considered the risks associated with the Company's compensation policies and practices for executive officers and determined that it did not identify any risks that are reasonably likely to have a material adverse effect on the Company. This conclusion was based on the following considerations:

- Extensive stock ownership by the executive management team.
- Conservative amount of the discretionary annual incentive compensation. Since 2008, the largest annual incentive award made to an individual has not exceeded \$500,000.
- Balanced approach to viewing Company performance and determining bonuses.
- Long-term nature of the executive team evidenced by negligible turn-over in executive management over time.

##### *Executive Ownership Guidelines*

We encourage our executives to own Company Common Stock because we believe that stock ownership provides a strong alignment of interests between executives and stockholders. Because most of our executives were significant owners in our predecessor companies or acquired significant stock ownership at the time of an acquisition, the Compensation Committee does not believe that a specific stock ownership goal would be meaningful at this time.

*Tax Matters*

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million in any one year with respect to its CEO and each of the next three most highly compensated executive officers (excluding the CFO). Certain performance-based compensation, however, is not subject to the deduction limit. The Company structured the 2013 Equity Plan with the intention that certain performance awards made under the plan would qualify for tax deductibility. The Compensation Committee recognizes that certain incentive or retention stock awards may not qualify for tax deductibility above the Section 162(m) \$1 million limitation.

**Employment Agreements for Named Executive Officers**

From 2008 through 2011, the Company entered into five year employment agreements with its executive officers. These agreements have expired.

At the time of his selection as CEO, effective August 1, 2015, the Company entered into a five year employment agreement with David L. King, setting out his annual base salary, plus a discretionary performance bonus opportunity and a measurable performance bonus opportunity, both of which can be paid in cash or discounted stock. In the event of termination without cause, by death, disability or change of control, certain severance benefits will be paid, including a lump sum payment of 100% of base salary, a pro rata portion of a bonus, up to one year of the employee's share of the premium for Cobra medical benefits, and acceleration of any shares obtained through bonus amounts.

**Compensation Committee Report**

The Compensation Committee of the Board of Directors has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included herein and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

- (1) Salary includes all regular wages paid to the NEO and any amount that was voluntarily deferred by the NEO pursuant to our 401(k) Plan.
- (2) Bonus amounts shown in this column includes any bonus amount that has been deferred to the following year under the Company’s LTR Plan. Participants in the LTR Plan must defer 50% of the annual award. Except in case of death, disability, retirement, involuntary separation from service, or approval by a special LTR Plan committee, the deferred compensation amount is paid to the participant only if employed by the Company on the payment date of bonus amounts the following year.
- (3) On May 3, 2013, the Board entered into an RSU Agreement granting 100,000 Units to Mr. Moerbeek under the 2013 Equity Plan. Each Unit represents the right to receive one share of Common Stock. Commencing annually on May 10, 2014 and ending April 30, 2017, the Units will vest in four equal installments. As of March 31, 2016, a total of 50,000 Units had been vested, with the vested Units accruing “Dividend Equivalent Units” (as defined in the 2013 Equity Plan) and is reflected as additional compensation earned by Mr. Moerbeek. At March 31, 2016, there were a total of 701 Dividend Equivalent Units accrued and vested. An additional 25,000 Units will vest on April 30, 2016.

On March 24, 2014, the Board entered into an RSU Agreement granting 48,512 Units to David L. King, our COO. Such Units vest 50% on September 23, 2015 and 50% on March 23, 2017. Similarly, additional Units will be earned as “Dividend Equivalent Units” on vested Units. A total of 24,256 Units had been vested as of March 31, 2016, with the vested Units accruing “Dividend Equivalent Units” (as defined in the 2013 Equity Plan) and is reflected as additional compensation earned by Mr. King. At March 31, 2016, there were a total of 190 Dividend Equivalent Units accrued and vested. An additional 24,256 Units will vest on March 24, 2017.

The amount shown in this column represents the aggregate grant date fair value of the Units granted by our Board of Directors computed in accordance with FASB ASC Topic 718. The fair value on the grant date for the Mr. Moerbeek Units was \$21.98 per share and for Mr. King was \$30.92 per share, both based on the market closing price of our stock on the grant date. These amounts reflect our accounting expense to be recognized over the vesting period of the Unit’s awarded, and do not correspond to the actual value that will be recognized by the NEO. No Units were granted to our NEOs in 2015.

(4) All other compensation for the NEOs includes the following:

(a) All participants in the LTR Plan have the ability to purchase Company Stock at a 25% discount to the market price using up to one sixth of the participant’s current year earned bonus amount. For 2015 participants, the discounted price was \$16.75 per share based on the average closing price of the shares in December 2015. For 2014 participants, the discounted price was \$16.84 per share based on the average closing price of the shares in December 2014. For 2013 participants, the discounted price was \$21.57 per share based on the average closing price of the shares in December 2013. The amounts shown in this column represent the difference between the discounted purchase price and the market price on the date that the executive was issued the shares.

(b) For 2015 and 2014, the Company determined the value of personal use of the Company aircraft by the aggregate incremental cost to the Company, based on the cost of fuel, trip-related maintenance, crew travel expenses, landing fees, trip-related hangar costs and smaller variable costs. For tax purposes, income is imputed to the executive for non-business travel based on a multiple of the Standard Industry Fare Level (SIFL) rates.

For prior years, the amount charged to the executive as compensation for use of the Company airplane is based on equivalent aircraft charter rates in the southern United States geographic areas. Compensation is calculated based on non-business-related airborne hours.

- (5) Effective August 1, 2015, Brian Pratt relinquished his role of Chief Executive Officer and President. Mr. Pratt remains as Chairman of the Board and assumed the non-employee position of Senior Strategic Advisor. The table shows compensation related to Mr. Pratt's employment through July 31, 2015.

**Grants of Plan-Based Awards, Outstanding Equity Awards at Fiscal Year-End, Options Exercised and Stock Grants Vested**

The following table sets forth information regarding the Units granted to our NEOs during 2013 through 2015 under the 2013 Equity Plan.

*Grants of Plan-Based Awards*

	<u>Grant Date</u>	<u>All Other Stock Awards: Number of Shares of Stock or Units (a)</u>	<u>Grant Date Fair Value of Stock and Option Awards (\$) (b)</u>
Peter J. Moerbeek	May 3, 2013	100,000	2,198,000
David L. King	March 24, 2014	48,512	1,500,000

- (a) The Unit awards reported in this column and the "Grant Date Fair Value of Stock and Option Awards" column represent long-term equity incentive awards granted by the Board of Directors under the 2013 Equity Plan. Excluded from this table are the Dividend Equivalent Units provided for under the RSU Agreement grant, totaling 891 Dividend Equivalent Units accrued and vested at March 31, 2016. These equity awards are disclosed in the Summary Compensation Table for fiscal years 2015 and 2014 and the Outstanding Equity Awards at Fiscal Year-End table and therefore do not constitute additional compensation not otherwise reported in this Proxy Statement.

- (b) The fair value of the Units are based on the closing market price of our Common Stock on the grant date.

*Outstanding Equity Awards at Fiscal Year-End*

		<u>Stock Awards</u>	
	<u>Stock Grant Date</u>	<u>Number of Shares or Units of Stock That Have Not Vested (a)</u>	<u>Market Value of Shares or Units of Stock That Have Not Vested (\$) (b)</u>
Peter J. Moerbeek	May 3, 2013	50,000	1,101,500
David L. King	March 24, 2014	24,256	534,360

- (a) Equity awards listed in this column represent Units awarded to the NEOs under the 2013 Equity Plan.

A total of 25,000 Units granted to Mr. Moerbeek vest annually beginning on May 10, 2014 and ending April 30, 2017. As of March 31, 2016, a total of 50,000 Units had vested, with a total of 701 "Dividend Equivalent Units" (as defined in the 2013 Equity Plan) accrued and vested as of March 31, 2016. An additional 25,000 Units will vest on April 30, 2016.

On September 23, 2015, 50% of the Units granted to Mr. King vested and 50% will vest on March 23, 2017, with a total of 190 Dividend Equivalent Units accrued and vested as of March 31, 2016.

- (b) Market value is calculated by multiplying the number of Units that have not vested by the closing market price of our Common Stock on December 31, 2015, which was \$22.03 per share.

There were no other grants of plan-based awards to the NEOs during the calendar years 2015, 2014 or 2013. The LTR Plan provides participants an option to buy shares at a discount but does not grant shares of stock. The purchased shares are issued under the 2013 Equity Plan.

**Equity Compensation Plan Information**

The Company has adopted a long-term incentive plan for certain managers and its senior executives. The plan provides for both the deferral of one-half of each participant’s annual earned bonus for one year and allows the participant the opportunity to purchase Company Common Stock at a 25% discount to the market price for up to one-sixth of the participants earned bonus amount. Shares are issued under provisions of the 2013 Equity Plan. Other than the Units issued to our CEO and CFO, there were no other grants of plan-based awards made in the current fiscal year, nor in prior years.

The following table lists the number of shares of Common Stock purchased by the NEOs under the long-term incentive plan for each year:

	2015 No. of Shares	2014 No. of Shares
David L. King	5,118	3,959
Brian Pratt	—	990
Peter J. Moerbeek	3,334	3,217
John M. Perisich	3,334	3,217
Timothy R. Healy	2,488	2,475
Scott Summers	4,976	1,238
Total issued to Named Executive Officers	19,250	15,096

Each of the NEOs purchased the maximum number of shares allowed under the terms of the LTR Plan, representing 26.1% and 21.5% of the purchases for the 2015 and 2014 LTR Plan years, respectively.

**Potential Payments Upon Termination**

The Company has an employment agreement with David L. King, the President and Chief Executive Officer. There are no other employment agreements with the other NEOs. The terms of Mr. King’s employment agreement provides that we must pay certain severance benefits in the event Mr. King is terminated by us other than for “cause”, including salary continuation for a twelve month period. For purposes of the following table, it will be assumed that the other NEOs receive salary continuation for a six month period, in accordance with their prior agreements.

The following table shows amounts that would be payable to each of our NEOs under the scenario that the executive is terminated without cause or leaves due to death or disability. The table assumes that the terminating event occurred on June 30, 2016.

	Base Salary (1)	Equity (2)	Bonus (3)	Health Care Benefits (4)	Accrued Vacation (5)	Total (6)
David L. King	\$ 685,000	\$ 1,070,261	\$ 428,386	\$ 17,628	\$ 39,519	\$ 2,240,794
Peter J. Moerbeek	\$ 245,000	\$ 553,526	\$ 290,000	\$ 6,052	\$ 28,269	\$ 1,122,847
John M. Perisich	\$ 200,000	\$ —	\$ 267,500	\$ 18,760	\$ 23,077	\$ 509,337
Timothy R. Healy	\$ 220,000	\$ —	\$ 235,000	\$ 18,760	\$ 25,385	\$ 499,145
Scott E. Summers	\$ 220,000	\$ —	\$ 360,000	\$ 18,760	\$ 25,385	\$ 624,145

- (1) Calculated as a lump sum payment equal to one-half of one year’s base salary (100% of one year for Mr. King).
- (2) Represents accelerated vesting, as of June 30, 2016, of Units granted under the terms of the RSU Agreement and the accelerated vesting of “Dividend Equivalent Units”. The value is based on the closing price of our Common Stock at December 31, 2015.
- (3) In the event of termination without cause, or by death or disability, calculated as a lump sum payment equal to the bonus amount that would have been paid for the calendar year in which the termination occurs, determined after the end of the calendar year, pro rata to the date of termination. For purposes of this table, it was assumed that 25% of base salary would be paid. In addition, for participants in the Company’s Retention Plan, includes any deferred amounts in accordance with the terms of that plan.

- (4) In the event of the executive's termination without cause or disability, he is entitled to one year of healthcare benefits. The amount reflects both the employee and employer portion of health care premium costs.
- (5) Each executive is allowed an accrual of up to three weeks of vacation. For purposes of this table, it was assumed that the full three weeks would be paid upon termination.
- (6) Other than the Units granted under the RSU Agreements described above, there have been no stock options or other stock compensation granted to any NEO. Additionally, each NEO participates in the Company life insurance program, and in the event of death, such employee's beneficiary would also receive a lump sum \$50,000 payment.

### **Retirement Plans**

We contribute to two plans that provide benefits to all employees. The plans do not provide any benefits for any executives other than those provided to all employees.

Our 401(k) Plan is qualified as an employee retirement plan under Section 401(a) and 401(k) of the Internal Revenue Code. Participation is optional for employees once they are eligible to participate.

We also provide for a "Registered Retirement Saving Plan—Deferred Profit Sharing Plan" for certain Canadian employees. We make contributions based on a percentage of the amount of income deferred by the employee. No NEO is eligible for this plan.

### **2013 Equity Incentive Plan**

*Background.* In July 2008, the stockholders approved and the Company adopted the Primoris Services Corporation 2008 Long-term Incentive Equity Plan, which was replaced by the Primoris Services Corporation 2013 Equity Incentive Plan ("2013 Equity Plan"), approved by the stockholders and adopted by the Company on May 3, 2013.

The principal purpose of our 2013 Equity Plan is to provide incentives for our officers, employees and consultants, as well as the officers, employees and consultants of any of our subsidiaries. We believe that grants of options, restricted stock and other awards will stimulate their personal and active interest in our development and financial success, and induce them to remain in our employ or continue to provide services to us. In addition to awards made to officers, employees or consultants, the 2013 Equity Plan permits us to grant options or other equity securities to our Directors.

At the time of the adoption of the 2013 Equity Plan, 2,526,275 shares of our Common Stock were reserved for issuance. On May 3, 2013, the Board granted 100,000 Units to Mr. Peter J. Moerbeek and on March 24, 2014 granted 48,512 Units to Mr. David L. King, with each Unit representing the right to receive one share of the Company's Common Stock. The grant also provides for "Dividend Equivalent Units", which provide additional Units to the participants. Other than these Unit grants, at December 31, 2015, there were no options issued to purchase our shares, no other stock based awards granted and there were no shares of restricted stock granted under the 2013 Equity Plan.

Shares of Common Stock that are forfeited or terminated will be available for future award grants under the 2013 Equity Plan. Any surrendered shares of previously owned stock by a participant used to cover the option exercise price or their withholding tax liability associated with an option exercise, may be added to the number of reserved shares available under the 2013 Equity Plan, subject to approval by the Board or the Compensation Committee, and relevant provisions in the 2013 Equity Plan.

*Award Limitation.* No individual may be granted awards under the 2013 Equity Plan representing more than 200,000 shares of our Common Stock in any calendar year, which would include awards of stock options or SARs, stock awards and Units or performance shares.

*Administration.* The 2013 Equity Plan is administered by our Compensation Committee and our Board. To administer the 2013 Equity Plan, the Compensation Committee recommends to the Board, among other things:

- The persons to whom awards may be granted;
- The specific type of awards to be granted;
- The number of shares subject to each award;
- Option or share prices;

## [Table of Contents](#)

- Any restrictions or limitations on the awards; and
- Any vesting, exchange, deferral, surrender, cancellation, acceleration, termination, exercise or forfeiture provisions related to the awards.

In the case of awards intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, the Compensation Committee must consist of at least two members of our Board, each of whom is an “outside independent Director” within the meaning of that section. Our Board will administer the 2013 Equity Plan with respect to awards to non-employee independent Directors.

*Eligibility.* We may grant awards under the 2013 Equity Plan to employees, officers and Directors. In addition, we may grant awards to consultants who are deemed to have rendered, or to be able to render, significant services to us and who are deemed to have contributed, or to have the potential to contribute, to our success.

*Awards.* The 2013 Equity Plan provides that we may grant awards of the following types of securities, among others:

- “incentive” stock options, as defined in Section 422 of the Code, and options that are not qualifying incentive options;
- stock appreciation rights to participants who have been, or are being, granted stock options under the 2013 Equity Plan;
- restricted stock; and
- other stock-based awards, subject to limitations under applicable law, that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, shares of Common Stock.

*Accelerated Vesting and Exercisability.* The following events will cause acceleration in the vesting with respect to awards granted under the 2013 Equity Plan, subject to any limitations of Section 409A of the Internal Revenue Code:

- If any one person, or more than one person acting as a group, acquires the ownership of our Common Stock that, together with the Common Stock held by such person or group, constitutes more than 50% of our total fair market value or of our combined voting power and our Board does not authorize or otherwise approve such acquisition; and/or
- The Compensation Committee may accelerate such vesting if there is an acquisition by any one person or more than one person acting as a group, together with the acquisition during the 12-month period ending on the date of the most recent acquisition by such person or persons, of our assets that have a total gross fair market value equal to more than 50% of the total gross fair market value of all of our assets immediately before such acquisition or acquisitions, or if any one person or more than one person acting as a group acquires the ownership of our Common Stock that, together with the Common Stock held by such person or group, constitutes more than 50% of the total fair market value or combined voting power of our Common Stock, which has been approved by our Board.

### **Additional Equity Compensation Plan Information**

As shown in the table that follows, we have used the 2013 Equity Plan (and its 2008 predecessor plan) to issue shares of Common Stock and Units to our employees, and as part of their compensation, to our non-employee Directors. Under the LTR plan, participants have the opportunity to purchase shares of Common Stock from the Company at a discount to market for up to one-sixth of their annual bonus award.
