ParkerVision Patent Case Against Apple, LG and Qualcomm Reopened in Middle District of Florida

JACKSONVILLE, Fla., May 30, 2017 (GLOBE NEWSWIRE) -- **ParkerVision, Inc.** (Nasdaq:PRKR) ("ParkerVision"), a developer and marketer of semiconductor technology solutions for wireless applications, announced that the Middle District of Florida granted ParkerVision's request to lift the stay and reopen its patent infringement case against Apple, LG and Qualcomm. The Court also ordered the parties to conduct a case management conference within 30 days and file a case management report to the Court within 14 days following the conference. The Company's request to reopen this case was filed on May 4, 2017 following the International Trade Commission's ruling to approve the Company's motion to terminate its parallel ITC investigation against these same defendants.

About ParkerVision, Inc.

ParkerVision, Inc. designs, develops and markets its radio-frequency (RF) technologies and products that enable advanced wireless solutions for current and next generation communications networks. Protected by a highly-regarded, worldwide patent portfolio, the Company's solutions for wireless transfer of RF waveforms address the needs of a broad range of wirelessly connected devices for high levels of RF performance coupled with best-in-class power consumption.
