PROXY STATEMENT

October 23, 2015

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have sent you these proxy materials because the Board of Directors (the “Board”) of **Silicon Graphics International Corp.** (sometimes referred to as the “Company” or “SGI”) is soliciting your proxy to vote at the 2015 Annual Meeting of Stockholders, including at any adjournments or postponements of the meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone. In addition, we are sending our stockholders an annual report that will accompany this proxy statement in accordance with SEC rules.

We intend to mail these proxy materials on or about October 28, 2015 to all stockholders of record entitled to vote at the Annual Meeting.

How do I attend the Annual Meeting?

The meeting will be held on Tuesday, December 8, 2015 at 9:00 AM local time at our executive offices located at 900 North McCarthy Blvd., Milpitas, California 95035. Information on how to vote at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on October 16, 2015 will be entitled to vote at the Annual Meeting. On this record date, there were 35,463,390 shares of common stock outstanding and entitled to vote.

Stockholders of Record: Shares Registered in Your Name . If on October 16, 2015 your shares were registered directly in your name with SGI’s transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy via the Internet or over the telephone as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank . If on October 16, 2015 your shares were held not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar financial institution, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that financial institution. The financial institution holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a “legal proxy” from your broker or other agent.

What am I voting on?

There are four matters scheduled for a vote:

- Election of our six nominees for director;
 - Approval of certain amendments to, and an increase in the number of shares reserved under, the Company’s 2014 Omnibus Incentive Plan (the “2014 Plan”);
 - Ratification of the selection by the Audit Committee of the Board of Directors of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending June 24, 2016; and
 - A non-binding advisory vote on executive compensation.
-

What if another matter is properly brought before the meeting?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote "FOR" all the nominees to the Board of Directors or you may "WITHHOLD" your vote for any nominee you specify. For each of the other matters to be voted on, you may vote "FOR" or "AGAINST" or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name . If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy using the enclosed proxy card, or vote by proxy via the Internet or over the telephone. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote over the telephone, dial toll-free 1.800.690.6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 9:00 PM Pacific Time on December 7, 2015 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank . If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received voting instructions with these proxy materials from that organization rather than from SGI. Simply complete and mail the voting instruction form to ensure that your vote is counted. Alternatively, you may vote by telephone or by Internet, as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you owned as of October 16, 2015.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, "FOR" the election of all six nominees for director, "FOR" the approval of certain amendments to, and an increase in the share reserve under, the 2014 Plan, "FOR" the ratification of the selection by the Audit Committee of the Board of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending June 24, 2016, and "FOR" the non-binding, advisory resolution on SGI's executive compensation. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees and MacKenzie Partners, Inc. ("MacKenzie Partners") may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies but MacKenzie Partners will be paid its customary fee, which is estimated to not exceed \$15,000 plus out-of-pocket expenses, if it solicits proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy cards in the proxy materials and complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or via the Internet.
- You may send a timely written notice that you are revoking your proxy to SGI's Corporate Secretary at 900 North McCarthy Blvd., Milpitas, California 95035.
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone proxy is the one that is counted.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing prior to June 30, 2016 to our Corporate Secretary at 900 North McCarthy Blvd., Milpitas, California 95035; provided, however, that if our 2016 Annual Meeting is held before November 8, 2016 or after January 7, 2017, you must provide specified information to us within a reasonable time before we begin to print and send our proxy statement for our 2016 annual meeting. Additionally, if you wish to submit a proposal that is not to be included in next year's proxy materials, or if you wish to nominate a director pursuant to our Bylaws, then you must provide specified information to us between August 10, 2016 and September 9, 2016; provided, however, that if our 2016 annual meeting is held before November 8, 2016 or after January 7, 2017, you must provide that specified information to us not earlier than the 120th day prior to the 2016 annual meeting and not later than the 90th day prior to the 2016 annual meeting or the 10th day following the day on which we first publicly announce the date of the 2016 annual meeting. If you wish to do so, please review our Bylaws, which contain a description of the information required to be submitted as well as additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of elections appointed for the meeting. With respect to Proposal No. 1 (Election of Directors), the inspector of elections will separately count "FOR" and "WITHHOLD" votes. Directors are elected by a plurality, with the six nominees obtaining the most votes being elected. Because there is no minimum vote required, abstentions and broker non-votes will be entirely excluded from the vote and will have no effect on its outcome. However, as described in Proposal No. 1 below, we have adopted a majority vote standard under our Bylaws, which means that directors may not be eligible to retain their Board seat if they receive a greater number of "WITHHOLD" than "FOR" votes. Under the majority vote standard, any shares that are not voted, whether by abstention, broker non-votes or otherwise, will not affect the election of directors, except to the extent that the failure to vote for an individual will result in another individual receiving a larger proportion of the votes cast.

With respect to Proposal No. 2 (Certain Amendments to, and an Increase in the Number of Shares Reserved under, the 2014 Plan), Proposal No. 3 (Ratification of Auditors), and Proposal No. 4 (Say-on-Pay), the inspector of elections will separately count "FOR," "AGAINST" and "ABSTAIN" votes. Each of these proposals must be approved by a majority of the shares present and entitled to vote on the proposal. As a result, abstentions will have the same effect as voting against the proposal, while broker non-votes will have no effect on the vote outcome.

What are "broker non-votes"?

Broker non-votes occur when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed "non-routine." Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be "routine," but not with respect to "non-routine" matters.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 35,463,390 shares outstanding and entitled to vote. Thus, the holders of at least 17,731,696 shares must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chairman of the meeting or the holders of a majority of the shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final votes are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What proxy materials are available on the Internet?

This Notice of Annual Meeting and Proxy Statement and the Company's Annual Report on Form 10-K are available on the Company's website at <http://investors.sgi.com/annuals.cfm>.

PROPOSAL 1
ELECTION OF DIRECTORS

SGI's Board of Directors currently consists of seven directors. There are six nominees for director this year, as Hagi Schwartz has informed the Company that he will not stand for re-election at the Annual Meeting and the Board is reducing its size to six members upon Mr. Schwartz's departure. Each director to be elected and qualified will hold office until the next annual meeting of stockholders and until his successor is elected, or, if sooner, until the director's death, resignation or removal. Each of the nominees listed below is currently a director of the Company who was previously elected by the stockholders. The process by which our Nominating and Corporate Governance Committee ("NCGC") identifies, evaluates and selects potential director nominees involves a variety of factors and criteria, all of which are described under *Nominating and Corporate Governance Committee below*.

Although SGI does not have a formal policy regarding director attendance at the Annual Meeting, we have invited all of our directors to attend the Annual Meeting. Five of the seven members of SGI's Board serving at the time of our 2014 annual meeting of stockholders attended the 2014 annual meeting of stockholders.

Because the number of nominees timely nominated for the Annual Meeting does not exceed the number of directors to be elected at the Annual Meeting, the 2015 election is an "uncontested election" under the Bylaws. As a result, directors will be elected if they receive more "FOR" votes than "WITHHOLD" votes of the shares present in person or represented by proxy at the meeting and entitled to vote generally on the election of directors. Pursuant to SGI's Bylaws, each of the nominees listed below has tendered an irrevocable resignation as a director, which resignation is conditioned upon both: (a) such director failing to have received more "FOR" votes than "WITHHOLD" votes in an election; and (b) acceptance by the Board of Directors of such resignation.

The following is a brief biography of each nominee for director and a discussion of the specific experience and qualifications, attributes or skills of each nominee that led the NCGC to recommend that person as a nominee for director, as of the date of this proxy statement.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Independence of the Board of Directors

As required under the NASDAQ Stock Market (“NASDAQ”) listing standards, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by the board. The Board consults with the Company’s legal counsel to ensure that the Board’s determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent listing standards of NASDAQ, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and SGI and its senior management and its independent auditors, the Board affirmatively has determined for fiscal 2015 that the following directors are independent directors within the meaning of the applicable NASDAQ listing standards: Mr. Boesenberg, Mr. Griffiths, General Hagee, Mr. King and Mr. Verdoorn. In making its determination, the Board found that none of these directors or nominees for director has a material or other disqualifying relationship with SGI. Mr. Titinger, our President and Chief Executive Officer, is not an independent director.

Board Leadership Structure

SGI’s Board of Directors has an independent Board Chair, Mr. Verdoorn, who has authority, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Board Chair has substantial ability to shape the work of the Board. The Company believes that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of the business and affairs of the Company. In addition, the Company believes that having an independent Board Chair creates an environment that is more conducive to objective evaluation and oversight of management’s performance, increasing management accountability and improving the ability of the Board to monitor whether management’s actions are in the best interests of the Company and its stockholders, enhancing the effectiveness of the Board as a whole.

Role of Board in Risk Oversight

SGI’s management team is responsible for identifying and reviewing risks facing our company, including, without limitation, strategic, operational, financial and regulatory risks, and meets regularly as part of such responsibility to review and discuss our risk exposure on a day-to-day basis. The Board does not have a standing risk management committee, but rather administers this oversight function through the Board as a whole, as well as through various standing committees of the Board that address risks inherent in their respective areas of oversight. In particular, SGI’s Board oversees strategic risk exposure, while SGI’s Audit Committee is responsible for considering and discussing major financial risk exposures and the steps management has taken to monitor and control these exposures (including the development of guidelines and policies to govern the process by which risk assessment and management is undertaken). The Audit Committee regularly reviews enterprise risk management programs and initiatives and monitors compliance with securities and financial regulations, in addition to overseeing the documentation and testing of internal controls over financial reporting in compliance with the Sarbanes-Oxley Act. SGI’s NCGC oversees the implementation of the corporate governance guidelines. As discussed more fully below, SGI’s Compensation Committee assesses and monitors whether the Company’s compensation policies and programs has the potential to encourage excessive risk-taking. To the extent any risks identified by a standing committee of the Board are deemed to be material to SGI’s strategic, operational, financial or regulatory matters, or otherwise merit discussion by the full Board, the matter may be discussed with the whole Board.

The Audit Committee of the Board meets at least quarterly to review SGI’s major financial risk exposures in connection with various matters, including the filing of SGI’s periodic reports with the SEC. The Compensation Committee of the Board meets regularly as well to review overall compensation strategy and policies and related matters. The NCGC of the Board meets at least twice a year to review and discuss its areas of oversight and related risk exposures in such areas. The Board and its committees periodically receive risk management updates through business reports from management provided at meetings of the Board or its committees throughout the year. Following consideration of the information provided by management, the Board provides feedback and makes recommendations, as needed, to help minimize our risk exposure.

The Compensation Committee reviewed the Company’s compensation programs and has concluded that SGI’s compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. SGI management assessed the Company’s executive and broad-based compensation and benefits programs on a worldwide basis to determine if the programs’ provisions and operations create undesired or unintentional risk of a material nature, and delivered a report of their assessment to the Compensation Committee. This risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification; the balance of potential risk to potential reward; risk control and the support of the programs and their risks to Company strategy. Although we reviewed all material compensation programs, we focused this review on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. Base salary and performance-based compensation are generally uniform in design and operation throughout the Company and with all levels of employees. The Company’s compensation policies and practices are centrally designed and administered, and are substantially identical throughout the Company. Field sales and service personnel are paid primarily on a commission basis, but all of our officers, including officers for sales and service, are paid under the programs and plans for non-sales employees.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that: do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of SGI; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Information Regarding Committees of the Board of Directors

During the course of the last fiscal year, the Board had three committees: an Audit Committee, a Compensation Committee and a NCGC. Each of the committees has authority to engage legal counsel or other advisors or consultants as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding "independence" and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee of the Board oversees our corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions. The Audit Committee's responsibilities include the following:

- Overseeing the integrity of the Company's financial statements, accounting and financial reporting processes and systems of internal control over financial reporting;
- Evaluating the performance of, and assessing the qualifications and independence of, the independent auditors;
- Determining and approving the engagement of the independent auditors;
- Determining whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors;
- Reviewing and approving the retention of the independent auditors to perform any proposed permissible non-audit services;
- Monitoring the rotation of partners of the independent auditors on SGI's audit engagement team as required by law;
- Conferring with management and the independent auditors regarding the effectiveness of internal controls over financial reporting;
- Reviewing SGI's major financial risk exposures in connection with various matters, including the filing of our periodic reports with the SEC;
- Establishing procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and
- Reviewing our annual audited financial statements and quarterly financial statements with management and our independent auditors.

Four directors currently comprise the Audit Committee: Messrs. King (Chairman), Boesenberg, Griffiths and Schwartz. After the Annual Meeting, Mr. Schwartz will no longer be a member of the Board or Audit Committee and the Audit Committee will consist of three members. The Board has adopted a written Audit Committee Charter, which can be found on our investor website at investors.sgi.com under Governance Documents.

The Board annually reviews the NASDAQ listing standards definition of independence for Audit Committee members and has determined that all members of our Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the NASDAQ listing standards). The Board has determined that each of Messrs. King, Boesenberg and Griffiths qualify as "audit committee financial experts," as defined in applicable SEC rules. The Board made a qualitative assessment of Messrs. King's, Boesenberg's and Griffiths' level of knowledge and experience based on a number of factors, including: Mr. King's past experience as a managing partner at Ernst & Young, LLP, and his experience as an audit committee member and chairman for numerous public companies; Mr. Boesenberg's professional experience as the president and/or chief executive officer of various companies and his experience as an audit committee member and financial expert at other publicly traded companies; and Mr. Griffiths' professional experience as the chief executive officer of various companies.

Compensation Committee

The Compensation Committee reviews and approves the Company's overall compensation strategy and policies, as set out more fully below.

The Compensation Committee of the Board is comprised of three non-employee directors of SGI: Messrs. Hagee (Chairman), Griffiths and Verdoorn, each of whom the Board has determined to be "independent" as defined by the listing standards of NASDAQ. In addition, all Compensation Committee members who approve "qualified performance-based compensation" awards are "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), to allow SGI a tax deduction for certain employee compensation exceeding \$1,000,000 per individual. All Compensation Committee members are also "outside directors" within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934 (the "Exchange Act") to allow SGI to exempt certain option grants and similar transactions from the short-swing profits prohibition of Section 16 of the Exchange Act. The Compensation Committee has delegated the authority to the Stock Option Grant Subcommittee, under the leadership of the CEO, to approve non-officer new-hire, promotion and routine grants of awards, within certain parameters set by the committee. The Board has adopted a written Compensation Committee Charter, which can be found on our investor website at investors.sgi.com under Governance Documents.

The duties and responsibilities of the Compensation Committee include:

- Overseeing SGI's overall compensation strategy and policies and assessing whether SGI's compensation structure establishes appropriate incentives for management and employees;
- Assessing material adverse risks facing the Company arising from the Company's compensation policies and practices, and considering ways to address those risks;
- Reviewing, modifying (as necessary) and approving corporate performance goals and objectives relevant to the compensation of SGI's executive officers and senior management and evaluating the performance of such individuals in light of those goals and objectives;
- Evaluating and recommending to the Board the compensation plans and programs advisable for the Company and establishing policies with respect to equity compensation arrangements;
- Reviewing and making recommendations to the Board with respect to stockholder approval of executive compensation, the frequency of such stockholder votes and "golden parachute" arrangements;
- Reviewing and making recommendations to the Board with respect to stockholder proposals related to compensation matters;
- Reviewing and approving the terms of employment agreements, severance arrangements, change-of-control protections and any other compensatory arrangements for our executive officers and other senior management;
- Determining and approving the compensation and other terms of employment of our CEO, including analyzing competitive market data, determining the corporate goals and objectives relevant to his compensation, and evaluating his performance in light of those goals and objectives;
- Reviewing compensation programs and determining the compensation of our executive officers;
- Reviewing compensation programs and determining the compensation of our Board members;
- Evaluating and, in certain cases, amending and administering our general compensation plans, including bonus plans, equity incentive and stock purchase plans, and similar programs;
- Reviewing, discussing and assessing the Compensation Committee's own performance at least annually; and
- Preparing and reviewing SGI's Compensation Discussion and Analysis and related disclosures that are required to be included in our annual proxy statement in accordance with the rules and regulations of the SEC.

The Compensation Committee has full access to all our books, records, facilities and personnel as deemed necessary or appropriate by any member of the Compensation Committee to discharge his responsibilities under its charter. The Compensation Committee has the authority to obtain, at our expense, advice and assistance from internal or external legal, accounting or other advisors and consultants. In addition, the Compensation Committee has sole authority to retain and terminate any compensation consultant to assist in the evaluation of director, chief executive officer or senior executive compensation, including sole authority to approve such consultant's reasonable fees and other retention terms, all at our expense. The Compensation Committee has the authority to incur other reasonable expenditures for external resources that the Compensation Committee deems necessary or appropriate in the performance of its duties, as addressed by The Dodd-Frank Wall Street Reform and Consumer Protection Act.

In fiscal 2015, the Compensation Committee retained the services of an independent compensation consultant, Radford, an Aon Hewitt Company ("Radford") for advice regarding the compensation of our directors and executive officers. The Compensation Committee believes that having an independent evaluation of director compensation and executive officer compensation is a valuable tool for the Compensation Committee and our stockholders. During 2015 Radford was not engaged to perform any other work for SGI other than an equity compensation valuation analysis for a cost of approximately \$5,000. The Compensation Committee has considered Radford's independence as its compensation consultant by taking into account the factors prescribed by the NASDAQ listing rules. Based on such evaluation, the Compensation Committee determined that Radford is independent and that no conflict of interest exists. The Compensation Committee utilizes the Company's general counsel to advise the Compensation Committee as needed. For fiscal 2016, the Compensation Committee has engaged Compensia to advise it regarding director and executive compensation programs and related matters.

The Compensation Committee, in consultation with its compensation consultant, reviews our compensation practices, policies and programs for all employees, including the named executive officers, to assess the risks associated with such practices, policies and programs. The risk-mitigating factors considered by the Compensation Committee, in addition to those described in the section above entitled *Role of Board in Risk Oversight*, include:

- the use of different types of compensation that provide a balance of short-term and long-term incentives with fixed and variable components;
- SGI's stock ownership guidelines for executive officers;
- caps on bonus awards to limit windfalls; and
- directors, executive officers and designated insiders must obtain permission from SGI's General Counsel before the sale of any shares of SGI common stock, which may occur only during an open trading period, except pursuant to approved 10b5-1 plans.

The specific determinations of the Compensation Committee with respect to executive compensation for fiscal year 2015 are described in greater detail in the Compensation Discussion and Analysis section of this proxy statement.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee served as an officer or employee of SGI during fiscal 2015. No member of our Board or our Compensation Committee served as an executive officer of another entity that had one or more of our executive officers serving as a member of that entity's board or compensation committee.

Nominating and Corporate Governance Committee

The NCGC of the Board is responsible for the following, among other things:

- Identifying, reviewing and evaluating candidates to serve as directors of SGI;
- Reviewing and evaluating incumbent directors;
- Selecting candidates for election to the Board;
- Serving as a point of communication between Board candidates, non-committee directors and management;
- Making recommendations to the Board regarding the membership of the committees of the Board;
- Reviewing and recommending criteria and policies relating to service and tenure of Board members;
- Assessing the performance of the Board;
- Reviewing with the Company's CEO plans for succession to the offices of the Company's executive officers and making recommendations to the Board with respect to the selection of individuals to succeed to such positions; and
- Developing a set of corporate governance principles for SGI.

The Board has adopted a written NCGC Charter, which can be found on our investor website at investors.sgi.com under Governance Documents. Three directors comprise the NCGC: Mr. Griffiths (Chairman), General Hagee and Mr. King. All members of the NCGC are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards).

The NCGC believes that nominees for director of SGI should possess the following minimum criteria: be able to read and understand basic financial statements and have the highest personal integrity and ethics. The NCGC also intends to consider the following additional criteria for nominees for director of SGI: the candidate's possession of relevant expertise upon which to be able to offer advice and guidance to management; sufficient time to devote to the affairs of SGI; demonstrated excellence in his or her field; the ability to exercise sound business judgment; and the commitment to rigorously represent the long-term interests of our stockholders. The NCGC evaluates candidates for director nominees in the context of the current composition of the Board, the operating requirements of SGI and the long-term interests of stockholders. In conducting this assessment, the NCGC considers the criteria for director qualifications set by the Board, as well as diversity (which may include diversity of professional experience, education, skills and opinions, as well as diversity of personal background), skills and such other factors as it deems appropriate given the current needs of the Board and SGI to maintain a balance of knowledge, experience and capability. The NCGC does not have a formal policy with respect to diversity; however, the Board and NCGC believe that it is essential that the Board members represent diverse viewpoints. In considering candidates for the Board, the NCGC considers the entirety of each candidate's credentials in the context of these standards. Further, in the case of incumbent directors whose terms of office are set to expire, the NCGC reviews such directors' overall service to SGI during their term, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the NCGC also determines whether the nominee must be independent for NASDAQ purposes, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary.

The NCGC then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The NCGC conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The NCGC meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the NCGC has not retained any third-party search firm to assist in the process of identifying or evaluating director candidates.

The NCGC will consider director candidates recommended by stockholders that meet the criteria set forth in the Company's Bylaws. The NCGC did not receive any proposals from stockholders with respect to director nominees in connection with this year's Annual Meeting. The NCGC does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder or not. Stockholders who wish to recommend individuals for consideration by the NCGC to become nominees for election to the Board may do so by delivering a written recommendation to the NCGC at the following address: Silicon Graphics International Corp. at 900 North McCarthy Blvd., Milpitas, California 95035 in accordance with the requirements set forth in SGI's Bylaws. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. Any such recommendation must also meet the notice and timing requirements outlined in our Bylaws.

Meetings of the Board of Directors

The Board of Directors met 7 times during the last fiscal year. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he served.

As required under applicable NASDAQ listing standards, the Company's independent directors regularly met in executive sessions at which only independent directors were present.

The following table provides membership and meeting information for fiscal 2015 for the Board and each of the Board's committees:

Stockholder Communications with the Board of Directors

Our Board has adopted a formal process by which stockholders may communicate with the Board or any of its directors. Stockholders wishing to communicate with the Board or an individual director may send a written communication addressed as follows: SGI Board Communication, 900 North McCarthy Blvd., Milpitas, California 95035. Any communication sent must state the number of shares owned by the security holder making the communication. Our corporate secretary will review each communication and forward such communication to the Board or to any individual director to whom the communication is addressed unless the communication is in the nature of advertising, promotions of a product or service, unduly frivolous, hostile, threatening or similarly inappropriate, in which case our corporate secretary shall discard the communication.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board serves as our ultimate decision-making body, except with respect to matters reserved for the decision of our stockholders. The Board has adopted Corporate Governance Guidelines to assist in the performance of its responsibilities.

The Corporate Governance Guidelines provide, among other things, and in addition to the corporate governance matters described above, as follows:

1. The Board of Directors, which is elected annually (we do not have a staggered board), will periodically review the appropriate size of the Board.
2. It is the policy of the Board of Directors that our Chairman of the Board and Chief Executive Officer shall be different individuals, and if our Chairman of the Board is not an independent director, that we will have an independent director serve as our Lead Independent Director.
3. Non-management directors may serve as a board member on no more than four additional public companies, and our Chief Executive Officer can serve as a board member on no more than two additional public companies. In addition, no member of our Audit Committee can serve on the audit committee of more than two additional public companies without the prior approval of our Chairman of the Board.
4. In uncontested elections, if a Board member receives more “withheld” votes than “for” votes, then our NCGC will recommend to the Board of Directors whether to accept the resignation of such director, and the Board will accept the resignation absent compelling circumstances to the contrary. Further, the director subject to that determination will not participate in the decision as to whether to accept the resignation.
5. Directors who retire from their employment or materially change their position must notify the Chairman of the Board and the Company’s General Counsel. The NCGC and the Board will then evaluate whether the individual continues to satisfy the Board’s membership criteria in light of his or her new occupational status. The director who is changing his or her job responsibility will not participate in the NCGC recommendation or Board action on this evaluation. Such director is expected to ensure that other existing and planned future commitments do not materially interfere with the member’s service as a director of SGI and are consistent with SGI’s conflict-of-interest policies.
6. Directors are expected to participate in continuing education programs as necessary in order to maintain the necessary level of expertise to perform their responsibilities as directors.
7. The NCGC, in conjunction with either the Chairman or the Lead Independent Director (as applicable), will conduct an annual self-evaluation and self-assessment of the Board, its committees and its members.

Stockholders may request a free copy of the guidelines by submitting a written request to Silicon Graphics International Corp., Attention: Corporate Secretary, 900 North McCarthy Blvd., Milpitas, California 95035. These guidelines can be found on our investors’ website at investors.sgi.com under Governance Documents.

Code of Business Conduct & Ethics

We have adopted the SGI Code of Business Conduct and Ethics that applies to all officers, directors and employees, including the principal executive officer, principal financial officer and principal accounting officer. The Code of Business Conduct & Ethics can be found on our investor website at investors.sgi.com under Governance Documents.

Stockholders may request a free copy of the code by submitting a written request to Silicon Graphics International Corp., Attention: Corporate Secretary, 900 North McCarthy Blvd., Milpitas, California 95035. If we make any substantive amendments to our Code of Business Conduct and Ethics or grant any waiver from a provision of the code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

Stock Ownership Guidelines

Our Stock Ownership Guidelines provide that the Company’s CEO and each non-employee director who has served on the Board for at least one year are expected to own shares of SGI’s common stock with a market value at least as high as three times the amount of base salary and annual base cash retainer, respectively. Our stock ownership guidelines also provide that other executive officers own shares of SGI common stock with a market value of at least one time the amount of such officer’s base salary. Per our policy, unvested restricted stock and unvested restricted stock units are included for purposes of ownership levels, but unexercised stock options are not. As of the date of this Proxy Statement, each of our directors and named executive officers is in compliance with our guidelines.

Pursuant to our Insider Trading Policy, officers, directors and other designated insiders may not engage in hedging or monetization transactions or similar arrangements with respect to our stock.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS (1)

The primary purpose of the Audit Committee is to assist the Board in its general oversight of SGI's financial reporting process. The Audit Committee's function is more fully described in its charter, which can be found on our investor website at *investors.sgi.com* under Governance Documents. The Audit Committee reviews the charter on an annual basis. The Board annually reviews the NASDAQ listing standards' definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard.

Our management has primary responsibility for preparing our financial statements, ensuring the integrity of such data and establishing the financial reporting process, including our systems of internal controls. Deloitte & Touche LLP, our independent registered public accounting firm, is responsible for performing an audit of our consolidated financial statements, and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles in the United States. The Audit Committee's responsibility is to oversee and review this process.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended June 26, 2015 with management of the Company, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee has discussed with the independent auditors its judgments as to the quality, not just the acceptability, of our accounting principles and such other matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee has also received the written disclosures and the letter from the independent accountants required by applicable requirements of the PCAOB regarding the independent accountants' communications with the audit committee concerning independence, and has discussed with the independent accountants the independent accountants' independence.

Based on the foregoing, and in reliance on the reviews and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 26, 2015.

Respectfully submitted,

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
Douglas R. King (Chairman)
Charles Boesenberg
Hagi Schwartz
Gary A. Griffiths

PROPOSAL 2

AMENDMENT AND INCREASE IN THE NUMBER OF SHARES RESERVED UNDER THE COMPANY'S 2014 OMNIBUS INCENTIVE PLAN

Our stockholders adopted the 2014 Omnibus Incentive Plan (the "2014 Plan") in December 2014 with an initial reserve of 2,500,000 shares, subject to adjustment. Per the terms of the 2014 Plan, we reduced the plan's reserve by 4,000 shares for RSU shares granted under the 2005 Equity Incentive Plan between the time of adoption by the Board in October 2014 and approval by stockholders in December 2014, bringing the reserve to 2,496,000 shares. On October 16, 2015, our Board unanimously adopted and approved an amendment to the 2014 Plan that would (i) increase the number of shares reserved under the 2014 Plan, (ii) impose a one-year minimum vesting requirement on stock options awarded under the 2014 Plan and (iii) limit the Company's ability to accelerate the vesting of awards granted under the 2014 Plan after the effective date of the amendment (the "Amendment"), and is now submitting the Amendment to stockholders for adoption and approval. The Amendment will not be effective unless and until such stockholder approval is obtained. The Board believes that stockholder interests are best advanced by providing equity-based incentives to employees, directors and other service providers responsible for our long-term success by encouraging such persons to remain in the service of the Company and aligning the financial interests and rewards of such individuals with those of our stockholders.

The Company currently administers its equity-based compensation programs under the 2014 Plan, and as of September 30, 2015, 958,536 shares remained available for issuance under the 2014 Plan, given the fungible share reserve calculation that reduces the 2014 Plan reserve by 1.5 shares for each RSU share granted under the 2014 Plan.

If approved, the Amendment will provide for the issuance of an additional 1,200,000 shares for an aggregate total of 3,696,000 shares reserved under the 2014 Plan, which as of the record date represents approximately 10.4% of the Company's outstanding common equity.

Why You Should Vote for the Amendment to the 2014 Plan

The Board recommends that our stockholders approve the Amendment because it believes appropriate equity incentives align the interests of employees, non-employee directors and other service providers who participate under the 2014 Plan to those of our stockholders; link financial rewards to Company performance; encourage employee and director ownership in our Company, and attract and retain the highest caliber employee and non-employee director to run and manage the Company. The approval of the Amendment will enable us to continue to provide such incentives into the future; without approval, we may be faced with the challenge of attracting and retaining key individuals needed to reach our business objectives through the use of increased cash compensation, which may negatively impact our profitability and erode stockholder value.

Company Considerations

When approving the Amendment, the Board and the Compensation Committee considered various factors, including potential dilution, burn rate, overhang, historical grant practices and the views of stockholder advisory firms such as Institutional Stockholder Services ("ISS"). The Company measures potential dilution as the total number of shares subject to restricted stock awards granted and performance restricted stock awards earned less cancellations and other shares returned to the reserve, divided by total common shares outstanding at the end of the year. Our annual dilution under all our currently existing equity incentive plans for fiscal 2015 was 1.2% and our three-year average annual dilution for the three most recently completed fiscal years was 1.1%.

We actively manage our long-term dilution by limiting the number of shares subject to equity awards that we grant annually, commonly expressed as a percentage of total shares outstanding and referred to as gross burn rate. Gross burn rate is another measure of dilution that shows how rapidly a company is depleting its shares reserved for equity compensation plans, and differs from annual dilution because it does not take into account cancellations and other shares returned to the reserve. Our calculation of gross burn rate excludes performance-based shares that were ultimately cancelled, but does include performance-based shares that were earned. We have calculated the gross burn rate on a June-to-June basis for the past three years, as set forth in the following table:

Time Period	Options Granted	Full-Value Shares Granted (1)	Total Granted = Options + Adjusted Full Value Shares (1)	Weighted Average Number of CSO	Burn Rate
June 2014 - June 2015 (Fiscal 2015)	0	1,071,947	2,143,894	34,559,000	6.20%
June 2013 - June 2014 (Fiscal 2014)	0	1,082,805	2,165,610	34,260,000	6.32%
June 2012 - June 2013 (Fiscal 2013)	154,000	680,489	1,514,978	32,909,000	4.60%

(1) The numbers of shares appearing as full-value shares granted represent time-based RSUs granted plus performance-based RSUs earned and do not include performance-based RSUs returned to the reserve as unearned.

The three-year average gross burn rate (calculated from June 2012 through June 2015) is 5.71%. In connection with the adoption of the 2014 Plan, we committed that our average annual burn rate through fiscal 2017 would not exceed 5.49%.

An additional metric that we use to measure the cumulative impact of our equity program is total overhang (number of shares subject to equity awards outstanding but not exercised or settled, plus number of shares available to be granted, divided by total common shares outstanding at the end of the year). Our total overhang as of September 26, 2015 was 16.3%. If the Amendment is approved, our overhang as of that date would increase to 19.5%.

In fiscal 2013, 2014 and 2015 the Company made equity award grants under the 2014 Plan totaling approximately 91,022 shares. The Company estimates, based on historical grant rates, that the availability of an additional 1,200,000 shares under the 2014 Plan, which would bring the aggregate remaining number of shares available for issuance under the 2014 plan to 2,198,948, would provide a sufficient number of shares to enable the Company to continue to make awards at historical average annual rates for one to two years. In approving the Amendment under the 2014 Plan, the Compensation Committee determined that reserving an aggregate number of shares sufficient for one to two years of new awards at historical grant rates is in line with the practice of our peer public companies.

The following are the factors that were material to the evaluation of the Board and Compensation Committee, in determining acceptable and targeted levels of dilution: competitive data from relevant peer companies, the current and future accounting expense associated with our equity award practices, and the influence of stockholder advisory firms like Institutional Stockholder Services (“ISS”). Our equity programs are revisited at least annually and assessed against these (and other) measures.

Promotion of Good Corporate Governance Practices

The Board believes that the 2014 Plan promotes the interests of stockholders and is consistent with principles of good corporate governance, including:

- **Independent Committee.** The 2014 Plan is administered by our Compensation Committee, which is composed entirely of independent directors who meet the NASDAQ standards for independence.
- **No Discounted Stock Options or SARs.** All stock option and stock appreciation rights (“SAR”) awards under the 2014 Plan must have an exercise or base price that is not less than the fair market value of the underlying common stock on the date of grant.
- **No Repricing.** Other than in connection with a corporate transaction affecting the Company, the 2014 Plan prohibits any repricing of stock options or SARs without stockholder approval.
- **Performance Awards.** Under the 2014 Plan, the Compensation Committee may grant performance-based awards intended to qualify as exempt performance-based compensation under Section 162(m) of the Code as well as other performance-based awards.
- **Minimum Vesting Requirement.** Under the Amendment, all stock options and stock appreciation rights granted under the 2014 Plan after the effective date of the Amendment will be subject to a minimum vesting requirement such that no portion of any such award will be permitted to vest until at least one year after the date of grant thereof, except in the event of death or disability of the participant or in connection with a change in control.
- **No Discretionary Vesting Authority.** Under the Amendment, the Compensation Committee will not have the authority to accelerate the vesting of awards granted after the effective date of the Amendment, except in the event of death or disability of the participant or in connection with a change in control.

Section 162(m) of the Code

The Board believes that it is in our best interests and the best interests of our stockholders to provide for an equity incentive plan under which compensation awards made to our executive officers can qualify for deductibility by us for federal income tax purposes. Accordingly, the 2014 Plan has been structured in a manner such that awards granted under it can satisfy the requirements for “performance-based” compensation within the meaning of Section 162(m) of the Code. In general, under Section 162(m), in order for us to be able to deduct compensation in excess of \$1,000,000 paid in any one year to our chief executive officer or any of our three other most highly compensated executive officers (other than our chief financial officer), such compensation must qualify as “performance-based.” One of the requirements of “performance-based” compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by our stockholders. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to the various types of awards under the 2014 Plan, each of these aspects is discussed below, and stockholder approval of the 2014 Plan will be deemed to constitute approval of each of these aspects of the 2014 Plan for purposes of the approval requirements of Section 162(m). Although stockholder approval is one of the requirements for exemption under Section 162(m), even with stockholder approval there can be no guarantee that compensation will be treated as exempt performance-based compensation under Section 162(m). Furthermore, our Compensation Committee will continue to have authority to provide compensation that is not exempt from the limits on deductibility under Section 162(m).

Summary of the 2014 Omnibus Incentive Plan

The following is a description of the material features of the 2014 Plan. The complete text of the 2014 Plan is attached hereto as Appendix A to this proxy statement. The following discussion is qualified in all respects by reference to Appendix A.

Purpose . The purpose of the 2014 Plan is to advance the Company’s interests by providing for the grant to participants of stock-based and other incentive awards.

Eligibility . The Compensation Committee selects participants from among key employees, directors, consultants and advisors of the Company and its affiliates. Eligibility for options intended to be incentive stock options (“ISOs”) is limited to employees of the Company or certain affiliates. As of September 25, 2015, approximately 1,075 employees and 6 independent directors would be eligible to participate in the 2014 Plan.

Share Reserve . Subject to stockholder approval, the maximum number of shares of common stock that may be issued pursuant to awards granted under the 2014 Plan is 3,696,000. Any shares of common stock issued pursuant to options or stock appreciation rights under the 2014 Plan will be counted against this limit on a one-for-one basis and any shares of common stock issued pursuant to awards under the 2014 Plan other than options or stock appreciation rights will be counted against the above limit as 1.5 shares for every one share issued pursuant to such award. The share reserve is subject to adjustments to reflect stock dividend, stock split or combination of shares, recapitalization or other change in the Company’s capital structure and certain transactions as provided in the 2014 Plan.

Shares of common stock issued under the 2014 Plan may be authorized but unissued shares of common stock or previously issued common stock acquired by the Company. Shares of common stock underlying awards which expire or otherwise terminate, or become unexercisable without having been exercised or which are forfeited to or repurchased by the Company due to failure to vest will again become available for grant under the 2014 Plan. Additionally, shares that are withheld by the Company in satisfaction of tax withholding with respect to an award other than stock options or SARs, and any shares of common stock underlying awards settled in cash will also become available for grant under the 2014 Plan. Any shares of common stock that again become available for grant shall be added back as one share if such shares were subject to options or stock appreciation rights, and as 1.5 shares if such shares were subject to awards other than options or stock appreciation rights.

Notwithstanding the foregoing, shares of common stock subject to an award may not again become available for grant under the 2014 Plan if such shares are: (i) shares that were subject to a stock-settled stock appreciation right and were not issued upon the net settlement or net exercise of such stock appreciation right, (ii) shares delivered to or withheld by the Company to pay the exercise price of an option, (iii) shares delivered to or withheld by the Company to pay the withholding taxes related an option or stock appreciation right, or (iv) shares repurchased on the open market with the proceeds of an option exercise.

Administration . The 2014 Plan is administered by the Compensation Committee, who has the authority to, among other things, interpret the 2014 Plan, determine eligibility for, grant and determine the terms of awards under the 2014 Plan, and to do all things necessary or appropriate to carry out the purposes of the 2014 Plan. The Compensation Committee's determinations under the 2014 Plan are conclusive and binding.

Individual Limits . The maximum number of shares for which options may be granted under the 2014 Plan and the maximum number of shares of stock subject to SARs which may be granted under the 2014 Plan to any person in any calendar year is, in each case, 1,000,000 shares. The maximum number of shares subject to other awards under the 2014 Plan that may be granted to any person in any calendar year is 1,000,000 shares. The maximum amount that may be paid to any person in any calendar year with respect to cash awards under the 2014 Plan is \$3,000,000. Notwithstanding the foregoing, in the calendar year in which an individual first becomes employed by the Company (not including any service as a non-employee member of the Board), the maximum number of shares subject to options, stock appreciation rights and other awards granted to such employee and the maximum dollar amount payable to such employee under cash awards may be up to two hundred percent (200%) of each of the foregoing limits. The maximum number of shares of common stock that may be issued in satisfaction of the exercise or surrender of ISOs granted under the 2014 Plan is 3,300,000 shares.

The 2014 Plan also limits the number of shares of stock subject to awards granted during any calendar year to any non-employee director to the number of shares having a fair market value on the date of grant of \$300,000; provided, however, that in the year in which a non-employee director first joins the Board or is first designated as Chairman of the Board or Lead Director, the maximum number of shares subject to awards granted to such non-employee director may be up to two hundred percent (200%) of the number of shares of stock indicated by the foregoing limit.

Types of Awards . The 2014 Plan provides for grants of options, SARs, restricted and unrestricted stock, stock units, performance awards, cash awards and other awards convertible into or otherwise based on shares of our stock. Dividend equivalents may also be provided in connection with awards under the 2014 Plan, other than an award of options or SARs, for which dividend equivalents will not be provided. The 2014 Plan also permits that grant of any other award that is convertible into or otherwise based on the Company's common stock.

Stock Options and SARs : The 2014 Plan provides for the grant of ISOs, non-qualified stock options ("NSOs"), and SARs. The exercise price of an option, and the base price against which a SAR is to be measured, may not be less than the fair market value (or, in the case of an ISO granted to a ten percent stockholder, 110% of the fair market value) of a share of common stock on the date of grant. Our Compensation Committee determines when stock options or SARs become exercisable and the terms on which such awards remain exercisable. Stock options and SARs will generally have a maximum term of ten years. Pursuant to the Amendment, stock options and SARs granted after the effective date of the Amendment will be subject to a minimum vesting requirement such that no portion of any such award will be permitted to vest until at least one year after the date of grant thereof, except in the event of death or disability of the participant or in connection with a change in control.

Restricted and Unrestricted Stock : A restricted stock award is an award of common stock subject to forfeiture restrictions, while an unrestricted stock award is not subject to restrictions.

Stock Units : A stock unit award is denominated in shares of common stock and entitles the participant to receive stock or cash measured by the value of the shares in the future. The delivery of stock or cash under a stock unit may be subject to the satisfaction of performance or other vesting conditions.

Performance Awards : A performance award is an award the vesting, settlement or exercisability of which is subject to specified performance criteria.

Cash Awards : A cash award is an award denominated in cash.

Vesting . The vesting of any award granted under the 2014 Plan will occur when and in such installments and/or pursuant to the achievement of such performance criteria, in each case, as the Compensation Committee, in its sole and absolute discretion, shall determine.

Termination of Service . The Compensation Committee determines the effect of termination of employment or service on an award. Unless otherwise provided by the Compensation Committee, upon a termination of employment or service, all unvested options and other awards requiring exercise will terminate and all other unvested awards will be forfeited.

Qualifying Performance Criteria . The 2014 Plan provides that grants of performance awards may be made based upon, and subject to achieving, “performance objectives” over a specified performance period. Performance objectives with respect to those awards that are intended to qualify as “performance-based compensation” for purposes of Section 162(m) are limited to an objectively determinable measure of performance relating to any, or any combination of, the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; operating or gross margin; operating income; net income (before or after taxes); net operating income; net operating income after tax; pre-and after-tax income; pre-tax profit; cash flow, determined in the aggregate or on a per share basis); operating cash flow; sales or revenue targets; bookings; increases in revenue or product revenue; expenses and cost reduction goals; improvement in or attainment of expense or working capital levels; economic value added (or an equivalent metric); debt reduction; implementation or completion of projects or processes; sales of particular products or services; customer acquisition, retention or satisfaction; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings.

To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m), our Compensation Committee may provide in the case of any award intended to qualify for such exception that one or more of the performance objectives applicable to an award will be adjusted in an objectively determinable manner to reflect events (for example, acquisitions and divestitures) occurring during the performance period of such award that affect the applicable performance objectives.

Prior to grant, vesting or payment of a performance award that is intended to qualify as “performance-based compensation” under Section 162(m), the Compensation Committee will certify whether the applicable performance criteria have been attained and such determinations will be final and conclusive.

Transferability . Awards under the 2014 Plan may not be transferred except by will or by the laws of descent and distribution, unless (for awards other than ISOs) otherwise provided by the Compensation Committee.

Acceleration . For awards granted before the effective date of the Amendment, Compensation Committee may at any time accelerate the vesting or exercisability of such awards, regardless of any adverse or potentially adverse tax consequences resulting from such acceleration. Pursuant to the Amendment, the Compensation Committee will not have the authority to accelerate the vesting of awards granted after the effective date of the Amendment, except in the event of death or disability of the participant or in connection with a change in control.

Corporate Transactions . In the event of a consolidation, merger or similar transaction, a sale or transfer of all or substantially all of the Company’s assets or a dissolution or liquidation of the Company, our Compensation Committee may, among other things, provide for the continuation or assumption of outstanding awards, for new grants in substitution of outstanding awards, for the accelerated vesting or delivery of shares under awards or for a cash-out of outstanding awards, in each case on such terms and with such restrictions as it deems appropriate. Except as our Compensation Committee may otherwise determine, awards not assumed will vest in full, subject to certain provisions set forth in the 2014 Plan.

Adjustment . In the event of certain corporate transactions (including, but not limited to, a stock dividend, stock split or combination of shares, recapitalization or other change in the Company’s capital structure), the Compensation Committee will make appropriate adjustments to the maximum number of shares that may be delivered under and the individual limits included in the 2014 Plan, and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to awards, the exercise prices of such awards or any other terms of awards affected by such change. The Compensation Committee may also make the types of adjustments described above to take into account distributions to stockholders and events other than those listed above if it determines that such adjustments are appropriate to avoid distortion in the operation of the 2014 Plan.

Term . No awards will be made after the tenth anniversary of the 2014 Plan’s adoption by our Board, but previously granted awards may continue beyond that date in accordance with their terms.

Amendment and Termination . The Compensation Committee can amend the 2014 Plan or outstanding awards, or terminate the 2014 Plan as to future grants of awards, except that the Compensation Committee will not be able alter the terms of an award if it would affect materially and adversely a participant’s rights under the award without the participant’s consent (unless expressly provided in the 2014 Plan or reserved by the Compensation Committee at the time of grant). Stockholder approval will be required for any amendment to the extent such approval is required by law, including the Code or applicable stock exchange requirements.

U.S. Tax Consequences

The following is a brief description of the anticipated federal income tax treatment that generally will apply to awards granted under the 2014 Plan, based on federal income tax laws in effect on the date of this proxy statement. The exact federal income tax treatment of awards will depend on the specific circumstances of the grantee. No information is provided herein with respect to estate, inheritance, gift, state, or local tax laws, although there may be certain tax consequences upon the receipt or exercise of an award or the disposition of any acquired shares under those laws. Grantees are advised to consult their personal tax advisors with regard to all consequences arising from the grant or exercise of awards, and the disposition of any acquired shares.

Incentive Stock Options . Pursuant to the 2014 Plan, employees may be granted options which are intended to qualify as ISOs under the provisions of Section 422 of the Code. Generally, the optionee is not taxed and the Company is not entitled to a deduction on the grant or the exercise of an ISO. If the optionee sells the shares acquired upon the exercise of an ISO (“ISO Shares”) at any time after the later of (a) one year after the date of transfer of shares to the optionee pursuant to the exercise of such ISO and (b) two years after the date of grant of such ISO (the “ISO holding period”), then the optionee will recognize capital gain or loss equal to the difference between the sales price and the exercise price paid for the ISO Shares, and the Company will not be entitled to any deduction. However, if the optionee disposes of the ISO Shares at any time during the ISO holding period, then (a) the optionee will recognize capital gain in an amount equal to the excess, if any, of the sales price over the fair market value of the ISO Shares on the date of exercise, (b) the optionee will recognize ordinary income equal to the excess, if any, of the lesser of the sales price or the fair market value of the ISO Shares on the date of exercise, over the exercise price paid for the ISO Shares, (c) the optionee will recognize capital loss equal to the excess, if any, of the exercise price paid for the ISO Shares over the sales price of the ISO Shares, and (d) the Company will generally be entitled to a deduction in an amount equal to the amount of ordinary income recognized by the optionee.

Nonqualified Options. The grant of a nonqualified stock option (“NSO”) is generally not a taxable event for the optionee. Upon exercise of the option, the optionee will generally recognize ordinary income in an amount equal to the excess of the fair market value of the stock acquired upon exercise of the NSO (“NSO Shares”) over the exercise price of such option, and the Company will be entitled to a deduction equal to such amount. A subsequent sale of the NSO Shares generally will give rise to capital gain or loss equal to the difference between the sales price and the sum of the exercise price paid for such shares plus the ordinary income recognized with respect to such shares.

Stock Appreciation Rights . A grantee is not taxed on the grant of a stock appreciation right. On exercise, the grantee recognizes ordinary income equal to the cash or the fair market value of any shares received. We are entitled to an income tax deduction in the year of exercise in the amount recognized by the grantee as ordinary income.

Restricted Stock, Restricted Stock Units, Performance Awards . Grantees of restricted stock, restricted stock units, and performance awards do not recognize income at the time of the grant. When the award vests or is paid, grantees generally recognize ordinary income in an amount equal to the fair market value of the stock or units at such time, and we will receive a corresponding deduction. However, no later than 30 days after a participant receives an award of restricted stock, the participant may elect to recognize taxable ordinary income in an amount equal to the fair market value of the shares at the time of receipt. Provided that the election is made in a timely manner, when the restrictions on the shares lapse, the participant will not recognize any additional income. If the participant forfeits the shares to us (e.g., upon the participant’s termination prior to vesting), the participant may not claim a deduction with respect to the income recognized as a result of the election. Dividends paid with respect to unvested shares of restricted shares generally will be taxable as ordinary income to the participant at the time the dividends are received.

Section 409A . Section 409A imposes an additional 20% income tax, plus, in some cases, a further income tax in the nature of interest, on nonqualified deferred compensation that does not comply with deferral, payment-timing and other formal and operational requirements specified in Section 409A and related regulations and that is not exempt from those requirements. Stock options and SARs granted under the 2014 Plan are intended to be exempt from Section 409A. The 2014 Plan gives the Compensation Committee the flexibility to prescribe terms for other awards that are consistent with the requirements of, or an exemption from, Section 409A.

Certain Change of Control Payments . Under Section 280G of the Code, the vesting or accelerated exercisability of options or the vesting and payments of other awards in connection with a change of control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including income recognized by reason of the grant, vesting or exercise of awards, may be subject to an additional 20% federal tax and may be non-deductible to the Company.

Section 162(m) . Stock options, SARs and certain performance awards under the 2014 Plan are generally intended to be exempt or eligible for exemption from the deductibility limits of Section 162(m). However, as discussed above, the Compensation Committee will have discretionary authority to provide compensation that is not exempt from the limits on deductibility under Section 162(m).

New Plan Benefits

Our executive officers and directors have an interest in approval of the 2014 Plan because it relates to the issuance of equity awards for which executive officers and directors may be eligible. The benefits that will be awarded or paid under the 2014 Plan to executive officers cannot currently be determined. Awards granted under the 2014 Plan to executive officers are within the discretion of the Compensation Committee, and the Compensation Committee has not determined future awards or who might receive them.

The Board of Directors Recommends A Vote “FOR” Proposal 2.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board has selected Deloitte & Touche LLP (“Deloitte”) as the Company’s independent auditors for the fiscal year ending June 24, 2016 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Deloitte has audited the Company’s financial statements since our inception as a Delaware corporation in December 2002, and before that it audited SGI’s predecessor entities. Representatives of Deloitte are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither SGI’s Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte as SGI’s independent auditors. However, the Audit Committee of the Board is submitting the selection of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm in the future. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of SGI and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Deloitte. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Principal Accountant Fees and Services

The following table presents fees for professional audit services rendered by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the “Deloitte Entities”) for the audit of our annual financial statements and fees billed for all other services rendered by the Deloitte Entities for the fiscal years ended June 26, 2015 (“2015”) and June 27, 2014 (“2014”).

	2014	2015
	(In Thousand)	
Audit Fees (a)	1,784	1,821
Audit-related Fees	—	—
Tax Fees (b)	58	58
All Other Fees (c)	50	50
Total Fees	1,892	1,929

- (a) Consists of the audit of our annual financial statements, the audit of our internal control over financial reporting, review of financial statements included in our Quarterly Reports on Form 10-Q, and services that are normally provided by the independent registered public accounting firm in connection with statutory audit and regulatory filings, for those fiscal years.
- (b) Consists of fees for tax consulting services not directly related to the audit billed in 2015 and 2014.
- (c) Consists of fees for accounting research tools and other miscellaneous fees for consulting services not directly related to the audit.

All fees described above were approved by the Audit Committee.

Pre-Approval Policies and Procedures

As required by Section 10A(i)(1) of the Exchange Act, all non-audit services to be performed by SGI’s principal accountants must be approved in advance by the Audit Committee of the Board, subject to certain exceptions relating to non-audit services accounting for less than five percent of the total fees paid to its principal accountants which are subsequently ratified by the Audit Committee (the De Minimus Exception). The Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services provided the Chairperson reports the details of the services to the full Audit Committee at its next regularly scheduled meeting and the fees for such services prior to such report do not exceed \$50,000 in the aggregate. None of the non-audit services described above were performed pursuant to the De Minimus Exception during fiscal 2015.

The Audit Committee has determined that the rendering of the services other than audit services by Deloitte is compatible with maintaining the principal accountant’s independence.

The Board of Directors Recommends A Vote “FOR” Proposal 3.

PROPOSAL 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

SGI has a “pay-for-performance” philosophy that forms the foundation of all decisions regarding compensation of SGI’s named executive officers. This compensation philosophy, and the program structure approved by the Compensation Committee, is central to our ability to attract, retain and motivate individuals who can achieve superior financial results. We believe this approach, which has been used consistently over the years, has resulted in SGI’s ability to attract and retain the executive talent necessary to guide SGI during periods of tremendous growth and transformation as well as periods of refocusing efforts to increase stockholder value. Our executive compensation program seeks to accomplish these goals in a way that rewards performance and is aligned with our stockholders’ long-term interests by emphasizing long-term equity awards as well as achievement of various financial and operational goals.

The Compensation Discussion and Analysis section of this proxy statement describes our executive compensation program and the decisions made by the Compensation Committee in fiscal 2015 in more detail. Highlights of the program include the following:

- The Compensation Committee approved a short-term incentive plan or 2015 Performance for Results Bonus (the “2015 PFR”) for fiscal 2015. Upon achievement of certain performance factors at various levels, the 2015 PFR was designed to pay semi-annual cash bonuses to our executive officers, as described below under “*Annual Variable Cash Incentive Compensation—Bonus*.” In addition, the 2015 PFR provided for an annual adjustment if semi-annual payments were less than payments would have been had such bonuses been determined and paid on an annual rather than semi-annual basis.
- The Compensation Committee approved annual time-based and performance-based restricted stock unit grants for our executive officers. These grants were based on long-term value, aimed to achieve total direct compensation at the 50th percentile and are further described below under “*Long-Term Equity Incentive Compensation*.”

We believe the compensation program for our named executive officers is an important component of maximizing our future success by rewarding executives for company performance.

We are asking for stockholder approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules, which disclosures include the disclosures under “Compensation Discussion and Analysis,” the compensation tables and notes thereto and related narrative discussions.

In accordance with Section 14A of the Exchange Act, SGI is asking stockholders to approve the following non-binding, advisory resolution at the 2015 Annual Meeting of Stockholders:

RESOLVED, that the compensation paid to SGI’s named executive officers, as disclosed pursuant to Item 402 of Regulation S- K, including the Compensation Discussion and Analysis, compensation tables and notes thereto and related narrative discussions, is hereby APPROVED.

This advisory resolution, commonly referred to as a “say-on-pay” resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation Committee value the opinions of our stockholders and will review and consider the voting results when evaluating our executive compensation program. SGI’s stockholders will vote annually to approve, on an advisory (non-binding) basis, a resolution on executive compensation. The Company anticipates that the next stockholder advisory vote will occur in December 2016.

The Board of Directors Recommends A Vote “FOR” Proposal 4.

Executive officers, directors and greater than 10% stockholders are required by SEC rules to furnish to us copies of all forms they file. COMPENSATION DISCUSSION AND ANALYSIS

This “Compensation Discussion & Analysis” section sets forth the approach, rationale, background and methods of our executive compensation practices for our named executive officers for our fiscal year ended June 26, 2015. The purpose of this discussion is to provide the context necessary to understand the compensation of our named executive officers, which is detailed in the tables and narratives that follow.

Executive Summary

We continued to make steady progress toward our long-term strategic goals in fiscal 2015. We exceeded our expectations in many areas, including winning and booking large customer sales transactions, growing our federal and professional services businesses and positioning our newer product lines for success. One area where we fell short of our expectations was in generating the level of profitability we had forecast at the beginning of the year. The initial margin profile of some of our new large platform programs was lower than we anticipated. This shortfall, together with the cost of servicing our new term loan obligations, resulted in us missing our profitability target for the year, which impacted our incentive compensation outcomes for fiscal 2015.

Entering fiscal 2016, our priorities are to increase profitability and further cash generation. Given some of the successes we saw in fiscal 2015, we believe we have the right building blocks in place to successfully execute on our profitable growth strategy moving forward.

Fiscal 2015 Business Highlights

For fiscal 2015, our key financial results were as follows:

- Our total revenue was \$521 million;
- Large deal bookings were \$274.5 million;
- Our GAAP operating loss was \$34.1 million, while our non-GAAP operating loss (which excludes share-based compensation, amortization and impairment of intangibles, restructuring and severance and other non-recurring activities) was \$7.7 million;
- Our GAAP diluted loss per share (“EPS”) was \$1.13, while our non-GAAP diluted loss per share (which excludes share-based compensation, amortization and impairment of intangibles, restructuring and severance and other non-recurring activities) was \$0.36.

Fiscal 2015 Executive Compensation Highlights and Pay-For-Performance

In fiscal 2015, consistent with our “pay-for-performance” philosophy, the Compensation Committee based a significant portion of each named executive officer’s target total direct compensation on Company performance. During fiscal 2015, the Compensation Committee continued to emphasize a strong relationship between executive pay and Company performance and continued to emphasize a mix of short-term and long-term performance-based compensation to reinforce our pay-for-performance philosophy. The Compensation Committee also reviewed and considered a balance between pay for performance and retention of our executive officers, as overall target total direct compensation had declined significantly during fiscal 2014 and the Company had begun to experience personnel departures as a result. The Compensation Committee generally targets total direct compensation at the 50th percentile of the Company’s Peer Group as described below.

In August 2014 the Compensation Committee took the following key compensation actions with respect to our named executive officers for fiscal 2015:

- **Base Salaries** – Adjusted annual base salaries in amounts ranging from 0% to 10% to reward and retain executives, as further described below under “Base Salaries.”
- **Annual Cash Incentive Plan** – Approved an annual cash incentive plan, called the 2015 Performance for Results Bonus Plan (the “2015 PFR”) for fiscal 2015. The 2015 PFR was designed to pay semi-annual cash bonuses to our named executive officers upon achievement of specific pre-established performance objectives, as described below under “Annual Variable Cash Incentive Compensation—Bonus.” In addition, the 2015 PFR provided for an annual adjustment if semi-annual payments were less than payments would have been had such bonuses been determined and paid on an annual, rather than a semi-annual, basis. Because we did not achieve the threshold performance levels set forth in the 2015 PFR, our named executive officers did not receive any annual cash incentive payments for fiscal 2015.
- **Equity Awards** – Approved annual time-based and performance-based restricted stock unit awards, which were equally weighted, as further described below under “*Long-Term Equity Incentive Compensation*.” The shares of our common stock subject to the performance-based restricted stock unit awards were to be earned based upon the level of achievement of certain performance measures related to total stockholder return and strategic operating goals for certain product revenue and large deal bookings. In August 2015, the Compensation Committee determined attainment of such award metrics at the minimum threshold, resulting in performance-based restricted stock unit awards being earned at 50% of their August 2014 grant amount.

Executive Compensation Policies and Practices

We endeavor to maintain sound executive compensation policies and practices, including compensation-related corporate governance standards, consistent with our executive compensation philosophy. During fiscal 2015, we maintained the following executive compensation policies and practices, including policies and practices we have implemented to drive performance and policies and practices that either prohibit or minimize behaviors that we do not believe serve our stockholders' long-term best interests:

What We Do

- ***Maintain an Independent Compensation Committee.*** The Compensation Committee consists solely of independent directors who establish our compensation practices.
- ***Retain an Independent Compensation Advisor .*** The Compensation Committee has engaged its own compensation consultant as its advisor to provide information, analysis, and other advice on executive compensation independent of management.
- ***Review Executive Compensation Annually .*** The Compensation Committee conducts an annual review of our compensation strategy, including a review of our compensation peer group used for comparative purposes.
- ***Use a Pay-for-Performance Philosophy .*** A significant portion of our executive officers' compensation is directly linked to corporate and individual performance. We structure executive officer target total direct compensation opportunities with a predominant long-term equity component, thereby making a substantial portion of each executive officer's target total direct compensation dependent upon the performance of our stock price and/or other specified financial metrics.
- ***Provide for At-Risk Compensation .*** Our executive compensation program is designed so that a significant portion of our executive officers' compensation is "at risk" based on corporate performance, as well as equity-based, to align the interests of our executive officers and stockholders.
- ***Conduct a Compensation-Related Risk Assessment Annually .*** The Compensation Committee regularly reviews our compensation-related risk profile to ensure that our compensation-related risks do not create inappropriate or excessive risk and are not reasonably likely to have a material adverse effect on the Company.
- ***Maintain a Stock Ownership Policy.*** We maintain stock ownership guidelines for our CEO, the executive officers who report to our CEO, and the non-employee members of our Board of Directors under which they must accumulate and maintain, consistent with the terms of the guidelines, shares of our common stock.
- ***Conduct an Annual Stockholder Advisory Vote on Named Executive Officer Compensation .*** We conduct an annual stockholder advisory vote on the compensation of our Named Executive Officers. The Compensation Committee considers the voting results of this advisory vote during the course of its deliberations and also separately seeks to engage on corporate governance matters with stockholders.
- ***"Double-Trigger" Change-in-Control Arrangements .*** All payments and benefits under our post-employment compensation arrangements in the event of a change in control of the Company are based on a "double-trigger" arrangement (that is, they require both a change in control of the Company plus a qualifying termination of employment before payments and benefits are paid).
- ***Succession Planning .*** We review the risks associated with our key executive officer positions to ensure adequate succession plans are in place.

What We Do Not Do

- **No Retirement Plans** . We do not currently offer, nor do we have plans to offer, pension arrangements, retirement plans, or any non-qualified deferred compensation plans or arrangements to our executive officers other than the plans and arrangements that are available to all employees.
- **No Hedging** . We prohibit our executive officers and the non-employee members of our Board of Directors from hedging or engaging in any derivatives trading with respect to our equity securities.
- **No Tax Gross Up Payments on Perquisites** . We do not provide any tax reimbursement payments (including “gross-ups”) on any perquisites or other personal benefits, other than standard relocation benefits.
- **No Dividend Equivalents** . We do not pay dividend equivalents on unvested restricted stock unit awards, including unvested performance-based restricted stock unit awards.

Stockholder Advisory Vote

At our 2014 Annual Meeting of Stockholders, we conducted a non-binding stockholder advisory vote on the fiscal 2014 compensation of our named executive officers (commonly known as a “Say-on-Pay” vote). Excluding abstentions and broker non-votes, our stockholders approved the fiscal 2014 compensation of our named executive officers with approximately 90% of the votes cast in favor of the proposal. Our Board of Directors and the Compensation Committee considered this outcome favorable and believed it conveyed our stockholders’ support of our existing executive compensation philosophy and program.

While these votes are not binding, we believe that it is important for our stockholders to have an opportunity to express their views regarding our executive compensation philosophy and programs as disclosed in our proxy statement on an annual basis. The Compensation Committee values our stockholders’ opinions and our Board of Directors and the Compensation Committee will consider the outcome of the vote when making future compensation decisions for our named executive officers. In addition to an annual advisory vote on executive compensation, we are committed to ongoing engagement with our stockholders on executive compensation matters generally. Accordingly, following the Annual Meeting of Stockholders to which this proxy statement relates, the next Say-on-Pay vote will occur at our 2016 Annual Meeting of Stockholders.

Fiscal 2016 Executive Compensation

In August 2015, the Compensation Committee approved salary adjustments and annual and long-term incentive compensation plans for fiscal 2016. The principal terms and conditions of these plans are as follows:

Fiscal 2016 Base Salaries

The Compensation Committee determined that certain market adjustments were necessary and approved fiscal 2016 annual base salaries as noted below, effective as of the first business day of the fiscal third quarter.

Named Executive Officer	Base Salary		% Change
	Fiscal 2015	Fiscal 2016	
Jorge Titingier	\$ 585,000	\$ 605,000	3.4%
Cassio Conceicao	\$ 385,000	\$ 405,000	5.2%
Robert Nikl	\$ 385,000	\$ 385,000	0%
Mekonnen Asrat	\$ 247,500	\$ 255,000	3.0%

Fiscal 2016 Performance For Results Bonus Plan

The Compensation Committee established the fiscal 2016 Performance For Results Bonus (the “2016 PFR”) as our short-term performance-based incentive plan and set target annual bonus opportunities for our executive officers as a percentage of base salary, with target bonus amounts for each named executive officer noted below. The 2016 PFR is identical in all respects to the 2015 PFR:

- The Compensation Committee selected revenue and non-GAAP operating income as the performance measures for fiscal 2016, as it considered those performance measures to be consistent with our fiscal 2016 operating plan. In addition, these performance measures serve to further our near-term revenue growth objectives and encourages us to focus on current year financial goals. Further, consistent use of these measures enables us to gauge our progress year-over-year, as well as compare our financial performance against the performance of our competitors.

Named Executive Officer	Annual Target Bonus	Target %
Jorge Titinger	\$ 605,000	100%
Cassio Conceicao	\$ 303,750	75%
Robert Nikl	\$ 288,750	75%
Mekonnen Asrat	\$ 102,000	40%

The Compensation Committee did not adjust any target percentage amount for any named executive officer in fiscal 2016.

Fiscal 2016 Long-Term Equity Incentive Compensation

The Compensation Committee determined that a mix of 75% time-based restricted stock unit (“RSU”) awards and 25% performance-based restricted stock unit (“PSU”) awards should be granted to our executive officers. In changing its weighting from the 50/50 mix that had been used in prior years, the Compensation Committee chose to give greater emphasis to its retention objectives, noting the decline in overall target total direct compensation for our employees, including executives, and recent personnel departures. Accordingly, the Compensation Committee granted each named executive officer RSUs and PSUs as follows:

Executive Officer	RSU Grant	PSU Grant
Jorge Titinger	214,000	71,500
Cassio Conceicao	75,500	25,000
Robert Nikl	63,000	21,000
Mekonnen Asrat	10,500	—

- The target long-term incentive compensation opportunity for each of our named executive officers was calculated based on a 60-day average of market price of our common stock through August 7, 2015, capped at \$8.11 per share.
- The RSU awards granted to our named executive officers vest on a quarterly basis over a period of four years from August 12, 2015, the date of grant, subject to the individual’s continued employment through each vesting date.
- The PSU awards granted to our named executive officers are subject to the following terms and conditions:
 - The shares of our common stock subject to these awards are to be earned over fiscal 2016.
 - The shares of our common stock subject to these awards will be earned based on our performance as measured against the following metrics: total stockholder return (50%); and strategic objectives related to top line revenue and non-GAAP gross margin (50%).
 - The target number of shares subject to these awards may be increased or decreased based on our actual level of achievement with respect to the performance metrics:
 - If we achieve 50% or less of the target performance level for any strategic metric, then no shares will be earned with respect to that portion of the award.
 - If we achieve 75% of the target performance level for a metric, then 50% of the target number of shares will be earned with respect to such metric.
 - If we achieve 100% of the target performance level for a metric, then 100% of the target number of shares will be earned with respect to such metric.
 - If we achieve 125% or more of the target performance level for a metric, then 150% of the target number of shares will be earned with respect to such metric.
- The actual number of shares earned will vest as to 25% of the earned shares on the day following the date the Compensation Committee approves our actual performance with respect to each metric for the fiscal year ending June 24, 2016. The remaining earned shares will vest in 12 equal quarterly installments over the subsequent three years, subject to the named executive officer’s continued employment through each vesting date.

Executive Compensation Philosophy

Compensation of our executive officers is intended to attract, motivate and retain highly qualified individuals with the leadership skills necessary to achieve our annual and long-term business objectives and to create sustainable long-term stockholder value. The Compensation Committee has the responsibility for establishing and overseeing our executive officer compensation programs, and in discharging its responsibilities seeks to achieve the following objectives:

- Our executive officers should be fairly compensated for the value of work provided, including the achievement of specific Company goals and objectives.
- Our executive officers' target total direct compensation (consisting of base salary, annual cash incentive compensation opportunity and long-term equity incentive compensation opportunity) should be competitive with market practices.
- The compensation of our executive officers should align their interests with the interests of our stockholders by promoting stock ownership, and thereby discouraging behaviors that may lead to unnecessary or excessive risk taking.
- A significant portion of the target total direct compensation opportunity of our executive officers should be at risk, provided such risk does not lead to unnecessary or excessive risk taking, and with payments varying based on our financial and operational performance as well as each executive officer's level of responsibility and individual performance at SGI.
- Our executive compensation program should be implemented in an objective and non-discriminatory manner.

To achieve these objectives, the Compensation Committee has designed a compensation program that ties a portion of each executive officer's overall compensation to Company and individual performance. The Compensation Committee strives to create an executive compensation program that is competitive with the executive compensation paid by comparable public technology companies.

Determining Executive Compensation

The Compensation Committee determines all aspects of the compensation for our executive officers.

In August 2014, when the Compensation Committee designed and implemented compensation programs for fiscal 2015, it performed a comprehensive executive compensation review, including an analysis of base salary, annual cash incentive compensation and long-term equity compensation. In performing this review, the Compensation Committee carefully considered data provided by the independent consulting firm, Radford. Radford was charged with conducting a competitive analysis of our executive compensation and evaluating the competitiveness of our compensation practices against our peer group, as further discussed below under "*Consultants and Market Positioning Philosophy*." Radford compared the components of executive compensation for each of our executive officers against the median peer group results, and made recommendations to the Compensation Committee based on these results. The Compensation Committee considered the 50th percentile for total direct compensation to be fair compensation consistent with other companies with which we compete for executive talent. As a result of this competitive analysis, the Compensation Committee took the following actions in August 2014:

- The Compensation Committee approved the 2015 PFR for fiscal 2015. Upon achievement of certain performance factors at various levels, the 2015 PFR was designed to pay semi-annual cash bonuses to our executive officers, as described below under "*Annual Variable Cash Incentive Compensation—Bonus*." In addition, the 2015 PFR provided for an annual adjustment if semi-annual payments were less than payments would have been had such bonuses been determined and paid on an annual rather than semi-annual basis.
- The Compensation Committee approved annual time-based and performance-based restricted stock unit grants for our executive officers that are further described below under "*Long-Term Equity Incentive Compensation*."
- In fiscal 2015, the Compensation Committee insisted on a close relationship between executive pay and Company performance and continued to emphasize a mix of performance-based, short-term and long-term incentive compensation to reinforce the concept of pay-for-performance among the Company's executives. The Compensation Committee also reviewed and considered a balance between pay for performance and retention of Company executives.

Consultants and Market Positioning Philosophy

As discussed above, Radford served as the Compensation Committee's outside compensation adviser for fiscal 2015. Our outside compensation adviser provided the following services:

- Assisted in the selection of our peer group companies.
- Provided compensation analysis of executive and director compensation data.
- Recommended how to best structure short-term and long-term incentives to provide competitive compensation and align the interests of senior management, the Company and its stockholders.
- Helped the Compensation Committee interpret compensation data.
- Reviewed our management's compensation recommendations.
- Advised on the reasonableness and effectiveness of our executive officer compensation levels and programs.

To support its objective of providing an executive compensation program that is sufficiently competitive to attract and retain key executives, the Compensation Committee evaluated executive compensation information from specific groups of comparable companies.

Use of Comparative Compensation Data

As described above, the Compensation Committee's executive compensation review for fiscal 2015 included an analysis of base salary, annual cash incentive compensation and equity compensation.

In determining our executive compensation for fiscal 2015, the Compensation Committee utilized the findings provided in a compensation assessment report prepared by Radford. Radford identified a group of peer companies to assess the competitiveness of our executive officers' compensation as compared to executives with similar titles and responsibilities at companies with which SGI competes for talent to be used in connection with compensation decisions for fiscal 2015. This group of companies is hereinafter referred to in this proxy statement as the "Peer Group." The Peer Group included companies of similar size and industry focus and scope as SGI. Radford developed this list through research of security analyst reports and a selection of companies in specific industry segments based on specific financial and non-financial criteria. The Compensation Committee reviews the Company's Peer Group annually.

For fiscal 2015, Radford considered a combination of the following criteria to identify the companies to be included in the Peer Group: (i) SGI's last fiscal year Peer Group; (ii) peers identified by the Company; and (iii) peers determined by Institutional Shareholder Services' peer group selection methodology. Radford further refined its method for determining the Peer Group by focusing on companies that represented a cross-section of public companies in the server, network software, semiconductor and telecommunications sectors with comparable attributes to the Company, in four areas: (a) annual revenue performance; (b) market capitalization; (c) net income/operating income; and (d) headcount. The Compensation Committee believed that use of this methodology produced the appropriate Peer Group. Radford reviewed and informed the Compensation Committee of the compensation practices of the companies in this group, so that the Compensation Committee could understand the compensation landscape in the technology market when determining the total compensation of SGI's executive officers based on the scope of job responsibilities or the breadth of the organizations managed by executives holding the same or similar titles. Radford also reviewed the Peer Group set forth in our last-filed proxy statement to determine whether any modifications were warranted for fiscal 2015.

With this focus and for these reasons, and acting based on information provided by Radford, the Compensation Committee adopted the following Peer Group for fiscal 2015:

Coherent, Inc.
Comtech Telecommunications Corp.
Cray Inc.
Electronics for Imaging, Inc.
Emulex Corporation
Intersil Corporation
Ixia
Microsemi Corporation
Netgear, Inc.
Omnivision Technologies, Inc.
PMC-Sierra, Inc.
QLogic Corporation
Quantum Corporation
Super Micro Computer, Inc.
Synaptics Incorporated
TriQuint Semiconductor, Inc.
Viasat, Inc.

Radford met with members of senior management to learn about our business operations and strategies, key performance metrics and target goals, and the labor and capital markets in which we compete. Radford factored this information into its compensation recommendations to the Compensation Committee.

The Compensation Committee consulted with Radford to determine the appropriate allocation between annual base salary, annual target bonus and equity incentive awards for our executive officers. Rather than relying on a fixed policy for the allocation of compensation elements, however, the Compensation Committee made its decisions based on data derived from comparable compensation vehicles utilized by Peer Group companies. The Compensation Committee further considered the appropriate amount of total direct compensation and sought to strike a balance among all forms of compensation, weighing pay for performance versus retention.

In fiscal 2015, we targeted the 50th percentile, defined as the middle point of relevant Peer Group market data discussed herein, for target total direct compensation, and reviewed each element of compensation, including base salary, target annual incentive opportunity, target total cash compensation and target total long-term equity incentive. The Compensation Committee determined this was an appropriate target market position to enable us to attract and retain the level of executive talent it believes will improve operational performance and stockholder value.

The Compensation Committee also periodically reviews the competitiveness of the executive officers' severance, change-in-control stipulations, and the broad-based employee benefit plans in which executive officers participate.

Role of our Chief Executive Officer and Management in Compensation Determinations

The Compensation Committee consults with management regarding both executive and non-executive employee compensation plans and programs, including administering our equity incentive plans. SGI's CEO typically makes assessments and recommendations to the Compensation Committee on whether there should be adjustments to annual base salary, annual cash incentive compensation and long-term equity incentive compensation of executive officers. The Compensation Committee reviews such recommendations, but makes its decisions in its sole discretion with input from the CEO and other executives as necessary. Accordingly, in addition to the information regarding compensation paid to executives with similar titles and responsibilities at the companies in the Peer Group, the Compensation Committee also takes into account each of the following individual factors (which are provided to the Compensation Committee by our CEO, with the support of management representatives from finance, legal and human resources) when determining the compensation for our executive officers:

- recommendations on the design and structure of cash incentive and long-term equity incentive compensation;
- recommendations on the amount and form of compensation to be paid to all executive officers, including the CEO;
- performance of the Company's business;
- strategic importance of the position;
- succession planning considerations and retention risks;
- individual performance;
- information on recruiting and hiring trends and key employment statistics;
- scarcity in the market of an individual's skills and talents;
- expected future contributions;
- historical compensation; and
- other information as requested by the Compensation Committee.

Our CEO, Senior Vice President, Human Resources and legal counsel generally attend Compensation Committee meetings. However, at each meeting in which executive compensation is on the agenda, the Compensation Committee holds an executive session without management (including our CEO) present. In addition, our CEO is not present during the deliberation of, and voting on, his compensation. Also, from time to time the Compensation Committee meets independently, without SGI management present, with its compensation consultants.

Compensation Elements

The principal elements of our executive compensation program are as follows:

<i>Component</i>	<i>Purpose</i>
Base Salary	Compensate on a fixed basis for level of responsibility, experience and sustained individual performance.
Annual Variable Cash Incentive Compensation	Compensate for achieving pre-established annual or semi-annual financial, operational and strategic performance objectives.
Long-Term Equity Awards	Compensate for multi-year performance that enhances stockholder value.
Discretionary Bonus	Recognize and reward individual contributions to Company success.

In addition, we provide our executive officers with typical employee benefits, such as health insurance, 401(k) plan, including matching contributions, and an employee stock purchase plan on the same terms as other employees. We also provide severance and change in control benefits to all of our named executive officers, but the Compensation Committee does not consider these benefits when making its determinations about other elements of our executive compensation program.

We do not have a pre-established policy for allocating between fixed and variable compensation or among the different types of variable compensation. The allocation is influenced, however, by the Compensation Committee's assessment of the compensation practices of the companies in the Peer Group and our short-term and long-term strategic objectives. The Compensation Committee aims to provide total direct compensation at levels sufficient to attract and retain qualified executive officers. Variable compensation generally consists of annual cash incentive compensation and long-term equity incentives, and represents a significant portion of the total direct compensation opportunity for each executive officer. The Compensation Committee believes that the executive officers' consistent and sustained performance can have a direct and significant impact on long-term stockholder value and that awarding long-term equity awards aligns our executive officers' interests with those of our stockholders.

Base Salaries

The Compensation Committee establishes base salaries for our executives based on market compensation paid by companies in the Peer Group for similar positions and based on the following factors: the scope of responsibilities, experience, past performance and objectives for the year. Generally, the Compensation Committee believes that executive base salaries targeted at the 50th percentile of salaries for executives in similar positions and with similar responsibilities at companies in the Peer Group are sufficient to attract and retain qualified executives. In fiscal 2015, the Compensation Committee provided base salary increases, effective as of September 29, 2014, to certain executive officers to realign salaries with market levels after taking into account individual responsibilities, performance, experience and objectives for the year.

Named Executive Officer	Base Salary (1)		% Change
	Fiscal 2014	Fiscal 2015	
Jorge Titinger	\$ 585,000	\$ 585,000	0%
Robert Nikl	\$ 385,000	\$ 385,000	0%
Cassio Conceicao	\$ 350,000	\$ 385,000	10%
Jennifer Pileggi	\$ 315,000	\$ 325,000	3%
Mekonnen Asrat	\$ 240,000	\$ 247,500	3%

(1) The base salaries shown above reflect fiscal year-end annualized salary numbers.

Annual Variable Cash Incentive Compensation—Bonus

The Compensation Committee believes that a meaningful portion of the annual cash compensation for each executive officer should be in the form of variable incentive bonuses, which motivate our executive officers towards achievement of annual financial targets set by the Compensation Committee. Our policy is to target annual bonus opportunities at the 50th percentile of the companies in the Peer Group. For fiscal 2015, the metrics used to determine attainment of Mr. Titinger's personal performance targets were identical to those of the other executive officers and employees participating in corporate bonus plans, thereby maintaining a commonality of business interests across the Company.

Fiscal 2015 Performance for Results Bonus

In August 2014, the Compensation Committee established the fiscal 2015 Performance for Results Bonus (the “2015 PFR”) as our performance-based, short-term incentive plan and determined the target bonus amounts for our executive officers. The 2015 PFR provided incentives that are aligned with targeted Company performance without increased risk to the Company. The Compensation Committee selected Company-level financial targets in order to focus executive attention on attaining financial objectives for our business and to foster teamwork among the members of management. The 2015 PFR provided that bonuses were payable semi-annually based upon semi-annual achievement of two key indicators of our performance: revenue and non-GAAP operating income performance targets, as set by the Compensation Committee. The Compensation Committee considered achievement of these performance criteria to most accurately reflect SGI’s current year financial performance and these performance criteria were consistent with SGI’s fiscal 2015 business plan. These two performance criteria served to encourage attention to near-term future revenue and weighting them equally encouraged management to focus on current year financial goals. In addition, using these two criteria consistently permits us to measure the Company’s performance on a year-over-year basis, as well as compare the Company’s performance against the performance of companies with which we compete.

Under the 2015 PFR, for a bonus to be earned and payable for a given semi-annual period, the Company’s semi-annual revenue and non-GAAP operating income each had to be within a range of respective percentages that included a threshold requirement for revenue of 80% and 75% for non-GAAP operating income, corresponding to a payout of 50%. The 2015 PFR also contained maximum targets for revenue of 120% and 125% for non-GAAP operating income, corresponding to a maximum payout of 200% of target. Achievement of the performance criteria resulted in a payout percentage determined in accordance with the 2015 PFR matrix. Failure to meet the threshold requirements would result in no semi-annual bonus amount being paid. Further, at the end of fiscal 2015, the Compensation Committee compared the aggregate percentage of the semi-annual bonus amounts paid during fiscal 2015, with the actual revenue and non-GAAP operating income attained for fiscal 2015 to determine whether a “true-up” payment was necessary pursuant to the terms of the 2015 PFR. A “true-up” payment was to be paid only if the actual semi-annual payments made were less than the payments that would have been made had the payments been paid on an annual basis rather than a semi-annual basis. In August 2015, the Compensation Committee determined that overall 2015 PFR achievement was below established thresholds, as the Company’s overall revenue and non-GAAP operating income targets were \$550 million and \$4.0 million, respectively, while actual results were \$521 million and \$7.7 million in revenue and non-GAAP operating loss, respectively. Accordingly, no bonuses were paid under the 2015 PFR.

Long-Term Equity Incentive Compensation

The goal of our long-term, equity-based incentive awards is to provide each executive officer with an incentive to manage the Company from the perspective of an owner with an equity stake in the business. The Compensation Committee further believes that long-term performance is achieved through an ownership culture that encourages long-term performance by our executive officers through the use of stock-based awards. In addition, the Compensation Committee believes that having a meaningful equity ownership in the Company assists us in retaining our key employees while also helping to manage risk over time through ownership. In fiscal 2015, the Compensation Committee, acting upon information provided by Radford and consistent with its approach in fiscal 2014, determined that an equal mix of time-based and performance-based restricted stock units should be granted to executive officers as long-term equity incentive compensation. The Compensation Committee believes that a mix of time-based and performance-based awards further incentivizes the achievement of corporate goals and also is an ongoing industry trend.

The Compensation Committee believes that annual equity awards generally create strong incentives to drive future stockholder return, and determines annual equity awards for each executive, in part, with reference to our Peer Group benchmark. In addition to Peer Group benchmarking, the Compensation Committee also considers the following factors when determining equity compensation for our executive officers:

- each executive’s position within SGI;
- the level it considers appropriate to create a meaningful opportunity for reward based on increasing stockholder value;
- the fiscal period’s budget for necessary compensation expense;
- the executive’s performance;
- each executive’s potential for future responsibility and promotion;
- competitive compensation targets for the executive’s position and level of contribution; and
- the CEO’s assessments and recommendations as to the long-term equity compensation for all of our executive officers.

Fiscal 2015 Long-Term Incentive Plan

The fiscal 2015 annual grant of time-based restricted stock units vest as to 1/16th of the shares every quarter from the date of grant, subject to the executive's continued service with us. These equity awards granted to our named executive officers are described in the table entitled "Grants of Plan-Based Awards." The size and terms of the equity awards granted to our executive officers were determined by the Compensation Committee and based upon independent information provided by Radford. The data relied upon by the Compensation Committee included analysis of the then-current, and trending of, equity vehicles and quantitative awards utilized by the Peer Group, as well as the high-technology industry as a whole.

The fiscal 2015 annual grant of performance-based restricted stock units were to vest only upon the occurrence of certain vesting criteria. In order for the performance-based restricted stock units to vest in full, (i) the Company's total stockholder return needed to be greater than the median total stockholder return of its Peer Group (50% weighting) and (ii) the Company needed to meet two strategic objectives related to certain product sales and large deal bookings (25% weighting each). Achievement of the aforementioned performance criteria would result in attainment determined in accordance with a payout matrix. At attainment of 75% or below, PSUs earned would be 50%. At 100% attainment, PSUs earned would be 125%. Attainment at 125% and above would result in 150% of PSUs being earned. If the conditions for initial attainment of the performance-based restricted stock units were met, the remaining portion of the performance-based restricted stock unit grant would vest in twelve equal, successive quarterly installments over an additional three years, subject to continued service through each vesting date. In August 2015, the Compensation Committee determined attainment of metrics for the awards at 75% or below, resulting in PSUs being earned at 50% of the August 2014 award. While the Company far exceeded its strategic objective related to large deal bookings, it missed its strategic objective related to certain product revenue and the Company's total stockholder return did not meet that of the mean of its peers. Equity awards granted to our named executive officers are described in the table entitled "Grants of Plan-Based Awards." The size and terms of the equity awards granted to our executive officers were determined by the Compensation Committee and based upon independent information provided by Radford. The data relied upon by the Compensation Committee included analysis of the then-current, and trending of, equity vehicles and quantitative awards utilized by the Peer Group, as well as the high-technology industry as a whole.

Equity Award Grant Policy

The Compensation Committee and senior management monitor SGI's equity award policy to ensure that such policy complies with governing regulations and is consistent with good corporate practice. Annual grants to the executive officers are generally made at the Compensation Committee meeting held in the beginning of each fiscal year, after results for the preceding fiscal year become publicly available, enabling the Compensation Committee to consider both the prior year's performance and expectations for the succeeding year in making grant decisions. However, the Compensation Committee may make grants at any time of the year it deems appropriate. Currently, the Company does not have any holding period requirements for equity grants made to executive officers once shares vest.

Discretionary Bonus

At its discretion, the Compensation Committee may also award bonuses to employees, including named executive officers, to reward for individual achievement or outstanding performance, to motivate for achievement of specific Company or individual goals and/or to promote retention and loyalty to the Company. The Company did not make any discretionary bonuses to executive officers in fiscal 2015.

Perquisites

We do not offer our executive officers any perquisites other than the perquisites we offer generally to other Company employees.

Deferred Compensation

Other than participation in the Company's broad-based tax-qualified 401(k) plan, we do not offer or maintain non-qualified defined benefit plans or other deferred compensation plans for the benefit of our executive officers or any other employees.

Other Employee Benefit Plans

The named executive officers are eligible for the same benefits available to SGI employees generally. For fiscal 2015, these included participation in a tax-qualified 401(k) plan (including up to \$6,000 in Company matching), employee stock purchase plan, and group life, health, dental, vision and disability insurance plans. SGI also periodically benchmarks its broad-based employee benefit plans based upon a review of the benefits survey conducted by Radford. SGI aims to provide benefits to its employees that are consistent with market practice.

Severance and Change of Control Arrangements

The Compensation Committee periodically reviews typical industry practices concerning severance and change in control agreements and SGI's severance and change in control agreements. SGI has entered into agreements with Messrs. Titinger, Nikl, Conceicao and Asrat that provide for benefits upon termination of employment under certain circumstances, including in connection with a change in control of SGI. The Company also had entered into an agreement with Ms. Pileggi prior to her departure that provided for benefits upon termination of employment under certain circumstances, including in connection with a change in control of SGI. These benefits include continued salary, which may be paid over time or in a lump sum, continued health insurance coverage and accelerated vesting of equity awards. SGI provides these benefits as a means of remaining competitive, retaining executive officers, focusing executive officers on stockholder interests when considering strategic alternatives and providing income protection in the event of involuntary loss of employment. Most of these benefits were determined through arms-length negotiations at the time each executive was hired by SGI, and are therefore different for each executive. We also have entered into or amended, severance and change in control agreements with certain executive officers while they were employed by SGI. We entered into or amended these agreements to create parity among our executive officers, and any such agreements have terms similar to those of agreements entered into with executive officers at the time such executive officers were hired. The Compensation Committee agreed to the specific provisions based on the position of the executive officer, the level of severance and change in control benefits held by other executive officers, and its negotiating power in the negotiations. The Compensation Committee maintains a standardized executive employment agreement containing consistent and equitable provisions regarding severance, change of control payments and other terms of employment, together with appropriate provisions designed to protect and benefit SGI in the event of an executive officer's termination. In no event will severance compensation be paid on a single trigger basis simply upon the consummation of a change in control absent a contemporaneous termination of employment.

A summary of the material terms of these Employment Agreements, together with a quantification of the benefits available under the agreements, may be found in the section entitled, "*Executive Compensation—Potential Payments Upon Termination or Change of Control*."

Stock Ownership Guidelines

Our Stock Ownership Guidelines provide that the Company's CEO and each non-employee director who has served on the Board for at least one year are expected to own shares of SGI's common stock with a market value at least as high as three times the amount of base salary and annual base cash retainer, respectively. Our stock ownership guidelines also provide that other executive officers own shares of SGI common stock with a market value of at least one time the amount of such officer's base salary. Per our policy, unvested restricted stock and unvested restricted stock units are included for purposes of ownership levels, but unexercised stock options are not. As of the date of this Proxy Statement, each of our directors and named executive officers is in compliance with our guidelines.

No Hedging

Pursuant to our Insider Trading Policy, officers, directors and other designated insiders may not engage in hedging or monetization transactions or similar arrangements with respect to our stock.

Tax Considerations

Section 162(m) of the Code limits deductions for certain executive compensation in excess of \$1,000,000 in any fiscal year. Certain types of compensation are deductible only if performance criteria are specified in detail and payments are contingent on stockholder approval of the compensation arrangement. SGI attempts to structure its compensation arrangements in a manner intended to achieve deductibility under Section 162(m) of the Code, unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. Since corporate objectives are not always consistent with the requirements for full deductibility, the Compensation Committee may from time to time, approve compensation arrangements under which payments may not be deductible under Section 162(m) of the Code. Thus, deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

EXECUTIVE COMPENSATION

Summary of Executive Compensation

The following table shows the compensation awarded to, paid to, or earned by, our Chief Executive Officer during fiscal 2015, our Chief Financial Officer during fiscal 2015, our two most highly compensated executive officers serving in such capacity at June 26, 2015, and Mrs. Pileggi, our former Senior Vice President, General Counsel and Corporate Secretary, who would have been one of our three most highly compensated executive officers, but for the fact that she was no longer with the Company at the end of the fiscal year. Potential Payments Upon Termination or Change in Control

We have entered into employment agreements with our current named executive officers, as described below, which require us to make payments if we terminate their employment without cause, or if they terminate their employment for good reason, either before or after a change in control of SGI. These arrangements are discussed below. The compensation to which our named executive officers are entitled varies depending on the nature of termination.

Unless otherwise indicated in the descriptions below, in each of these employment agreements:

“cause” is defined as one or more of the following events: (i) the indictment or conviction for a felony or other crime, or any misdemeanor involving moral turpitude; (ii) the commission of any other act or omission involving fraud or intentional deceit with respect to SGI or any of its affiliates or any of their directors, stockholders, partners or members; (iii) any act or omission involving dishonesty that causes material injury to SGI or any of its affiliates or any of their directors, stockholders, partners or members; (iv) gross negligence with respect to SGI or any of its subsidiaries; (v) willful misconduct with respect to SGI or any of its subsidiaries; (vi) any other material breach of the named executive officer’s offer letter agreement or any other agreement referred to in the offer letter (including the non-disclosure agreement); provided, however, that it shall only be deemed cause pursuant to clause (vi) if the named executive officer is given written notice describing the basis of cause and, if the event is reasonably susceptible of cure, the named executive officer fails to cure within thirty (30) days.

“good reason” is defined as one or more of the following conditions that occur without the named executive officer’s written consent: (i) the assignment to the named executive officer, or the removal from the named executive officer, of any duties or responsibilities that results in the material diminution of the named executive officer’s authority, duties or responsibilities in the named executive officer’s current position, including a change in control that results in the named executive officer no longer serving in his or her current position or any similar position; (ii) a material reduction by SGI of the named executive officer’s base salary (provided, that, for each of Mr. Titinger and Mr. Nikl, this provision is qualified to exclude reductions in base salary that apply broadly to all employees of SGI); (iii) SGI’s material breach of its obligations to the named executive officer under the offer letter agreement; (iv) the named executive officer’s office relocation to a location more than fifty miles from the then present location; or (v) a failure or refusal of a successor to SGI to assume SGI’s obligations under the offer letter agreement; provided, however, that it shall only be deemed good reason pursuant to the foregoing definition if (x) SGI is given written notice from the named executive officer within ninety (90) days following the first occurrence of a condition that the named executive officer considers to constitute good reason and fails to remedy such condition within thirty (30) days following such written notice and (y) the named executive officer resigns from employment within ninety (90) days following the end of the period within which SGI was entitled to remedy the condition constituting good reason but failed to do so.

“change in control” means the occurrence of either of the following events: (i) there is consummated (A) a merger, consolidation or similar transaction involving (directly or indirectly) SGI or (B) a tender offer or exchange offer addressed to the stockholders of SGI and, in either event, immediately after the consummation of such merger, consolidation or similar transaction or such tender or exchange offer, the stockholders of SGI immediately prior thereto do not own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their ownership of the outstanding voting securities of SGI immediately prior to such transaction; or (ii) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of SGI and its subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of SGI and its subsidiaries to an entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are owned by stockholders of SGI in substantially the same proportions as their ownership of the outstanding voting securities of SGI immediately prior to such sale, lease, license or other disposition. The term change in control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of SGI.

Termination of Employment Without a Change in Control

Jorge L. Titinger. We entered into an employment arrangement with Mr. Titinger dated February 21, 2012, which was amended February 21, 2013. Mr. Titinger’s entitlement to continued medical benefits will cease if Mr. Titinger becomes eligible for group health insurance coverage through a new employer. Mr. Titinger’s entitlement to these severance payments is conditioned upon Mr. Titinger executing and allowing to become effective a release of all claims in the form satisfactory to us. Mr. Titinger’s entitlement to these severance payments will cease if he materially breaches the obligations in his non-disclosure agreement, the release of claims or any other obligation he may owe to SGI following termination.

Additionally, a portion of all of Mr. Titinger’s unvested stock options and restricted stock unit awards will accelerate and become fully vested in such amount equal to the number of shares that would vest over an additional twenty-four months had he continued to be an employee of SGI for the twenty-four month period.

Per Mr. Titinger’s employment arrangement, cause is defined as one or more of the following events: (i) the conviction for a felony or plea of no contest, or any misdemeanor involving moral turpitude; (ii) the commission of any other act or omission involving fraud or intentional deceit with respect to SGI or any of its affiliates or any of their directors, stockholders, partners or members; (iii) any act or omission involving dishonesty that causes material injury to SGI or any of its affiliates or any of their directors, stockholders, partners or members; (iv) gross negligence with respect to SGI or any of its subsidiaries that causes material harm to them; (v) willful misconduct with respect to SGI or any of its subsidiaries that causes material harm to them; (vi) any other material breach of the named executive officer’s contractual, statutory or common law obligations to SGI that causes material harm to it; provided, however, that it shall only be deemed cause pursuant to clause (vi) if the named executive officer is given written notice describing the basis of cause and, if the event is reasonably susceptible of cure, the named executive officer fails to cure within thirty (30) days.

Mr. Nikl's entitlement to these severance payments is conditioned upon Mr. Nikl executing and allowing to become effective a release of all claims in the form satisfactory to us. Mr. Nikl's entitlement to these severance payments will cease if he materially breaches the obligations in his non-disclosure agreement, the release of claims or any other obligation he may owe to SGI following termination.

Additionally, a portion of all of Mr. Nikl's unvested stock options and restricted stock unit awards will accelerate and become fully vested in such amount equal to the number of shares that would vest over an additional twenty-four months had he continued to be an employee of SGI for the twenty-four month period.

Under all the agreements described below, if the payments would subject the named executive officer to an excise tax pursuant to Section 280G of the Internal Revenue Code, the payments will be reduced to an amount equal to the greatest dollar amount that would not subject the named executive officer to the imposition of the excise tax.

Jorge L. Titinger . Pursuant to Mr. Titinger's employment arrangement, if within twelve months following a change in control Mr. Titinger's employment is terminated without cause or if Mr. Titinger resigns for good reason and if Mr. Titinger signs and allows to become effective a release of all claims, then all of Mr. Titinger's unvested stock options and restricted stock units will accelerate and become fully vested as of the close of the change in control. Cassio Conceicao . Pursuant to Mr. Conceicao’s employment arrangement, if within twelve months following a change in control Mr. Conceicao’s employment is terminated without cause or if Mr. Conceicao resigns for good reason and if Mr. Conceicao signs and allows to become effective a release of all claims, then all of Mr. Conceicao’s unvested stock options and restricted stock unit awards will accelerate and become fully vested as of the close of the change in control. In addition, he will continue to be eligible for the severance payments set forth above, with such payments to be paid in one lump sum. Mr. Conceicao’s entitlement to these severance payments will cease if he materially breaches the obligations in his non-disclosure agreement, the release of claims or any other obligation he may owe to SGI following termination.

Mekonnen Asrat . Pursuant to Mr. Asrat’s employment arrangement, if within twelve months following a change in control Mr. Asrat’s employment is terminated without cause or if Mr. Asrat resigns for good reason and if he signs and allows to become effective a release of all claims, then he will be entitled to receive, in lieu of his other severance benefits, (i) severance payments equal to the sum of six months of base salary paid in thirteen equal installments over a period of six months as part of SGI’s normal payroll schedule; and (ii) six months of continued medical benefits for him and for his covered dependents. Mr. Asrat’s entitlement to these severance payments will cease if he materially breaches the obligations in his non-disclosure agreement, the release of claims or any other obligation he may owe to SGI following termination.

Jennifer Pileggi . Prior to her departure, Ms. Pileggi had termination-of-employment-upon-a-change-in-control benefits similar to our other executive officers. Ms. Pileggi voluntarily terminated her employment with the Company effective May 22, 2015.

Summary of Benefits

The following tables describe the potential payments and benefits upon employment termination or change in control for our current named executive officers, as if their employment had terminated as of June 26, 2015 and as if a change in control had occurred on June 26, 2015, as applicable, based on the assumptions that each person signed an appropriate release and did not breach his obligations under their respective agreements.

TRANSACTIONS WITH RELATED PERSONS

Certain Relationships and Related-Party Transactions

For the fiscal year ended June 26, 2015, there were no transactions in which SGI was a participant and the amount involved exceeded \$120,000 and in which any executive officer, director, 5% beneficial owner of our common stock or member of the immediate family of any of the foregoing had a direct or indirect material interest, except the compensation arrangements described above for our named executive officers and directors and compensation arrangements with our other executive officers not required to be disclosed in this section by the rules and regulations of the SEC.

Policies and Procedures For Review of Related-Party Transactions

In May 2012, the Board approved a revised Related-Person Transactions Policy. Under this policy, any proposed transaction that has been identified as a Related-Person Transaction may be consummated or materially amended only following approval by the Audit Committee. A "Related-Person Transaction" is any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which our company and any Related Person are, were or will be participants in which (a) the amount involved exceeds \$120,000 per year and (b) a Related Person has, had or will have a direct or indirect material interest.

For purposes of our policy, a "Related Person" is:

- any person who is, or at any time since the beginning of our last fiscal year, was, a director or executive officer or a nominee to become a director;
- a security holder known by us to be the beneficial owner of more than 5% of any class of our voting securities; and
- an "immediate family member" of any of the foregoing, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of such person, and any person (other than a tenant or employee) sharing the household of such person.

In the event that it is inappropriate for the Audit Committee to review the transaction for reasons of conflict of interest or otherwise, after taking into account possible recusals by Audit Committee members, then the Related-Person Transaction shall be approved by another independent body of the Board of Directors. The Audit Committee or such other committee is referred to in the policy as the Committee. Under this policy, any Related-Person Transaction, if not a Related-Person Transaction when originally consummated, or if not initially identified as a Related-Person Transaction prior to consummation, shall be submitted to the Committee for review and ratification as soon as reasonably practicable. The Committee shall consider whether to ratify and continue, amend and ratify, or terminate or rescind such Related-Person Transaction. In the event that we propose to enter into, or materially amend, a Related-Person Transaction, our management shall present such Related-Person Transaction to the Committee for review, consideration and approval or ratification. The presentation shall include, to the extent reasonably available, a description of:

- all of the parties thereto;
- the interests, direct or indirect, of any Related Person in the transaction in sufficient detail so as to enable the Committee to fully assess such interests;
- a description of the purpose of the transaction;
- all of the material facts of the proposed Related-Person Transaction, including the proposed aggregate value of such transaction, or, in the case in indebtedness, that amount of principal that would be involved;
- the benefits to us of the proposed Related-Person Transaction;
- if applicable, the availability of other sources of comparable products or services;
- an assessment of whether the proposed Related-Person Transaction is on terms that are comparable to the terms available to or from, as the case may be, an unrelated third party or to employees generally; and
- management’s recommendation with respect to the proposed Related-Person Transaction.

In the event the Committee is asked to consider whether to ratify an ongoing Related-Person Transaction, in addition to the information identified above, the presentation shall include a description of the extent of work performed and remaining to be performed in connection with the transaction and an assessment of the potential risks and costs of termination of the transaction, and, where appropriate, the possibility of modification of the transaction. The Committee, in approving or rejecting the proposed Related- Person Transaction, shall consider all the relevant facts and circumstances deemed relevant by and available to the Committee, including, but not limited to:

- the risks, costs and benefits to us;
- the impact on a director’s independence in the event the Related Person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from employees generally.

The Committee shall approve only those Related-Person Transactions that, in light of known circumstances, are in, or are not inconsistent with, the best interests of our stockholders and us as the Committee determines in the good faith exercise of its discretion.

Each director and executive officer is responsible for identifying any Related-Person Transaction involving such director or executive officer or his or her affiliates and immediate family members and seek approval from the Committee pursuant to this policy before he or she or, with respect to immediate family members, any of their affiliates, may engage in the transaction.

Prior to the adoption of this policy, all transactions in which our directors or officers had a direct or indirect material interest were fully described to the Board and approved in advance of the transaction.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are SGI’s stockholders will be “householding” the Company’s proxy materials. A single set of Annual Meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of Annual Meeting materials, please notify your broker. Direct your written request to Silicon Graphics International Corp., Attention: Investor Relations, at 900 North McCarthy Blvd., Milpitas, California 95035 or contact SGI Investor Relations at (669) 900-8090. Stockholders who currently receive multiple copies of the Annual Meeting materials at their addresses and would like to request “householding” of their communications should contact their brokers.

AVAILABLE INFORMATION

SGI's Web site may be found at www.sgi.com. SGI makes available free of charge, on or through its Web site, its annual, quarterly and current reports, and any amendments to those reports, as soon as reasonably practicable after electronically filing such reports with the SEC. Stockholders may also obtain a copy of SGI's Annual Report on Form 10-K, without charge, by written request to the following: Corporate Secretary, Silicon Graphics International Corp., 900 North McCarthy Blvd., Milpitas, California 95035.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

Whether or not you plan to attend the Annual Meeting, please complete, date, sign and promptly return the enclosed proxy card in the enclosed postage paid envelope before the Annual Meeting so that your shares will be represented at the Annual Meeting.

By Order of the Board of
Directors,

APPENDIX A

SILICON GRAPHICS INTERNATIONAL CORP. 2014 OMNIBUS INCENTIVE PLAN

ADOPTED: OCTOBER 17, 2014
APPROVED BY STOCKHOLDERS: DECEMBER 9, 2014
AS AMENDED BY THE BOARD OF DIRECTORS: OCTOBER 16, 2015
AMENDED PLAN APPROVED BY STOCKHOLDERS: _____, 2015

1. DEFINED TERMS

Exhibit A, which is incorporated by reference, defines the terms used in the Plan and sets forth certain operational rules related to those terms.

2. PURPOSE

The Plan has been established to advance the interests of the Company by providing for the grant to Participants of Stock-based and other incentive Awards.

3. ADMINISTRATION

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award; prescribe forms, rules and procedures; and otherwise do all things necessary to carry out the purposes of the Plan. In the case of any Award intended to be eligible for the performance-based compensation exception under Section 162(m), the Administrator will exercise its discretion consistent with qualifying the Award for that exception. Determinations of the Administrator made under the Plan will be conclusive and will bind all parties.

4. LIMITS ON AWARDS UNDER THE PLAN

(a) **Number of Shares**. The maximum number of shares of Stock that may be delivered upon satisfaction of Awards under the Plan shall be:

(1) 3,696,000 shares of Stock; *plus*

(2) any shares of Stock that, as of December 9, 2014 were subject to awards outstanding under the Existing Plans that on or after such date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in nonforfeitable shares of Stock).

Any shares of Stock issued pursuant to Stock Options or SARs under this Plan (or the Existing Plans) shall be counted against the above limit on a one-for-one basis and any shares of Stock issued pursuant to Awards under this Plan (or the Existing Plans) other than Stock Options or SARs shall be counted against the above limit as 1.5 shares for every one share issued pursuant to such Award.

Shares of Stock underlying Awards which expire or otherwise terminate, or become unexercisable without having been exercised or which are forfeited to or repurchased by the Company due to failure to vest shall again become available for grant under the Plan in accordance with the terms and provisions set forth herein. In addition, the number of shares of Stock delivered in satisfaction of Awards (or awards granted under the Existing Plans) other than Stock Options and SARs shall be determined net of shares of Stock withheld by the Company in satisfaction of tax withholding requirements with respect to the Award and, for the avoidance of doubt, without including any shares of Stock underlying Awards settled in cash or which otherwise expire or become unexercisable without having been exercised or are forfeited to or repurchased by the Company due to failure to vest. Notwithstanding the foregoing, shares of Stock subject to an Award may not again become available for grant under the Plan (and shall not be added to the Plan in respect of awards under the Existing Plans) if such shares are: (i) shares that were subject to a stock-settled SAR (or stock appreciation right under the Existing Plans) and were not issued upon the net settlement or net exercise of such SAR (or stock appreciation right), (ii) shares delivered to or withheld by the Company to pay the exercise price of a Stock Option (or option under the Existing Plans), (iii) shares delivered to or withheld by the Company to pay the withholding taxes related a Stock Option or SAR (or option or stock appreciation right under the Existing Plans), or (iv) shares repurchased on the open market with the proceeds of a Stock Option (or option under the Existing Plans) exercise. Any shares of Stock that again become available for grant pursuant to this paragraph shall be added back as one share if such shares were subject to Stock Options or SARs granted under the Plan or options or stock appreciation rights granted under the Existing Plans, and as 1.5 shares if such shares were subject to Awards other than Stock Options or SARs granted under the Plan or subject to awards other than options or stock appreciation rights granted under the Existing Plans.

The limits set forth in this Section 4(a) shall be construed to comply with Section 422. Without limiting the generality of the foregoing, no more than 3,300,000 shares of Stock may be issued in satisfaction of the exercise or surrender of ISOs granted under the Plan. To the extent consistent with the requirements of Section 422 and with other applicable legal requirements (including applicable stock exchange requirements), Stock issued under awards of an acquired company that are converted, replaced, or adjusted in connection with the acquisition shall not reduce the number of shares available for Awards under the Plan.

(b) **Type of Shares**. Stock delivered by the Company under the Plan may be authorized but unissued Stock or previously issued Stock acquired by the Company. No fractional shares of Stock will be delivered under the Plan.

(c) **Section 162(m) Limits**. The maximum number of shares of Stock for which Stock Options may be granted to any person in any calendar year and the maximum number of shares of Stock subject to SARs granted to any person in any calendar year will each be 1,000,000. The maximum number of shares subject to other Awards granted to any person in any calendar year will be 1,000,000 shares. The maximum amount payable to any person in any year under Cash Awards will be \$3,000,000. Notwithstanding the foregoing, in the calendar year in which an individual first becomes employed by the Company (not including any service as a non-employee member of the Board), the maximum number of shares subject to Stock Options, SARs and other Awards granted to such employee and the maximum dollar amount payable to such employee under Cash Awards may be up to two hundred percent (200%) of each of the foregoing limits. The foregoing provisions will be construed in a manner consistent with Section 162(m).

(d) **Non-Employee Director Limits**. The aggregate number of shares of Stock subject to Awards granted under this Plan during any calendar year to any one non-employee director shall not exceed that number of shares having a fair market value on the date of grant of \$300,000; provided, however, that in the calendar year in which a non-employee director first joins the Board or is first designated as Chairman of the Board or Lead Director, the maximum number of shares subject to Awards granted to such non-employee director may be up to two hundred percent (200%) of the number of shares of Stock indicated by the foregoing limit.

5. ELIGIBILITY AND PARTICIPATION

The Administrator will select Participants from among those Employees and directors of, and consultants and advisors to, the Company or its Affiliates who, in the opinion of the Administrator, are in a position to make a significant contribution to the success of the Company and its Affiliates; *provided*, that, subject to such express exceptions, if any, as the Administrator may establish, eligibility shall be further limited to those persons as to whom the use of a Form S-8 registration statement is permissible. Eligibility for ISOs is limited to employees of the Company or of a “parent corporation” or “subsidiary corporation” of the Company as those terms are defined in Section 424 of the Code.

6. RULES APPLICABLE TO AWARDS

(a) All Awards

(1) Award Provisions. The Administrator will determine the terms of all Awards, subject to the limitations provided herein. By accepting (or, under such rules as the Administrator may prescribe, being deemed to have accepted) an Award, the Participant agrees to the terms of the Award and the Plan. Notwithstanding any provision of this Plan to the contrary, awards of an acquired company that are converted, replaced or adjusted in connection with the acquisition may contain terms and conditions that are inconsistent with the terms and conditions specified herein, as determined by the Administrator.

(2) Term of Plan. No Awards may be made after October 16, 2024, but previously granted Awards may continue beyond that date in accordance with their terms.

(3) Transferability. Neither ISOs nor, except as the Administrator otherwise expressly provides in accordance with the second sentence of this Section 6(a)(3), other Awards may be transferred other than by will or by the laws of descent and distribution, and during a Participant's lifetime ISOs (and, except as the Administrator otherwise expressly provides in accordance with the second sentence of this Section 6(a)(3), other Awards requiring exercise) may be exercised only by the Participant. The Administrator may permit Awards other than ISOs to be transferred by gift, subject to such limitations as the Administrator may impose.

(4) Vesting, Etc. The Administrator may determine the time or times at which an Award will vest or become exercisable and the terms on which an Award requiring exercise will remain exercisable; provided, however, that no portion of a Stock Option or SAR granted on or after December 8, 2015 may vest prior to the date that is one year following the date of grant thereof, except in connection with a Covered Transaction or the death or disability of the Participant to whom such Award was granted. Without limiting the foregoing, with respect to Awards granted before December 8, 2015, the Administrator may at any time alter the vesting or exercisability of an Award, regardless of any adverse or potentially adverse tax consequences resulting from such alteration. With respect to Awards granted on or after December 8, 2015, the Administrator will not have the discretion to accelerate the vesting or exercisability of any such Award, except in connection with a Covered Transaction or the death or disability of the Participant to whom such Award was granted. Unless the Administrator expressly provides otherwise, however, the following rules will apply:

(A) Immediately upon the cessation of the Participant's Employment and except as provided in (B) and (C) below, each Award requiring exercise that is then held by the Participant or by the Participant's permitted transferees, if any, will cease to be exercisable and will terminate, and all other Awards that are then held by the Participant or by the Participant's permitted transferees, if any, to the extent not already vested will be forfeited.

(B) Subject to (C) and (D) below, all Stock Options and SARs held by the Participant or the Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's Employment, to the extent then exercisable, will remain exercisable for the lesser of (i) a period of three months or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6(a)(4), and will thereupon terminate.

(C) All Stock Options and SARs held by a Participant or the Participant's permitted transferees, if any, immediately prior to the Participant's death, to the extent then exercisable, will remain exercisable for the lesser of (i) the one year period ending with the first anniversary of the Participant's death or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6(a)(4), and will thereupon terminate.

(D) All Stock Options and SARs held by a Participant or the Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's Employment will immediately terminate upon such cessation of Employment if the Administrator in its sole discretion determines that such cessation of Employment has resulted for reasons which cast such discredit on the Participant as to justify immediate termination of the Award.

(5) Taxes. The delivery, vesting or retention of Stock under an Award is conditioned upon full satisfaction by the Participant of all tax withholding requirements with respect to the Award. The Administrator will prescribe such rules for the withholding of taxes as it deems necessary. The Administrator may, but need not, hold back shares of Stock from an Award or permit a Participant to tender previously owned shares of Stock in satisfaction of tax withholding requirements (but not in excess of the minimum withholding required by law).

(6) Dividend Equivalents, Etc. The Administrator may provide for the payment of amounts in lieu of cash dividends or other cash distributions with respect to Stock subject to an Award other than an Award of Stock Options or SARs, for which dividend equivalents will not be provided. Any entitlement to dividend equivalents or similar entitlements shall be established and administered consistent either with exemption from, or compliance with, the requirements of Section 409A.

(7) Rights Limited. Nothing in the Plan will be construed as giving any person the right to continued employment or service with the Company or its Affiliates, or any rights as a stockholder except as to shares of Stock actually issued under the Plan. The loss of existing or potential profit in Awards will not constitute an element of damages in the event of termination of Employment for any reason, even if the termination is in violation of an obligation of the Company or any Affiliate to the Participant.

(8) Section 162(m). This Section 6(a)(8) applies to any Performance Award intended to qualify as performance-based for the purposes of Section 162(m) other than a Stock Option or SAR. In the case of any Performance Award to which this Section 6(a)(8) applies, the Plan and such Award will be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception. With respect to such Performance Awards, the Administrator will preestablish, in writing, one or more specific Performance Criteria no later than 90 days after the commencement of the period of service to which the performance relates (or at such earlier time as is required to qualify the Award as performance-based under Section 162(m)). Prior to grant, vesting or payment of the Performance Award, as the case may be, the Administrator will certify whether the applicable Performance Criteria have been attained and such determination will be final and conclusive.

(9) Coordination with Other Plans. Awards under the Plan may be granted in tandem with, or in satisfaction of or substitution for, other Awards under the Plan or awards made under other compensatory plans or programs of the Company or its Affiliates. For example, but without limiting the generality of the foregoing, awards under other compensatory plans or programs of the Company or its Affiliates may be settled in Stock (including, without limitation, Unrestricted Stock) if the Administrator so determines, in which case the shares delivered shall be treated as awarded under the Plan (and shall reduce the number of shares thereafter available under the Plan in accordance with the rules set forth in Section 4). In any case where an award is made under another plan or program of the Company or its Affiliates and such award is intended to qualify for the performance-based compensation exception under Section 162(m), and such award is settled by the delivery of Stock or another Award under the Plan, the applicable Section 162(m) limitations under both the other plan or program and under the Plan shall be applied to the Plan as necessary (as determined by the Administrator) to preserve the availability of the Section 162(m) performance-based compensation exception with respect thereto.

(10) Section 409A. Each Award shall contain such terms as the Administrator determines, and shall be construed and administered, such that the Award either (i) qualifies for an exemption from the requirements of Section 409A, or (ii) satisfies such requirements.

(11) Certain Requirements of Corporate Law. Awards shall be granted and administered consistent with the requirements of applicable Delaware law relating to the issuance of stock and the consideration to be received therefor, and with the applicable requirements of the stock exchanges or other trading systems on which the Stock is listed or entered for trading, in each case as determined by the Administrator.

(b) Awards Requiring Exercise

(1) Time And Manner Of Exercise. Unless the Administrator expressly provides otherwise, an Award requiring exercise by the holder (i.e. a Stock Option or SAR) will not be deemed to have been exercised until the Administrator receives a notice of exercise (in form acceptable to the Administrator), which may be an electronic notice, signed (including electronic signature in form acceptable to the Administrator) by the appropriate person and accompanied by any payment required under the Award. If the Award is exercised by any person other than the Participant, the Administrator may require satisfactory evidence that the person exercising the Award has the right to do so.

(2) Exercise Price. The exercise price (or the base value from which appreciation is to be measured) of each Award requiring exercise shall be 100% (in the case of an ISO granted to a ten-percent shareholder within the meaning of subsection (b)(6) of Section 422, 110%) of the fair market value of the Stock subject to the Award, determined as of the date of grant, or such higher amount as the Administrator may determine in connection with the grant. Other than in connection with a change in the Company's capitalization (as described in Section 7), the Administrator shall not, without stockholder approval, reduce the exercise price of a previously awarded Stock Option or SAR or other Award requiring exercise, and, at any time when the exercise price of a previously awarded Stock Option, SAR or other Award requiring exercise is above the fair market value of a Share, the Administrator shall not, without stockholder approval, cancel and re-grant or exchange such Award for cash or a new Award with a lower (or no) exercise price. Fair market value shall be determined by the Administrator consistent with the applicable requirements of Section 422 and Section 409A.

(3) Payment Of Exercise Price. Where the exercise of an Award is to be accompanied by payment, payment of the exercise price shall be by cash or check acceptable to the Administrator, or, if so permitted by the Administrator and if legally permissible, (i) through the delivery of unrestricted shares of Stock that have a fair market value equal to the exercise price, subject to such minimum holding period requirements, if any, as the Administrator may prescribe, (ii) through withholding of shares of Stock otherwise issuable under the Award (iii) through a broker-assisted exercise program acceptable to the Administrator, (iv) by other means acceptable to the Administrator, or (v) by any combination of the foregoing permissible forms of payment. The delivery of shares in payment of the exercise price under clause (i) above may be accomplished either by actual delivery or by constructive delivery through attestation of ownership, subject to such rules as the Administrator may prescribe.

(4) Maximum Term. Awards requiring exercise will have a maximum term not to exceed ten (10) years from the date of grant (five (5) years from the date of grant in the case of an ISO granted to a ten-percent shareholder described in Section 6(b)(2) above).

7. EFFECT OF CERTAIN TRANSACTIONS

(a) Mergers, etc. Except as otherwise provided in an Award or in an employment agreement or written arrangement by and between a Participant and the Company, which has been approved by the Administrator, the following provisions shall apply in the event of a Covered Transaction:

(1) Assumption or Substitution. If the Covered Transaction is one in which there is an acquiring or surviving entity, the Administrator may provide for the assumption of some or all outstanding Awards or for the grant of new awards in substitution therefor by the acquiror or survivor or an affiliate of the acquiror or survivor.

(2) Cash-Out of Awards. If the Covered Transaction is one in which holders of Stock will receive upon consummation a payment (whether cash, non-cash or a combination of the foregoing), then subject to Section 7(a)(5) below the Administrator may provide for payment (a "cash-out"), with respect to some or all Awards or any portion thereof, equal in the case of each affected Award or portion thereof to the excess, if any, of (A) the fair market value of one share of Stock (as determined by the Administrator in its reasonable discretion) times the number of shares of Stock subject to the Award or such portion, over (B) the aggregate exercise or purchase price, if any, under the Award or such portion (in the case of an SAR, the aggregate base value above which appreciation is measured), in each case on such payment terms (which need not be the same as the terms of payment to holders of Stock) and other terms, and subject to such conditions, as the Administrator determines; *provided*, that the Administrator shall not exercise its discretion under this Section 7(a)(2) with respect to an Award or portion thereof providing for "nonqualified deferred compensation" subject to Section 409A in a manner that would constitute an extension or acceleration of, or other change in, payment terms if such change would be inconsistent with the applicable requirements of Section 409A.

(3) Other Actions. If the Covered Transaction (whether or not there is an acquiring or surviving entity) is one in which there is no assumption, substitution or cash-out, all outstanding Awards requiring exercise will cease to be exercisable and all Awards providing for the future delivery of Stock (including Stock Units and Performance Awards to the extent consisting of Stock Units) shall expire, in each case after such payment or other consideration, if any, as the Administrator deems equitable in the circumstances, as of the effective time of the Covered Transaction.

(4) Termination of Awards Upon Consummation of Covered Transaction. Each Award will terminate upon consummation of the Covered Transaction, other than the following: (i) Awards assumed pursuant to Section 7(a)(1) above; (ii) Awards converted pursuant to the proviso in Section 7(a)(3) above into an ongoing right to receive payment other than Stock; and (iii) outstanding shares of Restricted Stock (which shall be treated in the same manner as other shares of Stock, subject to Section 7(a)(5) below).

(5) Additional Limitations. Any share of Stock and any cash or other property delivered pursuant to Section 7(a)(2) or Section 7(a)(3) above with respect to an Award may, in the discretion of the Administrator, contain such restrictions, if any, as the Administrator deems appropriate to reflect any performance or other vesting conditions to which the Award was subject and that did not lapse (and were not satisfied) in connection with the Covered Transaction. For purposes of the immediately preceding sentence, a cash-out under Section 7(a)(2) above or the acceleration of exercisability of an Award under Section 7(a)(3) above shall not, in and of itself, be treated as the lapsing (or satisfaction) of a performance or other vesting condition. In the case of Restricted Stock that does not vest in connection with the Covered Transaction, the Administrator may require that any amounts delivered, exchanged or otherwise paid in respect of such Stock in connection with the Covered Transaction be placed in escrow or otherwise made subject to such restrictions as the Administrator deems appropriate to carry out the intent of the Plan.

(b) Changes in and Distributions With Respect to Stock

(1) Basic Adjustment Provisions. In the event of a stock dividend, stock split or combination of shares (including a reverse stock split), recapitalization or other change in the Company's capital structure, the Administrator shall make appropriate and equitable adjustments to the maximum number of shares specified in Section 4(a) that may be delivered under the Plan and to the maximum share limits described in Section 4(c), and shall also make appropriate and equitable adjustments to the number and kind of shares of stock or securities subject to Awards then outstanding or subsequently granted, any exercise prices relating to Awards and any other provision of Awards affected by such change (including, if applicable, any Performance Criteria).

(2) Certain Other Adjustments. The Administrator may also make adjustments of the type described in Section 7(b)(1) above to take into account distributions to stockholders other than those provided for in Section 7(a) and 7(b)(1), or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the operation of the Plan and to preserve the value of Awards made hereunder, having due regard for the qualification of ISOs under Section 422, the requirements of Section 409A, and for the performance-based compensation rules of Section 162(m), where applicable.

(3) Continuing Application of Plan Terms. References in the Plan to shares of Stock will be construed to include any stock or securities resulting from an adjustment pursuant to this Section 7.

8. LEGAL CONDITIONS ON DELIVERY OF STOCK

The Company will not be obligated to deliver any shares of Stock pursuant to the Plan or to remove any restriction from shares of Stock previously delivered under the Plan until: (i) the Company is satisfied that all legal matters in connection with the issuance and delivery of such shares have been addressed and resolved; (ii) if the outstanding Stock is at the time of delivery listed on any stock exchange or national market system, the shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and (iii) all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the Award, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of such Act. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction on transfer applicable to such Stock, and the Company may hold the certificates pending lapse of the applicable restrictions.

9. AMENDMENT AND TERMINATION

The Administrator may at any time or times amend the Plan or, subject to the restrictions set forth in Section 6(a)(4) hereof, any outstanding Award for any purpose which may at the time be permitted by law, and may at any time terminate the Plan as to any future grants of Awards; *provided*, that except as otherwise expressly provided in the Plan the Administrator may not, without the Participant's consent, alter the terms of an Award so as to affect materially and adversely the Participant's rights under the Award, unless the Administrator expressly reserved the right to do so at the time of the Award. Any amendments to the Plan shall be conditioned upon stockholder approval only to the extent, if any, such approval is required by law (including the Code and applicable stock exchange requirements), as determined by the Administrator.

10. OTHER COMPENSATION ARRANGEMENTS

The existence of the Plan or the grant of any Award will not in any way affect the Company's right to Award a person bonuses or other compensation in addition to Awards under the Plan.

11. MISCELLANEOUS

(a) **Waiver of Jury Trial.** By accepting an Award under the Plan, each Participant waives any right to a trial by jury in any action, proceeding or counterclaim concerning any rights under the Plan and any Award, or under any amendment, waiver, consent, instrument, document or other agreement delivered or which in the future may be delivered in connection therewith, and agrees that any such action, proceedings or counterclaim shall be tried before a court and not before a jury. By accepting an Award under the Plan, each Participant certifies that no officer, representative, or attorney of the Company has represented, expressly or otherwise, that the Company would not, in the event of any action, proceeding or counterclaim, seek to enforce the foregoing waivers.

(b) **Limitation of Liability.** Notwithstanding anything to the contrary in the Plan, neither the Company, nor any Affiliate, nor the Administrator, nor any person acting on behalf of the Company, any Affiliate, or the Administrator, shall be liable to any Participant or to the estate or beneficiary of any Participant or to any other holder of an Award by reason of any acceleration of income, or any additional tax (including any interest and penalties), asserted by reason of the failure of an Award to satisfy the requirements of Section 422 or Section 409A or by reason of Section 4999 of the Code, or otherwise asserted with respect to the Award; provided, that nothing in this Section 11(b) shall limit the ability of the Administrator or the Company, in its discretion, to provide by separate express written agreement with a Participant for a gross-up payment or other payment in connection with any such acceleration of income or additional tax.

12. ESTABLISHMENT OF SUB-PLANS

The Board may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable blue sky, securities or tax laws of various jurisdictions. The Board will establish such sub-plans by adopting supplements to the Plan setting forth (i) such limitations on the Administrator's discretion under the Plan as the Board deems necessary or desirable and (ii) such additional terms and conditions not otherwise inconsistent with the Plan as the Board deems necessary or desirable. All supplements adopted by the Board will be deemed to be part of the Plan, but each supplement will apply only to Participants within the affected jurisdiction and the Company will not be required to provide copies of any supplement to Participants in any jurisdiction that is not affected.

13. GOVERNING LAW

Except as otherwise provided by the express terms of an Award agreement or under a sub-plan described in Section 12, the provisions of the Plan and of Awards under the Plan and all claims or disputes arising out of or based upon the Plan or any Award under the Plan or relating to the subject matter hereof or thereof will be governed by and construed in accordance with the domestic substantive laws of the State of Delaware without giving effect to any choice or conflict of laws provision or rule that would cause the application of the domestic substantive laws of any other jurisdiction.

EXHIBIT A

Definition of Terms

The following terms, when used in the Plan, will have the meanings and be subject to the provisions set forth below:

“ **Administrator** ”: The Board or, if delegated to the Compensation Committee, the Compensation Committee; except that the Board or Compensation Committee, as applicable, may delegate (i) to one or more of its members (or one or more other members of the Board) such of its duties, powers and responsibilities as it may determine; (ii) to one or more officers of the Company the power to grant rights or options to the extent permitted by Section 157(c) of the Delaware General Corporation Law; and (iii) to such Employees or other persons as it determines such ministerial tasks as it deems appropriate. In the event of any delegation described in the preceding sentence, the term “Administrator” shall include the person or persons so delegated to the extent of such delegation.

“ **Affiliate** ”: Any corporation or other entity in which the Company has a substantial direct or indirect equity interest, as determined by the Committee from time to time.

“ **Award** ”: Any or a combination of the following:

(i) Stock Options.

(ii) SARs.

(iii) Restricted Stock.

(iv) Unrestricted Stock.

(v) Stock Units, including Restricted Stock Units.

(vi) Performance Awards.

(vii) Cash Awards.

(viii) Awards (other than Awards described in (i) through (vii) above) that are convertible into or otherwise based on Stock.

“ **Board** ”: The Board of Directors of the Company.

“ **Cash Award** ”: An Award denominated in cash.

“ **Code** ”: The U.S. Internal Revenue Code of 1986 as from time to time amended and in effect, or any successor statute as from time to time in effect.

“ **Compensation Committee** ”: The Compensation Committee of the Board.

“ **Company** ”: Silicon Graphics International Corp., a Delaware corporation.

“ **Covered Transaction** ”: Any of (i) a consolidation, merger, or similar transaction or series of related transactions, including a sale or other disposition of stock, in which the Company is not the surviving corporation or which results in the acquisition of all or substantially all of the Company’s then outstanding common stock by a single person or entity or by a group of persons and/or entities acting in concert, (ii) a sale or transfer of all or substantially all the Company’s assets, or (iii) a dissolution or liquidation of the Company. Where a Covered Transaction involves a tender offer that is reasonably expected to be followed by a merger described in clause (i) (as determined by the Administrator), the Covered Transaction shall be deemed to have occurred upon consummation of the tender offer.

“ **Employee** ”: Any person who is employed by the Company or an Affiliate.

“ Employment ”: A Participant’s employment or other service relationship with the Company and its Affiliates. Employment will be deemed to continue, unless the Administrator expressly provides otherwise, so long as the Participant is employed by, or otherwise is providing services in a capacity described in Section 5 to the Company or its Affiliates. If a Participant’s employment or other service relationship is with an Affiliate and that entity ceases to be an Affiliate, the Participant’s Employment will be deemed to have terminated when the entity ceases to be an Affiliate unless the Participant transfers Employment to the Company or its remaining Affiliates. Notwithstanding the foregoing and the definition of “Affiliate” above, in construing the provisions of any Award relating to the payment of “nonqualified deferred compensation” (subject to and not exempt from Section 409A) upon a termination or cessation of Employment, references to termination or cessation of employment, separation from service, retirement or similar or correlative terms shall be construed to require a “separation from service” (as that term is defined in Section 1.409A-1(h) of the Treasury Regulations) from the Company and from all other corporations and trades or businesses, if any, that would be treated as a single “service recipient” with the Company under Section 1.409A-1(h)(3) of the Treasury Regulations. The Company may, but need not, elect in writing, subject to the applicable limitations under Section 409A, any of the special elective rules prescribed in Section 1.409A-1(h) of the Treasury Regulations for purposes of determining whether a “separation from service” has occurred. Any such written election shall be deemed a part of the Plan.

“ Existing Plans ”: Silicon Graphics International Corp. 2005 Equity Incentive Plan (including, for the avoidance of doubt and without duplication, shares available under the Rackable Systems, Inc. 2002 Stock Option Plan that became available for grant under the Silicon Graphics International Corp. 2005 Equity Incentive Plan) and the Silicon Graphics International Corp. 2005 Non-Employee Directors’ Stock Option Plan.

“ ISO ”: A Stock Option intended to be an “incentive stock option” within the meaning of Section 422. Each option granted pursuant to the Plan will be treated as providing by its terms that it is to be a non-incentive stock option unless, as of the date of grant, it is expressly designated as an ISO.

“ Participant ”: A person who is granted an Award under the Plan.

“ Performance Award ”: An Award subject to Performance Criteria. The Committee in its discretion may grant Performance Awards that are intended to qualify for the performance-based compensation exception under Section 162(m) and Performance Awards that are not intended so to qualify.

“ Performance Criteria ”: Specified criteria, other than the mere continuation of Employment or the mere passage of time, the satisfaction of which is a condition for the grant, exercisability, vesting, retention or full enjoyment of an Award. For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m), a Performance Criterion will mean an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; operating or gross margin; operating income; net income (before or after taxes); net operating income; net operating income after tax; pre-and after-tax income; pre-tax profit; cash flow, determined in the aggregate or on a per share basis; operating cash flow; sales or revenue targets; increases in revenue or product revenue; bookings; expenses and cost reduction goals; improvement in or attainment of expense or working capital levels; economic value added (or an equivalent metric); debt reduction; implementation or completion of projects or processes; sales of particular products or services; customer acquisition, retention or satisfaction; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A Performance Criterion and any targets with respect thereto determined by the Administrator need not be based upon an increase, a positive or improved result or avoidance of loss. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m), the Administrator may provide in the case of any Award intended to qualify for such exception that one or more of the Performance Criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable Performance Criterion or Criteria.

“ **Plan** ”: Silicon Graphics International Corp. 2014 Omnibus Incentive Plan as from time to time amended and in effect.

“ **Restricted Stock** ”: Stock subject to restrictions requiring that it be redelivered or offered for sale to the Company if specified conditions are not satisfied.

“ **Restricted Stock Unit** ”: A Stock Unit that is, or as to which the delivery of Stock or cash in lieu of Stock is, subject to the satisfaction of specified performance or other vesting conditions.

“ **SAR** ”: A right entitling the holder upon exercise to receive an amount (payable in cash or in shares of Stock of equivalent value) equal to the excess of the fair market value of the shares of Stock subject to the right over the base value from which appreciation under the SAR is to be measured.

“ **Section 409A** ”: Section 409A of the Code.

“ **Section 422** ”: Section 422 of the Code.

“ **Section 162(m)** ”: Section 162(m) of the Code.

“ **Stock** ”: Common Stock of the Company, par value \$0.001 per share.

“ **Stock Option** ”: An option entitling the holder to acquire shares of Stock upon payment of the exercise price.

“ **Stock Unit** ”: An unfunded and unsecured promise, denominated in shares of Stock, to deliver Stock or cash measured by the value of Stock in the future.

“ **Unrestricted Stock** ”: Stock not subject to any restrictions under the terms of the Award.
